Through submission on PlanetBids, the bidder certifies that he/she has followed the bidder instructions, acknowledges the requirements set forth in this proposal form for bid submission, and has thoroughly checked the figures set forth in the proposal and inputted into PlanetBids, that they are correct to the best of his/her knowledge and constitute his/her proposal to perform all the work called out and implied throughout these contract documents.

*****BID ITEMS TO BE INPUTED ON-LINE IN PLANET BIDS*****

INFORMATION REQUIRED OF BIDDER

Bidder certifies under penalty of perjury under the laws of the State of California that the following information is true and correct:

Name of individual Contractor, Company or Corporation: California Waters Development, Inc

Business Address: 23311 E. La Palma Ave, Yorba Linda, CA 92887

Telephone and Fax Number: 949-528-0900 / 949-528-0910

California State Contractor's License No. and Class: 958960 C53, C61/D35
(REQUIRED AT TIME OF AWARD)
Original Date Issued: Expiration Date: 03/31/2027

List the name and title/position of the person(s) who inspected for your firm the site of the work proposed in these contract documents: n/a

---

The following are the names, titles, addresses, and phone numbers of all individuals, firm members, partners, joint ventures, and company or corporate officers having a principal interest in this proposal: Name Title Address Telephone

Mark Pitman, President, 23311 E. La Palma Ave, Yorba Linda, CA 92887 949-528-0900x101

Corporation organized under the laws of the State of California

---

The dates of any voluntary or involuntary bankruptcy judgments against any principal having an interest in this proposal are as follows: N/A

All current and prior D.B.A.'s, aliases, and fictitious business names for any principal having interest in this proposal are as follows:

California Waters

For all arbitrations, lawsuits, settlements, or the like (in or out of court) you have been involved in with project owners (public agencies, private companies, etc.) in the past five years (Attach additional Sheets if necessary), provide:

Provide the names, addresses, and telephone numbers of the parties.

N/A

Briefly summarize the parties' claims and defenses.

State the tribunal (i.e., Superior Court, American Arbitration Association, etc.), the matter number, and the outcome.

Have you ever had a contract terminated by the owner/agency? If so, explain.

No

Have you ever failed to complete a project? If so, explain.

No

Have you ever been terminated for cause and then had it converted to a "termination of convenience"? If so, explain.

No

For any projects you have been involved with in the last 5 years, did you have any claims or actions: Circle One

1. By you against the owner? Yes / No
2. By the owner against you? Yes / No
3. By any outside agency or individual for labor compliance (i.e. failure to pay prevailing wage, falsifying certified payrolls, etc.)
4. Yes / No
5. By Subcontractors (Stop Notices, etc.) Yes / No
6. Are any claims or actions unresolved or outstanding? Yes / No If yes to any of the above, explain. (Attach additional sheets, if necessary)

Failure of the bidder to provide ALL requested information in a complete and accurate manner may be considered non-responsive.

EXHIBIT B

INSURANCE REQUIREMENTS

EXHIBIT B

INSURANCE REQUIREMENTS

A. Minimum Scope and Limits of Insurance

City reserves the right to review any and all of the required insurance policies and/or endorsements, but has no obligation to do so. Failure to demand evidence of full compliance with the insurance requirements set forth in this Agreement or failure to identify any insurance deficiency shall not relieve Consultant from, nor be construed or deemed a waiver of, its obligation to maintain the required insurance at all times during the performance, including any extension thereof, of this Agreement.

Consultant shall obtain, maintain, and keep in full force and effect during the life of this Agreement, including any extension thereof, all of the following minimum scope of insurance coverages:

1. Commercial General Liability Insurance

Broad-form commercial general liability, with coverage at least as broad as the most current version of ISO Commercial General Liability coverage form CG 00 01, in a form at least as broad as ISO form CG 00 01 04 13, and shall include insurance for premises and operations, products/completed operations, broad form property damage, blanket contractual liability, independent contractors, personal injury or bodily injury, and personal and advertising injury with a policy limit of not less than Two Million Dollars ($2,000,000.00) per occurrence and Four Million Dollars ($4,000,000.00) general aggregate. The aggregate limit, encompassing the above coverage, shall apply separately to this project/location. If Consultant maintains higher limits than the specified minimum limits, City requires and shall be entitled to coverage for the higher limits maintained by the Consultant.

2. Business Automobile Liability Insurance

Business automobile liability for all owned, hired, leased, and non-owned vehicles at least as broad as the most current version of ISO Business Auto Coverage form CA 00 01, with a policy limit of not less than Two Million Dollars ($2,000,000.00) combined single limit per accident. If Consultant maintains higher limits than the specified minimum limits, City requires and shall be entitled to coverage for the higher limits maintained by the Consultant.

3. Workers' Compensation and Employer's Liability Insurance

Workers' compensation insurance as required by the State of California and Employer's Liability Insurance with a minimum limit of One Million Dollars ($1,000,000.00) per accident for any employee or employees of Consultant. Consultant agrees to waive and to obtain endorsements from its workers' compensation insurer waiving subrogation rights under its workers' compensation insurance policy against the City, its officers, officials, agents, employees, and volunteers for losses arising from work performed by Consultant for the City and to require each of its subcontractors, if any, to do likewise under their workers' compensation insurance policies.

By signing this Agreement, the Consultant acknowledges and agrees to the following:

I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

The Consultant shall also comply with Section 3800 of the Labor Code by securing, paying for, and maintaining in full force and effect for the duration of this Agreement, complete workers' compensation insurance, and shall furnish a certificate of insurance to the Project Manager before execution of this Agreement by the City. The City, its officers, officials, agents, employees, and volunteers shall not be responsible for any claims in law or equity occasioned by failure of the Consultant to comply with this Section.

4. Standards for Insurance Companies

All insurance policies shall be issued by an insurance company currently authorized by the Insurance Commission to transact business of insurance or is on the List of Approved Surplus Line Insurers in the State of California, with an assigned policyholders' rating of A- (or higher) and Financial Size Category Class VII (or larger) in accordance with the latest edition of Best's Key Rating Guide.

B. Documentation and Other Provisions

1. The commercial general liability insurance policy and business automobile liability policy shall be endorsed to contain the following: The City of Placentia, its officers, officials, agents, employees, and volunteers are additional insureds with respect to: liability arising out of activities performed by or on behalf of the Consultant pursuant to its contract with the City; products and completed operations of the Consultant; premises owned, occupied, or used by the Consultant; and automobiles owned, leased, hired, or borrowed by the Consultant. General liability coverage can be provided in the form of an endorsement to the Contractor's insurance at least as broad as one of the following ISO ongoing operations forms: CG 20 10 or CG 20 26 or CG 20 33 (not allowed from subcontractors), or CG 20 38; and one of the following ISO completed operations forms: CG 20 37, 2039 (not allowed from subcontractors), or CG 20 40.

2. Said policies shall not terminate, nor shall they be cancelled or coverage reduced, without at least thirty (30) days' written notice to the City. In the event of any cancellation or reduction in coverage or limits of any insurance, Consultant shall forthwith obtain and submit proof of substitute insurance. Should Consultant fail to immediately procure other insurance, as specified, to substitute for any cancelled policy or reduction in the required coverage limits, the City may procure such insurance at Consultant's sole cost and expense.

3. The Consultant's insurance coverage shall be primary insurance coverage at least as broad as ISO CG 20 01 04 13 as respects the City of Placentia, its officers, officials, agents, employees, and volunteers. Any other insurance maintained by the City of Placentia shall be excess and not contributing with the insurance provided by this policy.

4. Any failure to comply with the reporting provisions of the policies shall not affect coverage provided to the City of Placentia, its officers, officials, agents, employees, and volunteers.

5. **Defense fees and costs shall not deplete the limits of any insurance provided under this Agreement.**

6. The Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

7. Consultant shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Consultant shall ensure the City is an additional insured on insurance required from subcontractors.

8. Consultant agrees to waive, and to obtain endorsements from insurers waiving, subrogation rights against the City, its officers, officials, agents, employees, and volunteers for losses arising from work performed by Consultant for the City and to require each of its subcontractors, if any, to do likewise under their insurance policies.

9. Coverage shall be on a standard occurrence form. Claims-made forms are not acceptable, except under the Professional Errors & Omissions ("E&O") Liability policy. Modified, limited, or restricted occurrence forms are not acceptable.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
Any person or organization where required by written contract.	In respect to any location where the named insured is performing "your work".
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

This certificate cancels and supersedes ALL previously issued certificates.

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – COMPLETED OPERATIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location And Description Of Completed Operations
Any person or organization where required by written contract.	In respect to any location where the named insured is performing "your work".
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. **Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the Schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

PRIMARY AND NONCONTRIBUTORY – OTHER INSURANCE CONDITION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

The following is added to the **Other Insurance** Condition and supersedes any provision to the contrary:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

(1) The additional insured is a Named Insured under such other insurance; and

(2) You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

ELECTRONIC DATA LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
POLLUTION LIABILITY COVERAGE PART DESIGNATED SITES
POLLUTION LIABILITY LIMITED COVERAGE PART DESIGNATED SITES
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
RAILROAD PROTECTIVE LIABILITY COVERAGE PART
UNDERGROUND STORAGE TANK POLICY DESIGNATED TANKS

SCHEDULE

Name Of Person(s) Or Organization(s):
Any person or organization where required by written contract.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The following is added to Paragraph **8. Transfer Of Rights Of Recovery Against Others To Us** of **Section IV – Conditions:**

We waive any right of recovery against the person(s) or organization(s) shown in the Schedule above because of payments we make under this Coverage Part. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such person(s) or organization(s) prior to loss. This endorsement applies only to the person(s) or organization(s) shown in the Schedule above.

BROADENED COVERAGE - AUTOMOBILES

The following modifies insurance provided under:

BUSINESS AUTO COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement.

1 - Broad Form Named Insured
2 - Automatic Waiver of Subrogation
3 - Automatic Additional Insured
4 - Primary and Noncontributory - Other Insurance Condition
5 - Unintentional Failure to Disclose Hazards
6 - Extended Notice of Cancellation, Non-Renewal
7 - When We Do Not Renew
8 - Notice of Knowledge of Accident or Loss
9 - Employees as Insured
10 - Employee Hired Autos
11 - Bodily Injury Extension
12 - Hired Auto Physical Damage
13 - Enhanced Supplementary Payments
14 - Fellow Employee Coverage for Designated Positions
15 - Physical Damage – Transportation Expenses
16 - Rental Reimbursement Coverage
17 - Loan/Lease Gap Coverage
18 - Accidental Air Bag Discharge Coverage
19 - Glass Repair – Waiver of Deductible

1. BROAD FORM NAMED INSURED

SECTION II. A. 1. -WHO IS AN INSURED - Paragraph **d**. is added:

d. Any organization you newly acquire or form, except for a partnership, joint venture or limited liability company, and over which you maintain majority ownership or interest (51% or more) or for which you have assumed the active management, will qualify as a Named Insured if there is no other similar insurance available to that organization. However, coverage under this provision is only afforded until the end of the policy period or the 12-month anniversary of the policy inception date, whichever is earlier.

2. AUTOMATIC WAIVER OF SUBROGATION

Section IV – Business Auto Conditions, **Paragraph A.5., Transfer of Rights of Recovery Against Others to Us**, is deleted and replaced with the following:

a. If the insured has rights to recover all or part of any payment we have made under this Coverage Form, those rights are transferred to us. The insured must do nothing after loss to impair those rights. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

b. If required by a written contract executed prior to loss, we waive any right of recovery we may have against any person or organization because of payments we make for damages under this coverage form.

90918346 | 25/26 GL/AU/UMB/WC/PROF/POLL/LSD/SXL MOL | Annette Romero | 6/4/2026 10:44:29 AM (PDT) | Page 8 of 16
This certificate cancels and supersedes ALL previously issued certificates.

3. AUTOMATIC ADDITIONAL INSURED

SECTION II – WHO IS AN INSURED, Paragraph A.1, is amended to include as an "insured" any person or organization who is required by written contract or agreement to be an additional insured on your policy, but only with respect to liability arising out of operations performed by you or on your behalf for the additional insured.

4. PRIMARY AND NONCONTRIBUTORY - OTHER INSURANCE CONDITION

The following is added to the Other Insurance Condition in the Business Auto Coverage Form and the Other Insurance - Primary And Excess Insurance Provisions in the Motor Carrier Coverage Form and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage is primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and

2. You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

5. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

Although we relied on your representations as to existing and past hazards, if unintentionally you should fail to disclose all such hazards at the inception date of your policy, we will not deny coverage under this Coverage Form because of such failure.

6. EXTENDED NOTICE OF CANCELLATION, NON-RENEWAL

The **COMMON POLICY CONDITIONS**, Item **A.2.b.** is deleted and replaced with the following:

A.2.b. 60 days before the effective date of the cancellation if we cancel for any other reason.

7. WHEN WE DO NOT RENEW

SECTION IV – BUSINESS AUTO CONDITIONS, is amended to add Item **B.9.**:

a. If we choose to nonrenew this policy, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 60 days before the expiration date.

b. If we do not give notice of our intent to nonrenew as prescribed in **a.** above, it is agreed that you may extend the period of this policy for a maximum additional sixty (60) days from its scheduled expiration date. Where not otherwise prohibited by law, the existing terms, conditions and rates will remain in effect during that extension period. It is further agreed that so long as it is not otherwise prohibited by law, this one-time sixty-day extension is the sole remedy and liquidated damages available to the insured as a result of our failure to give the notice as prescribed in **9. a.** above.

8. NOTICE OF KNOWLEDGE OF ACCIDENT OR LOSS

SECTION IV - BUSINESS AUTO CONDITIONS, Item **A.2.a.** is deleted and replaced with the following:

2. Duties in the Event of Accident, Claim Suit or Loss:

a. You must see to it that we are notified of an "accident", "claim", "suit" or "loss" which may result in a claim as soon as practicable after the "occurrence" has been reported to you, a partner, a member, an officer, or an employee designated to give notice to us. Notice should include:

(1) How, when and where the "accident" or "loss" occurred;

(2) The "insured's" name and address; and

(3) To the extent possible, the names and addresses of any injured persons and witnesses.

9. EMPLOYEES AS INSURED

The following is added to the **Section II - Covered Autos Liability Coverage,** Paragraph **A.1. Who Is An Insured** provision:

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

10. EMPLOYEE HIRED AUTOS

A. Changes In Covered Autos Liability Coverage

The following is added to the **Who Is An Insured** Provision:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

B. Changes In General Conditions

Paragraph **5.b.** of the **Other Insurance** Condition in the Business Auto Coverage Form and Paragraph **5.f.** of the **Other Insurance - Primary And Excess Insurance Provisions** Condition in the Motor Carrier Coverage Form are replaced by the following:

For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

1. Any covered "auto" you lease, hire, rent or borrow; and

2. Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

11. BODILY INJURY EXTENSION

SECTION V - DEFINITIONS, Paragraph **C.** is deleted and replaced by the following:

C. "Bodily injury" means bodily injury, sickness or disease sustained by a person, including mental anguish or death resulting from any of these, at any time. Mental anguish means any type of mental or emotional illness or disease.

12. HIRED AUTO PHYSICAL DAMAGE

SECTION III.A.4. - Coverage Extensions - Paragraph **c.** is added:

c. Hired Auto Physical Damage

If Comprehensive, Specified Causes of Loss or Collision coverage is provided under this policy, then Hired Auto Physical Damage is provided for that coverage part subject to the following:

(1) The most we will pay for any one "accident" or "loss" under this Hired Auto Physical Damage Coverage is the lesser of:

(a) The any one "Accident" or "Loss" amount of $100,000;

(b) The actual cash value; or

(c) Cost of repair.

Our obligation to pay for a loss in c.(1) above will be reduced by a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. The deductible will be waived for "loss" caused by fire or lightning.

(2) Subject to paragraph c.(1). above, we will provide coverage equal to the broadest physical damage coverage applicable to any covered "auto" shown in the declarations.

(3) When you are required by written contract to indemnify a lessor for actual financial loss because of loss of use of a hired "auto" resulting from a covered "accident" or "loss", we will cover that financial loss subject to the limit specified in paragraph c.(1).

13. ENHANCED SUPPLEMENTARY PAYMENTS

SECTION II.A.2.a. COVERAGE EXTENSIONS, Supplementary Payments **(2)** and **(4)** are replaced by the following:

(2) Up to $2,500 for the cost of bail bonds (including bonds for related traffic laws violations) required because of an "accident" we cover. We do not have to furnish these bonds.

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $350 a day because of time off from work.

14. FELLOW EMPLOYEE COVERAGE FOR DESIGNATED POSITIONS

The **Fellow Employee Exclusion contained in Section II.B.5**. does not apply to the following positions or job titles: foreman, supervisor, manager, officer, partner or other senior level "employee". Coverage is excess over all other collectible insurance.

15. PHYSICAL DAMAGE - TRANSPORTATION EXPENSES

SECTION III.A.4.a. Transportation Expenses is replaced by the following:

a. Transportation Expenses

We will pay up to $50 per day to a maximum of $1,500 for temporary transportation expense incurred by you because of the total theft of a covered "auto". We will pay only for those covered "autos" for which you carry either Comprehensive or Specified Cause of Loss Coverage. We will pay for temporary transportation expenses incurred during the period beginning 48 hours after the theft and ending, regardless of the policy's expirations, when the covered "auto" is returned to use or we pay for its "loss".

For autos provided with temporary transportation expense, the following physical damage coverage will apply:

(1) The most we will pay for any one "accident" or "loss" under the temporary transportation expense physical damage coverage is the lessor of:

(a) The any one "Accident" or "Loss" amount of $100,000;

(b) The actual cash value; or

90918346 | 25/26 GL/AU/UMB/WC/PROF/POLL/LSD/SXL MOL | Annette Romero | 6/4/2026 10:44:29 AM (PDT) | Page 11 of 16
This certificate cancels and supersedes ALL previously issued certificates.

(c) Cost of repair.

Our obligation to pay for a loss in a.(1) above will be reduced by a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. The deductible will be waived for "loss" caused by fire or lightning.

(2) Subject to paragraph a.(1). above, we will provide coverage equal to the broadest physical damage coverage applicable to any covered "auto" shown in the declarations.

(3) When you are required by written contract to indemnify a lessor for actual financial loss because of loss of use of a hired "auto" resulting from a covered "accident" or "loss", we will cover that financial loss subject to the limit specified in paragraph a.(1).

16. RENTAL REIMBURSEMENT COVERAGE

SECTION III.A.4. - Coverage Extensions - Paragraph **d.** is added.

d. If you carry Comprehensive, Specified Causes of Loss or Collision coverage for the damaged covered "auto" as provided under this policy, then Rental Reimbursement Coverage is provided for that coverage part subject to the following:

1. We will pay for rental reimbursement expenses incurred by you for the rental of an "auto" because of "loss" other than theft, to a covered "auto". Payment applies in addition to the otherwise applicable amount of each coverage you have on a covered "auto". No deductibles apply to this coverage.

2. We will only pay for those expenses incurred during the policy period beginning 24 hours after the "loss" and ending, regardless of the policy's expiration, with the lesser of the following number of days:

(a) The number of days reasonably required to repair or replace the covered "auto"; or,

(b) 30 days.

(c) Our payment is limited to the lesser of the following amounts:

(1) Necessary and actual expenses incurred; or

(2) $50 per day.

17. LOAN/LEASE GAP COVERAGE

Physical Damage Coverage is amended by the addition of the following:

In the event of a total "loss" to a covered "auto", we will pay your additional legal obligation for any difference between the actual cash value of the "auto" at the time of the loss and the "outstanding balance" of the loan/lease, not to exceed $2,500 for any one vehicle or $25,000 annually in aggregate.

For the purposes of this endorsement, "outstanding balance" means the amount you owe on the loan/lease at the time of loss less any amounts representing taxes, overdue payments, penalties, interest or charges resulting from overdue payments, additional mileage charges, excess wear and tear charges or lease termination fees, costs for extended warranties, credit Life Insurance; Health, Accident or Disability Insurance purchased with the loan or lease; and carry-over balances from previous loans or leases.

18. ACCIDENTAL AIR BAG DISCHARGE COVERAGE

SECTION III.B.3.a - Exclusions. This exclusion does not apply to the accidental discharge of an air bag.

19. GLASS REPAIR - WAIVER OF DEDUCTIBLE

SECTION III.D - Deductible is replaced with the following:

For each covered "auto", our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by the applicable deductible shown in the Declarations. Any Comprehensive Coverage deductible shown in the Declarations does not apply to "loss" caused by fire or lightning. The deductible does not apply to glass damage if the glass is repaired rather than replaced.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

DESIGNATED INSURED FOR COVERED AUTOS LIABILITY COVERAGE

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement.

This endorsement identifies person(s) or organization(s) who are "insureds" for Covered Autos Liability Coverage under the Who Is An Insured provision of the Coverage Form. This endorsement does not alter coverage provided in the Coverage Form.

This endorsement changes the policy effective on the inception date of the policy unless another date is indicated below.

Named Insured: California Waters LLC
California Waters Development, Inc.

Endorsement Effective Date: 07/31/2025

SCHEDULE

Name Of Person(s) Or Organization(s):
Any person(s) or organization(s) whom you are required to add as an additional insured on this policy under a written contract or written agreement.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Each person or organization shown in the Schedule is an "insured" for Covered Autos Liability Coverage, but only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Paragraph **A.1.** of Section **II** – Covered Autos Liability Coverage in the Business Auto and Motor Carrier Coverage Forms and Paragraph **D.2.** of Section **I** – Covered Autos Coverages of the Auto Dealers Coverage Form.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
Any person or organization where required by written contract.	In respect to any location where the named insured is performing "your work".
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

This certificate cancels and supersedes ALL previously issued certificates.

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – COMPLETED OPERATIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location And Description Of Completed Operations
Any person or organization where required by written contract.	In respect to any location where the named insured is performing "your work".
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. **Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the Schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

PRIMARY AND NONCONTRIBUTORY – OTHER INSURANCE CONDITION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

The following is added to the **Other Insurance** Condition and supersedes any provision to the contrary:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

(1) The additional insured is a Named Insured under such other insurance; and

(2) You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

ELECTRONIC DATA LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
POLLUTION LIABILITY COVERAGE PART DESIGNATED SITES
POLLUTION LIABILITY LIMITED COVERAGE PART DESIGNATED SITES
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
RAILROAD PROTECTIVE LIABILITY COVERAGE PART
UNDERGROUND STORAGE TANK POLICY DESIGNATED TANKS

SCHEDULE

Name Of Person(s) Or Organization(s):
Any person or organization where required by written contract.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The following is added to Paragraph **8. Transfer Of Rights Of Recovery Against Others To Us** of **Section IV – Conditions:**

We waive any right of recovery against the person(s) or organization(s) shown in the Schedule above because of payments we make under this Coverage Part. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such person(s) or organization(s) prior to loss. This endorsement applies only to the person(s) or organization(s) shown in the Schedule above.

BROADENED COVERAGE - AUTOMOBILES

The following modifies insurance provided under:

BUSINESS AUTO COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement.

1 - Broad Form Named Insured
2 - Automatic Waiver of Subrogation
3 - Automatic Additional Insured
4 - Primary and Noncontributory - Other Insurance Condition
5 - Unintentional Failure to Disclose Hazards
6 - Extended Notice of Cancellation, Non-Renewal
7 - When We Do Not Renew
8 - Notice of Knowledge of Accident or Loss
9 - Employees as Insured
10 - Employee Hired Autos
11 - Bodily Injury Extension
12 - Hired Auto Physical Damage
13 - Enhanced Supplementary Payments
14 - Fellow Employee Coverage for Designated Positions
15 - Physical Damage – Transportation Expenses
16 - Rental Reimbursement Coverage
17 - Loan/Lease Gap Coverage
18 - Accidental Air Bag Discharge Coverage
19 - Glass Repair – Waiver of Deductible

1. BROAD FORM NAMED INSURED

SECTION II. A. 1. -WHO IS AN INSURED - Paragraph **d**. is added:

d. Any organization you newly acquire or form, except for a partnership, joint venture or limited liability company, and over which you maintain majority ownership or interest (51% or more) or for which you have assumed the active management, will qualify as a Named Insured if there is no other similar insurance available to that organization. However, coverage under this provision is only afforded until the end of the policy period or the 12-month anniversary of the policy inception date, whichever is earlier.

2. AUTOMATIC WAIVER OF SUBROGATION

Section IV – Business Auto Conditions, **Paragraph A.5., Transfer of Rights of Recovery Against Others to Us**, is deleted and replaced with the following:

a. If the insured has rights to recover all or part of any payment we have made under this Coverage Form, those rights are transferred to us. The insured must do nothing after loss to impair those rights. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

b. If required by a written contract executed prior to loss, we waive any right of recovery we may have against any person or organization because of payments we make for damages under this coverage form.

3. AUTOMATIC ADDITIONAL INSURED

SECTION II – WHO IS AN INSURED, Paragraph A.1, is amended to include as an "insured" any person or organization who is required by written contract or agreement to be an additional insured on your policy, but only with respect to liability arising out of operations performed by you or on your behalf for the additional insured.

4. PRIMARY AND NONCONTRIBUTORY - OTHER INSURANCE CONDITION

The following is added to the Other Insurance Condition in the Business Auto Coverage Form and the Other Insurance - Primary And Excess Insurance Provisions in the Motor Carrier Coverage Form and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage is primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and

2. You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

5. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

Although we relied on your representations as to existing and past hazards, if unintentionally you should fail to disclose all such hazards at the inception date of your policy, we will not deny coverage under this Coverage Form because of such failure.

6. EXTENDED NOTICE OF CANCELLATION, NON-RENEWAL

The **COMMON POLICY CONDITIONS**, Item **A.2.b.** is deleted and replaced with the following:

A.2.b. 60 days before the effective date of the cancellation if we cancel for any other reason.

7. WHEN WE DO NOT RENEW

SECTION IV – BUSINESS AUTO CONDITIONS, is amended to add Item **B.9.**:

a. If we choose to nonrenew this policy, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 60 days before the expiration date.

b. If we do not give notice of our intent to nonrenew as prescribed in **a.** above, it is agreed that you may extend the period of this policy for a maximum additional sixty (60) days from its scheduled expiration date. Where not otherwise prohibited by law, the existing terms, conditions and rates will remain in effect during that extension period. It is further agreed that so long as it is not otherwise prohibited by law, this one-time sixty-day extension is the sole remedy and liquidated damages available to the insured as a result of our failure to give the notice as prescribed in **9. a.** above.

8. NOTICE OF KNOWLEDGE OF ACCIDENT OR LOSS

SECTION IV - BUSINESS AUTO CONDITIONS, Item **A.2.a.** is deleted and replaced with the following:

2. Duties in the Event of Accident, Claim Suit or Loss:

a. You must see to it that we are notified of an "accident", "claim", "suit" or "loss" which may result in a claim as soon as practicable after the "occurrence" has been reported to you, a partner, a member, an officer, or an employee designated to give notice to us. Notice should include:

(1) How, when and where the "accident" or "loss" occurred;

(2) The "insured's" name and address; and

(3) To the extent possible, the names and addresses of any injured persons and witnesses.

9. EMPLOYEES AS INSURED

The following is added to the **Section II - Covered Autos Liability Coverage,** Paragraph **A.1. Who Is An Insured** provision:

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

10. EMPLOYEE HIRED AUTOS

A. Changes In Covered Autos Liability Coverage

The following is added to the **Who Is An Insured** Provision:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

B. Changes In General Conditions

Paragraph **5.b.** of the **Other Insurance** Condition in the Business Auto Coverage Form and Paragraph **5.f.** of the **Other Insurance - Primary And Excess Insurance Provisions** Condition in the Motor Carrier Coverage Form are replaced by the following:

For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

1. Any covered "auto" you lease, hire, rent or borrow; and

2. Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

11. BODILY INJURY EXTENSION

SECTION V - DEFINITIONS, Paragraph **C.** is deleted and replaced by the following:

C. "Bodily injury" means bodily injury, sickness or disease sustained by a person, including mental anguish or death resulting from any of these, at any time. Mental anguish means any type of mental or emotional illness or disease.

12. HIRED AUTO PHYSICAL DAMAGE

SECTION III.A.4. - Coverage Extensions - Paragraph **c.** is added:

c. Hired Auto Physical Damage

If Comprehensive, Specified Causes of Loss or Collision coverage is provided under this policy, then Hired Auto Physical Damage is provided for that coverage part subject to the following:

(1) The most we will pay for any one "accident" or "loss" under this Hired Auto Physical Damage Coverage is the lesser of:

(a) The any one "Accident" or "Loss" amount of $100,000;

(b) The actual cash value; or

(c) Cost of repair.

Our obligation to pay for a loss in c.(1) above will be reduced by a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. The deductible will be waived for "loss" caused by fire or lightning.

(2) Subject to paragraph c.(1). above, we will provide coverage equal to the broadest physical damage coverage applicable to any covered "auto" shown in the declarations.

(3) When you are required by written contract to indemnify a lessor for actual financial loss because of loss of use of a hired "auto" resulting from a covered "accident" or "loss", we will cover that financial loss subject to the limit specified in paragraph c.(1).

13. ENHANCED SUPPLEMENTARY PAYMENTS

SECTION II.A.2.a. COVERAGE EXTENSIONS, Supplementary Payments **(2)** and **(4)** are replaced by the following:

(2) Up to $2,500 for the cost of bail bonds (including bonds for related traffic laws violations) required because of an "accident" we cover. We do not have to furnish these bonds.

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $350 a day because of time off from work.

14. FELLOW EMPLOYEE COVERAGE FOR DESIGNATED POSITIONS

The **Fellow Employee Exclusion contained in Section II.B.5**. does not apply to the following positions or job titles: foreman, supervisor, manager, officer, partner or other senior level "employee". Coverage is excess over all other collectible insurance.

15. PHYSICAL DAMAGE - TRANSPORTATION EXPENSES

SECTION III.A.4.a. Transportation Expenses is replaced by the following:

a. Transportation Expenses

We will pay up to $50 per day to a maximum of $1,500 for temporary transportation expense incurred by you because of the total theft of a covered "auto". We will pay only for those covered "autos" for which you carry either Comprehensive or Specified Cause of Loss Coverage. We will pay for temporary transportation expenses incurred during the period beginning 48 hours after the theft and ending, regardless of the policy's expirations, when the covered "auto" is returned to use or we pay for its "loss".

For autos provided with temporary transportation expense, the following physical damage coverage will apply:

(1) The most we will pay for any one "accident" or "loss" under the temporary transportation expense physical damage coverage is the lessor of:

(a) The any one "Accident" or "Loss" amount of $100,000;

(b) The actual cash value; or

90918346 | 25/26 GL/AU/UMB/WC/PROF/POLL/LSD/SXL MOL | Annette Romero | 6/4/2026 10:44:29 AM (PDT) | Page 11 of 16
This certificate cancels and supersedes ALL previously issued certificates.

(c) Cost of repair.

Our obligation to pay for a loss in a.(1) above will be reduced by a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. The deductible will be waived for "loss" caused by fire or lightning.

(2) Subject to paragraph a.(1). above, we will provide coverage equal to the broadest physical damage coverage applicable to any covered "auto" shown in the declarations.

(3) When you are required by written contract to indemnify a lessor for actual financial loss because of loss of use of a hired "auto" resulting from a covered "accident" or "loss", we will cover that financial loss subject to the limit specified in paragraph a.(1).

16. RENTAL REIMBURSEMENT COVERAGE

SECTION III.A.4. - Coverage Extensions - Paragraph **d.** is added.

d. If you carry Comprehensive, Specified Causes of Loss or Collision coverage for the damaged covered "auto" as provided under this policy, then Rental Reimbursement Coverage is provided for that coverage part subject to the following:

1. We will pay for rental reimbursement expenses incurred by you for the rental of an "auto" because of "loss" other than theft, to a covered "auto". Payment applies in addition to the otherwise applicable amount of each coverage you have on a covered "auto". No deductibles apply to this coverage.

2. We will only pay for those expenses incurred during the policy period beginning 24 hours after the "loss" and ending, regardless of the policy's expiration, with the lesser of the following number of days:

(a) The number of days reasonably required to repair or replace the covered "auto"; or,

(b) 30 days.

(c) Our payment is limited to the lesser of the following amounts:

(1) Necessary and actual expenses incurred; or

(2) $50 per day.

17. LOAN/LEASE GAP COVERAGE

Physical Damage Coverage is amended by the addition of the following:

In the event of a total "loss" to a covered "auto", we will pay your additional legal obligation for any difference between the actual cash value of the "auto" at the time of the loss and the "outstanding balance" of the loan/lease, not to exceed $2,500 for any one vehicle or $25,000 annually in aggregate.

For the purposes of this endorsement, "outstanding balance" means the amount you owe on the loan/lease at the time of loss less any amounts representing taxes, overdue payments, penalties, interest or charges resulting from overdue payments, additional mileage charges, excess wear and tear charges or lease termination fees, costs for extended warranties, credit Life Insurance; Health, Accident or Disability Insurance purchased with the loan or lease; and carry-over balances from previous loans or leases.

18. ACCIDENTAL AIR BAG DISCHARGE COVERAGE

SECTION III.B.3.a - Exclusions. This exclusion does not apply to the accidental discharge of an air bag.

19. GLASS REPAIR - WAIVER OF DEDUCTIBLE

SECTION III.D - Deductible is replaced with the following:

For each covered "auto", our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by the applicable deductible shown in the Declarations. Any Comprehensive Coverage deductible shown in the Declarations does not apply to "loss" caused by fire or lightning. The deductible does not apply to glass damage if the glass is repaired rather than replaced.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

DESIGNATED INSURED FOR COVERED AUTOS LIABILITY COVERAGE

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement.

This endorsement identifies person(s) or organization(s) who are "insureds" for Covered Autos Liability Coverage under the Who Is An Insured provision of the Coverage Form. This endorsement does not alter coverage provided in the Coverage Form.

This endorsement changes the policy effective on the inception date of the policy unless another date is indicated below.

Named Insured: California Waters LLC
California Waters Development, Inc.

Endorsement Effective Date: 07/31/2025

SCHEDULE

Name Of Person(s) Or Organization(s):
Any person(s) or organization(s) whom you are required to add as an additional insured on this policy under a written contract or written agreement.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Each person or organization shown in the Schedule is an "insured" for Covered Autos Liability Coverage, but only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Paragraph **A.1.** of Section **II** – Covered Autos Liability Coverage in the Business Auto and Motor Carrier Coverage Forms and Paragraph **D.2.** of Section **I** – Covered Autos Coverages of the Auto Dealers Coverage Form.

Agenda Item No: 1.u

PLACENTIA CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2026

Submitted by: Jerry Griggs

From: Finance

Subject:
AWARD PROFESSIONAL SERVICES AGREEMENT WITH CHANDLER ASSET MANAGEMENT FOR PROFESSIONAL FINANCIAL ADVISORY SERVICES

Financial Impact:
Expense: $45,000 Annual fee
$45,000 Budgeted in FY26-27 Proposed Budget

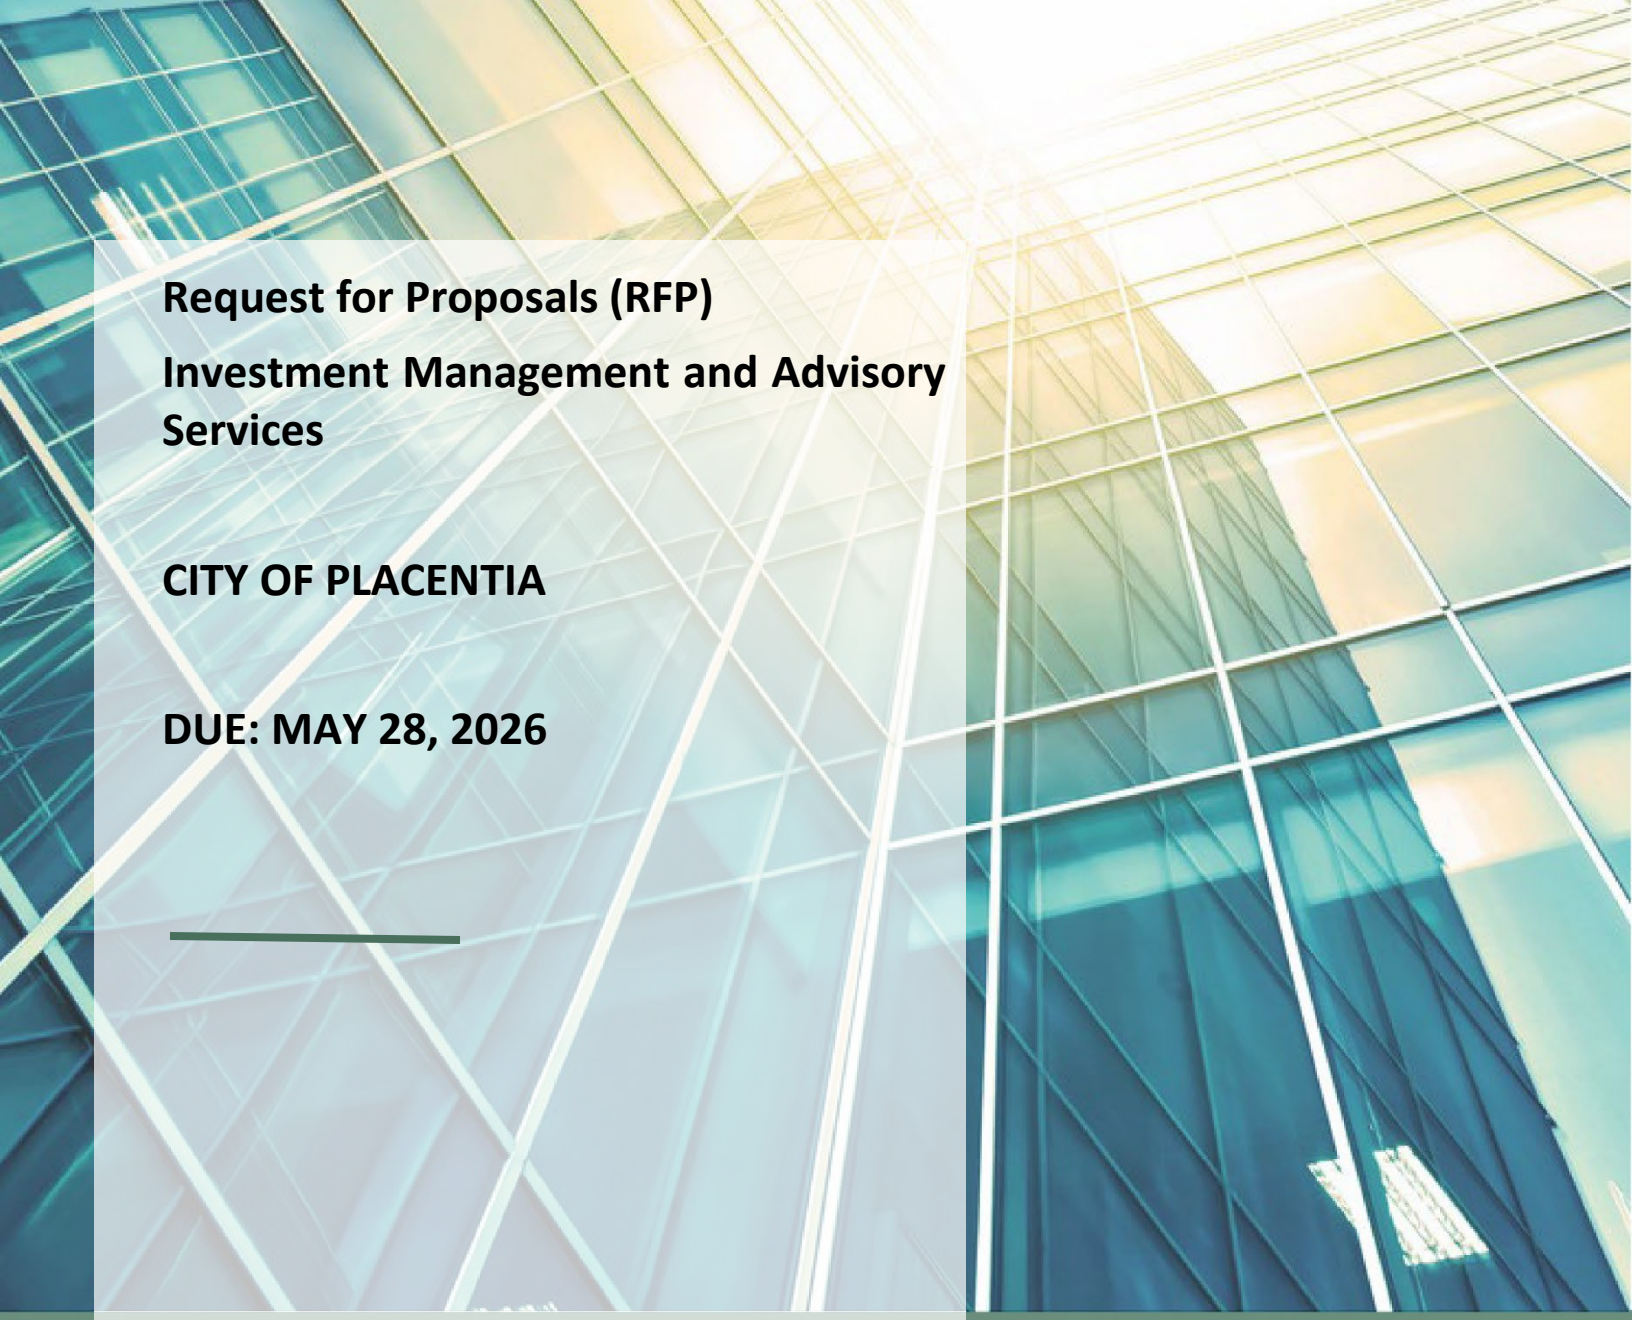
Summary:
The City Treasurer is responsible for maintaining a prudent investment portfolio for the City's idle funds in accordance with the City's Investment Policy. With the increasing complexity of today's market, a professional fund advisor capable of successfully investing in diverse markets is more advantageous than managing the City's investments by staff generating a higher rate of return on the City's investments while adhering to the City's Investment Policy goals of safety, liquidity, and return. City staff is recommending approving a new agreement with Chandler Asset Management, for a (5) five-year term through June 30, 2031.

Recommended Action:
It is recommended that the City Council:

1. Approve Professional Services Agreement with Chandler Asset Management for Professional Financial Advisory Services; and
2. Authorize the City Administrator and/or her designee to execute all the necessary documents in a form approved by the City Attorney.

Strategic Plan Statement:
This item is consistent with the City Council approved Strategic Goal No. 1 to Ensure Long-Term Fiscal Sustainability but is not tied to a specific Objective.

Discussion:
The City aggregates all funds not immediately required for disbursement in a pool, which is invested in various investment securities and vehicles. The City directly invests in securities issued by the U.S. Treasury, Agencies of the United States and other similarly conservative investments permitted by the City's Investment Policy.



Unlike some local governments, the City does not have a full-time dedicated staff resource, such as a Chief Investment Officer, to manage its investment portfolio. The City's elected City

Treasurer, by charter, is the custodian of all public funds and is responsible for maintaining a good investment program based on a sophisticated cash flow analysis.

The City went out to RFP for investment advisory services in May of 2026. The City received eleven bids and after careful evaluation the City has selected Chandler Asset Management.

Financial Summary:
For FY2026/27 estimated expenses for these services are $45,000 which is the amount included in the FY 2026/27 Proposed Budget.

Re: Request for Proposals (RFP) for Investment Management and Advisory Services

Dear City of Placentia City Treasurer, Finance Director, and Staff,

On behalf of Chandler Asset Management, Inc. (Chandler or the Firm), we thank you for the opportunity to submit our Firm's proposal and present our qualifications to provide investment management and advisory services for the City of Placentia (the City). Chandler has significant experience managing local government portfolios under California Government Code (State Code) §§53600–53609, including for over 20 cities and other public agencies in Orange County and 170 public agencies statewide as of March 31, 2026. It is our goal to empower the City and its finance team through knowledgeable, timely support and consistent guidance in financial management.

We have outlined our approach to the Scope of Services in our proposal, and believe that your staff will be best served by selecting Chandler as its investment advisor to work together in maintaining the City's strong financial position. Our goal is to act as an extension of your team, similar to hiring additional staff to handle all the heavy lifting and time-consuming tasks needed to manage an investment program efficiently and effectively.

Chandler is an SEC-Registered Investment Adviser. Throughout our 38-year history, Chandler has kept paramount the common investment objectives of public agencies: ***safety of principal, liquidity***, and ***above-market returns*** over an investment cycle. We managed **$45.6 billion in client assets** as of March 31, 2026, including $14.5 billion for cities in California. Our extensive resources, proposed service team, personalized approach to relationship management, and strong presence in the markets work towards ensuring that the City's funds are thoughtfully managed. In addition, our culture of compliance and the transparency offered through comprehensive reporting will keep the City's Treasurer, Finance Director, and staff apprised of all aspects of its portfolio.

We are submitting our response to the City's Request for Proposal (RFP) as an indication of our formal interest in advising the City on the management of its assets. We utilize investment strategies that conform to all applicable federal laws and State Code regarding qualified investments for public entities. We have reviewed the City's investment policy and current investment holdings and believe that we can add significant value to your investment program through the strategies summarized below, and explained in greater detail in our proposal:

- Confirm that the City's investment policy complies with State Code, encompasses the latest industry's best practices, and meets the City's preferences for maintaining safety and liquidity while enhancing investment return
- Collaborate with City staff to analyze cash requirements to improve the allocation between funds needed for liquidity and funds that can be invested in longer-term investment strategies aimed at maximizing return
- Seek to enhance the diversification of the City's portfolio by safely expanding the investment options permitted by State Code, subject to the City's comfort level
- Develop a comprehensive investment strategy that supports the City's financial goals, current budgetary objectives, and long-term general plan. The strategy will seek to increase interest income as well as protect and enhance portfolio market value by actively diversifying sectors, issuers, and maturities.

Our commitment to providing personalized client service is equal to our commitment to meeting investment objectives, and is reflected in the following:

We understand your investment perspective. Since its inception, Chandler's foundations have been rooted in the public sector. We understand that the investment program must support the City's financial goals while enhancing safety and liquidity within a framework of legal conformity. Chandler's significant expertise in safeguarding our clients' funds while generating compelling risk-adjusted returns across multiple market cycles strongly qualifies us to meet the needs of this engagement.

We are experts in California public agency investing. Chandler's investment and client service professionals are experts in all applicable federal laws and State Code as they pertain to the investment of public funds. The City's proposed engagement team members, **Mia Corral Brown,** *Regional Director* and **Karl Otto Meng, CFA,** *Portfolio Strategist,* have decades of public sector investment experience and are active in organizations relevant to public fund investment best practices, including the Government Finance Officers Association (**GFOA**), the California Society of Municipal Finance Officers (**CSMFO**), the California Debt and Investment Advisory Commission (**CDIAC**), and the California Municipal Treasurers Association (**CMTA**). The engagement will be supported by Chandler's Operation's Investment and Compliance teams. **Isabelle Arguelles**, *Client Service Associate*, will also be assigned as the City's Client Service contact to support the onboarding and reporting functions of the City.

We are committed to client success. We are dedicated to our duty as fiduciaries to our clients and understand the public role that your investment staff has in the stewardship of taxpayer funds. The Firm invests in the technology and resources that assist our investment professionals in developing both long-term and short-term strategies that are significant to the overall financial program. Our reports provide transparency, and we commit the Firm's full resources to your success.

We are committed to accepting the terms and conditions in the RFP and the Standard Agreement for Professional Services. We have provided proposed additional terms for agreement and a sample investment services contract in the **Appendix**.

I certify that I am authorized to submit our proposal and bind the organization named above. I have read, understand, and agree to comply with the terms and conditions specified in this RFP. Further, I certify that all the information provided in our proposal is true, correct, firm, and irrevocable, and shall be valid for a period of at least 90 days from May 28, 2026.

The engagement with the City will be serviced from our headquarters office located at 9255 Towne Centre Drive, Suite 600, San Diego, CA 92121. If you have any questions during your evaluation of our proposal, please contact **Mia Corral Brown,** *Regional Director*, at (858) 226-1504, or via email at mcorral@chandlerasset.com. Mia is located at the Firm's San Diego office.

Sincerely

CHANDLER ASSET MANAGEMENT, INC.

COVER LETTER

The cover letter shall be signed by a person authorized by the Proposer to execute a contract with the City. It shall include: the legal name of the company; the name, address and telephone number of the principal person representing the firm; and a summary of the Proposal, including a brief description of the proposed team. It shall make a commitment to accept the terms and conditions in the RFP and the Standard Agreement for Professional Services (Attachment A), including acknowledgment of receipt of all amendments and/or addenda to the RFP. The letter should also identify a single person for possible contact during the RFP review process regarding contract language.

Our cover letter precedes the Table of Contents.

EXECUTIVE SUMMARY & REFERENCES

Describe your firm's and sub-Consultant's (if any) general experience and qualifications as it pertains to projects of similar scope and size. Five years or more prior experience with municipal or local government agencies is a preferred qualification. Identify the services which would be completed by your firm's staff and those that would be provided by sub-consultants. Identify any sub-consultants you propose to utilize to supplement your firm's staff.

Chandler Asset Management, Inc. (Chandler or the Firm) is an SEC- Registered Investment Adviser and provides fixed income investment management services to public agencies navigating complex and volatile markets. Founded in 1988 by public sector investment professionals, Chandler supports agencies responsible for safeguarding public funds while balancing regulatory requirements, governance responsibilities, and limited internal resources. We leverage market data, economic trends, credit research, and industry developments to help clients navigate volatility with confidence and better anticipate market changes rather than simply respond to them. This approach allows agencies to implement fixed income investment programs tailored to their policies, liquidity needs, and long-term goals. Through a relationship-based service model, Chandler acts as a trusted extension of each client's team, helping public agencies make well-informed decisions and maintain confidence in changing market conditions. A link to our Form ADV, Parts 1 and 2A, has been provided in the **Appendix.**

Chandler specializes in managing funds for local governments who are guided by the objectives of **safety[1], liquidity, and total return** over a market cycle. Our risk management practices and relationship-based approach have led to our Firm's solid growth. We managed $45.6 billion for clients as of March 31, 2026. The City of Placentia (the City)'s funds will be thoughtfully managed through our extensive resources, proposed service team, personalized approach to relationship management, and strong market presence. In addition, our culture of compliance and the transparency offered through comprehensive reporting will keep the City's staff and Council aware of all aspects of its portfolio. We work closely with our clients to address specific investment objectives and risk tolerances as they relate to overall sound financial management, while maintaining the focus and discipline to help guide portfolios through challenging market cycles.

Chandler does not use sub-consultants. All investment management and advisory services are provided by our experienced internal staff.

Fixed Income Investment Expertise Focused on California Local Governments

Chandler is an employee-owned California corporation. As a California domiciled firm, we take pride in the depth and strength of the relationships we've cultivated in our home state. We managed over $30 billion for public

[1] *While our conservative investment approach promotes safety, investing in securities carries varying degrees of risk and we cannot guarantee safety of principal.*

agencies in California alone, including $14.5 billion for California cities as of March 31, 2026. Nationwide, we serve over 220 public agencies and managed $40.4 billion in assets on their behalf as of March 31, 2026. We believe this experience and dedicated focus have given us a unique perspective on helping local governments, including municipalities, to achieve their financial goals.

The City's engagement will be led by **Mia Corral Brown,** *Regional Director,* and managed by a tenured team of investment professionals from the Firm's corporate headquarters in San Diego. The Firm's Executive Management team, portfolio management professionals, operations, compliance, and marketing, and client service will all serve your staff from this location.

We work as a fiduciary with clients on every aspect of the investment program, including investment policy development and review, cash flow analysis and forecasting, and portfolio enhancement through the goal of carefully controlling risk. We implement investment strategies that meet each client's risk and return requirements, provide comprehensive investment reporting to save staff time, and conduct education and training for staff enrichment. The result is an investment approach grounded in risk management that is customizable for each of our client's specific objectives and constraints and has resulted in successful investment programs for entities similar in size and scope to the City.

Our experience managing fixed income portfolios spans the yield curve and over multiple interest rate cycles, as evidenced by the inception dates of the strategies most used by our clients:

Chandler Strategy	Duration (Years)	Credit Quality	Inception Date
Limited Maturity	1-3	A and above	9/30/1988
Short Term Bond	1-5	A and above	9/30/1995

Chandler managed $35.2 billion in client assets for California-based agencies as of March 31, 2026, primarily in the fixed income strategies noted above, reflecting the strength of our long-standing partnerships with neighboring agencies in Orange County and nearby areas.

Comprehensive Investment Management and Reporting Services

We provide comprehensive investment management and reporting services as well as Treasury management support for public entity investment programs, including:

Investment Management

- *Operating and Bond Funds*
- *General Revenue Funds*
- *Reserve Funds*
- *Capital Project Funds*
- *Debt Service Funds*
- *Multi-asset class strategies designed to meet a return target*
- *Post-Employment Benefit Trusts/ OPEB*
- *Separately managed portfolios of individual securities*
- *Customization of strategies for individual client needs*
- *Maintaining our fiduciary duty to clients*

Treasury Management Support

- *Cash flow analysis/forecasting*
- *Investment policy development, review, and monitoring*
- *Investment policy certification*
- *Custodial selection and review*
- *Reconciliation and settlement with custodian*
- *Online Chandler Client Portal*
- *Accounting templates and set-up assistance*
- *Education webinars and training*
- *CPE credit issuance*
- *Ad hoc presentations to staff and stakeholders*

Service and Communication

- *Transparency through monthly statements and quarterly reports*
- *GASB 40 and 72 Reports*
- *Confirmation of compliance with investment policy*
- *Dedicated engagement manager to oversee satisfaction with services*
- *Frequent meetings to review portfolio*
- *Direct contact with investment professionals*

Managing fixed income portfolios for clients beholden to California Government Code (State Code) has been the core of our business since the Firm's founding in 1988. Chandler's professionals are experts in fixed-income investments as they relate to local governments. We will work with the City to understand your unique objectives and maintain the ability to customize solutions based on your specific goals and requirements as determined by your liquidity needs. Chandler is dedicated to working towards ensuring that funds are (1) thoughtfully invested, (2) available when needed to meet capital obligations, (3) achieve competitive returns, and (4) rebalanced appropriately to maintain the desired structure.

The public agencies we serve have been able to navigate complex investment decisions and better protect public funds by leveraging Chandler's:

- Extensive experience serving public agencies. The combined experience of the Firm's senior shareholders as investment officers within large public agencies has shaped their perspectives on leading a Firm focused on managing public funds and assisting public agency staff in fulfilling their fiduciary duties.
- Investment and credit review process custom-tailored and with client goals in mind.
- Expertise in State Code that govern the investment of public funds.
- Track record in establishing and expanding investment programs that support the budgetary goals of our clients.
- Ability to manage fixed income portfolios through changes in the interest rate cycle to the benefit of our clients.
- Comprehensive monthly statements that are accurate, timely, and add transparency to the investment program.
- Dedicated client service team that delivers proactive client communication.

Costs and Dollar Value of Services

Please refer to the section labeled "Cost Proposal & Schedule." Our cost proposal has been submitted as a separate file. Our proposed fee schedule is all-inclusive for the services that Chandler provides, including full-time investment advisory and portfolio management services, technological resources, onboarding and implementation, online access to our client portal, comprehensive reporting, meetings, in-person visits, educational offerings for your staff, and the additional support services described in our proposal.

Role of Key Staff

A tenured team of senior investment management and client service professionals will manage the engagement. **Karl Otto Meng, CFA**, *Portfolio Strategist*, will be responsible for the overall investment management of the engagement, with support from **Mia Corral Brown**, *Regional Director*, and client service support from **Isabelle Arguelles**, *Client Service Associate*. They will be supported by other members of Chandler's investment management, client service, operations, compliance, and administrative teams.

Contact Name and Title	Role in Engagement	Education
Investment Management		
 **Karl Otto Meng, CFA** *Portfolio Strategist*	***Primary Investment Contact*** • Implements portfolio strategies for local governments • Monitors alignment with client objectives and policies • Member of the Economic and Market Analysis Committee Industry Tenure: 20 years | Firm Tenure: 4 years	B.A. Economics, San Diego State University, Chartered Financial Analyst Series 7, 63, 65 Registrations
Engagement Management & Client Service		
 **Mia Corral Brown** *Regional Director*	***Relationship Management*** • Serves as direct client contact for the engagement • Conducts contracting and onboarding process • Oversees client service and communications • Coordinates project deliverables • Ensures client satisfaction Industry Tenure: 29 years | Firm Tenure: 22 years	B.A. Communications, San Diego State University Series 7 and 63 Registrations
 **Isabelle Arguelles** *Client Service Associate*	***Client Service Contact*** • Reporting requirements and Client Portal • Schedules training and educational presentations • Client Onboarding Industry Tenure: 2 years | Firm Tenure: <1 year	B.S. Accounting with an emphasis in Public Accounting, Grand Canyon University.

Biographical information is provided below:

Karl Otto Meng, CFA, *Portfolio Strategist,* joined Chandler in 2022, bringing extensive market and economic expertise to the Firm. He is an integral member of the Investment Management team, actively contributing to portfolio management and cultivating client relationships. Karl also serves on the Economic and Market Analysis Committee and provides regular written economic commentary for both internal use and broader distribution. His primary focus is identifying and communicating key investment themes and trends for integration into client portfolios.

With over 18 years of experience spanning Fixed Income Institutional Sales & Trading and Portfolio Strategies, Karl brings a deep understanding of the fixed income markets. Prior to joining Chandler, he was Vice President at Vining Sparks IBG LP, responsible for establishing and maintaining trading relationships with government entities and institutional asset managers. Karl holds a B.A. in Economics from San Diego State University and currently holds FINRA Series 7, 63, and 65 registrations. He holds the designation of Chartered Financial Analyst.

Mia Corral Brown, *Regional Director*, has over two decades of experience working alongside institutional and public sector clients to achieve the goals of their investment programs. She is adept at ensuring seamless onboarding and overall client satisfaction. Mia's area of focus is on business development and engagement oversight for Public Sector clients in Southern California which include cities, water districts, counties, special districts and joint power authorities. In her tenure at Chandler, Mia has dedicated the last two decades to working alongside local public agencies to provide comprehensive investment management and client service solutions.

Mia is an active member of the California Society of Municipal Finance Officers (CSMFO), the Government Finance Officers Association (GFOA), California Municipal Treasurers Association (CMTA), and is a Member of the California Association of California Treasurers and Tax Collectors and several other Associations which support CA Public Agencies. Mia is a founding member and past president of Women in Public Finance, San Diego Chapter.

Mia is a graduate of San Diego State University where she earned her B.A. in communications with an emphasis in business. She holds the FINRA Series 7 and Series 63 registrations.

Isabelle Arguelles, *Client Service Associate*, joined Chandler in 2026. She serves as a liaison between clients and the Chandler team, coordinating meetings, reporting deliverables, and assisting with onboarding and client portal support while managing the client database. She previously worked as a Client Service Specialist at AlphaTrust Advisors, where she supported client transactions and communication. She holds a B.S. in accounting with an emphasis in public accounting from Grand Canyon University.

All the above professionals are supported by Chandler's investment management, client service, marketing, and operations teams to provide comprehensive service. In addition to the Firm's SEC registration, the following members of Chandler's team are investment adviser representatives:

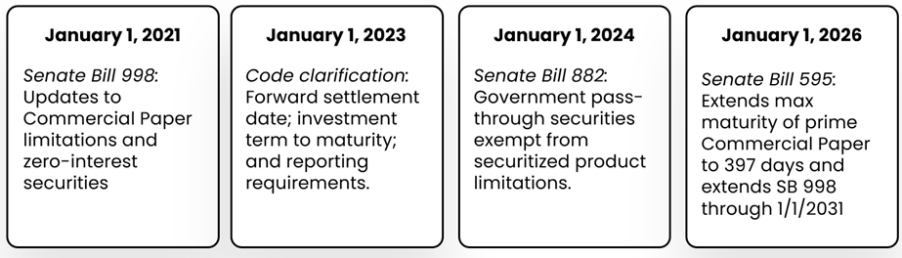
PROJECT UNDERSTANDING & APPROACH

This section should demonstrate an understanding of the scope of services. It should describe the general approach, organization, and staffing required for the services requested. Also, describe the firm's understanding of key issues and its approach to resolving those issues. All sub-consultants and their roles must be identified. The consultant shall include an organizational chart identifying key personnel responsible for accomplishing all aspects of the work.

All tasks listed in the Scope of Services will be performed by our staff as described in the previous question. An organizational chart identifying those key personnel responsible for accomplishing all aspects of the work is provided below.

City of Placentia Engagement Team

Investment Policy and Objectives



Our methods for developing investment objectives and constraints for the City will be customized after an extensive review and thorough understanding of the City's investment policy, current and expected mandates, cash flow requirements, risk tolerances, permitted securities, credit profile, duration targets, and the maturity structure of the investment portfolio. We will continue to regularly review the investment policy to confirm it continues to provide for your primary objectives of safety, liquidity, and return, and incorporates the latest revisions to state legal requirements.

Chandler's investment professionals have deep experience in State Code and in writing investment policies designed to effectively guide the management of public funds. As your investment adviser, we will commit to reviewing the City's policy annually and when there are changes to State Code or industry best practices. Since having an investment policy is crucial to the development and maintenance of a public agency's investment program, we will begin each relationship with a thorough review of the policy, during which we make recommendations and formalize the investment mandate for each client's portfolio(s). Suggestions are meant to provide clarification, increase return potential, and improve risk management. We have written or revised investment policies for almost all our government clients, and we customize each policy to mirror the client's specific objectives and tolerances.

Our policy reviews will conform to:

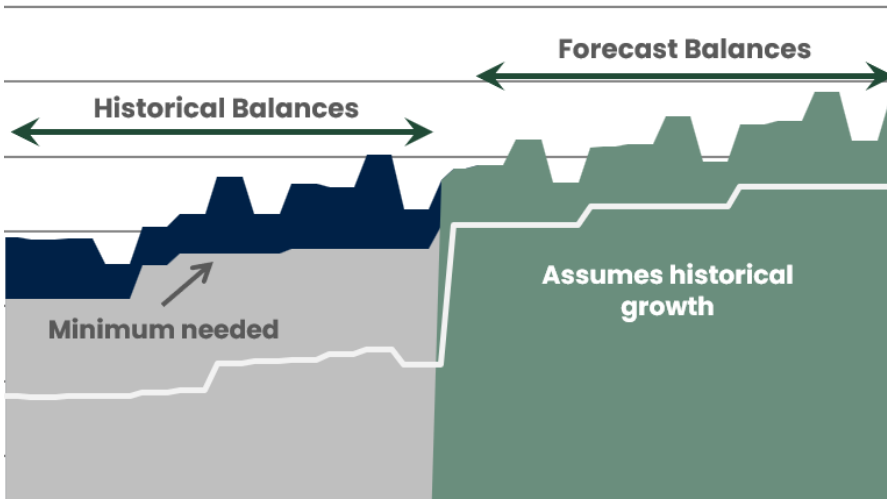
- State Code
- Specific City directives and management preferences
- Industry best practices as identified by the Government Finance Officers Association (GFOA), California Municipal Treasurers Association (CMTA), and the California Society of Municipal Finance Officers (CSMFO)
- Chandler's best practices

We provide our clients with education on new products, changing regulations, relevant events in public finance, and changing trends in the capital markets. We stay in front of all developments in State Code affecting public agency investments and advise our clients on revisions that may be relevant to include in their investment policy. Some recent legislative changes that have occurred are as follows:

Chandler actively communicates with our clients when there are changes to State Code. For example, effective January 1, 2026, Senate Bill 595 extended certain local government investment authorities, including allowing agencies with more than $100 million in assets under management to continue investing up to 40% of surplus funds in eligible commercial paper and extending the authority to invest in certain U.S. government securities that may result in zero-interest accrual until January 1, 2031. SB 595 also extended the maximum allowed maturities for commercial paper from 270 days to 397 days.

Cash Flow and Maturity Analysis

Chandler's investment team is an advocate of bifurcating portfolios between the liquidity needs of the entity and the residual monies that can be invested with a longer maturity profile and higher level of risk to generate higher total returns over an investment cycle.



At the inception of an engagement with a client, one of Chandler's initial tasks is to conduct a statistical analysis of cash usage. This analysis seeks to incorporate any known budgetary events to project future cash balances. Additionally, it helps to assess the client's liquidity needs and identify opportunities to enhance investments by allocating to longer-duration investment strategies.

By modeling the City's historical use of cash and developing an understanding of upcoming budgetary needs on cash, we can develop a profile of the cash flows. With staff input, we can then forecast future balances and structure an effective investment program that would serve the City in both predictable and unexpected circumstances. Our objective is to provide enough liquidity for operations and liabilities, while reducing the costly impacts of maintaining excess liquidity in shorter-maturity investments that have historically paid lower yields.

As in the following example, we will identify the funds that are needed in the short term and are unnecessarily being kept liquid. For liquidity purposes, we will explore a solution that may involve utilizing investment pools or segregating into a portfolio of short-duration securities. These will be invested with a short-duration target or aligned with a known cash flow date. We would structure funds for the City's portfolio to align with cash flow needs, and expected project reimbursements, and cash liabilities for each project. Funds not needed for liquidity

purposes can be structured to safely enhance earnings and long-term capital appreciation through investments in high-quality longer-maturity investments that have historically offered higher returns[2].

Sample Illustration of Cash Flow Analysis

This sample illustration is being provided to demonstrate the tools on how we analyze cash balances.

As the City continues to grow, we expect there will be additional funds to allocate between the City's liquid and core portfolios. We will continue to assist the City with analysis to project balances into the future to handle fluctuating cash flows. We will maintain ongoing dialogue between us and your staff to understand all issues that may impact future liquidity needs. This allows securities to be structured in advance by maturing concurrently with cash needs and avoiding the sale of securities to raise cash when needed.

Investment Program	
Liquid Funds	**Long-Term Funds**

• Local Government Investment Pool (LGIP)
• Matching maturities to known expenditures
  • Money market instruments
  • Agency Discount Notes
  • Commercial Paper
  • Certificates of Deposit
	Target a longer duration to enhance the potential to increase earnings.
	• Invest in securities allowed by Code:
	  • U.S. Treasury Securities
	  • U.S. Agency Securities
	  • High-Grade Credit
	  • Pass-through Securities

Investment Philosophy

We believe that through effective risk management, we can enhance the potential for higher total returns for risk-conscious clients while maintaining their shared primary objectives of safety, liquidity, and return. Our approach uses investment processes and strategies we have developed over three decades and focuses on:

- Safety of principal[1]
- Appropriate levels of liquidity

[2] *Past performance is not indicative of future results. While our conservative investment approach promotes safety, investing in securities carries varying degrees of risk and we cannot guarantee safety of principal.*

- Diversification of risk
- Compliance with policies, legal requirements, and risk/return objectives
- Active management to generate investment income and total return

Our goal is to consistently exceed market benchmarks that reflect the City's overall risk profile over a market cycle. We aim to mitigate risk by diversifying the portfolio across sectors, credit quality, maturity, sub sectors, and issuers.

Chandler's focus stems from our clients' collective philosophy that safety and liquidity are higher priority than chasing returns that may put their principal at increased risk. As a result, we take a risk management approach to all aspects of the investment and portfolio management process.

Investment Process

Our process for establishing investment objectives and constraints for the City is customized after an extensive review and thorough understanding of the investment policy and the current and expected needs of the City, and its financial staff. We believe that a successful investment program focuses on the following elements:

- ***Duration.*** We strive to maintain duration (the portfolio's price sensitivity to changes in interest rates) within a defined range that reflects the City's return requirements and acceptable volatility. We will work with City staff to identify a target duration range to limit relative market risk.
- ***Term Structure*****.** Using the market outlook from our Economic and Market Analysis Committee and the output of our Horizon Analysis Model, the term structure for the portfolio is structured to prioritize the protection and return of the portfolio under both anticipated and unanticipated shifts of the yield curve over a six-month horizon. Depending on our outlook and market conditions, the portfolio may have a "laddered" structure, with equal allocations across permitted maturities, a "barbell" structure, with maturities concentrated in short and long maturities, or a "bullet" structure, with maturities concentrated around the target duration. As interest rates evolve, the Chandler team alters the maturity distribution of the portfolio based on the prevailing market conditions.
- ***Diversification.*** Chandler will develop a well-diversified portfolio based on the City's investment policy. Our sector allocation strategy provides broad diversification by sector and issuer and works to minimize exposure to credit risk. We can add considerable value through rotating sectors, thus identifying the best relative value at time of purchase. Additionally, if the City takes advantage of all sectors allowed by State Code, we will be able to bring our extensive credit and investment analytic capabilities to diversify the portfolio further and increase potential return.
- ***Credit Quality.*** We employ a robust credit analysis process that helps us identify investment opportunities in securities appropriate for the investment of public funds. We believe that each client should establish credit quality constraints that reflect the community's risk preference. These constraints may be more conservative than State Code. Within that framework, we will purchase securities that our credit and value analyses have identified as having value and being appropriate for the City's portfolio. We will limit our investment in corporate securities to highly rated companies, subject to the City's restrictions.
- ***Total Return.*** We search diligently to add value at every stage in our process. We manage the portfolio to enhance return and long-term growth within the constraints of the City's risk profile and return objectives. Finally, we strive to find the best execution for each transaction, seeking multiple price quotations on all purchases and sales.
- ***Security Selection.*** Chandler employs a proprietary credit analysis process designed to identify stable and improving credits while detecting weak and deteriorating credits to avoid or remove from client portfolios. It includes both qualitative and quantitative aspects.

- ***Periodic Rebalancing.*** With the passage of time, portfolio characteristics drift away from the desired structure. We rerun the Horizon Analysis Model monthly and rebalance the portfolio as markets and our investment process evolve to support our targeted performance.

Risk Tolerance and Performance Benchmarks

At the inception of the engagement with the City, Chandler's investment professionals will present characteristics of our investment strategies. In addition, they will conduct a benchmark study to analyze the risk and return characteristics of several benchmarks. An appropriate benchmark will reflect the City's investment objectives, permitted investments, risk tolerance, and liquidity requirements. The benchmark should have a similar duration, weighted average maturity, and credit profile as the portfolio. This analysis will help determine a suitable benchmark for performance measurement that aligns with the City's risk tolerance.

Benchmarks that some of our other public agency clients have selected, which may also be appropriate for the City include the Limited Maturity (1-3 year strategy) and the Short Term Bond (1-5 year strategy). While these are possible suggestions, our goal is to select the benchmark that is right for you. As such, we can discuss other possible benchmarks or even customize benchmarks for the City.

Investment Strategies

We have included performance for two of Chandler's composite strategies most commonly used by our public agency clients: Chandler's **Limited Maturity (1-3 year strategy)** and **Short Term Bond (1-5 year strategy)**. These strategy composites are comprised of individually managed accounts with an average modified duration approximately equal to the modified duration of the *ICE BofA 1-3 Year US Treasury Index* and the *ICE BofA 1-5 Year US Treasury & Agency Index*, respectively, and a final stated maturity of individual securities of five years.

The performance of each strategy is compared to its appropriate benchmark. Performance statistics are reported based on GIPS. Our GIPS performance composites for both strategies and verification report are provided in the **Appendix**. These strategies have historically outperformed client benchmarks in rising, falling, and stable rate environments[2].

Composite Performance – *Gross and Net of Fees*

Total Rate of Return as of March 31, 2026	**One Year**	**Three Years**	**Five Years**	**Ten Years**	**Since Inception**
Chandler Limited Maturity (Gross)	**4.15%**	**4.51%**	**2.25%**	**2.09%**	**4.20%**
Chandler Limited Maturity (Net)	4.06%	4.42%	2.16%	2.00%	4.11%
ICE BofA 1-3 Year U.S. Treasury Index	*3.75%*	*4.04%*	*1.86%*	*1.78%*	*3.89%*
Difference (Gross)	***0.40%***	***0.47%***	***0.39%***	***0.31%***	***0.31%***
Chandler Short Term Bond (Gross)	**4.30%**	**4.47%**	**1.90%**	**2.02%**	**3.67%**
Chandler Short Term Bond (Net)	4.21%	4.38%	1.81%	1.93%	3.58%
ICE BofA 1-5 Year U.S. Treasury & Agency Index	*3.87%*	*3.93%*	*1.49%*	*1.70%*	*3.38%*
Difference (Gross)	***0.43%***	***0.54%***	***0.41%***	***0.32%***	***0.29%***

*Based on Chandler's Limited Maturity (1-3 year strategy) and Short Term Bond (1-5 year strategy) composites as of March 31, 2026. Please see the GIPS Composite Reports in the **Appendix**. Past performance is not indicative of future results. Performance is presented gross and net of investment management fees. *Net returns are for a sample fee of 9 basis points (0.09 of 1%). All investment strategies have the potential for profit or loss. Market conditions or economic factors may alter the performance and results of a portfolio. Performance for periods greater than one year is annualized. For one-on-one presentation only. Please refer to Important Disclosures in the **Appendix**.*

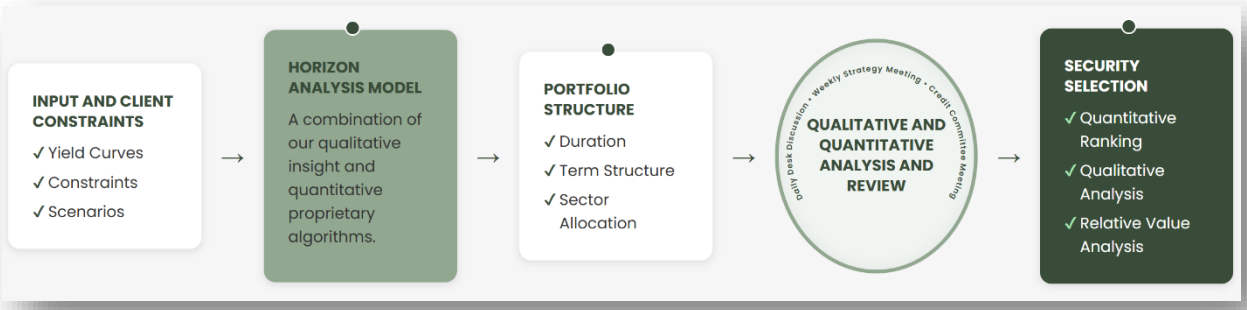
Market Analysis and Evaluation of Risk

The investment team employs an integrated multi-committee structure designed to facilitate effective analysis, decision-making, and consistent performance across strategies on an ongoing basis. The underlying committees have broad representation across the overall investment team to oversee breadth of input into the investment process. The entire investment team participates in semi-annual offsite meetings to discuss and evaluate strategic investment topics influencing both our portfolio strategies and our ability to partner with our clients to achieve investment objectives.

- The **Investment Risk Committee** is the standing decision-making body within the Firm's overall investment governance framework charged with providing Firmwide oversight of portfolio risk, positioning, and strategy. The Committee receives input from, provides governance over, and coordinates the output of the Firm's underlying sector and discipline specific investment committees (Economic and Market Analysis, Credit, Investment Pool, Multi-Asset Class, and Portfolio Strategy). The Committee establishes Firmwide risk budgets across investment strategies, including duration targets, sector allocation parameters, and term structure guidelines. The Committee monitors market liquidity, idiosyncratic risk across strategies, reviews portfolio and composite level performance, and ultimately provides the overall framework to deliver consistent, risk adjusted total returns over an investment cycle to our clients.
- The **Economic and Market Analysis Committee** assesses the current and forward-looking macroeconomic environment to inform Chandler's tactical and strategic market outlook and support portfolio positioning across Chandler investment strategies. The committee is responsible for periodically updating our interest rate forecast, based on a six-month time horizon, to further support our outlook on markets and as inputs into the proprietary Horizon Analysis Model. Additionally, the committee is responsible for providing Chandler's growth, inflation, and monetary policy outlook to the Portfolio Management Risk Committee.
- The **Credit Committee** evaluates issuers for inclusion, monitoring, and possible removal from the Firm's approved issuer list. In determining the suitability of a security, the Credit Committee analyzes company fundamentals with a focus on relative balance sheet strength and the overall earnings outlook of the issuer, paired with Chandler's view of the forward-looking macroeconomic environment. After determining the fundamental outlook of an issuer, the Credit Committee focuses on the relative value of current and historical spreads of both the issuer and its industry sector. Chandler's internal credit process is designed to identify and evaluate changing fundamentals and the current relative value of issuers versus sector peers.

- The **Local Government Investment Pool (LGIP) Committee** oversees the risk management of our LGIP strategy, provides updates on money market indicators, presents key risk metrics, and establishes portfolio targets. The Committee is also responsible for preparing presentation material for pool performance, asset flows, and competitiveness.
- The **Portfolio Strategy Committee** creates investment topic discussions, attends local and national investment conferences, and provides information on relevant client discussions/questions. The Committee is responsible for communications, webinars, speaking engagements, quarterly reviews, and white papers.
- **The Multi-Asset Class (MAC) Committee** prepares the Firm's capital market assumptions, basing them on the Firm's analysis of the global markets and our forward-looking outlook of the market environment. The committee then develops the Efficient Frontier and reviews and recommends initial and ongoing portfolio asset allocations and fund vehicles for our clients.

Fundamental and Technical Research



Chandler conducts nearly 100% research in-house. We augment our analysis with a variety of private research providers, including BCA Research, CreditSights, S&P IQ, Bloomberg, as well as additional research providers. Internally developed, proprietary tools such as our Horizon Analysis Model and our credit review/security selection provide the foundation for Chandler's portfolio construction process. The team keeps abreast of sell-side research from a broad group of domestic and international investment banks. These tools not only provide data for our investment processes but allow our clients access to the most current and relevant market information. Chandler's professionals also conduct ad hoc research projects on issues concerning our industry and clients, such as changes in the brokerage world, studies on how legislative changes impact our clients, and research on new sectors or investment structures.

Proprietary Tools and Resources for Portfolio Construction

Chandler's proprietary Horizon Analysis Model (the Model) is the quantitative foundation for the portfolio construction process. The Model enables our portfolio management team to integrate their research into the portfolio management process in a disciplined and repeatable way. Inputs to the Model include:

- Current yields on Treasury, agency, and corporate securities
- Specific client constraints, such as maturity restrictions and maximum sector exposure
- Nine different probability-weighted forecasted interest rate scenarios that may occur at the six-month horizon date. Our analysis of current macroeconomic conditions is one of the factors we consider as we develop the nine scenarios that comprise the third input to the Model.

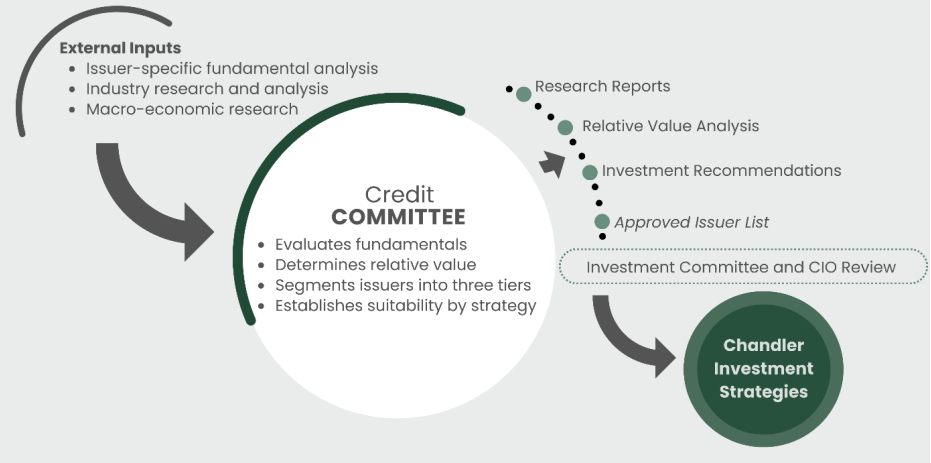
Chandler's Investment Process

Through an iterative process, the Model generates the most favorable portfolio structure (duration, maturity distribution, and sector allocation), which we define as the structure we expect will outperform the portfolio's benchmark over a wide range of possible future interest rate movements. The investment team then evaluates the portfolio structure using their expertise and judgment and may adjust as they begin portfolio construction. This combination of a rigorous quantitative structure and experienced qualitative oversight is a hallmark of all of Chandler's portfolio management activities.

Periodic Rebalancing. Portfolio characteristics tend to drift from the desired structure with the passage of time. The team reruns the Model each month, reevaluates the portfolio structure, and rebalances to obtain the desired sector allocation and duration target as market conditions change. In addition, the fixed income benchmarks used by our clients for performance measurement are reconstituted monthly; therefore, we realign our portfolios to confirm proper active sector, term structure, and duration allocation relative to the benchmark. As part of our active management approach, we will also adjust positioning when we find securities of superior value in terms of expected return, reduced risk, or adjust the credit quality of a holding for the portfolio.

In addition to our internal research tools and capabilities, the following external systems and software support our trading, portfolio accounting, and client reporting:

- ***CWAN (Formerly Clearwater Analytics)*:** Provides 24/7 web and mobile access to customizable reports, holdings, transactions, ratings, performance calculations and other data. The City will benefit from a robust performance and accounting platform that will allow for greater transparency of the City's investment program.
- ***Bloomberg AIM - Order Management System*:** The compliance system used for pre-trade, post-trade, end-of-day compliance testing, and straight-through processing of investment transactions. The City's investment policy will be integrated into our platform to maintain compliance with State Code. The City will benefit from a holistic approach to compliance across the City's managed portfolio.
- ***Bloomberg AIM - Effects of Security Purchases/Sale:*** Bloomberg AIM also allows the portfolio manager to test the effects that new securities will have on an existing portfolio. For example, the team can propose a trade in Bloomberg AIM and determine what impact the position will have on the portfolio's overall duration, sector allocation, and credit quality. In addition, we can perform an analysis on how a portfolio will be affected given a specified change in interest rates to monitor that the portfolio will continue to meet the objectives of the client. The City will benefit from our methodical approach to investment management and will have a portfolio that consistently tracks its strategic goals
- ***Salesforce CRM:*** Contact management, portfolio settings, report distribution settings.



The City is not required to purchase any additional programs or software utilized for services under this engagement, relieving the need to allocate capital for portfolio construction, policy compliance, financial reporting, and other crucial aspects of managing your funds.

Credit Analysis and Review

Members of the Firm's Credit Committee conduct credit research as a team using a proprietary process designed to identify stable and improving credits. Although the Nationally Recognized Statistical Rating Organizations (NRSROs) determine the initial eligibility of a security, Chandler does not rely on these ratings to determine whether a security is suitable for a Chandler portfolio. Chandler's Credit Committee, with input from the entire investment team, further determines the suitability of an investment based on our own internal research and a thorough understanding of each client's investment objectives and risk tolerances. This combination of qualitative and quantitative analysis enables the team to identify and invest in securities consistent with our clients' objectives of safety, liquidity, and return.

The dynamic nature of the process also provides the team with the ability to detect weak and deteriorating credits, which may be removed from client portfolios and Chandler's approved issuer list. In determining the suitability of a security, the Credit Committee analyzes company fundamentals with a focus on relative balance sheet strength and the overall earnings outlook of the issuer, paired with Chandler's view of the forward-looking macroeconomic environment. After determining the fundamental outlook of an issuer, the Credit Committee focuses on the relative value of current and historical spreads of both the issuer and its industry sector.

Chandler's Credit Process

The Credit Committee meets regularly to rank corporate issuers into three tiers and categorizes those securities based on individual client risk tolerance and policy guidelines. Each sector and issuer are reviewed at least quarterly. The goal is to proactively identify and invest in stable and improving credits, while avoiding deteriorating credits.

Monthly and Quarterly Reporting

Chandler uses CWAN for portfolio accounting and reporting. We provide monthly statements that include a management summary of portfolio characteristics, performance, and full accounting details, including detailed portfolio holdings, transactions, accruals, interest received, original cost, amortized cost, market value, book value, cash flow summary, maturity, ratings breakdown, and more. Monthly statements are available online via the Chandler client portal. Chandler's quarterly investment reports are designed to foster a two-way dialogue between Chandler's investment professionals and your finance staff. They begin with a concise economic update and an overview of key market indicators. Following these pages is a review focusing on investment objectives, performance objectives, and both current and suggested strategies to capture additional yield or provide for cash flow needs. Reports are prepared in accordance with state law and the Governmental Accounting Standards Board (GASB) and are compiled to meet your specific needs. We provide mark-to-market fair value pricing for securities in accordance with GASB 31. Performance for your portfolio will be calculated and reported in compliance with the CFA Institute's Global Investment Performance Standards (GIPS®). We provide 24/7 online access to our portal, which is also designed to be viewed on mobile devices.

Monthly Statements: Monthly statements include a summary of portfolio characteristics, performance, and full accounting details. Chandler's monthly statements conform to reporting standards required under State Code and other guidelines from governing public investments. Statement details include full asset listings including fair market value of investments, issuer, maturity date, interest rate, transactions for the period, and a description of the funds and investment programs. In addition, Chandler offers its clients transparency through a Statement of Compliance with state legal requirements and the investment policy, and a one-page summary with portfolio characteristics and total return for various periods compared to market benchmarks.

Portfolio Reports	Accounting Reports
Portfolio Characteristics	*Security Holdings*
Account Summary Detail	*Transactions*
Sector Allocation	*Amortization/Accretion*
Maturity Distribution	*Interest Income and Accruals*
Credit Quality	*Realized & Unrealized Gains and Losses*
Total Rate of Return	*GASB 40 & 72 Reporting*

In addition, Chandler's reports will detail the following:

- A holdings report, showing security description, par value, cost value, book value, market value, accrued interest, gain/loss, book yield, duration, maturity, Moody's, Fitch, and S&P ratings, and percent of portfolio for each holding.
- A cash flow projection from upcoming maturities and interest payments.
- A transaction ledger that reports all acquisitions, dispositions, interest payments, cash contributions and withdrawals, and any other transactions for the period.
- An earned interest report, displaying all interest earnings, including accrued and received interest, amortization, and accretion in a detailed form and summarized.

Quarterly Reports: We present quarterly investment reports designed to facilitate discussion between Chandler's investment professionals and the City's staff and stakeholders. The reports provide current economic data, portfolio characteristics, return for both aggregate and individual portfolios, compliance statements, and a summary of accounts under management using graphs, charts, and illustrations. We provide this report for our regular presentations to the City. Sample reports are provided in the **Appendix**.

Ad-Hoc Reporting: The City will have direct access to a team of dedicated partners at Chandler. If there are ad-hoc reporting requirements, a package can be created for the City that addresses specific needs. Chandler's professionals excel at the type of communication required to provide full transparency of your investment portfolio and to assist with translating the details of the entire investment program efficiently and effectively.

Portfolio Monitoring and Compliance Certification

Chandler uses robust order management (OMS) and portfolio compliance software from Bloomberg AIM for overseeing compliance with client objectives, policies and legal requirements on a pre-trade, post-trade and end-of-day basis. At the inception of an engagement, a member of the compliance team codes each element of the investment policy and guidelines into the Bloomberg system. Since each trade originates in the system, pre-trade compliance testing is generated each time a portfolio manager prepares to execute a transaction. The system prohibits execution of the trade if it does not comply with your investment policy. If an "alert" is triggered for non-compliance, it cannot be overridden by an investment manager and is escalated for review by compliance professionals.

Oversight of portfolio compliance and trade order management is conducted by Chandler's dedicated Compliance Department, headed by Chief Compliance Officer, Michael Rasmussen, JD, and which functions separately from the portfolio management team under the appropriate segregation of duties. As a part of our regular process of policy and guideline monitoring, we provide clients with a monthly detailed Statement of Compliance, based on our complete review of our clients' investments. This report details adherence to requirements such as permitted investments, minimum credit quality, maximum maturities, and concentration limits. This Statement also serves as an effective means of reporting compliance to the governing body.

This sample report is being provided for illustrative purposes to demonstrate Chandler's reporting capabilities. Elements of the Compliance Report are representative of investment guidelines promulgated by State Law or the entity's investment policy.

In the event of a compliance violation, the details and actions taken to correct the violation would be detailed in this report.

Further procedures to confirm compliance with state laws, your investment policy, objectives, and directives include:

- A daily reconciliation of transactions and cash balances with custodian information
- A month-end review of the portfolio to confirm compliance with the Investment Policy
- A comprehensive weekly process to confirm that the credit quality meets your policy standards as well as our strict quality requirements
- A portfolio structure that satisfies liquidity objectives with short-maturity securities and return objectives with higher duration investments
- Frequent communication between our team and yours to help us stay informed of any new developments that may modify your objectives
- Meetings with your staff as frequently as you choose to provide additional opportunities to review portfolio composition and performance at a high level

Through Bloomberg AIM's integration, Chandler enhances its workflow automation and improves synchronicity with our clients' internal accounting and portfolio management systems for more centralized and efficient operations. The Bloomberg AIM system provides seamless data integration that improves trading and compliance, and post-trade automation such as trade and security master file (SMF) data automatically sent to our accounting system. Its compliance monitoring features calculates and monitors asset class exposure, as well as issuer size and concentration.

Broker/Dealer Selection and Monitoring

Chandler's investment management team maintains an active, productive relationship with the broker-dealer community to promote an ongoing flow of market information and to execute trades for our clients at competitive prices. Chandler executes security transactions on a transparent and highly competitive basis, in accordance with our commitment to best execution.

On a given day, various factors may combine to generate the best price for a given transaction, including current dealer inventories, dealer profit/loss positions, and individual dealer sentiments about the market. No one dealer will consistently provide best execution. For that reason, we monitor and compare inventories and prices from each of our broker-dealers. Our broker-dealer relationships and competitive bid process provide market access for our clients that they would likely not achieve on their own, resulting in an incremental net financial advantage over time and an additional source of value in selecting Chandler as investment manager. This process includes:

- Working with a broad range of security broker-dealers that provide a high level of market liquidity and product inventory.
- Reviewing the credentials and regulatory background of each broker-dealer firm and their employees with whom we trade using FINRA's online BrokerCheck System.
- Consistently placing several dealers in competition by seeking a minimum of three quotations that are documented on trade tickets made available to clients the same day trades occur.

Meetings

Meetings will be held with the City's staff at least quarterly. Investment professionals and client service team members will review the investment portfolio, discuss any upcoming legislation, and inquire about any internal changes to your requirements. At times, extra meetings are required when City Council members request additional presentations. Chandler's team maintains the flexibility to meet with you as needed and will also attend any ad hoc or special meetings to present on fixed income topics throughout the year.

Depending on the meeting agenda, one or more of following team members will represent the Firm: **Karl Otto Meng, CFA**, *Portfolio Strategist* and **Mia Corral Brown**, *Regional Director*.

Serve as a General Resource for City Staff

We will keep you fully informed of investment strategies, market conditions, and developments that are relevant to your investment program and could potentially impact you from a risk, opportunity, operational and statutory perspective. We will meet with your staff quarterly either in person or in a secure virtual setting. Our investment professionals will also be available by phone during business hours. Chandler's professionals excel at the communication required to provide full transparency of your investment portfolio and assist with translating the details of the entire investment program efficiently and effectively to the City's finance staff, City Council, and other stakeholders.

We will provide educational presentations based on best practices of public financial management. We have developed educational materials on a wide range of investment topics, including risk, duration, benchmarking and total return, corporate credit analysis, accounting, and others. Learning opportunities are offered quarterly via webinars and are available for continuing professional education (CPE) credits.

COST PROPOSAL & SCHEDULE

Cost proposals shall be submitted as a separate file and not incorporated into the proposer's response file.

Our cost proposal has been submitted as a separate file.

Our proposed fee schedule is all-inclusive for the services that Chandler provides, including full-time investment advisory and portfolio management services, technological resources, onboarding and implementation, online access to our client portal, comprehensive reporting, meetings, personal visits, educational offerings for your staff, and the additional support services described in Chandler's proposal. Chandler does not charge fees on funds held in Local Government Investment Pools. We charge 1 basis point (0.01%) to report on assets that are not under our direct management. Fees are firm for the entire initial contract term and the City will not be subject to any increases during this period.

Our fee schedule *does not* include charges the City would incur for third-party custodial services, which, as an important control in the investment process, are not provided by Chandler.

The employees to be assigned are described in the two previous sections. Portfolios are managed on a team basis and we do not assign person-hour costs.

There will be no subcontractors used in this engagement.

Key implementation and engagement tasks are provided below:

Implementation Tasks

Investment Program Implementation from Notice of Award
• Execute investment management agreement • Complete opening documentation • Establish or review the custodial relationship • Determine sources of funding
Strategy Development
• Review investment policy • Analyze cash needs • Discuss investment objectives • Assess risk parameters • Create a customized investment strategy • Draft management directive
Preparing to Invest
• Finalize management directive • Set up read-only access to a custodial account • Build assets in Chandler trading and accounting systems • Assign Chandler client portal credentials and conduct a portal demonstration • Train City staff on Chandler's reporting portal • Establish trading rules with the Chandler Compliance team
Investment of Funds
• Confirm (if required) with the City and execute the funding strategy for initial purchases • Carry out active, discretionary investment to maintain target portfolio structure • Communicate regularly with staff; provide monthly reports and quarterly formal portfolio reviews

Key Engagement Tasks

Investment Policy Review. At the inception of the relationship, Chandler's investment professionals will extensively review the City's investment policy to confirm it encompasses the latest requirements of State Code, industry best practices, and management directives. In addition, we will perform an annual formal review of the City's investment policy for updates to reflect the latest changes to State Code, and incorporate your objectives and cash flow needs that may change over time.

Cash Flow Analysis. Chandler will conduct a statistical analysis of City's cash usage and will factor in any known budgetary events to project future balances and quantify liquidity needs. Additionally, Chandler will identify opportunities to enhance investments by allocating resources to longer-duration strategies within the investment program.

Establish an Appropriate Performance Benchmark. We will identify an appropriate benchmark for operating reserves, capital improvement funds and debt service reserve to measure portfolio outcomes that are in line with an overarching investment strategy designed to meet your risk tolerance and return expectations.

Provide Credit Analysis of Investment Instruments in Portfolio. Before purchasing any securities, Chandler will conduct a thorough credit analysis on every security considered for the City's investment portfolio. We will communicate changes to keep your staff informed of market conditions or significant developments in the City's portfolio.

Comprehensive Investment Management. Chandler will provide discretionary investment management services for the City pursuant to the standard of care required as a fiduciary. We will collaborate with the City's staff to create and deploy customized investment strategies designed to address your specific needs. We will monitor investment opportunities and evaluate investments in the portfolio within the scope of a comprehensive strategy for safety, liquidity needs, and return. We will rebalance the portfolio appropriately to be resilient under changing economic conditions, looking to enhance safety[1], liquidity, and long-term return.

Regularly communicate and meet with the City's staff and be available for board meetings as needed. Chandler will meet with staff quarterly and be available to address policy makers per the City's requirements. We encourage ongoing discussions with your staff to keep your investment strategy aligned with your understood goals and objectives while remaining flexible enough to propose innovative solutions as your needs evolve.

Compliance Monitoring. We will monitor your portfolio for compliance with your investment policy, state law, and any additional directives. When we begin our relationship with the City, Chandler's compliance personnel will hard-code each specific element of the investment policy and any additional client directives into the system for the portfolio.

Reconciliation with Custodian Records and Settlement. Chandler's operations team performs daily reconciliations of cash balances and positions in all accounts. The team also invests in tools and technology to support the portfolio management process and simplify investment reporting and compliance.

Custodian Bank/Safekeeping Review and Selection. As part of our services, we can assist in setting up custodial and safekeeping arrangements. Your Relationship Manager will review your current custodial arrangement (if any), including contractual arrangement, services provided, your satisfaction with the services, and their cost. We can make recommendations for revisions in your existing relationship or assist in selecting a new custodian that best meets your needs.

Best Execution, Settlement, and Documentation. Chandler executes approved securities transactions on a transparent and highly competitive basis in accordance with our commitment to best execution and documents the quotes we receive. All trades will be settled at the third-party custodian bank using delivery-versus-payment (DVP) procedures.

Client Education. We will provide educational presentations based on best practices of public financial management. We have developed educational materials on a wide range of investment topics, including risk, duration, benchmarking and total return, corporate credit analysis, accounting, and others. Learning opportunities are offered quarterly via webinars and are available for continuing professional education (CPE) credits.

Serve as a General Resource for City Staff. We will keep you fully informed of investment strategies, market conditions, and developments that could impact you from a risk, opportunity, operational and/or statutory perspective. We will meet with your staff quarterly either in person or in a secure virtual setting. Our investment professionals will also be available by phone during business hours. Chandler's professionals excel at translating the details of the entire investment program efficiently and effectively to the City's finance staff, City Council, and other stakeholders.

PROPOSED EXCEPTIONS

Describe all proposed exceptions, alterations or amendments to the Scope of Services or other requirements of this RFP, including the Sample Contract (Exhibit A).

Chandler does not have any exceptions to the terms described in the City's sample professional services agreement. However, please refer to the **Appendix** for our Proposed Additional Terms for Agreement and Sample Investment Services Contract.

FACTS

WHAT DOES CHANDLER ASSET MANAGEMENT, INC. DO WITH YOUR PERSONAL INFORMATION?

Why?

Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.

What?

The types of personal information we collect and share depend on the product or service you have with us. This information can include:

- Social Security number and investment experience
- Account balances and transaction history
- Assets and income

When you are *no longer* our customer, we continue to share your information as described in this notice.

How?

All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons Chandler chooses to share; and whether you can limit this sharing.

Reasons we can share your personal information	Does Chandler share?	Can you limit this sharing?
For our everyday business purposes— such as to process your transactions, maintain your account(s), respond to court orders and legal investigations, or report to credit bureaus	Yes	No
For our marketing purposes— to offer our products and services to you	Yes	No
For joint marketing with other third-party financial companies	No	We do not share
For our affiliates' everyday business purposes— information about your transactions and experiences	Yes	No
For our affiliates' everyday business purposes— information about your creditworthiness	No	We do not share
For our affiliates to market to you	Yes	No
For non-affiliates to market to you	No	We do not share

Questions? Call (858) 546-3737 or go to www.chandlerasset.com

What we do

How does Chandler protect my personal information?	To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.
How does Chandler collect my personal information?	We collect your personal information, for example, when you ■ Open an account or enter into an investment advisory agreement ■ Give us your income information and your contact information ■ Tell us about your investment or retirement portfolio We also collect your personal information from other companies
Why can't I limit all sharing?	Federal law gives you the right to limit only ■ sharing for affiliates' everyday business purposes—information about your creditworthiness ■ affiliates from using your information to market to you ■ sharing for non-affiliates to market to you State laws and individual companies may give you additional rights to limit sharing. [See below for more on your rights under state law.]

Definitions

Affiliates	Companies related by common ownership or control. They can be financial and nonfinancial companies. ■ *Chandler Asset Management, Inc. is affiliated with Chandler Distribution Services, LLC, a registered broker-dealer.*
Non-affiliates	Companies not related by common ownership or control. They can be financial and nonfinancial companies. ■ *Chandler Asset Management, Inc. does not share with non-affiliates so they can market to you*
Joint marketing	A formal agreement between nonaffiliated financial companies that together market financial products or services to you. ■ *Chandler Asset Management, Inc. doesn't jointly market.*

Other important information

Information for Vermont, California and Nevada Customers

In response to a Vermont regulation, if we disclose personal information about you to non-affiliated third parties with whom we have joint marketing agreements, we will only disclose your name, address, other contact information, and information about our transactions or experiences with you.

In response to a California law, we automatically treat accounts with California billing addresses as if you do not want to disclose personal information about you to non-affiliated third parties except as permitted by the applicable California law. We will also limit the sharing of personal information about you with affiliates to comply with all California privacy laws that apply to us.

Nevada law requires us to disclose that you may request to be placed on our "do not call" list at any time by calling 1-831-759-6300. To obtain further information, contact the Bureau of Consumer Protection, Office of the Nevada Attorney General at 555 E. Washington Ave., Suite 3900, Las Vegas, NV 88101; phone 1-702-486-3132; email BCPINFO@ag.state.nv.us

Professional Biographies

William Dennehy II, CFA
Co-Chief Investment Officer

William Dennehy II is a Co-Chief Investment Officer at Chandler Asset Management and maintains multiple leadership responsibilities at the firm, including being a member of the Executive Leadership Team since 2016, focused on setting the overall strategic direction of the firm. Specific to the investment team, William co-chairs both the Economic and Market Analysis Committee as well as the Risk Committee and is also a voting member of the firm's Credit Committee and Multi-Asset Class Committee. In addition to his responsibilities in helping to lead the investment team, he is also actively involved with specific client relationships to implement portfolio strategies and securities trading. Of particular emphasis during his time at Chandler, which began in 2011, has been collaborating with clients to expand their investment mandates in an effort to identify more creative and robust investment strategy solutions to meet client goals.

Prior to joining Chandler, William spent 10 years working for Northern Trust Global Investments in Chicago, IL, most recently as a Senior Portfolio Manager and Vice President, with a wide range of responsibilities in asset allocation, quantitative and qualitative analysis, and trading in client accounts. William began his investment career in New York City, working for several financial institutions, including Kidder Peabody, Swiss Bank, and UBS, primarily trading short term interest rate products to support the overall capital market operations of the respective institutions.

William earned his B.S. in Business Administration with an option in Finance from California State University at Chico. He is a member of the CFA Institute and the CFA Society of San Diego and holds the designation of Chartered Financial Analyst (CFA).

Scott Prickett, CTP
Co-Chief Investment Officer

Scott Prickett is a Co-Chief Investment Officer. He is responsible for managing the Portfolio Strategist Team as well as building and maintaining client relationships with a focus upon developing and enhancing client investment programs. Scott actively participates in the portfolio management process and meets with clients on a regular basis to review their accounts, portfolio activity, portfolio strategy and financial markets. Scott started his investment industry career in 1987, with a focus largely on managing short-term fixed income strategies for governmental and institutional non-profit clients.

Prior to joining Chandler, Scott was Managing Director and Portfolio Manager at Davidson Fixed Income Management. Scott was directly responsible for managing over $750 million in client assets and had management responsibilities over multiple business units with combined total assets of over $5 billion. These included taxable and tax-exempt SMA programs, a Local Government Investment Pool (LGIP) and SeaCap Investment Advisors. At ALPS Mutual Fund Services, Scott played a key role in developing two SEC registered mutual funds. Scott also spent two years at Pacific Investment Management Company (PIMCO) as a fixed income Portfolio Specialist for over $1.4 billion in assets.

Scott earned his B.S. in business administration with an emphasis in finance from the University of Northern Colorado. Scott has earned the Association of Financial Professionals designation as a Certified Treasury Professional (CTP) and is a frequent speaker for various local and national organizations.

Jayson Schmitt, CFA
Co-Chief Investment Officer

Jayson Schmitt is a Co-Chief Investment Officer at Chandler Asset Management. In addition to his duties as a Co-CIO, he oversees daily trading. He has been instrumental in the development and integration of quantitative analytic tools for the portfolio management process. Jayson co-chairs both the Quantitative Analysis Committee and Multi-Asset Class Committee and is also a member of the Economic and Market Analysis Committee.

Prior to joining Chandler in 1995, Jayson was employed as a Financial Analyst with USA Federal Credit Union in San Diego, managing a $100 million liquidity book. His responsibilities there also included asset/liability management.

Jayson earned his B.A. in economics from San Diego State University. He is a member of the CFA Society of San Diego and holds the designation of Chartered Financial Analyst.

Daniel Delaney, CFA
Deputy Chief Investment Officer

Daniel (Dan) Delaney is a Deputy Chief Investment Officer at Chandler Asset Management. He plays a pivotal role in investment strategy development and portfolio risk management alongside the Co-CIOs and is responsible for implementing portfolio strategy and securities trading in client accounts. Dan is co-Chair of the Sector Committee and a member of both the Credit Committee and the Economic and Market Analysis Committee.

Prior to joining Chandler in 2021, Dan was a Senior Portfolio Manager with Allianz Global Investors, based in New York, responsible for managing Global Credit mandates. He also spent ten years as a Global Credit Analyst and Portfolio Manager with Rogge Global Partners, both in London and New York.

Dan earned a B.A. (Honors) degree in Business Economics from the University of Exeter, UK. He holds the designation of Chartered Financial Analyst (CFA).

Genny Lynkiewicz, CFA
Senior Portfolio Manager

Genny Lynkiewicz, CFA is a Senior Portfolio Manager and joined the firm in 2015. Genny has over 25 years of experience in the finance industry specializing in fixed income investments. She is responsible for implementing portfolio strategy and securities trading in client accounts.

Prior to joining Chandler, Genny worked at BMO Asset Management in Chicago where she managed over $8 billion in taxable 2a-7 money market funds (BMO Prime and Government Money Market Funds), securities lending portfolios, and separately managed accounts. She also served as the asset-backed commercial paper analyst at M&I Investment Management.

Genny earned a B.B.A. in Finance, Investment & Banking, and a Certificate in International Business from the University of Wisconsin, Madison. She holds the designation of Chartered Financial Analyst and is a member of the CFA Society of San Diego. Genny also serves on Chandler's Risk, LGIP, and Economic and Market Analysis Committees.

John McDowell, CFA, CMT
Senior Portfolio Manager

John McDowell is a Senior Portfolio Manager at Chandler Asset Management. He is responsible for implementing portfolio strategy and securities trading in client accounts and contributing to the firm's market outlook.

Prior to joining Chandler in 2023, John spent eleven years performing fundamental company and market research and analysis and portfolio management at an investment management firm in Santa Monica and the Irvine Company in Newport Beach. John was also an equity trader with a private practice for five years.

John earned a B.S. degree in Electrical Engineering from the University of Southern California and an M.B.A. from the New York University Stern School of Business. He holds the designation of Chartered Financial Analyst (CFA) and Chartered Market Technician (CMT).

Chris Blackwood
Senior Portfolio and Investment Pool Strategist

Chris Blackwood joined Chandler in 2024 as a Senior Portfolio and Investment Pool Strategist. He brings more than 25 years of experience in the financial services industry, with a focus on local government investment pools (LGIPs), separately managed accounts and bond proceeds portfolios.

Prior to joining the firm, Chris was a managing director at PFM Asset Management, providing investment advisory services to local governments throughout the Rocky Mountain region. His experience also includes serving as an administrator and/or portfolio manager for three LGIPs; as a research director for several bond underwriting firms; and as a senior economist to the Governor of Colorado. He is the author of four books, including his most recent publication, Investing Public Funds in Colorado, a definitive guide to permitted public investments in the Centennial State.

Chris holds a Bachelor's and Master's degrees in economics from the University of Colorado and has executive education from the University of Denver and the Massachusetts Institute of Technology.

Steve Huntley
Senior Portfolio Strategist

Steve Huntley joined Chandler in March of 2025 as a Senior Portfolio Strategist. His responsibilities include maintaining relationships with clients and helping guide their portfolios through varying market cycles.

Prior to joining Chandler, Steve served as the Director of Finance and Administration at the City of Farmersville in Central California while holding multiple leadership roles in the broader financial industry. He served on the Board and the Executive Committee of Central San Joaquin Valley Risk Management Authority (CSJVRMA) for more than a decade, including a term as President from 2020 to 2022. He also served on the board of the California Affiliated Risk Management Authority (CARMA, an excess liability JPA) from 2019-2025 and helped found CARMA's Captive Insurance Company, California Affiliated Risk Management Authority Captive (CARMAC). Steve has six years of private-sector investment experience from Capital Group and Cambridge Investment Research.

Steve is an active member of the Professional Standards Committee with CSMFO and the Finance Committee with CAJPA. He is also the chair of the Portfolio Strategy Committee at Chandler Asset Management.

Steve graduated from Biola University with his B.S. in Business Administration Management. He holds his FINRA Series 65 registration, is a Certified Public Finance Officer (CPFO) through the Government Finance Officers Association (GFOA), and is a Senior Certified Professional (SCP) through the Public Sector HR Association (PSHRA). When Steve isn't assisting clients, he enjoys hiking, camping, and snowshoeing with friends and family and visiting national parks (nearly 30 and counting!)

Julie Hughes
Senior Portfolio Strategist

Julie Hughes, Senior Portfolio Strategist, has more than 30 years of experience of finance, strategy, and client relationship management experience. Julie works extensively with clients to develop and implement investment strategies for operating funds and bond proceeds. She is a frequent speaker at industry conferences and regularly writes the Firm's economic and market commentary. She is a member of Chandler's Economic and Market Analysis Committee and Qualitative analysis Committee.

Prior to joining Chandler, Julie worked as a fixed income portfolio manager, municipal advisor, and municipal credit analyst for Davidson Fixed Income Capital Management, where she served as a portfolio strategist for the City of Tamarac. She has deep expertise with structured products and hedging interest rate risk for municipal dept. In addition to advising the public sector, Julie has held positions in corporate strategy and management consulting.

Julie earned an M.B.A. from the Wharton School of the University of Pennsylvania and a B.A. in Marketing from the University of Texas of Austin.

Carlos Oblites
Senior Portfolio and Investment Pool Strategist

Carlos Oblites is Senior Portfolio Strategist and Investment Pool Strategist at Chandler Asset Management. He is responsible for building and maintaining client relationships with public agencies along with participating actively in the portfolio management process. Carlos has over 30 years of investment and financial experience, focused largely on managing short-term fixed income and pension strategies for governmental and institutional non-profit clients. Carlos currently serves on the firm's Local Government Investment Pool Committee. He also serves as a member of the Government Finance Officers Association's (GFOA) Committee on Retirement and Benefits Administration (CORBA), which tracks new industry practices, regulatory and legislative developments, and issues best practices to assist public pension and personnel officers effectively manage state and local retirement funds and employee benefits.

Prior to joining Chandler, Carlos served as the Administrative Services Manager at Central Marin Sanitation Agency (CMSA) and was responsible for all aspects of the Agency's financial, human resources, administrative support, and information systems activities. He also has significant expertise in serving California public agencies, healthcare, and insurance clients through his roles as Director at PFM Asset Management, and as a Principal at Wells Capital Management. Previous responsibilities include managing institutional client relationships and developing, implementing, and monitoring customized investment strategies for operating funds, bond proceeds, pension, and post-retirement funds. Carlos has also worked as a teacher for the Long Beach Unified School District.

Carlos holds a B.A. degree in History from the University of California, Santa Barbara, and earned a M.B.A. from San Francisco State University. He holds the FINRA Series 7, 63, and 65 licenses.

Alaynè Marie Sampson, CTP
Portfolio Strategy Manager

Alaynè Marie Sampson, CTP, joined Chandler Asset Management in 2022 as a Senior Portfolio Strategist, bringing a dynamic combination of business acumen, market knowledge and insatiable curiosity to the firm. During her 20+ year career, Alaynè Marie has held roles in process improvement and systems analysis, marketing, operations and multiple facets of finance, making her a go-to resource for clients and colleagues alike.

One of her favorite ways of supporting clients is helping them understand market conditions and the broader economy so they can put public funds to their best and highest use within communities. She is known for being an excellent presenter and is frequently invited to speak at industry events and educational sessions.

Alaynè Marie is a graduate of Cornell University with her B.A. in Women's Studies. She holds the FINRA Series 65 registration and the Certified Treasury Professional (CTP) designation.

Scott Stitcher, CFA, CMFC
Senior Portfolio Strategist

Scott Stitcher joined Chandler in 2025 as a Senior Portfolio Strategist in the Clearwater, Florida office. As a member of the Chandler Investment Team, he is responsible for building and maintaining client relationships with public entities, along with participating actively in the portfolio management process. Scott has 28 years of investment experience, focused largely on working with governmental, corporate and non-profit clients.

Before joining Chandler, Scott was a director at PFM Asset Management (PFMAM), a division of U.S. Bancorp Asset Management, Inc. where his focus was primarily on providing a broad range of investment advisory and consulting services, including developing investment strategies, modeling cash flows; and reviewing portfolio performance and investment policy development for operating, reserve, bond proceed and multi asset class portfolios.

Before joining PFMAM, Scott was a senior investment consultant with the Newport Group, Inc. where he was responsible for institutional retirement plan clients. Prior to the Newport Group, Scott was a senior vice president and director in Institutional Client Management with Evergreen Investments, the asset management division of Wachovia (later Wells Fargo). In that position he worked with clients on the planning, implementation and ongoing supervision of their investment strategies.

Scott graduated from West Virginia University with a degree in Finance with an emphasis on Security Markets and Investments. Scott is a member of the CFA societies of Atlanta and Orlando and holds the designation of Chartered Financial Analyst (CFA). Additionally, he holds the Chartered Mutual Fund Counselor (CMFC) designation previously awarded by the College for Financial Planning, now part of Kaplan, Scott holds the FINRA series 7 and 63 licenses.

Karl Otto Meng, CFA
Portfolio Strategist

Karl Otto Meng joined Chandler Asset Management in 2022 as a Portfolio Strategist, bringing extensive market and economic expertise to the firm. He is an integral member of the Investment Management Team, actively contributing to portfolio management and cultivating client relationships. Karl also serves on the Economic and Market Analysis Committee and provides regular written economic commentary for both internal use and broader distribution. His primary focus is identifying and communicating key investment themes and trends for integration into client portfolios.

With over 18 years of experience spanning Fixed Income Institutional Sales & Trading and Portfolio Strategies, Karl brings a deep understanding of the fixed income markets. Prior to joining Chandler, he was Vice President at Vining Sparks IBG LP, responsible for establishing and maintaining trading relationships with government entities and institutional asset managers. Karl holds a B.A. in Economics from San Diego State University and currently holds FINRA Series 7, 63, and 65 licenses. He holds the designation of Chartered Financial Analyst.

Stephen Church
Trader and Assistant Portfolio Manager

Stephen Church joined Chandler in 2022 as an Assistant Portfolio Manager. He is responsible for supporting the investment management team with portfolio and fixed income research as well as assisting with trading and reporting issues. In addition to assisting with the implementation of portfolio strategies, he is a member of the Quantitative Analysis Committee and the Credit Committee.

Previously, Stephen worked as an Associate Portfolio Manager at Hearthstone Wealth Management where he provided research on economic and market conditions, trends, asset classes, individual investments, and investment strategies as well as assisted in investment model construction, implementation, management, and maintenance. Prior to working at Hearthstone, he worked at Fisher Investments as a Research Analyst within the Portfolio Evaluation Group.

Stephen graduated from the University of Arizona in 2012 with a B.S. in Business Administration. Stephen is currently pursuing the Chartered Financial Analyst® designation.

Aaron Nail, CFA
Portfolio Manager

Aaron Nail joined Chandler in 2022 as an Assistant Portfolio Manager. He is responsible for supporting the investment management team with portfolio and fixed income research as well as assisting with trading and reporting issues. In addition to assisting with the implementation of portfolio strategies, he is a member of the Sector Committee and Credit Committee.

Previously, Aaron worked as a Capital Markets Analyst at Wells Fargo Securities where he was responsible for assisting traders with new issues, repricing current securities, and placing trades with other primary dealers. Aaron was also providing economic and fixed income research to trading, sales and upper management.

Aaron graduated from the University of North Carolina at Charlotte in 2016 with a B.S. in Finance. He holds the FINRA Series 7 and 63 registrations. He is a member of the CFA Institute and the CFA Society of San Diego and holds the designation of Chartered Financial Analyst (CFA).

Kara Hooks , CTP
Portfolio Strategist

Kara Hooks, CTP, joined Chandler Asset Management in 2012 as an administrative assistant and has had a front row seat to the firm's growth ever since. Within a year of joining the team, she was tapped to help build and grow the firm's client service function, instilling the values of proactive communication, fiduciary responsibility, and doing right by every client into the company's core values.

When she moved from the Client Service Director role to the investment side of the business to become a Portfolio Strategist in 2022, she took those client-centric fundamentals with her. Today, she serves as a primary contact for public agency finance staff across the Western region of the U.S., helping clients understand current market dynamics, choose appropriate investment strategies, update investment policies in line with government code, and build investment programs that benefit their communities.

Kara graduated with her B.A. in communication, emphasis in public relations, from University of the Pacific and earned her M.A. in communication from San Diego State University. Kara was awarded the CFA Institute's Investment Foundations Certificate (formerly Claritas® Investment Certificate) in 2013. She holds the FINRA Series 65 license and the Certified Treasury Professional (CTP) designation. She is a frequent speaker for various local and national organizations.

Kyle Perry
Portfolio Strategist

KKyle joined Chandler in 2024 as an Associate Portfolio Strategist. He actively participates in the portfolio management process with a focus on building and maintaining client relationships. He is responsible for identifying and communicating key investment themes and trends for implementation into client portfolios.

Prior to joining Chandler, Kyle owned a commercial insurance business and worked as an investment advisor and broker with Farm Bureau. He holds the FINRA SIE and Series 6, 7, and 65 registrations.

Kyle was a Division I football player for the University of Idaho, where he graduated with a B.S. in Finance in 2020, and earned his Master's in Finance from the University of Colorado in 2024. In his spare time, he coached high school football and baseball while studying for his FINRA exams.

Raré Williams, CFA
Associate Portfolio Manager

Raré Williams joined Chandler Asset Management in 2024 as an Associate Portfolio Manager. In this role, he supports the investment management team with portfolio strategy, fixed income research, trading execution, and reporting.

Before joining Chandler, Raré worked as a Trader at Fidelity Investments, where he specialized in executing complex multi-asset class trades, with a focus on options strategies and margin risk management. He also provided analytical support for trade execution, corporate actions, and portfolio strategy implementation.

Raré earned his B.S. in Finance from Central Michigan University in 2017. He holds FINRA Series 7, 63, 65, and 66 licenses and the designation of Chartered Financial Analyst (CFA). He is also a member of the CFA Institute and the CFA Society of San Diego.

BUSINESS DEVELOPMENT

Ryan Tauber
Chief Operating Officer

Ryan joined Chandler Asset Management as Managing Director of Business Development in 2020 and was promoted to Chief Operating Officer in 2024. As COO, Ryan is responsible for leveraging new technology, building efficient processes, leading high-performing teams, and spearheading new initiatives that drive business growth and deliver exceptional client experiences. He oversees the Marketing, Client Service, Relationship Management and Operations departments.

Prior to joining Chandler, Ryan worked in business development, strategy and risk management roles for multiple prominent financial institutions, including Morgan Stanley, Bank of America, and Union Bank. He earned his M.B.A. from Pepperdine University and his undergraduate degree in Finance from the University of Southern California.

Stacey Alderson, CTP
Client Service Director

Stacey Alderson joined Chandler Asset Management in 2014 and is the Director of Fund Accounting and Administration. Stacey oversees the daily responsibilities of the Fund Accounting and Administration team including fund accounting, participant communication, reporting, and review/processing of participant account activity. Stacey collaborates with all departments at Chandler to respond to LGIP related questions and changes, as well as coordinates the onboarding process of new participant accounts.

Stacey previously served as the Client Service Director serving as a liaison between clients and the Chandler team to facilitate the onboarding of new client accounts, proactively schedule client meetings, maintain existing client relationships, create and distribute client reports, and respond to client-generated requests. In addition, Stacey has significant expertise in assisting clients with cash flow analysis and in developing and maintaining cash flow projections within their treasury management operations.

Stacey began working in the financial services industry in 1998 through positions in both banking and asset management. She earned her B.A. in business administration with an emphasis in accounting from the University of Montevallo. Stacey has received the AFP designation as a Certified Treasury Professional (CTP).

Hillary Schuler-Jones
Director of Marketing

Hillary Schuler-Jones is a Director of Marketing and joined the firm in 2023. She is responsible for shaping the company's marketing strategy, driving growth in key segments, and ensuring the brand is consistently and effectively represented across all channels.

Hillary has nearly 20 years of experience in marketing, advertising, and public relations. Prior to joining Chandler, she served as Director of Downstream Marketing for a Breg, Inc., where she oversaw corporate communications, events, channel marketing and customer experience. She is a passionate word nerd and grammar fanatic. Prior to Breg, she held roles at The Omidyar Group, Porter Novelli and Sharp HealthCare.

Hillary earned her MBA and dual Bachelor's degrees in Journalism and Political Science from Cal Poly, San Luis Obispo.

BUSINESS DEVELOPMENT

Mia Corral Brown
Regional Director

Mia Corral Brown is a Regional Director at Chandler. Leveraging over two decades of experience providing client service to both institutional and public sector clients, Mia's area of focus is on business development and engagement oversight for Public Sector clients in Southern California which include, Cities, Water Districts, Counties, Special Districts and Joint Power Authorities.

In her tenure at Chandler, Mia has served as an Associate, Vice President, Senior Vice President and Sr. Relationship Manager. She is adept at working alongside Public Agencies to provide comprehensive investment management and client service solutions.

Prior to joining Chandler, Mia was employed at Nicholas Applegate Capital Management as an Assistant Marketing Manager and has worked as a Sales Assistant in her early years in the Financial Industry. Mia is an active member of the California Society of Municipal Finance Officers (CSMFO), the Government Finance Officers Association (GFOA), California Municipal Treasurers Association (CMTA), and is a Member of the California Association of California Treasurers and Tax Collectors and several other Associations which support CA Public Agencies. Mia is a founding member of Women in Public Finance, San Diego Chapter and is a member of our Firm's DEIB Committee.

Mia is a graduate of San Diego State University where she earned her B.A. in communications with an emphasis in business. She currently holds FINRA SIE, Series 7 and Series 65 licenses.

Aneil Murphy
Regional Director

Aneil (Neil) Murthy is a Senior Relationship Manager and joined the firm in 2020. He has over a decade of experience in finance servicing public agency and institutional clients. Neil's area of focus is on the development of client relationships in the public sector and he serves as a relationship manager for existing clients throughout Northern California.

Prior to joining Chandler, Neil was a Relationship Manager for BNY Mellon Corporate Trust's Public-Not-For-Profit segment and was dedicated exclusively to California. Neil's responsibilities included ensuring satisfaction for the bank's high value clients and seeking out new opportunities. In this role, Neil serviced California cities, counties, special districts and transportation authorities and gained a broad understanding of the specific investment needs and financial challenges these entities face. Neil also worked for The Hartford Financial Services and served in a variety of client facing roles.

Neil is a graduate of the University of Connecticut with a B.A. in Political Science and earned an M.B.A. from Post University. Neil holds the FINRA Series 65 license.

Victor Shin
Senior Relationship Manager

Victor Shin joined Chandler in 2025 as a Senior Relationship Manager. With over two decades of experience in the finance industry, Victor's responsibilities at Chandler involve deepening client relationships in the public sector throughout California.

Prior to joining Chandler, Victor was the Director of the Government Banking Division at BMO Bank N.A, where he covered municipalities in Northern California and the Pacific Northwest, providing Treasury Management, Public Finance and Fixed Income strategies. Victor also currently holds the role of Senior Adjunct Professor at Golden Gate University in San Francisco, where he teaches Management and Organizational Leadership.

Outside of work, Victor is the President and Chairman of the Board for the Asian Business League of San Francisco and is active in multiple government associations as well, such as CSMFO, CACTTC (vice chair), CMTA, GFOA, and the Oregon GFOA.

Victor completed his B.A. in Accounting/Management at Sonoma State in 1996 and obtained his Executive M.B.A. at Golden Gate University in San Francisco in 2004.

Lili Arnsdorff
Relationship Manager

Lili Arnsdorff joined Chandler Asset Management in 2023 as a Relationship Manager. She is responsible for the development of institutional client relationships across the southeastern United States including public agencies, healthcare organizations, higher education, insurance funds, and special districts.

Lili has spent her career in the Financial Services Industry and comes from a technological background. Her previous roles include time with Nasdaq, John Hancock, and Backstop Solutions in various client-facing roles based in Atlanta. In her previous roles, she worked with the investment teams for Institutional Investors such as Public Pensions, Endowments, Foundations, and Consultants. She has several professional certifications including FINRA Series 7 and 63, SIE, and as well as a B2 Certification in Spanish Language.

She graduated from the University of Tennessee with a B.S. in Communications with an emphasis in Spanish and Business.

ADMINISTRATION

Nicole Dragoo, JD
Chief Executive Officer

Nicole Dragoo is the Chief Executive Officer at Chandler Asset Management. Nicole joined the firm in December 2001 in an operations role. Over her tenure, she has been a core driver in cultivating the culture that makes Chandler unique and has led the expansion of the operations, compliance, legal and administrative functions as the firm has grown. From 2008 to 2021, she served in the roles of Chief Operating and Chief Compliance Officer and as President from 2021-2022.

As CEO, she leads the Executive committee, provides oversight of all aspects of the firm and is responsible for the firm's strategy, culture and administration of resources. She is passionate about cultivating a culture of shared success by building a diverse and talented team of people dedicated to being stewards of the assets and communities entrusted to us.

Nicole started her investment career with Merrill Lynch on the institutional fixed income sales desk. Nicole earned her B.B.A. from the University of San Diego in business economics and her J.D. from the University of San Diego School of Law. She is a member of the State Bar of California. Nicole held the designation of Investment Adviser Certified Compliance Professional (IACCP) from 12/2010 through 12/2022.

In addition to her work at Chandler, Nicole is committed to giving back to the communities the firm serves. She has been a member of the Executive Leadership Team for the San Diego American Heart Association's Heart & Stroke Walk for the past three years and and is an active volunteer and supporter of charitable organizations throughout the San Diego community.

Michael Rasmussen, JD
Chief Compliance Officer and General Counsel

Michael Rasmussen joined Chandler Asset Management in March of 2023 as the firm's Chief Compliance Officer and General Counsel. He leads the compliance team, provides day-to-day guidance and compliance monitoring of the firm's regulatory environment and the legal framework governing SEC-registered investment advisors. Michael also assists the firm's CEO with the oversight functions within the firm and administering all aspects of the compliance program.

Michael began his career in the securities industry as a regulator with the Financial Industry Regulatory Authority (FINRA) and since that time has provided legal and compliance consulting services to hundreds of investment advisers, private fund managers, and broker-dealers. Michael has also served as Chief Compliance Officer and General Counsel for several established investment advisory firms. Michael graduated from Nova Southeastern University Shepard Broad College of Law and is a licensed attorney in Florida and a registered solicitor in the United Kingdom. He has passed the FINRA Series 7, 14, 24, 51, 63, and 65 examinations and has taught several courses on investment adviser compliance.

Martin Cassell, CFA
Chief Financial Officer

Martin Cassell, CFA, is the Chief Financial Officer at Chandler Asset Management and is a principal of the firm. After being CEO for 15 years Martin has changed his role to usher in the next generation of leadership. He will remain part of Chandler's executive team as CFO, corporate advisor, a member of the firm's Executive Committee as well as Chair of the Board.

As CFO, Martin is responsible for the firm's finances and manages the Employee Stock Ownership Plan. He is focused on building and sustaining the financial health of the firm and providing thought leadership and mentoring to the Executive Team. Martin designed the proprietary quantitative models that drive our investment process, establishing duration, structure, and asset allocation throughout client portfolios and continues working with our Chief Investment Officers to continually improve client portfolio outcomes.

Martin joined Chandler in 1991 from the City of San Diego where he managed a $1 billion fixed income portfolio. He began his investment career in 1987 managing portfolios at World Savings and Loan. Martin received his B.S. in Finance from California State University, Hayward. He is a member of the CFA Society of San Diego and holds the designation of Chartered Financial Analyst®.

ADMINISTRATION

Michael Ramos
Senior Business Analyst – Investments Technology

Michael Ramos is the Senior Business Analyst – Investments Technology at Chandler Asset Management. He is responsible for analyzing and advising current and future strategic business needs with investment technology related functions. Mike provides senior level consulting services to senior management and key stakeholders. Mike also provides department level support for business systems functionality, financial data management, and business process improvements. Mike's previous role was Operations Director, where he oversaw the Investment Operations Team, trade processing, trade settlements, portfolio accounting, statement reconciliation, and client reporting. He joined Chandler Asset Management in 2004 as an Operation Associate. His previous experience includes financial accounting and reporting

Mike earned his B.S. in business administration with a specialization in finance from California State University, San Marcos in 2003. In 2009, he received his M.B.A. in finance from National University.

Adriana Haefner, SHRM-SCP
Human Resources Director

Adriana Haefner joined Chandler as Human Resources Director and oversees core HR functions including payroll, benefits, performance management, employee relations, and safety. In her role, Adriana also works to enhance Chandler's workplace culture through training, development, and recruiting efforts, as well as spearheads the planning, implementation, and evaluation of employee policies, programs, and practices.

Adriana has over twelve years' experience in Human Resources. Before her role with Chandler, she served as the HR Director for Keller Interiors. Prior positions include HR Manager for the San Diego Convention Center and HR Director for Westcore Properties. Adriana has also served as the HR Manager for El Super Grocery Stores and Target Corporation. Her positions at Target also included Assets Protection Investigator, Logistics Manager, and Operations Manager.

Adriana holds a B.A. from the University of Southern California and has her SHRM Senior Certified Professional designation.

Alex Johnson, CPA
Finance Manager

Alex Johnson joined Chandler Asset Management as Finance Manager in 2025. He is responsible for financial operations, budgeting, reporting and compliance. In addition to supporting the strategic goals of the firm, Alex plays a key role in the administration of the company's Employee Stock Ownership Plan (ESOP), supporting financial audits, annual valuations, and related reporting requirements.

Prior to joining Chandler, Alex worked in corporate finance in a variety of industries with a focus on building GAAP-aligned accounting infrastructures and delivering impactful reporting. He has led transformative initiatives that drive efficiency, strengthen internal control, and provide strategic insight while partnering with cross-functional teams to deliver financials, support capital planning, and strengthen overall operational and financial performance.

Alex holds B.A. degrees in Finance and Accounting from the University of Cincinnati and is a licensed CPA in the state of California.

Kristin Franco
Investment Support Services Director

Kristin Franco joined Chandler in 2022 as the Director of Investment Operations. She is responsible for implementing investment operation best practices, supervising the operations team, and managing the supporting accounting/investment systems and processes.

Prior to joining the firm, Kristin served as Vice President and Head of Account Implementation in PIMCO's Municipal SMA Client Service and Operations department. Kristin has over 15 years in the financial industry where she served in various Client Service and Operational roles at Gurtin Municipal Bond Management LLC, Wells Fargo Advisors, LLC and Merrill Lynch.

Kristin is a graduate of Humboldt State University where she earned her B.A in Psychology with an emphasis in Organizational Management. Kristin also received her M..A. in Management from the University of Redlands with an emphasis in Training, Coaching, and Development

Global Investment Performance Standards (GIPS®) Composite Reports and Verification Letter

GIPS® Compliant Verification Statement

Verification Report

Chandler Asset Management, Inc.

We have verified whether Chandler Asset Management, Inc. (the "Firm") has, for the periods from July 1, 1997 through December 31, 2024, established policies and procedures for complying with the Global Investment Performance Standards (GIPS®) related to composite and pooled fund maintenance and the calculation, presentation, and distribution of performance that are designed in compliance with the GIPS standards, as well as whether these policies and procedures have been implemented on a firm-wide basis. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

The Firm's management is responsible for its claim of compliance with the GIPS standards and the design and implementation of its policies and procedures. Our responsibilities are to be independent from the Firm and to express an opinion based on our verification. We conducted this verification in accordance with the required verification procedures of the GIPS standards, which includes testing performance on a sample basis. We also conducted such other procedures as we considered necessary in the circumstances.

In our opinion, for the periods from July 1, 1997 through December 31, 2024, the Firm's policies and procedures for complying with the GIPS standards related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been, in all material respects:

- Designed in compliance with the GIPS standards, and
- Implemented on a firm-wide basis.

This report does not relate to or provide assurance on any specific performance report of the Firm or on the operating effectiveness of the Firm's controls or policies and procedures for complying with the GIPS standards.

Chandler Asset Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards.

Chandler Asset Management has been independently verified by ACA Performance Services for the period of July 1, 1997 through December 31, 2024. The verification report is available upon request. A Firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report.

1. Chandler Asset Management is an independent investment adviser registered as such with the Securities and Exchange Commission under the Investment Adviser's Act of 1940. Registration with the SEC does not imply a certain level of skill or training. Since 1988, Chandler Asset Management has provided fixed income investment management services to the public sector, as well as to foundations, endowments, individuals and corporations. A complete list and description of all of the firm's composites is available upon request.
2. The Limited Maturity Composite is a composite of individually managed accounts with an average modified duration approximately equal to the modified duration of the ICE BofA 1-3 Year US Treasury Index and a final stated maturity of individual securities of five years. The minimum account size required to be included in this composite is $2 million. This composite was created September 1988 and incepted October 1988. The name of this composite was changed from Short-Term Fixed Income effective September 30, 2009.
3. The ICE BofA 1-3 Year US Treasury Index tracks the performance of US dollar-denominated sovereign debt publicly issued by the US government in its domestic market. Qualifying securities must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, a fixed coupon schedule, and a minimum amount outstanding of $1 billion. Qualifying securities must have at least 18 months to final maturity at the time of issuance. Indexes are referred to for comparative purposes only and are not intended to parallel the risk or investment style of the portfolios in the Composite. Indexes do not utilize leverage. Index calculations do not reflect fees, brokerage commissions or other expenses of investing. Investors may not make direct investments into any index. Index data contained herein (and all trademarks related thereto) are owned by the indicated index provider, and may not be redistributed. The information herein has not been approved by the index provider.
4. Valuations are computed and performance reported in U.S. Dollars.
5. Performance is calculated using a time-weighted total rate of return, which links performance monthly, and is reported gross of investment management fees and custodial fees, but after all trading expenses. Results reflect the reinvestment of income, dividends and other earnings, and include realized and unrealized gains and losses and interest accrued through the last day of each month. Results do not reflect the potential impact of taxes. Past performance is not indicative of future results. Fees charged by Chandler Asset Management will reduce performance.
6. Net-of-fees performance returns are calculated by reducing the monthly gross performance by one-twelfth (1/12) of the actual maximum applicable fee of 0.25%, which is representative of our current fee schedule for this composite. These monthly returns are then geometrically linked to produce annual returns which are presented before custodial fees but after management fees and all trading expenses. Fees are negotiable and additional information regarding Chandler's fees is included in our Part 2A of Form ADV.
7. Dispersion is calculated using the asset weighted standard deviation of annual gross returns of those portfolios that were included in the composite for the entire year. For years when less than six portfolios were included in the composite for the full year, no dispersion measure is presented. The three-year annualized standard deviation measures the variability of the composite gross returns and the benchmark returns over the preceding 36-month period.
8. Policies for valuing investments, calculating performance, and preparing GIPS reports are available upon request.

Chandler Asset Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards.

Chandler Asset Management has been independently verified by ACA Performance Services for the period of July 1, 1997 through December 31, 2024. The verification report is available upon request. A Firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report.

1. Chandler Asset Management is an independent investment adviser registered as such with the Securities and Exchange Commission under the Investment Adviser's Act of 1940. Registration with the SEC does not imply a certain level of skill or training. Since 1988, Chandler Asset Management has provided fixed income investment management services to the public sector, as well as to foundations, endowments, individuals and corporations. A complete list and description of all of the firm's composites is available upon request.
2. The Short Term Bond Composite is a composite of individually managed accounts with an average modified duration approximately equal to the modified duration of the ICE BofA 1-5 Year US Treasury & Agency Index and a maximum final stated maturity of individual securities of five years. The minimum account size required to be included in this composite is $2 million. This composite was created in September 1995 and incepted September 1995. The name of this composite was changed from 1-5 Year Government Fixed Income effective September 30, 2009.
3 The ICE BofA 1-5 Year US Treasury & Agency Index tracks the performance of US dollar denominated US Treasury and nonsubordinated US agency debt issued in the US domestic market. Qualifying securities must have an investment grade rating (based on an average of Moody's, S&P and Fitch). Qualifying securities must have at least one year remaining term to final maturity and less than five years remaining term to final maturity, at least 18 months to maturity at time of issuance, a fixed coupon schedule, and a minimum amount outstanding of $1 billion for sovereigns and $250 million for agencies. Index calculations do not reflect fees, brokerage commissions or other expenses of investing. Investors may not make direct investments into any index. Index data contained herein (and all trademarks related thereto) are owned by the indicated index provider, and may not be redistributed. The information herein has not been approved by the index provider.
4. Valuations are computed and performance reported in U.S. Dollars.
5. Important Disclosures

IMPORTANT DISCLOSURES

ICE BofA 1-3 Year US Treasury Index

The *ICE BofA 1-3 Year US Treasury Index* tracks the performance of US dollar-denominated sovereign debt publicly issued by the US government in its domestic market. Qualifying securities must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, a fixed coupon schedule, and a minimum amount outstanding of $1 billion. Qualifying securities must have at least 18 months to final maturity at the time of issuance.

ICE BofA 1-5 Year US Treasury & Agency Index

The *ICE BofA 1-5 Year US Treasury & Agency Index* tracks the performance of US dollar denominated US Treasury and nonsubordinated US agency debt issued in the US domestic market. Qualifying securities must have an investment grade rating (based on an average of Moody's, S&P and Fitch). Qualifying securities must have at least one year remaining term to final maturity and less than five years remaining term to final maturity, at least 18 months to maturity at time of issuance, a fixed coupon schedule, and a minimum amount outstanding of $1 billion for sovereigns and $250 million for agencies.

Source ICE Data Indices, LLC ("ICE"), used with permission. ICE permits use of ICE indices and related data on an "as is" basis; ICE, its affiliates and their respective third-party suppliers disclaim any and all warranties and representations, express and/or implied, including any warranties of merchantability or fitness for a particular purpose or use, including the indices, index data and any data included in, related to, or derived therefrom. Neither ICE Data, its affiliates or their respective third-party providers guarantee the quality, adequacy, accuracy, timeliness or completeness of the indices or the index data or any component thereof, and the indices and index data and all components thereof are provided on an "as is" basis and licensee's use is at licensee's own risk. ICE Data, its affiliates and their respective third party do not sponsor, endorse, or recommend Chandler Asset Management, or any of its products or services.

This report is being provided for informational purposes only. No investment decision should be made based solely on the information provided herein. All investments involve risk, including loss of principal invested. The strategies referenced may not be suitable for all investors. The information contained herein is based on internal research derived from various sources and does not purport to be statements of all material facts relating to the strategies. While not guaranteed as to accuracy or completeness, some of the information has been obtained from sources we believe to be reliable. Third-party source information is provided by independent sources deemed to be reliable but is not guaranteed. Opinions expressed herein are subject to change without notice. There can be no assurance that an account or specific investment product will be able to achieve its investment objective. No guarantee of investment performance is being provided and no inference to the contrary should be made.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Fixed income investments are subject to interest, credit, and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

IMPORTANT DISCLOSURES

Client Name| Account #00000| As of September 30, 2024

Chandler Asset Management, Inc. (“Chandler”) is an SEC registered investment adviser. For additional information about our firm, please see our current disclosures (Form ADV). To obtain a copy of our current disclosures, you may contact your client service representative by calling the number on the front of this statement or you may visit our website at www.chandlerasset.com.

Information contained in this monthly statement is confidential and is provided for informational purposes only and should not be construed as specific investment or legal advice. The information contained herein was obtained from sources believed to be reliable as of the date of this statement, but may become outdated or superseded at any time without notice.

Custody: Your qualified custodian bank maintains control of all assets reflected in this statement and we urge you to compare this statement to the one you receive from your qualified custodian. Chandler does not have any authority to withdraw or deposit funds from/to the custodian account.

Valuation: Prices are provided by IDC, an independent pricing source. In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance: Performance results are presented gross-of-advisory fees and represent the client’s Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Source ice Data Indices, LLC (“ICE”), used with permission. ICE PERMITS USE OF THE ICE INDICES AND RELATED DATA ON AN “AS IS” BASIS; ICE, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY SUPPLIERS DISCLAIM ANY AND ALL WARRANTIES AND REPRESENTATIONS, EXPRESS AND/OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE, INCLUDING THE INDICES, INDEX DATA AND ANY DATA INCLUDED IN, RELATED TO, OR DERIVED THEREFROM. NEITHER ICE DATA, ITS AFFILIATES OR THEIR RESPECTIVE THIRD PARTY PROVIDERS GUARANTEE THE QUALITY, ADEQUACY, ACCURACY, TIMELINESS OR COMPLETENESS OF THE INDICES OR THE INDEX DATA OR ANY COMPONENT THEREOF, AND THE INDICES AND INDEX DATA AND ALL COMPONENTS THEREOF ARE PROVIDED ON AN “AS IS” BASIS AND LICENSEE’S USE IS AT LICENSEE’S OWN RISK. ICE DATA, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY DO NOT SPONSOR, ENDORSE, OR RECOMMEND CHANDLER, OR ANY OF ITS PRODUCTS OR SERVICES.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Ratings: Ratings information have been provided by Moody’s, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities (“MBS”) reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody’s and Fitch respectively.

BENCHMARK INDEX & DISCLOSURES

Client Name| Account #00000| As of September 30, 2024

Benchmark	Disclosure
DNU-ICE BofA 5-10 Year AAA-A US Corporate & Government Index	The ICE BofA 5-10 AAA-A Year US Corporate & Government Index tracks the performance of US dollar denominated investment grade debt publicly issued in the US domestic market, including US Treasury, US agency, foreign government, supranational, and corporate securities. Qualifying securities must be rated AAA through A3 (based on an average of Moody's, S&P and Fitch). In addition, qualifying securities must have at least five years remaining term to final maturity and less than ten years remaining term to final maturity, at least five years to final maturity at point of issuance, a fixed coupon schedule, and a minimum amount outstanding of $1 billion for US Treasuries and $250 million for all other securities. The ICE BofA US 1-5 Year AAA-A US Corporate & Government Index tracks the performance of US dollar denominated investment grade debt publicly issued in the US domestic market, including US Treasury, US agency, foreign government, supranational, and corporate securities. Qualifying securities must be issued from US issuers and be rated AAA through A3 (based on an average of Moody's, S&P and Fitch). In addition, qualifying securities must have at least one year remaining term to final maturity and less than five years remaining term to final maturity, at least 18 months to final maturity at point of issuance, a fixed coupon schedule, and a minimum amount outstanding of $1 billion for US Treasuries and $250 million for all other securities. The ICE BofA US 6-Month Treasury Bill Index is comprised of a single issue purchased at the beginning of the month and held for a full month. At the end of the month that issue is sold and rolled into a newly selected issue. The issue selected at each month-end rebalancing is the outstanding Treasury Bill that matures closest to, but not beyond, six months from the rebalancing date.

CHANDLER ASSET MANAGEMENT

SAMPLE

ECONOMIC UPDATE

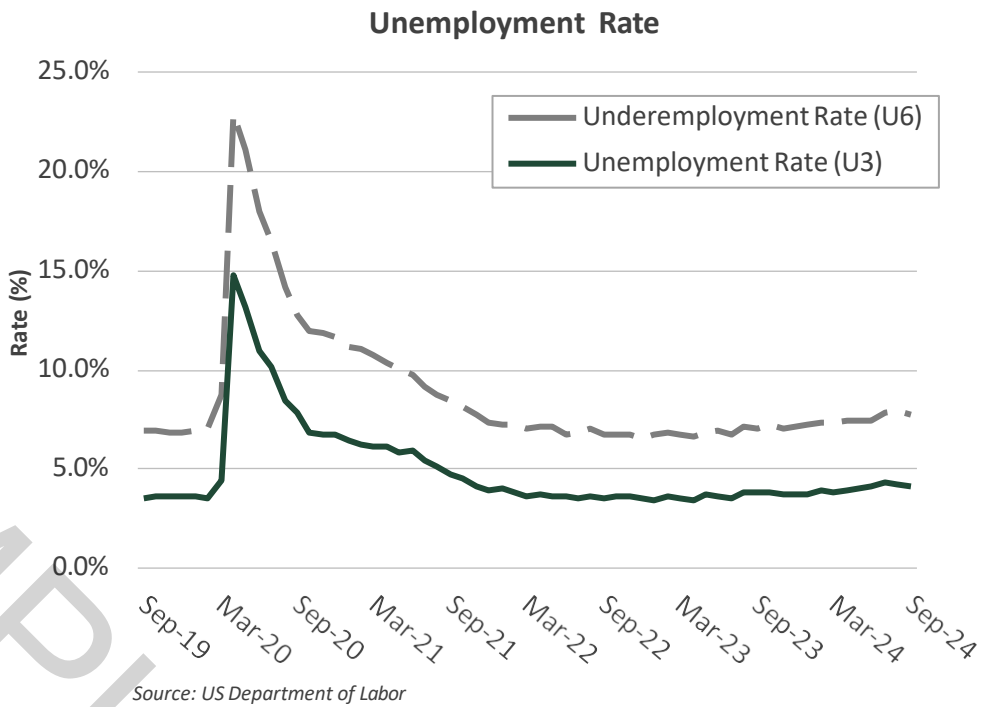
- Recent economic data suggests positive but slower growth this year fueled by consumer spending. While the consumer has been resilient, declining savings rates, growing credit card debt, higher delinquencies, and a moderating labor market pose potential headwinds to future economic growth. Inflationary trends are subsiding, but core levels remain above the Fed's target. The labor market is showing signs of cooling, reflecting an improved balance between supply and demand for workers. Given the cumulative effects of restrictive monetary policy and tighter financial conditions, we believe the economy will gradually soften and the Fed will continue to lower rates at a measured pace through this year with the ability to move more aggressively should the employment data warrant.



- The Federal Open Market Committee (FOMC) delivered the first rate cut of the easing cycle with a 50 basis point cut at the September meeting. Although a reduction in the Fed Funds Rate was widely anticipated, the magnitude was somewhat of a surprise, as market participants were split between whether the FOMC would cut by 25 basis points or 50 basis points. Chair Jerome Powell reiterated previous statements acknowledging that monetary policy has shifted into a more balanced approach addressing price stability and full employment in tandem. The Fed released the quarterly Summary of Economic Projections (SEP) which now forecasts a substantially lower median Fed Funds Rate expectation among Fed Governors in 2025 due to lower inflation expectations and a higher projected unemployment rate. We believe the Fed will continue to lower rates at a measured pace through this year with the ability to move more aggressively should the employment data warrant.

- The US Treasury yield curve shifted lower in September following the 50 basis points rate cut by the FOMC mid-month. The 2-year Treasury yield fell 28 basis points to 3.64%, the 5-year Treasury dropped 15 basis points to 3.56%, and the 10-year Treasury yield declined 12 basis points to 3.78%. The 2-year and 10-year Treasury yield points on the curve began to normalize to +14 basis points at September month-end versus -2 basis points at August month-end. The spread between the 2-year Treasury and 10-year Treasury yield one year ago was -47 basis points. The inversion between 3-month and 10-year Treasuries ended the month of September at -85 basis points.

SAMPLE

Source: US Department of Labor

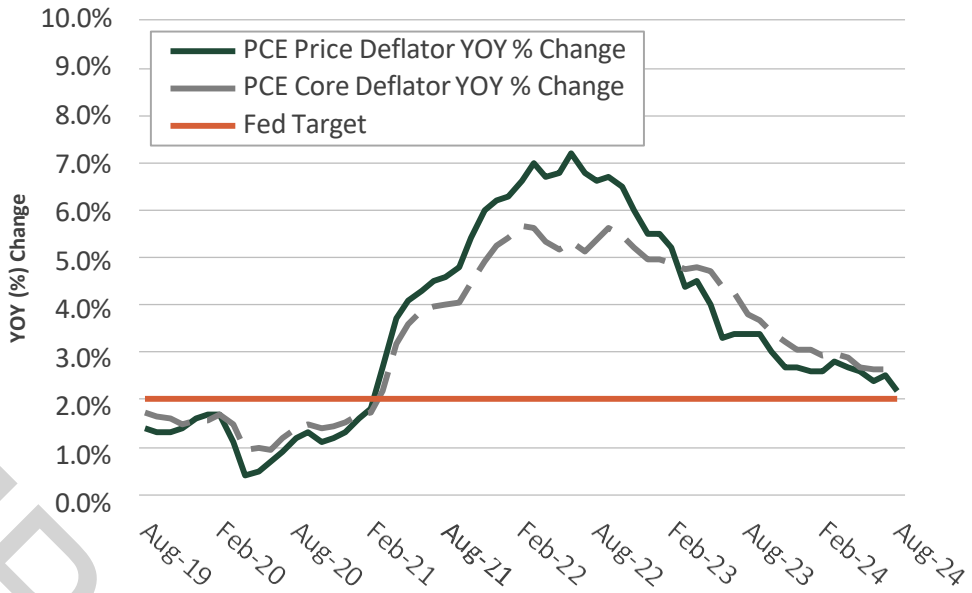
SAMPLE

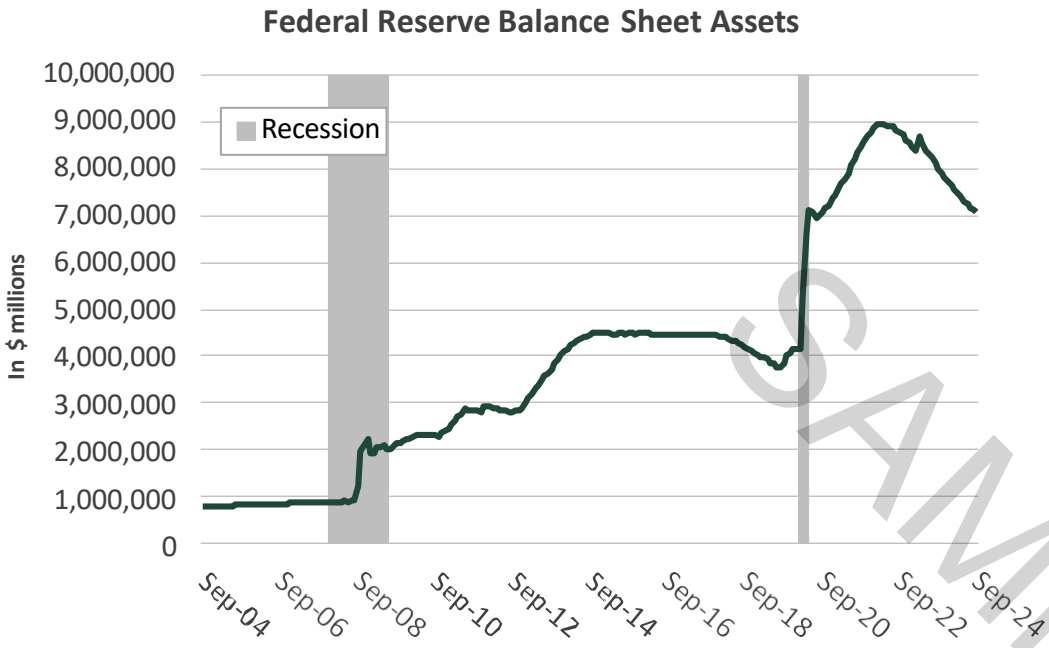
The U.S. economy added 254,000 jobs in September, well above expectations of 150,000. The three-month moving average and six-month moving average payrolls continued to trend weaker to 186,000 and 167,000 respectively. The unemployment rate declined to 4.1% in September, and the labor participation rate remained at 62.7%, remaining below the pre-pandemic level of 63.3%. The U-6 underemployment rate, which includes those who are marginally attached to the labor force and employed part time for economic reasons declined to 7.7% from 7.9%. Average hourly earnings rose 4.0% year-over-year in September. U.S. labor market data from September surprised to the upside, with strong job growth and a sharper-than-expected drop in unemployment, suggesting the economy may be more resilient than anticipated. The Federal Reserve's view is that there has been "substantial" progress towards better balance in the labor market between demand and supply for workers.



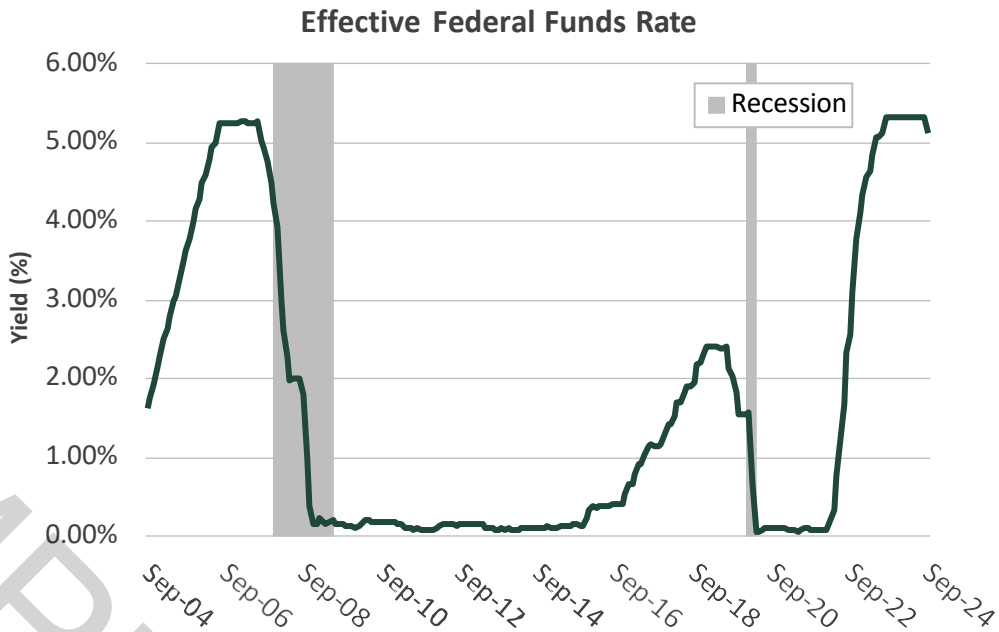
CHANDLER ASSET MANAGEMENT

Consumer Price Index (CPI)

Source: US Department of Labor



Personal Consumption Expenditures (PCE)



Source: US Department of Commerce

SAMPLE

In September, the Consumer Price Index (CPI) rose 0.2% month-over-month and 2.4% year-over-year, down from 2.5% in August, but slightly higher than expected. The Core CPI, which excludes volatile food and energy components, rose by 0.3% month-over-month and 3.3% year-over-year, also exceeding consensus forecasts. The Personal Consumption Expenditures (PCE) Index rose 0.1% from the previous month and 2.2% year-over-year in August. The Core PCE deflator (the Fed's preferred gauge) increased 0.1% month-over-month and 2.7% over the past year, still above the Fed's 2% inflation target. Much of the lingering inflation has been driven by shelter costs and demand for services, but recent data provide confirmation that inflation is moderating.

Source: Bloomberg

SAMPLE

The Federal Open Market Committee (FOMC) delivered the first rate cut of the easing cycle at the September meeting. Although a reduction in the Fed Funds Rate was widely anticipated, the magnitude was somewhat of a surprise, as market participants were split between whether the FOMC would cut by 25 basis points or 50 basis points. Chair Jerome Powell reiterated previous statements acknowledging that monetary policy has shifted into a more balanced approach addressing price stability and full employment in tandem. The Fed released the quarterly Summary of Economic Projections (SEP) which now forecasts a substantially lower median Fed Funds Rate expectation among Fed Governors in 2025 to 3.1 – 3.6%. The Fed continues to reduce its holdings of U.S. Treasury securities and agency mortgage-backed securities as per its predefined schedule of $25 billion and $35 billion per month. Since the Fed began its Quantitative Tightening campaign in June 2022, securities holdings have declined by approximately $1.8T to approximately $7.1T.

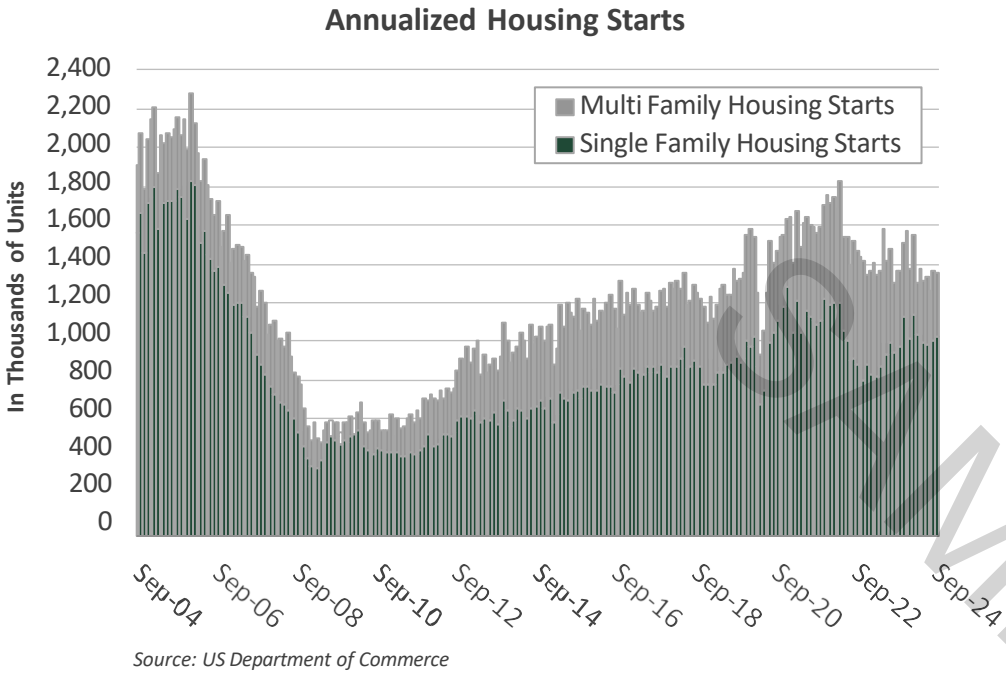
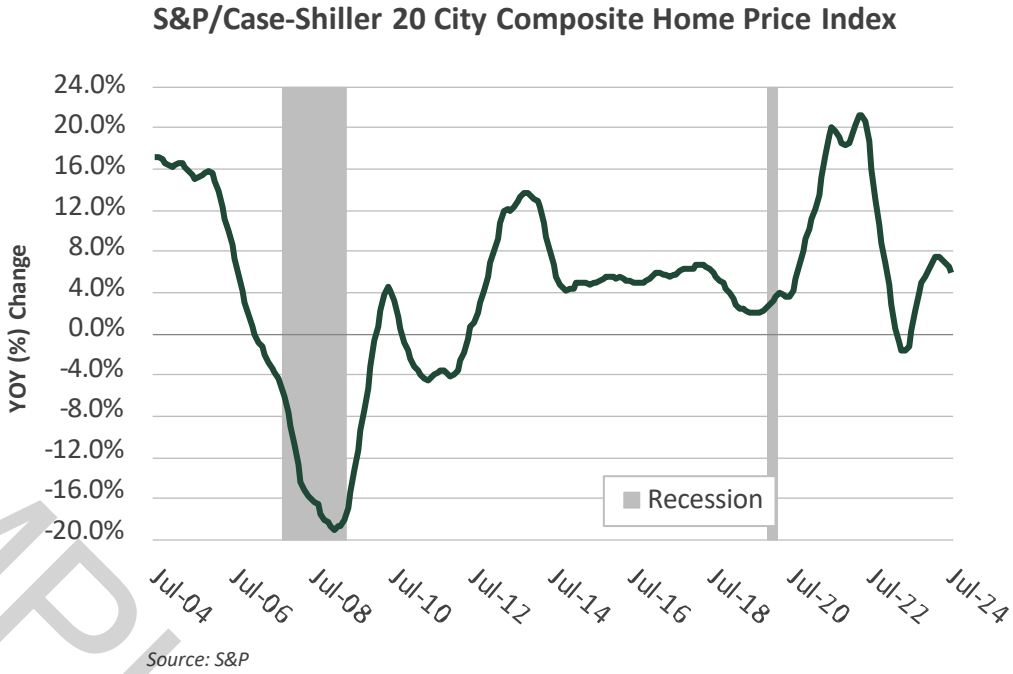
Source: The Conference Board
All time high is 144.70 (1/31/00); All time low is 25.30 (2/28/09)

SAMPLE

Retail Sales grew more than expected month-over-month in September at 0.4% after growth of 0.1% in August. On a year-over-year basis, Retail Sales grew 1.7% in September versus 2.2% in August. Control-group sales, which are used to calculate gross domestic product, rose 0.7% month-over-month in September after last month's increase of 0.3%. Apparel, grocery stores, and miscellaneous store retailers led the advance, while gas station sales fell reflecting lower gas prices. The Conference Board's Consumer Confidence Index for September came in below expectations, contracting to 98.7 after an upward revision to 105.6 in August. The decline reflects recent softening in labor market conditions, and less optimism about the job market and income growth. While the consumer has been resilient, declining savings rates, growing credit card debt, higher delinquencies, and a moderating labor market pose potential risks to future spending.



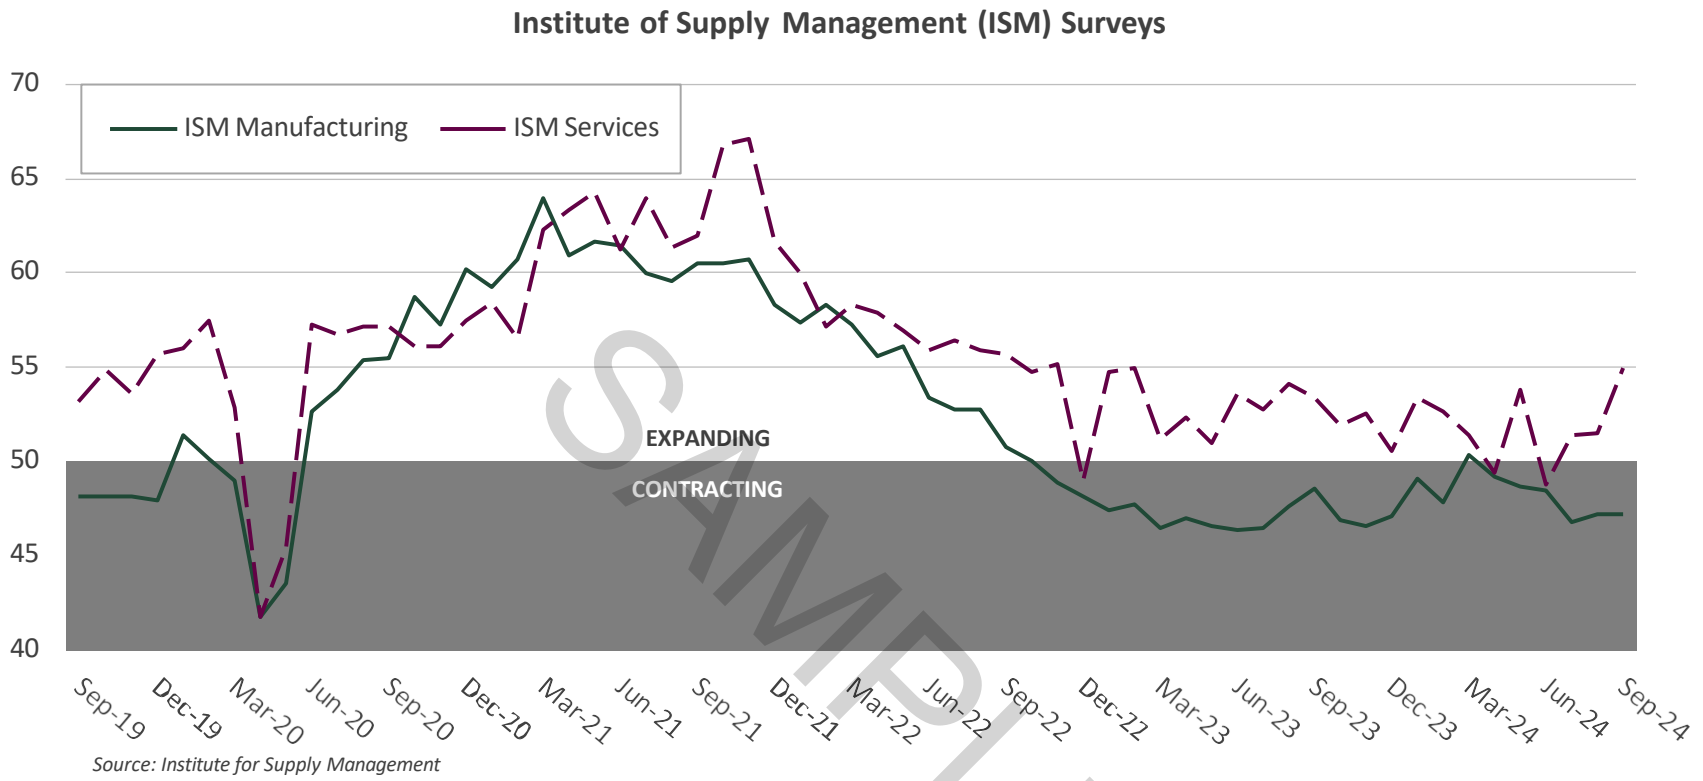
Source: The Conference Board



Source: Federal Reserve Bank of Chicago

SAMPLE

The Conference Board's Leading Economic Index (LEI) remained in negative territory at -0.5% in September following a downwardly revised -0.3% in August. The LEI continued to signal uncertainty for economic activity ahead and is consistent with The Conference Board's expectation for moderate growth at the end of 2024 and into early 2025. The Chicago Fed National Activity Index (CFNAI) declined to -0.28 in September after a downwardly revised -0.01 in August. The three-month moving average fell to -0.19 in September from -0.14 in August, indicating below-trend growth expectations for the economy.



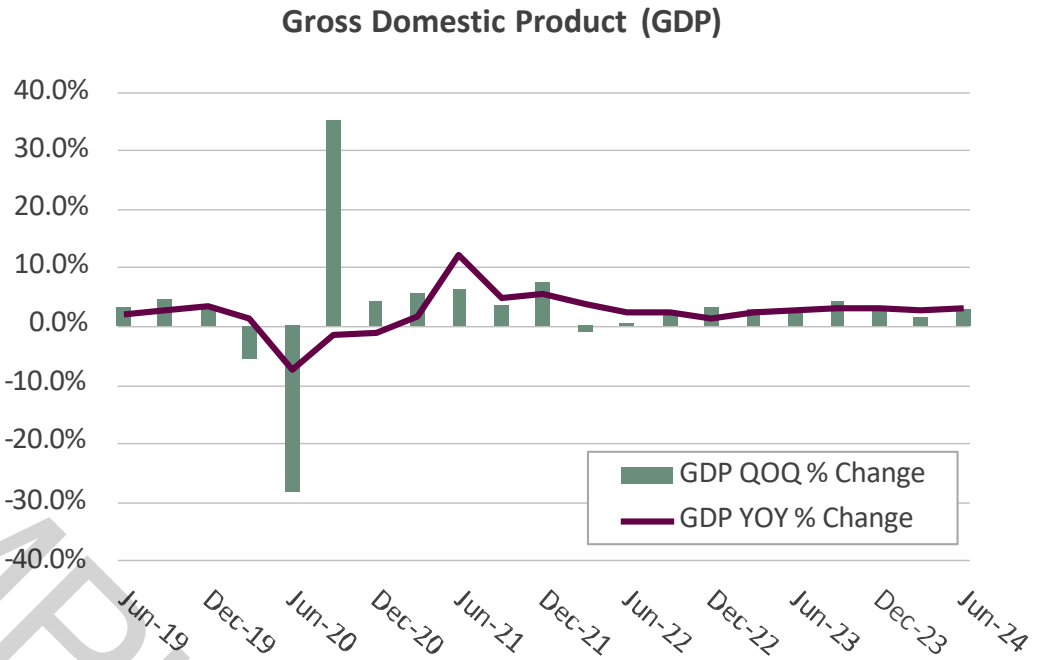
Source: US Department of Commerce

Source: S&P

Housing starts surprised to the downside in September, declining -0.5% month-over-month to 1.354 million units after an increase of 7.8% in August. The decline can be attributed to a drop in multi-family housing projects. Total starts were down 0.7% year-over-year. The Freddie Mac average rate for a 30-year fixed mortgage dropped to 6.18% in September from 6.44% in August. According to the Case-Shiller 20-City Home Price Index, housing prices rose 5.9% year-over-year in July, decelerating from 6.5% reported in the previous month. Although the trend is gradually improving, tight inventories and higher mortgage rates continue to impact affordability.

SAMPLE

Source: Institute for Supply Management



SAMPLE

The Institute for Supply Management (ISM) Manufacturing index contracted at a slower rate of 47.2 in September compared to 47.5 in August. Demand remains subdued and companies are continuing to reduce head counts through layoffs, attrition and hiring freezes. The ISM Services Index increased to 54.9 in September, increasing from 51.7 in August, due to stronger production and new orders. A reading over 50 indicates expansion, while a reading under 50 indicates contraction.

SAMPLE

According to the third estimate, second quarter GDP increased at an annualized rate of 3.0%, unchanged from the prior estimate. Growth continues to be powered by personal consumption expenditures. Gross fixed investment, government consumption expenditures, and inventories also had positive contributions, with a negative offset by net exports. The consensus projection calls for 2.0% growth in the third quarter and 2.6% growth for the full year 2024.

Source: Bloomberg

SAMPLE

At the end of September, the 2-year Treasury yield was 140 basis points lower, and the 10-Year Treasury yield was 79 basis points lower, year-over-year. The 2-year and 10-year Treasury yield points on the curve began to normalize to +14 basis points at September month-end versus -2 basis points at August month-end. The yield curve inversion which began in July 2022 was historically long. The average historical spread (since 2003) is about +110 basis points. The inversion between 3-month and 10-year Treasuries tightened to -85 basis points in September from -121 basis points in August.

ACCOUNT PROFILE

Investment Objectives

The investment objectives of the (Client Name) are first, to provide safety of principal to ensure the preservation of capital in the overall portfolio; second, to maintain sufficient liquidity to meet all operating requirements; and third, to earn a commensurate rate of return consistent with the constraints imposed the safety and liquidity objectives.

Chandler Asset Management Performance Objective

The performance objective for the account is to achieve a rate of return over a market cycle that equals or exceeds the return on the ICE BofA 5-10 Year US Corp & Govt Rated AAA-A Index.

Strategy

In order to achieve this objective, the portfolio invests in high-quality fixed income securities.

IMPORTANT DISCLOSURES

(Client Name) | Account #(0) | As of September 30, 2024

2024 Chandler Asset Management, Inc, An Independent Registered Investment Adviser.

Information contained herein is confidential. Prices are provided by ICE Data Services Inc ("IDS"), an independent pricing source. In the event IDS does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Source ICE Data Indices, LLC ("ICE"), used with permission. ICE permits use of the ICE indices and related data on an "as is" basis; ICE, its affiliates and their respective third party suppliers disclaim any and all warranties and representations, express and/or implied, including any warranties of merchantability or fitness for a particular purpose or use, including the indices, index data and any data included in, related to, or derived therefrom. Neither ICE data, its affiliates or their respective third party providers guarantee the quality, adequacy, accuracy, timeliness or completeness of the indices or the index data or any component thereof, and the indices and index data and all components thereof are provided on an "as is" basis and licensee's use it at licensee's own risk. ICE data, its affiliates and their respective third party do not sponsor, endorse, or recommend chandler asset management, or any of its products or services.

This report is provided for informational purposes only and should not be construed as a specific investment or legal advice. The information contained herein was obtained from sources believed to be reliable as of the date of publication, but may become outdated or superseded at any time without notice. Any opinions or views expressed are based on current market conditions and are subject to change. This report may contain forecasts and forward-looking statements which are inherently limited and should not be relied upon as indicator of future results. Past performance is not indicative of future results. This report is not intended to constitute an offer, solicitation, recommendation or advice regarding any securities or investment strategy and should not be regarded by recipients as a substitute for the exercise of their own judgment.

Fixed income investments are subject to interest, credit and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

Ratings information have been provided by Moody's, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities ("MBS") reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody's and Fitch respectively.

SAMPLE

Benchmark	Disclosure
DNU-ICE BofA 5-10 Year AAA-A US Corporate & Government Index	The ICE BofA 5-10 AAA-A Year US Corporate & Government Index tracks the performance of US dollar denominated investment grade debt publicly issued in the US domestic market, including US Treasury, US agency, foreign government, supranational, and corporate securities. Qualifying securities must be rated AAA through A3 (based on an average of Moody's, S&P and Fitch). In addition, qualifying securities must have at least five years remaining term to final maturity and less than ten years remaining term to final maturity, at least five years to final maturity at point of issuance, a fixed coupon schedule, and a minimum amount outstanding of $1 billion for US Treasuries and $250 million for all other securities. The ICE BofA US 1-5 Year AAA-A US Corporate & Government Index tracks the performance of US dollar denominated investment grade debt publicly issued in the US domestic market, including US Treasury, US agency, foreign government, supranational, and corporate securities. Qualifying securities must be issued from US issuers and be rated AAA through A3 (based on an average of Moody's, S&P and Fitch). In addition, qualifying securities must have at least one year remaining term to final maturity and less than five years remaining term to final maturity, at least 18 months to final maturity at point of issuance, a fixed coupon schedule, and a minimum amount outstanding of $1 billion for US Treasuries and $250 million for all other securities. The ICE BofA US 6-Month Treasury Bill Index is comprised of a single issue purchased at the beginning of the month and held for a full month. At the end of the month that issue is sold and rolled into a newly selected issue. The issue selected at each month-end rebalancing is the outstanding Treasury Bill that matures closest to, but not beyond, six months from the rebalancing date.

Proposed Additional Terms for Agreement and Sample Investment Services Contract

PROPOSED ADDITIONAL TERMS
SPECIFIC TO INVESTMENT MANAGEMENT RELATIONSHIP

1. Client Representative. In its capacity as investment manager, Chandler shall receive all instructions, directions and other communications on Client's behalf respecting Client's account from _____ (Representative). Chandler is hereby authorized to rely and act upon all such instructions, directions and communications from such Representative or any agent of such Representative.

2. Investment Policy. In investing and reinvesting Client's assets, Chandler shall comply with Client's Investment Policy, which is attached hereto as Exhibit A.

3. Authority of Chandler. Chandler is hereby granted full discretion to invest and reinvest all assets under its management in any type of security it deems appropriate, subject to the instructions given or guidelines set by Representative.

4. Notices. All reports and other communications required hereunder to be in writing shall be delivered in person, or sent by first-class mail postage prepaid, by overnight courier, by confirmed facsimile with original to follow or by confirmed electronic mail with proof of receipt to the addresses set forth below. Either party to this Agreement may, by written notice given at any time, designate a different address for the receipt of reports and other communications due hereunder.

Chandler Asset Management Attn:	Client Representative
Nicole Dragoo	_____
9255 Towne Centre Blvd. Ste 600	_____
San Diego, CA 92121	_____

5. Electronic Delivery. From time to time, Chandler may be required to deliver certain documents to Client such as account information, notices and required disclosures. Client hereby consents to Chandler's use of electronic means, such as email, to make such delivery. This delivery may include notification of the availability of such document(s) on a website, and Client agrees that such notification will constitute "delivery". Client further agrees to provide Chandler with Client's email address(s) and to keep this information current at all times by promptly notifying Chandler of any change in email address(s).

   Client email address(s):_____

6. Proxy Voting. Chandler will vote proxies on behalf of Client unless otherwise instructed. Chandler has adopted and implemented written policies and procedures and will provide Client with a description of the proxy voting procedures upon request. Chandler will provide information regarding how Clients' proxies were voted upon request. To request proxy policies or other information, please contact us by mail at the address provided, by calling 800-317-4747 or by emailing your request to info@chandlerasset.com.

7. Custody of Securities and Funds. Chandler shall not have custody or possession of the funds or securities that Client has placed under its management. Client shall appoint a custodian to take and have possession of its assets. Client recognizes the importance of comparing statements received from the appointed custodian to statements received from Chandler. Client recognizes that the fees expressed above do not include fees Client will incur for custodial services.

8. Valuation. Chandler will value securities held in portfolios managed by Chandler no less than monthly. Securities or investments in the portfolio will be valued in a manner determined in good faith by Chandler to reflect fair market value.

9. Investment Advice. Client recognizes that the opinions, recommendations and actions of Chandler will be based on information deemed by it to be reliable, but not guaranteed to or by it. Provided that Chandler acts in good faith, Client agrees that Chandler will not in any way be liable for any error in judgment or for any act or omission, except as may otherwise be provided for under the Federal Securities laws or other applicable laws.

10. Payment of Commissions. Chandler may place buy and sell orders with or through such brokers or dealers as it may select. It is the policy and practice of Chandler to strive for the best price and execution and for commission and discounts which are competitive in relation to the value of the transaction and which comply with Section 28(e) of the Securities and Exchange Act. Nevertheless, it is understood that Chandler may pay a commission on transactions in excess of the amount another broker or dealer may charge, and that Chandler makes no warranty or representation regarding commissions paid on transactions hereunder.

11. Other Clients. It is further understood that Chandler may be acting in a similar capacity for other institutional and individual clients, and that investments and reinvestments for Client's portfolio may differ from those made or recommended with respect to other accounts and clients even though the investment objectives may be the same or similar. Accordingly, it is agreed that Chandler will have no obligation to purchase or sell for Client's account any securities which it may purchase or sell for other clients.

12. Confidential Relationship. The terms and conditions of this Agreement, and all information and advice furnished by either party to the other shall be treated as confidential and shall not be disclosed to third parties except (i) as required by law, rule, or regulation, (ii) as requested by a regulatory authority, (iii) for disclosures by either party of information that has become public by means other than wrongful conduct by such party or its officers, employees, or other personnel, (iv) for disclosures by either party to its legal counsel, accountants, or other professional advisers, (v) as necessary for Chandler to carry out its responsibilities hereunder, or (vi) as otherwise expressly agreed by the parties.

13. Receipt of Brochure and Privacy Policy. Client hereby acknowledges receipt of the disclosure statement or "brochure" and “brochure supplement” also known as Part 2A and Part 2B of Form ADV, required to be delivered pursuant to Rule 204-3 of the Investment Advisers Act of 1940 (Brochure). Client further acknowledges receipt of Chandler’s Privacy Policy, as required by Regulation S-P.

CHANDLER ASSET MANAGEMENT

INVESTMENT MANAGEMENT AGREEMENT
(Institutional Client, Non-ERISA)

_____ (Client) hereby retains Chandler Asset Management, Inc. (Chandler) as Investment Adviser on the terms and conditions set forth herein.

1. Term. The term of this Agreement shall commence upon the execution of this Agreement and shall continue until this Agreement is terminated effective upon receipt of notice of termination in writing delivered by the terminating party.

2. Fees. Client shall compensate Chandler monthly an amount calculated on the average market value of Client's portfolio, including accrued interest, in accordance with the following schedule:

Assets Under Management	Annual Investment Management Fee
First $25 million	0.X of 1% (X basis points)
Next $25 million	0.X of 1% (X basis points)
Assets in excess of $50 million	0.X of 1% (Xbasis points)

The fees expressed above do not include any custody fees that may be charged by Client's bank or other third party custodian.

Fees shall be prorated to the effective date of termination on the basis of actual days elapsed, and any unearned portion of prepaid fees shall be refunded. Client is not required to pay any start-up or closing fees; there are no penalty fees.

Fees shall be deducted monthly in arrears from Client's custody account.

3. Client Representative. In its capacity as investment manager, Chandler shall receive all instructions, directions and other communications on Client's behalf respecting Client's account from _____ (Representative). Chandler is hereby authorized to rely and act upon all such instructions, directions and communications from such Representative or any agent of such Representative.

4. Investment Policy. In investing and reinvesting Client's assets, Chandler shall comply with Client's Investment Policy, which is attached hereto as Exhibit A.

5. Authority of Chandler. Chandler is hereby granted full discretion to invest and reinvest all assets under its management in any type of security it deems appropriate, subject to the instructions given or guidelines set by Representative.

6. Notices. All reports and other communications required hereunder to be in writing shall be delivered in person, or sent by first-class mail postage prepaid, by overnight courier, by confirmed facsimile with original to follow or by confirmed electronic mail with proof of receipt to the addresses set

forth below. Either party to this Agreement may, by written notice given at any time, designate a different address for the receipt of reports and other communications due hereunder.

8. Proxy Voting. Chandler will vote proxies on behalf of Client unless otherwise instructed. Chandler has adopted and implemented written policies and procedures and will provide Client with a description of the proxy voting procedures upon request. Chandler will provide information regarding how Clients' proxies were voted upon request. To request proxy policies or other information, please contact us by mail at the address provided, by calling 800-317-4747 or by emailing your request to info@chandlerasset.com.

9. Custody of Securities and Funds. Chandler shall not have custody or possession of the funds or securities that Client has placed under its management. Client shall appoint a custodian to take and have possession of its assets. Client recognizes the importance of comparing statements received from the appointed custodian to statements received from Chandler. Client recognizes that the fees expressed above do not include fees Client will incur for custodial services.

10. Valuation. Chandler will value securities held in portfolios managed by Chandler no less than monthly. Securities or investments in the portfolio will be valued in a manner determined in good faith by Chandler to reflect fair market value.

11. Investment Advice. Client recognizes that the opinions, recommendations and actions of Chandler will be based on information deemed by it to be reliable, but not guaranteed to or by it. Provided that Chandler acts in good faith, Client agrees that Chandler will not in any way be liable for any error in judgment or for any act or omission, except as may otherwise be provided for under the Federal Securities laws or other applicable laws.

12. Payment of Commissions. Chandler may place buy and sell orders with or through such brokers or dealers as it may select. It is the policy and practice of Chandler to strive for the best price and execution and for commission and discounts which are competitive in relation to the value of the transaction and which comply with Section 28(e) of the Securities and Exchange Act. Nevertheless, it is understood that Chandler may pay a commission on transactions in excess of the amount another broker or dealer may charge, and that Chandler makes no warranty or representation regarding commissions paid on transactions hereunder.

13. Other Clients. It is further understood that Chandler may be acting in a similar capacity for other institutional and individual clients, and that investments and reinvestments for Client's portfolio may differ from those made or recommended with respect to other accounts and clients even though the investment objectives may be the same or similar. Accordingly, it is agreed that Chandler will have no obligation to purchase or sell for Client's account any securities which it may purchase or sell for other clients.

14. Confidential Relationship. The terms and conditions of this Agreement, and all information and advice furnished by either party to the other shall be treated as confidential and shall not be disclosed to third parties except (i) as required by law, rule, or regulation, (ii) as requested by a regulatory authority, (iii) for disclosures by either party of information that has become public by means other than wrongful conduct by such party or its officers, employees, or other personnel, (iv) for disclosures by either party to its legal counsel, accountants, or other professional advisers, (v) as necessary for Chandler to carry out its responsibilities hereunder, or (vi) as otherwise expressly agreed by the parties.

15. No Assignment& Amendments. Neither party may assign, directly or indirectly, all or part of its rights or obligations under this Agreement without the prior written consent of the other party, which consent shall not be unreasonably withheld or delayed. This Agreement may be amended at any time by mutual agreement in writing.

16. Governing Law. It is understood that this Agreement shall be governed by and construed under and in accordance with the laws of the State of California.

17. Severability. Any provision of this Agreement which is prohibited or unenforceable shall be ineffective only to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof.

18. Receipt of Brochure and Privacy Policy. Client hereby acknowledges receipt of the disclosure statement or "brochure" and “brochure supplement” also known as Part 2A and Part 2B of Form ADV, required to be delivered pursuant to Rule 204-3 of the Investment Advisers Act of 1940 (Brochure). Client further acknowledges receipt of Chandler’s Privacy Policy, as required by Regulation S-P.

19. Arbitration. It is agreed that any controversy between Chandler and the Client arising out of Chandler business or this Agreement, shall be submitted to arbitration conducted under the provisions of the commercial arbitration rules of the American Arbitration Association. Arbitration must be commenced by service upon the other party of a written demand for arbitration or a written

notice of intention to arbitrate, therein electing the arbitration tribunal. In the event the Client does not make such election within five (5) days of such demand or notice, then the Client authorizes Chandler to do so on the Client's behalf. Judgment upon any award rendered by the arbitrators shall be final and may be entered in any court having jurisdiction thereof. This clause does not constitute a waiver of any right including the right to choose the forum, whether arbitration or adjudication, in which to seek resolution of disputes.

CHANDLER ASSET MANAGEMENT

Proposed Fee Schedule for the City of Placentia

Chandler would be pleased to provide comprehensive investment management services to the City in accordance with the following fee schedule:

Assets Under Management	Annual Asset Management Fee
First $50 million	0.09 of 1% (9 basis points)
Next $50million	0.06 of 1% (6 basis points)
Over $100 million	0.04 of 1% (4 basis points)

Minimum Fee $2,500/ month

Chandler charges management fees only on assets directly under our management. All fees are firm for the entire initial contract term and the City will not be subject to any increases during this period.

INVESTMENT MANAGEMENT AGREEMENT
(Institutional Client, Non-ERISA)

City of Placentia (Client) hereby retains Chandler Asset Management, Inc. (Chandler) as Investment Adviser on the terms and conditions set forth herein.

1. Term. The term of this Agreement shall commence upon funding of Client's account with Chandler and shall continue until this Agreement is terminated effective upon receipt of notice of termination in writing delivered by the terminating party.

2. Fees. Client shall compensate Chandler monthly an amount calculated on the average market value of Client's portfolio, including accrued interest, in accordance with the following schedule:

Assets Under Management	Annual Investment Management Fee
First $50 million	0.09 of 1% (9 basis points)
Next $50 million	0.06 of 1% (6 basis points)
Assets in excess of $100 million	0.04 of 1% (4 basis points)

Minimum Fee $2,500 / month

Chandler charges management fees only on assets directly under our management. All fees are firm for the entire initial contract term and the City will not be subject to any increases during this period.

The fees expressed above do not include any custody fees that may be charged by Client's bank or other third party custodian. Fees shall be prorated to the effective date of termination on the basis of actual days elapsed, and any unearned portion of prepaid fees shall be refunded. Client is not required to pay any start-up or closing fees; there are no penalty fees.

Chandler charges 1 basis point (0.01%) to report on assets that are not under our direct management.

Fees shall be deducted monthly in arrears from Client's custody account.

3. Client Representative. In its capacity as investment manager, Chandler shall receive all instructions, directions and other communications on Client's behalf respecting Client's account Jerry Griggs (Representative). Chandler is hereby authorized to rely and act upon all such instructions, directions and communications from such Representative or any agent of such Representative.

4. Investment Policy. In investing and reinvesting Client's assets, Chandler shall comply with Client's Investment Policy, which is attached hereto as Exhibit A.

5. Authority of Chandler. Chandler is hereby granted full discretion to invest and reinvest all assets under its management in any type of security it deems appropriate, subject to the instructions given or guidelines set by Representative.

6. Notices. All reports and other communications required hereunder to be in writing shall be delivered in person, or sent by first-class mail postage prepaid, by overnight courier, by confirmed facsimile with original to follow or by confirmed electronic mail with proof of receipt to the addresses set forth below. Either party to this Agreement may, by written notice given at any time, designate a different address for the receipt of reports and other communications due hereunder.

7. Electronic Delivery. From time to time, Chandler may be required to deliver certain documents to Client such as account information, notices and required disclosures. Client hereby consents to Chandler's use of electronic means, such as email, to make such delivery. This delivery may include notification of the availability of such document(s) on a website, and Client agrees that such notification will constitute "delivery". Client further agrees to provide Chandler with Client's email address(s) and to keep this information current at all times by promptly notifying Chandler of any change in email address(s).

   Client email address(s): jgriggs@placentia.org

8. Proxy Voting. Chandler will vote proxies on behalf of Client unless otherwise instructed. Chandler has adopted and implemented written policies and procedures and will provide Client with a description of the proxy voting procedures upon request. Chandler will provide information regarding how Clients' proxies were voted upon request. To request proxy policies or other information, please contact us by mail at the address provided, by calling 800-317-4747 or by emailing your request to info@chandlerasset.com.

9. Custody of Securities and Funds. Chandler shall not have custody or possession of the funds or securities that Client has placed under its management. Client shall appoint a custodian to take and have possession of its assets. Client recognizes the importance of comparing statements received from the appointed custodian to statements received from Chandler. Client recognizes that the fees expressed above do not include fees Client will incur for custodial services.

10. Valuation. Chandler will value securities held in portfolios managed by Chandler no less than monthly. Securities or investments in the portfolio will be valued in a manner determined in good faith by Chandler to reflect fair market value.

11. Investment Advice. Client recognizes that the opinions, recommendations and actions of Chandler will be based on information deemed by it to be reliable, but not guaranteed to or by it. Provided that Chandler acts in good faith, Client agrees that Chandler will not in any way be liable for any

error in judgment or for any act or omission, except as may otherwise be provided for under the Federal Securities laws or other applicable laws.

12. Payment of Commissions. Chandler may place buy and sell orders with or through such brokers or dealers as it may select. It is the policy and practice of Chandler to strive for the best price and execution and for commission and discounts which are competitive in relation to the value of the transaction and which comply with Section 28(e) of the Securities and Exchange Act. Nevertheless, it is understood that Chandler may pay a commission on transactions in excess of the amount another broker or dealer may charge, and that Chandler makes no warranty or representation regarding commissions paid on transactions hereunder.

13. Other Clients. It is further understood that Chandler may be acting in a similar capacity for other institutional and individual clients, and that investments and reinvestments for Client's portfolio may differ from those made or recommended with respect to other accounts and clients even though the investment objectives may be the same or similar. Accordingly, it is agreed that Chandler will have no obligation to purchase or sell for Client's account any securities which it may purchase or sell for other clients.

14. Confidential Relationship. The terms and conditions of this Agreement, and all information and advice furnished by either party to the other shall be treated as confidential and shall not be disclosed to third parties except (i) as required by law, rule, or regulation, (ii) as requested by a regulatory authority, (iii) for disclosures by either party of information that has become public by means other than wrongful conduct by such party or its officers, employees, or other personnel, (iv) for disclosures by either party to its legal counsel, accountants, or other professional advisers, (v) as necessary for Chandler to carry out its responsibilities hereunder, or (vi) as otherwise expressly agreed by the parties.

15. No Assignment& Amendments. Neither party may assign, directly or indirectly, all or part of its rights or obligations under this Agreement without the prior written consent of the other party, which consent shall not be unreasonably withheld or delayed. This Agreement may be amended at any time by mutual agreement in writing.

16. Governing Law. It is understood that this Agreement shall be governed by and construed under and in accordance with the laws of the State of California.

17. Severability. Any provision of this Agreement which is prohibited or unenforceable shall be ineffective only to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof.

18. Receipt of Brochure and Privacy Policy. Client hereby acknowledges receipt of the disclosure statement or "brochure" and “brochure supplement” also known as Part 2A and Part 2B of Form ADV, required to be delivered pursuant to Rule 204-3 of the Investment Advisers Act of 1940 (Brochure). Client further acknowledges receipt of Chandler’s Privacy Policy, as required by Regulation S-P.

19. Arbitration. It is agreed that any controversy between Chandler and the Client arising out of Chandler business or this Agreement, shall be submitted to arbitration conducted under the provisions of the commercial arbitration rules of the American Arbitration Association. Arbitration

must be commenced by service upon the other party of a written demand for arbitration or a written notice of intention to arbitrate, therein electing the arbitration tribunal. In the event the Client does not make such election within five (5) days of such demand or notice, then the Client authorizes Chandler to do so on the Client's behalf. Judgment upon any award rendered by the arbitrators shall be final and may be entered in any court having jurisdiction thereof. This clause does not constitute a waiver of any right including the right to choose the forum, whether arbitration or adjudication, in which to seek resolution of disputes.

Agenda Item No: 2.a

PLACENTIA CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2026

Submitted by: Matthew Di Mario

From: Public Works

Subject:

PUBLIC HEARING FOR THE AMENDED AND RESTATED EXCLUSIVE FRANCHISE AGREEMENT WITH REPUBLIC WASTE SERVICES OF SOUTHERN CALIFORNIA, LLC (D.B.A. PLACENTIA DISPOSAL) IN CONFORMANCE WITH SENATE BILL 1383, AND CONSIDERATION OF SOLID WASTE AND RECYCLING SERVICE RATE ADJUSTMENTS IN CONFORMANCE WITH SENATE BILL 1383

Financial Impact:

Annual Revenue: $7,279,249.44 (Refuse Fund No. 403)
Annual Expense: $5,823,684.12 (403-80700-6010)

Summary:

On July 20, 2010, the Placentia City Council entered into an Amended, Revised, and Restated Agreement with Republic Services of Southern California, LLC (Republic Services) for solid waste handling services. Due to recent State legislation and requirements, such as Senate Bill (SB) 1383, the City and Republic Services entered into agreement negotiations in 2021. City staff, with the assistance of the City Attorney's Office and a solid waste management consulting company, HF&H, have successfully negotiated an Amended and Restated Exclusive Franchise Agreement (Amended Agreement) to be compliant with SB 1383 requirements.

The proposed Amended Agreement outlines additional services that Republic will provide. One of the main service additions is the start of a residential organics waste collection service. Residents will be instructed to dispose of all organic food waste into their current yard/green waste bin. This change helps meet one of the requirements of SB 1383. Other contract changes include additional services, such as free trash collection services for City events, bi-annual paper shredding event provided by Republic Services at no cost to the City, and outreach materials to help residents become better educated about the organics recycling program.

In addition to expanding services and programs, an increase in collection rates is proposed. The current annual rate residential customers experience is $538.32. Under the proposed Amended Agreement, residential customers will experience a $75.60, or 14% increase in the first year. The new proposed annual residential rate for trash collection services is $613.92. If approved, this rate will be effective July 1, 2026. Proposed rates for commercial customers

are available in Attachment 6. This rate increase is subject to Proposition 218 noticing requirements where property owners were notified via mailers at least forty-five (45) days before this June 16, 2026, Public Hearing.

With the proposed residential rate increase, the City will pay $5,823,684.12 in Fiscal Year (FY) 2026-27 for residential trash collection services. This expense is paid through the Refuse Administration Fund (403-80700-6010). Expenses are funded from residential property tax assessments. Residential customers are billed for trash collection services through their Orange County property tax bill. There are 11,857 residential customers in the City that will be assessed an annual rate of $613.92. From these assessments, the City will receive about $7,279,249 to pay for trash collection services.

This item recommends that the City Council approve the Amended Agreement with Republic Services, approve the new trash collection rates under the Amended Agreement, and direct staff to place all residential customers on the FY 2026-27 Orange County property tax roll for trash collection billing. If the City Council does not approve the Amended Agreement and updated rates under such agreement, it is recommended that the City Council approve a rate increase under the terms of the current Agreement.

Recommended Action:
It is recommended that the City Council:

1. Open the Public Hearing concerning the solid waste handling services Amended and Restated Exclusive Franchise Agreement, rate adjustment, and related resolutions for Fiscal Year 2026-27; and
2. Receive the staff report, consider all public testimony, and questions of staff; and
3. Close the Public Hearing and direct the City Clerk to tabulate the written protests and report the results of the tabulation to the City Council; and
4. Adopt Resolution No. R-2026-33, a Resolution of the City Council of the City of Placentia, California, approving an Amended and Restated Exclusive Franchise Agreement for Solid Waste Handling Services; and
5. Adopt Resolution No. R-2026-34, a Resolution of the City Council of the City of Placentia, California, approving the amended fee schedule for solid waste handling services for Fiscal Year 2026-27; and
6. Adopt Resolution No. R-2026-35, a Resolution of the City Council of the City of Placentia, California, authorizing and determining residential solid waste handling service charges and directing placement thereof on the Orange County property tax rolls for Fiscal Year 2026-27; and
7. Authorize the City Administrator and/or her designee to execute all necessary documents, in a form approved by the City Attorney.

Strategic Plan Statement:
This item is associated with Strategic Goal Nos. 1, 3, and 5. Strategic Goal No. 1 focuses on fiscal sustainability. Through the recommended actions, the City will be recovering costs for residential trash collection service through assessments on the County property tax bill. Strategic Goal No. 3 pertains to infrastructure, and public spaces. Maintaining our trash collection services ensures our facilities and public spaces are clean, attractive, and reflective of the City's commitment to quality. Strategic Goal No. 5 specifies organizational excellence. The recommended actions achieve organizational excellence by meeting the transparency and notification requirements of Proposition 218 and by delivering quality trash collection services that comply with State requirements.

Discussion:
On July 20, 2010, the Placentia City Council entered into an Amended, Revised, and Restated Agreement with Republic Services of Southern California, LLC (Republic Services) for solid waste handling services. Since 2010, the State has passed legislation, such as Senate Bill (SB) 1383, for cities to comply with additional trash collection requirements. City staff have been engaged in extensive negotiations with Republic Services since 2021 to reach a comprehensive agreement that will provide all the additional services the City must implement to comply with SB 1383 regulations. The Agreement will memorialize each party's rights and obligations in a single document to implement an SB 1383-compliant program in Placentia. The item presented before the City Council is the outcome of the negotiation process.

Some key categories of this Amended and Restated Exclusive Franchise Agreement (Amended Agreement) include changes in the monitoring and reporting requirements, updated city and community services, additional outreach and education, a change in the Consumer Price Index (CPI) used, and updated trash collection rates to account for the changes in service and program requirements. The sections below outline key Agreement provisions.

Monitoring and Reporting
The Amended Agreement contains provisions for contamination monitoring and reporting requirements to comply with SB 1383 regulations. Republic Services will be required to perform container contamination monitoring, conduct route reviews of containers for prohibited container contaminants, prepare reports, and assist customers in reducing the levels of contamination in their containers.

Upon identification of prohibited container contaminants, Republic Services shall provide the customer with a notice of contamination, either as a courtesy pick-up notice or a non-collection notice. Commercial customers who receive a notice will be informed of the observed presence of prohibited container contaminants, information on the customer's requirement to properly separate materials into the appropriate containers, and information that contamination fees may be assessed following one instance of contaminated materials for commercial customers. Residential customers will be notified via a non-collection notice of container contamination and instructed to properly separate the materials into the appropriate container before servicing them.

Republic Services will also be required to maintain a container contaminant log and fee assessment report, which will be included in monthly activity reports for the City. These reports will be required to maintain compliance with the record-keeping requirements under SB 1383. Furthermore, Republic Services shall prepare and submit the draft CalRecycle Electronic Annual Report (EAR) to the City for review and approval by July 1 of each year. All jurisdictions are required by the State to submit an EAR annually to monitor progress in implementing solid waste and recycling laws.

City and Community Services
The Amended Agreement also contains additional benefits to the community and City. Republic Services will provide solid waste and recycling collection and disposal services for City-sponsored events at no cost. Also, the Amended Agreement includes a new document shredding event for City residents twice a year. This will allow residents to take old paperwork to be securely shredded onsite. In addition, the Amended Agreement outlines an annual compost giveaway for Placentia residents. This event allows residents to receive free compost and/or mulch at no cost.

Outreach and Education Requirements

The Amended Agreement contains additional education and outreach activities that City staff and Republic Services will conduct. These efforts will be key to the City's compliance with SB 1383 to inform residential and commercial customers of new service levels, container configurations, and recycling requirements. Upon approval of the amended Agreement, City staff and Republic Services will begin notification of the new service collection program. This will include mailings to all residential and commercial customers regarding the new program requirements, updates on both Republic Services and City websites, quarterly newsletters, and informational posts on the City's social media platforms. Under the Amended Agreement, Republic Services will be required to provide continuous education and outreach to all residential and commercial customers annually to ensure compliance with SB 1383.

Republic Services will also assign a full-time, Placentia-dedicated Recycling Coordinator/Sustainability Advisor and one part-time route auditor to assist with citywide education and outreach efforts, participate in community events, conduct waste audits, resolve customer complaints/ requests, and perform additional compliance efforts.

If the Amended Agreement is approved, Republic Services will distribute a new cart label to all single-family residential locations in the City. Residents will place these new labels on their yard waste containers to identify the expanded accepted materials for collecting all organic waste. This is because Placentia's current residential yard waste carts do not meet SB 1383 labeling and color requirements. This allows the current carts to continue to be used until they become damaged or worn. Once the cart reaches the end of its useful life, it will be replaced with an SB 1383-compliant cart. Under SB 1383, current carts are allowed to be used until January 1, 2036.

Garbage and Trash Collection Index

As part of the agreement negotiation process, Republic Services requested that the local Consumer Price Index (CPI) be changed to the garbage and trash collection index as the metric for future increases in trash collection rates. The garbage and trash collection index is a part of the CPI and measures the average change in prices for garbage and trash collection services paid by consumers over time. The U.S. Bureau of Labor Statistics calculates this index, and it includes various components such as:

- The cost of regular household waste collection and processing services
- The cost of collecting and processing recyclable materials
- The cost for services to collect bulky items, such as furniture and appliances
- The cost of collecting and processing yard waste

The adjustment calculations performed by the U.S. Bureau of Labor Statistics is done by collecting price data from various urban areas across the country, creating a representative sample based on the services mentioned above, assigning a weight to services based on their significance to the overall cost to provide services, and tracking these costs at regular intervals to monitor changes. Lastly, the collected data and weights are then used to calculate the index.

Updated Trash Collection Rates

The proposed trash collection rate adjustments account for all labor, equipment, materials, supplies, insurance, overhead, transfer, and disposal necessary to perform all services. With

its consultant, the City has reviewed the overall proposed rate adjustments and determined them to be reasonable.

The proposed residential waste rates from the Amended Agreement are seen in the table below.

Proposed Residential Waste Rate Summary – FY 2026-27 Under Amended Agreement			
Residential Rate	**Current Rate**	**Proposed Rate**	**Rate Change**
Single-Family (Monthly)	$44.86	$51.16	$6.30/month
Single-Family (Annual)	$538.32	$613.92	$75.60/year

The rate increase is primarily due to requirements under SB 1383. An increase in rates helps to cover the costs of trash collection services. The proposed rates under the Amended Agreement for commercial customers can be found in Attachment 6. If the City Council approves the proposed rate adjustments per the amended Agreement, the new rates will go into effect on July 1, 2026.

If City Council were not to approve the Amended Agreement, Republic Services has requested a rate increase under the existing Agreement that is subject to a local CPI increase. The proposed residential rate under the existing Agreement is below. The proposed rates under the existing Agreement for commercial customers can be found in Attachment 7. If these rates are approved, they will go into effect on July 1, 2026.

Proposed Residential Waste Rate Summary – FY 2026-27 Under Existing Agreement			
Residential Rate	**Current Rate**	**Proposed Rate**	**Rate Change**
Single-Family (Monthly)	$44.86	$50.57	$5.71/month
Single-Family (Annual)	$538.32	$606.84	$68.52/year

Residential customers in Placentia are billed through their Orange County property tax bill. Any new rates that are approved by City Council require Resolution No. R-2026-35, in order to place residential parcels on the property tax roll.

Proposition 218 Public Hearing

Proposition 218 (Prop. 218) requires the City to conduct a public hearing to consider approving a resolution adjusting solid waste service rates for residential, multi-family, and commercial customers. The City must mail the notice at least forty-five (45) days before the public hearing date regarding the proposed rates.

City staff coordinated with the City Attorney's Office and a solid waste management consultant, HF&H, for the review of the Prop. 218 notice. On April 15, 2026, notices were mailed to all Placentia property owners, commercial customers, tenants, and occupants to notify them of the potential rate increase (Attachment 8). The Prop. 218 notice shows a public

hearing date of June 2, 2026. Due to the cancellation of the June 2, 2026 City Council meeting, the public hearing was continued to the June 16, 2026 City Council meeting.

The Prop. 218 notice identified the proposed adjusted rates and provided instructions for filing written protests regarding those rates. As of staff report preparation on May 19, 2026, the City received two (2) written protests objecting to the rate increase. Protest letters from over 50% of the parcels in Placentia would be required to prevent the approval of the recommended actions. If no majority protest is received, and the City Council approves the resolution, the rate adjustments would be effective July 1, 2026.

Financial Summary:
Under the proposed Amended Agreement, residential customers will pay $613.92 ($51.16 per month) for trash collection services annually. Residents pay this fee through their County property tax bill. There are a total of 11,857 residential customers in the City. This means the City will receive about $7,279,249 in revenue for trash collection services. These funds are deposited in the Refuse Administration Fund, Fund No. 403.

The City pays Republic Services monthly for residential trash collection services. If the proposed Amended Agreement rates are approved, the City will pay Republic about $5,823,684 for annual residential customer trash collection services. Payment is made through the Refuse Administration Fund (403-80700-6010). This amount is based on the 11,857 residential customers in the City multiplied by the monthly service rate per unit, which is about $40.93. The City retains 20% of revenues collected for a 15% franchise fee and a 5% administration fee. Commercial customers in Placentia are billed directly by Republic Services; no City funds are spent for trash collection services for these customers.

AMENDED AND RESTATED EXCLUSIVE FRANCHISE AGREEMENT BETWEEN CITY OF PLACENTIA AND REPUBLIC WASTE SERVICES OF SOUTHERN CALIFORNIA, LLC **DBA PLACENTIA DISPOSAL FOR RECYCLABLE MATERIALS, ORGANIC MATERIALS, AND SOLID WASTE COLLECTION AND RECYCLABLE MATERIALS, ORGANIC MATERIALS, AND C&D PROCESSING SERVICES**

This AMENDED AND RESTATED EXCLUSIVE FRANCHISE AGREEMENT (hereinafter, "Agreement") is made and entered into as of June 16, 2026, by and among the CITY OF PLACENTIA, a charter city and municipal corporation ("City"), and REPUBLIC WASTE SERVICES OF SOUTHERN CALIFORNIA, LLC dba PLACENTIA DISPOSAL, a Delaware Limited Liability Company ("Contractor"). The City and Contractor are hereby collectively referred to as the "Parties."

RECITALS

A. The State's Legislature, by enactment of AB 939, has declared that it is in the public's interest to authorize and require local agencies to make adequate provision for Solid Waste Collection within their jurisdictions.

B. The State has found and declared that the amount of refuse generated in the State, along with diminishing Disposal capacity, potential adverse environmental impacts from landfilling, and the need to conserve natural resources, has created an urgent need for State and local agencies to enact and implement an aggressive integrated waste management program. Through the enactment of AB 939 and subsequent related legislation including, but not limited to, AB 341, AB 2176, SB 1016, AB 1826, and SB 1383, the State has directed CalRecycle, and all local agencies, to promote Diversion and maximize the use of feasible waste reduction, reuse, Recycling, and Composting options in order to reduce the amount of refuse that must be Disposed.

C. SB 1383 establishes regulatory requirements for jurisdictions, Generators, haulers, Solid Waste facilities, and other entities to support the achievement of State-wide Organic Waste Disposal reduction targets.

D. SB 1383 requires the City to implement Collection programs, meet Processing Facility requirements, conduct contamination monitoring, provide education, maintain records, submit reports, monitor compliance, conduct enforcement, and fulfill other requirements. The City has chosen to delegate some of those responsibilities to Contractor, acting as the City's designee, through this Agreement.

E. Pursuant to California Public Resources Code Section 40059(a)(1), City Council has determined that, for public health, safety, and welfare, an exclusive franchise agreement be awarded to a qualified Solid Waste enterprise for the Collection of Recyclable Materials, Organic Materials, and

Solid Waste within the City Limits.

F. The City previously entered an Amended and Restated Agreement for Refuse Collection with Contractor's predecessor in interest on or about February 7, 1989, which was amended on or about May 8, 1990, August 15, 1995, and July 20, 2010 ("Original Agreement"). It is the desire of the Parties, by entering this Agreement, to restate the Original Agreement, as amended, with additional revisions, as more fully set forth herein.

G. The City declares its intent to approve and maintain reasonable Rates for the Collection, Recycling, Processing, Composting, and/or Disposal of Recyclable Materials, Organic Materials, and Solid Waste.

H. It is the intent of the Parties that Contractor, and not the City, shall be solely responsible for establishing and collecting all charges for Collection services provided by Contractor pursuant to this Agreement.

I. The City and Contractor are mindful of the provisions of Federal and State laws governing the safe Collection, Transport, Recycling, Processing, and Disposal of Solid Waste, including AB 939, the Resource Conservation and Recovery Act of 1976, also known as the Solid Waste Disposal Act (42 USCA Section 6901 *et seq*.), and CERCLA. The City and Contractor desire to leave no doubts as to their respective roles, and to memorialize such roles by entering into this Agreement, the City is not thereby becoming an "arranger" or a "generator," as those terms are used in CERCLA; it is Contractor, not the City, who is responsible for "arranging" the Collection, Transport, Composting, Processing, and Recycling, and Disposal of the City's Recyclable Materials, Organic Materials, and Solid Waste, which may contain Hazardous Waste, as defined in Exhibit A. The City has not and, by this Agreement, does not instruct Contractor on its Collection methods, nor supervise the Collection Process. The Parties do not intend to place title to Solid Waste in the City, but rather intend that whatever, if any, title to such Solid Waste, which otherwise might exist in the City in the absence of this Agreement, is hereby transferred to Contractor. Further, if Contractor gains title to such Solid Waste, such title is by operation of law and agreement with its Customers and is not the result of this Agreement. By entering this Agreement, the City and Contractor further desire to confirm that Contractor has agreed to indemnify the City in connection with any claims relating to the inadvertent or intentional Collection, Transportation and/or Disposal of Hazardous Waste that may occur in connection with Contractor's performance under this Agreement.

J. Contractor has agreed, as part of this Agreement, to provide such services as are necessary or desirable to ensure City complies with the requirements of AB 939, SB 1383, and other current or future Federal, State, or local regulations.

K. The City desires, among other things, to ensure: (i) adequate landfills remain available to meet the public's need for the safe handling, Processing, and Disposal of Solid Waste; and, (ii) its citizens do not incur undue costs in the safe Disposal of the Solid Waste they generate. Thus, the City entered into the County Agreement. Contractor has agreed, as part of this Agreement, to provide such services and take such actions as are necessary or desirable to ensure City complies with its obligations pursuant to the County Agreement.

L. The Parties acknowledge the above recitals are true and correct and incorporated as though fully set forth herein.

Now, therefore, based upon the foregoing Recitals and for good and valuable consideration, the receipt and sufficiency of which is acknowledged by each of the Parties, the City and Contractor hereby agree as follows:

ARTICLE 1.
GRANT AND ACCEPTANCE OF FRANCHISE

1.1 Grant and Acceptance of Franchise

By the signing of this Agreement, the City grants to Contractor, and Contractor accepts, this franchise within the corporate limits of the City. The franchise granted to Contractor shall be for the scope of services described in this Agreement, subject to the limitations described in Section 1.2 and except where otherwise precluded by Federal, State, and local laws and regulations.

1.2 Limitations to the Franchise

The award of this Agreement shall not preclude the categories of Recyclable Materials, Organic Materials, Solid Waste, or other materials listed below from being delivered to and Collected and Transported by other Persons, provided that nothing in this Agreement is intended to or shall be construed to excuse any Person from obtaining any authorization from the City that is otherwise required by law:

A. **Self-Hauled Materials.** Recyclable Materials and Organic Materials generated in or on a Person's own Premises that are Transported for Processing with such Peron's own vehicle(s), equipment, and/or employees. Such Self-Haulers shall deliver any Recyclable Materials or Organic Materials to a permitted facility and have proof of their transactions, such as weight tickets, in alignment with the Municipal Code.

B. **C&D.** C&D that is removed by a duly licensed construction or demolition company as part of a total construction and demolition service offered by said licensed company, where the licensed company utilizes its own equipment.

C. **Donated or Sold Materials.** Any items that are Source Separated at any Premises by the Generator and: (a) sold; (b) donated or gifted to individual Persons; or, (c) donated to youth, civic, or charitable organizations. Such materials will not be deemed donated if they are Collected by a non-franchised waste hauler that is not a 501(c)(3) organization.

D. **Edible Food.** Edible Food that is Collected from a Generator by a Person(s), such as a Person from a Food Recovery Organization or Food Recovery Service, for the purposes of Food Recovery; or Edible Food that is Self-Hauled by the Generator to another Person(s), such as a Person from a Food Recovery Organization, for the purposes of Food Recovery, regardless of whether the Generator donates, sells, or pays a fee to the other Person(s) to Collect or receive the Edible Food.

E. **Food Scraps.** Food Scraps that are Source Separated by the Generator and used by the Generator or distributed to other Person(s) for lawful use as animal feed, in accordance with 14 CCR Section 18983.1(b)(7). Food Scraps intended for animal feed may be Self-Hauled by Generator or hauled by another party.

F. **Beverage Containers**. Containers that are delivered for Recycling under the California Beverage

Container Recycling and Litter Reduction Act, Section 14500 *et seq*. of the California Public Resources Code.

G. **Materials Removed by Customer's Contractor as an Incidental Part of Services**. Recyclable Materials, Organic Materials, Solid Waste, and Bulky Items that are removed from a Premises by a contractor (e.g., gardener, landscaper, tree-trimming service, construction contractor, Residential clean-out service) as an incidental part of the service being performed, rather than as a separately contracted or subcontracted hauling service.

H. **On-Site or Community Composting.** Organic Materials that are Composted or otherwise legally managed at the site where such Organic Materials are generated (e.g., backyard Composting or onsite anaerobic digestion); or Organic Materials at a Community Composting site.

I. **Animal, Grease Waste, and Used Cooking Oil**. Animal waste and remains from slaughterhouse or butcher shops; grease; or used cooking oil.

J. **Sewage Treatment By-Product**. Byproducts of sewage treatment, including sludge, sludge ash, grit, and screenings.

K. **Excluded Waste**. Excluded Waste, regardless of its source.

L. **Materials Generated by State and County Facilities**. Materials that are generated by State and County facilities located in the City, including, but not limited to, the Placentia-Yorba Linda Unified School District, provided that such Generator has arranged services with other Persons or has arranged services with Contractor through a separate agreement.

M. **Document Destruction**. Confidential documents that require document destruction.

N. **Solid Waste Not Collected by Contractor due to a Work Stoppage.** Subject to Force Majeure and Subsection 11.7.1, Solid Waste that other parties Collect under temporary contracts with the City and/or Customers, due to a work stoppage, if Contractor fails to take lawful, practical and commercially reasonable action to Collect Solid Waste after one (1) day of such work stoppage, or as otherwise agreed to in the contingency plan.

Contractor acknowledges and agrees that the City may permit other Persons besides Contractor to Collect materials identified in this Section 1.2, which are excluded from the scope of this Agreement, as set forth above, without seeking or obtaining approval of Contractor. If other Persons are servicing Collection Containers or are Collecting and Transporting Recyclable Materials, Organic Materials, and/or Solid Waste in a manner that is not consistent with this Agreement or the Municipal Code, Contractor shall report to the City Administrator or their designee: (i) the location of the incident; (ii) the name and phone number of the Person or company servicing, Collecting, and/or Transporting; and, (iii) Contractor's evidence of the foregoing. In such case, upon written request by Contractor, the City may notify the Generator and Person or company providing service, Collecting, and/or Transporting of Contractor's rights under this Agreement.

This Agreement and scope of this franchise shall be interpreted to be consistent with Applicable Law, now and during the Term of the Agreement. If future laws, regulations, or judicial interpretations limit the ability of the City to lawfully contract for the scope of services in the manner and consistent with all provisions as specifically set forth herein, Contractor agrees that the scope of the Agreement shall be

limited to those services and materials that may be lawfully included herein and that the City shall not be responsible for any lost profits or losses claimed by Contractor to arise out of such limitations to the scope or provisions of the Agreement. In such an event, it shall be the responsibility of Contractor to minimize the financial impact of such future laws, regulations, judicial interpretations and Contractor may meet and confer with City and petition for an extraordinary Rate adjustment pursuant to Section 8.6.

1.3 Obligations of Parties

In addition to the specific performance required under the Agreement, the City and Contractor shall:

1. Provide timely notice to one another of a perceived failure to perform any obligations under this Agreement and access to information demonstrating the Party's failure to perform.

2. Provide timely access to the City Administrator and Contractor's designated representative to respond to requests of the other Party in accordance with the terms of this Agreement.

3. Provide timely notice of matters that may affect either Party's ability to perform under the Agreement.

1.4 Acceptance of Agreement; Waiver of Terms

Contractor agrees to be bound by and comply with all the requirements of this Agreement. Contractor waives all rights and claims to serve the City or any part of the City under any prior grant of franchise, contract, license, or permit issued or granted by any governmental entity, including under California Public Resources Code § 49520. Additionally, by and upon the execution of this Agreement, Contractor agrees to: (i) be bound by this Agreement and not the Original Agreement as of the Effective Date; (ii) waive any and all rights under the Original Agreement; and, (iii) release and hold the City harmless from any of the City's obligations under the Original Agreement (except the right to compensation for services provided under and at the Rates approved by the City in the Original Agreement, prior to the Effective Date); provided, however, nothing contained in this provision is intended to or shall relieve Contractor from any obligation existing under the Original Agreement pertaining to insurance, indemnification, or other legal obligations to the City or Customers (as opposed to obligations to provide services pursuant to the terms thereof), or any obligation set forth in the Original Agreement that survive the termination thereof, including specifically those indemnification obligations relating to Environmental Laws, general liability, and AB 939. Further, nothing in this Agreement in any way terminates or otherwise affects the obligations of Contractor to pay the Administrative Fee, the Franchise Fee, or any other fees approved prior to the Effective Date by the City in compliance with the procedures necessary to implement Proposition 218. Nothing contained in this provision is intended to modify or rescind any provision in the Settlement Agreement and Release executed by the City and Contractor on or about April 6, 2010 ("Settlement Agreement") or to relieve Contractor or the City from the effect of any agreements or releases contained therein, including the City's obligation to credit Contractor's Administrative Fee payment obligations hereunder with the unused balance of the seven hundred thousand dollar ($700,000) advanced administrative fee payment made by Contractor to the City pursuant to that Settlement Agreement.

ARTICLE 2. TERM OF AGREEMENT

2.1 Term

The Term of the services to be performed by Contractor under this Agreement shall commence at midnight on the Effective Date and shall expire at midnight on July 19, 2037, unless the Agreement is terminated pursuant to Section 11.2.

2.2 Conditions to Effectiveness of Agreement

The obligation of the City to permit this Agreement to become effective and perform its undertakings provided for in this Agreement is subject to the satisfaction of all the conditions below, each of which may be waived, in written form only, in whole or in part by the City:

A. **Accuracy of Representations.** All representations and warranties made by Contractor and set forth in this Agreement shall be accurate, true, and correct on and as of the Effective Date of this Agreement.

B. **Furnishing of Insurance, Bond, Letter of Credit, and Corporate Guarantee.** Contractor has furnished evidence of the insurance coverage and surety mechanism required by Sections 9.2 and 9.3, comply with all ongoing requirements relating thereto, and provide the corporate guarantee required by Exhibit G.

C. **Absence of Litigation.** To the best of Contractor's knowledge, after reasonable investigation, there is no action, suit, proceeding, or investigation, at law or in equity, before or by any court or governmental authority, commission, board, agency, or instrumentality decided, pending, or threatened against Contractor or any of Contractor’s affiliates or parent organizations wherein an unfavorable decision, ruling, or finding, in any single case or in the aggregate, would:

1. Materially adversely affect the performance by Contractor of its obligations hereunder.
2. Adversely affect the validity or enforceability of this Agreement.
3. Materially adversely affect the financial condition of Contractor or any surety or entity guaranteeing Contractor's performance under this Agreement.

D. **Permits Furnished.** Contractor has provided the City with copies of all permits necessary for operation of all Approved Facilities owned or operated by Contractor, any of Contractor’s affiliates, or any Subcontractor for use under the terms of this Agreement.

E. **Legal Challenge.** Contractor understands and acknowledges that the award of this Agreement and related decisions may be subject to: (i) review and repeal by the City’s citizens through a referendum or similar petition; and, (ii) various types of legal and environmental challenges (such referenda, similar petitions, and legal and environmental challenges being referred to collectively as “Legal Challenges”). Accordingly, unless the City waives the following requirements, this Agreement shall not become effective until the City reasonably determines that: (i) any Legal Challenges that had been initiated as of the time of such determination have been resolved in favor of the City’s award of this Agreement to Contractor; and, (ii) the deadline to initiate any additional Legal Challenges has expired.

F. **Payment of Fees and Costs.** Contractor has made payment to the City for all fees, costs, and other payments due as of the Effective Date.

2.3 Delegation of Authority

The administration of this Agreement by the City shall be under the supervision and direction of the City Administrator's office. The actions specified in this Agreement, unless otherwise stated, shall be taken by the City Administrator or their designee.

ARTICLE 3.
SCOPE OF AGREEMENT

3.1 Summary Scope of Services

Contractor or its Subcontractor(s) shall be responsible for the following:

A. Providing a program for the separate Collection of Recyclable Materials, Organic Materials, and Solid Waste generated and placed for Collection by Customers, pursuant to the requirements of Article 4 and Exhibit B.

B. Transporting Collected materials to the appropriate Approved or Designated Facilities, pursuant to requirements of Article 4 and Exhibit B.

C. Processing Collected Recyclable Materials and Organic Materials at the appropriate Approved Facilities, pursuant to the requirements of Article 4 and Exhibit B.

D. Performing all other services required by this Agreement including, but not limited to, Customer billing, public education, Customer service, contamination monitoring, record keeping, and reporting, pursuant to Articles 4 and 6 and Exhibits C and F.

E. Furnishing all labor, supervision, vehicles, Containers, equipment, materials, supplies, and all other items and services necessary to perform its obligations under this Agreement.

F. Paying all expenses related to Contractor's provision of services required by this Agreement including, but not limited to, taxes, regulatory fees (including City Fees and reimbursements), and utilities.

G. Performing or providing all services necessary to fulfill its obligations in full accordance with this Agreement at all times using best industry practices for comparable operations.

H. Complying with all Applicable Laws.

The enumeration and specification of particular aspects of service, labor, or equipment requirements shall not relieve Contractor of the duty to perform all other tasks and activities necessary to fulfill its obligations under this Agreement, regardless of whether such requirements are enumerated elsewhere in the Agreement, unless excused in accordance with Section 11.7.

3.2 City's Flow Control and County Agreement

3.2.1 Flow Control

A. **Solid Waste Disposal Flow Control.** City shall have the absolute right to choose the location for the delivery and Disposal of all Solid Waste Collected pursuant to this Agreement and destined for landfill. Contractor waives the right to challenge the City's Flow Control, including any rights under the Commerce Clause of the United States Constitution. As of the Effective Date, the City shall exercise its Flow Control so as to require delivery of all Solid Waste to the County landfill system in a manner consistent with its obligations under the County Agreement (including its obligations related to Solid Waste that is delivered to a Processing Facility or Transfer Facility prior

to being delivered to a landfill for Disposal), and Contractor has agreed to handle all Solid Waste in a manner consistent with City's exercise of its Flow Control. At any time, the City may notify Contractor that the City no longer desires to exercise its Flow Control. In such event, Contractor shall have the absolute discretion to utilize any Disposal Facility, Transfer Station, Processing Facility, landfill, or other facility of its choosing to Dispose of Solid Waste generated within the City, provided that the use of such facility by Contractor enables it to meet all other requirements of this Agreement and Applicable Law.

B. **Organic Materials.**

1. Residential Organic Materials. Contractor shall deliver Residential Source Separated Organic Materials Collected pursuant to this Agreement to the Approved Organic Materials Processing Facilities included in Exhibit M.

City shall retain the right to choose the location for the delivery of Residential Source Separated Organic Materials, and that the Rate paid by the Customer will be reduced or increased accordingly if the Transfer, Transportation, and Processing costs of using such facility are lower or higher than the costs of using the Approved Organic Materials Processing Facilities included in Exhibit M. The Parties acknowledge and agree that the Approved Facilities in Exhibit M are approved at the time of entering into this Agreement and that Contractor's Rates are premised on the use of the Approved Organic Materials Processing Facilities set forth in Exhibit M.

The Contractor-proposed current Rates to Divert Residential Organic Materials, which is one hundred fifty-three dollars and sixty-five cents ($153.65) per Ton, are based on the Transfer, Transportation, and Processing costs for Organic Materials at the Approved Transfer Facility and the Approved Organic Materials Processing Facilities, as shown in Exhibit K.

If a lower cost option becomes available to Divert the Residential Organic Materials, Contractor shall notify the City in connection with Contractor's regular annual Rate adjustment, effective July 1 of each year, to initiate a cost reduction for the City's Residential Customers. Additionally, at any time, the City can notify Contractor of the availability of a lower cost option to Divert the Residential Organic Materials to initiate a cost reduction for the City's Residential Customers. The formula to calculate a Rate adjustment for a change in the Approved Organic Materials Processing Facility is included in Exhibit K.

2. Commercial Organic Materials. Contractor shall have the absolute right to choose the location for the delivery and Processing of Multi-Family and Commercial Source Separated Organic Materials Collected pursuant to this Agreement from the Approved Organic Processing Facilities included in Exhibit M. As of the Effective Date, Contractor shall deliver Collected Multi-Family and Commercial Organic Materials to any of the Approved Organic Materials Processing Facilities listed in Exhibit M.

The Contractor-proposed current Rates to Divert Multi-Family and Commercial Organic Materials, which is one hundred fifty-three dollars and sixty-five cents ($153.65) per Ton, are based on the Transfer, Transportation, and Processing costs for Organic Materials at the Approved Transfer Facility and the Approved Organic Materials Processing Facilities, as shown in Exhibit M.

C. **Recyclable Materials.** Contractor shall have the absolute right to choose the location for the delivery and Processing of all Source Separated Recyclable Materials Collected pursuant to this Agreement from the Approved Recyclable Materials Processing Facilities included in Exhibit M. As of the Effective Date, Contractor shall deliver Collected Recyclable Materials to any of the Approved Recyclable Materials Processing Facilities listed in Exhibit M.

3.2.2 County Agreement

Contractor expressly acknowledges its awareness of the County Agreement, which has been adopted and entered into by the City. Moreover, Contractor acknowledges that it has had an opportunity to review the County Agreement, and it is aware of the provisions thereof that require all Solid Waste Collected within City Limits to be Disposed in the County landfill system. Contractor further acknowledges that the County is an intended third-party beneficiary of Contractor's obligations to Dispose of Solid Waste, pursuant to this Agreement and the County Agreement. Contractor hereby adopts, as its obligations hereunder, such provisions of the County Agreement that require action or inaction by Contractor, as the City's Solid Waste franchisee. Contractor represents and warrants that it can and will perform its duties in connection with this Agreement in a manner that ensures the City does not breach the terms of the County Agreement as a result of Contractor's action or inaction. In the event the City advises Contractor in writing that the County Agreement has been terminated, or that the City no longer wishes to exercise its Flow Control, pursuant to Subsection 3.2.1.A, in a manner consistent with the County Agreement, then Contractor's obligations pursuant to this Section shall be terminated.

3.3 Use of Approved and Designated Facilities

Contractor, without constraint and as a freemarket business decision in accepting this Agreement, agrees to use the Approved and Designated Facilities, included in Exhibit M, for the purposes of Transferring, Processing, and/or Disposing of all Recyclable Materials, Organic Materials, Solid Waste, and other materials Collected in the City. Subject to events of Force Majeure, Contractor’s use of a facility that is not included in Exhibit M must be approved, in writing, by the City prior to such facility’s use, consistent with the requirements of Article 4.

3.4 Subcontracting

Contractor shall not engage any Subcontractors for Collection, Transfer, Transportation, Processing, and Disposal of Recyclable Materials, Organic Materials, or Solid Waste without the prior written consent of the City Administrator and/or City Council. Such consent may be withheld, unless it is unreasonable to do so. Annually, City will review and approve Contractor’s use of those Subcontractors identified by Contractor in the annual report. If Contractor plans to engage affiliated or Related-Party Entities in the provision of services other than those identified by Contractor in the annual report, Contractor shall provide City Administrator with thirty (30) days written notification of its plans. Such notification shall provide an explanation of any potential impacts related to the quality, timeliness, or cost of providing services under this Agreement. Contractor shall require that all Subcontractors comply with the insurance provisions in this Agreement, file insurance certificates with the City, name City as an additional insured, and comply with all other material terms of this Agreement.

3.5 Responsibility for Materials

Once Recyclable Materials, Organic Materials, and/or Solid Waste are placed in Contractor’s Containers and/or at the Collection location, the responsibility for the proper handling of such materials shall transfer

directly from the Generator to Contractor, with the exception of Excluded Waste, pursuant to Section 5.8.B. Once Recyclable Materials, Organic Materials, and/or Solid Waste are delivered by Contractor at the appropriate Approved Facility, the responsibility for the proper handling of such materials shall transfer directly from the Contractor to the Owner or operator of the Approved Facility, with the exception of Excluded Waste, pursuant to Subsection 5.8.C.

If Contractor cannot identify the Generator of Excluded Waste that has been inadvertently Collected by Contractor, the responsibility for the handling of such Excluded Waste shall remain with Contractor, and Contractor shall assume all responsibility for its proper Disposal. Title to any Excluded Waste shall at no time pass to Contractor. Contractor shall remove, Transport, and Dispose of such inadvertently Collected Excluded Waste at a facility authorized to accept such Excluded Waste in accordance with Applicable Law. Contractor may charge the depositor or Generator of such Excluded Waste for all reasonable direct and indirect costs incurred due to the removal, remediation, handling, Transportation, delivery, and Disposal of such Excluded Waste. The City shall provide reasonable assistance to Contractor to conduct an investigation to determine the identity of the depositor or Generator of such Excluded Waste and collect the costs incurred by Contractor in connection with such Excluded Waste.

If Excluded Waste is discovered before it is Collected by Contractor, Contractor may refuse to Collect the entire Container that contains such Excluded Waste. In such situations, Contractor shall contact the City and the City shall promptly undertake appropriate action to ensure that such Excluded Waste is removed and properly Disposed of by the depositor or Generator of such Excluded Waste.

3.6 City-Directed Changes to Scope

A. The City may require a proposal from Contractor to establish the scope of any modification to existing services (which may include use of Approved Facilities) or any additional services to be provided under this Agreement. In such case, Contractor shall present, within 30 calendar days of the City's request, unless an alternate schedule is mutually agreed upon, a written proposal to provide such modified or additional services. The City shall review Contractor's proposal for the change in scope of services. The Parties may meet and confer to negotiate Contractor's proposed revisions and costs and shall amend this Agreement, as appropriate, to reflect the mutually agreed-upon changes in scope. If the Parties are unable to agree on terms and conditions within one hundred eighty (180) calendar days from the City's receipt of Contractor's proposal for such services, then the City may permit other Persons to provide such services. Nothing herein shall prevent City from soliciting cost and operating information from other Persons in order to inform the evaluation of Contractor's proposal.

B. Upon CalRecycle's adoption of final regulations to implement SB 54, the Parties shall meet and confer to negotiate revisions to Contractor's services and costs that are necessary or appropriate to ensure compliance with such regulations. The final adoption of SB 54 regulations by CalRecycle, with approval by the Office of Administrative Law (OAL), shall be treated as a Change in Law under this Agreement, pursuant to Subsection 8.4.3.

3.7 Enforcement of Exclusivity

Contractor shall be responsible for enforcing the exclusivity of this Agreement. The City shall reasonably assist Contractor in its efforts to enforce the exclusivity hereof. In addition, the City shall adopt such ordinances or other regulations, as it deems to be necessary or desirable, to protect the exclusive rights

granted herein. The City shall have the right, but not the obligation, to enforce the exclusivity hereof, including by institution of appropriate legal proceedings, and/or request that Contractor do so. Contractor shall have an affirmative obligation to enforce such exclusivity provisions when requested to do so by the City. Contractor shall reimburse the City for the City's reasonable legal costs, or other extraordinary expenses (such as expert consultants, independent auditors, and private investigators) incurred in connection with City's actions to either enforce the exclusivity hereof or to assist Contractor in doing so.

ARTICLE 4.
SCOPE OF SERVICES

Contractor shall perform the Recyclable Materials, Organic Materials, Solid Waste, and Bulky Item services described in this Article for any Customer in the City that subscribes to Contractor's Collection services and places Containers in a public right-of-way or provides a waiver for Contractor to access the Private Road(s) where Customer places their Containers.

This Article describes the general requirements for the services to be provided. Additional specific requirements for the provision of services per Customer Type are described in Exhibit B. The timeline for implementation of new services and SB 1383 program roll-out are included as Exhibit J Contractor's Implementation Plan and Schedule. Failure to specifically require an act necessary to perform the service does not relieve Contractor of its obligation to perform such act.

4.1 Recyclable Materials and Organic Materials

A. Collection. Contractor shall provide Recyclable Material and Organic Material Collection services, as described in Exhibit B.

B. Transfer. Contractor plans to Transport Recyclable Materials and Organic Materials to the Approved Transfer Facility(ies), as listed in Exhibit M, where the materials will be unloaded from Collection vehicles, loaded into large-capacity vehicles, and Transported to the Approved Processing Facilities, as listed in Exhibit M. Contractor shall keep all existing permits and approvals necessary for use of the Approved Transfer Facility(ies) in full regulatory compliance. Upon request, Contractor shall provide copies of facility permits and/or notices of violations (obtained from its Transfer Facility(ies) Subcontractor, if necessary) to the City Administrator. If Contractor is unable to use all the Approved Transfer Facility(ies), then Contractor shall be responsible for making other Transfer arrangements. If Contractor plans to change its Transfer arrangements, Contractor shall obtain written approval from the City prior to making such change. In such event, Contractor shall not be compensated for any additional costs for such other Transfer arrangements; provided, however, that if such other Transfer arrangements are caused by Force Majeure, Contractor may be compensated for additional costs.

C. Processing. Contractor shall Transport and deliver all Source Separated Recyclable Materials placed in Recyclable Material Containers in the City to the Approved Recyclable Materials Processing Facility(ies). Contractor shall Transport Source Separated Organic Materials placed in Organic Material Containers in the City to the Approved Organic Materials Processing Facility(ies). All tipping fees and other costs associated with the Transportation and Processing of such Recyclable Materials and Organic Materials at the Approved Processing Facility(ies), including the Disposal of the Residue, as required in Subsection 4.1.I below, shall be paid by Contractor.

D. Capacity Guarantee. Subject to events of Force Majeure, Contractor guarantees sufficient capacity at the Approved Processing Facility(ies) to Process all Source Separated Recyclable Materials and Organic Materials Collected by Contractor under this Agreement and throughout the Term of the Agreement; provided, however, that Contractor makes no guaranty with respect to the capacity of any County facilities if Organic Materials are handled at County facilities.

E. Compliance with Regulatory Requirements and Applicable Law. Contractor shall keep all existing permits and approvals necessary for use of the Approved Processing Facility(ies) in full regulatory compliance. Upon request, Contractor shall provide copies of facility permits and/or notices of violations (obtained from its Approved Processing Facility Subcontractor, if necessary) to the City Administrator.

F. Notification of Emergency Conditions. Each Approved Facility, Designated Facility(ies), and/or Contractor shall notify the City of any: (i) unforeseen operational restrictions that have been imposed upon the facility by a regulatory agency; or, (ii) any unforeseen equipment or operational failure that will temporarily prevent the facility from Processing the Recyclable Materials and Organic Materials Collected under this Agreement.

G. Approved Facility(ies) Unavailable/Use of Alternative Facility(ies). If Contractor is unable to use an Approved Facility(ies) due to an event that meets the requirements for excusing Contractor from performance of this specific obligation, as described in Section 11.7, Contractor shall use an alternative Processing Facility. During such an event, Contractor shall provide written notice to the City Administrator within forty-eight (48) hours of an emergency or sudden and unforeseen closure. Such written notice shall include Contractor include a written description of the reasons the use of the Approved Facility(ies) is not feasible, and the period of time Contractor proposes to use the alternative Processing Facility. Such a change in Processing Facility shall be temporarily permitted, until such time as the City Administrator is able to consider and respond to the use of the proposed alternative Processing Facility. If the use of the proposed alternative Processing Facility is anticipated to or actually does exceed thirty (30) days in a consecutive twelve (12) month period, the use of such Processing Facility shall be subject to approval by the City Administrator. The City Administrator may, in their reasonable discretion, approve, conditionally approve, temporarily approve, or disapprove of the use of the proposed alternative Processing Facility. If the City disapproves the use of the proposed alternative Processing Facility, the Parties shall meet and confer to determine an acceptable Processing Facility.

If the use of an alternative Processing Facility is for reasons within Contractor's control, Contractor's Compensation shall not be adjusted for any change in Transportation and Processing costs associated with use of the alternative Processing Facility. In the event that the change in the Processing Facility results in increased costs, the City may identify and direct Contractor to a different alternative Processing Facility, at Contractor's expense, that results in less cost than the Contractor-identified alternative Processing Facility.

Except for the emergency conditions described in Subsections 4.1.F and 4.1.G, Contractor shall not change its selection of the Approved Processing Facility(ies) without City's written approval, which may not be unreasonably withheld. If Contractor elects to use a Processing Facility that is different than the initial Approved Facility(ies) listed in Exhibit M, Contractor shall request written approval from the City Administrator sixty (60) calendar days prior to use of the Processing Facility and obtain the City's written approval no less than ten (10) calendar days prior to use of the Processing Facility. Failure to meet the requirements of this Subsection may result in Liquidated Damages, as identified in Section 11.6.

H. Contamination. Contractor shall observe and comply with all regulations in effect at the Approved Processing Facility(ies) and cooperate with respect to delivery of Recyclable Materials and Organic Materials. Contractor shall actively work with the Approved Processing Facility(ies) operators

throughout the Term of this Agreement to ensure that contamination of the Recyclable Materials and Organic Materials Collected under this Agreement and delivered to the Approved Processing Facility(ies) remains below the limits established by Applicable Law, including, without limitation, SB 1383.

I. Marketing. Contractor shall be responsible for marketing Recyclable Materials and Organic Materials Collected in the City that are delivered for Processing at the Approved Processing Facility(ies). Contractor's marketing strategy shall promote the highest and best use of materials, as presented in the waste management hierarchy and in accordance with Applicable Law. Where practical, the marketing strategy should include use of local markets for Recyclable Materials and Organic Materials.

J. Residue Disposal. Residue from the Processing of Recyclable and Organic Materials Collected under this Agreement at the Approved Processing Facility(ies), which cannot be marketed, shall be Disposed of by Contractor, or the Approved Processing Facility Subcontractor. Residue delivered for Disposal shall not include any Excluded Waste.

K. Compostable Plastics. If Contractor's Approved Organic Materials Processing Facility accepts Compostable Plastics, Customers may place Compostable Plastics in the Organic Materials Container for Collection, including Compostable Plastic bags used by Customers to contain Food Waste prior to placement in the Organic Materials Container for Collection. Contractor may prohibit use of Compostable Plastics in Organic Material Containers if Compostable Plastics are not accepted at the Approved Organic Materials Processing Facility. If Compostable Plastics are accepted by the Approved Organic Materials Processing Facility, Contractor shall Collect and Transport such materials for Processing at the Approved Organic Materials Processing Facility.

Annually, Contractor shall provide written notification warranting and guaranteeing to the City that the Approved Organic Materials Processing Facility has and will continue to have, or does not have and will continue to not have, the capability to Process and recover Compostable Plastics throughout the Term of the Agreement. If, at any time during the Term of the Agreement, the Approved Organic Materials Processing Facility becomes able or unable to Process and recover Compostable Plastics in a different manner than Contractor's previous annual notification to the City, Contractor shall notify the City within seven (7) days of the Approved Organic Materials Processing Facility's ability or inability to accept the Compostable Plastics. The notification shall, at a minimum, include: the date and a description of the reasons that the Approved Organic Materials Processing Facility is able or unable to Process and recover the Compostable Plastics; the period of time the Approved Organic Materials Processing Facility's will or will not Process and recover these materials; and, if unable, Contractor's proposed plan to find an alternative facility or arrangement to Process the Compostable Plastics, subject to City approval. The City may prohibit or restrict the use of Compostable Plastics with a six (6) month notice to Contractor, which shall not constitute a City-directed Change in Scope or Change in Law under this Agreement.

L. Clear Plastic Bags. If Contractor's Approved Organic Materials Processing Facility accepts Food Waste contained in clear plastic bags for the separation of Food Waste from other Organic Materials, Customers may place Food Waste contained in clear plastic bags in the Organic Materials Container for Collection. Contractor's Approved Organic Materials Processing Facility shall treat the clear plastic bags as Residue, once separated from the Food Waste. If Food Waste contained in clear plastic bags is accepted by the Approved Organic Materials Processing Facility,

Contractor shall Collect and Transport Food Waste contained in clear plastic bags for Processing at the Approved Organic Materials Processing Facility.

Annually, Contractor shall provide a written notification to the City warranting and guaranteeing that the Approved Organic Materials Processing Facility has and will continue to have, or does not have and will continue to not have, the capability to Process Food Waste contained in clear plastic bags in the Organic Materials stream. If at any time during the Term of the Agreement the Approved Organic Materials Processing Facility becomes able or unable to accept or Process Food Waste in a clear plastic bag, in a different manner than Contractor's previous annual notification to the City, Contractor shall notify the City within seven (7) calendar days of the change. The notification shall, at a minimum, include: the date and a description of the reasons that the facility experienced a change in ability to accept or Process Food Waste contained in clear plastic bags; the period of time the facility will experience the change in ability to accept or Process these materials; and, Contractor's proposed plan to find an alternative facility or arrangement to Process Food Waste contained in clear plastic bags in the Organic Materials stream, subject to City written approval. The City may prohibit or restrict the placement of Food Waste contained in clear plastic bags in Organic Material Containers for Collection, with a six (6) month notice to Contractor, and this shall not constitute a City-directed change in scope or Change in Law under this Agreement.

4.2 Solid Waste

Contractor shall offer and provide Solid Waste Collection services as described in Exhibit B.

Contractor acknowledges that the City is committed to Diverting materials from Disposal through the implementation of source reduction, reuse, Recycling, Composting, and other programs, and that the City may implement new programs, with or without the involvement of Contractor, which may impact the overall quantity or composition of Solid Waste to be Collected by Contractor. Contractor shall not be entitled to any compensation or other relief resulting from a decline in Solid Waste volumes or Tonnage or from a change in the composition of Solid Waste.

Contractor shall Transport all Solid Waste Collected in the City to the Designated Disposal Facility(ies). Contractor shall pay all costs associated with Transportation and Disposal of Solid Waste, including payment of any tipping fees charged at the Designated Disposal Facility(ies). Contractor shall observe and comply with all regulations and posted rules in effect at the Designated Disposal Facility(ies) and cooperate with respect to delivery of Solid Waste.

4.3 Bulky Items and Reusable Materials

Contractor shall offer Bulky Item and Reusable Materials Collection services as described in Exhibit B. On-call Bulky Item and Reusable Materials Collection services shall be offered to Customers within a reasonable time, but not longer than seven (7) days after Contractor's receipt of a Customer's request for service, pursuant to Exhibit B. Contractor shall make reasonable efforts to schedule on-call Bulky Item and Reusable Materials Collections on a day that is convenient to the Customer. Contractor shall Transport all Bulky Items or Reusable Materials Collected under this Agreement to an Approved Facility. Contractor shall pay all costs associated with Transporting and Processing of Bulky Items and Reusable Materials. Contractor shall observe and comply with all regulations in effect at the Approved Facility and cooperate with respect to delivery of Bulky Items and/or Reusable Materials.

4.4 Bin Pullout Service

Upon Customer request, and approval by the City Administrator, Contractor shall provide Bin pullout service in accordance with the approved Rate schedule. The Contractor shall only assess Bin pullout service charges for Bins and not Carts. In the event of a dispute between Contractor and Customer as to whether Bin pullout service will be used, the City shall make the final determination. Any changes to the Customer Bin pullout service list shall be approved by the City prior to Contractor adding or removing this service for any Customer.

Contractor shall access Bins using a small vehicle to move Bins to street or other public right-of-way for Collection or retrieve a Bin, when operationally required, in order to safely position the Bin for Collection. If Contractor must place a Bin in the public right-of-way to facilitate Collection, Contractor shall not permit the Bin to remain in the public right-of-way for: (i) over two (2) hours if the Bin is included on a Customer list that identifies areas of high traffic where Bins cannot remain in the public right-of-way for more than two (2) hours; or (ii) over four (4) hours for all other Bins. The City and Contractor shall annually review such Customer list. The City will make the final determination for removing or placing Customers on such list. If the Bin is stored under a chute for Collection, Customer shall have a spare or standby Bin to be in place while the primary Bin is being serviced, in the event the chute cannot be closed, to prevent Discarded Materials from spilling.

4.5 City-Sponsored Events

Contractor shall provide Recyclable Materials, Organic Materials, and Solid Waste services to City-sponsored events, at no cost to the event or the City. The City will provide Contractor with a minimum of ten (10) Business Days notice prior to any City-sponsored event where Contractor is to provide Collection services. Special event services include all of the following, unless specifically waived in writing by the City Administrator.

A. **Event Collection Stations.** Contractor shall provide and set up event Collection stations for Collection of Recyclable Materials, Organic Materials, and Solid Waste at City-sponsored events. Each event Collection station shall include a separate Collection area for Recyclable Materials, Organic Materials, and Solid Waste, as appropriate. Contractor shall provide a sufficient number of event Collection stations with sufficient capacity to meet the needs of the event, as determined by Contractor and in cooperation with the City and/or the event organizer. Event Collection stations shall utilize Cardboard boxes for the Collection of Solid Waste and Recyclable Materials and Carts for the Collection of Organic Materials, unless alternative Containers are approved by the City. Contractor shall provide liners and/or bags for the Carts at the event Collection stations and shall line the Containers as a part of the station set-up. Collection stations shall include adequate signs and labeling.

B. **Roll-Off Boxes.** Upon request, Contractor shall provide up to eight (8) Roll Off Boxes annually for the aggregation of material removed from event Collection stations during the course of the event. Contractor shall provide Roll Off Boxes in sufficient number (maximum of eight (8)) and appropriate type(s), dependent on the needs of the event, as determined by Contractor in cooperation with the City and/or the event organizer. Contractor shall service Containers, as agreed upon with the City and/or the event organizer, and deliver Collected materials to the appropriate Approved Facility(ies) for Processing and/or Disposal.

C. Public Education Booth. Upon the City Administrator's or the event organizer's request, Contractor shall staff a booth or exhibit at the event for the purpose of educating the public about: (i) the services and programs provided by Contractor under this Agreement; and, (ii) the benefits of source reduction, reuse, Recycling, and Composting.

D. Reporting. Within fourteen (14) calendar days after the end of the event, Contractor shall submit a report to the City Administrator and event organizer. The report should include, at a minimum: the number of event Collection stations deployed at the event, the Tonnage of each material type (i.e., Recyclable Materials, Organic Materials, and Solid Waste) Collected, and a description of the public education provided at the event.

Contractor may, at its sole discretion and expense, coordinate with local youth, community, or charitable organizations to provide some or all of the services required by this Section. Regardless of Contractor's use of such an organization, Contractor shall be responsible for ensuring that service is provided at City-sponsored events in a professional and timely manner.

For events that are not identified in Exhibit B5 or otherwise hosted or sponsored by the City, Contractor shall provide the above-described event services upon request of the event organizer. Contractor may negotiate the charges for such services for payment by the event organizer, based on the specific needs of the event, or provide the services at Contractor's sole expense, provided that such event is serviced at no cost to the City or ratepayers.

4.6 Public Education and Outreach

The public education and outreach activities that are included in the scope of services to be provided by Contractor under this Agreement are described in Exhibit C.

A. Program Objectives. The City's public education and outreach strategy shall focus on: (i) improving Generator understanding of the benefits of and opportunities for source reduction, reuse, and landfill Disposal reduction; and, (ii) supporting compliance with Applicable Laws and regulations, including, but not limited to, AB 939, AB 341, AB 1826, and SB 1383. Examples of goals for the City-provided public education and outreach program include, but are not limited to: (i) informing Generators about the services that are provided under this Agreement, with specific focus on describing the methods and benefits of source reduction, reuse, Recycling, and Composting; (ii) instructing Generators on the proper method for placing materials in Containers for Collection and setting Containers out for Collection, with specific focus on minimizing contamination of Recyclable Materials and Organic Materials; (iii) clearly defining Excluded Waste, educating Generators about the hazards of such materials, and encouraging proper handling; (iv) discouraging Generators from buying products if the product and its packaging are not readily reusable, Recyclable, or Compostable; (v) informing Generators subject to Food Recovery requirements under SB 1383 of their obligation to recover Edible Food and actions they can take to prevent the creation of Food Waste; (vi) encouraging the use of Compost product and Recovered Organic Waste Products; and, (vii) encouraging Generators to purchase products and/or packaging made with Recycled-content materials. The cumulative intended effect of these efforts is to reduce generation and Disposal of Solid Waste and by each Generator in the City. Contractor agrees to support and not undermine or interfere with such efforts.

B. Contractor Public Education Requirements. Contractor agrees to print, produce, and distribute education materials and conduct outreach, as detailed in Exhibit C, at no additional cost to the Customers or the City.

Contractor shall obtain approval from the City Administrator on all Contractor-provided advertising, promotional, or service-related materials used within the City before publication, distribution, and/or release. The City Administrator shall have final approval of any materials or content distributed or made available to customers. The City may request that Contractor include City identification and contact information on materials. Contractor's approval of such request shall not be unreasonably withheld.

C. Non-English Language Requirements. Contractor shall make all public education and outreach materials required by this Section available in English and Spanish.

Upon the City's request, Contractor shall provide materials in additional languages, beyond those specified in this Section, in response to shifting demographics within the City; updates to State requirements or Applicable Law; or any other reason deemed appropriate by the City, provided that such reason is reasonable. If additional languages are required by the City or Applicable Law in the future, Contractor may use QR codes to assist Customers with specific language needs.

4.7 Billing

4.7.1 Use of County Tax Roll Billing System

Each Residential Customer receiving Cart Collection Services shall be billed by the City, on behalf of Contractor, through the County Tax Roll Billing system. Contractor shall provide a monthly invoice to the City that indicates all Residential Dwelling Units that Contractor services within the City. The City will collect payments from the County, on behalf of Contractor, deduct applicable City Fees, as well as such other amounts (if any) owed to the City, pursuant to this Agreement, and thereafter remit to Contractor the balance (net to Contractor) for all Residential Customers. On a monthly basis, the City shall remit to Contractor a monthly cost per Residential Dwelling Unit, as provided in Exhibit D, for all Residential Dwelling Units billed through the County Tax Roll Billing system. The City's payment to Contractor shall be paid within thirty (30) calendar days of receipt of Contractor's monthly invoice. Notwithstanding the foregoing, the City and Contractor may agree, in writing, to a payment frequency regarding said invoices on a quarterly or other basis. If, for any reason, billing for a Residential Dwelling Unit cannot be provided by the City, as contemplated by the Parties herein (such as need for additional Carts or Residential Dwelling Unit became occupied after information was submitted to the County), such Residential Customer shall be billed by Contractor in the same manner as other Customers, as provided in Exhibit D. Contractor shall assist the City in the preparation of the required information for the County to place the Residential Dwelling Unit on the County Tax Roll Billing system. Contractor shall provide to the City an annual reconciliation of Customer accounts that addresses total parcel numbers in the County Tax Roll Billing system and actual Residential Customers served at such parcels. Contractor shall further provide monthly invoice tracking and real time Service Levels to such parcels and Residential Customers, upon Customer or City request.

4.7.2 Direct Billing by Contractor

For any Customer not billed on behalf of Contractor by the City in connection with the County Tax Roll Billing system for services provided hereunder, Contractor shall provide itemized bills for Solid Waste handling services that distinctly showing charges for all classifications of services, including charges for

late payments. Contractor acknowledges that Contractor, and not the Customers, shall pay a Franchise Fee to the City as consideration for this Agreement. Accordingly, Contractor's bills shall not include a separate itemization for "Franchise Fee" or other similar designation. Contractor shall bill Commercial Customers monthly. Contractor may bill all other Customers quarterly or as otherwise authorized, in writing, by the City Administrator. Contractor may bill Customers in advance of, or subsequent to, services being provided, at Contractor's option. Contractor shall bill Customers who order service after the first of the month or cancel service prior to the end of the month on a prorated per-pickup basis.

4.7.3 Customer Account Information Database

Contractor shall develop, maintain, and regularly update a Customer Account Information Database, which shall include, but is not limited to:

A. Customer name.

B. Phone number.

C. Service address.

D. Customer Type (e.g., Residential, Commercial, Multi-Family, or Roll-Off Box).

E. Email address.

F. Customer Service Levels, including exceptions and waivers.

Contractor shall make the Customer Account Information Database available after no more than five (5) Working Days of receipt of such request from the City Administrator, in accordance with this Subsection and Section 6.1. Contractor shall additionally, on an annual basis, reconcile all Customer accounts with City's GIS information. Failure to maintain the Customer Account Information Database in accordance with this Subsection shall result in Liquidated Damages, as identified in Section 11.6.

Contractor shall provide directly billed Customers the option to receive invoices electronically, using paperless invoices, or by standard mail, using paper invoices. Contractor shall allow Customers to pay their bills through an electronic check or credit card and allow Customer billings to be automatically charged on a recurring basis. Contractor shall prepare, mail, and collect bills from Customers who decline to use such electronic billing system. Contractor shall make arrangements to allow such Customers to pay bills by cash, check, electronic check, money order, and credit card.

Up to once per quarter, the City may direct Contractor to attach inserts to directly billed Customer invoices in alignment with Exhibit C.1.E.

Contractor shall maintain copies of all billings and receipts, each in chronological order, for the Term of this Agreement, for inspection and verification by the City Administrator at any reasonable time, but in no case more than thirty (30) calendar days after receiving a request to do so.

If Contractor fails to invoice a Customer, or otherwise undercharges a Customer for services provided for more than six (6) months, Contractor may not subsequently attempt to collect the undercharged amount for more than six (6) months of service. If Contractor overcharges a Customer for a period of more than six (6) months, Contractor shall reimburse or credit the Customer for at least six (6) months of the overcharged service, but is not required by this Agreement to reimburse or credit the Customer for more

than six (6) months of overcharges. This Agreement also does not prohibit Contractor from reimbursing or crediting a Customer for more than six (6) months of overcharges.

If a Customer reduces or cancels service during a billing cycle, the Customer shall be entitled to a proration of the billing from the date that the service change was requested, in the case of cancellations or reductions in the Customer's bill, or the date the service change was fulfilled, in the case of increases in the Customer's bill.

4.7.4 Unoccupied Premises

During any time when a Premises is unoccupied, and following receipt of written notice by Contractor from a Customer that the Premises have been vacated, Contractor shall not provide Collection services and shall not bill such Premises for Collection Service. The Customer at any such Premises shall be responsible for providing reasonable evidence that the Premises have been vacated to Contractor, pursuant to Contractor-developed guidelines that the City Administrator shall approve. Any Customer grievance regarding a claim that a Premises was vacated and received no service, and hence should not be billed for a given period, pursuant to Subsection 4.7.1, may be appealed by the Customer to the City Administrator. The City Administrator's decision shall be final, following an opportunity for the parties to present information and pertinent documentation. It is the intent of the Parties that Contractor shall not be entitled to charge for services at vacant Premises when such services are not needed or used. Notwithstanding the foregoing, it is the intent of the Parties that Premises shall not be deemed vacant, pursuant to Subsection 4.7.1, during such period of time that such Premises are unoccupied due only to a temporary absence of the Owner(s) or Occupant(s), such as a period when the Owner(s) or Occupant(s) are merely on vacation.

4.7.5 Delinquent Accounts

Contractor may discontinue service to any Customer as set forth in this Subsection. Customers who have not remitted required payments within thirty (30) calendar days after the date of billing shall be notified on forms approved by the City Administrator. Such forms shall contain a statement that services may be discontinued fifteen (15) calendar days from the date of notice if payment is not made before that deadline. If payment is not made by the expiration of said fifteen (15) calendar day deadline, Contractor may discontinue service forty-eight (48) hours thereafter. For any Customer whose service is discontinued, Contractor shall resume Solid Waste Collection services on the next regularly scheduled Collection day upon receipt of payment of delinquent fees and any related service restart charges, or at a sooner time if directed to do so by the City. Any delinquent fees or service charges to be imposed in connection with delinquent accounts shall be set by Contractor, subject to City Administrator approval. A deposit equal to the Rate for one (1) month of service, as set forth in Exhibit D, and as such Rates may be amended from time to time, may be required for accounts that have been discontinued due to non-payment prior to reinstating service to such accounts.

4.7.6 Collection and Processing of Payments

A. Collection, Processing of Payments, Accounting and Deposit of Funds. All payments received by Contractor shall be appropriately credited to Customer accounts, deposited in a bank account, and accounted for in a businesslike manner, utilizing generally accepted accounting principles. To facilitate audits and record keeping, Contractor shall make all withdrawals from its bank accounts by check, ACH debit/credit, or wire, regardless of whether the withdrawal is to provide funds to the City, Contractor, or any permissible Subcontractor of Contractor.

B. Allocation of Funds. With respect to payments received from each Customer, and unless a Customer specifically directs a different allocation, funds shall be allocated first to outstanding charges for Solid Waste handling services, then to any related delinquency fees or other administrative charges, up to the amount of any outstanding balance. Any overpayment shall be credited to future bills in the same sequence, or returned to the Customer, as appropriate.

4.8 Customer Service Program

4.8.1 Program Requirements

A. Customer Service Local Office. Contractor maintains an office located at 1131 North Blue Gum Street, in Anaheim, California. No change in this location shall occur without City's approval if such change would result in Contractor not having an office within twenty-five (25) miles of City Hall. Contractor's office shall be open from 8:00 a.m. to 5:00 p.m. on Monday through Friday, and 8:00 a.m. to 12:00 p.m. on Saturday for telephone Customer service only, Holidays excepted ("Office Hours"). At least one responsible and qualified representative of Contractor shall be present and available during all times that the office is required to be open, as noted above, for personal communication with the public.

B. Telephone Customer Service Requirements

1. Contractor shall maintain a toll-free telephone number that rings at an office within North Orange County at all times during Office Hours and a telephone system adequate to handle the volume of calls typically experienced, except during periods of high call volume, when calls may be routed to Contractor's available southwest area regional call centers. Both English and Spanish speaking personnel shall be available during Office Hours to assist Customers with telephone inquiries. Contractor shall also have the ability (through the use of outside resources or otherwise, including having access to translation services for telephone inquiries made during Office Hours) to communicate with Customers who speak Korean, Vietnamese, or other foreign language to ensure their inquiries, questions, Complaints, and other matters are dealt with in a reasonably timely fashion. Customers may also subscribe to a Telecommunications Device for the Deaf (TDD) service for use by Persons with hearing or speech difficulties, which Contractor shall be able to accommodate. All such personnel shall be polite, responsive, and sufficiently knowledgeable and have the authority to respond to and/or advise Customers seeking assistance.

2. Contractor shall make reasonable attempts to answer all phone calls within five (5) rings. If a call has been placed on hold for three (3) minutes, the caller shall either be switched to a message center that shall be able to obtain the caller's address and phone number or a Customer service representative who shall obtain the Customer's address and a number at which the call can be returned. Contractor shall make and document at least three (3) attempts within the next twenty-four (24) hour period to return the call, with the first such attempt not more than one (1) hour after the caller leaves the message or talks to the Customer service representative.

3. Contractor shall record Customer Complaints regarding Customer service personnel in accordance with Subsection 4.8.1.C. Customer service representatives receiving multiple Complaints shall be transferred from Customer service duties relating to services performed under this Agreement.

4. Contractor shall provide the City with a twenty-four (24)-hour emergency telephone number that connects to a live Person, not voicemail. Contractor shall maintain such emergency telephone number for the City's use outside normal Office Hours.

C. Complaint Documentation. Contractor shall retain daily logs of Complaints for a minimum of twenty-four (24) months, which shall be available to the City at all times upon request and at no cost to the City.

Contractor shall log all Complaints received by telephone, and or email, and such log shall include the date and time the Complaint was received; name, address and telephone number of the caller, description of Complaint; name of employee recording Complaint; and the action taken by Contractor to respond to and remedy Complaint. Missed pick-ups shall be included in this log.

Complaints shall be responded to within the same Working Day of receipt for a Customer Complaint received before Noon and the following Working Day of receipt for a Complaint received after Noon (excluding Saturday, Sunday, and Holidays, as defined in Exhibit A).

The City shall, at any time during regular Contractor business hours, have access to Contractor's City Liaison for purposes that may include monitoring the quality of Customer service or researching Customer Complaints.

D. Resolution of Customer Complaints. Disputes between Contractor and Customers regarding the services may be resolved by the City, except for Customer claims for personal injury or damages to property. Contractor shall have the right to present evidence in connection with any Customer claim. The City's decision shall be final and binding.

Should Contractor and Customers not be able to establish a mutually acceptable fee to be charged for special hauling services, the matter shall also be determined by the City Administrator, and the City Administrator's decision shall be final.

Intervention by the City is not a condition precedent to any rights or remedies third parties might otherwise have in any dispute with Contractor. Nothing in this Subsection is intended to affect the remedies of third parties against Contractor. To the extent that remedies are warranted through this Agreement, this Subsection shall apply.

E. Web Site and Email Access. Contractor shall develop and maintain a website with City specific links that is accessible by the public and solely dedicated to the operations under this Agreement. Contractor's website shall include all public education and outreach materials produced and distributed under this Agreement and provide the public with the ability to email Contractor questions, service requests, and Complaints. Contractor shall respond within twenty-four (24) hours to all Customers who leave email messages on any given Business Day, not including designated Holidays. Contractor may respond to Customer emails via email or phone.

4.8.2 Missed Collections

A. Missed Collection Complaints. In the event that a Customer has placed their Container for Collection during the established or designated Collection time, and such Customer reports a missed or incomplete Collection as a Complaint directly to the Contractor's Customer service line, Contractor's Customer service representative shall not question or contest the Customer's claim that the Collection was missed or incomplete. In cases where the route driver recorded the

Container(s) in question as already "Collected" or "not out," Contractor shall resolve the Complaint as noted in the below Subsections.

B. Schedule for Resolution. Contractor shall resolve every Customer Complaint for a missed or incomplete Collection by returning to the Customer address and completing the Collection. In the case of a missed pick-up called in by a Customer, Contractor shall Collect Solid Waste, Organic Materials, and Recyclable Material from such Customer no later than the next Working Day after the date of the call. Contractor's failure to comply with this Subsection may result in Liquidated Damages in accordance with Section 11.6.

Contractor shall not be required to return and complete a Collection in response to a Complaint if Contractor's driver has left a Non-Collection Notice in accordance with Subsection 4.11.1.D.

C. Courtesy Collections for Admitted Late Set Outs. In the event that a Customer: (i) reports that their Container(s) were placed for Collection after Contractor's Collection vehicle had already passed their Premises for regularly scheduled Collection; (ii) does not claim that Contractor missed the Collection; and, (iii) requests that Contractor return and Collect their Containers, Contractor shall return to the Customer Premises and provide a courtesy Collection at no charge to the Customer. Contractor is not required to provide more than one (1) courtesy Collection for admitted late set outs per Customer per calendar year. For Residential Customers, one (1) courtesy Collection represents Collection of up to three (3) Carts (i.e., Recyclable Materials, Organic Materials, Solid Waste) per incident. Contractor shall complete the courtesy Collection by the end of the following Working Day after the date of the call. The provisions of this Subsection shall only apply if the Customer acknowledges during the initial call to the Customer service line that the event did not constitute a missed or incomplete Collection event by Contractor.

4.8.3 SB 1383 Non-Compliance Complaints

For Complaints received directly by Contractor in which the Person alleges that an entity is in violation of SB 1383 requirements, Contractor shall document the information listed in Exhibit F. For each SB 1383 noncompliance Complaint, Contractor shall provide information to the City in a brief Complaint report within seven (7) calendar days of receipt of such Complaint. Such SB 1383 noncompliance Complaint reports shall also be provided in Contractor's monthly summary report in accordance with Exhibit F.

Upon City request, Contractor shall conduct follow-up inspections and/or outreach to the violating entity and document such follow-up information in the Contractor's reports, pursuant to Exhibit F.

4.9 Customer Service and Billing Systems

Upon the City's written request, Contractor shall provide the City with access to Contractor's Customer information, including contact information (including email addresses) the billing of such Customer, and any service and/or billing issues with such Customer.

4.10 Service Exemptions

4.10.1 General Exemptions

Upon Customer request, and with written approval from the City Administrator, Contractor shall cease providing, and collecting payment for, Collection services to a Premises that is anticipated to be vacant for no less than thirty (30) calendar days, pursuant to Subsection 4.7.4. In addition, upon written direction

from the City Administrator, Contractor shall modify or otherwise cease providing Collection services to Customers requesting other service exemptions, provided that such Customers consistently demonstrate the ability to responsibly manage Discarded Materials generated at the Premises in question in a manner consistent with Applicable Law.

4.10.2 Commercial and Multi-Family Customer Waivers

A. General. The City may grant waivers described in this Section to Commercial or Multi-Family Generators, which may impact the scope of Contractor's provision of service for those Customers; provided, however, that such Generators shall continue to subscribe to Contractor for Collection services to the extent such services are not waived by the City. Waivers issued shall be subject to compliance with SB 1383 requirements, pursuant to 14 CCR Section 18984.11, or other requirements specified by the City, in compliance with Applicable Law.

B. Types of Generator Waivers

1. De Minimis Waivers. The City may waive a Commercial or Multi-Family Generator's obligation to comply with some or all of the Recyclable Materials and Organic Materials requirements set forth in this Agreement, SB 1383, and the Municipal Code if the Generator provides documentation of, or the City has evidence demonstrating, one of the following de minimis conditions:

    a. The Commercial or Multi-Family Generator's total Discarded Materials Collection service is two (2) cubic yards or more per week, and Organic Waste, subject to Collection in a Recyclable Materials Container or Organic Materials Container, comprises less than twenty (20) gallons per week, per applicable Container, of the Commercial or Multi-Family Generator's total waste.

    b. The Commercial or Multi-Family Generator's total Discarded Materials Collection service is less than two (2) cubic yards per week, and Organic Waste, subject to Collection in a Recyclable Materials Container or Organic Materials Container comprises less than ten (10) gallons per week, per applicable Container, of the Commercial or Multi-Family Generator's total waste.

2. Physical Space Waivers. The City may waive a Commercial or Multi-Family Generator's obligation to comply with some or all of the Recyclable Materials and Organic Materials requirements set forth in this Agreement, SB 1383, and the Municipal Code if the Commercial or Multi-Family Generator provides documentation, or the City has evidence from its staff, Contractor, licensed architect, engineer, or similarly qualified source demonstrating that the Premises lacks adequate space for Recyclable Materials Containers and/or Organic Materials Containers.

C. Contractor Review of Waiver Requests. Generators may submit requests for de minimis waivers and physical space waivers to the City or Contractor. The City shall notify Contractor of the request, and Contractor shall, within seven (7) calendar days of receipt of the City's request, inspect the Generator's Premises to verify the accuracy of the application. Contractor shall provide documentation of the inspection, including: the date of the inspection, Customer name and address, a description of the Premises, evaluation of each criterion of the relevant waiver type, and photographic evidence. Contractor shall send this information and documentation to the City in a timely manner, not to exceed three (3) Working Days after the date of inspection. The City ultimately retains the right to approve or deny any application, regardless of the information

provided by Contractor. Contractor shall report information regarding waivers reviewed within the month, if any, in accordance with this Section and Exhibit F.

D. Service Level Updates. When the City grants a waiver to a Customer, or the Customer's waiver status changes after a reverification determination, the City shall notify Contractor within seven (7) Business Days of the waiver approval or status change with information on the Customer and any changes to Service Level or Collection service requirements for the Customer. Contractor shall have seven (7) Business Days to modify the Customer's Service Level, Customer account data, and billing statement, as needed.

E. Waiver Re-verification. The City shall be responsible for reverification of waivers. Upon request of the City, Contractor shall support the City in this reverification process by providing requested Customer information, per the Customer database requirements in Subsection 4.7.3. In the event that a waiver status changes, Contractor shall update the Customer's information and Service Level in accordance with Subsection 4.10.2.D.

4.10.3 Contractor Service Exemptions

A. Disaster Waivers. In the event of a disaster, the City may grant Contractor a waiver of some or all Discarded Materials Collection requirements under this Agreement and 14 CCR, Division 7, Chapter 12, Article 3 in the disaster-affected areas for the duration of the waiver, provided that such waiver has been approved by CalRecycle. Any resulting changes in Collection requirements shall be addressed as a change in scope in accordance with Section 3.6.

B. Quarantined Waste. If approved by the City, Contractor may Dispose of, rather than Process, specific types of Organic Materials and/or Recyclable Materials that are subject to quarantine, and meet the requirements described in 14 CCR Section 18984.13(d), for a period of time specified by the City, or until the City provides notice that the quarantine has been removed and directs Contractor to Transport the materials to the Approved Facility(ies) for such material.

In accordance with Exhibit F, Contractor shall maintain records and submit reports regarding compliance agreements for quarantined Organic Materials and Recyclable Materials that are Disposed, pursuant to this Subsection.

4.11 Contamination Monitoring

4.11.1 Ongoing Contamination Monitoring

A. Methodology. Contractor shall perform ongoing monitoring of Containers for Prohibited Container Contaminants during standard Container Collection by route personnel or through the use of optical scanning or photography of a Customer's Container. Contractor will not begin assessing contamination fees, or noticing Customers for optical scanning and vehicle photography, without prior City approval, provided that City approval shall not be unreasonably withheld. Also, Contractor, at the request of City staff, shall provide evidence for any SB 1383 Complaints related to Prohibited Container Contaminants.

B. Contamination Notification. Upon Contractor identification of Prohibited Container Contaminants by route personnel, including the use of optical scanning or photography of a Customer's Container, Contractor shall provide the Customer with a notice of contamination, provided that Contractor obtained City approval per Subsection 4.11.1A above. The

contamination notice shall be in the form of a physical Courtesy Pick-Up Notice, or a Non-Collection Notice, through email, SMS text message, direct mail, or other City-approved notification method, as determined by Contractor staff based on Customer's preferred communication method. Such contamination notice shall include: (i) a description of the Prohibited Container Contaminants observed within the Customer's Container(s); (ii) the date and time the Prohibited Container Contaminants were observed in the Customer's Container(s); (iii) acceptable materials and Prohibited Container Contaminants for each Container and proper Source Separation; and (iv) the amount, if any, of the contamination fee that can be assessed by Contractor. In the event of a Customer dispute of a contamination charge, the City retains the right to waive any contamination fees, unless sufficient evidence (e.g., a photograph) has been provided in a timely manner to the Generator by Contractor. A Contractor photograph of the identified contamination in Customer's Container shall create a rebuttal presumption that Contractor's contamination charge is valid. The Customer has the burden to rebut the evidence of contamination. The City's decision to invalidate or waive a contamination charge shall be based on substantial evidence.

C. Courtesy Pick-Up Notice. Upon Contractor identification during physical Container Collection of Prohibited Container Contaminants in a Customer's Container, Contractor shall provide the Customer a Courtesy Pick-Up Notice at the Customers door or gate, or, subject to the City's approval, may deliver the notice by mail, email, SMS text message or other City-approved notification method. Contractor may also attach or adhere such Courtesy Pick-Up Notice to Generator's contaminated Containers. Contractor shall not be required to provide a Courtesy Pick-Up Notice if the Prohibited Container Contaminants are identified through optical scanning or photography or if the contaminants are identified after Contractor's staff have left the property.

The Courtesy Pick-Up Notification shall, at a minimum:

1. Inform the Customer of the observed presence of Prohibited Container Contaminants.
2. Include the date and time the Prohibited Container Contaminants were observed.
3. Include information on the Customer's requirement of proper Source Separation, and the accepted materials and Prohibited Container Contaminants for each Container.
4. Inform the Customer of the courtesy pick-up of the contaminated materials on this occasion and that after one (1) instance of contaminated materials, Contractor may assess contamination fees.
5. Include photographic evidence.

The format of the Courtesy Pick-Up Notice shall be approved by the City Administrator and shall be distinct from the Non-Collection Notices.

Contractor shall Collect the contaminated Recyclable Materials and/or Organic Materials Containers and either Transport the material to the appropriate Approved Facility(ies) for Processing or Collect the contaminated materials with the Solid Waste and Transport the contaminated materials to the Designated Disposal Facility(ies). Recyclable Materials or Organic Materials may be Collected with a Solid Waste Collection vehicle during a courtesy Collection if such materials are sent for Disposal at Designated Disposal Facility(ies), provided that the contaminants may safely and lawfully be Collected as Solid Waste.

D. Non-Collection Notices

1. Non-Collection Notice. Upon physical identification of Prohibited Container Contaminants in a Container in excess of ten percent (10%) or more, by volume, or physical identification of Containers that contain Excluded Waste, Contractor shall provide a Non-Collection Notice to the Generator.

   The Non-Collection Notice shall, at a minimum:

   a. Inform the Customer of the reason(s) for non-Collection.

   b. Include the date and time the Non-Collection Notice was left or issued.

   c. Describe the premium charge to Customer for Contractor to return and Collect the Container after Customer removes the Contamination to the extent safe to do so.

   d. Provide a warning statement that a contamination processing fee may be assessed for Commercial and Multi-Family Bin Customers.

   e. Include photographic evidence of the violation(s).

2. Communications with Customer. Whenever a Container at the Premises of a Commercial or a Multi-Family Customer is not Collected, Contractor shall contact the Customer on the scheduled Collection day or within twenty-four (24) hours of the scheduled Collection day by telephone, email, text message, or other verbal or electronic message to explain why the Container was not Collected. Whenever a Container is not Collected because of Prohibited Container Contaminants at the Premises of a Single-Family Customer, a Customer service representative shall contact the Customer to discuss and encourage the Customer to adopt proper Discarded Materials Source Separation procedures.

3. Contractor Return for Collection. Upon request from Customer, Contractor shall Collect Containers that received Non-Collection Notices within one (1) Working Day of Customer's request, if the request is made at least two (2) Working Days prior to the regularly scheduled Collection Day. Contractor shall bill Customer for the extra Collection service event ("extra pick-up") at the applicable City-approved Rates, only if Contractor notifies Customer of the premium Rate for this service at the time the request is made by Customer.

E. Assessment of Contamination Processing Fees. For Commercial and Multi-Family Bin Customers, if Contractor observes ten percent (10%) or more, by volume, of Prohibited Container Contaminants on more than one (1) occasion for Commercial accounts, and Contractor has already issued a Courtesy Pick-Up Notice, Contractor may impose a contamination fee approved by the City for that Customer's Service Level. The City retains the right to waive any contamination fees, unless sufficient evidence can be provided by Contractor, pursuant to Subsection 4.11.1.B. The intent of Contamination Fees are to provide a behavioral tool to educate and prevent Customers from placing Source Separated Discarded Materials into the improper designated Container(s). To ensure that assessment of fees are used for the intended purposes, and not as a form of revenue generation, Contractor agrees that contamination processing fees shall not exceed one percent (1%) of Contractor's Gross Receipts in any calendar quarter. In the event that contamination processing fees exceed one percent (1%) of Contractor's Gross Receipts in any calendar quarter, the assessment of contamination processing fees shall be suspended immediately and indefinitely, pending a program assessment by the City and Contractor. Upon

program suspension, or at the request of the City at any time during the Term of the Agreement, the City and Contractor shall meet and confer regarding the application and effectiveness of contamination processing fees in accomplishing the behavior change. If the program is suspended due to excessive revenue generation, the City may require Contractor to: i) modify the program parameters, ii) modify the amount of the contamination fee(s); or iii) return to the City any funds generated by the contamination processing fee that exceed one percent (1%) of Contractor's Gross Receipts for a given period of time.

Failure to comply with the requirements of this Subsection may result in Liquidated Damages per Section 11.6.

Contractor shall leave a Contamination Processing Fee Notice attached to the Generators' contaminated Container(s) prior to the assessment of a contamination fee. Contractor shall also deliver Contamination Processing Fee Notice by mail or email to the Customer's address within twenty-four (24) hours of assessing the contamination fee.

1. Contamination Processing Fee Notice. The Contamination Processing Fee Notice shall be in a format approved by the City Administrator. Contractor shall notify the City in its monthly report for Customers that were assessed contamination fees per Subsection 4.11.1.F.

   Each Contamination Processing Fee Notice shall include, at a minimum:

   i. The specific material(s) of issue.

   ii. How to correct future set outs.

   iii. Indication that the Customer will be charged a contamination processing fee on their next bill.

F. Reporting Requirements

1. **Container Contaminant Log.** The driver or other Contractor representative shall record each Contractor-identified event of Prohibited Container Contaminants in a written log or on-board computer system. Such record shall include, but not be limited to: date and time of identification, Customer's address, type of Container, and photographic evidence.

2. **Contaminant Fees Assessment Report.** Contractor's Contract Administrator or their designee shall update the Customer's account records to note the contaminant event(s) as identified by driver(s) and/or other Contractor personnel. Contractor shall maintain records and report to the City monthly on contamination monitoring activities and actions taken, consistent with the submittal timing and content requirements of Exhibit F.

4.11.2 City Performed SB 1383 Annual Route Reviews

The City will perform the annual Container inspection requirements of 14 CCR Section 18984.5(b). Contractor shall support the City in completing annual route reviews by providing the City with necessary data to create a route review methodology that meets the City's annual route review requirements of SB 1383. Such data shall include route maps, schedules, and other operating data that the Parties agree is necessary to complete the route reviews. The City will provide Contractor with a route review schedule no less than thirty (30) calendar days before the commencement of the annual route reviews. City staff shall notify Customers prior to commencing annual route reviews and shall utilize its own notification tags

to educate Customers on acceptable materials and Prohibited Container Contaminants. Results of the City's annual route reviews may be used to assess contamination processing fees, as described in Subsection 4.11.1.E, upon Contractor receiving direct authorization from the City.

4.12 Edible Food Recovery Assistance Program

A. General. Pursuant to the requirements of SB 1383 (14 CCR, Division 7, Chapter 12, Article 10), the City is responsible for developing and implementing a Food Recovery program in the City. Contractor shall cooperate with and shall not impede, interfere, or attempt to impede or interfere with the implementation, expansion, and operation of Food Recovery program efforts in the City.

B. Identification of Commercial Edible Food Generators. Contractor shall assist the City with identifying Tier One Commercial Edible Food Generators and Tier Two Commercial Edible Food Generators for the purpose of the Food Recovery program. No later than thirty (30) calendar days after the Effective Date, and annually thereafter, Contractor shall identify and provide a list to the City of Commercial Customers that qualify, or appear to qualify, as Tier One Commercial Edible Food Generators or Tier Two Commercial Edible Food Generators, as defined by this Agreement. The list shall include, at a minimum: the Customer's name, service address, and contact information; Tier One Commercial Edible Food Generator or Tier Two Commercial Edible Food Generator classification; and type of business, as it relates to the categories of entities specified under the definitions of Tier One Commercial Edible Food Generators and Tier Two Commercial Edible Food Generators. Contractor shall update this information annually, maintain an up-to-date database, and include this information in Contractor's annual report, in accordance with Exhibit F.

Additionally, Contractor shall coordinate Food Recovery and donation efforts with each Tier One Commercial Edible Food Generator and Tier Two Commercial Edible Food Generator. Contractor shall perform quarterly examinations of routes for food donation opportunities and report results to the City and Food Recovery Organizations.

C. Contractor Funding of Edible Food Consultant. As further consideration for the rights granted to Contractor herein, Contractor shall fund an agreement with a third-party each year during the Term hereof for the City to use for oversight and inspections of Food Recovery Programs in compliance with SB 1383. Contractor shall select the third party and present selection to the City for approval.

4.13 Route Audit

Upon the City's request (but not more than once every five (5) years), Contractor shall conduct an audit of its Collection routes in the City. The City may use information from the audit to develop a request for proposals for a new service provider. The City may instruct Contractor when to conduct the audit in order for the results to be available for use in preparation of a request for proposals, or for other City uses, provided that City provides Contractor with reasonable notice of such audit. The City may also instruct Contractor to conduct an audit at a time that would produce the most accurate Customer service information for a new service provider to use in establishing service with Customers. In setting these audit dates, the City will reasonably establish due dates for Contractor to provide routing and account information, and later, the report, to the City.

The route audit, at minimum, shall consist of an independent physical observation by Person(s) other than

the route driver, or observation by onboard technology, if available, and if approved by the City. This Person(s) is to be approved in advance by the City. The route audit information shall include, as a minimum, the following information for each account:

A. For Cart Customers:

1. Route number.
2. Truck number.
3. Number and size of Carts by material stream (Solid Waste, Recyclable Materials, and Organic Materials).
4. Cart condition.

B. For Bin and Roll-Off Box Customers:

1. Route number.
2. Truck number.
3. Account name.
4. Account number.
5. Account service address.
6. Account type (Residential, Commercial, or Roll-Off Box).
7. Service Level per Contractor's billing system (quantity, size, frequency, material stream).
8. Observed Containers (quantity, size, frequency, material stream).
9. Container condition.
10. Proper signage.
11. Graffiti.

Within thirty (30) calendar days after the completion of the route audit, Contractor shall submit to the City a report summarizing the results of the audit. This summary shall include:

A. Identification of the routes.

B. Route map.

C. Truck numbers.

D. Number of accounts, by route and in total (Residential, Commercial, and Roll-off).

E. Confirmation that all routes are dedicated exclusively to City Customers.

F. Number and type of exceptions observed.

G. Name and addresses of Customers that do not have Source Separated Recyclable Materials Collection services and documentation of waivers, if any, for each account.

H. Name and addresses of Customers that do not have Source Separated Organic Materials Collection services and documentation of waivers, if any, for each account.

I. Total monthly service charge (Residential, Commercial, and Roll-Off Box) pre-audit for each Customer.

J. Total monthly service charge (Residential, Commercial, and Roll-off) post-audit (subsequent to corrections of identified exceptions) for each Customer.

The report shall include a description of the procedures followed to complete the route audit. This description shall include the names and titles of those supervising the route audits and the name and titles of those performing the observations.

The report shall also include a description of the changes and Contractor's plans to resolve the exceptions. The results of the audit, and supporting back-up data, shall be available for review by the City or its representative.

4.14 Preparation of CalRecycle Electronic Annual Report

Contractor shall prepare, and submit to the City for approval, the CalRecycle Electronic Annual Report (EAR) by July 1 of each calendar year. Contractor shall revise the EAR upon receipt of revisions made by the City and/or their designee. Contractor shall provide the City with a final draft for submittal. The City and/or their designee will submit the EAR to CalRecycle.

4.15 Completion of Recycling and Disposal Modification Process

In the event Contractor or the City is made aware of errors or incorrect reporting to CalRecycle's Recycling and Disposal Reporting System (RDRS), or other similar reporting systems, Contractor is responsible for completing the Disposal modification process and protocols that need to be corrected with CalRecycle and the RDRS.

ARTICLE 5.
STANDARD OF PERFORMANCE

5.1 General

Contractor shall at all times comply with Applicable Law and provide services in a manner that is safe to the public and Contractor's employees. Except to the extent that a higher performance standard is specified in this Agreement, Contractor shall perform services in accordance with Recyclable Materials, Organic Materials, and Solid Waste management practices common to the County area.

5.2 Operating Hours and Schedules

A. **Hours of Collection.** Unless otherwise authorized by the City Administrator, Contractor's Working Days and hours for Collection operations shall be as follows:

1. **Residential Premises.** Collection from Residential Premises shall only occur between the hours of 7:00 a.m. and 7:00 p.m., Monday through Friday. Collection at Residential Premises shall not occur on Saturdays; excepting Temporary Services and Collection occurring on Saturdays following Holidays, as may be approved by the City Administrator, or as required for special Collections, missed Collections, or courtesy pick-ups to rectify a Customer's failure to set out Container(s). No Collection services shall occur on Sundays at Residential Premises, except in exceptional circumstances for which specific approval is given by the City Administrator.

2. **Commercial Premises.** Collection from Commercial Premises shall only occur within the hours authorized by the Placentia Municipal Code Chapter 8.04 as it may be amended from time to time. Collection services may occur at Commercial Premises on Sundays; provided, however, no such service shall occur on Sundays in connection with any Premises at which the City Administrator determines such service would be contrary to the public interest. The City Administrator may require Contractor to comply with Collection time frames applicable to Residential Premises for Customers at Commercial Premises whose Premises are in close proximity to Residential Premises.

3. **City Facilities.** The Collection schedule for City facilities shall be the same as Commercial Premises specified in Subsection 5.2.A.2 above.

4. **Coordination with Street Sweeping.** Contractor shall use its best efforts to coordinate its Collection schedules such that street sweeping on any given street shall occur the Working Day following Collection of Discarded Materials by Contractor.

B. **Changes in Collection Routes.** Contractor shall establish Collection routes and a Collection schedule that shall be approved by the City Administrator, such that Customers at all Residential and Commercial Premises within the City will have not less than one (1) established Collection day each week. Contractor shall provide the City with route maps identifying at a minimum: the type of route (e.g., Single-Family, Multi-Family, Commercial, etc.) and the Collection day. Contractor may propose changes or additional routes for City approval, which shall not be unreasonably withheld. If a standard Collection route change is approved that changes the day Collection service is provided, Contractor must notify all affected Customers fourteen (14) calendar days prior to

Contractor implementing the new route. Failure to obtain City approval on route changes resulting in service day changes for Customers shall be subject to Liquidated damages, as identified in Section 11.6.

C. Commingling of Routes. During its Collection process, Contractor shall not commingle Solid Waste Collected within the City hereunder with Solid Waste Collected in other cities, based on Contractor's methodology to account for Solid Waste Collected within the City, any other city, or on behalf of any other entity operating or existing within the City that is not subject to this Agreement. Contractor is specifically prohibited from combining Collection routes related to services provided pursuant to this Agreement with Collection routes for other jurisdictions it may service. Notwithstanding the forgoing, Contractor may utilize a methodology satisfactory to the City Administrator and CalRecycle to account for one (1) or more types of Solid Waste Collected within the City if Contractor obtains the written consent of the City Administrator for Contractor to commingle Solid Waste Collected within the City with Solid Waste Collected from other jurisdictions. In such case, Contractor may commingle such Solid Waste Collected within the City in a Collection Vehicle with Solid Waste Collected from Premises in other jurisdictions.

D. Holiday Collection. Contractor, at its sole discretion, may choose not to provide Collection services on a Holiday. In such event, Contractor shall provide Single-Family Collection services on the Working Day following the Holiday, thereby adjusting the subsequent work that week, with normally scheduled Friday Collection Services being performed on Saturday; however, Customer service days shall be returned to the normal schedule within one (1) week of the Holiday. Multi-Family, Commercial, and City Collection Services shall be adjusted as agreed between Contractor and the Customer, but must meet the minimum frequency requirement of one (1) time per week. Contractor shall provide Customers with notice of Holiday-related changes in Collection schedules at least two (2) weeks prior to the change.

5.3 Collection Standards

A. Servicing Containers. Contractor shall Collect and return each Container to the approximate location where the Occupant placed the Container for Collection. Contractor shall place the Containers upright with lids properly secured. For Customers other than Single-Family Residential Customers, Contractor may provide scout service, pull-out service, service using a key or access code, or locking Bin service, as described in Exhibits B2 and B3.

B. Non-Collection, Courtesy Noticing. Within thirty (30) calendar days of the Effective Date, Contractor shall develop and submit to the City Administrator for review and approval, per the requirements of Subsection 4.11.1.D:

1. A template Non-Collection Notice, for use in instances of acceptable non-Collection of Discarded Materials.

2. A template Courtesy Pick-Up Notice, for use in instances of improper set out of Discarded Materials, that Contractor, at its sole option, elects to Collect as a courtesy to the Customer.

In the event that Contractor encounters circumstances at a Customer Premises that prevents Contractor from Collecting Discarded Materials that have been placed for Collection, Contractor shall leave a Non-Collection Notice at the Customer Premises clearly explaining Contractor's reason for refusal to Collect the Discarded Materials, per the requirements identified in

Subsection 4.11.1. Contractor shall not be required to Collect Discarded Materials that are reasonably believed to contain Excluded Waste, pursuant to the requirements of Section 5.8. Contractor may propose an alternative to a paper Non-Collection Notice left at Customer Premises (e.g., Customer notification via a phone call or email), subject to City approval. Such an alternative must involve proactive communication with Customer initiated by Contractor.

In the event that Contractor encounters circumstances at a Customer Premises that allows for safe Collection of Discarded Materials, but does not otherwise reflect proper set-out procedures (including, but not limited to, spills not caused by Contractor, Carts placed too close together, Carts placed in front of one another, and/or Carts placed too close to parked cars), Contractor shall Collect the material and leave a Courtesy Pick-Up Notice at the Customer Premises clearly explaining how the Customer failed to comply with proper set-out procedures.

Contractor may educate the public on proper set-out procedures designed to maximize the efficiency of Collection (e.g., Carts spaced one foot (1') apart). However, Contractor acknowledges that such procedures are not practical in all circumstances and failure of the Customer to follow such procedures does not constitute a reason for non-Collection if the Discarded Materials may be safely and reasonably serviced at their designated service location by Contractor's route drivers dismounting their Collection vehicles and repositing Containers, as necessary. Contractor may not require a Customer to set out the Customer's Containers in such a manner that would block vehicle access to Customer's driveway. Contractor and Customers may mutually agree to uncommon service locations, if necessary, for Collection in specific areas (e.g., setting out all of the Carts in a court in a line down the middle of the court, as opposed to Curbside.)

Contractor may refuse to Collect Recyclable Materials or Organic Materials Containers that are contaminated in accordance with Exhibit B and Section 4.11. In such case, Contractor shall leave an approved Non-Collection Notice informing Customer how to properly separate materials.

C. Litter Abatement. Contractor shall use due care to prevent spills or leaks of material placed for Collection, fuel, and other vehicle fluids while providing services under this Agreement. If any materials are spilled or leaked during Collection and Transportation by Contractor, Contractor shall clean up all spills or leaks before leaving the site of the spill or the leak.

Contractor shall not Transfer loads from one vehicle to another on any Public Street, unless it is necessary to do so because of mechanical failure, combustion of material in the truck, or accidental damage to a vehicle.

Contractor shall cover all open Roll-Off Boxes at the pick-up location before Transporting materials to an Approved Facility(ies) or Designated Facility(ies).

Contractor shall train Contractor's staff and conduct public outreach to Customers on best management practices for litter abatement at no extra charge. Such best management practices include, without limitation:

1. Closing Container lids and right sizing service.

2. Tag overfull Containers with Courtesy Pick-Up Notices, which will serve as outreach and education to the Customer. Photos of the Container shall be taken by drivers and attached to the Customer's account, which will be available to outreach and Customer service staff

in order to demonstrate to the Customer where a problem exists.

3. Outreach to Customer on importance of bagging lightweight materials, such as plastic bags, film plastics, foam peanuts, and other materials that can easily become litter due to their lightweight nature.

4. Train drivers on litter reduction techniques and litter removal.

5. Affixing signage to the back of Contractor trucks that provides a phone number for residents to report material spills.

D. Development and Review of Collection Specifications. Contractor shall work with the City to develop standard specifications for Collection Container enclosures at new or remodeled Commercial Premises and Multi-Family Premises, in alignment with the Municipal Code, when requested by the City or Customer. These specifications shall be developed to ensure that the Collection Container enclosures are built to provide adequate space for and suitable configuration to allow Contractor to safely and efficiently service Recyclable Materials, Organic Materials, and Solid Waste Containers. Contractor's Operations Manager or other appropriately qualified staff shall, upon request by the City Administrator, review plans for new Multi-Family and Commercial development or project design drawings. Contractor shall provide comments and recommendations resulting from the review in writing within ten (10) Working Days of receipt of the documents for review. In each review report, Contractor shall comment on the acceptability of the proposed enclosure arrangements in terms of: i) the adequacy of space for Recyclable Materials, Organic Materials, and Solid Waste Containers; ii) the accessibility of the Containers for Collection, including whether additional charges (e.g., pull-out or scout service, etc.) would apply; and iii) the ease of use by tenants.

E. No Commingling of Materials. Contractor shall not commingle materials that have been properly Source Separated with other material types (e.g., Source Separated Recyclable Materials that have been properly placed for Collection shall not be combined with Solid Waste or Source Separated Organic Materials).

5.4 Transfer and Processing Standards

5.4.1 Equipment and Supplies

Contractor shall equip and operate the Approved Processing Facility(ies) in a manner that fulfills Contractor's obligations under this Agreement. Contractor is solely responsible for the adequacy, safety, and suitability of the Approved Processing Facility(ies). Contractor shall modify, enhance, and/or improve the Approved Processing Facility(ies) as needed to fulfill Services under this Agreement.

Contractor shall provide all rolling stock; stationary equipment; material storage containers; spare parts; maintenance supplies; Transfer, Transport, and Processing equipment; and other consumables, as appropriate and necessary, to operate the Approved Processing Facility(ies) and provide all services required by this Agreement; provided, however the foregoing shall not apply to any Designated Disposal Facility(ies) that are operated by the County. Contractor and/or its Approved Facility(ies) shall place the equipment in the charge of competent operators, and shall repair and maintain all equipment at its own cost and expense.

5.4.2 Scales and Weighing

Contractor is solely responsible for ensuring accurate weighing of all materials delivered subject to this Agreement as they are entering and leaving the Approved Processing Facility(ies).

A. Facility Scales. Contractor shall maintain State-certified motor vehicle scales in accordance with Applicable Law. All scales shall be linked to a centralized computer recording system at the Approved Processing Facility(ies) to record weights for all incoming and outgoing materials. Contractor shall provide back-up generator(s) capable of supplying power to the scales in the event of a power outage. Contractor shall promptly arrange for use of substitute portable scales, should its usual scales not be available for whatever reason. Pending substitution of portable scales, Contractor shall, as necessary, estimate the Tonnages of materials delivered to and Transported from the Approved Processing Facility(ies), on the basis of delivery vehicle and Transfer trailer volumes, tare weights, and/or other available facility weight records. These estimates shall take the place of actual weights while scales are inoperable and shall be identified as estimates in electronic records and reporting. The requirements in this Subsection shall apply only to scales at facilities owned or operated by Contractor and utilized for Disposal or Processing pursuant to this Agreement.

B. Tare Weights. No less than thirty (30) calendar days after the Effective Date, Contractor shall ensure that all vehicles used by Contractor to deliver Recyclable Materials, Organic Materials, and Solid Waste to the Approved Processing Facility(ies) are weighed to determine unloaded ("tare") weights. Contractor shall electronically record the tare weight, identify vehicle as Contractor owned, and provide a distinct vehicle identification number for each vehicle. Contractor shall provide City with a report listing the vehicle tare weight information upon request. Contractor shall promptly weigh additional or replacement vehicles prior to placing them into service. Contractor shall check tare weights at least annually, or within fourteen (14) calendar days of a City request and shall re-tare vehicles immediately after any major maintenance or service event.

C. Testing. At any facilities owned or operated by Contractor and utilized for Disposal or Processing pursuant to this Agreement, Contractor shall test and calibrate all scales in accordance with Applicable Law, but at least one (1) test and recalibration per scale every twelve (12) months, or upon City request.

D. Records. Contractor shall maintain computerized scale records and reports that provide information, including date of receipt, inbound time, inbound and outbound weights of vehicles, and vehicle identification number. Contractor shall also maintain computerized scale records and reports providing historical vehicle tare weights for each vehicle and the date and location for each tare weight recorded.

E. Upon-Request Reporting. If vehicles receiving and unloading operations are recorded on video cameras at the Approved Processing Facility(ies), Contractor shall (to the extent Contractor owns or operates such facilities) make those videos available for City review during the Approved Processing Facility(ies)'s operating hours, upon request of the City, and shall provide the name of the driver of any particular load, if available.

5.5 Collection Vehicle Requirements

A. Vehicle Requirements. Contractor shall provide a fleet of Collection vehicles sufficient in number and capacity to efficiently perform the work required by the Agreement in strict accordance with its terms. Contractor shall have available sufficient back-up vehicles for each type of Collection vehicle used to respond to scheduled and unscheduled maintenance, service requests, Complaints, and emergencies.

1. All vehicles used by Contractor shall be of size, weight, nature, and type to be minimally intrusive to the community with respect to noise, emissions, maneuverability, safety, fuel efficiency, and other factors necessary to minimize impacts of Contractor's services. In the event a particular vehicle used by Contractor causes Complaints as a result of fluid spills or leakage, Contractor will remove the vehicle immediately (same day) from service and repair the vehicle or replace the vehicle in the fleet, as necessary. All such vehicles shall have watertight bodies designed to prevent leakage, spillage, or overflow and shall comply with all Federal, State, and local laws and regulations. Each piece of equipment used by Contractor shall carry, at all times, a broom, shovel, and absorbent to be used for the immediate removal of any spilled material. Contractor's vehicles shall utilize Recycled motor oil to the extent practicable.

2. Contractor will annually investigate the ability to procure qualified RNG with their fueling provider and will implement the use of such fuel to the maximum available extent, provided that the premium cost of qualified RNG does not cause Contractor's total fuel expense to increase by more than ten percent (10%). Contractor shall make commercially reasonable best efforts to seek and utilize RNG that is purchased through a wheeling agreement with a third party(ies), provided that the wheeling agreement is for purchase of gas derived from Organic Waste that has been Diverted from a landfill and Processed at an in-vessel digestion facility that is permitted or otherwise authorized by 14 CCR to Recycle Organic Waste and meets SB 1383 requirements. Contractor shall maintain records of the amount of RNG purchased and shall report this information in accordance with Exhibit F. Contractor shall allow the City the right to report this RNG usage toward the City's fulfilment of its annual Recovered Organic Waste Product procurement target, in accordance with 14 CCR Section 18993.1.

3. Collection vehicles shall have the capacity to Collect and Transport loose Cardboard overages to ensure that Contractor is capable of complying with Exhibit B.

4. Collection vehicles shall present a clean appearance while providing service under this Agreement.

5. All Collection vehicles shall comply at all times with Applicable Law, including, but not limited to, regulations promulgated by the California Air Resources Board ("CARB") in effect on the Effective Date of this Agreement. Contractor's obligation to transition to a zero-emission fleet, when and if that occurs shall be a change in Applicable Law; provided, however, that all costs associated therewith, shall not burden the City disproportionately to other jurisdictions or agencies serviced by Contractor.

B. Vehicle Display. Contractor's name, local or (714) area code telephone number, and a vehicle

number shall be visibly printed or painted in letters not less than five inches (5”) in height on both sides and the rear of each Collection Vehicle, including vehicles rented from a Subcontractor that is being utilized to provide Collection services to the City.

C. Vehicle Inspection. Contractor shall inspect each vehicle daily to ensure that all equipment is operating properly. Vehicles that are not operating properly shall be taken out of service until they are repaired and operate properly. Contractor shall repair or arrange for the repair of all its vehicles and equipment for which repairs are needed because of accident, breakdown, or any other cause, so as to maintain all equipment in a safe and operable condition. The City Administrator may inspect vehicles at any reasonable time, and within three (3) calendar days of such a request, to determine compliance with sanitation requirements.

D. Vehicle Operations. All Collection operations shall be conducted as quietly as possible and shall conform to applicable Federal, State, County, and City noise level regulations, including the requirement that the noise level during the stationary compaction process shall not exceed sixty (60) decibels, with the exception of sixty-five (65) decibels, for a one- (1-) minute duration. Noise levels of equipment used for Collection shall not exceed ninety (90) decibels when measured at a distance of twenty-five (25) feet from the vehicle and five (5) feet from the ground. The City may request that Contractor check any piece of equipment for conformance with the noise limits in response to Complaints and/or when the City Administrator believes it is reasonable to do so.

E. Leaks and Spill Mitigation. Contractor shall clean up any leaks or spills from its vehicles per the National Pollutant Discharge Elimination System (NPDES) permit in effect at the time. Contractor shall notify the City of any leaks or spills reported to Contractor or observed by any employee of Contractor. Contractor shall initiate remediation action within two (2) hours of notification or observation. Contractor shall notify the City immediately upon completion of remediation of leaks or spills. No pollutant that leaks, spills, or otherwise escapes from any Contractor vehicle may be washed into a storm drain or otherwise allowed to enter a storm drain at any time. Contractor must take all measures necessary to prevent the discharge of any such pollutant into a storm drain. Contractor shall comply with all NPDES dry-cleaning measures. All Collection vehicles must be equipped with absorbent for such cleanup efforts. Contractor shall provide photographic evidence to the City for each clean up. Payment of Liquidated Damages for failure to clean up leaks or spills within the required timeframe, and/or for failure to follow the cleanup procedures, does not excuse Contractor from the cleanup requirements contained in this Subsection.

F. Costs of Operation and Damages. Contractor shall be responsible for any costs incurred in connection with ensuring all Collection Vehicles comply with all Applicable Laws and regulations, including, without limitation, any such laws and regulations that may now exist or hereinafter be adopted relating to noise, fuels, emission standards, or weight limits.

G. Pavement Damage. Contractor shall be responsible for the cost of repair of any extraordinary damage to the Public Streets located within the City resulting from Contractor's negligence in providing the services required hereunder, provided that such streets are constructed to City standards.

5.6 Container and Bin Enclosure Requirements

A. Containers Provided to Customers. Contractor shall provide Containers to new Customers requesting service initiation within three (3) Working Days of Contractor's first receipt of the Customer request. Contractor-provided Containers shall be new or fully refurbished in an as-new condition and comply with the Container standards set forth in this Section. All Containers shall display Contractor's name, logo, telephone number, website, capacity (yards or gallons) and some identifying inventory or serial number.

B. Container Standards

1. All Carts shall be manufactured by injection or rotational molding methods. The Cart handles and handle mounts may be an integrally molded part of the Cart body or molded as part of the lid. The Cart handles shall provide comfortable gripping area for pulling or pushing the Cart or lifting the lid. Pinch points are unacceptable. Carts provided to Customer shall have a useful life of ten (10) or more years or more, as evidenced by a manufacturer's warranty or other documentation acceptable to the City.

2. Carts shall remain durable, and, at a minimum, shall meet the following durability requirements to satisfy its intended use and performance for the Term of this Agreement: maintain its original shape and appearance; be resistant to kicks and blows; require no routine maintenance and essentially be maintenance free; not warp, crack, rust, discolor, or otherwise deteriorate over time in a manner that shall interfere with its intended use; resist degradation from ultraviolet radiation; be incapable of penetration by biting or clawing of household pets (i.e., dogs and cats); remain impervious to any damage that would interfere with the Cart's intended use after the Cart bottom's repeated contact with gravel, concrete, asphalt, or any other rough and abrasive surface; provide continuous maneuverability and mobility within the wheel and axle assemblies, as originally designed and intended.

3. Carts shall be resistant to common household or Residential products and chemicals; human and animal urine and feces; and, airborne gases or particulate matter currently present in the ambient air of the City Limits.

4. All Bins with a capacity of one (1) cubic yard or more shall meet applicable Federal regulations for Bin safety and be covered with attached lids.

5. Contractor shall obtain the City's written approval of Container material, design, colors, labeling, and other specifications before acquisition, painting, labeling, or distribution occurs.

6. When purchasing plastic Collection Containers, Contractor shall purchase Containers that contain a minimum of ten percent (10%) post-consumer Recycled plastic content, unless such requirement is waived by the City Administrator.

7. Container lids shall be designed such that the follow requirements are met when properly utilized by the Customer:

    a. Prevents the intrusion of rainwater and vectors.

    b. Prevents the emissions on odors.

c. Enables the free and complete flow of material from the Container during the dump cycle without interference with the material already deposited in the truck body or the truck body itself and its lifting mechanism.

d. Permits users of the Cart to conveniently and easily open and shut the lid throughout the serviceable life of the Cart.

e. Hinges to the Cart body in such a manner to enable the lid to be fully opened, free of tension, to a position whereby it may rest against the backside of the Cart body.

f. Prevents damage to the Container body, the lid itself, or any component parts through repeated opening and closing of the lid by Generators or in the dumping process as intended.

g. Remains closed in winds up to twenty-five (25) miles per hour from any direction. All lid hinges must remain fully functional and continually hold the lid in the original designed and intended positions when opened, closed, or in any position between the two (2) extremes.

h. Designed and constructed such that it prevents physical injury to the user while opening and closing the Cart.

8. Containers shall be stable and self-balancing in the upright position, when either empty or loaded to its maximum design capacity with an evenly distributed load, and with the lid in either a closed or an open position. Containers shall be capable of maintaining upright position in sustained or gusting winds of up to twenty-five (25) miles per hour as applied from any direction.

9. Containers shall be capable of being easily moved and maneuvered, if applicable, with an evenly distributed load equal in weight to its maximum design capacity on a level, sloped, or stepped surface.

10. All such Containers shall be Recyclable at the end of their useful life.

11. All Containers shall be designed and constructed to be watertight and prevent the leakage of liquids.

C. Container Colors. Contractor shall provide all Customers with Collection Containers that comply with the Container color requirements specified in this Subsection, or as otherwise specified in 14 CCR Section 18982; 14 CCR, Division 7, Chapter 12, Article 3 or other Applicable Law. Colors shall be colorfast and resistant to fading as a result of weathering or ultraviolet degradation and the lids and bodies shall be uniform for each Container type, as follows:

1. Recyclable Materials Container lids shall be blue.

2. Organic Materials Container lids shall be green.

3. Solid Waste Container lids shall be black or gray.

4. Source Separated Food Waste Container lids shall be brown.

Hardware such as hinges and wheels on the Containers may be a different color than specified above. All Containers shall comply with these color requirements, including Split-Bins. Each section of the Split-Bin shall be painted in accordance with the color requirements in this Subsection for the applicable Discarded Material type intended for that segregated section of the Bin (e.g., a Split-Bin for Solid Waste and Recyclable Materials would be half black or gray and half

blue, respectively).

Newly purchased Containers shall have consistent colors that shall be in compliance with the Container color requirements specified in SB 1383, 14 CCR Section 18984.8. However, in accordance with Container requirements specified in SB 1383, Contractor shall not be required to replace existing Containers that do not comply with the color requirements, including Containers purchased prior to January 1, 2022, prior to the end of the useful life of those Containers, or prior to January 1, 2036, whichever comes first. Contractor is required to have all Containers in compliance with the color requirements of SB 1383 by January 1, 2036.

D. Container Labeling. Solid Waste, Recyclable Materials, and Organic Materials Carts shall carry stickers/labels or other identifying markings indicating the materials that should and should not be placed in each Container.

All Containers that are not currently in Contractor's inventory shall include a label with the following: primary materials accepted, a clear indication of Prohibited Container Contaminants for that Container type, and notification forbidding Hazardous Waste and describing proper Disposal thereof. Design for the labels shall be approved by the City prior to ordering labels or Containers. Lids shall be replaced when current in-mold labels or other Container markings become worn, but no later than ninety (90) calendar days after request from the City or Customer. Information on the Containers shall include the telephone number to call for Contractor for Bulky Item pick-ups and for general Customer service. Contractor may also add to the required label information as a "QR" code that can be scanned by the Customer's personal digital devices, including cell phones, to allow the Customer to review information, including Container materials accepted, Prohibited Container Contaminants, and other information concerning SB 1383 programs that can be updated over time to reflect new information or program changes. All Containers shall be labeled in accordance with CalRecycle requirements under SB 1383 throughout the Term of this Agreement. Labels shall be designed in English and Spanish. If utilized, hot stamps shall be on the top of the lid and/or on the body of the Cart and shall be reviewed and approved by the City.

E. Repair and Replacement of Containers; Inventory. Contractor shall be responsible for repairing or replacing Containers when Contractor determines the Container is no longer suitable for service or when the City or Customer requests replacement of a Container that does not properly function, leaks, is damaged, or is otherwise not fit for service. Contractor shall be responsible for acquiring and providing the replacement Containers. Contractor shall repair or replace all damaged or broken Containers within three (3) Working Days of Customer or City request. Minor cracks, holes, and other damages to hinges, wheels, axle, hardware, and other component parts shall be readily repairable by Contractor personnel. All repairs must restore the Cart to its full functionality to meet the design and performance requirements as set forth herein.

Contractor shall maintain a sufficient inventory of Containers to accommodate new Customer requests for service, requests for changes in Service Levels (i.e., size, type, or number of Containers) from current Customers, and requests for replacement due to damage.

Contractor shall replace lost or damaged Containers without charge, unless it is determined that that damage thereto is the result of negligence or intentional misuse by the Customer. Contractor shall make additional Customer-requested Cart replacements available at the City-approved Rate

for such services. In addition, Single-Family Customers may also request one (1) Cart size exchange annually at no charge. All such Containers shall be provided on the next scheduled service day. Contractor's failure to comply with the Container requirements may result in assessment of Liquidated Damages, pursuant to Section 11.6.

F. Maintenance, Cleaning, Painting. All Containers shall be maintained in a safe, serviceable, and functional condition and present a clean appearance. Contractor shall repair or replace all Customer Containers damaged by Collection operations in accordance with standards specified in Section 5.6, unless damage is caused by Customer's gross negligence, in which case, the Customer will be billed for repair or replacement of Container at a City-approved Rate for such service. All Containers shall be maintained in a functional condition.

Contractor shall steam clean and/or repaint all Customer Containers as needed (other than Carts) to present a clean appearance. Contractor shall offer steam cleaning service (or clean Container exchange) to Customers requesting such service and shall charge Customers for such cleaning (or Container exchange) at the City-approved Rate for such service.

Contractor shall remove graffiti from all Customer Containers within twenty-four (24) hours of notification at no charge.

G**. Monitoring of Overflowing Containers in Enclosures**. A Container may be considered overfilled when Discarded Materials project above its rim in a manner that impedes the complete closure of a Container's lid and/or when Discarded Materials are placed outside the Container and/or allowed to accumulate, making access to the Container unsafe for Collection.

In the event that a Multi-Family Dwelling or Commercial Customer overfills its Bin(s), Contractor shall follow the following procedures in an effort to correct the problem, charge Customer in accordance with the approved Rate schedule, and, if necessary, increase Service Levels. For any over-fill occurrences, Contractor will document occurrence with a photograph. Contractor shall send a notification to the Customer that includes the photograph of the overage and a statement advising of service alternatives, including right-sizing opportunities, and notifying Customer of the assessment of an over-fill charge, and a possible increase in Service Level, including the related costs. Notification of over-fill can occur via email, invoice statement, or other City-approved method. Contractor shall document in their records the location of the encountered overage, photograph, and the outreach material provided to the Customer. Contractor shall provide this information to the City upon request. Contractor shall report enclosures with ongoing over-fill occurrences that cause Discarded Materials to accumulate outside of the Container to the City. Notification of ongoing over-fill issues can occur via email or other City-approved method.

In the event of a delayed service or missed service event caused by Contractor, that results in a Container overage, Contractor shall be responsible for cleaning up the overage material and Customer shall not be charged for overfilled Containers.

5.7 Personnel

A. General. Contractor shall furnish such qualified personnel as may be necessary to provide the services required by this Agreement in a safe and efficient manner. Contractor shall provide identification badges, cards, or similar devices for all of its employees and all authorized Subcontractors who may make personal contact with residents of the City. The City may require

Contractor to notify Customers annually of the form of said identification. Contractor shall provide a list of current employees and authorized Subcontractors to the City upon request.

Contractor shall use its best efforts to assure that all employees present a neat appearance and conduct themselves in a courteous manner. Each of Contractor's Collection employees shall wear a clean uniform bearing Contractor's name. All employees who may have contact with Customers in the course of performing their duties shall be able to speak English with reasonable proficiency. Contractor shall not permit its employees to accept, demand, or solicit, directly or indirectly, any additional compensation or gratuity from Customers or members of the public.

B. Driver Qualifications. All drivers must have in effect a valid license of the appropriate class issued by the California Department of Motor Vehicles. Contractor shall use the Class II California Department of Motor Vehicles employer "Pull Notice Program" to monitor its drivers for safety.

C. Safety Training. Contractor shall provide suitable operational and safety training for all employees who operate Collection vehicles or equipment. Contractor shall train its employees involved in Collection to identify, and not to Collect, Excluded Waste. Upon the City Administrator's request, Contractor shall provide a copy of its safety policy and safety training program, the name of its safety officer, and the frequency of its trainings. Contractor shall provide operating and safety training that meets minimum Occupational Safety and Health Administration (OSHA) standards for all personnel and shall comply with all laws and regulations applicable to its employees and personnel.

D. Designated Staff.

1. Contractor's Contract Administrator. Contractor shall designate at least one (1) qualified employee as the City's primary point of contact with Contractor who is principally responsible for Collection operations and resolution of service requests and Complaints. Such individual shall be empowered to negotiate on behalf of and bind Contractor with respect to any changes in scope, dispute resolution, compensation adjustments, and service-related matters that may arise during the Term of this Agreement. Such individual is defined as Contractor's Contract Administrator.

2. Field Supervisor. Contractor shall designate the equivalent of one (1) qualified full-time employee as Field Supervisor. The designated Field Supervisor shall on-call at all times and is responsible for overseeing Collection operations, including responding to Customer requests, inquiries, and Complaints. Contractor's designated Field Supervisor may be a different contact throughout the day, and Contractor shall ensure City staff has an up-to-date contact list and/or schedule for the acting Field Supervisor, if it fluctuates.

3. Sustainability Advisor. To achieve a high level of Recycling public education and awareness, Contractor shall dedicate the equivalent of one (1) full-time Sustainability Advisor and one-half (.5) of a full-time route auditor to the City to conduct outreach to Residential and Commercial Customers and develop and implement all public education and outreach activities required under the Agreement. The Sustainability Advisor shall conduct outreach as described in Exhibit C, including the following: promotion of waste reduction, education of Customers with frequent events of over-fill or Prohibited Container Contaminants, promotion of Recycling and Diversion programs, and provision of technical assistance to Multi-Family and Commercial Customers.

- The Sustainability Advisor shall work exclusively on the City programs and services and shall not have other, non-City responsibilities or other City responsibilities not related to Sustainability Advisor responsibilities for the City.

- Contractor shall provide a fully trained and experienced Sustainability Advisor on or before the Effective Date. In the event of resignation of the Sustainability Advisor, Contractor shall have a maximum of ninety (90) calendar days to replace the Sustainability Advisor. Contractor shall notify the City, in writing, of the name, education, background, and experience, including a resume, for each Sustainability Advisor prior to the Effective Date and whenever there is a change in the staffing of the position.

- Upon the City's reasonable request, based on good cause with supporting documentation, Contractor shall initiate a review of employee misconduct or failure to follow Applicable Law and address and identify issues pertaining to Contractor policies and Applicable Law. If Contractor's findings after review indicate employee misconduct or failure to comply with Applicable Law, then Contractor may proceed with disciplinary action, subject to the terms of any collective bargaining agreement and/or applicable Contractor employment policies. Contractor will provide a copy of any collective bargaining agreement or applicable policies upon City request. As used herein, "good cause" means criminal conduct determined by a trial or plea; or, after good faith negotiations, conduct agreed by the Parties to be a threat or harm to persons or conduct or that is agreed by the Parties to be socially unacceptable. Contractor will provide a copy of any collective bargaining agreement or applicable policies upon City request.

E. Key Personnel. Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff assigned to perform the services required under this Agreement. Contractor shall immediately notify the City of any changes in Contractor's key staff to be assigned to perform the services required under this Agreement.

Notwithstanding the City's approval of Contractor's personnel, Contractor shall not be relieved from any liability resulting from the work to be performed under this Agreement, nor shall Contractor be relieved from its obligation to ensure that its personnel maintain all requisite certifications, licenses, and the like, and Contractor shall ensure that its personnel at all times fully comply with Applicable Law.

At any time, the City may, for good cause, request that any of Contractor's non-management employees be reassigned such that they no longer perform any work relating to this Agreement. The City shall provide a statement describing the specific good cause reason for such request. Contractor shall promptly review the request and meet and confer with City. Upon confirmation of good cause, Contractor shall remove the identified employee(s) from performing any work related to this Agreement, as allowed by and subject to the provisions of any applicable collective bargaining agreement. The vacated position(s) shall be filled by Contractor with a suitable replacement within ten (10) calendar days, or as soon thereafter as practicable. As used herein,

"good cause" means: adjudicated criminal conduct following a trial or plea; conduct that is agreed by the Parties in good faith to be a threat or harm to Persons or property; or conduct that is agreed by the Parties in good faith to be socially unacceptable.

5.8 Excluded Waste Inspection and Handling

A. Inspection Program and Training. Contractor shall develop a load inspection program that includes the following components: (i) personnel and training; (ii) load checking activities; (iii) management of wastes; and, (iv) record keeping and emergency procedures.

Contractor's load checking personnel, including its Collection vehicle drivers, shall be trained in: (i) the effects of Hazardous Substances on human health and the environment; (ii) identification of prohibited materials; and, (iii) emergency notification and response procedures. Collection vehicle drivers shall inspect Containers before Collection when practical.

B. Response to Excluded Waste Identified During Collection. If Contractor determines that material placed in any Container for Collection is Excluded Waste or presents a hazard to Contractor's employees, Contractor shall have the right to refuse to accept such material. Contractor shall contact the Generator and request that the Generator arrange for proper Disposal. If the Generator cannot be reached immediately, Contractor shall, before leaving the Premises, leave a Non-Collection Notice that indicates the reason for refusing to Collect the material and lists the phone number of a facility that accepts the Excluded Waste or a phone number of an entity that can provide information on proper Disposal of the Excluded Waste. Under no circumstances shall Contractor's employees knowingly Collect Excluded Waste or remove unsafe or poorly containerized Excluded Waste from a Collection Container.

If Excluded Waste is found in a Collection Container or Collection area that could possibly result in imminent danger to people or property, Contractor shall immediately notify the Fire Department.

C. Response to Excluded Waste Identified At Processing or Disposal Facility. Materials Collected by Contractor shall be delivered to the Approved Facility(ies) for purposes of Processing or Disposal. In the event that load checkers and/or equipment operators at such facility(ies) identify Excluded Waste in the loads delivered by Contractor, such personnel shall remove these materials for storage in approved, onsite Excluded Waste storage Container(s). Contractor shall arrange for removal of the Excluded Wastes at its cost by permitted haulers in accordance with Applicable Laws and regulatory requirements. Contractor may, at its sole expense, attempt to identify and recover the cost of Disposal from the Generator. If the Generator can be successfully identified, the cost of this effort, as well as the cost of Disposal, shall be chargeable to the Generator.

5.9 Contract Management

The City Administrator or their designee shall monitor and administer this Agreement. Contractor shall designate an employee to serve as Contractor's Contract Administrator(s), who shall be responsible for working closely with the City Administrator in the monitoring and administration of this Agreement.

Contractor's Contract Administrator shall meet and confer with the City Administrator or their designee to resolve differences of interpretation and implement and execute the requirements of this Agreement in an efficient, effective manner consistent with the stated objectives of this Agreement.

The City Administrator, or their designee, and Contractor's Contract Administrator shall hold contract management meetings monthly or at such other frequency as designated by the City Administrator. This meeting is intended to review the status of Contractor's implementation of programs and services required under this Agreement, coordinate shared efforts between the Parties, and discuss other agenda items deemed appropriate by the Parties for such meetings.

From time to time, the City Administrator may designate other agents of the City to work with Contractor on specific matters. In such cases, those individuals should be considered designates of the City Administrator for those matters to which they have been engaged. Such designates shall be afforded all of the rights and access granted thereto. In the event of a dispute between the City Administrator's designate and Contractor, the City Administrator's determination shall be conclusive.

In the event of dispute between the City Administrator and Contractor regarding the interpretation or the performance of services under this Agreement, the City Administrator's determination shall be conclusive, except where such determination results in a material impact to Contractor's revenue and/or cost of operations. For the purposes of this Section, "material impact" is an amount equal to or greater than ten thousand dollars ($10,000). In the event of a dispute between the City Administrator and Contractor results in such material impact to Contractor, the provisions of Section 11.9 shall apply.

City Administrator may enter, observe, and review Contractor's operations and Approved Facility(ies). City Administrator's review shall include review of all information that relates to Contractor's cost of providing service under this Agreement and Contractor's non-Confidential and non-Proprietary records. City Administrator shall be able to conduct such review during reasonable hours with reasonable notice. In no event shall Contractor prevent access to such Contractor's operations and Approved Facility(ies) for a period of more than three (3) calendar days after receiving a request. The City Administrator shall be granted access to Contractor's information systems and Customer service database in accordance with Section 4.9.

5.10 Local Purchasing Preference

Contractor, when economically feasible, shall use best efforts to give preference to purchasing materials and supplies used in connection with Agreement from local vendors within the City. Additionally, Contractor shall support restaurants and food suppliers located within the City when catering special events for the City, the community, and Contractor's employees. Contractor shall submit an annual report, as required in Exhibit F, to the City identifying their compliance with this Section.

5.11 Minimum Diversion and Participation Requirements

5.11.1 C&D Diversion

Contractor shall Divert from landfilling the State-mandated C&D Diversion percentage, which is currently sixty-five percent (65%), for all C&D loads Contractor Collects under this Agreement. Contractor shall provide a Diversion report to the City, at no additional charge, for each construction and demolition project that has Collection services performed by Contractor.

5.11.2 Implementation of Additional Diversion Services

Contractor warrants and represents that it is aware of and familiar with the City' s current Source Reduction and Recycling Element (the "SRRE") and the City' s waste stream, and that it has the ability to provide sufficient programs and services to ensure City will meet or exceed the Diversion goals (including,

without limitation, amounts of Discarded Materials to be Diverted, time frames for Diversion, and any other requirements) set forth in AB 939, AB 341, AB 1826, and SB 1383. Contractor shall do so without imposing any costs or fees, other than those set forth on the attached Exhibit D. In the event City does not meet the current Applicable Law Diversion goal of fifty percent (50%) of all Solid Waste generated, as calculated annually by CalRecycle and imposed by AB 939, or if the City reasonably determines there is substantial risk that Contractor's actions pursuant to this Agreement will be insufficient to allow the City to achieve the Applicable Law Diversion goal for the next calendar year (e.g., the City receives a letter from CalRecycle noting such), the City may direct Contractor to perform additional services (including the implementation of new Diversion programs) or modify the manner in which it performs existing services, and Contractor agrees to do so at no additional charge. Pilot programs and innovative services, which may entail new Collection methods and use of new or alternative waste Processing and Disposal technologies, are included among the kinds of changes that City may direct.

5.11.3 Customer Participation Compliance Requirements

The minimum required level of Customer participation that must be achieved by Contractor on or before July 1, 2028, and annually thereafter, includes the following:

A. SB 1383 Programs

1. Residential Premises. Contractor must fully implement a Residential Organic Materials Diversion program where all Residential Premises are provided the required Containers to comply with SB 1383.

2. Commercial Premises. Contractor must implement and maintain an SB 1383-compliant Commercial Recyclable Materials and Organic Materials Diversion program with the goal of providing Recyclable Materials and Organic Materials Containers to all Customers required to have such Containers under CalRecycle requirements.

3. Roll-Out. Annually, at a minimum, Contractor shall provide Containers to at least ninety-fine percent (95%) of Customers required to have Recyclable Materials Containers and ninety-fine percent (95%) of Customers required to have Organic Materials Containers. Such Customers shall not have been granted a waiver per the Municipal Code and shall not otherwise comply via Self-Haul programs.

B. Contractor Has Maintained Full Implementation of All AB 341 and AB 1826 Diversion Programs. As of the Effective Date of this Agreement, Contractor agrees to implement AB 341 and AB 1826 Diversion programs, such that all Commercial Customers required to have such programs are subscribed to the Contractor-provided program, unless the Customer has been granted a waiver per the Municipal Code or otherwise complies via Self-Haul programs.

C. Non-Compliant Customers. Contractor shall document any Customers that do not subscribe to the required mandatory programs per AB 341, AB 1826, and/or SB 1383. Contractor shall forward such list of non-compliant Customers to the City's Public Works Department.

ARTICLE 6.
RECORD KEEPING AND REPORTING

6.1 Record Keeping

Contractor shall maintain Customer contact information; Customer service, accounting, statistical, operational, programmatic, and other records; and associated documentation related to its performance, as shall be necessary to provide detailed and accurate reports under this Agreement, and to demonstrate compliance with this Agreement and Applicable Law. Unless otherwise required in this Article, Contractor shall retain all records and data required to be maintained by this Agreement for the Term of this Agreement plus five (5) years after its expiration or earlier termination, or such longer period as required by Applicable Law. Records and data shall be in a chronological and organized form that is readily and easily interpreted to facilitate the flexible use of data to structure reports. Contractor's records shall be stored in one central location, physical or electronic, that can be readily accessed by Contractor. Upon request, and subject to non-disclosure limitations for Contractor's Confidential and Proprietary Information, Contractor shall retrieve any such non-Confidential records in a timely manner, not to exceed five (5) Working Days of a request by the City Administrator for the City to review at Contractor's office.

Contractor shall maintain adequate record security to preserve records from events that can be reasonably anticipated, such as a fire, theft, and earthquake. Electronically maintained data and records shall be protected and backed up. To the extent that Contractor utilizes its computer systems to comply with record keeping and reporting requirements under this Agreement, Contractor shall, on a monthly basis, save all system generated reports supporting those record keeping and reporting requirements in a static format in order to provide an audit trail for all data required by the City, as requested, under this Agreement.

At a mutually agreed upon time during normal business hours, within five (5) Work Days of a written request, at no charge to the City, Contractor shall provide the City with access to Contractor's data and records at Contractor's offices, with respect to the matters covered by this Agreement and Applicable Law. Contractor shall permit the City, or its designee, to audit, examine, make copies, and make excerpts or transcripts of such data and records relating to all matters covered by this Agreement and Applicable Law, all at City's expense. Contractor shall maintain such data and records in an accessible location and condition for a period of not less than five (5) years following the City's receipt of final payment under this Agreement, unless the City agrees in writing to an earlier disposition. Contractor agrees that all data regarding business operations, Customer lists, routing, Tonnage, Service Levels, work orders issued from dispatch, Customer service logs and account notes, and work force and bargaining agreements, do not constitute Proprietary Information or trade secrets and shall be made available to the City Administrator or their designee upon request and within the timelines required by this Section. The City is subject to the California Public Records Act (Government Code Section 6250 *et. seq.*) and nothing in this Agreement is intended to impair the City's requirements or obligations under that Act.

City views its ability to defend itself against CERCLA, and related litigation as a matter of great importance. For this reason, the City highly regards its ability to prove where Collected Recyclable Materials, Organic Materials, and Solid Waste are taken for Transfer, Processing, or Disposal. Such ability is of the utmost importance and is a material term of this Agreement. Contractor shall maintain records that can establish where Collected Recyclable Materials, Organic Materials, and Solid Waste were Transferred, Processed, or Disposed. This provision shall survive the expiration or earlier termination of this Agreement. Contractor shall maintain these records for a minimum of five (5) years beyond expiration or earlier

termination of the Agreement, or such longer period as required by Applicable Law. Contractor shall provide these records to the City (upon request or at the end of the record retention period) in an organized and indexed manner rather than destroying or Disposing of them.

6.2 Report Submittal Requirements

6.2.1 Reporting Format and Frequency

The Parties acknowledge that City will require reporting at various intervals by which information important to the City can be complied and analyzed. Throughout the Term, the Parties agree to work together to address the City's needs with respect to the information to be contained in reports prepared by Contractor. The following is intended as a starting point in order to have established an objective baseline for reporting, but the frequency and content of the reports called out below may be changed by mutual written agreement of the Parties,. Records related to performance of this Agreement shall be maintained by Contractor in forms and by methods that facilitate flexible use of data contained in them to structure reports, as needed. Contractor shall submit monthly reports within twenty (20) calendar days after the end of the report month. Contractor shall submit quarterly reports within twenty (20) calendar days after the end of the calendar quarter. Contractor shall submit annual reports within forty-five (45) calendar days after the end of the calendar year.

Contractor shall submit all reports to the City Administrator electronically via e-mail using commercially available and generally used native format software acceptable to the City or an alternate format acceptable to the City. The City reserves the right to reasonably require Contractor to maintain records and submit the reports required herein through use of a City-approved file sharing platform that the City can access, at Contractor’s expense.

Monthly, quarterly, and annual reports shall include, at a minimum, all data and information described in Exhibit F, unless otherwise specified under this Agreement.

Contractor may propose report formats that are responsive to the objectives and audiences for each report. The format of each report shall be approved by the City Administrator, or their designee, in their sole discretion. The City Administrator may, from time to time during the Term, review, and request changes to Contractor’s report formats and content and Contractor shall not unreasonably deny such requests.

The City reserves the right to require Contractor to provide additional reports or documents, as the City Administrator reasonably determines to be required for the administration of this Agreement or in compliance with Applicable Law.

Upon request of either of the Parties, but no more than (2) two times per year, the City and Contractor shall meet and confer about the current reporting requirements and templates utilized from the prior calendar year to discuss updates or modifications to the formatting or additional information as required by Applicable Law.

6.2.2 SB 1383 Reporting

Contractor shall provide the City with the necessary service record data for SB 1833 compliance on a quarterly basis for the first calendar year after the Effective Date for the City to upload into City-selected Recycling reporting software. After the first calendar year after the Effective Date, Contractor shall provide such data two (2) times per calendar year at dates approved by the City in the annual public education

and outreach plan, as required by Exhibit C. The City and Contractor may mutually agree to change the submittal date or request additional data if required by CalRecycle to confirm compliance with SB 1383. Such data shall be submitted on a City-approved form, such as a single-tab Excel worksheet, CSV file, or other similar template, and in an industry standard form of data (by Container group). Such data shall additionally be submitted in the format and frequency described in Section 6.2.1 and shall include all relevant information required for efficient uploading to the City-selected Recycling reporting software. The City shall provide Contractor access to the City-selected Recycling reporting software for tracking all compliance and outreach communications and activities conducted by Contractor in the jurisdiction.

Contractor acknowledges that the information provided pursuant to this Subsection is necessary in order to support the City's SB 1383 implementation record. Contractor shall comply with any reasonable changes or additional reporting requests made by the City in its quarterly submissions in relation to SB 1383 reporting.

6.3 Performance Review

City may hold a public hearing, or other meeting, on or about the two- (2-) year anniversary of the Effective Date, and every twelve (12) months thereafter, during which Contractor shall be present and participate, to review Discarded Materials Collection, source reduction, Processing, and other Diversion services, as well as the overall performance of Contractor in performance of its duties required by this Agreement. The purpose of the hearing is to discuss and review technological, economic, and regulatory changes in Collection, source reduction, Recycling, Processing, and Disposal to achieve a continuous, advanced Discarded Materials Collection, source reduction, Recycling, and Disposal system and ensure services are being provided with adequate quality, effectiveness, and economy.

Forty-five (45) calendar days after receiving notice from the City of a performance review hearing, Contractor shall, at a minimum, submit a report to the City indicating the following:

A Changes recommended and/or new services to improve City's ability to meet the goals of AB 939, AB 341, AB 1826, SB 1383, and any current or future regulations and contain costs and minimize impacts on Rates. A specific plan for regulatory compliance shall be included.

B. Any specific plans and proposed costs for provision of changed or new services by Contractor.

The reports required by this Agreement regarding Customer Complaints shall be used as one basis for review. Contractor may submit other relevant performance information and reports for consideration. The City may request Contractor to submit specific information for the hearing. In addition, any Customer may submit comments or Complaints during or before the hearing, either orally or in writing, and these shall be considered.

Topics for discussion and review at the Performance Review Hearing shall include, but shall not be limited to, services provided, route audit results, feasibility of providing new services, application of new technologies, Customer Complaints, amendments to this Agreement, developments in the law, new initiatives for meeting or exceeding AB 939's goals, regulatory constraints and Contractor performance. The City and Contractor may each select additional topics for discussion at any Performance Review Hearing.

Not later than sixty (60) calendar days after the conclusion of each performance review hearing, the City may issue a report. As a result of the review, the City may require Contractor to provide expanded or new

services within a reasonable time and for reasonable Rates and compensation. The City may also direct or take corrective actions for any performance inadequacies.

6.4 Biennial Audit

City may conduct an audit of Contractor at any time. The scope of the audit, and auditing party, will be determined by the City. The scope may include, but is not limited to:

A. Compliance with terms of this Agreement.

B. Customer Service Levels and billing.

C. Fee payments.

D. Receipts.

E. Tonnage.

F. Complaint log.

G. Compliance with mandatory Commercial Recycling, mandatory Commercial Organic Materials Recycling, and SB 1383.

H. Verification of Diversion rate.

The first audit, which will be performed during 2028, will be based on Contractor's reports and records for the period from the Effective Date through December 31, 2027. Audits will be performed every two (2) years thereafter ("Biennial Audit"). Contractor will reimburse the City for the cost of such audits, which shall be up to fifty-five thousand dollars ($55,000) for the first audit and each subsequent Biennial Audit. After the first audit, the fifty-five thousand dollar ($55,000) amount shall be adjusted annually by the adjustment to the service component to calculate compensation for all Biennial Audits.

Should an audit by the City disclose that the Franchise Fees or other fees payable by Contractor were underpaid by three percent (3%) or more, or that two percent (2%) or more of Customers were inaccurately billed, for the period under review, Contractor shall reimburse the City for the actual cost of the audit to the extent such audit exceeded fifty-five thousand dollars ($55,000).

6.4.1 Payments and Refunds

Should an audit by the City disclose that the Franchise Fees payable by Contractor were underpaid, or that Customers were overcharged for the period under review, Contractor shall pay to the City any underpayment of Franchise Fees and/or refund to Contractor's Customers any overcharges within thirty (30) calendar days following the date of the audit. Should an audit disclose that Franchise Fees were overpaid, the City shall refund to Contractor the amount of the overpayment within the same time frame. Should the audit disclose that Customers were undercharged, Customers may be billed up to, but not exceeding, one (1) year of the services not previously billed by Contractor or the City.

6.5 SB 1383 Recordkeeping Software

Contractor shall utilize the "Recyclist" cloud-based software or, with City approval, another substantially equivalent cloud-based software, at no additional cost to the City or ratepayers, to integrate outreach efforts to businesses within the City, store reports required by this Article 6 and Exhibit F of this Agreement, and store additional data required to be made available to CalRecycle. The City shall have online access to the database for real-time monitoring of data.

ARTICLE 7.
CONTRACTOR'S CONSIDERATION AND OTHER REIMBURSEMENTS

7.1 Contractor's Consideration

In addition to any other consideration set forth herein, as part of its consideration for entering this Agreement, and for the exclusive franchise, right and privilege to provide Collection services within the City, as specified herein, Contractor shall provide the following:

7.1.1 Franchise Fee

Contractor shall pay to the City a Franchise Fee equal to fifteen percent (15%) of Contractor's annual Gross Receipts each year, or portion thereof, during the entire Term of this Agreement. In addition thereto, Contractor shall pay to the City an Administrative Fee equal to five percent (5%) of Contractor's annual Gross Receipts each year, or portion thereof, during the entire Term of this Agreement. Gross Receipts shall be calculated upon Contractor's gross revenue. Except with respect to Gross Receipts collected from Customers by the City on behalf of Contractor, said Franchise Fee and Administrative Fee shall be paid to the City monthly, on or before the twentieth (20th) day of each month. Should any such due date fall on a weekend, Holiday, or any day on which the City's business offices are closed, payment shall be due on the first Business Day thereafter on which the City's business offices are open. The total amount of each monthly payment shall be equal to twenty percent (20%) of Contractor's Gross Receipts in the calendar month preceding the date payment was due (excluding amounts collected from Customers by the City on behalf of Contractor). The Franchise Fee and Administrative Fee payments shall be accompanied by a statement, certified by Contractor, attesting to the accuracy of the amounts paid, and setting forth the basis for their calculation in a manner acceptable to the City. The Franchise Fee and Administrative Fee due in connection with amounts that are collected from Customers by the City on behalf of Contractor shall be deducted by the City prior to the City forwarding funds it receives for payment of Solid Waste handling services to Contractor. The Franchise Fee and the Administrative Fee due hereunder shall apply to Contractor's Gross Receipts collected after the expiration of the Term hereof relating to Contractor's performance during the Term hereof.

7.1.2 Services at City Facilities

Contractor shall provide Collection services at all Premises owned and/or operated by the City, at no cost to the City, for routine Collection of Solid Waste, Recyclable Materials, and Organic Materials generated from such City Premises. Contractor shall provide Containers for such services as the City deems appropriate for each of its various Premises (i.e., Carts, Bins, or Roll-off Boxes). Such services shall be provided for all existing City Premises, as they may be expanded from time to time, as well as all new or additional facilities acquired and/or constructed during the Term hereof. Contractor shall carry out its obligations pursuant to this provision in a manner, and to a degree, approved by the City Administrator. Contractor shall not be responsible for the Collection of Solid Waste generated from or delivered to City Premises by vendors or subcontractors of the City. Sources of City materials and agreed-upon locations are set forth in Exhibit B5.

7.1.3 Annual Contribution to Community Programs

As further consideration for the rights granted to Contractor herein, Contractor shall make a payment of fifteen thousand ($15,000.00) dollars to the City each year during the Term hereof for the City to use for

community programs of any nature, as the City deems appropriate (such as the 'Placentia Community Foundation"). Such payments shall be due on or before July 1 of each year, with the first payment due on or before July 1, 2026 with payments thereafter due on or before July 1 of each succeeding year.

7.2 City Refuse and Recycling Coordinator Fee

Pursuant to California Public Resources Code 41902, the City may directly assess a fee or may, by agreement, arrange for the fee to be collected by Contractor under this Agreement. Contractor agrees to pay or collect, as the case may be, a City Refuse and Recycling Coordinator Fee. Contractor shall collect the City Refuse and Recycling Coordinator Fee pursuant to the billing services and systems defined in Section 4.7. The City Refuse and Recycling Coordinator fee due in connection with amounts that are collected from Customers by the City on behalf of Contractor shall be deducted by the City prior to the City forwarding funds it receives for payment of Solid Waste handling services to Contractor. The City Refuse and Recycling Coordinator Fee due in connection with amounts that are collected from Customers by Contractor shall be paid to the City at the same time as the Franchise Fee, pursuant Subsection 7.1.1.

An example of the Refuse and Recycling Coordinator Fee calculation is included in Exhibit E.

7.3 Payment Schedule and Late Fees

In the event Contractor fails to timely make any of the payments provided for in this Agreement (whether reimbursements, Franchise Fees, payments of funds collected in connection with billing services, or otherwise), Contractor shall pay to the City, as additional consideration, a sum of money equal to two percent (2%) of the amount past due. This amount is required in order to defray those additional expenses and costs incurred by the City by reason of the delinquent payment including, but not limited to, the cost of administering, accounting for, and collecting said delinquent payment and postponing services and projects necessitated by the delay in receiving the revenue. In addition, any amounts not paid to the City by Contractor within sixty (60) calendar days of the due date shall be subject to interest in the amount of ten percent (10%) per annum, calculated on a daily basis for each calendar day such sum remains past due.

7.4 Other Fees

City shall reserve the right to set other fees, or further adjust the Franchise Fee, AB 939/SB 1383 Regulatory Reimbursement, City Refuse and Recycling Coordinator Fee, and Administrative Fee beyond the regular annual adjustments described above as it deems necessary, to the extent that such further adjustments are also included in the adjustments to the approved Rates.

7.5 Discontinuance of Fees

In event the fees described in Section 7.1 are discontinued during the Term of this Agreement, including Agreement extensions granted by the City, Customer Rates shall be reduced based on the amount of the discontinued fee(s).

ARTICLE 8.
CONTRACTOR'S COMPENSATION AND RATE SETTING

8.1 General

Contractor shall perform the responsibilities and duties described in this Agreement in consideration of the right to receive compensation for services. Contractor's Compensation provided for in this Article shall be the full, entire, and complete compensation due to Contractor, pursuant to this Agreement, for all labor, equipment, materials and supplies, taxes, insurance, bonds, overhead, Disposal, Recycling, Processing, Transfer, profit, and all other things necessary to perform all the services required by this Agreement in the manner and at the times prescribed.

8.2 Initial Rates

The Rates for the Rate Period ending June 30, 2027 (Rate Period one) shall not exceed those set forth in Exhibit D hereto, unless amended by a written amendment to this Agreement entered into by and between the City and Contractor. Contractor has reviewed these Rates and agrees they are reasonably expected to generate sufficient revenues to provide adequate Contractor's Compensation. Unless and until the Rates set forth on Exhibit D are adjusted, Contractor will provide the services required by this Agreement, charging no more than the Rates authorized by Exhibit D, except as provided herein in this Article 8.

8.3 Schedule of Future Adjustments

For the Rate Period beginning July 1, 2027 and ending June 30, 2028 and for all subsequent Rate Periods, Contractor or the City may request an annual adjustment to the Rates shown in Exhibit D, as provided in Subsection 8.4.2 and Section 8.5. Contractor shall submit its request in writing, to be received by the City in person, via email or via certified mail, by March 1 of the same year, based on the method of adjustment described in Section 8.4. Failure to submit a written request by March 1 shall result in Contractor waiving the right to request such an increase for the upcoming Rate Period.

8.4 Method of Adjustments

8.4.1 General

Pursuant to Section 8.3, Contractor may request an annual adjustment to the Rates according to the formula shown in Exhibit E, subject to review and approval of the City.

A. Indemnification. To the maximum extent allowed by and subject to Applicable Law, Contractor shall indemnify, defend, and hold harmless the City, its officers, employees, agents and volunteers, (collectively, "Indemnitees") from and against all claims, damages, injuries, losses, and costs, including demands, debts, liens, liabilities, causes of action, suits, legal or administrative proceedings, interest, fines, charges, penalties and expenses (including attorneys' and expert witness fees, expenditures for investigations, and administration) and costs or losses of any kind whatsoever paid, imposed upon, endured, or suffered by or assessed against Contractor or any of the Indemnitees resulting in any form from the City's establishing Rates for service under this Agreement or in connection with the application of California Constitution Articles XIIIC and Article XIIID to the imposition, payment, or collection of Rates and fees for services provided by

Contractor under this Agreement. Notwithstanding the foregoing, this indemnity shall not extend to any portion of the Rates that is not associated with Contractor's costs in providing service, such as governmental fees, Franchise Fees, or charges, nor shall it apply to any loss to the extent arising directly from the negligence of the Indemnitees. Nothing herein is intended to imply that California Constitution Articles XIIIC or XIIID apply to the setting of Rates for the services provided under this Agreement; rather, this Subsection is provided merely to allocate risk of loss between the Parties.

8.4.2 Rate Adjustment Calculation

A. Annual Consumer Price Index Adjustments to Service Component. Commencing on July 1, 2027, the service component associated with any of the Rates, as set forth in Exhibit D, shall be adjusted, and such Rates shall be adjusted annually thereafter on each subsequent July 1 during the Term ("Adjustment Date") by multiplying such service component by a percentage equal to the average annual change in the CPI for the twelve (12) month period ending on the December 31 immediately prior to the applicable Adjustment Date. At least forty-five (45) calendar days prior to charging Customers any Rate increased due to an increase in the CPI, Contractor shall obtain the City Administrator's approval to do so. The City Administrator shall approve such a request, unless it is determined, based upon substantial evidence, that the requested adjustment to the Rate does not meet the requirements set forth herein.

Notwithstanding anything to the contrary in this Subsection, the maximum annual adjustment occurring pursuant to this Subsection shall be limited by the following provision: The service component of the Rate may not be increased in any given year by more than seven percent (7.0%), without regard to any higher increase that may otherwise be justified by the formula set forth in this Subsection; any excess above seven percent (7.0%) shall not be rolled over or applied to subsequent Rate adjustments.

B. Annual Adjustments to Landfill Disposal Component of Maximum Rates. It is the intention of the Parties that the Disposal component associated with any of the Rates, as set forth in Exhibit D, shall be adjusted not more than annually on each Adjustment Date, such that the Rates reflect each Customer's pro-rata share of any increase or decrease in the actual Disposal tipping fees incurred by Contractor for Disposal of Solid Waste Collected pursuant to this Agreement. To arrive at an appropriate adjustment formula to satisfy this intent, the Parties have agreed that the "Disposal Component Tonnage Basis," set forth in Exhibit D, is a fair estimate of the amount of Solid Waste generated and ultimately Disposed of by each applicable Customer and/or service type. The initial Rate associated with Disposal component for various services, set forth in Exhibit D, is the per-Ton tipping fee charged by the Orange County Landfill System (where, as of the Effective Date, all of the City's Solid Waste must be delivered for Disposal per the County Agreement). If, prior to any Adjustment Date, a change occurs in the Disposal tipping fees charged to Contractor by the Disposal Facility to which it delivers Solid Waste Collected hereunder, the Disposal component associated with any of the Rates, set forth in Exhibit D, shall be adjusted, as of the Adjustment Date, by similarly multiplying the Disposal Component Tonnage Basis for each applicable Customer and/or service type by the change in the per-Ton tipping fee. In the event an increase occurs in applicable Disposal Facility tipping fees at a time other than an annual Adjustment Date, Contractor shall be able to adjust the Rates applicable to the Disposal Component, pursuant to Subsection 8.4.3.

C. Negative CPI Rate Adjustment Calculation. If the Rate adjustment calculation is calculated to be

less than zero percent (0%), the Rates shall be automatically adjusted on the Adjustment Date by multiplying such service component by a percentage equal to the change in the CPI for the twelve (12) month period ending on the December 31 immediately prior to the applicable Adjustment Date.

8.4.3 Adjustments Due to Change in Law

In addition to and separate from the adjustments set forth above, Contractor shall be entitled to an adjustment of the Service Rates as a result of a Change in Law.

A. Governmental Fees and Charges. For a Change in Law that changes a governmental fee or charge levied on a per-Ton basis that affects Contractor's Disposition or Processing of Solid Waste, Recyclable Materials, or Organic Materials Collected pursuant to this Agreement that is not otherwise subject to another provision of this Agreement (e.g., Subsection 8.4.2.2 "Annual Adjustments to Landfill Disposal Component of Maximum Rates"), such fee and charges are fully recoverable in the Rates established in this Agreement. The City and Contractor shall meet and confer in good faith to determine the amount of the fee or charge to be included in the Rates. If the Parties agree on the amount of the Rate adjustment, Contractor may implement the agreed-upon adjustment in Contractor's next monthly billing cycle. If the Parties have not agreed on the amount of the Rate adjustment, Contractor shall have the right, at minimum, to the fee based upon the amount the City has determined is established by the Change in Law in the next billing cycle. Contractor shall have the right to challenge in court the propriety of a determination of the City pursuant to this Subsection.

B. Change in Law Affecting Contractor's Agreement Obligations. For a Change in Law that affects Contractor's performance of services required pursuant to this Agreement, including any Applicable Law mandate, Contractor shall be entitled to an equitable adjustment of Rates as a result of the Change in Law. Upon Contractor providing written notice to the City that a Change in law has affected Contractor's performance of services, the City and Contractor shall meet and confer in good faith to determine the impacts of the Change in Law on Contractor's performance of services and costs associated with performance of the services to determine the amount of adjustment to be made to Rates. If the Parties agree on the amount of the Rate adjustment, Contractor shall provide written notice to the City at least thirty (30) calendar days prior to the adjusted Rate taking effect. If the Parties have not agreed on the amount of the Rate adjustment, Contractor shall have the right, at minimum, to increase the Rates based upon the amount the City has determined is established by the Change in Law, upon providing at least thirty (30) calendar days notice to the City of the date the adjusted Rate will take effect. Contractor shall have the right to challenge in court the propriety of a determination of the City pursuant to this Subsection.

8.5 Special Rate Adjustments

In an effort to reduce the initial Rate impact to ratepayers, Contractor shall receive the following compensation in Subsections 8.5.1 through 8.5.2, in addition to the adjustments calculated in Section 8.4.

8.5.1 Residential Special Rate Adjustment

Before the adjusted Residential service component is calculated in accordance with Section 8.4, the following phase-in amounts shall be added to the existing service component.

A. July 1, 2027: One dollar and eighty-nine cents ($1.89).

B. July 1, 2028: One dollar and eighty-nine cents ($1.89).

8.5.2 Commercial Organic Materials Special Rate Adjustment

Before the adjusted Commercial Organic Materials Rate is calculated in accordance with Section 8.4, the following phase-in percentage shall be applied to the existing service component.

A. July 1, 2027: Thirty-two and eighty-three hundredths percent (32.83%).

8.6 Extraordinary Adjustments

Contractor may request an adjustment to the Rates set forth in Exhibit D at reasonable times other than as set forth in Sections 8.3 and 8.4 for unusual changes in the cost of providing service under this Agreement. Unusual changes may include changes in service component costs, including changes in labor agreement requirements occurring during the Term. For each request for an adjustment to the Rates brought forth pursuant to this Section, Contractor shall prepare a schedule documenting the extraordinary costs. Such request shall be prepared in a form acceptable to the City with support for assumptions made by Contractor in preparing the estimate. The City shall review Contractor's request and, in the City's reasonable judgment, make the final determination as to whether an adjustment to the Rates will be made, and, if an adjustment is permitted, the appropriate amount of the Rate adjustment. The City may consider increases or decreases in Contractor's total revenues and total cost of services when reviewing an extraordinary Rate adjustment request. The City may hire a third-party consultant to advise the City as to the reasonableness of Contractor's proposal; Contractor shall reimburse the City for all actual and reasonable costs the City incurred by having a consultant conduct such review.

8.7 Special Services

Contractor may provide special pick-up procedures or services in addition to the services described herein for Customers who request or require such services at reasonable Rates established by Contractor. Such additional Rates are subject to approval by the City Administrator. Contractor shall notify the City Administrator of any such services prior to the time they are provided in order to allow the City an opportunity to conduct necessary inspections, review the proposed Rate, and impose appropriate regulations.

8.8 Rate Adjustment Rounding

The Rate adjustment methodology described in Section 8.4 and Exhibit E shall be consistently rounded to two decimal places. This means that calculation of all Rates and Rate components shall be rounded to the nearest cent. For example, three dollars and fifty-eight and two tenths cents ($3.582) rounds to three dollars and fifty-eight cents ($3.58). For the calculation of the percentage change in all indexes, the calculations shall be rounded to two decimal places. For example, one and eight hundred forty-five thousandths percent (1.845%) rounds to one and eighty-five hundredths percent (1.85%). The numbers zero (0), one (1), two (2), three (3), and four (4) in all calculations shall be rounded down. For example, one and four hundred forty-four thousandths (1.444) rounds to one and forty-four hundredths (1.44). The numbers five (5), six (6), seven (7), eight (8), and nine (9) in all calculations shall be rounded up. For example, two and five hundred eighty-five thousandths (2.585) rounds to two and fifty-nine hundredths (2.59).

ARTICLE 9.
INDEMNITY, INSURANCE, AND PERFORMANCE BOND

9.1 Indemnification

A. **General.** Contractor shall protect, indemnify, defend with counsel acceptable to the City, and hold free and harmless (to the full extent permitted by law) the City and its officers, officials, employees, volunteers, and agents, at its sole expense, from and against any and all claims, liabilities, losses, injuries, damages, expenses, and costs (including, without limitation, costs and fees of litigation, including reasonable attorneys' and expert witness fees) of every nature arising out of or in connection with Contractor's performance, and the performance of any Subcontractor, or agent of Contractor, under this Agreement, or Contractor's failure to comply with any of its obligations contained in the Agreement, except to the extent such loss or damage was caused by the negligence or willful misconduct of the City. This Section shall survive the expiration or termination of this Agreement and shall not be construed as a waiver of the City's legal and/or equitable rights as defined herein and permitted under Applicable Law.

B. **Excluded Waste.** Contractor acknowledges that it is responsible for compliance during the entire Term of this Agreement with all Applicable Laws. Contractor shall not negligently store, Transport, use, or Dispose of any Excluded Waste, except in strict compliance with all Applicable Laws.

If Contractor negligently or willfully mishandles Excluded Waste in the course of carrying out its activities under this Agreement, Contractor shall, at its sole expense, promptly take all investigatory and/or remedial action reasonably required for the remediation of such environmental contamination. Prior to undertaking any investigatory or remedial action, however, Contractor shall first obtain the City's approval of any proposed investigatory or remedial action. Should Contractor fail at any time to promptly take such action, the City may undertake such action at Contractor's sole cost and expense, and Contractor shall reimburse City for all such expenses within thirty (30) calendar days of being billed for those expenses. Any amount not paid within that thirty (30) calendar day period shall thereafter be deemed delinquent and subject to the delinquent fee payment provision of Section 7.3. These obligations are in addition to any defense and indemnity obligations that Contractor may have under this Agreement.

Notwithstanding the foregoing, Contractor's duties under this Subsection shall not extend to any claims arising from the Disposal of Solid Waste at the Designated Disposal Facility(ies), including, but not limited to, claims arising under CERCLA, unless such claim is a direct result of Contractor's negligence or willful misconduct.

C. **Environmental Indemnity**. At Contractor's sole expense and with counsel acceptable to the City, Contractor shall protect, defend, indemnify, and hold free and harmless the City against and from any and all claims, suits, losses, penalties, damages, and liabilities for damages of every name, kind, and description, including attorneys' fees and costs incurred, attributable to the negligence or willful misconduct of Contractor in handling Excluded Waste.

D. **Electronic and Web-Based Information Indemnity.** At Contractor's sole expense and with counsel acceptable to the City, Contractor shall protect, defend, indemnify, and hold free and harmless

the City against and from any and all related claims, including, but not limited to, suits, losses, penalties, damages, responsibilities for costs, regulatory fines, penalties, credit monitoring expenses, and liabilities for damages of every name, kind, and description, including attorneys' fees and costs incurred, attributable to the negligence or willful misconduct of Contractor and any Subcontractors used in performance of this Agreement in handling or protecting Customer information over which Contractor has control, including, but not limited to, billing details, electronic payment(s), and Customer account information that is not readily available to the general public. Contractor shall maintain electronic files and Contractor's website in accordance with the industry best practices for maintaining such information as safely and securely as possible. Nothing in this Subsection shall prevent or restrict Contractor's obligation and responsibility to provide City with information required under this Agreement.

E. Related to AB 939, AB 341, and SB 1383. Contractor's duty to defend, indemnify, and hold free and harmless the City herein includes all fines and/or penalties imposed by CalRecycle to the maximum extent allowed by law (e.g., indemnity requirements within Public Resources Code 40059.1).

F. Related to Proposition 218. Should there be a Change in Law or a new judicial interpretation of Applicable Law, including, but not limited to, Article XIII C and D of the California Constitution (commonly, "Proposition 218"), that impacts the Rates for the Collection services established in accordance with this Agreement, Contractor agrees to meet and confer with City to discuss the impact of such Change in Law on either Party's ability to perform under this Agreement.

If, at any time, a Rate adjustment determined to be appropriate by both City and Contractor to compensate Contractor for increases in costs, as described in this Agreement, cannot be implemented for any reason, Contractor shall be granted the option to negotiate with the City in good faith for a reduction of services equal to the value of the Rate adjustment that cannot be implemented. If the City and Contractor are unable to reach agreement about such reduction in services, Contractor may terminate this Agreement upon one hundred and eighty (180) calendar day's prior written notice to the City, in which case Contractor and the City shall each be entitled to payment of amounts due for contract performance through the date of termination, but otherwise will have no further obligation to one another, unless this Agreement specifically states otherwise, after the date of such termination. Should a court of competent jurisdiction determine that Contractor cannot charge and/or increase its Rates for charges related to Franchise Fees and governmental fees and charges, Contractor shall reduce the Rates it charges Customers a corresponding amount, providing said fees, reimbursements, Rates, and/or charges disallowed by the court are not related to the cost of providing service hereunder and had been incorporated in the Rates charged by Contractor to its Customers.

Nothing herein is intended to imply that California Constitution Articles XIIIC or XIIID apply to the Rates established for services provided under this Agreement; rather, this Subsection is provided merely to allocate risk of an adverse judicial interpretation between the Parties.

G. CalPERS Eligibility Indemnification. Contractor's employees, agents, or Subcontractors providing service under this Agreement shall not: (i) qualify for any compensation and benefit under the California Public Employees Retirement System ("CalPERS"); (ii) be entitled to any benefits under CalPERS; (iii) enroll in CalPERS as an employee of the City; (iv) receive any employer contributions paid by the City for CalPERS benefits; or, (v) be entitled to any other CalPERS-related benefit that

would accrue to a City employee. Contractor's employees, agents, or Subcontractors hereby waive any claims to benefits or compensation described in this Section. This Section applies to Contractor, notwithstanding any other agency, State, or Federal policy, rule, regulation, law, or ordinance to the contrary.

If Contractor's employees, agents, or Subcontractors providing services under this Agreement claim, or are determined by a court of competent jurisdiction or CalPERS to be eligible for enrollment in the City's CalPERS, Contractor shall indemnify, defend, and hold harmless the City for the payment of any employer and employee contributions for CalPERS benefits on behalf of the employee, as well as for payment of any penalties and interest on such contributions that would otherwise be the responsibility of the City.

Contractor's Compensation under this Agreement shall be the full and complete compensation that Contractor and Contractor's officers, employees, agents, and Subcontractors are entitled for performance of any work under this Agreement. Neither Contractor nor Contractor's officers, employees, agents, and Subcontractors are entitled to any salary or wages, retirement, health, leave, or other fringe benefits applicable to City employees. The City will not make any Federal or State tax withholdings on behalf of Contractor. The City shall not be required to pay any workers' compensation insurance on behalf of Contractor.

Contractor agrees to defend, indemnify, and hold harmless the City for any obligation, claim, suit, or demand for tax, retirement contribution, including any contribution to CalPERS, social security, salary or wages, overtime payment, or workers' compensation payment that the City may be required to make on behalf of: (i) Contractor; (ii) any employee of Contractor; or, (iii) any employee of Contractor construed to be an employee of the City for work performed under this Agreement.

9.2 Insurance

A. **General Requirements.** Contractor shall, at its sole cost and expense, maintain in effect at all times during the Term of this Agreement not less than the following coverage and limits of insurance:

B. **Coverages and Requirements.** During the Term of this Agreement, Contractor shall at all times maintain, at its expense, the following coverages and requirements. All coverage available to Contractor, or Contractor's parent corporation as named insured, except Workers' Compensation, shall be made available to the City, its officers, agents, employees and volunteers as additional insured via blanket-form endorsement. Failure to maintain the identified insurance requirements during the entire Term of this Agreement shall constitute an event of default, subject to Section 11.1.C. The comprehensive general liability insurance shall include broad form property damage insurance. If Contractor maintains higher limits than the specified minimum limits, the City requires and shall be entitled to coverage for the higher limits maintained by Contractor.

1. Minimum Coverages. Insurance coverage shall be with limits not less than the following:

Comprehensive General Liability – Ten million dollars ($10,000,000) combined single limit per occurrence and twenty million dollars ($20,000,000) general aggregate for bodily injury, personal injury, and property damage.

Automobile Liability – Ten million dollars ($10,000,000) combined single limit per accident for bodily injury and property damage (include coverage for hired and non-owned vehicles).

Workers' Compensation – Statutory Limits/Employers' Liability – One million dollars ($1,000,000) per accident for bodily injury or disease. Contractor agrees to waive and obtain endorsements from its workers' compensation insurer waiving subrogation rights under its workers' compensation policy against the City, its officers, officials, agents, and employees for losses arising from work performed by Contractor for the City. Contractor agrees to require each of its Subcontractors, if any, to do likewise under their workers' compensation policies.

Contractor's Pollution Liability – Ten million dollars ($10,000,000) per loss and policy aggregate applicable to bodily injury; property damage, including loss of use of damaged property or of property that has not been physically damaged or destroyed; cleanup costs, including first-party cleanup of the City's property and third-party cleanup, and bodily injury costs if pollutants impact other properties; and defense, including costs, fees and expenses incurred in the investigation, defense, or resolution of claims. Coverage shall include completed operations and shall apply to sudden and non-sudden pollution conditions. Coverage shall apply to acts, errors, or omissions arising out of, or in connection with, Contractor's scope of work under this Agreement. Coverage shall also apply to non-owned deposit sites ("NODS") that shall protect against, for example, claims regarding bodily injury, property damage, and/or cleanup costs involving NODS. Coverage is preferred by the City to be occurrence based. However, if provided on a claims-made basis, Contractor warrants that any retroactive date applicable to coverage under the policy precedes the Effective Date, and that continuous coverage shall be maintained, or an extended discovery period will be exercised through completion or termination of this Agreement for a minimum of five (5) years. This provision does not limit or alter any rights or remedies to the City allowable under this Agreement and/or Applicable Law in perpetuity.

Professional Liability Errors and Omissions – Insurance appropriate to Contractor's profession and industry practice, with limits not less than two million dollars ($2,000,000) per occurrence and three million dollars ($3,000,000) policy aggregate. The retroactive date must be shown, and this date must be before the date of this provision was added to the contract. Insurance must be maintained and evidence of insurance must be provided for at least three (3) years after the termination of this Agreement. If coverage is canceled or non-renewed, and not replaced with another policy form with a retroactive date prior to the Effective Date, Contractor must purchase "extended reporting coverage" for a minimum of three (3) years after completion of contract work. A copy of the claims reporting requirements must be submitted to the City Administrator for review.

2. Additional Insured. The City, its officers, officials, agents, employees, and volunteers shall be named as additional insured on all but the workers' compensation and professional liability coverages.

3. Policy Maintenance. Said policies shall remain in force through the life of this Agreement and, with the exception of professional liability coverage, shall be payable on a "per

occurrence" basis, unless the City's risk manager specifically consents in writing to a "claims made" basis. For all "claims made" coverage, Contractor shall purchase "tail" coverage or otherwise provide for continuous coverage covering the Term of this Agreement and not less than three (3) years thereafter, except for the five (5) year tail of Contractor's Pollution Liability, as described above.

4. Deductibles. The deductibles or self-insured retentions are for the account of Contractor and shall be the sole responsibility of Contractor.

5. Endorsements. Each insurance policy, except Workers' Compensation, shall be endorsed to state that coverage shall not be canceled, non-renewed, or materially changed, except after thirty (30) calendar days' prior written notice has been given to the City Administrator via email to an email address provided by the City. Ten (10) Business Days notice is required for delinquent insurance premium payments. Should Contractor fail to immediately procure other insurance, as specified, to substitute for any cancelled policy or reduction in the required insurance limits, the City may procure such insurance at Contractor's sole cost and expense.

6. Insurer Rating. Insurance must be placed with insurers with a current A.M. Best's rating of no less than A-VII, or with a surplus line carrier appearing on the List of Approved Surplus Line Insurers, with a Best's Key Rating Guide of at least A: VIII.

7. Policy Coverage. The policies shall cover all activities of Contractor, its officers, employees, agents and volunteers arising out of or in connection with this Agreement.

8. Primary Coverage. For any claims relating to this Agreement, Contractor's insurance coverage shall be primary, at least broad as ISO CG 20 01 04 13, as respects the City, its officers, officials, agents, employees, and volunteers. Any other insurance maintained by the City shall apply in excess of, and not contribute with, insurance provided by Contractor's liability insurance policy.

9. Waiver of Subrogation. Contractor shall waive all rights of subrogation against City, its officers, officials, employees, agents, and volunteers for losses arising from work performed by Contractor for the City via blanket endorsement. Contractor shall require each of its Subcontractors, if any, to do likewise under their insurance policies.

10. Defense Fees. Defense fees and costs shall not deplete the limits of any insurance provided under this Agreement.

11. Subcontractors. Contractor shall require and verify that all Subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure the City is an additional insured on insurance required from Subcontractors.

C. **Endorsements.** Prior to the Effective Date, Contractor shall furnish City Administrator with certificates of insurance endorsements supplemented with applicable blanket form reflecting coverage required by this Agreement. The certificates and blanket form endorsements are to be signed by that insurer's authorized representative. All certificates and blanket form endorsements are to be received by, and are subject to the approval of, the City Risk Manager before work commences.

D. **Renewals.** During the Term of this Agreement, Contractor shall furnish City Administrator with renewal certificate(s) supplemented with applicable blanket-form endorsements reflecting changes in insurance companies, and, if applicable, any other documents reflecting the maintenance of the required coverage throughout the entire Term of this Agreement. The certificate(s) and blanket form endorsements are to be signed by that insurer's authorized representative.

E. **No Cap on Indemnity.** The minimum amounts of coverage described in this Section will not constitute any limitations or cap on Contractor's indemnification obligations under this Agreement.

F. **Workers' Compensation.** Contractor shall provide workers' compensation coverage as required by State law and shall comply with Section 3700 of the State Labor Code.

9.3 Faithful Performance Bond or Irrevocable Letter of Credit

A. **Surety Mechanism.** Contemporaneously with execution of this Agreement, as security for Contractor's faithful performance of all obligations of this Agreement, Contractor shall provide a surety mechanism ("Surety"), as more fully defined below, in the amount of one million dollars ($1,000,000.00). The Surety may be comprised of either a performance bond or an irrevocable letter of credit, or a combination of both. Any letter of credit utilized to satisfy some or all of the Surety requirement shall be drawn upon a financial institution with an office within one hundred (100) miles of the City in a form acceptable to the City Attorney. The performance bond, if any, shall be issued by a duly authorized corporate surety company authorized to do business in California in a form acceptable to the City Attorney. The cost of the Surety shall be the sole responsibility of Contractor. The Surety shall be released within thirty (30) calendar days after: (i) the expiration of the Term of this Agreement; and, (ii) Contractor's satisfactory performance of all obligations hereunder.

B. **Forfeiture of Surety.** In the event Contractor shall, for any reason, become unable to, or fail in any way to, perform as required by this Agreement, the City may declare a portion or all of the Surety, as may be necessary to recompense and make whole the City, forfeited to the City. Upon partial or full forfeiture of the Surety, Contractor shall restore the Surety to its original amount within thirty (30) calendar days of the City's notice to do so. Failure to restore the Surety to its full amount within thirty (30) calendar days shall be a material breach of this Agreement.

C. **Utilization of Surety.** Notwithstanding any provision hereof to the contrary, thirty (30) calendar days following the City providing Contractor with written notice of its failure to pay the City any amount owing under this Agreement, either the letter of credit or performance bond comprising the Surety may be utilized by the City for purposes including, but not limited to:

1. Payment of sums due under the terms of this Agreement that Contractor has failed to timely pay to the City, including specifically, but not limited to, Liquidated Damages.
2. Reimbursement of costs borne by the City to correct violations of this Agreement not corrected by Contractor.

D. **Letter of Credit.** City may draw upon the entire letter of credit (if any) utilized to meet Contractor's obligations pertaining to the Surety, and convert it to a cash deposit, if Contractor fails to cause the letter of credit to be extended or replaced with another satisfactory letter of credit no later

than sixty (60) calendar days prior to its expiration.

9.4 Performance Security Beyond Service Term

Some Agreement requirements extend beyond the Term of this Agreement and will not be substantiated until after the final service date. Therefore, Contractor shall not terminate the Surety and will renew it to ensure continuous availability to the City, until Contractor receives a written release from the City. The City will provide such release when the City, in its reasonable judgment, is fully satisfied that all requirements have been met; provided, however, in no event may the City require that the Surety continue more than two (2) years after the termination of this Agreement. However, permission from the City to discontinue holding the Surety does not relieve Contractor of payments to the City that may be due or may become due.

ARTICLE 10.
CITY'S RIGHT TO PERFORM SERVICE

10.1 General

Subject to Section 11.7, events of force majeure, in the event that Contractor, fails, refuses, or is unable to Collect, Recycle, Process, Transport or Dispose of any or all Discarded Materials for a period of more than two (2) working days, and if, as a result thereof, Discarded Materials accumulate in the City to such an extent, in such a manner, or for such a time that such accumulation endangers or menaces the public health, safety, or welfare, as determined by the County Health Officer, then the City shall have the right, but not the obligation, upon twenty-four (24) hours' prior written notice to Contractor to perform, or cause to be performed, such services itself with its own or other personnel, without liability to Contractor..

10.2 Disaster Preparedness Plan

Within twelve (12) months of the Effective Date, Contractor shall, with City assistance, prepare a written plan detailing how Discarded Materials services will be delivered in a time of emergency or natural disaster. For the plan, the City shall provide Contractor with a written list of critical facilities that the City deems in need of special consideration in a time of emergency because they are critical to the City's emergency response, of priority to the needs of the community, and/or represent a public health risk to the community. Contractor's written plan shall contain a protocol for contacting Contractor management in the event of an emergency, an overview of Contractor's resources available for emergency responses, a plan for Collection, Disposal, Transport, Processing, and Recycling of Discarded Materials generated by critical facilities, until the time of emergency passes. The plan shall also include a protocol for resuming normal operations following an emergency.

In the event of a disaster, the City may grant Contractor a waiver of some or all Collection requirements under this Agreement and 14 CCR, Division 7, Chapter 12, Article 3 in the disaster-affected areas for the duration of the waiver. Any resulting changes in Collection requirements shall be addressed as a change in scope in accordance with Section 3.6.

ARTICLE 11.
DEFAULT AND REMEDIES

11.1 Events of Default

All provisions of the Agreement are considered material. Each of the following shall constitute an event of default.

A. Fraud or Deceit. Contractor practices, or attempts to practice, any fraud or deceit upon the City or Customers.

B. Insolvency or Bankruptcy. Contractor becomes insolvent, unable, or unwilling to pay its debts, or upon listing of an order for relief in favor of Contractor in a bankruptcy proceeding.

C. Failure to Maintain Coverage. Contractor fails to provide or maintain in full force the workers' compensation insurance coverage required by Section 9.2, or indemnification coverage as required by this Agreement.

D. Violations of Regulation. Contractor violates any orders or filings of any regulatory body having authority over Contractor relative to this Agreement, and the City reasonably determines such violation is material. If Contractor contests any such orders or filings by appropriate proceedings conducted in good faith, and the regulatory body determines no violation occurred, no breach or default of this Agreement shall be deemed to have occurred.

E. Violations of Applicable Law. Contractor violates Applicable Law relative to this Agreement, and the City reasonably determines such violation is material.

F. Failure to Perform Direct Services. Subject to events of Force Majeure, Contractor ceases to provide Collection, Transportation, or Processing services, as required under this Agreement, for a period of two (2) consecutive calendar days or more, for any reason within Contractor's control.

G. Failure to Pay or Report. Contractor fails to make any payments to the City required under this Agreement, including payment of City Fees or Liquidated Damages, and/or refuses to provide City with required information, reports, and/or records in a timely manner, as provided for in the Agreement.

H. Acts or Omissions. Contractor performs any other act or omission that violates the terms, conditions, or requirements of this Agreement or Applicable Law and is not corrected or remedied within the time set in the written notice of the violation. Additionally, an event of default occurs if Contractor cannot reasonably correct or remedy the breach within the time set forth in a notice of violation, Contractor fails to commence to correct or remedy such violation within the time set forth in such notice, or Contractor fails to diligently effect such correction or remedy thereafter.

I. False, Misleading, or Inaccurate Statements. Contractor makes any representation or disclosure to the City in connection with or as an inducement to entering into this Agreement, or any future amendment to this Agreement, that proves to be false or misleading in any material respect, as of the time such representation or disclosure is made, whether or not any such representation or disclosure appears as part of this Agreement. Additionally, a default occurs if any Contractor-

provided report contains a misstatement, misrepresentation, data manipulation, or an omission of fact or content explicitly defined by the Agreement, excepting non-numerical typographical and grammatical errors.

J. Seizure or Attachment. There is a lawful seizure of, attachment of, or levy on, some or all of Contractor's operating equipment, including, without limits, its equipment, maintenance or office facilities, and Approved Facility(ies), or any part thereof.

K. Suspension or Termination of Service. Except due to Force Majeure, there is any termination or suspension of the transaction of business by Contractor related to this Agreement for more than seven (7) calendar days for Residential Customers and three (3) Working Days for Commercial Customers.

L. Criminal Activity. Contractor, its officers, managers, or employees are found guilty of criminal activity related directly or indirectly to performance of this Agreement or any other agreement held with the City.

M. Assignment without Approval. Contractor transfers or assigns this Agreement without the prior written approval of the City, unless the assignment is permitted without City approval pursuant to Section 13.6.

N. Failure to Provide Proposal or Implement Change in Service. Contractor fails to provide a proposal for new services or changes to services or fails to implement a change in service as requested by the City, as specified in Section 3.6.

O. Failure to Implement Collection Program. Contractor fails to implement a Collection program that complies with the requirements of Article 4 and Exhibit B, which results in a final judgment against City pursuant to an enforcement action brought by CalRecycle for failing to achieve SB 1383 compliance, pursuant to CCR title 14 § 18997.5.

P. Failure to Provide Processing Capacity. Contractor fails to provide adequate Processing capacity in accordance with Articles 4 and 5, which results in a final judgment against City pursuant to an enforcement action brought by CalRecycle for failing to achieve SB 1383 compliance, pursuant to CCR title 14 § 18997.5.

Q. Failure to Achieve Processing Standards. Contractor fails to achieve the Processing standards specified in Articles 4 and 5, including achievement of minimum Organic Waste recovery rates, which results in a final judgment against City pursuant to an enforcement action brought by CalRecycle for failing to achieve SB 1383 compliance, pursuant to CCR title 14 § 18997.5.

R. Failure to Comply with Other Requirements of SB 1383. Contractor fails to comply with other requirements of the Agreement, including, but not limited to, public education, reporting, contamination monitoring, record keeping and reporting, or other obligations of this Agreement that delegate the City's responsibility and/or authority under SB 1383 to Contractor, which results in a final judgment against City after exhaustion of all appeals pursuant to an enforcement action brought by CalRecycle for failing to achieve SB 1383 compliance, pursuant to CCR title 14 §18997.5.

S. **Failure to Dispose of Solid Waste at the Designated Disposal Facility(ies).** Contractor fails to Dispose of all Solid Waste Collected within the City at the Designated Disposal Facility(ies), unless the Designated Disposal Facility(ies) is no longer required or in the event that the Designated Disposal Facility(ies) is not available.

T. **Failure to Perform Any Obligation.** Contractor fails or refuses to perform any of its obligations hereunder after the City notifies Contractor that a specific failure or refusal has occurred which will, unless corrected, give City a right to terminate this Agreement in accordance with this Section, and Contractor does not correct such breach within twenty (20) calendar days of receiving the City's notice thereof; provided, however, if such breach is not capable of cure within twenty (20) calendar days, Contractor shall promptly provide City with written notice explaining why Contractor believes it needs additional time to effect a cure, including a schedule therefore. In such case, Contractor shall diligently proceed to cure the breach within such schedule, whereupon the City, in its reasonable discretion, may accept Contractor's schedule of cure, make a written demand that Contractor cure the default within an alternative time period set by the City, or terminate this Agreement at the end of the twenty (20) calendar day period.

U. **Missed Collections.** Contractor fails to make at least ninety-seven percent (97%) of the gross number of scheduled Solid Waste Collections in any Rate Period where the Containers were properly and timely set out for Collection, excluding Collections missed for Force Majeure. A Container shall be deemed timely Collected if Contractor Collects said Container within twenty-four (24) hours (Sundays and Holidays excepted) of telephone or other notice thereof to Contractor of a missed pick-up, subject to exceptions in enforcement.

V. **Failure to Provide Performance Bond.** Contractor fails to provide a performance bond or guaranty in accordance with Section 9.3 and Exhibit H, following notice and opportunity to cure procedures per Section 11.2.

W. **Failure to Provide Assurances of Performance**. Contractor fails to timely provide assurance of performances in accordance with Sections 6.3 and 11.8.

City shall provide Contractor with a written notice of default within seven (7) calendar days of the City's first knowledge of Contractor's default.

11.2 Contractor's Right to Cure; Right to Terminate Upon Event of Default

Contractor shall be given two (2) Business Days from written notification by the City Administrator to cure any default which, in the City Administrator's sole opinion, creates a potential public health and safety threat.

Contractor shall be given two (2) Business Days from written notification by the City Administrator to cure any default arising under Subsections C, F, J, K, N, O, P, Q, S, T, and W in Section 11.1. It is expressly understood that Contractor is not entitled to receive a notice of default, or to cure such default, with respect to those matters listed in Subsections A, B, I, L, and M in Section 11.1.

For any default under D, E, H, or R in Section 11.1, Contractor shall be given: (i) the same number of calendar days to cure the default that are established by the relevant regulatory entity; or, (ii) thirty (30) calendar days from written notification by the City Administrator to cure the default if the regulatory entity does not establish a cure period.

Contractor shall be given thirty (30) calendar days from written notification by the City Administrator to cure any other default that is not required to be cured within two (2) Business Days. Furthermore, if Contractor cannot reasonably cure a default within the applicable period described in this Section, except for defaults that create a potential public health and safety threat, and Contractor promptly commences the cure or remedy within the initial cure period and thereafter diligently pursues the cure or remedy to completion, Contractor shall not be in default of this Agreement.

11.3 City's Remedies in the Event of Default

Upon Contractor's default, the City has the following remedies:

A. **Waiver of Default.** The City may waive any event of default or may waive Contractor's requirement to cure an event of default if the City determines that such waiver would be in the best interest of the City. The City's waiver of an event of default is not a waiver of future events of default that may have the same or similar conditions.

B. **Suspension of Contractor's Obligation.** The City may suspend Contractor's performance of its obligations if Contractor fails to cure default in the time frame specified in Section 11.2 until such time Contractor can provide assurance of performance in accordance with Section 11.8.

C. **Liquidated Damages.** The City may assess Liquidated Damages for Contractor's failure to meet specific performance standards, pursuant to Section 11.6.

D. **Termination.** Subject to Contractor's right to cure as described in Section 11.2, the City Administrator may, in their sole discretion, set a public hearing for the City Council to determine whether to terminate this Agreement. Such termination hearing may be set if a default remains uncured thirty (30) calendar days after receipt of written notice of default from the City. Such termination hearing may also be set if a Contractor's default is not cured within two (2) calendar days and the default:

1. Creates a potential public health and safety threat.
2. Arises under Subsection C, F, J, K, N, O, P, Q, S, T, and W of Section 11.1.

If the City terminates this Agreement based on the adopted findings of the termination hearing, the City Administrator shall first provide written notice to Contractor thirty (30) calendar days before the date of termination. Contractor shall thereafter be relieved on a subsequent basis of all liabilities and obligations required by this Agreement, except for Section 9.1 and any other provisions specifically identified to survive termination of this Agreement. Upon expiration of the thirty (30) calendar day notice, the City may, in its sole discretion:

1. Directly undertake performance of the services.
2. Arrange with other Persons to perform the services with or without a written agreement.
3. Permit Contractor to continue operating under this Agreement, including Contractor's Compensation, until such time that City is able to find substitute services.

This right of termination is in addition to any other rights upon a failure of Contractor to perform its obligations under this Agreement. Contractor shall not be entitled to any further revenues from Collection operations authorized hereunder from and after the date of termination.

E. **Other Available Remedies.** The City's election of one (1) or more remedies described herein shall not limit the City from any and all other remedies at law and in equity, including injunctive relief, etc.

11.4 Possession of Records Upon Termination

In the event of termination for an event of default, Contractor shall furnish City Administrator with copies of or immediate access to all of its business records (except those which Contractor cannot legally provide to the City), including, without limitation, service information related to its Customers, Collection routes, and billing of accounts for Collection services.

11.5 City's Remedies Cumulative; Specific Performance

City's rights to terminate the Agreement under Section 11.2 and obtain Contractor's records under Section 11.4 are not exclusive, and the City's termination of the Agreement and/or the imposition of Liquidated Damages shall not constitute an election of remedies. Instead, these rights shall be in addition to any and all other legal and equitable rights and remedies which City may have.

By virtue of the nature of this Agreement, the urgency of timely, continuous, and high-quality service; the lead time required to effect alternative service; and, the rights granted by the City to Contractor, the remedy of damages for a breach hereof by Contractor is inadequate and the City shall be entitled to injunctive relief (including, but not limited to, specific performance).

11.6 Performance Standards and Liquidated Damages

A. General. The Parties find that, as of the time of the execution of this Agreement, it is impractical, if not impossible, to reasonably ascertain the extent of damages that shall be incurred by the City as a result of a breach by Contractor of its obligations under this Agreement. The factors relating to the impracticability of ascertaining damages include, but are not limited to, the fact that: (i) substantial damage results to members of the public who are denied services or denied quality or reliable service; (ii) such breaches cause inconvenience, anxiety, frustration, and deprivation of the benefits of the Agreement to individual members of the general public, for whose benefit this Agreement exists, in subjective ways and in varying degrees of intensity that are incapable of measurement in precise monetary terms; (iii) exclusive services might be available at substantially lower costs than alternative services and the monetary loss resulting from denial of services or denial of quality or reliable services is impossible to calculate in precise monetary terms; and, (iv) the termination of this Agreement for such breaches, and other remedies are, at best, a means of future correction and not remedies that make the public whole for past breaches.

1. City may determine the occurrence of events giving rise to Liquidated Damages through the observation of its own employees or representatives or investigation of Customer Complaints. It is the desire of the Parties to work together to avoid the imposition of Liquidated Damages. Accordingly, the City shall endeavor to timely communicate to Contractor any information that it receives which might give rise the imposition of Liquidated Damages in order to facilitate Contractor's ability to correct any deficiency, or prevent the recurrence of any conduct, for which Liquidated Damages might eventually be imposed.

2. Liquidated damages shall only be assessed after Contractor has been given the

opportunity to rectify the breach in a timely manner, but failed, as described in this Agreement. However, Contractor shall not be provided the opportunity to rectify those breaches identified under Subsections 11.6.B.1.b, 11.6.B.1.c, 11.6.B.3.a, 11.6.B.3.b, and 11.6.B.3.d because it would not be possible to rectify these breaches in a timely manner after the stated period for correction has passed. Furthermore, prior to assessing Liquidated Damages, the City shall give Contractor notice of its intention to do so. The notice will include a brief description of the incident(s) and/or non-performance. Contractor may review (and make copies at its own expense) all information in the possession of the City relating to incident(s) and/or non-performance. Contractor may, within ten (10) calendar days after receiving the notice, request a meeting with City. Contractor may present evidence in writing and through testimony of its employees and others relevant to the incident(s) and/or non-performance. The City shall provide Contractor with a written explanation of the City's determination on each incident(s) and/or non-performance prior to authorizing the assessment of Liquidated Damages. The decision of the City shall be final, subject to judicial review.

B. **Service Performance Standards; Liquidated Damages for Failure to Meet Standards.** The Parties further acknowledge that consistent, reliable Collection services are of utmost importance to the City and that the City has considered and relied on Contractor's representations regarding its quality-of-service commitment in awarding the Agreement to it. The Parties recognize that some quantified standards of performance are necessary and appropriate to ensure consistent and reliable service and performance. The Parties further recognize that if Contractor fails to achieve the performance standards or fails to submit required documents in a timely manner, the City and its residents and businesses will suffer damages, and that it is, and will be, impractical and extremely difficult to ascertain and determine the exact amount of damages that the City will suffer. Therefore, without prejudice to the City's right to treat such non-performance as an event of default under this Section, and Contractor's right to cure outlined above, the Parties agree that the Liquidated Damages amounts established in this Section of this Agreement represent a reasonable estimate of the amount of such damages, considering all of the circumstances existing on the Effective Date of this Agreement, including the relationship of the sums to the range of harm to the City that reasonably could be anticipated and the anticipation that proof of actual damages would be costly or impractical.

Contractor	**City**
Initial Here _____	Initial Here_____

Contractor agrees to pay (as Liquidated Damages and not as a penalty) the amounts set forth below:

1. Collection Reliability
   a) For each failure to commence service to a new Customer account within seven (7) calendar days after order: $100.00 per occurrence

   b) For each failure to Collect Discarded Materials that have been properly set out for Collection: $100.00 per occurrence

   c) For each failure to correct and Collect a missed service within the timeframe set forth in Section 4.8.2.B: $100.00 per occurrence;

For each additional twenty-four (24) hour period: $50.00 per occurrence

d) For each failure to Collect Residential Bulky Items properly scheduled for Collection within a seven (7) calendar day timeframe per Exhibit B1, Section 4: $100.00 per occurrence

e) For each failure to comply with the provisions in Subsection 11.7.1 (Contractor's Actions During a Work Stoppage): $1,000 per calendar day

f) For each failure to deliver a Container to a Temporary Service or Roll-off Box Customer account within the timeframes noted in Exhibit B3, Sections 5 and 6: $500.00 per occurrence

2. Collection Quality

a) For each failure to properly return empty Containers to avoid pedestrian or vehicular traffic impediments or to place Containers upright in excess of ten (10) Containers annually: $50.00 per Container

b) For each occurrence of excessive noise or discourteous behavior in excess of ten (10) occurrences annually: $100.00 per occurrence

c) For each occurrence of Collecting Discarded Materials during unauthorized hours in excess of ten (10) occurrences annually: $100.00 per occurrence

d) For each occurrence of damage to private property in excess of five (5) occurrences annually: $100.00 per occurrence

e) For each failure to clean up Discarded Materials spilled from Collection Containers within ninety (90) minutes in excess of ten (10) failures annually: $100.00 per occurrence

f) For each failure to clean up vehicle leaks or spills within the timeframe required by Subsection 5.5.E: $500 per occurrence

g) For each failure follow the cleanup procedures included in Subsection 5.5.E: $500 per square foot of affected area

3. Customer Responsiveness

a) For each failure to initially respond to a Customer Complaint within one (1) Working Day (excluding Saturday, Sunday, and Holidays, as defined in Exhibit A), and for each additional calendar day in which the Complaint is not addressed, in excess of five (5) failures annually: $50.00 per day

b) For each failure to process Customer Complaints as required by Section 4.8 in excess of five (5) failures annually: $50.00 per occurrence

c) For each failure to record a response to a Customer Complaint or request within twenty-four (24) hours of resolution: $100.00 per occurrence

For each additional twenty-four (24) hour period: $50.00 per occurrence

d) For each failure to respond to a written inquiry from the City Administrator regarding service requests or requests for information within two (2) Working Days (excluding Saturday, Sunday, and Holidays, as defined in Exhibit A), and for each additional calendar day in which the inquiry is not addressed, in excess of five (5) occurrences annually: $100 per occurrence

e) For each failure to remove graffiti from Containers, or to replace Containers bearing graffiti with Containers bearing no graffiti, within twenty-four (24) hours (excluding Saturday, Sunday, and Holidays, as defined in Exhibit A) of request from the City or Customer: $ 50.00 per calendar day
For each additional calendar day problem is not resolved: $25.00 per calendar day

f) For each failure to repair or replace a damaged or missing Container within two (2) Working Days (excluding Saturday, Sunday, and Holidays, as defined in Exhibit A) of request from the City or Customer: $ 50.00 per calendar day

g) For each failure to process a claim for damages within thirty (30) calendar days from the date submitted to Contractor: $100.00 per occurrence

h) For each failure to issue a warning notice to a Container or materials not Collected due to improper set out in excess of ten (10) occurrences annually: $100.00 per calendar day per occurrence

i) For each failure to Collect Abandoned Waste within twenty-four (24) hours per Exhibit B4, Section 7, in excess of five (5) occurrences annually: $100.00 per occurrence

4. Failure to Submit Reports or Allow Access to Records

For each failure to submit any individual report or provide access to records in compliance with and in the timeframe specified in this Agreement. Incomplete and/or inaccurate reports shall be considered a failure to submit until such time as all information in the report has been provided in a complete and accurate form. In the event the City determines a report to be errant or incomplete after more than ten (10) Business Days of submittal by Contractor, Contractor shall be given ten (10) Business Days to complete and correct the report and any pending Liquidated Damages shall be tolled during that period.

a) Monthly Reports: $50 per calendar day

b) Quarterly Reports: $50 per calendar day

c) Annual Reports: $100 per calendar day

5. Accuracy of Billing

a) For each Customer invoice that is not prepared in accordance with the City's approved Rate schedule, in excess of ten (10) invoices annually:

$25 per invoice, not to exceed $2,500 per billing cycle

b) For each instance or invoice in which Contractor imposes a special service fee not in accordance with the approved Rate schedule, not approved in advance in writing by the City, or not requested by the service recipient, in excess of ten (10) occurrences annually:
$50 per occurrence

c) For each failure to provide a Customer with a response, including an explanation and/or correction, to a billing Complaint within seven (7) Working Days from the Complaint:
$100.00 per occurrence
For each additional calendar day response not provided: $50.00 per calendar day

6. Public Education and Outreach

a) Failure to perform public education and outreach activities:
1st violation - $50 per occurrence
2nd violation - $100 per occurrence
3rd and subsequent violations - $250 per occurrence

7. Cooperation with Service Provider Transition

a) For each day routing information requested by the City in accordance with Section 13.10 is received after City-established due dates, both for preparation of a request for proposals and for new service provider's implementation of service:
$500 per calendar day

b) For each day delivery of keys, access codes, remote controls, or other means of access to Discarded Materials Containers is delayed beyond one (1) day prior to new service provider servicing Customers with access issues, as described in Section 13.10:
$1,000 per calendar day

c) For delay in providing Customer billing and Service Level information within thirty (30) days of City request in connection with a service provider transition:
$10,000 per occurrence
For each additional calendar day problem is not resolved: $1,000 per calendar day

8. SB 1383 Requirements

a) For each individual occurrence of delivering Discarded Materials to a facility other than an Approved Facility(ies) or Designated Disposal Facility for each Discarded Material type under this Agreement:
1st violation - $50 per Ton per occurrence
2nd violation - $100 per Ton per occurrence
3rd and subsequent violations - $250 per Ton per occurrence

b) For each occurrence of failing to provide Customers with the three- (3-)/three-plus (3+) Container system required by and compliant with SB 1383, excluding Generators and Customers granted waivers pursuant to this Agreement and who demonstrate

compliance with Recycling and Organic Waste Self-Hauler requirements pursuant to Chapter 8.04.280 of the Municipal Code and 14 CCR Division 7, Chapter 12, Article 7. Minor, moderate, and major violations have the same meaning as defined in 14 CCR Section 18997.3. Damages are per Generator or Customer per occurrence:

$100.00 per occurrence

c) For each failure to conduct contamination monitoring support in accordance with Section 4.11 of this Agreement:

1st violation - $50 per route per occurrence
2nd violation - $100 per route per occurrence
3rd and subsequent violations - $250 per route per occurrence

d) For each occurrence of Contractor's failure to comply with Container labeling and color requirements pursuant to SB 1383:

1st violation - $50 per occurrence
2nd violation - $100 per occurrence
3rd and subsequent violations - $250 per occurrence

e) For each failure to conduct any: (i) compliance review; (ii) Discarded Materials evaluations pursuant to SB 1383; (iii) and/or other inspection required by this Agreement:

1st violation - $50 per occurrence
2nd violation - $100 per occurrence
3rd and subsequent violations - $250 per occurrence

f) For each failure of Contractor Collection personnel to issue contamination notices and Contamination Processing Fee Notices and maintain documentation of issuance, as required by Section 4.11 of this Agreement:

1st violation - $50 per route per day
2nd violation - $100 per route per day
3rd and subsequent violations - $250 per route per day

g) For each failure to conduct a follow-up inspection, as required by Subsection 4.8.3 of this Agreement:

1st violation - $50 per occurrence
2nd violation - $100 per occurrence
3rd and subsequent violations - $250 per occurrence

h) Failure to maintain and/or provide access to information systems:

$100 per day

9. <u>General Contract Adherence</u>

a) For each day that Contractor fails to provide services required under the Agreement, or comply with terms of the Agreement, five (5) Business Days after receipt of written notification from the City that such services are not being provided or terms are not being met: $100.00/day

C. Amount. The City may assess Liquidated Damages for each calendar day or event, as appropriate,

that Contractor is determined to be liable in accordance with this Agreement.

D. Timing of Payment. Contractor shall pay any Liquidated Damages assessed by the City within thirty (30) calendar days of notice of assessment. If they are not paid within the thirty (30) day period, the City may proceed against the performance bond required by the Agreement, or find Contractor in default pursuant to Section 11.1 and terminate this Agreement pursuant to Section 11.2, or both.

11.7 Excuse from Performance

Force Majeure. A Party shall not be in default (nor required to pay Liquidated Damages) to the extent its ability to comply with this Agreement is temporarily interrupted or discontinued due to Force Majeure.

The Party claiming excuse from performance due to Force Majeure shall, within two (2) calendar days after such Party has notice of such cause, give the other Party notice of the facts constituting such cause and asserting its claim to excuse under this Section.

If either Party validly exercises its rights under this Section, the Parties hereby waive any claim against each other for any damages sustained thereby.

The partial or complete interruption or discontinuance of Contractor's services caused by one (1) or more of the events described in this Section shall not constitute a default by Contractor under this Agreement.

11.7.1 Contractor's Actions During a Work Stoppage

Notwithstanding other remedies to which City shall be entitled under this Agreement, in the event of Contractor's failure to perform, or anticipated failure to perform, due to labor unrest, Contractor shall:

a. Notify the City Administrator in writing sixty (60) calendar days prior to the expiration of Contractor's drivers' labor agreement.

b. Provide a written contingency plan to the City within thirty (30) calendar days prior to the expiration of the labor agreement demonstrating how services will be provided during the period of labor unrest. The contingency plan is subject to City approval, and Contractor shall amend the plan as may reasonably be required to meet City requirements, including reasonably demonstrating how the City's basic Collection and sanitary needs will be met to the City's satisfaction. Plan shall address, at a minimum, the priority of Collection by Customer Type (residents, hospitals, restaurants, nursing homes, etc.) and Discarded Materials streams, additional Collection options to be provided at drop-off sites, etc.), source of additional personnel to be utilized, and detailed communications procedures to be used.

c. Meet the requirements agreed to in the contingency plan, as noted in Subsection 11.7.1.b.

d. Notify the City in writing within twenty-four (24) hours of notice with an objective basis that it is more probable than not that a work stoppage may occur.

e. In the event service is disrupted due to a labor dispute, place a minimum of five (5) forty- (40-) yard Roll-Off Boxes or other Containers of equivalent capacity at locations designated by the City Administrator, or their designees, to serve as Collection points for the Customers. Such Roll-Off

Boxes and Containers shall be placed within two (2) calendar days of said service interruption. Containers shall be monitored by Contractor on a daily basis, and Collected by Contractor for no additional charge. Containers shall be removed and replaced within twenty-four (24) hours of being at least eighty percent (80%) full.

11.7.2 Labor Unrest Directed at Customer

Labor unrest or job actions directed at a Customer over whom Contractor has no control may occur due to the unwillingness or failure of the Customer to: (i) provide reasonable assurance of the safety of Contractor's employees while providing such services at the Customer's Premises; or, (ii) provide access and make reasonable accommodations with respect to Container placement and point of delivery, time of Collection, or other operating circumstances to minimize any confrontation with pickets or the number of Persons necessary to make Collections. In such case, the inability of Contractor to provide Collection services in accordance with this Agreement, shall, to that limited extent, excuse performance. The foregoing excuse shall be conditioned on Contractor's lawful and commercially reasonable cooperation in performing Collection services at different times

11.8 Right to Demand Assurances of Performance

The Parties acknowledge that it is of the utmost importance to the City, and the health and safety of all those members of the public residing or doing business within the City who will be adversely affected by interrupted waste management service, that there be no material interruption in services provided under this Agreement.

If Contractor appears in the reasonable judgment of the City to be unable to regularly pay its bills as they become due or is the subject of a civil or criminal judgment or order entered by a Federal or State court of competent jurisdiction, or regional or local agency, for violation of an Applicable Law, and the City reasonably believes that Contractor's ability to perform under the Agreement has thereby been placed in substantial jeopardy, the City may, at its sole option and in addition to all other remedies it may have, demand from Contractor reasonable assurances of timely and proper performance of this Agreement. Such assurances shall be in such form and substance as the City reasonably believes necessary in the circumstances to evidence continued ability to perform under the Agreement. If Contractor fails or refuses to provide satisfactory assurances of timely and proper performance, in the form required by the City, within a deadline reasonably established by the City, such failure or refusal shall be an event of default pursuant to Section 11.1.

11.9 Dispute Resolution

In the event of dispute between the City Administrator and Contractor regarding the interpretation of or the performance of services under this Agreement that results in a material impact to Contractor's revenue and/or cost of operations, the provisions of this Section shall apply.

A. **Meet and Confer.** In the event of such dispute, the City and Contractor agree that they promptly will meet and confer to attempt to resolve the matter between themselves.

B. **Mediation.** If such dispute cannot be resolved satisfactorily between the Parties in accordance with Subsection 11.9.A, the City and Contractor agree that such dispute shall be submitted to mandatory, non-binding mediation by a mutually agreed-upon independent third party.

C. **Period of Time.** Insofar as allowed by Applicable Law, the period otherwise applicable for filing claims against the City under Applicable Law shall be tolled during the period of time for which meet and confer or mediation procedures are pending, in accordance with Subsections 11.9.A and 11.9.B.

D. **Litigation.** Litigation may be commenced only after all reasonable efforts to resolve the dispute(s) pursuant to Subsections 11.9.A, 11.9.B, and 11.9.C have failed and any necessary claim(s) have been denied.

ARTICLE 12.
REPRESENTATIONS AND WARRANTIES OF THE PARTIES

The Parties, by acceptance of this Agreement, represent and warrant the conditions presented in this Article 12.

12.1 Contractor's Status

Contractor, or parent company, is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Delaware. It is qualified to transact business in the State and has the power to own its properties and to carry on its business, as now owned and operated and as required by this Agreement.

12.2 Contractor's Authorization

Contractor has the authority to enter this Agreement and perform its obligations under this Agreement. The Board of Directors of Contractor (or the sole members, if necessary) has taken all actions required by law, its articles of organization, its operating agreement, or otherwise, to authorize the execution of this Agreement. The Person signing this Agreement on behalf of Contractor represents and warrants that they have authority to do so. This Agreement constitutes the legal, valid, and binding obligation of Contractor.

12.3 Agreement Will Not Cause Breach

To the best of Contractor's and the City's knowledge, after reasonable investigation, the execution or delivery of this Agreement or the performance by either Party of their obligations hereunder does not conflict with, violate, or result in a breach of: (i) any Applicable Law; or, (ii) any term or condition of any judgment, order, or decree of any court, agency, or other governmental authority, or any agreement or instrument to which Contractor or the City is a Party or by which Contractor or any of its properties or assets are bound. If those statements are not true, it constitutes a default hereunder.

12.4 No Litigation

To the best of Contractor's and the City's knowledge, after reasonable investigation, there is no action, suit, proceeding, or investigation, at law or in equity, before or by any court or governmental authority, commission, board, agency, or instrumentality decided, pending, or threatened against either Party wherein an unfavorable decision, ruling, or finding, in any single case or in the aggregate, that would:

A. Materially adversely affect the performance by either Party of its obligations hereunder.

B. Adversely affect the validity or enforceability of this Agreement.

C. Have a material adverse effect on the financial condition of Contractor, or any surety or entity guaranteeing Contractor's performance under this Agreement.

12.5 No Adverse Judicial Decisions

To the best of Contractor's and the City's knowledge, after reasonable investigation, there is no judicial

decision that would prohibit this Agreement or subject this Agreement to legal challenge.

12.6 No Legal Prohibition

To the best of each Party's knowledge, after reasonable investigation, there is no Applicable Law in effect on the date that each Party signed this Agreement that would prohibit the performance of either their obligations under this Agreement or the transactions contemplated hereby.

12.7 Contractor's Ability to Perform

Contractor possesses the business, professional, and technical expertise to perform all services, obligations, and duties as described in and required by this Agreement, including all Exhibits thereto. Contractor possesses the ability to secure equipment, facility, and employee resources required to perform its obligations under this Agreement.

ARTICLE 13.
OTHER AGREEMENTS OF THE PARTIES

13.1 Relationship of Parties

The Parties intend that Contractor shall perform the services required by this Agreement as an independent Contractor engaged by the City and not as an officer nor employee of the City, nor as a partner or agent of, or joint venture with, the City. No employee or agent of Contractor shall be, or shall be deemed to be, an employee or agent of the City. Contractor shall have the exclusive control over the manner and means of performing services under this Agreement, except as expressly provided herein. Contractor shall be solely responsible for the acts and omissions of its officers, employees, Subcontractors, and agents. Neither Contractor nor its officers, employees, Subcontractors, or agents shall obtain any rights to retirement benefits, workers' compensation benefits, or any other benefits that accrue to the City employees by virtue of their employment with City.

13.2 Compliance with Law

Contractor shall, at all times, at its sole cost, comply with all Applicable Laws, permits, and licenses of the United States, State, County, and the City and with all applicable regulations promulgated by Federal, State, regional, or local administrative and regulatory agencies, now in force and as they may be enacted, issued, or amended during the Term.

13.3 Governing Law

This Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State.

13.4 Jurisdiction

Any lawsuits, at law or in equity, between the Parties arising out of this Agreement shall be filed in a court of competent jurisdiction in the County. With respect to venue, the Parties agree that this Agreement is made in and will be performed in the County. The Parties waive all provisions of law providing for a change of venue in these proceedings to any other county.

13.5 Binding on Successors

The provisions of this Agreement shall inure to the benefit to and be binding on the successors and permitted assigns of the Parties.

13.6 Assignment

Except as may be provided for in Article 10, neither Party shall assign its rights, nor delegate, subcontract, or otherwise transfer its obligations under this Agreement to any other Person without the prior written consent of the other Party. Any such assignment made without the consent of the other Party shall be void and the attempted assignment shall constitute a material breach of this Agreement.

For purposes of this Section, when used in reference to Contractor, "Assignment" shall include, but not be limited to: (i) a sale, exchange, or other transfer of substantially all of Contractor's assets dedicated to

service under this Agreement to a third party; (ii) a sale, exchange, or other transfer of outstanding common stock of Contractor to a third party, provided said sale, exchange, or transfer may result in a change of control of Contractor; (iii) any dissolution, reorganization, consolidation, merger, re-capitalization, stock issuance or re-issuance, voting trust, pooling agreement, escrow arrangement, liquidation, or other transaction that results in a change of ownership or control of Contractor; (iv) any assignment by operation of law, including insolvency or bankruptcy, making assignment for the benefit of creditors, writ of attachment for an execution being levied against this Agreement, appointment of a receiver taking possession of Contractor's property, or transfer occurring in the event of a probate proceeding; and, (v) any combination of the foregoing (whether or not in related or contemporaneous transactions) that has the effect of any such transfer or change of ownership, or change of control of Contractor.

Contractor acknowledges that this Agreement involved rendering a vital service to the City's residents and businesses, and that City has selected Contractor to perform the services specified herein based on: (i) Contractor's experience, skill, and reputation for conducting its Discarded Materials management operations in a safe, effective, and responsible fashion, at all times keeping with applicable environmental laws, regulations, and best Discarded Materials management practices; and, (ii) Contractor's financial resources to maintain the required equipment and support its indemnity obligations to the City under this Agreement. The City has relied on each of these factors, among others, in choosing Contractor to perform the services to be rendered by Contractor under this Agreement.

If Contractor requests the City's consideration of and consent to an Assignment, the City may deny such request, unless the City's action would be unreasonable. Contractor's request for consent to an Assignment must meet the following requirements:

A. Contractor shall pay the City its reasonable expenses for attorney's fees and investigation costs necessary to investigate the suitability of any proposed assignee and review and finalize any documentation required as a condition for approving any such Assignment.

B. In addition to the reimbursement of the City expenses set forth above in Subsection 13.6.A, Contractor shall pay the City a one-time transfer fee in the amount of three hundred thousand dollars ($300,000) within sixty (60) calendar days of the City's approval of consent to Assignment of the Agreement.

C. Contractor shall furnish the City with audited financial statements of the proposed assignee's operations for the immediately preceding three (3) operating years.

D. Contractor shall furnish the City with a proforma financial statement (income statement and balance sheet) for the proposed assignee with the projected results of operations, assuming that the Assignment is completed. Such proforma financial statement shall reflect any debt to be incurred by the assignee as part of the acquisition of Contractor's operations.

E. Contractor shall furnish the City with satisfactory proof that: (i) the proposed assignee has at least ten (10) years of Discarded Materials management experience on a scale equal to or exceeding the scale of operations conducted by Contractor under this Agreement; (ii) in the last five (5) years, the proposed assignee has not suffered any significant citations or other censure from any Federal, State, or local agency having jurisdiction over its Discarded Materials management operations due to any significant failure to comply with State, Federal, or local environmental laws, and that the assignee has provided the City with a complete list of such citations and

censures; (iii) the proposed assignee has at all times conducted its operations in an environmentally safe and conscientious fashion; (iv) the proposed assignee conducts its Discarded Materials management practices in accordance with sound Discarded Materials management practices in full compliance with all Federal, State, and local laws regulating the Collection and Disposal of Discarded Materials, including Hazardous Substances and Hazardous Waste; and, (v) Contractor has submitted any other information required by the City to ensure the proposed assignee can fulfill the terms of this Agreement in a timely, safe, and effective manner.

Under no circumstances shall the City be obliged to consider any proposed Assignment by the City if Contractor is in default at any time during the period of consideration.

13.7 No Third-Party Beneficiaries

This Agreement is not intended to, and will not be construed to, create any right on the part of any third party to bring an action to enforce any of its terms.

13.8 Waiver

The waiver by either Party of any breach or violation of any provisions of this Agreement shall not be deemed to be a waiver of any breach or violation of any other provision, nor of any subsequent breach of violation of the same or any other provision. The subsequent acceptance by either Party of any monies that become due hereunder shall not be deemed to be a waiver of any pre-existing or concurrent breach or violation by the other Party of any provision of this Agreement.

13.9 Affiliated Companies

Contractor's accounting records, with respect to this Agreement, shall be maintained to show the results of Contractor's operations under this Agreement separately from operations in other locations, as if Contractor were an independent entity providing service only to the City.

If Contractor enters into any financial transactions with a Related-Party Entity for the provision of labor, equipment, supplies, services, capital, etc., related to the furnishing of service under this Agreement, Contractor shall disclose that relationship to the City. In such event, the City's rights to inspect records and obtain financial data shall extend to such Related-Party Entity or entities.

13.10 Transition to Next Contractor

Prior to and at the end of the Term of this Agreement, or in the event this Agreement is terminated for cause prior to the end of the Term, Contractor shall cooperate fully with City and any incoming service provider that the City designates to assure a smooth transition of Discarded Materials handling services. Contractor's cooperation shall include, but not be limited to, providing both the City and the incoming service provider with route lists, billing information, lists of gate or other access codes and information needed for entry to service areas, Container placement areas by address, levels of service, including any special needs or services required by each location, and other operating records needed to service all Premises covered by this Agreement. In recognition of Customer’s difficulty or inability to store two (2) sets of Containers, Contractor shall remove its Containers in coordination with the distribution of Containers by the incoming service provider. Contractor shall cooperate with the City and incoming service provider in agreeing to the timing of Container removal; if Parties cannot agree on a phase-out schedule and Contractor does not remove Containers in a timely manner, which results in Customers

storing two (2) sets of Containers, the City, incoming service provider, or another entity may remove Contractor's Containers and seek cost reimbursement from Contractor through its performance bond, letter of credit, or other means. The failure to cooperate with City following termination shall be conclusively presumed to be grounds for specific performance of this covenant and/or other equitable relief necessary to enforce this covenant.

Contractor shall, to the maximum extent feasible, provide an incoming service provider with all keys, security codes, and remote controls used to access garages and Bin enclosures. Contractor shall be responsible for coordinating Transfer immediately after Contractor's final pick-ups, so as not to disrupt service. Contractor shall provide City with detailed route sheets containing service names and addresses, billing names and addresses, monthly Rate and Service Levels (quantity, material type, size of Containers, and pick-up days) at least ninety (90) calendar days prior to the transition date. Contractor shall provide an updated list two (2) weeks before the transition and a final list of changes the day before the transition. Contractor shall provide means of access to the new service provider at least one (1) full calendar day (excluding Saturday, Sunday, and Holidays, as defined in Exhibit A) prior to the first day of Collection the incoming service provider, and always within sufficient time so as not to impede in any way the new service provider from easily servicing all Containers.

Contractor shall also provide documentation of any Customer declining request to provide keys, security codes, and/or remote controls used to access garages and Container enclosures.

13.11 Contractor's Investigation

Contractor has made an independent investigation (satisfactory to it) of the conditions and circumstances surrounding the Agreement and the work to be performed by it.

13.12 Notice Procedures

All notices, demands, requests, proposals, approvals, consents, and other communications that this Agreement requires, authorizes, or contemplates, shall be in writing and shall either be personally delivered to a representative of the Parties at the address below or deposited in the United States mail, first class postage prepaid, addressed as follows:

If to the City:

City of Placentia
Attn: City Administrator
401 East Chapman Avenue
Placentia, California 92870

If to Contractor:

General Manager
Republic Waste Services of Southern California, LLC
1131 N. Blue Gum Street
Anaheim, California 92806

The address to which communications may be delivered may be changed from time to time by a notice given in accordance with this Section. Notice shall be deemed given on the day it is personally delivered

or, if mailed, three (3) calendar days from the date it is deposited in the mail. Either Party may choose to provide email notification to the other Party that the notice has been deposited in the mail, but such email notification shall not constitute official notice.

13.13 Representatives of the Parties

References in this Agreement to the "City" shall mean the City's elected body and all actions to be taken by the City, except as otherwise provided in this Section. Each reference to an act performed by, or obligation of, the City Administrator in this Agreement is itself a delegation of authority from the City. The City may delegate, in writing, further authority to the City Administrator and/or to other City officials and may permit such officials, in turn, to delegate in writing some or all of such authority to subordinate officers. Contractor may rely upon actions taken by such delegates if they are within the scope of the authority properly delegated to them.

Contractor shall, by the Effective Date, designate in writing a responsible officer who shall serve as the representative of Contractor in all matters related to the Agreement and shall inform the City in writing of such designation and of any limitations upon his or her authority to bind Contractor. The City may rely upon action taken by such designated representative as actions of Contractor, unless they are outside the scope of the authority delegated to them by Contractor, as communicated to the City.

13.14 Compliance with Municipal Code

Contractor shall comply with those provisions of the Municipal Code that are applicable, and with any and all amendments to such applicable provisions, during the Term of this Agreement. In the event of a conflict between the provisions of this Agreement and the Municipal Code, the Parties shall meet and confer to resolve the conflict. The provisions of the Agreement shall take precedence over later enacted changes to the Municipal Code that would alter or prevent the performance required pursuant to this Agreement.

13.15 Cooperation Following Termination

At the end of the Term of this Agreement or in the event this Agreement is terminated prior to the end of the Term of this Agreement, Contractor shall cooperate fully with City and any subsequent contractor to assure a smooth transition of Discarded Materials management services, per Section 13.10. Contractor's cooperation shall include, but not be limited to, providing operating records needed to service all properties covered by this Agreement. The failure to cooperate with City following termination shall be conclusively presumed to be grounds for specific performance of this covenant and/or other equitable relief necessary to enforce this covenant.

13.16 Compliance with Immigration Laws

Contractor shall be knowledgeable of and comply with all local, State, and Federal laws that may apply to the performance of this Agreement. Contractor warrants and represents that all of its employees, including any and all prospective employees, hired to perform services for the City under this Agreement, and the employees of any Subcontractor retained by Contractor to perform a portion of the services under this Agreement, are and will be authorized to perform the services contemplated by this Agreement in full compliance with all applicable State and Federal laws, rules, and regulations, including, but not limited to, the Immigration Nationality Act of 1952 (commencing with Section 1101 of Title 8 of the United States Code) and the Immigration Nationality and the Immigration Reform and Control Act of 1986 (commencing with Section 1324a of Title 8 of the United States Code), as amended. Contractor agrees to verify the legal

status of all of its employees and provide confirmation of such verification whenever requested by the City. If Contractor discovers that any employee it has retained is not in compliance with immigration laws, Contractor agrees that such employee may not provide services under this Agreement.

13.17 Guarantee of Contractor's Performance

Pursuant to a guarantee in substantially the form attached as Exhibit G, Republic Services, Inc., a Delaware corporation, that is the sole member of Contractor, has agreed to guarantee Contractor's performance of this Agreement. The Guarantee shall be provided no later than ten (10) calendar days subsequent to the execution of this Agreement.

ARTICLE 14.
MISCELLANEOUS AGREEMENTS

14.1 Entire Agreement

This Agreement is the entire agreement between the Parties with respect to the subject matter hereof and supersedes all prior and contemporaneous oral and written agreements and discussions. Each Party has cooperated in the drafting and preparation of this Agreement and this Agreement shall not be construed against any Party on the basis of drafting. This Agreement may be amended only by an agreement in writing, signed by each of the Parties hereto.

14.2 Section Headings

The Article headings and Section headings in this Agreement are for convenience of reference only and are not intended to be used in the construction of this Agreement nor to alter or affect any of its provisions.

14.3 References to Laws

All references in this Agreement to laws and regulations shall be understood to include such laws as they may be subsequently amended or recodified, unless otherwise specifically provided herein.

14.4 Interpretation

This Agreement, including the Exhibits attached hereto, shall be interpreted and construed reasonably and neither for nor against either Party, regardless of the degree to which either Party participated in its drafting.

14.5 Amendments

This Agreement may not be modified or amended in any respect, except in writing signed by the Parties.

14.6 Severability

If any non-material provision of this Agreement is for any reason deemed to be invalid and unenforceable, the invalidity or unenforceability of such provision shall not affect any of the remaining provisions of this Agreement, which shall be enforced as if such invalid or unenforceable provision had not been contained herein.

14.7 Counterparts

This Agreement may be executed in counterparts, each of which shall be considered an original.

14.8 Exhibits

Each of the Exhibits identified as Exhibit “A” through “N” is attached hereto and incorporated herein and made a part hereof by this reference. In the event of a conflict between the terms of this Agreement and the terms of an Exhibit, the terms of this Agreement shall control.

14.9 Non-Waiver Provision

Failure of either Party to exercise any of the remedies set forth herein within the time periods provided for shall not constitute a waiver of any rights of that Party with regard to that failure to perform or subsequent failures to perform whether determined to be a breach, excused performance, or unexcused defaults by the other Party.

14.10 Attorneys' Fees

If either Party to this Agreement is required to initiate or defend or is made a party to any action or proceeding in any way connected with this Agreement, the prevailing Party in such action or proceeding, in addition to any other relief that may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and, in addition, a Party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, including taking depositions and discovery and all other necessary costs the court allows, that are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

IN WITNESS WHEREOF, this Agreement is entered by the Parties hereto in Orange County, California on the day and year first above written.

FRANCHISE EXHIBITS

EXHIBIT A:
DEFINITIONS

EXHIBIT A
DEFINITIONS

For purposes of this Agreement, unless a different meaning is clearly required, the following words and phrases shall have the following meanings respectively ascribed to them by this Exhibit:

"AB 341" means the California Jobs and Recycling Act of 2011 (Chapter 476, Statues of 2011 [Chesbro, AB 341]), also commonly referred to as "AB 341," as amended, supplemented, superseded, and replaced from time to time.

"AB 939" means the California Integrated Waste Management Act of 1989 (Division 30 of the California Public Resources Code), also commonly referred to as "AB 939," as amended, supplemented, superseded, and replaced from time to time.

"AB 1826" means the Organic Waste Recycling Act of 2014 (Chapter 727, Statutes of 2014 modifying Division 30 of the California Public Resources Code), also commonly referred to as "AB 1826," as amended, supplemented, superseded, and replaced from time to time.

"AB 2176" means the Large Venue Recycling Act (an act to amend Section 42911 of, and to add Chapter 12.7 (commencing with Section 42648) to Part 3 of Division 30 of, the California Public Resources Code, relating to Recycling), also commonly referred to as "AB 2176," as amended, supplemented, superseded, and replaced from time to time.

"Abandoned Waste" means Recyclable Materials, Organic Materials, Solid Waste, C&D, Excluded Waste, Bulky Items, or other materials that have been abandoned, littered, or illegally dumped in the public right of way or on public or City property.

"Administrative Fee" means the administrative fee set forth and more fully defined in Section 7.1.1.

"Agreement" means this Agreement between the City and Contractor, including all Exhibits, and any future amendments hereto.

"Applicable Law" means all Federal, State, County, and local laws, regulations, rules, orders, judgments, degrees, permits, approvals, or other requirement of any governmental agency having jurisdiction over the Collection, Transportation, and Processing of Recyclable Materials, Organic Materials, and Solid Waste that are in force on the Effective Date and as may be enacted, issued or amended during the Term of this Agreement. Applicable Law includes, but is in no way limited to, AB 939, AB 341, AB 1826, and SB 1383.

"Approved C&D Facility" means the C&D facility(ies) identified in Exhibit M.

"Approved Facility(ies)" means any one of or any combination of the: Approved Recyclable Materials Processing Facility; Approved Organic Materials Processing Facility; and/or Approved Transfer Facility.

"Approved Organic Materials Processing Facility(ies)" means the Organic Materials Processing Facility(ies) identified in Exhibit M.

EXHIBIT A
DEFINITIONS

"Approved Processing Facility(ies)" means any one of or any combination of the: Approved Recyclable Materials Processing Facility; and/or Approved Organic Materials Processing Facility.

"Approved Recyclable Materials Processing Facility(ies)" means the Recyclable Materials Processing facility(ies) identified in Exhibit M.

"Approved Transfer Facility(ies)" means Transfer facility(ies) identified in Exhibit M.

"Bin" means a Container with capacity of approximately one (1) to eight (8) cubic yards, with a hinged lid, and with wheels (where appropriate), that is serviced by a front end-loading Collection vehicle, including Bins with Compactors attached to increase the capacity of the Bin.

"Black or Gray Container" means a Container where the lid of the Container is a black or gray color. Hardware such as hinges and wheels on a Black or Gray Container may be any color. Black or Gray Containers shall be used for the purpose of storage and Collection of Solid Waste.

"Blue Container" means a Container where the lid of the Container is a blue color. Hardware such as hinges and wheels on a Blue Container may be any color. Blue Containers shall be used for the purpose of storage and Collection of Source Separated Recyclable Materials, which includes non-putrescible and non-hazardous Recyclable wastes, such as cans, metals, plastics and glass, or as otherwise defined in 14 CCR Section 18982(a)(43).

"Brown Container" means a Container where the lid of the Container is a brown color. Hardware such as hinges and wheels on a Brown Container may be any color. Brown Containers shall be used for the purpose of storage and Collection of Source Separated Food Waste, and has the same meaning as in 14 CCR Section 18982.2(a).

"**Bulky Item(s)**" means discarded appliances (including non-industrial refrigerators that can be handled by two (2) people), furniture, tires, rolled and secured rugs and carpets less than six feet (6') long, mattresses, E-Waste, bundled and tied Yard Trimmings and/or wood waste, and similar large items which can be handled by two (2) people. Bulky Items require special Collection due to their size or nature, but can be Collected without the assistance of special loading equipment (such as forklifts or cranes) and without violating vehicle load limits. Bulky Items must be generated by the Customer at the service address where the Bulky Items are Collected. Bulky Items do not include abandoned automobiles, large auto parts, trees, C&D, or items herein defined as Excluded Waste.

"Business Days" mean days during which the City offices are open to do business with the public.

"California Code of Regulations (CCR)" means the State of California Code of Regulations. CCR references in this Agreement are preceded with a number that refers to the relevant Title of the CCR (i.e., "14 CCR" refers to Title 14 of CCR).

"CalRecycle" means California's Department of Resources Recycling and Recovery.

EXHIBIT A
DEFINITIONS

"Cardboard" means corrugated fiberboard consisting of a fluted corrugated sheet and one (1) or two (2) flat linerboards, as is often used in the manufacture of shipping containers and corrugated boxes. Cardboard is a subset of Recyclable Materials.

"Cart" means a plastic Container with a hinged lid and wheels that is serviced by an automated or semi-automated Collection vehicle. A Cart has capacity of twenty (20), thirty-five (35), sixty-four (64), or ninety-six (96) gallons (or similar volumes).

"CERCLA" means the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (42 U.S.C. Section 9600 et seq.).

"Change in Law" means any of the following events or conditions that have a material and adverse effect on the performance by the Parties for their respective obligations under this Agreement (except for payment obligations):

A. The enactment, adoption, promulgation, issuance, modification, or written change in administrative or judicial interpretation of any Applicable Law on or after the Effective Date.

B. The order or judgment of any governmental body, on or after the Effective Date, to the extent such order or judgment is not the result of willful or negligent action, error, or omission or lack of reasonable diligence of the City or of Contractor, whichever is asserting the occurrence of a Change in Law; provided, however, that the contesting in good faith or the failure in good faith to contest any such order or judgment shall not constitute or be construed as such a willful or negligent action, error, or omission or lack of reasonable diligence.

"City" means the City of Placentia, a charter city and municipal corporation, situated in Orange County, California, and all the territory lying within its boundaries, as presently existing or as such boundaries may be modified during the Term of this Agreement.

"City Administrator" means the City Administrator of the City or their designee.

"City Council" means the duly elected representative council, or its successor municipal governing body, of the City.

"City Fees" means all fees payable to the City, identified and referenced in Article 7 of this Agreement.

"City Limits" means the territorial boundaries of the City, together with all amendments and changes thereto.

"City Refuse and Recycling Coordinator Fee" means that fee as described in Section 7.2.

"Collect" or "Collection" (or any variation thereof) means the act of taking possession of Recyclable Materials, Organic Materials, Solid Waste, Bulky Items, and other materials at the place of generation in the City.

EXHIBIT A
DEFINITIONS

"Commercial Business" or "Commercial" means a firm, partnership, proprietorship, joint-stock company, corporation, or association, whether for-profit or nonprofit, strip mall, industrial facility, or a Multi-Family Residential Dwelling. A Multi-Family Residential Dwelling that consists of fewer than five (5) units is not a Commercial Business.

"Commercial Edible Food Generator" means Tier One Commercial Edible Food Generators and Tier Two Commercial Edible Food Generators, or as otherwise defined in 14 CCR Section 18982(a)(7). For the purposes of this definition, Food Recovery Organizations and Food Recovery Services are not Commercial Edible Food Generator, or as otherwise specified by 14 CCR Section 18982(a)(7).

"Commercial Premises" means Premises upon which business activity is conducted, including, but not limited to, retail sales, services, wholesale operations, manufacturing and industrial operations, hotels, motels, and Multi-Family Dwellings. A Multi-Family Residential Dwelling that consists of fewer than five (5) units is not a Commercial Premises. Commercial Premises exclude Residential Premises upon which business activities are conducted when such activities are permitted under applicable zoning regulations and are not the primary use of the property.

"Community Composting" means any activity that Composts green material, agricultural material, food material, and vegetative food material, alone or in combination, and the total amount of feedstock and Compost onsite at any one time does not exceed one hundred (100) cubic yards and seven hundred fifty (750) square feet, as specified in 14 CCR Section 6 17855(a)(4); or as otherwise defined in 14 CCR Section 18982(a)(8).

"Compactor" means a mechanical apparatus that compresses materials together with the Container that holds the compressed materials or the Container that holds the compressed materials if it is detached from the mechanical compaction apparatus. Compactors include two- (2-) to eight- (8-) cubic yard Bin Compactors serviced by front-end loader Collection vehicles and ten- (10-) to forty- (40-) cubic yard Roll-Off Box Compactors serviced by roll-off Collection vehicles.

"Complaint" means each written or orally communicated statement made by any Person, whether to the City or Contractor, alleging: (1) non-performance, or deficiencies in Contractor's performance, of its duties under this Agreement; (2) a violation by Contractor of this Agreement; or, (3) an SB 1383 non-compliance Complaint.

"Compostable Plastics" or "Compostable Plastic" means plastic materials that meet the ASTM D6400 standard for Compostability.

"Composting" or "Compost" (or any variation thereof) means a controlled biological decomposition of Organic Materials yielding a safe and nuisance free Compost product.

"Confidential" means the definition for Proprietary Information.

"Construction and Demolition Debris (C&D)" means discarded building materials, packaging, debris, and rubble resulting from construction, alteration, remodeling, repair, or demolition operations on any

pavements, excavation projects, houses, Commercial buildings, or other structures, excluding Excluded Waste. Construction and Demolition Debris also includes rocks, soils, tree remains, and other Yard Trimmings that results from land clearing or land development operations in preparation for construction.

"Consumer Price Index" or "CPI" means the Garbage and Trash Collection index (CUUR0000SEHG02) in U.S. city average, all urban consumers, not seasonally adjusted.

"Container(s)" mean Bins, Carts, Compactors, and Roll-Off Boxes.

"Contamination Processing Fee Notice" means the notice described in Section 4.11.1.E.

"Contractor" means Republic Services Inc., a Delaware limited liability company, dba Placentia Disposal, organized and operating under the laws of the State and its officers, directors, employees, agents, companies, Related-Party Entities, affiliates, subsidiaries, and Subcontractors.

"Contractor's Compensation" means the monetary compensation received by Contractor in return for providing services in accordance with this Agreement, as described in Article 8.

"Contractor's Contract Administrator" means the individual authorized by Contractor, as described by Section 5.7.D.1.

"County" means the County of Orange, a political subdivision of the State of California.

"County Agreement" means that certain waste infrastructure system enterprise agreement, as the same may be amended from time to time, entered into among various Orange County cities, including specifically the City of Placentia and the County, relating to the use of County landfills for the Disposal of Solid Waste Collected in such cities, which is on file in the office of the City Clerk, as may be amended from time to time. Exhibit L is the current version of the County Agreement.

"Courtesy Pick-Up Notice" means Contractor's notice to Customer(s), as described in Section 4.11.1.C.

"Curb" or "Curbside" (or any variation thereof) means the cornered edging between the street and sidewalk. Curb or Curbside also means and describes the location of a Collection Container for pick-up, where such Container is placed on the street or alley against the face of the Curb, or where no Curb exists, the Container is placed not more than five (5) feet from the outside edge of the street or alley nearest the property's entrance.

"Customer" means the Person to whom Contractor submits its billing invoice to and collects payment from for Collection services provided to a Premises. The Customer may be either the Occupant or Owner of the Premises.

"Customer Account Information Database" means the Customer Account Information Database, as identified in Section 4.7.3, that shall be developed, maintained, and monitored in accordance with the requirements of this Agreement.

EXHIBIT A
DEFINITIONS

"Customer Type" means the Customer's sector category, including, but not limited to, Single-Family, Multi-Family, Commercial, Roll-Off Box, and City.

"Designated Disposal Facility(ies)" means the Orange County Landfills, which are owned and operated by County, that are Disposal Facilities.

"Designated Waste" Designated Waste consists of those substances classified as Designated Waste by the State, in Section 13173 of the California Water Code ((CA Water Code § 13173 (2017), as may be amended from time to time, and is defined as either of the following:

A. Hazardous Waste that has been granted a variance from Hazardous Waste management requirements, pursuant to Section 25143 of the Health and Safety Code.

B. Non-Hazardous Waste that consists of, or contains, pollutants that, under ambient environmental conditions at a waste management unit, could be released in concentrations exceeding applicable water quality objectives or that could reasonably be expected to affect beneficial uses of the waters of the State, as contained in the appropriate State water quality control plan.

"Discarded Materials" means Recyclable Materials, Organic Materials, and Solid Waste placed by a Generator in a receptacle and/or at a location for the purposes of Collection by Contractor, excluding Excluded Waste.

"Disposal" or "Dispose" (or any variation thereof) means the final disposition of Solid Waste, or Processing Residue at a Disposal Facility.

"Disposal Facility(ies)" means a landfill, or other facility for ultimate Disposal of Solid Waste.

"Divert" or "Diversion" (or any variation thereof) means to prevent Discarded Materials from Disposal at landfill or transformation facilities (including facilities using incineration, pyrolysis, distillation, gasification, or biological conversion methods) through source reduction, reuse, Recycling, Composting, anaerobic digestion, or other method of Processing, subsequent to the provisions of AB 939. Diversion is a broad concept that is to be inclusive of material handling and Processing changes that may occur over the Term including, but not limited to, changes in standard industry practice or implementation of innovative (but not necessarily fully proven) techniques or technology that reduce Disposal risk, decrease costs, and/or are for other reasons deemed desirable by the City.

"Dwelling Unit" means any individual living unit in a Single-Family Dwelling or Multi-Family Dwelling structure or building, a mobile home, or a motor home located on a permanent site intended for, or capable of being utilized for, Residential living, other than a hotel or motel.

"Edible Food" means food intended for human consumption. For the purposes of this Agreement, Edible Food is not Solid Waste if it is recovered and not discarded. Nothing in this Agreement requires or authorizes the recovery of Edible Food that does not meet the food safety requirements of the California

EXHIBIT A
DEFINITIONS

Retail Food Code. If the definition in 14 CCR Section 18982(a)(18) for Edible Food differs from this definition, the definition in 14 CCR Section 18982(a)(18) shall apply to this Agreement.

"Effective Date" shall mean the date upon which this Amended and Restated Agreement is finally approved, by resolution, of the City Council.

"E-Waste" means discarded electronic equipment including, but not limited to, televisions, computer monitors, central processing units (CPUs), laptop computers, computer peripherals (including external hard drives, keyboards, scanners, and mice), printers, copiers, facsimile machines, radios, stereos, stereo speakers, VCRs, DVDs, camcorders, microwaves, telephones, cellular telephones, and other electronic devices. Some E-Waste or components thereof may be Hazardous Waste or include Hazardous Substances and thus require special handling, Processing, or Disposal.

"Excluded Waste" means Hazardous Substances; Hazardous Waste; Infectious Waste; Designated Waste; volatile, corrosive, biomedical, infectious, biohazardous, and toxic substances or material; waste that Contractor reasonably believes would, as a result of or upon Disposal, be a violation of local, State, or Federal law, regulation, or ordinance, including land use restrictions or conditions; waste that cannot be Disposed of in Class III landfills; and waste that, in Contractor's reasonable opinion, would present a significant risk to human health or the environment, cause a nuisance, or otherwise create or expose Contractor or the City to potential liability. Excluded Waste does not include de minimis volumes or concentrations of waste of a type and amount normally found in Residential Solid Waste after implementation of programs for the safe Collection, Recycling, treatment, and Disposal of batteries and paint in compliance with Sections 41500 and 41802 of the California Public Resources Code. Excluded Waste does not include Used Motor Oil and Filters, or household batteries when properly placed for Collection by Contractor, as set forth in this Agreement.

"Federal" means belonging to or pertaining to the federal government of the United States.

"Field Supervisor" means the individual authorized by Contractor, as described by Section 5.7.D.2.

"Flow Control" means the City's right to direct Solid Waste to a facility of the City's choosing.

"Food Recovery" means actions to Collect and distribute food for human consumption that otherwise would be Disposed, or as otherwise defined in 14 CCR Section 18982(a)(24).

"Food Recovery Organization" means an entity that primarily engages in the Collection or receipt of Edible Food from Commercial Edible Food Generators and distributes that Edible Food to the public for Food Recovery, either directly or through other entities, including, but not limited to:

A. A food bank, as defined in Section 113783 of the Health and Safety Code.

B. A nonprofit charitable organization, as defined in Section 113841 of the Health and Safety Code.

C. A nonprofit charitable temporary food facility, as defined in Section 113842 of the Health and Safety Code.

If the definition in 14 CCR Section 18982(a)(25) for Food Recovery Organization differs from this definition, the definition in 14 CCR Section 18982(a)(25) shall apply to this Agreement.

"Food Recovery Service" means a Person or entity that Collects and Transports Edible Food from a Commercial Edible Food Generator to a Food Recovery Organization or other entities for Food Recovery; or as otherwise defined in 14 CCR Section 18982(a)(26).

"Food Scraps" means those Discarded Materials that will decompose and/or putrefy including: (i) all kitchen and table Food Waste; (ii) animal or vegetable waste that is generated during or results from the storage, preparation, cooking, or handling of food stuffs; (iii) fruit waste, grain waste, dairy waste, meat, and fish waste; and, (iv) vegetable trimmings, houseplant trimmings, and other Compostable Organic Waste common to the occupancy of Residential Dwelling Units. Food Scraps are a subset of Food Waste. Food Scraps shall include, but not be limited to, those materials listed in Exhibit N.

"Food-Soiled Paper" means Compostable paper material that has come in contact with Food Scraps or liquids, such as, but not limited to, Compostable paper plates, paper coffee cups, napkins, pizza boxes, and milk cartons. Food-Soiled Paper shall include, but not be limited to, those materials listed in Exhibit N.

"Food Waste" means Source Separated Food Scraps, Food-Soiled Paper, and Compostable Plastics. Food Waste is a subset of Organic Materials.

"Force Majeure" means those riots, wars, sabotage, civil disturbances, insurrections, acts of government agencies, labor disturbances (e.g., strikes), explosions, natural disasters (e.g., floods, earthquakes, landslides, tornados, and fires), and other catastrophic events that are beyond the reasonable control of Contractor. Force Majeure excludes: (i) the financial inability of Contractor to perform; (ii) the failure of Contractor to obtain any necessary permits or licenses from other governmental agencies; (iii) the failure to obtain the right, or the loss of the right, to use the facilities of any public utility where such failure is due in substantial part to the acts or omissions of Contractor; and (iv) the closure of an Approved Facility(ies) or a Designated Disposal Facility(ies).

"Franchise Fee" means the fee paid by Contractor to the City, as described in Section 7.1.1.

"Generator" means any Person whose act or process produces Discarded Materials, as defined in the Public Resources Code, or whose act first causes Discarded Materials to become subject to regulation.

"Green Container" means a Container where the lid of the Container is green in color. Hardware such as hinges and wheels on a Green Container may be any color. Green Containers shall be used for the purpose of storage and Collection of Source Separated Organic Materials.

EXHIBIT A
DEFINITIONS

"Gross Receipts" means all monies, fees, charges, considerations, and revenues received and charged by Contractor, in connection with, arising from, or in any way attributable to the Solid Waste handling services carried out by or on behalf of Contractor, pursuant to this Agreement. Gross Receipts include, without limitation, monthly Customer charges for Collection of Solid Waste, without subtracting Franchise Fees, fees imposed and collected pursuant to this Agreement, sums collected in connection with Temporary Services, late fees, and Transportation charges. Notwithstanding anything in the above definition to the contrary, for purposes of calculating Franchise Fees and Administrative Fees due to the City by Contractor, Gross Receipts shall be deemed to not include any revenues from the sale of Recyclable Materials.

"Hazardous Substance" means any of the following: (a) any substances defined, regulated or listed (directly or by reference) as "Hazardous Substances," "hazardous materials," "Hazardous Wastes," "toxic waste," "pollutant," or "toxic substances," or similarly identified as hazardous to human health or the environment, in or pursuant to: (i) the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) of 1980, 42 USC §9601 *et seq*. (CERCLA); (ii) the Hazardous Materials Transportation Act, 49 USC §1802, *et seq*.; (iii) the Resource Conservation and Recovery Act, 42 USC §6901 *et seq*.; (iv) the Clean Water Act, 33 USC §1251 *et seq*.; (v) California Health and Safety Code §§25115-25117, 25249.8, 25281, and 25316; (vi) the Clean Air Act, 42 USC §7901 *et seq*.; and, (vii) California Water Code §13050; (b) any amendments, rules, or regulations promulgated thereunder to such enumerated statutes or acts currently existing or hereafter enacted; and, (c) any other hazardous or toxic substance, material, chemical, waste, or pollutant identified as hazardous or toxic or regulated under any other Applicable Law currently existing or hereinafter enacted, including, without limitation, friable asbestos, polychlorinated biphenyls (PCBs), petroleum, natural gas, synthetic fuel products, and byproducts.

"Hazardous Waste" means all substances defined as Hazardous Waste, acutely Hazardous Waste, or extremely Hazardous Waste by the State in Health and Safety Code §25110.02, §25115, and §25117 or in the future amendments to or recodifications of such statutes or identified and listed as Hazardous Waste by the U.S. Environmental Protection Agency (EPA), pursuant to the Federal Resource Conservation and Recovery Act (42 USC §6901 *et seq*.), all future amendments thereto, and all rules and regulations promulgated thereunder.

"Holidays" means New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

"Household Hazardous Waste" or "HHW" means Hazardous Waste generated at Residential Premises within the City. HHW includes: paint, stain, varnish, thinner, adhesives, automobile products, such as old fuel, Used Motor Oil and Filter, Used Oil Filter, batteries, household batteries, fluorescent bulbs, tubes, cleaners and sprays, pesticides, fertilizers and other garden products, needles, syringes, and lancets.

"Infectious Waste" means biomedical waste generated at hospitals, public or private medical clinics, dental offices, research laboratories, pharmaceutical industries, blood banks, mortuaries, veterinary

facilities, and other similar establishments that are identified in Health and Safety Code Section 25117.5, as may be amended from time to time.

"Liquidated Damages" means the amounts due by Contractor for failure to meet specific quantifiable standards of performance, as described in Section 11.6.

"Mulch" means a layer of material applied on top of soil, and, for the purposes of the Agreement, Mulch shall conform with the following conditions, or conditions as otherwise specified in 14 CCR Section 18993.1(f)(4):

A. Meets or exceeds the physical contamination, maximum metal concentration, and pathogen density standards for land applications specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3).

B. Was produced at one or more of the following types of facilities:

1. A Compostable material handling operation or facility, as defined in 14 CCR Section 17852(a)(12), that is permitted or authorized under Division 7 of Title 14 of the CCR, other than a chipping and grinding operation or facility, as defined in 14 CCR Section 17852(a)(10).
2. A Transfer/Processing Facility or Transfer/Processing operation, as defined in 14 CCR Section 17402(a)(30) and (31), respectively, that is permitted or authorized under 14 CCR, Division 7, Chapter 12.
3. A Solid Waste landfill, as defined in PRC Section 40195.1, that is permitted under 27 CCR, Division 2.

"Multi-Family" or "Multi-Family Dwelling" means any Residential Premises, other than a Single-Family Premises, with five (5) or more Dwelling Units used for Residential purposes (regardless of whether residence therein is temporary or permanent), including Premises combined in the same building with Commercial establishments, that receive centralized, shared, Collection service for all Dwelling Units on the Premises. Multi-Family Dwellings are billed to one (1) Customer at one (1) address. Customers residing in Townhouses, mobile homes, condominiums, or other structures with five (5) or more Dwelling Units who receive individual service and are billed separately shall not be considered Multi-Family Dwellings.

"Municipal Code" means the City's Municipal Code and all uncodified ordinances duly adopted by the City, as amended from time to time.

"Non-Collection Notice" means the notice described in Section 4.11.1.D.

"Occupant" means the Person who occupies a Premises.

"Organic Materials" means those Discarded Materials that the Generators set out in Green Containers for Collection for the purpose of Recycling or Processing by Contractor, excluding Excluded Waste. No Discarded Materials shall be considered Organic Materials unless such material is Source Separated from Recyclable Materials and Solid Waste. Organic Materials shall include, but not be limited to, those materials listed in Exhibit N. Organic Materials are a subset of Organic Waste.

EXHIBIT A
DEFINITIONS

"Organic Waste" means wastes containing material originated from living organisms and their metabolic waste products, including, but not limited to, food, Yard Trimmings, organic textiles and carpets, lumber, wood, paper products, printing and writing paper, manure, biosolids, digestate, and sludges, or as otherwise defined in 14 CCR Section 18982(a)(46). Biosolids and digestate are as defined in 14 CCR Section 18982(a)(4) and 14 CCR Section 18982(a)(16.5), respectively.

"Original Agreement" means the "Agreement Between City of Placentia and Republic Waste Services of Southern California, LLC dba Placentia Disposal for Solid Waste Handling Services," and all amendments thereof.

"Owner" means the Person(s) holding legal title to real property and/or any improvements thereon, and shall include the Person(s) listed on the latest equalized assessment roll of the County Assessor.

"Party" or "Parties" refers to the City and Contractor, individually or together.

"Person(s)" means any individual, firm, association, organization, partnership, consortium, corporation, trust, joint venture, Commercial entity, governmental entity, public entity, or any other legal Person.

"Premises" means any land or building in the City where Recyclable Materials, Organic Materials, or Solid Waste are generated or accumulated.

"Processing" or "Process" means to prepare, treat, or convert through some special method.

"Processing Facility(ies)" means: (i) any plant or site used for the purpose of sorting, cleansing, treating, or reconstituting Recyclable Materials or Reusable Materials for the purpose of making such material available for Recycling or reuse; or, (ii) the facility for the Processing and/or Composting of Organic Materials.

"Prohibited Container Contaminants" means the following: (i) Discarded Materials placed in the Blue Container that are not identified as acceptable Recyclable Materials for the City's Collection program; (ii) Discarded Materials placed in the Green Container or Brown Container that are not identified as acceptable Organic Materials for the City's Collection program; (iii) Discarded Materials placed in the Black or Gray Container that are acceptable Recyclable Materials and/or Organic Materials and should be placed in the City's Blue Container, Green Container, or Brown Containers, or otherwise managed under the City's Collection program; and, (iv) Excluded Waste placed in any Container.

"Proprietary Information" or "Proprietary" or "Confidential" means that information provided by Contractor to the City which is protected from disclosure by the California Public Records Act and meets that definition of Proprietary Information. Nothing shall be considered Proprietary that is required for reporting purposes to be submitted to the City in any report described in this Agreement. Contractor's Customer lists for Customers served under this Agreement are specifically not considered Proprietary for the purposes of this Agreement, but the City may protect such information from disclosure, consistent with the provisions of the Public Records Act.

EXHIBIT A
DEFINITIONS

"Public Street" means all City-owned and maintained paved areas between the normal Curb line of a roadway, including public parking lots, roadway dividers, and medians.

"Rate" means the maximum amount, expressed as a dollar unit, approved by the City that Contractor may bill a Customer for providing services under this Agreement. A Rate has been established for each individual Service Level and the initial Rates for Rate Period Zero and Rate Period One are presented in Exhibit D. The Rates approved by the City are the maximum Rate that Contractor may charge a Customer and Contractor may, in its sole discretion, charge any amount up to and including the maximum Rate approved by the City.

"Rate Period" means a twelve (12) month period, commencing July 1 and concluding June 30.

"Recovered Organic Waste Products" means products made from California, landfill-Diverted recovered Organic Waste Processed at a permitted or otherwise authorized operation or facility. Recovered Organic Waste Products includes those products as described in SB 1383, Public Resources Code Section 42652.5 or other Applicable Law.

"Recyclable Materials" means those Discarded Materials that the Generators set out in Blue Containers for Collection for the purpose of Recycling by Contractor, excluding exclude Excluded Waste. No Discarded Materials shall be considered Recyclable Materials unless such materials are Source Separated from Organic Materials and Solid Waste. Recyclable Materials shall include, but not be limited to, those materials listed in Exhibit N.

"Recycle" or "Recycling" means the Process of sorting, cleansing, treating, and reconstituting at a Recyclable Materials Processing facility materials that would otherwise be Disposed of at a landfill for the purpose of returning such materials to the economy in the form of raw materials for new, reused, or reconstituted products. Recycling includes Processes deemed to constitute a reduction of landfill Disposal, pursuant to 14 CCR, Division 7, Chapter 12, Article 2. Recycling does not include gasification or transformation, as defined in Public Resources Code Section 40201.

"Related-Party Entity" means all businesses (including corporations, limited and general partnerships, and sole proprietorships) that are directly or indirectly related to Contractor by virtue of direct or indirect ownership interests or common management. Related-Party Entities shall be limited to those businesses that are directly or indirectly involved in Contractor's performance of this Agreement. A Related-Party Entity shall include a business in which Contractor owns a direct or indirect ownership interest, a business which has a direct or indirect ownership interest in Contractor, and/or a business which is also owned, controlled, or managed by any business or individual that has a direct or indirect ownership interest in Contractor. For purposes of determining whether an indirect ownership interest exists, the constructive ownership provisions of Section 318(a) of the Internal Revenue Code of 1986, as in effect on the Effective Date of this Agreement, shall apply; provided, however, the: (i) "ten percent (10%)" shall be substituted for "fifty percent (50%)" in Section 318(a)(2)(C) and in Section 318(a)(3)(C) thereof; and, (ii) Section 318(a)(5)(C) shall be disregarded. For purposes of determining ownership under this paragraph and

constructive or indirect ownership under Section 318(a), ownership interest of less than ten percent (10%) shall be disregarded and percentage interests shall be determined on the basis of the percentage of voting interest or value which the ownership interest represents, whichever is greater. Related-Party Entities shall be limited to those businesses that are directly or indirectly involved in the provision of service under this Agreement.

"Renewable Natural Gas" or "RNG" means gas derived from Organic Waste that has been Diverted from a landfill and Processed at an in-vessel digestion facility that is permitted or otherwise authorized by 14 CCR to recover Organic Waste, or as otherwise defined in 14 CCR Section 18982(a)(62).

"Residential" means of, from, or pertaining to a Single-Family Premises or Multi-Family Premises, including Single-Family homes, apartments, condominiums, Townhouse complexes, mobile home parks, and cooperative apartments.

"Residue" means those materials which, after Processing, are Disposed rather than Recycled due to either the lack of markets for materials or the inability of the Processing Facility to capture and recover the materials.

"Reusable Materials" means items that are capable of being used again after minimal Processing. Reusable Materials may be Collected Source Separated or recovered through a Processing Facility.

"Roll-Off Box" means an open-top Container with a capacity of ten (10) to forty (40) cubic yards that is serviced by a roll-off Collection vehicle.

"SB 54" means the Plastic Pollution Prevention and Packaging Producer Responsibility Act approved by the Governor on June 30, 2022, which amended Section 41821.5 of the Public Resources Code to add Chapter 3 (commencing with Section 42040) to Part 3 of Division 30. For the purposes of this Agreement, SB 54 does not include any implementing regulations developed by CalRecycle, as may be amended supplemented, superseded, and replaced from time to time. The CalRecycle adoption of SB 54 regulations shall be considered a Change in Law for the purposes of this Agreement.

"SB 1016" means Senate Bill 1016 approved by the Governor of the State of California on September 26, 2008, which amended Sections 40183, 40184, 41783, 41820.6, 41821, 41850, 42921, and 42926 of, amended the headings of Article 4 (commencing with Section 41825) and Article 5 (commencing with Section 41850) of Chapter 7 of Part 2 of Division 30 of, added Sections 40127, 40145, 40150.1, 41780.05, 42921.5, and 42927 to, and repealed and added Section 41825 of, the Public Resources Code, relating to solid waste, as amended, supplemented, superseded, and replaced from time to time.

"SB 1383" means Senate Bill 1383 of 2016 approved by the Governor on September 19, 2016, which added Sections 39730.5, 39730.6, 39730.7, and 39730.8 to the Health and Safety Code, and added Chapter 13.1 (commencing with Section 42652) to Part 3 of Division 30 of the Public Resources Code, establishing methane emissions reduction targets in a Statewide effort to reduce emissions of short-lived climate pollutants. For the purposes of this Agreement, SB 1383 specifically refers to the Short-Lived Climate

Pollutants (SLCP): Organic Waste Reductions regulations developed by CalRecycle and adopted on November 3, 2020 that created Chapter 12 of 14 CCR, Division 7 and amended portions of regulations of 14 CCR and 27 CCR.

"Self-Hauler" or "Self-Haul" means a Person who hauls Discarded Materials, recovered material, or any other material that such Person generates at their own Premises to another Person. Self-Hauler also includes a Person who back-hauls waste from Premises they own and operate using their own vehicles, employees, and equipment, as defined in 14 CCR Section 18982(a)(66)(A).

"Service Level" means the size of a Customer's Container(s) and the frequency of Collection service.

"Single-Family" means any detached or attached house or residence designed or used for occupancy by one (1) family, provided that Collection service feasibly can be provided to such Premises as an independent unit, and the Owner or Occupant of such independent unit is billed directly for the Collection service. Single-Family includes Townhouses, and each independent unit of duplex, tri-plex, four-plex Residential structures, regardless of whether each unit is separately billed for their specific Service Level. Multi-Family properties of five or more units that receive Single-Family Cart service are considered Single-Family if each unit is billed directly by Contractor.

"Solid Waste" means Solid Waste as defined in California Public Resources Code, Division 30, Part 1, Chapter 2, §40191 and regulations promulgated thereunder. Excluded from the definition of Solid Waste are Excluded Waste, C&D, Source Separated Recyclable Materials, Source Separated Organic Materials, and radioactive waste. Notwithstanding any provision to the contrary, Solid Waste may include de minimis volumes or concentrations of waste of a type and amount normally found in Residential Solid Waste after implementation of programs for the safe Collection, Recycling, treatment, and Disposal of Household Hazardous Waste in compliance with Section 41500 and 41802 of the California Public Resources Code, as may be amended from time to time. Solid Waste includes salvageable materials only when such materials are included for Collection in a Solid Waste Container and not Source Separated from Solid Waste at the site of generation.

"Source Separated" means the segregation, by the Generator, of materials designated for separate Collection for some form of Recycling, Composting, recovery, or reuse.

"Split-Bin" means a Bin that is split or divided into two (2) sections in order to segregate two (2) Source Separated Discarded Material types in one Container.

"State" means the State of California.

"Subcontractor" means a Party who has entered into a contract, express or implied, with Contractor for the performance of an act that is necessary for Contractor's fulfillment of its obligations for providing service under this Agreement. Vendors providing materials and supplies to Contractor shall not be considered Subcontractors.

EXHIBIT A
DEFINITIONS

"Sustainability Advisor" means the individual authorized by Contractor as described by Section 5.7.D.3.

"Temporary Service(s)" shall mean Solid Waste handling services provided by Contractor on an as-needed and temporary basis to any Premises within the City in conjunction with construction, demolition, cleanup or other projects, by use of temporarily placed Bins or Roll-Off Boxes, excluding Self-Hauled waste.

"Term" means the Term of this Agreement, including extension periods if granted, as provided for in Article 2.

"Tier One Commercial Edible Food Generator" means a Commercial Edible Food Generator that is one of the following, each as defined in 14 CCR Section 18982:

A. Supermarket.

B. Grocery store with a total facility size equal to or greater than ten thousand (10,000) square feet.

C. Food service provider.

D. Food distributor.

E. Wholesale food vendor.

If the definition in 14 CCR Section 18982(a)(73) of Tier One Commercial Edible Food Generator differs from this definition, the definition in 14 CCR Section 18982(a)(73) shall apply to this Agreement.

"Tier Two Commercial Edible Food Generator" means a Commercial Edible Food Generator that is one of the following, each as defined in 14 CCR Section 18982:

A. Restaurant with two hundred fifty (250) or more seats, or a total facility size equal to or greater than five thousand (5,000) square feet.

B. Hotel with an onsite food facility and two hundred (200) or more rooms.

C. Health facility with an onsite food facility and one hundred (100) or more beds.

D. Large venue.

E. Large event.

F. A State agency with a cafeteria with two hundred fifty (250) or more seats or total cafeteria facility size equal to or greater than five thousand (5,000) square feet.

G. A local education agency with an onsite food facility.

If the definition in 14 CCR Section 18982(a)(74) of Tier Two Commercial Edible Food Generator differs from this definition, the definition in 14 CCR Section 18982(a)(74) shall apply to this Agreement.

EXHIBIT A
DEFINITIONS

"Ton" or "**Tonnage"** means a unit of measure for weight equivalent to two thousand (2,000) standard pounds where each pound contains sixteen (16) ounces.

"Townhouse" means an attached or semi-attached Single-Family Premises within a group of attached or semi-attached Single-Family Premises, regardless of whether the Premises is billed individually or through a central account (e.g., homeowner association, property manager), wherein each Dwelling Unit maintains individual Collection service subscription, as determined in writing by the City Administrator.

"Transfer" means the act of transferring the materials Collected by Contractor in its route vehicles into larger vehicles for Transport to other facilities for the purpose of Recycling or Disposing of such materials.

"Transportation" or "Transport" means the act of conveying Collected materials from one location to another.

"**Universal Waste" or "U-Waste**" means all wastes as defined by Title 22, Subsections 66273.1 through 66273.9 of the California Code of Regulations. These include, but are not limited to, batteries, fluorescent light bulbs, mercury switches, and E-Waste.

"Working Days" means days on which Contractor is required to provide regularly scheduled Collection services under this Agreement.

"**Yard Trimmings**" means those Discarded Materials that will decompose and/or putrefy, including, but not limited to, green trimmings, grass, weeds, leaves, prunings, branches, dead plants, brush, tree trimmings, dead trees, small pieces of unpainted and untreated wood, and other types of Organic Materials resulting from normal yard and landscaping maintenance that may be specified in City Legislation for Collection and Processing as Organic Materials under this Agreement. Yard Trimmings does not include items herein defined as Excluded Waste. Yard Trimmings are a subset of Organic Materials. Yard Trimmings placed for Collection may not exceed six inches (6") in diameter and three (3) feet in length and must fit within the Contractor-provided Container. Yard Trimmings shall include, but not be limited to, those materials listed in Exhibit N.

EXHIBIT B:
DIRECT SERVICES

EXHIBIT B:
DIRECT SERVICES

The following Exhibits (B1 through B5) describe the programs which, in aggregate, represent the direct services to be performed under this Agreement by Contractor.

Each of the following Exhibits (B1 through B5) present the programs to be provided to each Customer Type by Contractor. Within each program description are specific requirements for the:

- Type and size of Containers or Service Level to be offered by Contractor under each program;
- Frequency of service to be offered by Contractor to Customers;
- Location of service, including an indication of whether or not additional charges may apply if a Customer selects a location that is more costly to serve (e.g., back-yard service);
- Materials that are acceptable or prohibited within the program;
- Provision of additional services to the Customer if the standard Service Levels are inadequate, either on a regular or periodic basis, and an indication of whether or not additional charges may apply; and/or,
- Other requirements and considerations of the program.

Contractor shall provide the services for each program described in accordance with the specific program requirements detailed in Exhibits B1 through B5 and Contractor shall promote such programs using the public education and outreach methods described in Exhibit C.

EXHIBIT B1
SINGLE-FAMILY RESIDENTIAL SERVICES

1. Recyclable Materials Collection

Contractor shall Collect Recyclable Materials placed in Contractor-provided Containers one (1) time per week from Single-Family Customers and Transport all Recyclable Materials to the Approved Recyclable Materials Processing Facility(ies) for Processing.

Containers:	Carts
Container Sizes:	35-, 64-, and 96-gallons (or comparable sizes approved by the City). Standard Container size is 96-gallon. 64- or 35-gallon service shall be made available for no reduction in charge, upon request by Customer.
Service Frequency:	One (1) time per week on the same day as Organic Materials and Solid Waste Collection services.
Service Location:	Curbside or alley
Acceptable Materials:	Recyclable Materials
Prohibited Materials:	Solid Waste, Organic Materials, Excluded Waste
Additional Service:	Single-Family Customers shall receive one standard (1) Recyclable Materials Cart and may request an unlimited number of additional Recyclable Materials Carts at no additional charge.
Other Requirements:	Contractor may refuse to Collect a Recyclable Materials Container that contains Prohibited Container Contaminants in the manner and subject to the limits described in Section 4.11, provided that Contractor leaves a Courtesy Pick-Up Notice or Non-Collection Notice in accordance with Section 5.3.B of this Agreement. Contractor shall keep a record of all Non-Collection Notices and Courtesy Pick-Up Notices issued to Customers, recording at a minimum the date, Customer address, and material type of the Container in question.

2. Organic Materials Collection

Contractor shall Collect Organic Materials placed in Contractor-provided Carts one (1) time per week from Single-Family Customers and Transport all Organic Materials to the Approved Organic Materials Processing Facility(ies) for Processing.

Containers:	Carts
Container Sizes:	35-, 64-, 96-gallons (or comparable size approved by the City). Standard Container size is 96-gallon. 64- or 35-gallon service shall be made available for no reduction in charge, upon request by Customer.
Service Frequency:	One (1) time per week on the same day as Recyclable Materials and Solid Waste Collection service.
Service Location:	Curbside
Acceptable Materials:	Organic Materials (including Yard Trimmings and Food Waste)
Prohibited Materials:	Recyclable Materials, Solid Waste, Excluded Waste
Additional Service:	Single-Family Customers shall receive one standard (1) Organic Materials Cart. Contractor shall provide additional Organic Materials Carts to Single-Family

Customers upon request and may charge the appropriate Rate approved by the City.

Other Requirements: Kitchen pails, designed to contain Food Scraps prior to placement in the Customer's Organic Materials Cart, are to be made available for the Rate in the approved Rate schedule.

If Contractor's Approved Organic Materials Processing Facility(ies) accepts Compostable Plastic bags, Single-Family Customers may place Organic Materials in Compostable Plastic bags and then place the bagged Organic Materials into their Organic Materials Carts for Collection. Such bags must be labeled as "Compostable" by the manufacturer and certified by BPI. Contractor shall submit the required Compostable Plastic Processing notifications in accordance with Section 4.1.J and Exhibit F of the Agreement.

Contractor may refuse to Collect an Organic Materials Container that contains Prohibited Container Contaminants in the manner and subject to the limits described in Section 4.11, provided that Contractor leaves a Courtesy Pick-Up Notice or Non-Collection Notice in accordance with Section 5.3.B of this Agreement. Contractor shall keep a record of all Non-Collection Notices and Courtesy Pick-Up Notices issued to Customers, recording at a minimum the date, Customer address, and material type of the Container in question.

3. Solid Waste Collection

Contractor shall Collect Solid Waste placed in Contractor-provided Carts one (1) time per week from Single-Family Customers and Transport all Solid Waste to the Designated Disposal Facility(ies) for Disposal.

Containers: Carts

Container Sizes: 35-, 64-, and 96-gallons (or comparable sizes approved by the City). Standard Container size is 96-gallon. 64- or 35-gallon service shall be made available for a reduction in charge, upon request by Customer.

Service Frequency: One (1) time per week on the same day as Recyclable Materials and Organic Materials Collection service.

Service Location: Curbside

Acceptable Materials: Solid Waste

Prohibited Materials: Recyclable Materials, Organic Materials, Excluded Waste

Additional Service: Contractor shall provide additional Solid Waste Carts to Single-Family Customers upon request and may charge the appropriate Rate approved by the City.

Other Requirements: None

4. On-Call Bulky Item/Reusable Materials Collection

Contractor shall Collect Bulky Items, Reusable Materials, and other materials described herein from Single-Family Customers and Transport all Collected materials to the appropriate Approved Facility(ies) or Designated Disposal Facility(ies) for reuse, Processing, or Disposal.

Containers:	Not applicable
Service Level:	Up to eight (8) Bulky Items/Reusable Materials
Service Frequency:	Four (4) pickups per year per household
Service Location:	Curbside
Acceptable Materials:	Reusable Materials, Bulky Items, Recyclable Materials, Yard Trimmings, E Waste, and Solid Waste
Prohibited Materials:	Food Scraps, Hazardous Substances, abandoned automobiles, trees, Excluded Waste, E Waste, C&D (including roofing, lumber, concrete, masonry, stucco, tile, carpet cuts), or any single item (e.g., large auto parts, etc.) that two (2) people cannot safely handle.
Additional Service:	Contractor shall Collect additional acceptable materials (as described herein) that exceed the required Service Level (as requested by Customer) and may charge the appropriate Rates approved by the City for such additional service.
Other Requirements:	Contractor shall provide the service to the Customer within a reasonable time, but not longer than seven (7) days of the Customer's requested service date, as mutually agreed upon by the Customer and Contractor. Contractor shall not Dispose of materials Collected through the on-call Bulky Item/Reusable Materials Collection program, unless the materials cannot be reused or Recycled. Contractor shall Process and Dispose of Bulky Items and Reusable Materials Collected from Customers in accordance with the following hierarchy: (1) reuse as is (where energy efficiency is not compromised); (2) disassemble for reuse or Recycling; (3) Recycle or Compost; and, if none of the other options are practicable, (4) Dispose.

5. Holiday Tree Collection

Annually, on a mutually agreed-upon date between the City and Contractor not more than three (3) weeks after January 1st of each year, Contractor shall Collect Holiday trees from Single-Family Customers. Customers are required to place the Holiday trees Curbside on the Customer's regularly scheduled Collection day. Holiday trees must be removed from stands; cut into lengths no longer than four feet (4'); and, be free of ornaments, garlands, tinsel, flocking, or other decorations. Contractor shall not be required to Collect Holiday trees that do not meet the aforementioned criteria. Contractor shall affix a Non-Collection Notice to any non-Collected tree informing the Customer of the reason(s) for Non-Collection. Contractor may charge Rates to return and Collect a previously non-Collected Holiday tree that has been corrected and set out. Contractor shall deliver all Collected Holiday trees to the Approved Organic Materials Processing Facility(ies) for Processing.

Holiday tree Collection services shall be provided at no additional cost to the City or the Customer.

6. Alternative Service Location for Disabled Single-Family Customers

Contractor shall allow for Persons that have a disability, as defined by the Americans with Disabilities Act (which means Public Law 101-336, 104 Stat. 327, 42 U.S.C. 12101-12213 and 27 U.S.C. 225 and 611, and all Federal rules and regulations relating thereto) that are Occupants of Single-Family Premises to receive

Collection services at a location other than Curbside at no extra charge to the Customer. Contractor shall review all applications (which shall include statements from physicians) made by Customers to determine conformance with this exemption provision and shall grant exemptions, if applicable. Contractor shall make reasonable accommodations with regard to provision of and servicing of Containers (e.g., Container size and type, placement of Containers for Collection, etc.) at no additional cost to the Customer. Upon Customer request, Contractor may make such alternative service locations available to Single-Family Customers that do not have a disability (as defined herein) for an additional, City-approved Rate. Any dispute regarding a Customer's eligibility of this service shall be resolved by the City Administrator.

7. Sharps Waste Collection

If requested to do so by the City, or otherwise required by law, Contractor shall design a program for the Collection of used needles (the "Sharps Collection Program") that the City Administrator finds satisfactory and approves. Contractor shall be responsible to ensure the Sharps Collection Program complies with all applicable laws and regulations. It is anticipated that any Sharps Collection Program, at a minimum, will allow for Customers to mail used needles to a specific Collection location, in specialized packaging provided by Contractor, and/or deliver used needles to a location designated by Contractor in or near the City. If a Sharps Collection Program is implemented, and if necessary in order to ensure that Contractor is reasonably compensated for the additional costs incurred in implementing such a program, Contractor and the City shall meet and confer in good faith to determine a reasonable adjustment to the Rates set forth in Exhibit D.

8. Temporary Service

Contractor shall provide exclusive Temporary Service to Customers upon request for Collection of Solid Waste, Recyclable Materials, and Organic Materials. Contractor shall deliver a temporary Bin to a Customer by the following Working Day (excluding Saturday, Sunday, and Holidays, as defined in Exhibit A), if requested by 12:00 noon; otherwise, delivery shall be no later than the second Working Day following the request. Rates for Temporary Service are listed separately in the approved Rate schedule.

9. Curbside Grease Collection Program

If ever required by the applicable sanitation district or other regulatory agency, Contractor shall design a program for the Collection of grease, fat, oils, and similar waste generated from household cooking activities (the "Curbside Grease Collection Program") that the City Administrator finds satisfactory and approves. Contractor shall be responsible to ensure the Curbside Grease Collection Program complies with all applicable laws and regulations. If a Curbside Grease Collection Program is implemented, and if necessary in order to ensure that Contractor is fairly compensated for any additional costs incurred in implementing such a program, Contractor and the City shall meet and confer in good faith to determine a fair and reasonable adjustment to the Rates set forth in Exhibit D.

10. Residential Non-Controlled Medication Collection Program

Contractor will assist the City in increasing awareness of medication takeback programs provided by local

pharmacies or other government entities. Promotional activities will include: posting on Contractor's website, including information in the annual brochures/mailings mailed to each Residential Customer, and submitting press releases to local news outlets.

Additionally, if requested to do so by the City, or otherwise required by law, Contractor shall design and present a program to the City for the Collection of unused non-controlled medicines (the "Non-Controlled Medication Collection Program") that the City Administrator finds satisfactory and approves. Contractor shall be responsible to ensure any Non-Controlled Medication Collection Program complies with all applicable laws and regulations. It is anticipated that any Non-Controlled Medication Collection Program, at a minimum, will allow for Customers to mail unused medication (excepting controlled substances) to a specific Collection location, in specialized packaging provided by Contractor, and/or deliver unused medication (excepting controlled substances) to a location designated by Contractor in or near the City. If a Non-Controlled Medication Collection Program is implemented, and if necessary in order to ensure that Contractor is fairly compensated for the additional costs incurred in implementing such a program, Contractor and the City shall meet and confer in good faith to determine a fair and reasonable adjustment to the Rates set forth in Exhibit D.

EXHIBIT B2
MULTI-FAMILY RESIDENTIAL SERVICES

1. Recyclable Materials Collection

Contractor shall Collect Recyclable Materials placed in Contractor-provided Containers from Multi-Family Customers receiving Solid Waste Bin service in accordance with the approved Rate schedule and Transport all Recyclable Materials to the Approved Recyclable Materials Processing Facility(ies) for Processing.

Containers/Frequency: Carts, Bins, Roll-Off Boxes, and Compactors. Sizes and service frequencies as defined in Exhibit D.

Service Location: To avoid potential safety concerns, and in accordance with the Municipal Code, the service location will be designated by the Customer, subject to Contractor confirmation of the service location to ensure safe Collection operations at the Multi-Family Premises.

Acceptable Materials: Recyclable Materials

Prohibited Materials: Organic Materials, Solid Waste, Excluded Waste

Additional Service: Special pick-ups requested by a Customer, on Working Days other than their regularly scheduled Collection day, shall be available at an approved additional charge, according to the Rates in Exhibit D.

Other Requirements: Contractor shall make contact with each and every Multi-Family Customer to determine appropriate Container sizes and service frequency. Contractor shall deliver Recyclable Materials Containers to each and every Multi-Family Customer at the same time that Contractor delivers Solid Waste Containers.

Contractor shall open and close gates, push and/or pull Containers, lock and unlock Containers, or perform other services as reasonably necessary to access and service Containers (additional charges may apply, according to the Rates in Exhibit D).

Contractor may refuse to Collect a Recyclable Materials Container that contains Prohibited Container Contaminants in the manner and subject to the limits described in Section 4.11, provided that Contractor leaves a Courtesy Pick-Up Notice or Non-Collection Notice in accordance with Section 5.3.B of this Agreement. Contractor shall keep a record of all Non-Collection Notices and Courtesy Pick-Up Notices issued to Customers, recording at a minimum the date, Customer address, and material type of the Container in question.

2. Organic Materials Collection

Contractor shall Collect Organic Materials in Contractor-provided Containers not less than one (1) time per week from Multi-Family Customers in accordance with the approved Rate schedule and Transport all Organic Materials to the Approved Organic Materials Processing Facility(ies) for Processing.

Containers/Frequency: Container sizes and service frequencies as defined in Exhibit D.

Service Location: To avoid potential safety concerns, and in accordance with the Municipal Code, the service location will be designated by the Customer, subject to Contractor confirmation of the service location to ensure safe Collection operations at the Multi-Family Premises.

Acceptable Materials: Organic Materials (including Yard Trimmings and Food Waste)

Prohibited Materials: Recyclable Materials, Solid Waste, Excluded Waste

Additional Service: Special pick-ups requested by a Customer, on Working Days other than their regularly scheduled Collection day, shall be available at an approved additional charge, according to the Rates in Exhibit D.

Other Requirements: Contractor shall make contact with each and every Multi-Family Customer to determine appropriate Container sizes and service frequency. Contractor shall deliver Organic Materials Containers to each and every Multi-Family Customer at the same time that Contractor delivers Solid Waste Containers.

Contractor shall open and close gates, push and/or pull Containers, lock and unlock Containers, or perform other services as reasonably necessary to access and empty Containers (additional charges may apply).

Contractor may refuse to Collect an Organic Materials Container that contains Prohibited Container Contaminants in the manner and subject to the limits described in Section 4.11, provided that Contractor leaves a Courtesy Pick-Up Notice or Non-Collection Notice in accordance with Section 5.3.B of this Agreement. Contractor shall keep a record of all Non-Collection Notices and Courtesy Pick-Up Notices issued to Customers, recording at a minimum the date, Customer address, and material type of the Container in question.

3. Solid Waste Collection

Contractor shall Collect Solid Waste placed in Contractor-provided Containers not less than one (1) time per week from Multi-Family Customers in accordance with the approved Rate schedule and Transport all Solid Waste to the Designated Disposal Facility(ies) for Disposal.

Containers/Frequency: Container sizes and service frequencies as defined in Exhibit D.

Service Location: To avoid potential safety concerns, and in accordance with the Municipal Code, the service location will be designated by the Customer, subject to Contractor confirmation of the service location to ensure safe Collection operations at the Multi-Family Premises.

Acceptable Materials: Solid Waste

Prohibited Materials: Recyclable Materials, Organic Materials, Excluded Waste

Additional Service: Special pick-ups requested by a Customer, on Working Days other than their regularly scheduled Collection day, shall be available at an approved additional charge, according to the Rates in Exhibit D.

Other Requirements: Contractor shall make contact with each and every Multi-Family Customers to determine appropriate Container sizes and service frequency.

Contractor shall open and close gates, push and/or pull Containers, lock and unlock Containers, or perform other services as reasonably necessary to access and service Containers (additional charges may apply).

4. Bulky Item/Reusable Materials Collection

Contractor shall Collect Bulky Items, Reusable Materials, and other materials described herein from Multi-Family Customers and Transport all Collected materials to the appropriate Approved Facility(ies) or Designated Disposal Facility(ies) for reuse, Processing, or Disposal.

Containers:	Not applicable
Service Level:	Multi-Family Premises with Cart Service receive the same Service Level as Single-Family. Multi-Family Premises with Bin Service receive eight (8) Bulky Items per Dwelling Unit in each Multi-Family complex per year.
Service Frequency:	Multi-Family Premises with Cart Services – Three (3) times per year. Multi-Family with Bin Service upon Customer request, at Rate in Exhibit D.
Service Location:	Curbside for Multi-Family Premises with Cart services. Default is Curbside for Multi-Family Premises with Bin service, or if Curbside is not applicable or causes safety concerns, at a mutually agreed-upon location by Customer and Contractor.
Acceptable Materials:	Reusable Materials, Bulky Items, Recyclable Materials, Yard Trimmings, E Waste, and Solid Waste.
Prohibited Materials:	Food Scraps, Hazardous Substances, abandoned automobiles, trees, Excluded Waste, C&D, including roofing, lumber, concrete, masonry, stucco, tile, carpet cuts, or any single item (e.g., large auto parts, etc.) that two (2) people cannot safely handle.
Additional Service:	Contractor shall provide additional Bulky Item/Reusable Materials Collections to Multi-Family Customers, and shall Collect additional Acceptable Materials (as described herein) that exceed the required Service Level (as requested by Customer), and may charge the appropriate Rates approved by the City for such additional service.
Other Requirements:	Contractor shall provide the service to the Customer within one (1) Working Day of the Customer's requested service date, or as mutually agreed upon by the Customer and Contractor. Contractor shall not Dispose of materials Collected through the on-call Bulky Item/Reusable Materials Collection program unless the materials cannot be reused or Recycled. Contractor shall Process and Dispose of Bulky Items and Reusable Materials Collected from Customers in accordance with the following hierarchy: (1) reuse as is (where energy efficiency is not compromised); (2) disassemble for reuse or Recycling; (3) Recycle or Compost; and, if none of the other options are practicable, (4) Dispose.

5. Holiday Tree Collection

Annually, on a mutually agreed-upon date between the City and Contractor not more than three (3) weeks after January 1st of each year,, Contractor shall Collect Holiday trees from Multi-Family Customers. Contractor shall offer each Multi-Family property Owner or manager the option to receive un-Containerized Christmas tree Collection service Curbside, or from designated location at the Multi-Family Premises, as mutually agreed upon between Contractor and the property Owner or manager, at no additional charge. Contractor shall offer each Multi-Family property Owner or manager the option to

receive separate Containers for Holiday tree Collection service in Bins or Roll-Off Boxes, for which Contractor shall provide at the Rates in the approved Rate schedule.

Holiday trees must be removed from stands; cut into lengths no longer than four (4) feet; and, be free of ornaments, garlands, tinsel, flocking, or other decorations. Contractor shall not be required to Collect Holiday trees that do not meet the aforementioned criteria and/or are not placed at the agreed upon Collection location and time period. Contractor shall affix a Non-Collection Notice to any non-Collected Holiday tree informing the Customer of the reason(s) for Non-Collection. Contractor may charge Rates to return and Collect a previously non-Collected Holiday tree that has been corrected and set out.

EXHIBIT B3
COMMERCIAL SERVICES

1. Recyclable Materials Collection

Contractor shall Collect Recyclable Materials placed in Contractor-provided Containers from Commercial Customers subscribing to Recyclable Materials Collection service in accordance with the approved Rate schedule and Transport all Recyclable Materials to the Approved Recyclable Materials Processing Facility(ies) for Processing.

Containers/Frequency: Carts, Bins, Roll-Off Boxes, and Compactors. Sizes and service frequencies as defined in Exhibit D

Service Location: To avoid potential safety concerns, and in accordance with the Municipal Code, the service location will be designated by the Customer, subject to Contractor confirmation of the service location to ensure safe Collection operations at the Commercial Premises.

Acceptable Materials: Recyclable Materials

Prohibited Materials: Organic Materials, Solid Waste, Excluded Waste

Additional Service: Special pick-ups requested by a Customer, on Working Days other than their regularly scheduled Collection day, shall be available at an approved additional charge.

Other Requirements: Contractor shall make contact with each and every Commercial Customer to determine appropriate Container sizes and service frequency. Contractor shall deliver Recyclable Materials Containers to each and every Commercial Customer at the same time that Contractor delivers Solid Waste Containers, unless that Commercial Customer is exempted from Recyclable Materials services by the City or has demonstrated to the City that it is Diverting Recyclable Materials through subscription with another City-approved hauler, or other City-approved method.

Contractor shall open and close gates, push and/or pull Containers, lock and unlock Containers, or perform other services as reasonably necessary to access and empty Containers (additional charges may apply).

Contractor may refuse to Collect a Recyclable Materials Container that contains Prohibited Container Contaminants in the manner and subject to the limits described in Section 4.11, provided that Contractor leaves a Courtesy Pick-Up Notice or Non-Collection Notice in accordance with Section 5.3.B of this Agreement. Contractor shall keep a record of all Non-Collection Notices and Courtesy Pick-Up Notices issued to Customers, recording at a minimum the date, Customer address, and material type of the Container in question.

2. Organic Materials Collection

Contractor shall Collect Organic Materials placed in Contractor-provided Containers not less than one (1) time per week from Commercial Customers in accordance with the approved Rate schedule and Transport all Organic Materials to the Approved Organic Materials Processing Facility(ies) for Processing.

Containers/Frequency: Carts, Bins, Roll-off Boxes, and Compactors. Sizes and service frequencies as

defined in Exhibit D

Service Location: To avoid potential safety concerns, and in accordance with the Municipal Code, the service location will be designated by the Customer, subject to Contractor confirmation of the service location to ensure safe Collection operations at the Commercial Premises.

Acceptable Materials: Organic Materials (including Yard Trimmings and Food Scraps)

Prohibited Materials: Recyclable Materials, Solid Waste, Excluded Waste

Additional Service: Special pick-ups requested by a Customer, on Working Days other than their regularly scheduled Collection day, shall be available at an approved additional charge.

Other Requirements: Contractor shall make contact with each and every Commercial Customer to determine appropriate Container sizes and service frequency. Contractor shall deliver Organic Materials Containers to each and every Commercial Customer at the same time that Contractor delivers Solid Waste Containers, unless that Commercial Customer is exempted from Organic Materials services by the City or has demonstrated to the City that it is Diverting Organic Materials through subscription with another City-approved hauler, or other City-approved method.

Contractor shall open and close gates, push and/or pull Containers, lock and unlock Containers, or perform other services as reasonably necessary to access and empty Containers (additional charges may apply).

Contractor may refuse to Collect an Organic Materials Container that contains Prohibited Container Contaminants in the manner and subject to the limits described in Section 4.11, provided that Contractor leaves a Courtesy Pick-Up Notice or Non-Collection Notice in accordance with Section 5.3.B of this Agreement. Contractor shall keep a record of all Non-Collection Notices and Courtesy Pick-Up Notices issued to Customers, recording at a minimum the date, Customer address and material type of the Container in question.

3. Solid Waste Collection

Contractor shall Collect Solid Waste placed in Contractor-provided Containers not less than one (1) time per week from Commercial Customers in accordance with the approved Rate schedule and Transport all Solid Waste to the Designated Disposal Facility(ies) for Disposal.

Containers/Frequency: Carts, Bins, Roll-off Boxes, and Compactors. Sizes and service frequencies as defined in Exhibit D

Service Location: To avoid potential safety concerns, and in accordance with the Municipal Code, the service location will be designated by the Customer, subject to Contractor confirmation of the service location to ensure safe Collection operations at the Commercial Premises.

Acceptable Materials: Solid Waste

Prohibited Materials: Recyclable Materials, Organic Materials, Excluded Waste

Additional Service: Special pick-ups requested by a Customer, on Working Days other than their regularly scheduled Collection day, shall be available at an approved additional

charge. Such additional picks-ups can be scheduled equating to up to six (6) days per week total service.

Other Requirements: Contractor shall make contact with each and every Commercial Customer to determine appropriate Container sizes and service frequency.

Contractor shall open and close gates, push and/or pull Containers, lock and unlock Containers, or perform other services as reasonably necessary to access and empty Containers (additional charges may apply).

Contractor shall, at Customer's request, annually refurbish, replace, and steam clean, as necessary, all Bins and Roll-off Boxes at no charge to Customers; provided, however, the City may require the steam cleaning or replacement of Containers utilized at restaurants, bars, and grocery stores/markets more frequently, if it determines such action is needed to protect public health and safety. Additional steam cleaning shall be provided to any Customers who request it at a charge not to exceed the Rate set forth in Exhibit D hereto, or alternatively Contractor shall provide a replacement Bin/Roll-off Box to Customers at no charge.

4. Bulky Item/Reusable Materials Collection

Contractor shall Collect Bulky Items, reusable materials, and other materials described herein from Commercial Customers at the Rates included in Exhibit D and Transport all Collected materials to the appropriate Approved Facility(ies) or Designated Disposal Facility(ies) for reuse, Processing, or Disposal.

Containers: Not applicable

Service Level: Commercial Premises may request Bulky Item pickups at the Rates identified in Exhibit D. Twenty (20) item limit, per Collection, based on Rates identified in Exhibit D.

Service Frequency: There is no limit on the amount of Collection requests provided at Rates identified in Exhibit D.

Service Location: Default is Curbside for Commercial Premises, or if Curbside is not applicable or causes safety concerns location, at a mutually agreed upon location by Customer and Contractor.

Acceptable Materials: Reusable Materials, Bulky Items, Recyclable Materials, Organic Materials, E Waste and Solid Waste.

Prohibited Materials: Food Scraps, Hazardous Waste, abandoned automobiles, trees, Excluded Waste, special waste, or any single item (e.g., large auto parts) that two (2) people cannot safely handle.

Additional Service: N/A

Other Requirements: Contractor shall provide the service to the Customer within seven (7) Working Days of the Customer's requested service date, as mutually agreed upon by the Customer and Contractor. Customer may request pickup of a maximum of twenty (20) Bulky Items at each pick-up, charged at Rates in Exhibit D. Contractor shall not Dispose of materials Collected through the on-call Bulky Items/Reusable Materials Collection program unless the materials cannot be Reused or Recycled. Contractor shall Process and Dispose of Bulky Items and Reusable Materials

Collected from Customers in accordance with the following hierarchy: (1) reuse as is (where energy efficiency is not compromised); (2) disassemble for reuse or Recycling; (3) Recycle, Process, or Compost; and, if none of the other options are practicable, (4) Dispose.

5. Roll-off Box Delivery

Contractor shall provide exclusive Roll-off Box service upon request for Collection of Solid Waste, Recyclable Materials, and Organic Materials. Contractor shall deliver a Roll-Off Box to a Customer within seventy-two (72) hours from the initial Customer request (excluding Saturday, Sunday, and Holidays, as defined in Exhibit A). Rates for Roll-Off Box service are listed separately in the approved Rate schedule. Failure to deliver a Roll-Off Box to a Customer by the timeframe established in this Exhibit B3, Section 5 may be subject to Liquidated Damages.

6. Temporary Service

Contractor shall provide exclusive Temporary Service to Customers upon request for Collection of Solid Waste, Recyclable Materials, and Organic Materials. Contractor shall deliver a Temporary Container to a Customer within seventy-two (72) hours from the initial Customer request (excluding Saturday, Sunday, and Holidays, as defined in Exhibit A). Rates for Temporary Service are listed separately in the approved Rate schedule. Failure to deliver a Roll-Off Box to a Customer by the timeframe established in this Exhibit B3, Section 6 may be subject to Liquidated Damages.

EXHIBIT B4
CITY SERVICES

1. Commercial Customer Services to City Facilities

Contractor shall Collect Recyclable Materials, Organic Materials, and Solid Waste from City facilities (including parks) in the same manner as those services are provided to Commercial Customers. Contractor shall provide designated personnel in accordance with Section 5.7.D of this Agreement. Contractor shall provide service to all existing City facilities identified in Exhibit B5, as well as any future City facilities established after the Effective Date. Contractor shall provide these services at no additional cost to the City. City facility service, as described by this Exhibit, shall include unlimited Roll-Off Box Collection service and periodic Bulky Item Collection. Contractor shall deliver Roll-Off Boxes within twenty-four (24) hours of City request. Contractor shall Collect, empty, and return Roll-Off Boxes within twenty-four (24) hours of City request. Contactor shall remove and not return Roll-Off-Boxes within twenty-four (24) hour of City request. Contractor shall provide City-sponsored event services, pursuant to Section 4.5 of the Agreement.

2. Emergency Services

Contractor shall provide emergency services (i.e., special Collections, Transport, Processing, and Disposal) at the request of the City Administrator in the event of major accidents, disruptions, or natural calamities. Contractor shall be capable of providing emergency services within twenty-four (24) hours of notification by the City Administrator, or as soon thereafter as is reasonably practical in light of the circumstances. For any services that exceed the scope of services under this Agreement, Contractor shall be entitled to compensation at the emergency service Rates approved under this Agreement. The City shall have discretion in the method of such compensation between direct payments by the City and allowing such costs to be considered in the adjustment of Rates for the following Rate Period.

3. Shredding Event(s)

For Residential Customers, Contractor shall provide at least two (2) annual shredding event(s) free of charge. Contractor may require proof of residency at such event(s). The location of the event(s) shall be within the City and shall occur in the month specified by the City Administrator. The limit of shredded material accepted shall be three (3) standard office storage boxes per Residential Premises. Where appropriate, this limit may be waived by Contractor on a case-by-case basis.

4. Provision of Compost and Mulch Product

A. **Annual Requirements.** Contractor shall assist City to procure sufficient California-derived Compost product, Mulch, and/or RNG to meet City's requirement for Recovered Organic Waste Products of 0.08 Tons per capita per year, as specified in Applicable Law.

   Contractor shall annually perform the following activities:

1. **Recovered Organic Waste Product(s) for City Use.**

   If requested by the City, Contractor shall provide to the City Recovered Organic Waste Product(s) to assist the City in achieving the City's Recovered Organic Waste Product purchasing requirements, as needed to comply with SB 1383. The City will notify Contractor as to the City's needs for delivery of Recovered Organic Waste Product(s) throughout each calendar year, including the desired quantity of each material. Contractor shall deliver Recovered Organic Waste Product(s) at an agreed upon date and time by the City Administrator to any accessible location within the City. The City will specify the material type to be provided and the quality specifications of the selected material type for any given application. Contractor shall be entitled to compensation for actual costs of providing Recovered Organic Waste Product(s). Contractor shall provide City with copies of supporting documentation, such as invoices for the purchase of Recovered Organic Waste Product(s) and Transportation invoices from providers that deliver the Recovered Organic Waste Product(s). Supporting information and invoices shall align with the recordkeeping requirements of SB 1383 for inclusion in City records. The City shall remit compensation directly to Contractor through payment of invoices submitted by Contractor.

2. **Compost Product/Mulch Give-Away Events.** Contractor shall distribute an annual total of at least twenty (20) Tons (or a higher amount, if requested by the City) of Compost product and/or Mulch to City residents at no additional cost to the City or Customers at one (1) public Compost product/Mulch give-away event per contract year. The location, date, and time of such event shall be mutually agreed upon by Contractor and the City Administrator and may be held in conjunction with other City-approved events. Contractor shall deliver the loose Compost product/Mulch to the agreed-upon event location at no cost to the City. Contractor shall provide at least one (1) attendant for at least six (6) hours per event. Any Compost product and or Mulch given away to the community through this program shall count towards Contractor's obligations to provide City with the amount of Recovered Organic Waste Product required under SB 1383.

3. **Use of RNG.** Contractor shall use reasonable business efforts to use California-derived RNG in Collection vehicles. Contractor shall provide City with the necessary SB 1383 implementation record documentation if RNG is utilized.

4. **Bulk Compost Product and/or Mulch for Private Uses.** If the City is unable to use the full amount of Compost product, Mulch, or both, as acquired under Exhibit B4, Section 4.A.2 above, Contractor shall use best efforts to arrange the legal donation of the remainder of the City's Compost product/Mulch to other productive uses, at no additional cost to the City or Customers.

5. **Other SB 1383 Compliant Methods**. If requested by the City, Contractor, as part of the City's annual Recovered Organic Waste Product request, may utilize other methods approved by CalRecycle or applicable law to assist the City with achieving the procurement requirements, including provision of Organic Material to third parties through direct service provider agreements, purchase of procurement compliance attributes, or other methods of compliance that are approved by CalRecycle. Contractor shall provide City with copies of supporting documentation, such as invoices from third parties, for these arrangements, and any other information required for inclusion in the City's SB 1383 implementation record. The

City shall remit compensation directly to Contractor through payment of monthly invoices submitted by Contractor.

B. **SB 1383 Procurement.** Contractor agrees that any Compost product, Mulch, or both, provided through this Agreement shall comply with the municipal procurement requirements of SB 1383, including being generated from California Organic Waste products, as defined by SB 1383, for each applicable material type.

Upon request by the City, Contractor shall develop a plan to assist the City in meeting its per capita Recovered Organic Waste Product procurement requirement for SB 1383.

C. **Contractor Warranty of Recovered Organic Waste Products.** Contractor shall provide assurance through the execution of a liability waiver stating that all Organic Waste products provided by Contractor and used within the City are free from pathogens and inorganic waste material that may be harmful to the health and welfare of the City and meet or exceed the physical contamination, maximum metal concentration, and pathogen density standards for land application specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3). Contractor shall indemnify and hold harmless the City against any claims arising from contaminated Recovered Organic Waste Products provided by Contractor, as set forth in this section.

5. News Media Relations

Contractor shall notify the City Administrator by email of requests for news media interviews made to Contractor related to the Collection services program provided for in this Agreement within twenty-four (24) hours of Contractor's receipt of the request. Before responding to any media interview request, Contractor shall discuss Contractor's proposed response with the City Administrator.

Copies of draft news releases or proposed articles related specifically to the provision of Collection services within the City under this Agreement shall be submitted to the City for prior review and approval at least five (5) Business Days in advance of provision to such Persons, except where Contractor is required by any law or regulation to submit materials to any regulatory agency in a shorter period of time, in which case Contractor shall submit such materials to the City simultaneously with Contractor's submittal to such regulatory agency.

Copies of articles resulting from media interviews or news releases shall be provided to the City within five (5) Business Days after publication.

6. Waste Generation, Characterization, and Pilot Studies.

Contractor acknowledges that the City, CalRecycle, or other governmental agencies may wish to perform generation and characterization studies periodically with respect to materials covered under this Agreement. Contractor agrees to participate and cooperate with City and its agents and to perform studies and data collection exercises on mutually agreeable terms and time frames, as needed, to

determine weights, volumes and composition of materials generated, Disposed, Diverted, or otherwise Processed.

Contractor that acknowledges that the County, in coordination with the City, is required by SB 1383 to conduct Organic Waste and Edible Food capacity planning studies. Contractor shall provide information to the City as needed for the City's participation in such capacity planning studies. This information and/or participation may include, but is not limited to, conducting or supporting waste characterization studies; providing information regarding existing and potential new or expanded capacity in Contractor's operations for the Collection, Transport, or Processing of Recyclable and Organic Materials; and any other information deemed necessary by the City or County for purposes of the study. Contractor shall respond to any request for information from the City within thirty (30) days, unless another timeframe is otherwise specified or authorized by the City.

Contractor acknowledges that the City may wish to conduct and/or participate in pilot studies related to the Customers and materials that are the subject of this Agreement. If the City requires Contractor to participate in any such a pilot study, Contractor and the City shall mutually agree on the scope of services to be provided by Contractor and the amount of compensation, if any, that the City will pay to Contractor for such participation. In any event, Contractor shall permit and in no way interfere with the Collection and handling of the subject materials by other Persons for such purposes.

7. Abandoned Item Collection

Contractor shall, free of charge, respond to calls from the City's Maintenance and Code Enforcement Divisions and its Police Department to provide Containers and Dispose of Bulky Items, Abandoned Waste, and other Solid Waste, as a result of illegal or unauthorized dumping, or other Code enforcement matters, occurring within the City. Contractor agrees that, if requested to provide such services in connection with abatement activities for which reimbursement is sought from the property Owner by the City through abatement liens or otherwise, Contractor shall provide billing information sufficient for the City to include it in its liens, and Contractor shall be paid at such time as the abatement lien is paid, or reimbursement is otherwise obtained by the City from the property Owner. Upon receipt of a call for service from the City made pursuant to this Section, Contractor shall advise City within four (4) hours as to when service will be provided, and, unless otherwise agreed by the City, service shall be provided within twenty-four (24) hours.

8. Large Venue and Event Assistance, Event Recycling

Contractor shall assist City planners of large venue events with reporting and planning needs to provide Recyclable Materials and Organic Materials Diversion, as may be useful in meeting the requirements of AB 2176 and SB 1383, and in lowering Disposal quantities generated at such events, at no additional charge.

9. Special City Projects

Contractor shall annually supply ten (10) fifteen- (15-) yard Roll-off Box Containers and ten (10) thirty- (30-) yard Roll-Off Box Containers per Rate Period for the Collection of Solid Waste, Recyclable Materials, and Organic Materials for special City projects at no additional charge to the City or Customers.

Dates and locations of special City projects shall be determined by the City. City staff shall inform Contractor of the date and location for each project.

All material Collected during special City projects shall be Transferred, Processed, and/or Disposed in accordance with SB 1383.

Any Containers for special City projects not utilized in a given year will carry forward to the following year for City use.

10. City Sponsored Events

Contractor shall provide Solid Waste, Source Separated Recyclable Materials, and Source Separated Organic Materials Collection and Disposal/Processing services for City-sponsored events, including, but not limited to, the City-sponsored events included in Exhibit B5, at no additional charge to the City or ratepayers. This shall include providing Discarded Material Containers (Carts, Bins, Roll-Off Boxes, and Cardboard waste boxes with liners) to Collect and Dispose of, or Process, all Solid Waste in compliance with SB 1383, where applicable.

11. Facility Tours

Contractor shall offer and promote to the community and the City's K-12 schools free educational tours of Contractor's local facilities.

12. Battery Recycling Program

Contractor shall provide and empty as many battery Recycling containers, as requested by the City, at up to four (4) City-selected City facilities for no additional cost. Contractor shall Collect and replace containers, upon the City's request, for proper Recycling of batteries. Contractor is responsible for proper handling, reporting, and record keeping for the battery Recycling program.

PUBLIC EDUCATION AND OUTREACH REQUIREMENTS

EXHIBIT C
PUBLIC EDUCATION AND OUTREACH REQUIREMENTS

1. General Administration

The City has placed the utmost importance on effective public outreach and education in helping residents and businesses fully understand options for and benefits of source reduction, reuse, Recycling, and Composting. General provisions for public education and outreach are as follows:

A. Within 30 days of the Effective Date, and by May 1 of each following year during the Term of this Agreement, Contractor shall develop and submit an annual public education plan to promote the programs designed by the City and performed by Contractor under this Agreement. Each public education plan shall: (i) specify the target audience for services provided, include upcoming promotions for ongoing and known special events; (ii) identify program objectives, individual tasks, public education materials to be distributed, opportunities for expanded partnerships; and, (iii) provide a timeline for implementation. The City Administrator shall be permitted to provide input on each annual public education plan, and the plan shall not be finalized or implemented without approval of the City Administrator, which shall not be unreasonably withheld. Contractor shall meet with the City Administrator to present and discuss the plan, review the prior year's activities (including sponsorships and services provided to City-sponsored events), and determine whether community activities and the provision of services to the City reflect the City's needs identified by City staff and the City Council. The City Administrator shall be allowed up to sixty (60) calendar days after receipt to review and request modifications. The City Administrator may request, and Contractor shall not unreasonably deny, modifications to be completed prior to approving the plan. Contractor shall have up to fifteen (15) Business Days to revise the plan in response to any requested changes by the City Administrator. Any further delays may result in Liquidated Damages for failure to perform education and outreach activities, as identified in this Exhibit. Each Business Day that the plan is late shall count as a single occurrence.

B. Upon request from the City Administrator or their designee, the City Administrator and Contractor's Contract Administrator shall meet at least one (1) time per month to discuss services, outreach, and educational campaigns and request changes or adaptations to the annual public education plan.

C. Contractor shall distribute instructional information, public education, and promotional materials in advance of, and following, commencement of new or modified services. This shall entail, at a minimum, distributing program literature to all Customers at the commencement of the Agreement, as well as to any new Customers during the Term of the Agreement. Contractor shall use multiple media sources, including print, radio television, electronic/social media, and events to notify Customers of the change in their service provider, if applicable, and to highlight new program offerings. Contractor shall distribute transition and ongoing sector-specific collateral materials. Contractor shall submit all draft materials to the City Administrator for review and approval prior to distribution.

D. All City facilities shall receive any and all public education and outreach materials and services provided to the Commercial sector. Contractor shall provide all printed public education materials to City offices and facilities to have available for the public that visits those facilities. Contractor shall replenish the materials as requested by the City Administrator.

E. Bill inserts may be designed by the City or Contractor. Bill inserts designed by Contractor shall be provided to the City Administrator or their designee a minimum of thirty (30) days prior to publication. The City Administrator or their designee shall review bill inserts designed by Contractor; and Contractor shall be responsible for printing and distributing the billing inserts to all Customers. Contractor shall provide electronic bill inserts (or separate email attachments) to Customers who are billed electronically, and paper bill inserts to Customers who receive paper bills. For Customers receiving electronic bills, Contractor agrees to distribute brochures, newsletters, or other information as attachments to Customer invoices within Contractor's billing system requirements. Electronic bill inserts/attachments must be readily available for the Customer to view upon receipt of the invoice (attachments shall not be provided as links). Upon City request for billing inserts, Contractor shall comply with such request during its next billing cycle for the targeted Customer group, if specified. Contractor shall perform this service with no additional requirement for compensation.

F. Contractor has developed a website specific to its operations in the City, with a section specific to City programs and Customers, which will be used to post educational materials for download, highlight program successes, and provide Diversion statistics. This website can be located at https://www.republicservices.com/municipality/placentia-ca. Contractor's City-specific website shall also include links to relevant web pages on the City's website, where further information can be found. Content for the website shall be approved by the City Administrator. Contractor shall review the website at a minimum annually to update information contained on website. Upon being made aware of an issue that causes the website to be unavailable to Customers for use, Contractor shall provide notice to the City of the issue and estimated time to correct.

2. Sector-Specific Activities

The following tables present the public education and outreach activities to be performed by Contractor each Rate Period as minimum requirements under this Agreement. Each Customer faces unique Discarded Materials management opportunities and challenges; therefore, Contractor shall develop targeted, sector-specific educational materials and perform outreach activities as described for each Customer Type.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Public Education and Outreach | All Sectors

All printed materials must be posted to Contractor's website.

The following general public education and outreach materials shall each be produced for the benefit of all Customer Types that receive Collection service from Contractor.

Activity	Description	Distribution/Frequency
Newspaper Advertisement	Contractor shall distribute a newspaper advertisement that explains all programs that will be offered under the new Agreement. Contractor shall also provide articles on Recycling for local newsletters.	One (1) time at beginning of the Agreement (20-30 days prior to the Effective Date). Annually, as requested thereafter.
Direct Community Outreach	Contractor shall conduct school assemblies and promote Recycling through making presentations and distributing educational materials to the Chamber of Commerce, homeowners associations, construction contractors, and other civic groups.	Annually and as requested by civic groups.
Website	Contractor shall prepare a section of its website where it will present Customers with educational and Diversion programs, upcoming outreach events, services, and resources specific to the City. Website shall include Contractor's Customer service contact information, material on source reduction of household Solid Waste, and relevant legislative requirements.	Updated as mutually agreed.
Corrective Action Notices – "Contamination Tag"	Contractor shall produce and distribute a notice for use in instances where the Customer includes Prohibited Container Contaminants in a Container or fails to properly prepare Containers. This form shall also be printed and made available in Spanish.	As needed.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Public Education and Outreach | Single-Family Education and Outreach Activities

All printed materials also to be posted to Contractor's website.

Activity	Description	Distribution/Frequency
Initial Mailing	Contractor shall produce and distribute a initial mailing to Single-Family Customers explaining the program changes in the new Agreement; changes from the existing Collection programs to new programs; regulatory requirements, including SB 1383; and, the Effective Date of the change. Contractor shall include its Holiday schedule and the Residential Recycling and expanded services guide.	One (1) time at beginning of the Agreement (45-60 days prior to Effective Date) via direct mail.
Annual Notice	Contractor shall prepare and distribute to each Customer a brochure providing relevant information about Contractor's services, including, at a minimum: information regarding access to and use of available services; Collection schedules; Holiday Collection schedules; Customer service contact information; procedures to begin and terminate services; and, information promoting and explaining available programs, such as Recyclable Materials, Organic Materials, Holiday Tree, and Bulky Item Collections, the availability of Household Hazardous Waste, U-Waste, and E-waste Collection, and the proper handling and Disposal of such wastes. This brochure shall also be printed and made available in Spanish.	One (1) time per year.
Recycling Guide	Contractor shall produce and distribute a "Recycling Guide" specific to Single-Family Customers. This guide shall include information on Collection methodologies, set-out instructions, set-out schedules, Customer service contact information, and acceptability and necessary preparation of materials for all Single-Family programs described in Exhibit B1. A section of the guide will specifically address proper methods of handling and Disposal of Hazardous Wastes.	Affixed (inside plastic bag, zip-tied to handle) to every Single-Family Recyclable Materials Cart delivered prior to the Effective Date, and thereafter to all new Customers. By direct mail annually thereafter to each Single-Family Customer.
Neighborhood Group & HOA Visits	Contractor shall visit homeowner associations and other neighborhood groups and associations to promote and explain the Recycling programs included in this Agreement.	At City Administrator and/or their designee or Customer request.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Activity	Description	Distribution/Frequency
Quarterly Newsletter	Contractor shall be responsible for all costs incurred for the production and mailing of the City's quarterly newsletter. The City reserves the right to direct the production of the quarterly newsletter to a contractor of the City's choosing. The quarterly newsletter will include information on current regulations, additional regulations adopted during the Term of this Agreement, and any Term extensions granted by the City. Contractor shall be required to coordinate distribution of the quarterly newsletter via U.S. Mail with a local mailing house, including furnishing Customer mailing addresses.	Not less than four times per year during each Rate Period.
Corrective Action Notices	Contractor shall produce and distribute a Single-Family Customer-oriented Non-Collection Notice and Courtesy Pick-Up Notice for use in instances where the Customer includes Prohibited Container Contaminants in a Container or fails to properly prepare or set out Containers.	As needed.
Seasonal Program Notifications	Contractor shall provide written notification to all Single-Family Customers advertising Holiday tree Collections, pursuant to Exhibit B1, Section 5 and any other seasonal or periodic program(s). The notification shall inform Customers of the schedule, acceptable and prohibited materials, and set-out requirements for the program. Contractor shall provide an electronic version of this notification to the City that can be disseminated via the City website and social media pages.	At least fourteen (14) calendar days prior to event via direct mail to Customers and via email to the City.
Website	Contractor shall prepare a "Single-Family Customer" section of its website where it will present Customers with "how-to" information for participating in Contractor-provided programs, including proper Container set outs, and provide Single-Family Customers with links to click on for additional resources. All other Single-Family educational materials specified in this Exhibit shall be posted on this section of Contractor's website in PDF and/or video format. The website shall also publish the current Rates charged to Single-Family Customers within the City.	At least sixty (60) calendar days prior to Effective Date. Updated no less than quarterly.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Activity	Description	Distribution/Frequency
Mandatory Recyclable Materials and Organic Materials Outreach Activities	Contractor shall produce and Distribute outreach materials containing information to assist City with outreach compliance for various Applicable Laws related to Mandatory Recyclable Materials and Organic Materials Collection, including, but not limited to, SB 1383. Can be combined with annual notice requirements and quarterly newsletters.	One (1) time annually.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Public Education and Outreach | Multi-Family Education and Outreach Activities

All printed materials also to be posted to Contractor's website.

Description	Purpose	Distribution/Frequency
New Programs Mailing	Contractor shall produce and Distribute an initial mailing to all Multi-Family Dwelling Units within the City explaining the program changes in the new Agreement; changes from the existing Collection programs to new programs; new regulatory requirements, including SB 1383; and, the Effective Date of the change.	One (1) time at beginning of the Agreement (45-60 calendar days prior to Effective Date) via direct mail to each Multi-Family Dwelling Units in the City.
Annual Notice	Contractor shall prepare and distribute to each Customer a brochure providing relevant information about Contractor's services, including, at a minimum: information regarding access to and use of available services; Collection schedules; Holiday Collection schedules; Customer service contact information; procedures to begin and terminate services; and information promoting and explaining available programs, such as Recyclable Materials, Organic Materials, Holiday Tree, and Bulky Item Collections, the availability of Household Hazardous Waste, U-Waste and E-waste Collection, and the proper handling and Disposal of such wastes. This brochure shall also be printed and made available in Spanish languages.	One (1) time per year.
Recycling Guide	Contractor shall produce and Distribute a "Recycling Guide" specific to Multi-Family Customers, with updated versions of the guide as needed. This guide shall include information on Collection methodologies, set-out instructions, Customer service contact information, and acceptability and necessary preparation of materials for all Multi-Family programs described in Exhibit B2. A section of the guide will specifically address proper methods of handling and Disposal of Hazardous Wastes.	One (1) time at beginning of the Agreement (20-30 days prior to Effective Date) and as needed via direct mail to each Multi-Family Dwelling Units in the City.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Description	Purpose	Distribution/Frequency
Technical Assistance: Diversion Opportunity Assessments	Contractor shall offer Diversion opportunity assessments to each and every Multi-Family Customer, during which Contractor shall meet with the property manager or Owner of the Multi-Family Premises to promote Recyclable Materials and Organic Materials Collection.	Offer in-person meetings to each and every Multi-Family Customer conducted one (1) time annually, plus follow-up meetings with individual Customers, as needed.
Workshops	Contractor shall offer and respond to requests for onsite meetings and workshops. Contractor shall conduct workshops for Customers (when requested) that will show property managers and residents, in a hands-on interactive format, how to use the Recyclable Materials and Organic Materials program. Contractor shall provide resources for additional information and support.	At Customer's request.
Website	Contractor shall prepare a "Multi-Family Customer" section of its website where it will present "how-to" information for participating in Contractor-provided programs including proper Container set-outs, and provide Multi-Family Customers with links to click on for additional resources. All other Multi-Family educational materials specified in this Exhibit shall be posted on this section of Contractor's website in PDF and/or video format. The website shall also publish the current Rates charged to Multi-Family Customers within the City. The website shall also provide property managers of Multi-Family Premises with an opportunity to request "Diversion opportunity assessments", or additional education materials to provide to tenants.	At least sixty (60) calendar days prior to Effective Date. Updated no less than quarterly.
Mandatory Recyclable Materials and Organic Materials Outreach Activities	Contractor shall disseminate outreach materials containing information to assist City with outreach compliance for various Applicable Laws related to Mandatory Recyclable Materials and Organic Materials Collection, including but not limited to AB 341, AB 1826, and SB 1383. Can be combined with annual notice requirements and quarterly newsletters.	One (1) time annually

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Description	Purpose	Distribution/Frequency
Educational Materials for Employees/Tenants	Contractor shall provide Multi-Family property managers/Owners with public education materials, required by SB 1383, for their distribution to all employees, contractors, tenants, and Customers of the property or business. The public education materials shall include, at a minimum, information about Organic Waste recovery requirements and proper sorting of Discarded Materials. Multi-Family property managers/Owners may request these materials more frequently if needed to comply with the SB 1383 requirement to provide information to new tenants before or within 14 calendar days of occupancy.	One (1) time annually; or more frequently upon Customer request.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Public Education and Outreach | Commercial Education and Outreach Activities

All printed materials also to be posted to Contractor's website.

Description	Purpose	Distribution/Frequency
New Programs Mailing	Contractor shall prepare and distribute an initial mailing to all Commercial Customers within the City explaining the program changes in the new Agreement; changes from the existing Collection programs to new programs; and, the Effective Date of the change.	One (1) time at beginning of the Agreement (45-60 days prior to Effective Date) via direct mail.

This brochure shall also be printed and made available in Spanish, .	One (1) time per year.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Description	Purpose	Distribution/Frequency
Recycling Guide	Contractor shall produce a "Recycling Guide" specific to Commercial Customers, with updated versions of the guide as needed. This guide shall include information on Collection methodologies, set-out instructions, Customer service contact information, and acceptability and necessary preparation of materials for all Commercial programs described in Exhibit B3. A section of the guide will specifically address proper methods of handling and Disposal of Hazardous Wastes.	One (1) time at beginning of the Agreement (20-30 days prior to Effective Date) and as needed via direct mail. Distributed during Diversion opportunity assessments.
"How-To" Flyer: Recyclable Materials	Contractor shall prepare and distribute a "how-to" brochure explaining the Recyclable Materials Collection programs for each general business type (restaurants, office/Commercial buildings, strip malls, and large Commercial businesses).	One (1) time at beginning of the Agreement (20-30 days prior to Effective Date) via direct mail and as needed via direct mail. Distributed during Diversion opportunity assessments.
"How-To" Flyer: Organic Materials	Contractor shall prepare and distribute a flyer describing the Organic Materials Collection services available and how to prepare Organic Materials for Collection for each general business type (restaurants, office/Commercial buildings, strip malls, and large Commercial businesses).	One (1) time at beginning of the Agreement (20-30 days prior to Effective Date) via direct mail and as needed via direct mail. Distributed during Diversion opportunity assessments.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Description	Purpose	Distribution/Frequency
Technical Assistance: Diversion Opportunity Waste Assessments	Contractor shall offer Diversion opportunity assessments to each and every Commercial Customer to promote Recyclable and Organic Materials Collection and replenish Recycling Guides and Recyclable Materials and Organic Materials posters, as needed by each Customer.	Offer one (1) time annually during in-person meetings with each and every Commercial Customer, plus follow-up meetings with individual Customers, as required.
Recyclable Materials and Organic Materials Posters	Contractor shall produce and distribute (during Diversion opportunity assessments) laminated Recyclable Materials and Organic Materials posters that provide graphic illustrations of acceptable and prohibited materials within each program.	Distributed during Diversion opportunity assessments.
Quarterly Bill Inserts	Contractor shall prepare and distribute quarterly bill inserts that creatively inform Commercial Customers about such topics as: cost savings available from source reduction, reuse, and Recycling; tips for overcoming common operational challenges businesses have with Recyclable Materials and Organic Materials programs; the environmental benefits of buying Recycled-content products; and statistics, trends, and facts about programs performed under this Agreement (i.e. Collected Tonnage, year over year increase/decrease, markets for material Collected, what each material is Recycled into), as appropriate. Contractor's annual public education plan shall define a theme for each quarterly insert.	One (1) time per quarter via direct mail to each Commercial Customer in the City.
Corrective Action Notices	Contractor shall produce a Commercial Customer oriented corrective action notice for use in instances where the Customer includes Prohibited Container Contaminants in a Container or fails to properly prepare or set out Containers.	As needed.
Mandatory Recyclable Materials and Organic Materials Outreach Activities	Contractor shall disseminate outreach materials related to the mandatory nature of Recyclable Materials and Organic Materials Collection services, upon request from the City Administrator. Such outreach shall be designed to assist the City in complying with the outreach requirements of various Applicable Laws related to the mandatory provision of Recyclable Materials and Organic Materials Collection and Diversion services.	One (1) time annually.

EXHIBIT C
PUBLIC EDUCATION & OUTREACH PLAN

Description	Purpose	Distribution/Frequency
Educational Materials for Employees/Tenants	Contractor shall provide Commercial property managers/Owners with public education materials, required by SB 1383, for their distribution to all employees, contractors, tenants, and Customers of the property or business. The public education materials shall include, at a minimum, information about Organic Waste recovery requirements and proper sorting of Discarded Materials. Commercial Customers may request these materials more frequently if needed to comply with the SB 1383 requirement to provide information to new tenants before or within 14 calendar days of occupancy.	One (1) time annually; or more frequently upon Customer request. Can be provided electronically to property or business.
Commercial Edible Food Generator Education	Contractor shall provide Customers that are Commercial Edible Food Generators with the following: 1. Information about the City's Edible Food Recovery program. 2. Information about the Commercial Edible Food Generator requirements under 14 CCR, Division 7, Chapter 12, Article 10. 3. Information about Food Recovery Organizations and Food Recovery Services operating within the City, and where a list of those Food Recovery Organizations and Food Recovery Services can be found. 4. Information about actions that Commercial Edible Food Generators can take to prevent the creation of Food Waste.	One (1) time annually.

EXHIBIT F:
REPORTING REQUIREMENTS

EXHIBIT F
REPORTING REQUIREMENTS

Records shall be maintained in forms and by methods that facilitate flexible use of data contained in them to structure reports, as needed. Reports are intended to compile recorded data into useful forms of information that can be used to, among other things:

1. Determine and set Rates and evaluate the financial efficacy of operations.

2. Evaluate past and expected progress towards achieving Contractor's Diversion goals and objectives.

3. Provide concise and comprehensive program information and metrics for use in fulfilling reporting requirements under Applicable Law.

4. Determine needs for adjustment to programs and Rates.

5. Evaluate Customer service and Complaints.

6. Determine Customer compliance with AB 341, AB 1826, SB 1383, and any subsequent State-mandated Recycling requirements.

1. Monthly Report Content

Monthly reports shall be submitted by Contractor to the City and shall include the following information pertaining to the most recently-completed calendar month. In addition, each monthly report shall include a year-to-date summary page that includes the data submitted from the monthly report(s) the calendar year prior. Contractor shall report the information included in the following subsections.

A. Tonnage Report

1. Tonnage delivered to each Approved Facility by Customer Type, subtotaling and clearly identifying those Tons that are Diverted and those that are Disposed.
2. Bulky Items Collected by Customer Type.
3. Solid Waste Tonnage Disposed.
4. Recyclable Materials Tonnage.
5. Bulky Items Marketed and Tonnage Disposed from non-Divertible materials and Processing Residue.
6. Monthly Diversion rate by Customer Type and in aggregate for all Customer Types under this Agreement.

B. Diversion Report

Diversion level for each month and the cumulative year-to-date Diversion Level, where Diversion level shall be calculated as: (Discarded Materials Collected – Solid Waste Collected – Processing Residue Disposed) / Discarded Materials Collected.

C. Revenue Report

A statement detailing Gross Receipts from all operations conducted or permitted pursuant to this Agreement.

D. Customer Subscription and Collection Report

1. A summary of Customer subscription data, including the number of accounts and the number of Customers subscribing to each Service Level listed separately by Customer Type and Discarded Material type.
2. Number of Containers at each Service Level by Customer Type and program, summarizing the total gallons of Cart service, cubic yards of Bin service, and pulls and cubic yards or Tons of Roll-Off Box and Compactor service, by Customer Type. Report shall calculate the average volume of service received per: Single-Family Dwelling Unit (separately identifying Dwelling Units in a du-plex, tri-plex, or four-plex); Multi-Family Dwelling Unit; and, Commercial Customer.
3. List of all Commercial and Multi-Family Customers with Solid Waste service. Such list shall include each such Customer's service address and subscribed Solid Waste, Recyclable Materials, and Organic Materials Service Levels, and other information as required by the Agreement. The list shall include all information in one line for each Customer, illustrating the Service Level for each Material Type and the total Service Level for all Material Types to which the Customer has subscribed.
4. Number of Bulky Item/Reusable Materials Collection events by Customer Type.
5. Number of Customers subscribing to each City-approved service exemption by Customer Type; including the total number of de minimis waivers, physical space constraint waivers, and Collection frequency waivers granted in the month, in accordance with Section 4.10.2, including the Customer name and address for each waiver
6. Number of waivers reviewed and number of reverification inspections performed by Contractor, pursuant to Section 4.10.2 of this Agreement, in the month, if any, including a copy of documentation for each waiver review and reverification inspection.
7. List of Commercial Generators with decreased Service Levels, cancellation of service, and new service.

E. City Services Report

1. City facility Diversion rate report (i.e. volume of service by Service Type received by each City Facility).
2. Summary report on the programs offered to the City, as described in Exhibits B4 and B5 focused on when each service was provided and any issues/concerns identified.

F. Customer Service Report

1. Number of events of Discarded Materials being tagged for Non-Collection, summarized by the reason for tagging (e.g., inclusion of non-Recyclable or non-Compostable materials, improper set-out, Hazardous Waste, etc.).

2. Number of courtesy pick-up Collections, summarized by the reason for leaving a Courtesy Pick-Up Notices (e.g., inclusion of non-Recyclable or non-Compostable materials, improper set-out, Hazardous Waste, etc.).

3. List of Customers for which Contractor has performed a courtesy pick-up Collection, including the Customer address and material type for which the courtesy pick-up Collection was performed.

4. Record of SB 1383 non-compliance Complaints received, including the following information:

   a. Total number of Complaints received and total number of Complaints investigated.

   b. Copies of documentation recorded for each Complaint received, which shall at a minimum include the following information: (i) the Complaint as received; (ii) the name and contact information of the complainant, if the Complaint is not submitted anonymously; (iii) the identity of the alleged violator, if known; (iv) a description of the alleged violation; including location(s) and all other relevant facts known to the complainant; (v) any relevant photographic or documentary evidence submitted to support the allegations in the Complaint; and, (vi) the identity of any witnesses, if known.

   c. Copies of all Complaint reports submitted to the City, pursuant to Section 4.8.1.C of this Agreement.

   d. Documentation of any follow-up inspections and/or outreach, if any, conducted upon City request pursuant to Section 4.8.3 of this Agreement, which shall include at a minimum: (i) the date Contractor investigated the Complaint; (ii) documentation of the findings of the investigation; and (iii) any photographic or other evidence collected during the investigation.

G. Contamination Monitoring Report

1. Description of Contractor's process for determining the level of contamination or Container overfilling. Contractor shall document the contamination and/or overfilling through use of film or digital photography.

2. A record of each contamination fee assessed, which shall include, at a minimum:

   a. Name and address of the Customer.

   b. The date the contaminated Container was observed.

   c. The staff who conducted the inspection.

   d. The total number of violations found and a description of what action was taken for each.

   e. Copies of all notices to Customers with Prohibited Container Contaminants.

   f. Photographic documentation.

3. Documentation of the total number of Containers Disposed of due to observation of Prohibited Container Contaminants.

4. Summary report of Courtesy Pick-Up Notices, Non-Collection Notices, and/or Contamination Processing Fee Notices issued, including the date of issuance, Customer name, and service address for each notice.

5. A list of all Customers assessed with contamination Processing fees, pursuant to Section 4.11.E of this Agreement, reported separately by Customer Type, and including the Customer name, Customer address, and reason for the assessment of the contamination Processing fee; the total number of instances Contamination Processing Fees were assessed in the month; list of Customer Complaints in response to fee assessment; Contractor's response and actions taken in response to Customer Complaints; and, the total amount of fees collected in the month.

6. Any other information reasonably requested by the City or specified in contamination monitoring provisions of this Agreement.

2. Quarterly Report Content

A. Education and Outreach

1. A copy of all education and outreach materials provided to Generators, or otherwise used for education and outreach efforts in accordance with Section 4.6 of the Agreement and Exhibit C, including, but not limited to: flyers, brochures, newsletters, invoice messaging/billing inserts, website postings, and social media postings.

2. A record of the date and to whom the information was disseminated, or direct contact made, in the form of a list that includes: the Generator's name or account name, the type of education or outreach received; the distribution date, and the method of distribution.

3. For any mass distribution through mailings or bill inserts, a record of the date, a copy of the information distributed, and the type and number of accounts that received the information.

4. A copy of all electronic media, including the dates posted or sent for: social media posts, email communications, or other electronic messages. A summary report shall be provided for electronic marketing that itemizes each communication and reports performance metrics for each that are relevant to that type of communication (e.g. open and click-through rates for email marketing, engagement numbers for social media, etc.).

5. Summary of the results of the Diversion opportunity assessments provided to Customers (reporting Multi-Family separate from Commercial) by identifying the number of Diversion opportunity assessments conducted each month in the most-recently completed quarter, including contact information with address, contact names, telephone number of Persons contacted, number of Dwelling Units (for Multi-Family), and the Recyclable Materials, Organic Materials, and Solid Waste Service Level for each complex. Include any Service Level changes resulting from such visits.

6. Summary of the public education materials and activities provided to schools in the month, if any; including results from Diversion opportunity assessments, as described in Exhibit C.

7. Dates, times, and group or event names of any site visits, meetings, and events attended in the month.

3. Annual Report Content

The annual report shall be the final monthly and quarterly reports, including annual totals, summary pages, and a compilation of any materials required by the monthly reports, plus the following additional information:

A. Summary Assessment

A summary assessment of the programs performed under this Agreement from Contractor's perspective relative to the financial and physical status of the program. The physical status assessment shall reflect how well the program is operating in terms of efficiency, economy, and effectiveness in meeting all the goals and objectives of this Agreement, particularly Contractor's Diversion goals. Provide recommendations and plans to improve, and highlight significant accomplishments and problems. Results shall be compared to other similar size communities served by the Contactor in the State.

B. Collection and Processing Report

1. The total Tonnage amount of Discarded Materials removed from homeless encampments and illegal Disposal sites as part of an abatement activity, listing each Collection event separately by date, location, and Tonnage Collected, pursuant to Exhibit B4.
2. A record of all compliance agreements for quarantined Organic Wastes that are Disposed, including the name of Generator, date issued, location of final Disposition, and the amount of quarantined Organic Wastes that were required to be Disposed at a landfill, pursuant to Section 4.10.3.B of the Agreement.
3. Written notification that the Approved Organic Materials Processing Facility(ies) has and will continue to have the capabilities to Process and recover the Compostable Plastics, in accordance with Section 4.1.J of the Agreement.
4. The total Tonnage amount of E-Waste and U-Waste Collected in the City by Customer type.
5. Recyclable Materials Tonnage marketed (by commodity and including average commodity value for each) and Processing Residue Tonnage Disposed.

C. Education and Outreach Report

1. A summary of the status of the annual education plan of the reporting year, including activities conducted and the quantitative and/or qualitative results of those activities.
2. The annual public education plan required by Exhibit C.1.A for the upcoming then-current calendar year. For example, Contractor submittal of a 2026 annual report in February 2027 shall include Contractor submittal of the annual public education plan for calendar year 2027.

D. Commercial Edible Food Generator Report

1. Commercial Customer list, including contact information requested by the City Administrator or their designee and designation of each Commercial Customer as either "Tier One", "Tier Two", or "Non-Covered" Edible Food Generator.

E. Vehicle Inventory

1. A list of all vehicles used in performing services under this Agreement, including the license plate number, VIN, make, model, model year, purchase date, engine overhaul/rebuild date (if applicable), and mileage at December 31.
2. The total amount of RNG procured by Contractor for use in Contractor vehicles, in diesel gallon equivalents (DGE), including copies of any receipts, invoices, or other similar documentation evidencing procurement. In addition to the amount procured, Contractor shall include the total amount actually used in Contractor vehicles in the calendar year, if these values are different.
3. The name, physical location, and contact information of each entity, operation, or facility from whom Contractor procured RNG for Collection vehicles.

F. AB 341/AB 1826 Compliance

A list of Commercial Customers subscribing to four (4) or more cubic yards of Solid Waste service per week who do not currently subscribe to Recyclable Materials Collection service from Contractor.

A list of Commercial Customers subscribing to two (2) or more cubic yards of Solid Waste service per week who do not currently subscribe to Organic Materials Collection service from Contractor.

G. Subcontractors

A list of Subcontractors which Contractor plans to use in the upcoming year and an updated list of those used in the prior reporting year.

4. Additional Reports

A. Upon Incident Reporting. The City reserves the right to request additional reports or documents in the case of unforeseen events or additional requirements imposed upon the City. Contractor shall provide the requested reports, documents, or information within ten (10) Business Days upon receipt of the request or within a timeframe determined by the City Administrator or their designee, which shall not to exceed ten (10) days.

B. AB 901 Reporting. At the City's option, the City may require that Contractor provide the City copies of Contractor's AB 901 reports on a regular basis (such as monthly, quarterly, or annually) or within ten (10) Business Days of the request.

C. Customized Reports. The City reserves the right to request Contractor to prepare and provide customized reports from records Contractor is required to maintain.

EXHIBIT G:
EXAMPLE CORPORATE GUARANTEE

EXHIBIT G
EXAMPLE CORPORATE GUARANTY

THIS GUARANTY (the "Guaranty) is given as of the 16th day of June, 2026.

THIS GUARANTY is made with reference to the following facts and circumstances:

A. Republic Services, Inc., a Delaware corporation ("Guarantor").

B. Contractor and the City have negotiated an Agreement for Collection, Processing, and Disposal of Solid Waste dated as of June 2, 2026, (hereinafter "Agreement"). A copy of this Agreement is attached hereto.

C. It is a requirement of the Agreement, and a condition to the City entering into the Agreement, that Guarantor guaranty Contractor's performance of the Agreement.

D. Guarantor is providing this Guaranty to induce the City to enter into the Agreement.

NOW, THEREFORE, in consideration of the foregoing, Guarantor agrees as follows:

1. **Guarantee of the Agreement.** Guarantor hereby irrevocably and unconditionally guarantees to the City the complete and timely performance, satisfaction and observation by Contractor of each and every term and condition of the Agreement which Contractor is required to perform, satisfy or observe. In the event that Contractor fails to perform, satisfy or observe any of the terms and conditions of the Agreement, Guarantor will promptly and fully perform, satisfy or observe them in the place of Contractor or cause them to be performed, satisfied or observed. Guarantor hereby guarantees payment to the City of any damages, costs or expenses which might become recoverable by the City from Contractor due to its breach of the Agreement.

2. **Guarantor's Obligations Are Absolute**. The obligations of the Guarantor hereunder are direct, immediate, absolute, continuing, unconditional and unlimited, and with respect to any payment obligation of Contractor under the Agreement, shall constitute a guarantee of payment and not of collection, and are not conditional upon the genuineness, validity, regularity or enforceability of the Agreement. In any action brought against the Guarantor to enforce, or for damages for breach of, its obligations hereunder, the Guarantor shall be entitled to all defenses, if any, that would be available to Contractor in an action to enforce, or for damages for breach of, the Agreement (other than discharge of, or stay of proceedings to enforce, obligations under the Agreement under bankruptcy law).

3. **Waivers**. Except as provided herein the Guarantor shall have no right to terminate this Guaranty or to be released, relieved, exonerated or discharged from its obligations under it for any reason whatsoever, including, without limitation: (1) the insolvency, bankruptcy, reorganization or cessation of existence of Contractor; (2) the actual or purported rejection by a trustee in bankruptcy of the Agreement, or any limitation on any claim in bankruptcy resulting from the actual or purported termination of the Agreement; (3) any waiver with respect to any of the obligations of the Agreement guaranteed hereunder or the impairment or suspension of any of the City's rights or remedies against Contractor; or (4) any merger or consolidation of Contractor with any other corporation, or any sale, lease or transfer of any or all the assets of Contractor. Without limiting the generality of the foregoing, Guarantor hereby waives the rights and benefits under California Civil Code Section 2819.

The Guarantor hereby waives any and all benefits and defenses under California Civil Code Section 2846, 2849, and 2850, including without limitation, the right to require the City to (a) proceed against Contractor, (b) proceed against or exhaust any security or collateral the City may hold now or hereafter hold, or (c) pursue any

other right or remedy for Guarantor's benefit, and agrees that the City may proceed against Guarantor for the obligations guaranteed herein without taking any action against Contractor or any other guarantor or pledgor and without proceeding against or exhausting any security or collateral the City may hold now or hereafter hold. The City may unqualifiedly exercise in its sole discretion any or all rights and remedies available to it against Contractor or any other guarantor or pledgor without impairing the City's rights and remedies in enforcing this Guaranty.

The Guarantor hereby waives and agrees to waive at any future time at the request of the City to the extent now or then permitted by applicable law, any and all rights which the Guarantor may have or which at any time hereafter may be conferred upon it, by statute, regulation or otherwise, to avoid any of its obligations under, or to terminate, cancel, quit or surrender this Guaranty.

The Guarantor hereby expressly waives diligence, presentment, demand for payment or performance, protest and all notices whatsoever, including, but not limited to, notices of non-payment or non-performance, notices of protest, notices of any breach or default, and notices of acceptance of this Guaranty. If all or any portion of the obligations guaranteed hereunder are paid or performed, Guarantor's obligations hereunder shall continue and remain in full force and effect in the event that all or any part of such payment or performance is avoided or recovered directly or indirectly from the City as a preference, fraudulent transfer or otherwise, irrespective of (a) any notice of revocation given by Guarantor or Contractor prior to such avoidance or recovery, and (b) payment in full of any obligations then outstanding.

4. **Term**. This Guaranty is not limited to any period of time, but shall continue in full force and effect until all of the terms and conditions of the Agreement have been fully performed or otherwise discharged and Guarantor shall remain fully responsible under this Guaranty without regard to the acceptance by the City of any performance bond or other collateral to assure the performance of Contractor's obligations under the Agreement. Guarantor shall not be released of its obligations hereunder so long as there is any claim by the City against Contractor arising out of the Agreement based on Contractor's failure to perform which has not been settled or discharged.

5. **No Waivers**. No delay on the part of the City in exercising any rights under this Guaranty or failure to exercise such rights shall operate as a waiver of such rights. No notice to or demand on Guarantor shall be a waiver of any obligation of Guarantor or right of the City to take other or further action without notice or demand. No modification or waiver of any of the provisions of this Guaranty shall be effective unless it is in writing and signed by the City and by Guarantor, nor shall any waiver be effective except in the specific instance or matter for which it is given.

6. **Attorney's Fees**. In addition to the amounts guaranteed under this Guaranty, Guarantor agrees in the event of Guaranty's breach of its obligations, to pay reasonable attorney's fees and all other reasonable costs and expenses incurred by the City in enforcing this Guaranty or in any action or proceeding arising out of or relating to this Guaranty, including any action instituted to determine the respective rights and obligations of the Parties hereunder.

7. **Governing Law: Jurisdiction**. This Guaranty is and shall be deemed to be a contract entered into in and pursuant to the laws of the State of California and shall be governed and construed in accordance with the laws of California without regard to its conflicts of laws, rules for all purposes including, but not limited to, matters of construction, validity and performance. Guarantor agrees that any action brought by the City to enforce this Guaranty may be brought in any court of the State of California and Guarantor consents to personal jurisdiction over it by such courts. Guarantor appoints the following Person as its agents for service of process in California:

_____

_____

_____

_____

With a copy by certified mail to:

_____

_____

_____

_____

8. **Severability**. If any portion of this Guaranty is held to be invalid or unenforceable, such invalidity will have not have an effect upon the remaining portions of this Guaranty, which shall be severable and continue in full force and effect.

9. **Binding On Successors**. This Guaranty shall inure to the benefit of the City and its successors and shall be binding upon Guarantor and its successors, including transferee(s) of substantially all of its assets and its shareholder(s) in the event of its dissolution or insolvency.

10. **Authority**. Guarantor represents and warrants that it has the corporate power and authority to give this Guaranty, that its execution of this Guaranty has been authorized by all necessary action under its Articles of Incorporation and By-Laws, and that the Person signing this Guaranty on its behalf has the authority to do so.

11. **Notices**. Notice shall be given in writing, deposited in the U.S. mail, registered or certified, first class postage prepaid, addressed as follows:

To the City/District: City of Placentia
City Administrator
401 East Chapman Avenue
Placentia, California 92870

with a copy to the City Attorney at the same address.

EXHIBIT H:
CONTRACTOR'S FAITHFUL PERFORMANCE BOND

EXHIBIT H
CONTRACTOR'S FAITHFUL PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS:

That _____, a California _____, as PRINCIPAL, and _____ _____, a Corporation organized and doing business by virtue of the laws of the State of California, and duly licensed for the purpose of making, guaranteeing, or becoming sole surety upon bonds or undertakings required or authorized by the laws of the State of California, as SURETY, are held and firmly bound to the City of Placentia ("City"), hereinafter called OBLIGEE, in the penal sum of one million dollars ($1,000,000) lawful money of the United States, for the payment of which, well and truly to be made, we and each of us hereby bind ourselves, and our and each of our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH THAT:

WHEREAS, the above bounden PRINCIPAL has entered into a contract, entitled "INTEGRATED SOLID WASTE MANAGEMENT SERVICES" with City, to do and perform the following work, to wit: Collect, Process and Dispose of Solid Waste generated within the City, in accordance with the contract.

NOW, THEREFORE, if the above bounden PRINCIPAL shall well and truly perform, or cause to be performed each and all of the requirements and obligations of said contract to be performed by said PRINCIPAL, as in said contract set forth, then this BOND shall be null and void after receipt of written release from the City as described in Section 9.4 of this Agreement; otherwise it will remain in full force and effect.

And the said Surety, for value received hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the contract or to the work to be performed thereunder or the specifications accompanying the same shall in any wise affect its obligations on this BOND, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the contract or to the work or to the specifications.

In the event suit is brought by OBLIGEE to enforce the provisions of this bond, said Surety will pay to OBLIGEE reasonable attorneys' fees, plus costs of suit, in an amount to be fixed by the court.

IN WITNESS WHEREOF, said PRINCIPAL and said SURETY have caused these presents to be duly signed and sealed this _____DAY OF _____, 2026.

: Data to be entered in bold, outlined boxes with yellow highlight.

: Information to be removed when Processing Cost is adjusted by CPI

Values and rates used for example purposes only.

Residential Rate Adjustment for Change to Organic Materials Facility					
Row		**Republic's 2025 Organics Costs**	**[Insert Facility Name] Organics Costs**	**Increase (Decrease) to Residential Monthly Rate**	**Notes**
Residential Single-Family					
1	Pre-Processing Cost / Ton	$ 48.86	$ 48.86		Future Organics Pre-Processing costs equal to Current Pre-Processing Costs
2	Transportation Cost / Ton	$ 57.05	$ 15.92		Future Organics Transportation Costs assumed equivalent to disposal transportation costs for Rainbow Facility to OC Waste and Recycling.
3	Tip Fee / Ton	$ 47.74	$ 82.00		Future Organics Tip Fee based on proposed OCWR WISE Tip Fee.
4	Processing Cost / Ton of Organic Materials*	$ 153.65	$ 146.78		Calculation: R1 + R2 + R3
5	Lbs. / Ton	2,000	2,000		
6	Organic Materials Processing Cost / Lb.	$ 0.08	$ 0.07		Calculation: R4 ÷ R5
7	Estimated Lbs. of Organic Materials / Home / Week	3.00	3.00		From R11
8	Organic Materials Processing Cost / Home / Week	$ 0.24	$ 0.21		Calculation: R6 x R7
9	Weeks / Month	4.33	4.33		
10	**Single-Family Organic Materials Processing Cost / Home / Month**	**$ 1.04**	**$ 0.91**	**$ (0.13)**	**Calculation: R8 x R9**

*Processing Cost / Ton of Organic Materials to be adjusted by percentage change in CPI between the year Republic uses an alternative organics facility per direction of the City and the annual average CPI of 2025 prior to determining the Customer impact.

Key Assumptions				
Row	**Description**	**Assumption**	**Units**	**Notes/Source**
11	Single-Family Food Waste Lbs. / Home / Week	3.00	Lbs. / Home / Week	From Republic's proposal dated October 20, 2025.
12	Organic Materials Pre-Processing Rate / Ton	$ 48.86	Cost / Ton	From Republic's proposal dated October 20, 2025.
13	Organics Transportation Cost / Ton from Recology to Kochergen	$ 57.05	Cost / Ton	From Republic's proposal dated October 20, 2025.
14	2024 Organics Tip Fee / Ton at Recology	$ 47.74	Cost / Ton	From Republic's proposal dated October 20, 2025.
15	July 2025 Transportation of Material from Rainbow to OCWR Landfills	$ 15.92	Cost / Ton	From Republic's proposal dated October 20, 2025.

EXHIBIT N:
LIST OF RECYCLABLE MATERIALS AND ORGANIC MATERIALS

EXHIBIT N:
LIST OF RECYCLABLE MATERIALS AND ORGANIC MATERIALS

General

The materials listed in Exhibit N shall comply with all Applicable Laws, as amended from time to time, and shall be reviewed annually by the Parties. The Parties shall memorialize such review in accordance with the requirements of Applicable Law, including, but not limited to, SB 54.

1. Recyclable Materials

Recyclable Materials are the materials listed in this Exhibit N, Section 1, as mutually agreed upon by the City and Contractor.

A. **Paper**:
   1. Kraft paper, all forms
   2. Molded fiber packaging
   3. Cardboard
   4. Paperboard, all forms
   5. White or colored paper, all forms
   6. Other/mixed paper, all forms (e.g. newspaper, magazines, junk mail, school notebooks)

B. **Metal**:
   1. Aluminum:
      a. Containers, non-aerosol
      b. Foil sheets
      c. Foil molded containers
      d. Aerosol cans
   2. Tin, steel, and bi-metal containers
   3. Scrap metal
   4. Small metal (no size greater than two inches (2”))

C. **Glass**:
   1. Bottles (with or without plastic component)
   2. Jars (with or without plastic component)
   3. Small glass (no side greater than two inches (2”), with or without plastic component)

D. **Plastic:**
   1. PET (#1):
      a. Bottles, jugs, and jars (clear/natural)

b. Bottles, jugs, and jars (pigmented/color)

c. Thermoformed containers, cups, lids, plates, trays, tubs (three dimensional)

d. Other rigid items (three dimensional containers)

2. HDPE (#2):

a. Bottles, jugs and jars (clear/natural)

b. Bottles, jugs, and jars (pigmented/color)

c. Pails and buckets

d. Other rigid items (including three dimensional containers)

3. PP (#5)

a. Bottles, jugs, and jars

b. Thermoformed containers, cups, lids, plates, trays, tubs

c. Other rigid items (three dimensional containers)

2. Organic Materials

Organic Materials are the materials listed in this Exhibit N, Section 2 that may be amended from time to time by mutual agreement of the Parties.

A. **Food Scraps:**

1. All kitchen and table food

2. Animal or vegetable waste that is generated during or results from the storage, preparation, cooking, or handling of food stuffs (excluding any animal waste and remains from slaughterhouses or butcher shops facilities inspected by United States Department of Agriculture, Food Safety Inspection Service, or California Department of Food and Agriculture)

3. Fruit waste, grain waste, dairy waste, meat waste, and fish waste

4. Vegetable trimmings and houseplant trimmings

5. Other Organic Waste common to the occupancy of Residential Customers and some Commercial kitchen operations

B. **Food Soiled Paper.** Food Soiled Paper includes paper material that is Compostable, has come into contact with Food Scraps or liquids, is not coated or lined with any non-paper material ("uncoated"), and is not made of synthetic materials ("non-synthetic"), including:

1. Other/mixed paper, all forms (without plastic component), such as:

a. paper plates

b. paper coffee cups

c. napkins

d. paper towels

e. paper lunch bags

f. coffee filters

g. paper straws

h. paper egg cartons

2. Pizza boxes / food-soiled Cardboard

3. Small paper and fiber (no size greater than 2", without plastic component)

C. Yard Trimmings:

1. Grass

2. Lawn clippings

3. Shrubs

4. Plants

5. Weeds

6. Branches

7. Other forms of Organic Materials generated from landscapes, yards, or gardens

D. Other:

1. Untreated wood, all forms (without plastic component)

2. Compostable Plastic bags that are accepted at the Approved Organic Materials Processing Facility.

ORGANIC SERVICES AGREEMENT

WASTE INFRASTRUCTURE SYSTEM ENTERPRISE AGREEMENT

THIS WASTE INFRASTRUCTURE SYSTEM ENTERPRISE AGREEMENT ("WISE Agreement" or "Agreement" are used interchangeably) is made and dated as of the date indicated on the cover page hereof between the County of Orange, a political subdivision of the State of California (the "County"), and the city, special district, or sanitary district designated on the cover page of this Agreement (the "City"). County and City may hereinafter be referred to singularly as "Party" or collectively as "Parties.".

RECITALS

The County owns, manages and operates a Waste Infrastructure System to manage municipal and solid waste generated within the County of Orange or imported from outside the County pursuant to contractual agreements. The Waste Infrastructure System collectively includes active Class III sanitary landfills ("County Landfills"), resource recovery, recycling and organics programs, infrastructure and operations, closed landfills, and regional household hazardous waste collection centers and other waste management related systems as may be deemed necessary by the County.

The County is also responsible for the long-term management of twenty (20) closed landfills as required under Applicable Law.

County Landfills are used for the management of municipal solid waste pursuant to legislation including but not limited to the California Integrated Waste Management Act of 1989 (Division 30 of the California Public Resources Code) (the "Act") and the Short-lived Climate Pollutants Reduction Act ("SB 1383"). County Landfills are also subject to other State and federal regulations designed to ensure that landfill operations minimize the impacts to public health and safety and the environment.

Pursuant to Resolution, the County established the Waste Management Enterprise Fund pursuant to Government Code §25261 to ensure that all costs associated with the operation and management of the Waste Infrastructure System are financed by charges imposed for services provided by the Department and are not funded by tax revenue or the County General Fund.

The City, in the exercise of its police power, its powers under the Act, and other Applicable Law, has entered into a franchise or other agreement with or issued permits or licenses to one or more private haulers for the collection, recycling, diversion and disposal of municipal solid waste generated within the City.

A significant portion of municipal solid waste generated within the City historically has been and currently is delivered by such hauler or haulers to the County for disposal in the Disposal System.

Since 1997, the City and the County have provided for the management of municipal solid waste through Waste Disposal Agreements ("WDAs"), wherein the County agreed to provide disposal capacity for waste generated in the City, and the City agreed to deliver or cause the delivery of waste generated in the City to the Disposal System, as more specifically set forth in, and subject to the terms and conditions of the WDAs.

Starting in approximately 2014, the Legislature of the State of California passed several pieces of legislation ("Organics Legislation") that require significant reductions in the disposal of Organic Waste. The purpose of the Organics Legislation is to mandate organics recycling and curtail the impacts of climate change by reducing greenhouse gas emissions such as methane. In this regard, the decomposition of organic material in the State's landfills was identified as a significant source of methane that could be reduced.

On April 23, 2019, the Orange County Board of Supervisors passed Resolution 19-031 to respond to the State's increasing landfill diversion requirements and identified the need for additional organic processing infrastructure in the County and directed the Department to develop additional organics recycling infrastructure to support the region in meeting State organic recycling mandates.

The County has developed an Organics Infrastructure that is comprised of organic processing facilities to receive and process Organic Waste to support the State's Organic Legislation goals, promote local recycling, assist local jurisdictions in meeting their organic diversion requirements and correspondingly conserve capacity in the

Disposal System and is offering interested Cities the option of participating in the County provided Organic Processing Services pursuant to a separate Organic Services Agreement ("OSA") as provided in Appendix 5.

In their effort to continue the concepts and purposes outlined in the WDAs and respond to Organics Legislation, the City and the County desire to enter into this Waste Infrastructure System Enterprise Agreement ("WISE Agreement" or "Agreement"), on the terms and conditions set forth herein. The County and City acknowledge that the currently operative WDA shall remain in full force and effect until its expiration or the WISE Agreement Commencement Date, whichever comes first.

The City has determined that the execution of this Agreement by the City will serve the public health, safety and welfare of the City by providing disposal rate stability, predictable and reliable long-term disposal service, and the continuation of sound environmental management.

The County has determined that the execution by the County of this Agreement will serve the public health, safety and welfare by providing a stable, predictable and reliable supply of municipal solid waste and the resulting service payment revenue to the Waste Infrastructure System, thereby enabling the County to plan, manage, operate and finance improvements to the Waste Infrastructure System on a prudent and sound long term, businesslike basis consistent with its legal and regulatory obligations to the State and Federal government.

Official action approving this Agreement and determining it to be in the public interest and authorizing its execution and delivery was duly taken by the County on the County authorization date indicated on the cover page hereof.

Official action approving this Agreement and determining it to be in the public interest and authorizing its execution and delivery was duly taken by the City on the City authorization date indicated on the cover page hereof.

It is, therefore, agreed as follows:

ARTICLE I
DEFINITIONS AND INTERPRETATION

SECTION 1.1 DEFINITIONS. As used in this Agreement, the following terms shall have the meanings set forth below.

"Acceptable Waste" means all garbage, refuse, rubbish, Organic Waste and other materials and substances discarded or rejected as being spent, useless, worthless or in excess to the owners at the time of such discard or rejection and which are normally disposed of by or collected from residential (single family and multi-family), commercial, industrial, governmental and institutional establishments and which are acceptable at Class III landfills under Applicable Law.

"Act" means AB 939 the California Integrated Waste Management Act of 1989 (Division 30 of the California Public Resources Code), as amended, supplemented, superseded and replaced from time to time.

"Agreement" means this Waste Infrastructure System Enterprise Agreement ("WISE Agreement") between the County and the City as the same may be amended or modified from time to time in accordance herewith.

"Appendix" means an appendix to this Agreement, as the same may be amended or modified from time to time in accordance with the terms hereof

"Applicable Law" means the Act, Organics Legislation, the Orange County Code of Ordinances, CERCLA, RCRA, CEQA, any Legal Entitlement and any federal or State rule, regulation, requirement, guideline, permit, action, determination or order of any Governmental Body having jurisdiction, applicable from time to time to the siting, design, permitting, acquisition, construction, equipping, financing, ownership, possession, operation or maintenance of the Waste Infrastructure System, and the transfer, handling, transportation and disposal of Acceptable Waste, Unacceptable Waste, or any other transaction or matter contemplated hereby (including any of the foregoing which concern health, safety, fire, environmental protection, mitigation monitoring plans and building codes).

"CalRecycle" means the California Department of Resources Recycling and Recovery, which is a branch of the California Environmental Protection Agency, and any agency, department or other Governmental Body which succeeds to the duties and powers thereof. CalRecycle oversees the State's waste management and waste reduction programs. CalRecycle was established in 2010 to replace the California Integrated Waste Management Board and is responsible for the enforcement of legislation and regulations and diversion requirements applicable to the Waste Infrastructure System.

"Capital Costs" means all costs of the Waste Infrastructure System that are classified as capital costs for purposes of the budget of the Department in accordance with procedures established by the County of Orange Auditor-Controller in compliance with the California State Controller's Manual, including but not limited to all of the categories of costs of the Waste Infrastructure System including but not limited to "Buildings and Improvements, and Infrastructure" (Object Code 4200), "Equipment" (Object Code 4000-4040) and "Intangible" (Object Code 4250-4299) in the County of Orange – Chart of Accounts, or any successor accounting or reporting system utilized by the County.

"CEQA" means the California Environmental Quality Act, codified in California Public Resources. Code Section 21000 *et seq.* as amended or superseded, and the regulations promulgated thereunder.

"CERCLA" means the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. Section 9601 *et seq.*, as amended or superseded, and the regulations promulgated thereunder.

"Change in Law" means any of the following events or conditions which has a material and adverse effect on the performance by the parties of their respective obligations under this Agreement (except for payment obligations), or on the siting, design, permitting, acquisition, construction, equipping, financing, ownership, possession, operation or maintenance of the Waste Infrastructure System or other matters to which Applicable Law applies:

(1) the enactment, adoption, promulgation, issuance, material modification or written change in administrative or judicial interpretation on or after the Commencement Date of any Applicable Law (other than Applicable Law enacted by the County); or

(2) the order or judgment of any Governmental Body (other than the County), on or after the Commencement Date, to the extent such order or judgment is not the result of willful or negligent action, error or omission or lack of reasonable diligence of the County or of the City, whichever is asserting the occurrence of a Change in Law; provided, however, that the contesting in good faith or the failure in good faith to contest any such order or judgment shall not constitute or be construed as such a willful or negligent action, error or omission or lack of reasonable diligence; or

(3) the denial of an application for, delay in the review, issuance or renewal of, or suspension, termination, interruption, imposition of a new or more stringent condition in connection with the issuance, renewal or failure of issuance or renewal on or after the Commencement Date of any Legal Entitlement to the extent that such denial, delay, suspension, termination, interruption, imposition or failure materially and adversely interferes with the performance of this Agreement, if and to the extent that such denial, delay, suspension, termination, interruption, imposition or failure is not the result of willful or negligent action, error or omission or a lack of reasonable diligence of the County or of the City, whichever is asserting the occurrence of a Change in Law; provided, however that the contesting in good faith or the failure in good faith to contest any such denial, delay, suspension, termination, interruption, imposition or failure shall not be construed as such a willful or negligent action, error or omission or lack of reasonable diligence; or

(4) any new or revised requirements or fees relating to the funding or provision of Waste Infrastructure Services, including but not limited to, Integrated Waste Management Act Fees, Host Fees, regulations for disposal operations, organics processing and diversion, recycling initiatives or activities associated with the remediation, closure, funding or monitoring of closed landfills with respect to facilities comprising the Waste Infrastructure System, or facilities which the County previously utilized to provide waste disposal, transfer, recycling, processing or other waste related activities.

"City" means, as applicable, the City (general law, charter or other), Special District or Sanitary District designated on the cover page of this Agreement and party to this Agreement.

"City Acceptable Waste" means all Acceptable Waste which was originally discarded by the first generator thereof within the geographical limits of the City, and Residue from the foregoing wherever produced, whether within or outside the City (or Tonnage equivalencies of such Residues, as and to the extent provided in subsection 3.1(D) hereof).

"Consumer Price Index" or "CPI" means a blend of the following two indexes based on the following percentage of each: 60% of the CPI shall be comprised of the Consumer Price Index published by the Bureau of Labor Statistics for All Urban Consumers: Water and Sewer and Trash Collection Services in U.S. City Average (CUSR0000EHG); and, 40% of the CPI shall be comprised of the Consumer Price Index for All Urban Consumers, not seasonally adjusted, all items index (CPI-U) – All items in Los Angeles-Long Beach-Anaheim (CUURS49ASA0). In the event either of the forgoing indexes is no longer published during the term of this Agreement, such other index identified by the Bureau of Labor Statistics as a replacement or otherwise generally accepted as a replacement shall be used for purposes of this Agreement; and, in the absence thereof, the Orange County Board of Supervisors shall select an index that it determines most closely reflects the forgoing and best implements the intent of this Agreement.

"Commencement Date" means the date on which the obligations of the parties hereto commence, established as provided in Section 6.2(B) hereof.

"Contract Date" means the first date on which this Agreement has been executed by both parties hereto.

"Contract Rate" has the meaning specified in Section 4.2 hereof

"Contract Year" means the fiscal year commencing on July 1 in any year and ending on June 30 of the following year.

"Controllable Waste" means all City Acceptable Waste with respect to which the City has the legal or contractual ability to determine the disposal location therefor and which is:

(1) Non-Recycled City Acceptable Waste;

(2) not generated from the operations of the Governmental Bodies which, under Applicable Law, have the independent power to arrange for the disposal of the waste they generate; and

(3) collected and hauled by Franchise Haulers.

"County" means the County of Orange, a political subdivision of the State of California and party to this Agreement.

"County Landfills" means all active Class III sanitary landfills located within the County of Orange and operated by the Department. At the time of execution, County Landfills consist of the Olinda Alpha Landfill located in Brea, California, the Frank R. Bowerman Landfill located in Irvine, California, and the Prima Deshecha Landfill located in San Juan Capistrano, California. (Note: The current estimated closure date for the Olinda Alpha Landfill is 2036 as specified in its Solid Waste Facility Permit. Throughout the term of this Agreement, County reserves the right to reduce, continue, expand, or cease all operation at the Olinda Alpha Landfill at its sole discretion.)

"County Plan" means the integrated waste management plan of the County approved by CalRecycle pursuant to the Act as in effect from time to time.

"County Acceptable Waste" means Acceptable Waste generated in the County.

"County-wide Recycling Services" has the meaning set forth in subsection 3.7(A) hereof.

"Cumulative Tonnage Target" for any given Contract Year means the amount specified in Appendix 2 hereto with respect to such Contract Year.

"Department" means OC Waste & Recycling, and any agency, department or other Governmental Body

which succeeds to the duties and powers thereof.

"Designated Facility" means the landfill or other County facility that the Department directs or assigns City Franchise Haulers to deliver City Acceptable Waste.

"Director" means the Director of OC Waste & Recycling.

"Disposal Services" means the solid waste disposal and other services to be provided by the County pursuant to the Service Covenant and as otherwise provided in this Agreement.

"Disposal System" means the Waste Infrastructure System which includes solid waste disposal operations at active landfills; Organics Infrastructure; regional Household Hazardous Waste Collection Centers; and other waste management related systems deemed necessary by the County, as well as services, such as post-closure maintenance and other activities, at closed landfills formerly operated by the County, as appropriate under Applicable Law.

"Environmental Fund" means the fund or funds held by the County to pay unanticipated costs of environmental mitigation, remediation or liability.

"Franchise Hauler" means any hauler or collector who provides Acceptable Waste collection services within the City pursuant to, or under authority granted by, a permit, contract, franchise or other agreement with the City. The term Franchise Hauler includes the City itself if Acceptable Waste collection and transportation services are provided directly by City operated municipal collection service.

"Full Cost Recovery" means all facets of Department costs and responsibilities including, but not limited to; operation, maintenance and management of the Waste Infrastructure System, labor and equipment, capital projects, environmental monitoring and mitigation, site closure, legal and regulatory compliance, long-term post-closure maintenance, remediation costs, planning for contingencies associated with the County's long-term liability and maintaining adequate financial reserves.

"Governmental Body" means any federal, State, county, city or regional legislative, executive, judicial or other governmental board, agency, authority, commission, administration, court or other body, or any officer thereof acting within the scope of his or her authority.

"Hazardous Material" or "Hazardous Substance" has the meaning given such term in CERCLA, the Carpenter-Presley-Tanner Hazardous Substance Account Act (California Health and Safety Code Section §78000 *et seq.*), and Titles 26 and 27 of the California Code of Regulations and other regulations promulgated thereunder.

"Hazardous Waste" means (a) any waste which by reason of its quality, concentration, composition or physical, chemical or infectious characteristics may do either of the following: cause, or significantly contribute to, an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness, or pose a substantial threat or potential hazard to human health or the environment, or any waste which is defined or regulated as a hazardous waste, toxic substance, hazardous chemical substance or mixture, or asbestos under Applicable Law, as amended from time to time including, but not limited to: (1) the Resource Conservation and Recovery Act and the regulations contained in 40 CFR Parts 260-281; (2) the Toxic Substances Control Act (15 U.S.C. Sections 2601 *et seq.*) and the regulations contained in 40 CFR Parts 761-766; (3) the California Health and Safety Code, Section 25117 (West 1992 & Supp. 1996); (4) the California Public Resources Code, Section 40141 (West 1996); and (5) future additional or substitute Applicable Law pertaining to the identification, treatment, storage or disposal of toxic substances or hazardous wastes; or (b) radioactive materials which are source, special nuclear or by-product material as defined by the Atomic Energy Act of 1954 (42 U.S.C. Section 2011 *et seq.*) and the regulations contained in 10 CFR Part 40. The terms Hazardous Waste, Hazardous Material or Hazardous Substance shall be used interchangeably in this Agreement when not referring to specific Applicable Law.

"Host Fee" means the amount paid pursuant to Cooperative Agreements, referred to in Section 1.2 (I) of this Agreement, to compensate the cities identified in Section 1.2(I) ("Host Cities") for costs or impacts incurred by Host Cities which might be associated with County Landfills due to their location within Host City boundaries, and not already substantially avoided or mitigated through the identification and adoption of Project Design Feature and Mitigation Measures.

"Imported Acceptable Waste" means Acceptable Waste that is generated outside of the geographical boundaries

of the County and delivered to the Waste Infrastructure System.

"Importation Agreement" means an agreement between the County and any public or private entity for the delivery and acceptance of Imported Acceptable Waste pursuant to contract.

"Independent Haulers" means those waste collection/hauler companies primarily engaged as a principal business in the collection and transportation of municipal solid waste generated in the County of Orange which are not obligated to deliver County Acceptable Waste to the Waste Infrastructure System pursuant to a franchise, contract, permit or other authorization with a City in the County.

"Initial Term" has the meaning specified in Section 6.1(A) hereof.

"Legal Entitlement" means all permits, licenses, approvals, authorizations, consents and entitlements of whatever kind and however described which are required under Applicable Law to be obtained or maintained by any person with respect to the Waste Infrastructure System or the performance of any obligation under this Agreement or the matters covered hereby.

"Legal Proceeding" means every action, suit, litigation, arbitration, administrative or regulatory proceeding, and other legal or equitable proceeding having a bearing upon this Agreement.

"Loss-and-Expense" means any and all loss, liability, obligation, damage, delay, penalty, judgment, deposit, cost, expense, claim, demand, charge, tax, or expense, including all fees and costs.

"MRF Fines" mean undersized or pulverized material consisting of small fractions of waste that are created during the recycling process as Material Recovery Facilities.

"Net Import Revenues" has the meaning ascribed thereto in Section 3.6(F).

"Non-Recycled City Acceptable Waste" means all City Acceptable Waste other than Recycled City Acceptable Waste.

"OC Waste & Recycling Enterprise Fund" means the waste management enterprise fund established and managed by the County pursuant to Section 25261 of the Government Code separate from its other funds and accounts for receipts and disbursements in connection with the Waste Infrastructure System.

"Organics Infrastructure" means organic processing facilities designed to receive and process Organic Waste to support the State's Organic Legislation goals, promote local recycling, and/or assist local jurisdictions in meeting their organic diversion requirements which are utilized by interested Cities in connection with their participating in County-provided Organic Processing Services pursuant to a separate Organic Services Agreement.

"Organics Legislation" means organics recycling legislation including AB 1594, AB 1826, SB 1383 and any future legislation pertaining to the management and diversion of Organic Waste.

"Organics Processing Services" means the services provided by County to Cities that choose to enter into the Organic Services Agreement provided in Appendix 5.

"Organics Services Agreement" ("OSA") means that separate agreement (as provided in Appendix 5) between County and interested Cities, whereby the County agrees to provide Organic Processing Services to interested Cities pursuant to the terms of the OSA.

"Organic Waste" means solid wastes containing material originated from living organisms and their metabolic waste products including, but not limited to, food, green material, landscape and pruning waste, organic textiles and carpets, lumber, wood, paper products, printing and writing paper, manure, biosolids, digestate, and sludges as defined in Title 14 of the California Code of Regulations, Section 18982(a)(46).

"Overdue Rate" means the maximum rate of interest permitted by the laws of the State, if applicable, or the prime rate established from time to time by the Bank of America, N.A. or its successors and assigns, plus 2%, whichever is lower.

"Participating City" means any City executing a WISE Agreement in accordance with Section 3.6(A) hereof and meeting all requisite conditions to the Commencement Date thereof.

"Participation Threshold" means the point at which the percentage of the County's Acceptable Waste attributable to Participating Cities which have executed and delivered Agreements shall exceed 50% percent (using the percentage rates attributed to such Participating Cities in Appendix 1).

"Posted Disposal Rate" means the per ton tipping fee charged by the County for the disposal of solid waste at the Disposal System by parties which are not entitled to disposal service at the Contract Rate pursuant to this Agreement or other contractual arrangement.

"Prohibited Medical Waste" means any medical or infectious waste prohibited or restricted under Applicable Law from being received by or disposed at the Disposal System.

"Qualified Household Hazardous Waste" means waste materials determined by local, State, and federal regulation to be:

(1) Of a nature that they must be listed as hazardous in State statutes and regulations;

(2) Toxic/ignitable/corrosive/reactive; and

(3) Carcinogenic/mutagenic/teratogenic;

which are discarded from households as opposed to businesses. Qualified Household Hazardous Waste shall not include Unacceptable Waste.

"Recycled City Acceptable Waste" means any otherwise Controllable Waste which is separated from Acceptable Waste by the generator thereof or by processing and which is "recycled" within the meaning of Section 40180 of the Public Resources Code.

"Renewal Term" has the meaning specified in Subsection 6.1(C) hereof.

"Residue" means any material remaining from the processing, by any means and to any extent, of City Acceptable Waste or Recycled City Acceptable Waste; provided, however, that Residue shall not include minimal amounts of material remaining after such processing (which minimal amounts shall in no event exceed 10% of the amount of such City Acceptable Waste or Recycled City Acceptable Waste prior to processing).

"Resource Conservation and Recovery Act" or "RCRA" means the Resource Conservation and Recovery Act, 42 U.S.C. Section 6901 *et seq.*, as amended and superseded.

"Restricted Reserves" has the meaning specified in Section 4.5.

"Sanitary Districts" means the sanitary districts in the County formed pursuant to the Sanitary District Act of 1923, codified in California Health & Safety Code Section 6400 *et seq.*, as amended, supplemented, superseded and replaced from time to time.

"Self-Hauled Waste" means City Acceptable Waste and City Acceptable Organic Waste collected and hauled by Self-Haulers.

"Self-Hauler" means any person not engaged commercially in waste haulage who collects and hauls Acceptable Waste generated from residential or business activities conducted by such person.

"Service Coordinator" means the service coordinator for either party designated pursuant to subsection 3.5(C) hereof.

"Service Covenant" means the covenants and agreements of the County set forth in Sections 3.2 and 3.3 hereof.

"Special District" means public agencies created by a Governmental Body to provide one or more specific services to a community, such as but not limited to water, sewer, refuse, parks and recreation, fire protection, pest abatement, etc.

"Source-Separated Household Hazardous Waste" means Qualified Household Hazardous Waste which has been segregated from Acceptable Waste originating or generated within the geographical jurisdiction of the City at the source or location of generation.

"Source-Separated Household Hazardous Waste Disposal System" means the collection centers, facilities, contracts and other arrangements owned or administered by the County for the receipt, handling and disposal of Source-Separated Household Hazardous Waste.

"State" means the State of California.

"Term" shall mean the term of this Agreement.

"Ton" means a "short ton" of two thousand (2,000) pounds.

"Transfer Station" means any materials recovery facility, composting facility, intermediate processing facility, recycling center, transfer station or other waste handling or management facility to which solid waste collected for the City is delivered for processing before receipt in the Waste Infrastructure System.

"Unacceptable Waste" means Hazardous Material; Hazardous Waste; Hazardous Substances; Prohibited Medical Waste; Qualified Household Hazardous Waste separated from Acceptable Waste; explosives, ordnance, highly flammable substances, and noxious materials and lead-acid batteries (except if delivered in minimal quantities); drums and closed containers; liquid waste, oil, human wastes; machinery and equipment from commercial or industrial sources, such as hardened gears, shafts, motor vehicles or major components thereof, agricultural equipment, trailers, marine vessels and steel cable; hot loads; and any waste which the Waste Infrastructure System is prohibited from receiving under Applicable Law.

"Uncontrollable Circumstance" means any act, event or condition affecting the Waste Infrastructure System, the County, the City, or any of their Franchise Haulers, contractors or suppliers to the extent that it materially and adversely affects the ability of either party to perform any obligation under the Agreement (except for payment obligations), if such act, event or condition is beyond the reasonable control of and is not also the result of the willful or negligent act, error or omission or failure to exercise reasonable diligence on the part of the party relying thereon as justification for not performing an obligation or complying with any condition required of such party under the Agreement; provided, however, that the contesting in good faith or the failure in good faith to contest such action or inaction shall not be construed as willful or negligent action or a lack of reasonable diligence of either party. Examples of Uncontrollable Circumstances are:

(1) an act of God, landslide, lightning, earthquake, fire, explosion, flood, sabotage or similar occurrence, acts of a public enemy, extortion, war, blockade or insurrection, riot or civil disturbance, epidemic; and

(2) a Change in Law.

"Unincorporated Area" means those portions of the County which are not contained within the jurisdictional boundaries of incorporated cities.

"Unincorporated Area Acceptable Waste" means Acceptable Waste originating from or generated within the Unincorporated Area.

"Unrestricted Reserves" means cash and other reserves of the Waste Infrastructure System which are not Restricted Reserves.

"Waste Disposal Covenant" means the covenants and agreements of the City set forth in Section 3.1 hereof.

"Waste Infrastructure System" or "Disposal System" means County owned or operated waste management

related facilities, including active Class III sanitary landfills ("County Landfills"), closed landfills managed by the County, resource recovery operations, Organics Infrastructure, recycling and organics programs, infrastructure and operations, and regional household hazardous waste collection centers and other waste management related systems as may be deemed necessary by the County.

"WISE" means Waste Infrastructure System Enterprise.

"WISE Agreements" means each of the WISE agreements entered into between the County and any City within the County, Special District, Sanitary District, Jurisdiction, or operator of any Franchise Hauler located in the County in accordance with the terms herewith.

SECTION 1.2 INTERPRETATION. In this Agreement, unless the context otherwise requires:

(A) References Hereto. The terms "hereby", "hereof", "herein", "hereunder", "herewith", and any similar terms refer to this Agreement, and the term "hereafter" means after, and the term "heretofore" means before, the Contract Date.

(B) Gender and Plurality. Words of the masculine gender mean and include correlative words of the feminine and neuter genders and words importing the singular number mean and include the plural number and vice versa.

(C) Persons. Words importing persons include firms, companies, associations, general partnerships, limited partnerships, trusts, business trusts, corporations and other legal entities, including public bodies, as well as individuals.

(D) Headings. The table of contents and any headings preceding the text of the Articles, Sections and subsections of this Agreement shall be solely for convenience of reference and shall not constitute a part of this Agreement, nor shall they affect its meaning, construction or effect.

(E) No Third Party Beneficiaries. Nothing in this Agreement is intended to confer on haulers or any other person other than the parties hereto and their respective permitted successors and assigns hereunder any rights or remedies under or by reason of this Agreement.

(F) Counterparts. This Agreement may be executed in any number of original counterparts. All such counterparts shall constitute but one and the same Agreement.

(G) Applicable Law and Venue. This Agreement has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Agreement, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the parties specifically agree to waive any and all rights to request that an action be transferred for adjudication to another county.

(H) Severability. If any clause, provision, subsection, Section or Article of this Agreement shall be ruled invalid by any court of jurisdiction, then the parties shall: (1) promptly meet and negotiate a substitute for such clause, provision, subsection, Section or Article which shall, to the greatest extent legally permissible, effect the intent of the parties therein; (2) if necessary or desirable to accomplish item (1) above, apply to the court having declared such invalidity for a judicial construction of the invalidated portion of this Agreement; and
(3) negotiate such changes in, substitutions for or additions to the remaining provisions of this Agreement as may be necessary in addition to and in conjunction with items (1) and (2) above to effect the intent of the parties in the invalid provision. The invalidity of such clause, provision, subsection, Section or Article shall not affect any of the remaining provisions hereof, and this Agreement shall be construed and enforced as if such invalid portion did not exist, unless such invalidity frustrates the underlying primary purpose of the Agreement.

(I) Integration; Preservation of Certain Agreements. This Agreement contains the entire agreement between the parties with respect to the transactions contemplated hereby. This Agreement shall completely and fully supersede all prior understandings and agreements between the Parties with respect to such transactions; provided; however, that this Agreement shall not supersede the following Cooperative Agreements as they currently

exist or as they may be amended in the future:

1) Cooperative Agreement between the City of Brea and the County of Orange regarding the Olinda Alpha Landfill.
2) Cooperative Agreement between the City of Irvine and the County of Orange regarding the Frank R. Bowerman Landfill.
3) Cooperative Agreement between the City of San Juan Capistrano and the County of Orange regarding the Prima Deshecha Landfill.

ARTICLE II
REPRESENTATIONS AND WARRANTIES

SECTION 2.1 REPRESENTATIONS AND WARRANTIES OF THE CITY. The City represents and warrants that:

(A) Existence. The City is a general law or charter city or a Special District or Sanitary District validly existing under the Constitution and laws of the State.

(B) Due Authorization. The City has duly authorized the execution and delivery of this Agreement, and this Agreement has been duly executed and delivered by the City.

SECTION 2.2 REPRESENTATIONS AND WARRANTIES OF THE COUNTY. The County represents and warrants that:

(A) Existence. The County is a political subdivision of the State of California validly existing under the Constitution and laws of the State.

(B) Due Authorization. The County has duly authorized the execution and delivery of this Agreement, and this Agreement has been duly executed and delivered by the County.

ARTICLE III
DELIVERY AND ACCEPTANCE OF WASTE AND PROVISION OF WASTE MANAGEMENT AND DISPOSAL SERVICE

SECTION 3.1 DELIVERY OF WASTE.

(A) Waste Management and Disposal Covenant. Subject to the occurrence of the Commencement Date and throughout the Term of this Agreement, and subject to available Waste Infrastructure System capacity, the City shall exercise all legal and contractual power and authority which it may possess from time to time to deliver or cause the delivery of all Controllable Waste to the Waste Infrastructure System in accordance herewith.

(B) Recycled City Acceptable Waste. The parties hereto acknowledge the responsibility of the City to meet its own recycling and landfill diversion goals contained in the Act and Organics Legislation. Nothing in this Agreement is intended or shall be interpreted to prohibit or impair the ability of the City to meet such responsibilities, or to restrict the right of the residents, businesses or organizations in the City to practice source separation, recycling, composting or other materials recovery activities, or to restrict the right of the City to conduct, sponsor, encourage or require such activities in any form. No reduction in the amount of Controllable Waste generated in the City and delivered to the Waste Infrastructure System by or on behalf of the City which may result from any such source separation or recycling program shall cause the City any liability hereunder (other than potential adjustment to the Contract Rate to the extent provided in Article IV hereof) and shall not constitute a breach of this Agreement.

(C) Waste Delivered to Transfer Station. All Residue from any processing of Controllable Waste by materials recovery, composting, recycling or other means, wherever performed, shall constitute Controllable Waste and be subject to the Waste Disposal Covenant. Where City Acceptable Waste is processed at a facility which concurrently processes other Acceptable Waste in a manner which produces commingled residue which cannot be traced to a geographic source, generic residues from such facility in Tonnage equal to the residues that would have

been produced had City Acceptable Waste only been processed at the facility shall constitute Controllable Waste and be subject to the Waste Disposal Covenant. Any City Acceptable Waste or material derived or segregated therefrom which is held in storage and asserted by the possessor thereof to constitute Recycled City Acceptable Waste awaiting sale or distribution to the secondary materials markets shall constitute Controllable Waste if, when and to the extent that the storage or diversion thereof can be reasonably deemed to constitute an evasion of the Waste Disposal Covenant rather than generally recognized, accepted and prevailing practice in the Southern California materials recovery and recycling industry conducted in accordance with Applicable Law. In order for the owner and/or operator of a transfer station to be entitled to deliver Acceptable Waste from a Participating City to the Waste Infrastructure System for the Contract Rate as provided in Article IV, such owner and/or operator must execute a direct agreement with the County, acknowledging and agreeing to comply with the obligation of the Participating City to cause the delivery of all Controllable Waste to the Waste Infrastructure System pursuant to this Agreement. In addition, the County shall be authorized to implement procedures to determine if Acceptable Waste delivered by the owners or operators of Transfer Stations is entitled to utilize the Waste Infrastructure System for the Contract Rate. Such procedures may include requiring Transfer Stations to certify, under penalty of perjury, the source of any such Acceptable Waste. If necessary, the County may require that, in order to qualify for use of the Waste Infrastructure System for the Contract Rate, Transfer Stations must deliver Controllable Waste in loads containing only Controllable Waste, and not commingled with Acceptable Waste from entities which are not Participating Cities or Participating Independent Haulers.

(D) Power to Obligate Waste Disposal and Comply with this Agreement. On or before the Commencement Date, (i) any City franchise, contract, lease, or other agreement which is lawfully in effect relating to or affecting Controllable Waste shall provide, or shall have been amended to provide, that the City shall have the right without material restriction on and after the Commencement Date to direct the delivery of all Controllable Waste to the County Waste Infrastructure System (whether or not such Controllable Waste is delivered to a transfer station as an intermediate step prior to landfill disposal) and otherwise to comply with its obligations under this Agreement with respect to Controllable Waste and Franchise Haulers, and (ii) the City shall designate the Waste Infrastructure System as the disposal location pursuant to such franchise, contract, lease or other agreement. On and after the Commencement Date and throughout the Term of this Agreement the City (a) shall not enter into any franchise, contract, lease, agreement or obligation, issue any permit, license or approval, or adopt any ordinance, resolution or law which is materially inconsistent with the requirements of the Waste Disposal Covenant, and (b) shall maintain non-exclusive or exclusive franchises or other contractual arrangements over any City Acceptable Waste which, as of the Contract Date, is subject to non-exclusive or exclusive franchise or other contractual arrangements. The City agrees that the County shall be a third party beneficiary of the obligation of Franchise Haulers to deliver Controllable Waste to the Waste Infrastructure System, and may directly enforce such obligation through any legal means available. The City shall notify in writing each Franchise Hauler of the County's third party beneficiary rights.

(E) Controllable Waste Flow Enforcement.

(1) The City, in cooperation with the Department, shall establish, implement, carry out and enforce a waste flow enforcement program which is sufficient to assure the delivery of all Controllable Waste to the Waste Infrastructure System pursuant to and in accordance with the Waste Disposal Covenant for Controllable Waste disposal at the times and in the manner provided herein. The waste flow enforcement program shall consist of amending City franchises, permits or authorizations with all Franchise Haulers, to the extent required by this Section and to the extent allowed by law, and shall include in addition, to the extent necessary and appropriate in the circumstances to assure compliance with the Waste Disposal Covenant, but shall not be limited to:

(i) licensing or permitting Franchise Haulers, upon the condition of compliance with the Waste Disposal Covenant,
(ii) providing for and taking appropriate enforcement action under any such franchise, license, or permit, such as but not limited to the suspension, revocation and termination of collection rights and privileges, the imposition of fines or collection of damages, and the exercise of injunctive relief against non-complying Franchise Haulers and
(iii) causing any Transfer Station to which Controllable Waste is delivered for processing to deliver certification, under the penalty of perjury, of the amounts of Controllable Waste received and Residue remaining from processing at such Transfer Station.

(2) The City acknowledges and agrees that in the event of a breach of the Waste Disposal Covenant by the City, the City shall pay the County an amount equal to the amount that the City would have been required to pay to the County had the Waste Disposal Covenant not been breached, which shall be calculated by: (1) subtracting the

number of tons actually delivered during the month(s) of the breach from the number of tons that were delivered during the same month(s) closest in time when there was no such breach, even if such month(s) closest in time was prior to the Term, and (2) multiplying such amount by the Contract Rate in effect at the time of such breach (or any higher rate with respect to which the County has provided notice pursuant to Section 4.2). In the event that the County terminates the Agreement as a result of such breach, the damages due as a result of such termination shall be equal to the average monthly deliveries by the City for the twelve (12) months prior to the commencement of the breach multiplied by the Contract Rate in effect at the time of such breach (or any higher rate with respect to which the County has provided notice pursuant to Section 4.2), multiplied by the number of months that would have remained in the Term of the Agreement had the termination not occurred. The parties recognize that if the City fails to meet its obligations hereunder, the County will suffer damages and that it is and will be impracticable and extremely difficult to ascertain and determine the exact amount of such damages. Therefore, the parties agree that the damages specified above represent a reasonable estimate of the amount of such damages, considering all of the circumstances existing on the date hereto, including the relationship of the sums to the range of harm to the County that reasonably could be anticipated and anticipation that proof of actual damages would be costly or inconvenient. In signing this Agreement, each party specifically confirms the accuracy of the statements made above and the fact that each party had ample opportunity to consult with legal counsel and obtain an explanation of this liquidated damage provision at the time that this Agreement was made.

(F) Legal Challenges to Franchise System. The City shall use its best efforts to preserve, protect and defend its right to exercise and comply with the Waste Disposal Covenant against any challenge thereto, legal or otherwise (including any lawsuits against the City or the County, whether as plaintiff or defendant), by a Franchise Hauler or any other person, based upon breach of contract, violation of law or any other legal theory. The City shall bear the cost and expense of any such Legal Proceeding or other challenge. In the event any such Legal Proceeding relating to the Waste Disposal Covenant or the City's exercise thereof establishes in a final determination that such covenant or exercise thereof is void, unlawful or unenforceable, or if any Franchise Hauler fails to deliver Controllable Waste to the Waste Infrastructure System in breach of its franchise with the City on the grounds that a judicial determination made by any court or other Applicable Law has rendered its obligation to deliver Controllable Waste to the Disposal System void, unlawful or unenforceable on any legal grounds, with the result that actual waste deliveries to the Disposal System fall below the Cumulative Tonnage Targets, the County shall be entitled to avail itself of the remedies described in Section 4.2(B) hereof.

(G) Franchise Haulers. The City shall compile and provide the Department with the following information concerning all Franchise Haulers: name, address and phone number; identification number; area of collection and transportation; and franchise and permit terms.

(H) Waste Information System. The City shall cooperate with the Department in collecting information and otherwise monitoring Franchise Haulers in order to assure compliance with this Agreement, the Act, Organics Legislation, or other Applicable Law. Such information may include information such as, data pertaining to Controllable Waste collected, transported, stored, processed and disposed of, Recycled City Acceptable Waste collected, transported, stored, processed and marketed or disposed of, Controllable Organic Waste collected, stored, processed and marketed or disposed of, Franchise Haulers' franchise, permit or license terms, collection areas, transportation routes and compliance with Applicable Law; and all other information which may reasonably be required by the Department in connection with this Agreement. The City agrees to include in any revised franchise, contract, license or permit or other authorization granted to Franchise Haulers an obligation of the Franchise Hauler to provide to the County information relating to the Controllable Waste collected by such Franchise Hauler, including origins from which such Controllable Waste was collected (identifying Controllable Organic Waste, Recycled City Acceptable Waste, or as otherwise may be required under this Agreement or under Applicable Law), tonnage by type of load (residential, commercial, roll-off box), customer service levels, tonnage delivered by transfer station or material recovery facility utilized, and other related information.

(I) City Actions Affecting County. The City agrees to carry out and fulfill its responsibilities under this Agreement and Applicable Law so as to permit full and timely compliance by the County with its covenants and agreements with the State. In particular, the City agrees not to conduct, authorize or permit any disposal services for Controllable Waste to be provided in competition with the Disposal Services provided by the County hereunder, and not to take or omit to take any action with respect to Controllable Waste, its collection, transportation, transfer, storage, treatment, processing, or disposal that may materially and adversely affect the County's ability to achieve such timely compliance. Notwithstanding the foregoing, the City shall not be required to deny any permit or license or refuse to grant any approval while exercising its police powers.

(J) No Right of Waste Substitution. Nothing in this Agreement shall authorize or entitle the City to deliver or cause the delivery to the Waste Infrastructure System of Acceptable Waste or Acceptable Organic Waste originating from or generated outside the jurisdiction of the City, nor obligate the County to receive or dispose of any such Acceptable Waste or Acceptable Organic Waste. The City shall not assign in whole or in part its right to deliver or cause to be delivered Controllable Waste or Controllable Organic Waste to the County hereunder, and shall not permit any Acceptable Waste or Acceptable Organic Waste originating from or generated outside the jurisdiction of the City to be substituted for Controllable Waste or Controllable Organic Waste for any purpose hereunder.

(K) Annexations and Restructuring. It is the intention of the parties that this Agreement and the obligations and rights of the City hereunder, including particularly the Waste Disposal Covenant and the Contract Rate, shall, to the extent permitted by Applicable Law, extend to any territory annexed by the City (or any territory with respect to which the City assumes solid waste management responsibility from a Sanitary District or other public entity) and shall bind any successor or restructured Governmental Body which shall assume or succeed to the rights of the City under Applicable Law.

SECTION 3.2 PROVISION OF WASTE INFRASTRUCTURE SERVICES BY THE COUNTY.

(A) Service Covenant. Commencing on the Commencement Date, and subject to available Waste Infrastructure System capacity, the County shall provide or cause the provision of the service of receiving and disposing of all Controllable Waste at the Waste Infrastructure System, and, in accordance with subsection 3.3(C) hereof, disposing of Unacceptable Waste inadvertently accepted at the Disposal System. The County, to the maximum extent permitted under Applicable Law, shall use its best efforts to increase source reduction, materials recovery, recycling, organic processing or other waste diversion in the region as may be required by law or which result in the long-term preservation of landfill disposal capacity and to keep the Waste Infrastructure System open for the receipt of Acceptable Waste for disposal or transfer of Controllable Waste pursuant to this Agreement. The County shall do and perform all acts and things which may be reasonably necessary or desirable in connection with its covenants in this subsection, including without limitation all planning, development, administration, implementation, construction, operation, maintenance, management, financing and contract work related thereto or undertaken in connection therewith. The County shall exercise all reasonable efforts to minimize the costs incurred in complying with the Service Covenant consistent with its responsibilities hereunder and under this Agreement, Applicable Law and prudent solid waste management practice and environmental considerations.

(B) Source-Separated Household Hazardous Waste. The County shall maintain, as part of the Waste Infrastructure System, a Source-Separated Household Hazardous Waste Disposal System for the disposal of Source-Separated Household Hazardous Waste. The disposal service provided by such system shall constitute part of the Disposal Services, and shall be available to Participating Cities as part of the Contract Rate. The County may impose additional fees and charges for new services relating to Source-Separated Household Hazardous Waste or with respect to cities which are not parties to an Agreement. The County may provide for the expansion, contraction or modification of the Source-Separated Household Hazardous Waste Disposal System and its services to the extent necessary to ensure the Waste Infrastructure System's viability.

(C) Designated Facilities. County and City will coordinate in determining the primary landfill used for disposal and processing of Controllable Waste. The Department shall immediately advise the City by telephone of any situation, event or circumstance which results in the partial or complete inability of the County to receive Controllable Waste at any particular landfill within the Waste Infrastructure System, its effect on the County's ability to perform its obligations hereunder, and the County's best estimate of the probable duration. The Department shall confirm such advice in writing within twenty four (24) hours of the occurrence of any such inability. The County shall use its best efforts to resume normal operation of the landfill used by the City as soon as possible. In the event a situation, event or circumstance results in the partial or complete inability of the County to receive Controllable Waste at any particular landfill within the Waste Infrastructure System the County shall have the right to redirect Controllable Waste to another landfill within the Waste Infrastructure System for the duration of the situation, event or circumstance; provided, however, that in such circumstances the County shall utilize reasonable efforts to first redirect waste which is not Controllable Waste. In no event shall the County be required to accept Controllable Waste if it does not have sufficient permitted disposal capacity within the Waste Infrastructure System.

(D) Compliance with Service Covenant Not Excused for any Reason. Commencing on the

Commencement Date, and subject to the terms of this Agreement, the obligations of the County to duly observe and comply with the Service Covenant, in accordance with Applicable Law, shall apply continuously and without interruption for the Term of this Agreement. In the event that any Change in Law, situation, event or other Uncontrollable Circumstance impairs or precludes compliance with the Service Covenant by the means or methods then being employed by the County, the County shall use best efforts to implement alternative or substitute means and methods to enable it to satisfy the terms and conditions of the Service Covenant. In the event that a Change in Law precludes the County from complying with such covenants with the means or methods then being employed and from utilizing any alternate or substitute means or methods of compliance, the County shall continuously use all reasonable efforts to effectuate executive, legislative or judicial change in or relief from the applicability of such law so as to enable the County lawfully to resume compliance with such covenants as soon as possible following the Change in Law.

County failure to duly observe and comply with the Service Covenant due to its efforts to comply with Applicable Law, shall not constitute a breach under this Agreement, and shall excuse County performance to the extent necessary to comply with Applicable Law.

If the alternative or substitute means and methods proposed for the County to observe and comply with the Service Covenant are more costly than the previously used means and methods, County shall be entitled to a corresponding Contract Rate increase to cover any associated additional costs pursuant to the provisions of Section 4.2 of this Agreement.

SECTION 3.3 COUNTY RIGHT TO REFUSE WASTE.

(A) Right of Refusal. Notwithstanding any other provision hereof, the County may refuse delivery of:

(1) Hazardous Waste;

(2) Controllable Waste delivered at hours other than those provided in Section 3.5 hereof;

(3) Waste that does not constitute Acceptable Waste;

(4) Acceptable Waste delivered by City but originating from or generated outside the jurisdiction of the City;

(5) Controllable Waste consisting primarily of construction and demolition debris or inert material which may cause a particular facility's daily tonnage limit to be exceeded;

(6) Acceptable Waste in excess of permitted limits; and

(7) Acceptable Waste that would result in County violating Applicable Law.

(B) Identification of Unacceptable Waste. The Department shall have the right (but not the duty or the obligation) to inspect the vehicles of all Franchise Haulers delivering material to the Waste Infrastructure System, and may require that the Franchise Hauler remove any Unacceptable Waste from such vehicle before it is unloaded. If the Department determines that it is impractical to separate Controllable Waste from Unacceptable Waste in any vehicle, or if the Franchise Hauler delivering such waste is unwilling to make such separation, or if any vehicle is carrying waste which may spill or leak, then the Department may reject the entire vehicle, and the City shall forthwith remove or cause the removal of the entire delivery from the Waste Infrastructure System. The Department may take all reasonable measures to prevent waste from being blown or scattered before and during unloading. The City shall cause the Franchise Haulers to observe and comply with Applicable Law, the operating rules and regulations of the Department, and the provisions of this Agreement prohibiting the delivery of Unacceptable Waste to the Waste Infrastructure System.

(C) Hazardous Waste and Hazardous Substances. The parties acknowledge that the Waste Infrastructure System has not been designed or permitted to accept Hazardous Waste or Hazardous Substances, and is

not intended to be used in any manner or to any extent, for the handling, transportation, storage or disposal of Hazardous Waste, Hazardous Material or Hazardous Substances. Neither the County nor the City shall countenance or knowingly permit the delivery of Hazardous Waste or Hazardous Substances to the Waste Infrastructure System. City shall be responsible for the costs of removal, and any regulatory fines, associated with the knowing delivery of any Hazardous Substances to the Waste Infrastructure System by the City or its Franchise Hauler.

(D) Disposal of Unacceptable Waste and Hazardous Waste. If Unacceptable Waste or Hazardous Waste is discovered in a vehicle at any facility within the Waste Infrastructure System, the driver of the vehicle will not be permitted to discharge the load. If a vehicle is observed unloading Unacceptable Waste or Hazardous Waste in the tipping area of a facility within the Waste Infrastructure System Department personnel will use reasonable efforts to assure that such material has been characterized, properly secured and its disposition resolved. The return or reloading onto the delivery vehicle of any Hazardous Waste, Prohibited Medical Waste or other waste requiring handling or transportation shall be conducted in accordance with Applicable Law. Whenever Hazardous Waste is detected at any facility within the Waste Infrastructure System, the Department shall take immediate action in accordance with Applicable Law.

SECTION 3.4 UNINCORPORATED AREA ACCEPTABLE WASTE.

Commencing on the Commencement Date, the County in accordance with Applicable Law shall provide or cause to be provided the service of disposing of non-recycled Acceptable Waste originating or generated within the Unincorporated Area and, with respect to such material, shall comply with the Waste Disposal Covenant as if the County constituted a City subject to the Waste Disposal Covenant hereunder. Rates charged by the County for the disposal of each class of non-recycled Acceptable Waste generated in the Unincorporated Area shall be the same as the Contract Fee charged for the disposal of each class of Controllable Waste. The County shall use its best efforts to preserve, protect and defend its right to exercise and comply with the Waste Disposal Covenant (with respect to non-recycled Acceptable Waste generated in the Unincorporated Area) against any challenge thereto, legal or otherwise, by a Franchise Hauler or any other person, based upon breach of contract, violation of law or any other legal theory. The County shall bear the cost and expense of any such Legal Proceeding or other challenge (with respect to non-recycled Acceptable Waste generated in the Unincorporated Area).

SECTION 3.5 MISCELLANEOUS OPERATIONAL MATTERS.

(A) Operating Hours. The County shall keep the Waste Infrastructure System open for the receiving of Acceptable Waste during such regular operating hours as may be established by the Department in the operating rules and regulations applicable to the Waste Infrastructure System. The County reserves the right to modify the operating days and hours to comply with Applicable law or as otherwise may be deemed necessary by the County.

(B) Scales and Weighing. The Department shall operate and maintain permanent scales at the Waste Infrastructure System as required by Applicable Law. The Department shall weigh all vehicles delivering waste by or on behalf of the City (whether or not the County accepts such waste) and prepare a daily weight record with regard to such delivery.

(C) Service Coordinator. The County and the City each shall designate in writing thirty (30) days prior to the expected Commencement Date a person to transmit instructions, receive information and otherwise coordinate service matters arising pursuant to this Agreement (each a "Service Coordinator"). Either Party may designate a successor or substitute Service Coordinator at any time by notice to the other Party.

(D) Review of Records. Each Party may review the other Party's books and records with respect to matters relevant to the performance by either Party under this Agreement or otherwise related to the operation of the Waste Infrastructure System to the extent allowed under the California Public Records Act (interpreted as if the Parties to this Agreement were natural persons for purposes of the Public Records Act).

SECTION 3.6 OTHER USERS OF THE DISPOSAL SYSTEM.

(A) On or Before April 30, 2026, the County shall have the right to enter into WISE Agreements with Orange County entities with respect to Acceptable Waste which was originally discarded by the first generator thereof within the geographical limits of the County, including other cities in the County, Special Districts, Sanitary Districts, Franchise Haulers and Independent Haulers. Agreements entered into during this period shall have terms

and provisions substantially identical to the terms and provisions of this Agreement; provided, however, that in no event shall such agreements have terms and provisions more favorable than the terms and provisions of this Agreement (including but not limited to the Contract Rate and availability of disposal capacity).

(B) After April 30, 2026, the County shall have the right to enter into WISE Agreements with Orange County entities, including any city, Special Districts, Sanitary Districts, Franchise Haulers and Independent Haulers, or otherwise accept Acceptable Waste from such parties, but only within the limitations contained in this Section. Any such agreement or waste acceptance agreement must provide that the party delivering waste shall pay a Disposal Rate at least 10% higher than the Contract Rate unless the County determines it is in the best interest of the Waste Infrastructure System to establish a Disposal Rate less than 10% higher than the Contract Rate. In no event shall the Disposal Rate be less than the Contract Rate. In addition, the County shall reserve the right in any such agreement to at any time, to the extent permitted by Applicable Law, refuse to receive and dispose of Acceptable Waste from any city, Special District, Sanitary District, Franchise Hauler and Independent Hauler if and to the extent that such receipt and disposal might materially and adversely affect the ability of the County to comply with its obligations to the Participating Cities under the WISE Agreements to which each is a party.

(C) Posted Disposal Rate. The Posted Disposal Rate shall at all times be at least 10% higher than the Contract Rate.

(D) Self-Haulers. The City and the County acknowledge that Self-Haulers shall be entitled to deliver Self-Hauled Waste to the Waste Infrastructure System, on a non-contract basis, at the Posted Disposal Rate. Such Self-Haulers shall not be entitled to dispose of Acceptable Waste for the Contract Rate.

(E) Receipt of Imported Acceptable Waste on a Contract Basis. The County shall have the right to enter into Importation Agreement(s) with any public or private entity for the delivery of Imported Acceptable Waste on terms and conditions that the County determines to be necessary to ensure and enhance the viability of the Waste Infrastructure System and to generate Net Import Revenues. In no event shall such Importation Agreements, entered into after the Commencement Date, include a per ton tipping fee or Disposal Rate for Imported Acceptable Waste that is less than the Contract Rate. The County certifies that in its good faith judgment the contract or other agreement for the delivery of such waste will not materially and adversely affect the ability of the County to receive and dispose of Acceptable Waste from the Participating Cities in accordance with the applicable WISE Agreements throughout the Term thereof; and, should the delivery of waste subject to Importation Agreements adversely affect the County's ability to receive and dispose of Controllable Waste from Participating Cities the County will prioritize receipt and disposal of Controllable Waste delivered pursuant to applicable WISE Agreements.

(F) Application and Use of Revenues From Other Users.

(1) County Acceptable Waste: Throughout the Term hereof, all revenues received by the County from the disposal or processing of County Acceptable Waste into the Waste Infrastructure System (including Surcharges, and any and all fine, penalty, liquidated damages or other damages, grants, awards or revenue received by the County in connection with the Waste Infrastructure System), shall be deposited by the County in the County OC Waste & Recycling Enterprise Fund and shall constitute revenues of the Waste Infrastructure System.

(2) Imported Acceptable Waste: Throughout the Term hereof, all revenues received by the County, pursuant to an Importation Agreement, for the disposal or processing of Imported Acceptable Waste into the Waste Infrastructure System (including Surcharges, and any and all fine, penalty, liquidated damages or other damages or revenue received by the County in connection with the Waste Infrastructure System), shall first be applied toward all of the costs attributable to the acceptance and management of such Imported Acceptable Waste into the Waste Infrastructure System. Costs attributable to the disposal of Imported Acceptable Waste include, but are not limited to, deposits to the Environmental Fund, deposits to closure and post-closure reserves, Host Fees (if applicable), incremental operating costs (such as manpower expenditures, equipment, services and supplies expenditures), State surcharges, regulatory fees, charges or penalties, and a pro rata share of capital project costs. Revenue remaining after costs attributable to the disposal and management of Imported Acceptable Waste shall be considered "Net Import Revenues" and shall be calculated and distributed as follows:

(i) Calculation: Net Import Revenues are estimated to be 30% of the revenues received

by the County from the disposal of Imported Acceptable Waste (excluding any newly established per-ton fees or increases to existing per-ton fees with respect to Imported Acceptable Waste payable to the State, other regulatory agencies or cities in which facilities in the Waste Infrastructure System are located.)

(ii) Distribution: Net Import Revenues shall be distributed as follows;

a. 50% of any Net Import Revenues shall be paid to the County General Fund.

b. 50% of such Net Import Revenues shall be paid to the Participating Cities (and to the County, with respect to the unincorporated area) listed in Appendix 1 for use for any purpose by the Participating City, including but not limited to State mandated solid waste programs. Payments of such amount to the County General Fund and the Participating Cities shall be made by the County within ninety (90) days after the end of each fiscal year. The portion of Net Import Revenues specified above payable to the Participating Cities shall be apportioned in the percentages set forth in Appendix 1.

c. The percentages set forth in Appendix 1 with respect to each Participating City shall be annually reviewed and adjusted every five (5) years by the County to reflect the percentage of deliveries of Acceptable Waste from each Participating City averaged over the last five (5) years. The County shall notify Participating Cities of the revised percentages in Appendix 1 within one hundred and twenty (120) days of the end of each fiscal year.

SECTION 3.7 COUNTY PROVISION OF WASTE DIVERSION SERVICES.

(A) County-Wide Recycling and Diversion Services. Unless otherwise specifically provided in this Agreement, County is not required to provide for any source reduction, materials recovery, recycling, organic processing or other waste diversion services under this Agreement. However, County may choose to provide County-Wide Recycling Services funded through the County OC Waste & Recycling Enterprise Fund at its sole discretion on the condition that provision of said services shall be funded in a manner that does not impact the Contract Rate without first going through the process outlined in Section 4.2 and expressly agreed to by 50% of Participating Cities.

(B) Organic Processing and Diversion Services. The County has developed Organics Infrastructure and programs available to interested Cities intended to assist Cities in meeting their diversion and Organic Legislative Recycled Organic Waste Procurement goals and to promote the processing and diversion of Organic Waste into compost or other material that qualifies as diversion under Applicable Law. Cities interested in receiving County provided Organic Processing Services may enter into the separate Organic Services Agreement ("OSA") provided in Appendix 5 of this Agreement.

(C) Food Waste Processing and Diversion. County is in the process of evaluating the options and feasibility of development of a Commercial Food Waste Processing Infrastructure. If developed, Cities will be provided an opportunity to participate in this service on terms which shall be separately agreed upon by the Parties.

(D) Edible Food Recovery Programs. County is in the process of evaluating the options and feasibility of development of regional County-wide edible food recovery programs to assist Cities in meeting State mandated goals. The intent of Edible Food Recovery to address the food hierarchy and wasted food scale on a regional level through collaboration of all jurisdictions, key local, State and federal stakeholders, the non-profit sector and business sector. City agrees to reasonably cooperate with County efforts and collaborate on data analysis and reporting to provide jurisdictions reports for compliance under SB 1383. If developed, Cities will be provided an opportunity to participate in this service on terms which shall be separately agreed upon by the Parties.

(E) Recycling Market Development Zone ("RMDZ") Program. The RMDZ program, administered by the California Department of Resource Recycling and Recovery (CalRecycle), combines recycling with economic development to support business that use materials from the waste stream to manufacture their products. The program offers loans, technical assistance and product marketing to eligible businesses located within designates zones. City agrees to reasonably cooperate and collaborate with County in support of the RMDZ program.

(F) Separate City-County Diversion Service Agreements. Nothing in this Agreement is intended to limit the right of the County to enter into a separate agreement with the City or any other person to provide source reduction, materials recovery, recycling, composting or other waste diversion services. Any such program conducted by the County, whether in participation with the City, any other of the Participating Cities, other Cities, Special Districts, Sanitary Districts, Franchise Haulers, Independent Haulers, Unincorporated Area or non-County entity, shall be operated, managed and accounted for as a program separate and distinct from the Disposal Services program contemplated by the WISE Agreements and shall not be funded through the general revenues of the Disposal System.

ARTICLE IV
CONTRACT RATE

SECTION 4.1 CHARGING AND SECURING PAYMENT OF CONTRACT RATE. The City acknowledges that the County shall have the right to charge and collect a Contract Rate for the acceptance, disposal, and processing of Controllable Waste delivered to the Waste Infrastructure System by City or its Franchise Hauler. The Contract Rate shall be calculated and established, and may be modified, as provided in Section 4.2 hereof. In addition, the City acknowledges that the County shall have the right to establish as part of the operating rules and regulations reasonable measures to secure the payment of all Contract Rates.

SECTION 4.2 CONTRACT RATE.

(A) Establishment of Contract Rate. The Contract Rate payable by each City or Franchise Hauler shall be a three (3) year progressive Contract Rate of **$67/ton** (July 1 2026 through June 30, 2027), **$74/ton** (July 1, 2027 through June 30, 2028), and **$81/ton** (July 1, 2028 through June 30, 2029) and contingent on the delivery to the Waste Infrastructure System of an amount of City Acceptable Waste at least equal to the Cumulative Tonnage Targets identified in Appendix 2, and subject to adjustment necessary to reflect the circumstances set forth in this Section 4.2 including but not limited to:

(i) increased costs incurred by the County (in excess of available insurance proceeds) due to the occurrence of one or more Uncontrollable Circumstances, other than Changes in Law;

(ii) costs incurred by the County (in excess of available insurance proceeds and amounts available in the Environmental Fund for such purposes) remediating environmental conditions at the Disposal System or inactive or closed disposal sites in the County, which, if uncorrected, could give rise to potential claims under CERCLA or related federal or State statutes, including costs incurred providing indemnification to any Participating City pursuant to subsection 7.3;

(iii) tonnage shortfalls to the extent permitted by Sections 4.2(B);

(iv) County determination that the Department revenue is insufficient to meet Full Cost Recovery requirements.

(v) increased costs incurred by the County due to the occurrence of one or more Changes in Law;

(vi) Capital Costs in excess of the Capital Costs at any point in time during the term hereof exceeding the Cumulative Capital Costs set forth in Appendix 3;

(vii) Provision of new or expanded services, provided on terms as agreed to by the Parties.

Prior to adjusting the Contract Rate as a result of any of the circumstances described in clauses (i), (ii), (iii) (iv) or (vi) above, the County shall utilize the following remedies in the following order of priority:

(1) reduce the costs of operating the Disposal System to the extent practicable; and

(2) at the sole discretion of the County, utilize Unrestricted Reserves to pay costs of the Waste Infrastructure System.

The County will not be required to utilize such remedies prior to adjusting the Contract Rate as a result of any of the circumstances described in clauses (v) or (vii) above.

Any adjustments to the Contract Rate permitted by this Section shall be calculated by the County to reflect the actual costs or expenses of addressing the circumstance or circumstances pursuant to which the adjustment is authorized. The County agrees that, where appropriate, it will evaluate the feasibility of long-term financing for significant capital costs. Notwithstanding the forgoing, no adjustment to the Contract Rate shall occur as a result of costs associated with the programs identified in Section 3.7, without first going through the process outlined in Section 4.2 and expressly agreed to by 50% of Participating Cities.

(B) County Acceptable Waste Shortfall. In the event that the actual amount of County Acceptable Waste delivered to the Disposal System at the end of any Contract Year is less than the Cumulative Tonnage Target for such Contract Year for County Acceptable Waste, as specified in Appendix 2, the County shall utilize the following options, in the following order of priority, in order to remedy any adverse effects of such tonnage shortfall:

(i) reduce the costs of operating the Waste Infrastructure System to the extent practicable;

(ii) at the sole discretion of County, utilize Restricted Reserves described in clause (iii) of Section 4.5 to pay costs of the Waste Infrastructure System;

(iii) at the sole discretion of County, utilize Unrestricted Reserves to pay costs of the Waste Infrastructure System; and

(iv) adjust the Contract Rate.

In the event that implementation of the steps described above does not result in sufficient revenues to satisfactorily address the shortfall in tonnage, the County shall have the right to terminate the Agreement on one-hundred eighty (180) days written notice to the City. In addition, in the event that Waste Infrastructure expenses are lower than estimated or actual deliveries to the Disposal System exceed the Cumulative Tonnage Target as of the end of any Contract Year, the City acknowledges the County shall have the right to establish reserves intended to reflect the potential for lower than expected annual waste deliveries in subsequent years, and that any such reserves shall constitute "Restricted Reserves".

(C) [RESERVED]

(D) Interim Use of Remedies. In the event that, during any Contract Year, waste deliveries to the Disposal System are 25% or more below delivery projections for such Contract Year with the result that the County determines it is unlikely that the Cumulative Tonnage Target will be achieved as of the end of such Contract Year, the County may utilize the remedies described in Section 4.2(B) prior to the end of such Contract Year; provided, however, that if at the end of such Contract Year, the Cumulative Tonnage Target is actually met, the County shall reimburse any adjustments to the Contract Rate made pursuant to this Section to Participating Cities. Such reimbursement shall occur in a manner as agreed between the parties, and may be given as a credit or adjustment to the Contract Rate for future deliveries, rather than a lump sum payment.

(E) Special Charges. Notwithstanding Section 4.2(A), the County shall have the right to establish special charges for the provision of new or expanded services or the receipt of hard to handle materials, such as bulky materials, construction and demolition debris, tree stumps and sludge. Should the County wish to provide new or expanded services to Cities, it may charge for such services upon agreement of City. Special charges shall be calculated to reflect the reasonable incremental costs to the County of providing the new or expanded services or accepting such hard to handle materials.

Adjustments pursuant to this Section 4.2(E) shall not require compliance with the provisions of Section 4.2(I)

(F) Annual CPI Escalation. Subject to the application of the Contract Rate True-up (provided

below), the Contract Rate shall be adjusted each July 1, beginning 2029, in an amount equal to the percentage change in the CPI (as defined above) as measured from the October twenty one (21) months prior to the rate adjustment to the October immediately preceding the rate adjustment (the "Annual CPI Adjustment"). For example: The July 1, 2029 Annual CPI Adjustment to the Contract Rate shall be based upon the change in CPI from October 2027, to October 2028, referred to as year 1 and year 2 respectively in the following example.

Formula to calculate percentage change in the Contract Rate based on Annual CPI Adjustment :

Step 1:

$$\left[\frac{\text{October Year 2 CPI}}{\text{October Year 1 CPI}} - 1 = \text{\% increase in Contract Rate}\right.$$

Step 2: Current Contract Rate x (1+ % increase in Contract Rate) = Contract Rate as of July 1 Year 2

On each April 1, commencing April 1, 2029, the County shall provide the City with notice of the Annual CPI Adjustment to the Contract Rate to be effective the following July 1. Such notice shall contain the calculation of the adjustment set forth above. The County shall calculate the new Contract Rate each year.

In the event that the change in CPI as described above is negative rather than positive, no rate adjustment will be made for that year. No adjustment under this Section 4.2(F) will take place until the October CPI index surpasses the index level as of the October immediately preceding the last annual rate adjustment pursuant to this Section 4.1(F), which will be considered "year 1" in calculating the change in the Contract Rate.

For example, if the change in CPI is measured as follows: October 2027 = 205, October 2028 = 204, October 2029 = 201, October 2030 = 208, then there would be no adjustment in July 2029, or July 2030, and an adjustment equal to the change from 205 to 208 would be implemented on July 1, 2031.

Contract Rate True-up: On an annual basis, no later than each April 30, beginning April 30, 2030, the County shall conduct an annual review of factors pertaining to the most recently completed fiscal year(s) including but not limited to, tonnage received throughout the Waste Infrastructure System, Cumulative Tonnage Targets identified in Appendix 2, revenue received from all sources, Department expenditures, and other factors that make up Department's total costs. County shall notify City prior to April 30, 2030 (and every April 30 thereafter) and advise whether the Annual CPI Adjustment to the Contract Rate should be frozen for a period of time (in circumstances where Department revenues exceed Department Full Cost Recovery needs) or to determine whether the Contract Rate should be increased beyond the Annual CPI Adjustment as defined above (in circumstances where Department costs exceed CPI) to ensure that Department revenues meet Full Cost Recovery.

Within thirty (30) days of finalizing each annual review, the County shall transmit its findings and the bases thereof to Participating Cities at the next regularly scheduled OCCMA meeting or other forum mutually agreed to by the County and OCCMA. If requested by the City or OCCMA, the County shall reasonably respond to requests from the City and/or OCCMA for additional information including, but not limited to, requests to meet and discuss reviews, findings, and bases of findings. At the request of 50% of Participating Cities, County agrees to meet and confer in good faith with OCCMA, within sixty (60) days to discuss retention of a consultant acceptable to both the County and OCCMA to conduct an independent review of the County's annual review findings.

Nothing in this section shall be interpreted as limiting the County's rights under Section 4.2(A).

(G) Adjustment Resulting from Increased Fees. In addition to the other adjustments specified herein, the Contract Rate shall be adjusted to reflect the imposition of new fees or increase in existing fees relating to the disposal of Controllable Waste imposed by State, federal or other agencies (e.g., the State's Integrated Waste Management fee, which is currently $1.40 per ton, but is expected in increase during the term of this Agreement). The adjustment shall be equal to the amount of any new or increased fee, and the adjustment shall take effect so as to coincide with the imposition of the new or increased fee. The County shall provide notice of any increase pursuant to this Section 4.2(G) as soon as practicable after becoming aware of the imposition of any fees described above.

Adjustments pursuant to this Section 4.2(G) shall not require compliance with the provisions of Section 4.2(I).

(H) [RESERVED]

(I) Procedure for Rate Adjustments. In the event the County determines that it is entitled to an adjustment of the Contract Rate pursuant to Section 4.2(A) (other than 4.2(A)(iv)) or Section 4.2(B), it shall utilize the procedures described in this Section 4.2(I). The County shall be required to provide the City with at least ninety (90) days prior written notice of the adjustment, which notice shall identify the specific event(s) or circumstances which require the adjustment. The notice shall also specify the earliest date on which the County Board of Supervisors shall consider the proposed adjustment. At least forty five (45) days prior to such meeting of the Board of Supervisors, the County shall provide the City with a report which shall contain the following information: a description of the specific event(s) or circumstances which require the adjustment; a description (including cost estimates) of any activities (which may include, but not be limited to capital improvements to the Waste Infrastructure System) required in order to remedy such event or circumstance; certification by the County that it has implemented the remedies described in Section 4.2(A) or (B) prior to requiring the rate adjustment; and a description of the methodology used by the County to calculate the adjustment to the Contract Rate (hereinafter the "County Report"). In the event the City disputes the adjustment, it shall provide the County with a written description of the reason for the dispute at least ten (10) days prior to the meeting of the Board of Supervisors identified in the initial notice of the County (hereinafter the "City Report"). The City Report shall be provided to the Board of Supervisors for consideration at such meeting in connection with the proposed rate adjustment. At any time from and after the date that the County provides the City with the County Report, upon the request of either party, the City and County shall meet and confer in good faith to resolve any dispute that may arise regarding the proposed adjustment to the Contract Rate. In any such meeting, the County shall be represented by the Director of the Department or his or her designee. In the event the Board of Supervisors approves all or a portion of the proposed rate adjustment, such rate adjustment shall become effective on the date identified in the initial notice sent by the County regardless of whether or not the procedures in Section 4.2(J) are utilized, but subject to potential reimbursement pursuant to clause (11) of Section 4.2(J).

(J) Procedure for Expedited Judicial Review of Contested Rate Adjustment. In the event that, within thirty (30) days after the effective date of any Contract Rate adjustment made pursuant to Section 4.2(I), Participating Cities which, in the aggregate, accounted for more than 50% of the County Acceptable Waste delivered to the County System in the twelve (12) months preceding the Contract Rate adjustment, provide notice to the County of their election to utilize the procedures described in this Section 4.2(J), then the provisions of this Section 4.2(J) shall be utilized by such Participating Cities and the County to resolve the dispute over the Contract Rate Adjustment. In the event that Participating Cities which have delivered the amount of waste contemplated in the preceding sentence do not provide notice to the County of such election, the County shall have no obligation to participate in or cooperate in the implementation of the procedures described below in this Section 4.2(J).

(1) In order to pursue the expedited judicial determination described in this Section (the "Expedited Rate Determination"), the Participating Cities which have made the election described in the paragraph above (the "Challenging Cities") must commence a civil action for breach of contract (the "Action") in the Orange County Superior Court within forty five (45) days of the date on which the Board of Supervisors approves the challenged adjustment to the Contract Rate.

(2) Within two (2) Court days of filing the Action, the Challenging Cities shall personally serve on the County Counsel, with copy provided to the Clerk of the Board both the summons and complaint, and a stipulation and request for the entering of an order incorporating all of the procedural provisions relating to the Expedited Rate Determination as set forth in this Section 4.2(J) (such stipulation and request for order is hereinafter referred to as the "Expedited Rate Determination Stipulation"). The Expedited Rate Determination Stipulation shall be signed by each of the Challenging Cities, or on behalf of them by their legal counsel.

(3) Within fifteen (15) days of the date of service upon the County of the summons and complaint, and Expedited Rate Determination Stipulation, County Counsel shall execute the Expedited Rate Determination Stipulation and deliver it as well as the County's answer to the complaint in the Action, by electronic means, to the Challenging Cities through their counsel of record. The Stipulation shall also include a waiver by each of the parties of their right to a jury trial of the issues raised in the Action. The Parties agree that the duty to execute the Expedited Rate Determination Stipulation and comply with the procedures set forth for Expedited Rate Determination in this Section 4.2(J) shall be, and are hereby deemed to be, ministerial duties which the law specifically enjoins upon each of them, and shall be subject to enforcement by the parties herein pursuant to Code of Civil Procedure Section 1085, *et seq.*, or by means of a complaint for specific performance.

(4) Within three (3) days of the date of service by the County upon the Challenging Cities of the fully signed Expedited Rate Determination Stipulation, the County and the Challenging Cities shall jointly

make *ex parte* application to the Orange County Superior Court in the Action for the issuance of an order reflecting the procedural requirements and timelines contained in the Expedited Rate Determination Stipulation, provided however, the timelines may be adjusted by the Court as it deems may be needed for its convenience. As part of such *ex parte* application, the County and the Challenging Cities shall expressly seek to confirm with the Orange County Superior Court the briefing schedule, and request a hearing date (effectively a trial date) in accordance with the procedures set forth in this Section 4.2(J).

(5) Within ten (10) days of the date of service by the County upon the Challenging Cities of the answer in the Expedited Rate Determination, the Challenging Cities shall file with the Court and electronically serve upon County Counsel the Challenging Cities' opening brief and the Record in the Expedited Rate Determination. The opening brief shall not exceed 15 pages in length. The Record shall consist of, and be limited to, the record of the proceedings before the Board of Supervisors with respect to the adjustment of the Contract Rate, including but not limited to the County Report and the City Report prepared by each or any of the Challenging Cities pursuant to Section 4.2(I), any materials filed or lodged with the Board of Supervisors and the Orange County Waste Management Commission in connection with its decision, the transcript of the proceedings of the Board of Supervisors meeting(s), and the Orange County Waste Management Commission, the minutes of the Board of Supervisors and the Orange County Waste Management Commission meeting, and the resolution and/or other documentation evidencing the action by the Board of Supervisors and the Orange County Waste Commission to adjust the Contract Rate pursuant to Section 4.2(A) or (B). The record shall also include the most recent reports prepared pursuant to Sections 4.6 and 4.7. The Expedited Rate Determination shall be decided solely on the evidence in the Record, and no extrinsic evidence shall be submitted to or considered by the Court.

(6) Within ten (10) days of service by the Challenging Cities of their opening brief and the Record, the County shall file and electronically serve upon the Challenging Cities' Counsel the County's opposition brief. The opposition brief shall not exceed 15 pages in length.

(7) Within five (5) days of service by the County upon the Challenging Cities of the opposition brief, the Challenging Cities may file and electronically serve upon County Counsel a reply rebuttal brief, which shall not exceed 10 pages in length.

(8) The trial of the Expedited Rate Determination shall be conducted as a law and motion hearing, similar to a hearing on a writ, which shall be conducted at the date set by the Court in connection with the *ex parte* application conducted pursuant to Section 4.2(J)(4), or such other date and time ordered by the Court. If the Court requests the parties to prepare supplemental briefs in response to any question or issue raised by the Court, the parties may do so.

(9) The standard of review for the Expedited Rate Determination shall be the preponderance of the evidence based upon the Record. The burden of proof shall be borne by the Challenging Cities, and the burden of proof shall be the same as with respect to a plaintiff in a damages action for breach of contract. Both parties have participated in the drafting of this Agreement. Accordingly, nothing set forth in this Agreement shall be interpreted or construed for or against either of the parties as a consequence of their participation in the drafting of this Agreement.

(10) The Court shall be advised that the Parties request that it issue a written statement of decision and enter judgment within thirty (30) days of the date of the hearing in the Expedited Rate Determination, although the Parties recognize that the Court has discretion to act as it deems appropriate in accord with applicable laws in connection with the timing thereof.

(11) If the Court determines that any portion of the County's adjusted Contract Rate which is the subject of the Expedited Rate Determination was improperly imposed, the County shall, within thirty (30) days of the date of the statement of decision, reimburse to the City the amount improperly imposed, together with interest calculated at the Overdue Rate. If agreed by the Parties, as an alternative such reimbursement may be made in the form of a reduction in the Contract Rate for a future period (not to exceed twelve (12) months), applied in a manner such that it provides full reimbursement of the amounts described above (including the Overdue Rate, to be applied consistent with provisions of Section 7.14 hereof.)

(12) In the event that the Court does not sign the order contained in the Expedited Rate Determination Stipulation and set the matter for disposition as contemplated herein, the County and the Challenging

Cities shall, within twenty (20) days following the issuance of the Court's order or decision not to do so and thereby honor the parties' stipulation, make application to the Orange County Superior Court for an expedited hearing or trial date. The Challenging Cities and the County shall be bound by all of the requirements and restrictions set forth in Section 4.2(J) that are not in conflict with this paragraph (12). In this regard, and without limiting the foregoing, the only evidence to be presented at the hearing or trial shall be the Record, no testimony shall be presented at the hearing or trial; and both the County and the Challenging Cities waive all rights to a jury trial, to any reconsideration of the decision of the Court, to a new trial after the Court renders a decision, and to any appeal or review of the decision of the Court.

SECTION 4.3 RESPONSIBILITY FOR PAYMENT OF THE CONTRACT RATE, AND OTHER AMOUNTS DUE.

(A) Payment by City. In the event and to the extent (1) the City uses municipal collection forces directly for the haulage of Controllable Waste to the Waste Infrastructure System or (2) the City uses non-municipal Franchise Haulers for collection but nonetheless elects to pay the Contract Rate and other amounts due from City revenues, the City, as its own Franchise Hauler, shall have direct responsibility for payment of the Contract Rate and other amounts due, and shall take all such budgetary, appropriation and other action as may be necessary to provide for the timely payment of the Contract Rate and other amounts due. Such action may include, depending upon the means authorized by the City to provide for such payment, the levy and collection of general or special taxes, the imposition of benefit assessments, or the collection of user fees, generator charges or other similar impositions for municipal solid waste disposal. The City shall use best efforts in accordance with Applicable Law to levy and impose all such taxes, assessments, fees or charges, and will take all steps, actions and proceedings for the enforcement, collection and payment of all such amounts which shall become delinquent, to the full extent permitted by Applicable Law.

(B) Payment by Franchise Haulers. With respect to Controllable Waste delivered by Franchise Haulers on behalf of City other than City municipal collection forces, the obligation to pay the Contract Rate and other amounts due shall rest with such Franchise Haulers. Franchise Hauler shall pay the Contract Rate or other amounts due or any portion thereof when due. In the event of any such failure by Hauler, the County and the City shall cooperate with each other and use their best efforts to obtain timely payment from Franchise Hauler. Such efforts by the County may include, as appropriate, requiring cash payments for disposal rights from such Franchise Hauler and bringing a legal proceeding for payment and damages. Such efforts by the City may include, as appropriate, legal proceedings to suspend, revoke or terminate the Franchise Hauler's franchise, permit or license rights.

(C) Disputes. If the City or the Franchise Hauler disputes any amount billed by the County in any Billing Statement, the City or the Franchise Hauler shall nonetheless pay the billed amount and shall provide the County with written objection within thirty (30) days of the receipt of such Billing Statement indicating the amount that is being disputed and providing all reasons then known to the City or the Franchise Hauler for any objection to or disagreement with such amount. If the City or the Franchise Hauler and the County are not able to resolve such dispute within thirty (30) days after the City's or the Franchise Hauler's objection, either party may pursue appropriate legal remedies.

SECTION 4.4 BILLING OF THE CONTRACT RATE OR OTHER AMOUNTS DUE. The County shall continue to bill Contract Rates and other amounts due after the Commencement Date, in the same manner as it has customarily billed tipping fees. Subject to the other provisions of this Agreement, the County shall have the right to modify or amend such manner of billing on reasonable notice to affected parties.

SECTION 4.5 RESTRICTED RESERVES. For purposes of this Agreement, "Restricted Reserves" means cash and other reserves of the Waste Infrastructure System which are restricted to specific uses or are otherwise being reserved by the County to meet its obligations hereunder throughout the term of the Agreement with respect to the Waste Infrastructure System pursuant to any Applicable Law, contract, adopted budget, budgetary policy of the County with respect to the Waste Infrastructure System, or other arrangement. Such cash and other reserves are not required to be deposited in separate accounts or funds in order to constitute "Restricted Reserves" hereunder, and may be commingled with Unrestricted Reserves or other funds of the County attributable to the Waste Infrastructure System. "Restricted Reserves" shall include, but not be limited to, the following:

(i) reserves for closure of components of the Waste Infrastructure System to the extent required by Applicable Law;

(ii) amounts reserved by the County for funding of post closure maintenance and monitoring with respect to components of the Waste Infrastructure System;

(iii) reserves established to protect the Waste Infrastructure System against the adverse financial impact of potential decreases in waste deliveries pursuant to Section 4.2(B);

(iv) amounts reserved to pay the costs of capital improvements with respect to the Waste Infrastructure System;

(v) amounts funded from revenues during the early years of the term of the Agreement reserved to enable the County to provide disposal services for the Contract Rate during the later years of the Agreement;

(vi) amounts temporarily held by the County prior to payment to the State or other Governmental Bodies pursuant to Applicable Law (including any fees or charges payable to CalRecycle);

(vii) reserves required to meet bond covenants pursuant to financing agreements for Waste Infrastructure System assets to the extent such amounts must be legally separate and distinct from other reserves identified in this Section;

(viii) security deposits from landfill deferred payment program users;

(ix) amounts held by the County in the Environmental Fund (provided, however, that such amounts in the Environmental Fund will be made available and used by the County if required to pay costs relating to environmental remediation or other related costs);

(x) AB 939 surcharges;

(xi) amounts held by the County in the Corrective Action Fund held pursuant to CCR Title 27 to demonstrate financial assurance to pay for potential groundwater contamination; and

(xii) an amount equal to three (3) months of budgeted expenses for the Disposal System for the current fiscal year, representing working capital of the Disposal System.

SECTION 4.6 AUDITED FINANCIAL STATEMENTS. The County shall annually, on or before January 1 each year, prepare or cause to be prepared and have on file for inspection an annual report for the preceding Contract Year, accompanied by a certificate of an independent public accountant or of the County Auditor and Controller as to the examination of the financial statements therein (describing such statements as fairly presenting the information therein in conformity with generally accepted accounting principles) relating to the Waste Infrastructure System, services, and the fiscal activities of the OC Waste Disposal Enterprise Fund, and including statements in reasonable detail of the financial condition of the OC Waste Disposal Enterprise Fund as of the end of the Contract Year and revenue and expenses for the Contract Year.

SECTION 4.7 ANNUAL UPDATE OF TEN-YEAR FINANCIAL PROJECTION. The County shall annually, on or before May 1 of each year, prepare or cause to be prepared, an updated Ten-Year Financial Projection for the Waste Infrastructure System. Said Financial Projection shall include at least two full years of prior actual data and ten years of future projections including the following elements:

1. County Acceptable Waste, in tons;

2. Imported Acceptable Waste, in tons;

3. Revenues and expenditures;

4. Cash fund balances, including all monies in the County Solid Waste Enterprise Fund, with specific delineation of monies in the Environmental Fund, Restricted Reserves, Unrestricted Reserves, and all other funds of the System; and

5. Projected liabilities for closure and post closure as well as reasonable reserves for

other environmental costs.

The purpose of the Ten-Year Financial Projection is to keep the City fully informed about the future financial condition of the Waste Infrastructure System. The County shall cause a copy of the Ten-Year Financial Projection to be delivered to the City Manager/General Manager of the City no later than May 1 of each year. Upon request, the County shall make available to the Cities supporting information related to the ten-year financial projection

Within thirty (30) calendar days of finalizing each annual update of the Ten-Year Projection, County shall transmit the Ten-Year Projection via email to the City and OCCMA. If requested by the City or OCCMA, the County shall reasonably respond to requests from the City and/or OCCMA for additional information including, but not limited to, requests to meet and discuss the updated Ten-Year Projections at the next regularly scheduled OCCMA meeting or other forum mutually agreed to by the County and OCCMA.

ARTICLE V
BREACH, ENFORCEMENT AND TERMINATION

SECTION 5.1 BREACH. The Parties agree that in the event either Party breaches any obligation under this Agreement or any representation made by either Party hereunder is untrue in any material respect, the other Party shall have the right to take any action at law or in equity (including actions for injunctive relief, mandamus and specific performance) it may have to enforce the payment of any amounts due or the performance of any obligations to be performed hereunder. Neither Party shall have the right to terminate this Agreement except as provided in Section 5.2 and Section 5.3 hereof or as otherwise provided in this Agreement.

SECTION 5.2 CITY CONVENIENCE TERMINATION. The City shall have the right to terminate this Agreement in its sole discretion, for its convenience and without cause at any time during the Term hereof upon ninety (90) days' written notice to the County. If the City exercises its rights to terminate the Agreement pursuant to this Section, the City shall pay the County a termination fee equal to the Contract Rate in effect at the time of such termination (or any higher rate with respect to which the County has provided notice pursuant to Section 4.2) multiplied by the number of tons of City Acceptable Waste delivered to the Disposal System during the preceding twelve (12) months (or, if the City had been in breach of the Waste Disposal Covenant during such prior months, such amount as would have been delivered if the City had complied with the Waste Disposal Covenant), multiplied by the number of years remaining in the Term of the Agreement.

SECTION 5.3 TERMINATION.

(A) By City. Except as expressly provided herein, the City shall have no right to terminate this Agreement for cause except in the event of the failure or refusal by the County substantially to perform any material obligation under this Agreement unless such failure or refusal is excused by an Uncontrollable Circumstance; except that no such failure or refusal shall give the City the right to terminate this Agreement for cause under this subsection unless:

(1) The City has given prior written notice to the County stating that a specified failure or refusal to perform exists which will, unless corrected, constitute a material breach of this Agreement on the part of the County and which will, in its opinion, give the City the right to terminate this Agreement for cause under this subsection unless such breach is corrected within a reasonable period of time, and

(2) The County has neither challenged in an appropriate forum (in accordance with Section 5.5) the City's conclusion that such failure or refusal to perform has occurred or constitutes a material breach of this Agreement nor corrected or diligently taken steps to correct such breach within a reasonable period of time not more than ninety (90) days from the date of the notice given pursuant to clause (1) of this subsection (but if the County shall have diligently taken steps to correct such breach within such reasonable period of time, the same shall not constitute a breach giving rise to the right of termination for as long as the County is continuing to take such steps to correct such breach).

(B) By County. Except as expressly provided herein, the County shall have no right to terminate this Agreement for cause except in the event of the failure or refusal by the City or its Franchise Hauler to substantially perform any material obligation under this Agreement unless such failure or refusal is excused by an Uncontrollable Circumstance; except that no such failure or refusal shall give the County the right to terminate this Agreement for

cause under this subsection unless:

(1) The County has given prior written notice to the City stating that a specified failure or refusal to perform exists which will, unless corrected, constitute a material breach of this Agreement on the part of the City and which will, in its opinion, give the County right to terminate this Agreement for cause under this subsection unless such breach is corrected within a reasonable period of time, and

(2) The City has neither challenged in an appropriate forum (in accordance with Section 5.5) the County's conclusion that such failure or refusal to perform has occurred or constitutes a material breach of this Agreement nor corrected or diligently taken steps to correct such breach within a reasonable period of time not more than ninety (90) days from the date of the notice given pursuant to clause (1) of this subsection (but if the City shall have diligently taken steps to correct such breach within such reasonable period of time, the same shall not constitute a breach giving rise to the right of termination for as long as the City is continuing to take such steps to correct such breach).

SECTION 5.4 NO WAIVERS. No action of the County or the City pursuant to this Agreement (including, but not limited to, any investigation or payment), and no failure to act, shall constitute a waiver by either Party of the other Party's compliance with any term or provision of this Agreement. No course of dealing or delay by the County or the City in exercising any right, power or remedy under this Agreement shall operate as a waiver thereof or otherwise prejudice such Party's rights, powers and remedies. No single or partial exercise of (or failure to exercise) any right, power or remedy of the County or the City under this Agreement shall preclude any other or further exercise thereof of the exercise of any other right, power or remedy.

ARTICLE VI
TERM

SECTION 6.1 EFFECTIVE DATE AND TERM.

(A) Initial Term. This Agreement shall become effective, shall be in full force and effect and shall be legally binding upon the City and the County from the Contract Date and shall continue in full force and effect until June 30, 2036, unless earlier terminated in accordance with its terms, in which event the Term shall be deemed to have expired as of the date of such termination.

(B) Option to Renew. This Agreement shall be subject to renewal by mutual agreement of the Parties, on or before June 30, 2036 for an additional term of ten (10) years (the "Renewal Term") on the same terms and conditions as are applicable during the Initial Term hereof or on amended terms as may be mutually agreed to by the Parties. The City shall give the County written notice of its election to renew this Agreement on or before June 30, 2035. If the parties do not execute a renewal of this Agreement prior to June 30, 2036 it shall expire.

(C) Contract Rate During Renewal Term. In connection with the parties' right to renew this Agreement for an additional ten-year term pursuant to Section 6.1(C), the parties shall, on or before January 31, 2036 negotiate an applicable change in the Contract Rate for such renewal term. In determining any revisions to the Contract Rate to be applicable during any renewal period, in addition to the circumstances described in Section 4.2(A), the parties may take into consideration the following parameters, including but not limited to:

(i) actual cost of operations;

(ii) population growth;

(iii) increase or decrease in available tonnage;

(iv) economic and disposal market conditions in the Southern California region;

(v) new regulatory requirements;

(vi) Changes in Law;

(vii) changes in transportation and technology;

(viii) closure and expansion of nearby landfills;

(ix) capacity of the Disposal System;

(x) provision of new and/or expanded services; and

(xi) available reserves which are in excess of the amount reasonably required as reserves.

(D) Survival; Accrued Rights. The rights and obligations of the parties hereto pursuant to Sections 3.1(E)(2), 5.1, 5.3, 7.2, 7.3, 7.6, 7.7, 7.8, and 7.9 hereof shall survive the termination or expiration of this Agreement, and no such termination or expiration shall limit or otherwise affect the respective rights and obligations of the parties hereto accrued prior to the date of such termination or expiration. At the end of the Term of this Agreement, all other obligations of the parties shall terminate.

SECTION 6.2 COMMENCEMENT DATE.

(A) Obligations of the Parties Prior to the Commencement Date. The Parties acknowledge that the Agreements may be executed and delivered on different dates and that, except as provided in this subsection, neither the County nor the City shall be obligated to perform its obligations hereunder until the Participation Threshold provided herein has been met and the other conditions to the occurrence of the Commencement Date have occurred. Prior to the Commencement Date, each Party hereto shall at its own expense exercise good faith and due diligence and take all steps within its reasonable control in seeking to satisfy the conditions to the Commencement Date set forth herein as soon as reasonably practicable. The County and the City, each at its own expense, shall cooperate fully with each other and the other Participating Cities in connection with the foregoing undertaking. Until the Commencement Date occurs, the Original WDAs shall remain in full force and effect until they expire or are terminated.

(B) Condition to the Commencement Date. The Commencement Date for the Agreement shall be the date on which Participating Cities reach the Participation Threshold. Unincorporated County is assumed to be a Participating City for the purposes of determining the Commencement Date in accordance with this Section 6.2(b) and Appendix 1 of this Agreement.

(C) Satisfaction of Condition and Commencement Date. Upon the satisfaction or waiver of the condition to the Commencement Date, the County shall give written notice thereof to the Cities which have theretofore executed Agreements. The parties shall thereupon hold a formal closing acknowledging the satisfaction or waiver of the condition to the Commencement Date, certifying that the Commencement Date has occurred and designating the Participating Cities. Copies of all of the documents or instruments constituting or evidencing satisfaction of the Commencement Date conditions shall be furnished to each party prior to or on the Commencement Date.

(D) Newly Incorporated Cities. Any city within Orange County which becomes incorporated after the Commencement Date shall upon request be offered the opportunity by the County to become a Participating City on substantially the same terms and conditions as this Agreement.

(E) Failure of Condition. If by June 30, 2026, or such later date as the County may agree, the condition to the Commencement Date specified in this Section is not satisfied, either party hereto may, by notice in writing to the other party, terminate this Agreement. Neither party shall be liable to the other for the termination of this Agreement pursuant to this subsection, and each of the parties shall bear its respective costs and expenses incurred in seeking to satisfy the condition to the Commencement Date.

ARTICLE VII
GENERAL PROVISIONS

SECTION 7.1 OPERATION AND MAINTENANCE OF THE WASTE INFRASTRUCTURE SYSTEM. The County, at its cost and expense through the County Solid Waste Enterprise Fund, shall at all times operate, or caused to be operated, the Waste Infrastructure System in accordance with Applicable Law and the operating rules and regulations of the Department and other applicable regulatory agencies.

SECTION 7.2 UNCONTROLLABLE CIRCUMSTANCES GENERALLY.

(A) Performance Excused. Except as otherwise specifically provided in this Agreement, neither the County nor the City shall be liable to the other for any failure or delay in the performance of any obligation under this Agreement (other than any payment at the time due and owing) to the extent such failure or delay is due to the occurrence of an Uncontrollable Circumstance.

(B) Notice, Mitigation. The Party experiencing an Uncontrollable Circumstance shall notify the other Party by telecommunication or telephone and in writing, on or promptly after the date the Party experiencing such Uncontrollable Circumstance first knew of the commencement thereof, followed within fifteen (15) days by a written description of (1) the Uncontrollable Circumstance and the cause thereof (to the extent known), (2) the date the Uncontrollable Circumstance began and the cause thereof, its estimated duration, the estimated time during which the performance of such Party's obligations hereunder will be delayed, (3) the estimated amount, if any, by which the Contract Rate may need to be adjusted as a result of such Uncontrollable Circumstance, (4) its estimated impact on the other obligations of such Party under this Agreement and (5) potential mitigating actions which might be taken by the County or City and any areas where costs might be reduced and the approximate amount of such cost reductions. Each Party shall provide prompt written notice of the cessation of such Uncontrollable Circumstance. Whenever such act, event or condition shall occur, the Party claiming to be adversely affected thereby shall, as promptly as reasonably possible, use its best efforts to eliminate the cause therefor, reduce costs and resume performance under this Agreement. In addition, with respect to Changes in Law, the County shall diligently contest any such changes the imposition of which would have a material adverse impact on the Waste Infrastructure System. While the delay continues, the County or City shall give notice to the other Party, before the first day of each succeeding month, updating the information previously submitted.

(C) Impact on Contract Rate. If and to the extent that Uncontrollable Circumstances interfere with, delay or increase the cost to the County of meeting its obligations hereunder and providing Waste Infrastructure Services to the Participating Cities in accordance herewith, the County shall be entitled to an increase in the Contract Rate as provided in Section 4.2 herein or an extension in the schedule for performance equal to the amount of the increased cost or the time lost as a result thereof. The proceeds of any insurance available to meet any such increased cost shall be applied to such purpose prior to any determination of cost increases payable under this subsection. Any cost reductions achieved through the mitigating measures undertaken by the County pursuant to subsection 7.2(B) hereof upon the occurrence of an Uncontrollable Circumstance shall be reflected in a reduction of the amount by which the Contract Rate would have otherwise been increased or shall serve to reduce the Contract Rate to reflect such mitigation measures, as applicable.

SECTION 7.3 INDEMNIFICATION. To the extent permitted by law, the County agrees that, it will protect, indemnify, defend (with counsel selected by County) and hold harmless the City from and against all Loss-and-Expense arising from the City's activity as an "arranger" (for purposes of and as such term is defined under CERCLA or comparable State statutes) of municipal solid waste disposal pursuant to this Agreement. In the event the City shall determine for any reason, other than a disabling conflict of interest, that it wishes to be defended by legal counsel other than the legal counsel provided by the County, the cost of providing such legal counsel shall be the City's sole responsibility. Any costs incurred by the County pursuant to this Section shall be considered an Uncontrollable Circumstance cost and the County shall be entitled to adjust the Contract Rate as provided in subsection 4.2(A) herein. The County shall not, however, be required to indemnify or defend the City from and against all Loss-and-Expense arising from any willful, knowing, illegal or negligent disposal of hazardous waste (other than incidental amounts of Household Hazardous Waste commonly found in municipal solid waste and permitted to be disposed in Class III landfills under RCRA) which violates the County's landfill permits or Applicable Law. The parties agree that this provision constitutes an indemnity under CERCLA (to the extent of the specific provisions of this Section). The parties acknowledge that this subsection is not intended to and does not create any obligation on the part of the County to provide any indemnification or defense to any Franchise Hauler, whether franchised or not, or any Independent Hauler or Transfer Station, under any circumstances. The City acknowledges the County's legitimate interest in actively participating in any defense, litigation or settlement, whether the County or the City provides legal counsel and shall, as a condition to County's provision of this indemnity, coordinate and cooperate fully with the County in the defense of any claims to which this Section applies.

SECTION 7.4 RELATIONSHIP OF THE PARTIES. Neither party to this Agreement shall have any responsibility whatsoever with respect to services provided or contractual obligations or liabilities assumed by the

other party hereto, whether accrued, absolute, contingent or otherwise, or whether due or to become due. The County is an independent contractor of the City and nothing in this Agreement shall be deemed to constitute either party a partner, agent or legal representative of the other party or to create any fiduciary relationship between the parties.

SECTION 7.5 LIMITED RECOURSE.

(A) To the City. No recourse shall be had to the general funds or general credit of the City for the payment of any amount due the County hereunder, or the performance of any obligation incurred hereunder, including any Loss-and-Expense of any nature arising from the performance or non-performance of the City's obligations hereunder. If the City maintains a City Solid Waste Enterprise Fund with at least one year's anticipated costs for disposal and processing of City Acceptable Waste the sole recourse of the County for all such amounts shall be to the funds held in any such City Solid Waste Enterprise Fund. All amounts held in any City Solid Waste Enterprise Fund shall be held for the uses permitted and required thereby, and no such amounts shall constitute property of the County. The City shall make adequate provision in the administration of any City Solid Waste Enterprise Fund for the payment of any amount or the performance of any obligation which may be due hereunder.

(B) To the County. No recourse shall be had to the general funds or general credit of the County for the payment of any amount due the City hereunder, or the performance of any obligation incurred hereunder, including any Loss-and-Expense of any nature arising from the performance or non-performance of the County's obligations hereunder. The sole recourse of the City for all such amounts shall be to the funds held in the County Solid Waste Enterprise Fund in accordance with the terms of this Agreement. All amounts held in the County Solid Waste Enterprise Fund shall be held for the uses permitted and required thereby, and no such amounts shall constitute property of the City. The County shall make adequate provision in the administration of the County Solid Waste Enterprise Fund for the payment of any amount or the performance of any obligation which may be due hereunder.

SECTION 7.6 PRE-EXISTING RIGHTS AND LIABILITIES. Nothing in this Agreement is intended to affect, release, waive or modify any rights, obligations or liabilities which any Party hereto may have to or against the other Party as of the Contract Date relating to the receipt of Acceptable Waste in the Waste Infrastructure System or any other related matter.

SECTION 7.7 NO VESTED RIGHTS. The City shall not acquire any vested property, license or other rights in the Waste Infrastructure System by reason of this Agreement.

SECTION 7.8 LIABILITY FOR COLLECTION, TRANSPORTATION AND PROCESSING. Any liability incurred by the City as a result of collecting, transporting or processing of Acceptable Waste, or as a result of causing, franchising, permitting, licensing, authorizing or arranging any of the foregoing, shall be the sole liability of City, except as expressly otherwise provided herein.

SECTION 7.9 NO CONSEQUENTIAL OR PUNITIVE DAMAGES. In no event shall either Party hereto be liable to the other or obligated in any manner to pay to the other any special, incidental, consequential, punitive or similar damages based upon claims arising out of or in connection with the performance or non- performance of its obligations or otherwise under this Agreement, or the material inaccuracy of any representation made in this Agreement, whether such claims are based upon contract, tort, negligence, warranty or other legal theory.

SECTION 7.10 AMENDMENTS. Neither this Agreement nor any provision hereof may be changed, modified, amended or waived except by written agreement duly authorized and executed by both Parties.

SECTION 7.11 NOTICE OF LITIGATION. Each Party shall deliver written notice to the other of any Legal Proceeding to which it is a party and which questions the validity or enforceability of this Agreement executed by the City or the County or any Legal Entitlement issued in connection herewith.

SECTION 7.12 FURTHER ASSURANCES. At any and all times the City and the County so far as may be authorized by law shall pass, make, do, execute, acknowledge and deliver any and every such further resolutions, acts, deeds, conveyances, instruments, assignments, transfers and assurances as may be necessary or reasonably requested by the other in order to give full effect to this Agreement.

SECTION 7.13 ASSIGNMENT OF AGREEMENT.

(A) Assignment. Neither this Agreement nor any of the rights or obligations hereunder may be assigned by either Party hereto without the prior written consent of the other Party, which may be withheld in the other Party's sole discretion. Notwithstanding the foregoing, either Party may assign this Agreement to another public entity, subject to the reasonable consent of the other party. In such circumstances the Party not requesting the assignment shall have the right to demand assurances of the financial, technical and legal ability of the proposed assignee to undertake the responsibilities and obligations of the assigning Party.

(B) Sale. The County shall not enter into any agreement for the sale of the Waste Infrastructure System which provides for an effective date for such sale prior to the termination of this Agreement.

SECTION 7.14 INTEREST ON OVERDUE OBLIGATIONS. Except as otherwise provided herein, all amounts due hereunder, whether as damages, credits, revenue or reimbursements, that are not paid when due shall bear interest at the Overdue Rate on the amount outstanding from time to time, on the basis of a 365-day year, counting the actual number of days elapsed, and all such interest accrued at any time shall, to the extent permitted by Applicable Law, be deemed added to the amount due, as accrued.

SECTION 7.15 BINDING EFFECT. This Agreement shall bind and inure to the benefit of the Parties hereto and any successor or assignee acquiring an interest hereunder consistent with the provisions of Section 7.13 hereof.

SECTION 7.16 NOTICES. Any notice or communication required or permitted hereunder shall be in writing and sufficiently given if delivered in person or sent by certified or registered mail, postage prepaid, to the notice address of the respective Parties set forth on the cover page of this Agreement. Changes in the respective addresses to which such notices may be directed may be made from time to time by any Party by notice to the other Party.

Section 7.17 ATTORNEYS FEES. In any action or proceeding to enforce or interpret any provision of this Agreement, each Party shall bear their own attorney's fees, costs and expenses.

ESTIMATED ANNUAL TONNAGE

APPENDIX 1

PERCENTAGE OF COUNTY ACCEPTABLE WASTE ATTRIBUTABLE TO PARTICIPATING CITIES FOR PURPOSE OF SECTIONS 3.6(F) AND 6.2(b)

Jurisdiction	*Percentage of County Acceptable Waste*
Aliso Viejo	0.82%
Anaheim	14.78%
Brea	2.62%
Buena Park	1.02%
Costa Mesa/Costa Mesa Sanitary District (2)	3.41%
Cypress	0.85%
Dana Point	1.33%
Fountain Valley	1.63%
Fullerton	4.08%
Garden Grove Sanitary District (Garden Grove)	4.74%
Huntington Beach	5.91%
Irvine	9.64%
La Habra	1.72%
La Palma	1.27%
Laguna Beach	1.18%
Laguna Hills	0.89%
Laguna Niguel	1.44%
Laguna Woods	0.28%
Lake Forest	2.14%
Los Alamitos	0.33%
Midway City Sanitary District (Westminster)	2.47%
Mission Viejo	2.33%
Newport Beach	3.58%
Orange	5.25%
Placentia	1.39%
Rancho Santa Margarita	1.03%
San Clemente	2.43%
San Juan Capistrano	2.93%
Santa Ana	9.45%
Seal Beach	0.52%
Stanton	1.47%
Tustin	2.04%
Unincorporated Orange County (1)	3.19%
Villa Park	0.16%
Yorba Linda	1.68%
Total	**100%**

(1) Unincorporated County Area is assumed to be a Participating City for the purposes of determining the Commencement Date in accordance with Section 6.2(b) of this Agreement. For the distribution of Net Import Revenues, the County of Orange shall receive 50% of any Net Import Revenues received in accordance with Section 3.6(F)(2)(i) of this Agreement. The County of Orange shall also receive the Unincorporated Area distribution set forth in this Appendix 1, as periodically modified in accordance with Section 3.6(F)(2)(ii) of this Agreement.

(2) The City of Costa Mesa and the Costa Mesa Sanitation District have separate WISE Agreements. Costa Mesa Sanitation District Acceptable Waste tonnage is based on City of Costa Mesa Acceptable Wate tonnage and Importation Revenue is calculated based on City of Costa Mesa Acceptable Waste tonnage delivered to the Waste Infrastructure System.

(3) NOTE: A participating City will only be included for purposes of determining the Commencement Date upon (i) execution of a WISE Agreement by that Participating City and (ii) execution of a Hauler Acknowledgement(s) by the Franchise Hauler(s) operating within such Participating City.

2036	$25,000,000	$613,166,164

APPENDIX 4

FRANCHISE HAULER ACKNOWLEDGMENT

FRANCHISE HAULER ACKNOWLEDGMENT

THIS FRANCHISE HAULER ACKNOWLEDGMENT, dated as of_____(the "Acknowledgment"), and between the _____ (the "City") and _____ (the "Franchise Hauler").

WITNESSETH

WHEREAS, the City and the Franchise Hauler have heretofore entered into an agreement entitled _____ dated as of_____ (the "Franchise"); and

WHEREAS, the City has issued to the Franchise Hauler a permit, license, approval or other authorization the "Authorization") which allows the Franchise Hauler to provide solid waste collection services within the City; and

WHEREAS, the Franchise [SUBSTITUTE "AUTHORIZATION" THROUGHOUT IF APPLICABLE]] provides for the collection and disposal of certain municipal solid waste as described therein ("Franchise Waste") generated within the City; and

WHEREAS, the County of Orange (the "County") owns, manages and operates a Waste Infrastructure System that is permitted to accept or process Acceptable Waste for disposal or diversion; and

WHEREAS, the City and the County have heretofore entered into a Waste Infrastructure System Enterprise Agreement (the "WISE Agreement"), dated as of_____; and

WHEREAS, the WISE Agreement details responsibilities for disposal of municipal solid waste and may include processing of identified Organic Waste for diversion, generated within the boundaries of the City, and determine that the execution of the WISE Agreement will serve the public health, safety and welfare of the residents of the City and County, by maintaining public ownership and stewardship over the Waste Infrastructure System and providing disposal rate stability, predictable and reliable long-term disposal service, enhanced organics processing to assist the City in meeting its organics diversion requirements, and the continuation of sound environmental management; and

WHEREAS, under the WISE Agreement, the County has agreed to provide long-term disposal of all municipal solid waste generated within the City and may also provide for Organic Waste processing under an OSA and the City has agreed to exercise all legal, and contractual power which it possesses from time to time to deliver or cause the delivery of such waste to the Waste Infrastructure System; and

WHEREAS, the provisions of the WISE Agreement guarantee capacity for the long term disposal and processing of waste at specified rates generated in the City provide significant benefits to the Franchise Hauler;

WHEREAS, notwithstanding any Franchise provisions to the contrary, the Franchise Hauler explicitly acknowledges the aforementioned benefits to the City, the County and the Franchise Hauler in providing for the disposal of all Franchise Waste to the Waste Infrastructure System; and

WHEREAS, the City and the Franchise Hauler desire to enter into this Acknowledgment to assure that the City and the Franchise Hauler will be entitled to the benefits of the WISE Agreement and to assure conformity with the waste delivery obligations which have been agreed to by the City under the WISE Agreement through the delivery of waste by the Franchise Hauler to the Waste Infrastructure System; and

WHEREAS, the Franchise Hauler's agreement to deliver Franchise Waste to the Disposal System under this Acknowledgment is given in consideration of the Franchise Hauler's right to receive the Contract Rate for such disposal and processing as provided in the WISE Agreement.

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto, intending to be legally bound hereby, agree as follows:

1. Capitalized terms used and not otherwise defined herein are used as defined in the WISE Agreement.
2. The Franchise Hauler hereby waives any right which it may possess under applicable law to contest

on any ground, constitutional, statutory, case law, administrative or otherwise, (a) the right, power or authority of the County or the City to enter into or perform their respective obligations under the WISE Agreement, (b) the enforceability against the County or the City of the WISE Agreement, or (c) the right, power or authority of the City to deliver or cause the delivery of all Controllable Waste to the Disposal System in accordance with this Acknowledgment.

3. The City and the Franchise Hauler each hereby represent that this Acknowledgment has been duly authorized by all necessary action of their respective governing bodies.

4. The Franchise Hauler shall deliver or cause to be delivered all Controllable Waste (including all Residue from the processing by any means, wherever conducted, of Controllable Waste), to the Designated Facility in the Waste Infrastructure System/Disposal System, and shall otherwise assist the City in complying with its obligations under the Waste Disposal Covenant in Section 3.1 of the WISE Agreement.

5. Unless expressly authorized by the Department, the Franchise Hauler shall only haul Controllable Waste to the Designated Facility.

6. The Franchise Hauler shall not haul Controllable Waste to any materials recovery facility, composting facility, intermediate processing facility, recycling center, transfer station or other waste handling or management facility unless the contract or other agreement or arrangement between the Franchise Hauler and the operator of such facility is sufficient in the opinion of the County to assure that the Residue from such facility constituting City Acceptable Waste (or Tonnage equivalencies) and the City Acceptable Waste transferred by such facility shall be delivered to the Disposal System in compliance with the Waste Disposal Covenant.

7. The Franchise Hauler shall pay the Contract Rate imposed by the County for the disposal of all Controllable Waste, which rate shall be subject to potential adjustment necessary to reflect the circumstances set forth in the Agreement.

8. Nothing in this Acknowledgment is intended to restrict any right or responsibility explicitly given the Franchise Hauler in any City Franchise Agreement to recycle City Acceptable Waste, except as provided in paragraph 5 above with respect to Residue from any such recycling operations.

9. The obligations of the Franchise Hauler under this Acknowledgment shall apply notwithstanding any provision of the Franchise which may conflict herewith.

10. This Acknowledgment may be enforced by the City by any available legal means. In any enforcement action by the City, the burden of proof shall be on the Franchise Hauler to demonstrate compliance herewith.

11. This Acknowledgment shall be in full force and effect and shall be legally binding upon the City and Franchise Hauler from the date hereof and shall continue in full force and effect until the earlier of (i) the end of the term of the Franchise or (ii) the end of the Term of the WISE Agreement.

12. The City and Franchise Hauler agree that the County shall be an express third-party beneficiary of this Acknowledgment, and shall be entitled to independently enforce the obligations of the Franchise Hauler hereunder. There shall be no additional third party beneficiaries under this Acknowledgement.

13. The Franchise Hauler agrees to assist the County in verifying tonnage collected by the Franchise Hauler and providing information required by the County. The Franchise Hauler will provide upon request refuse tonnage collected within the County, and outside the County (if relevant to confirming tonnage origination), separated by jurisdiction, by load type (residential, commercial, roll-off box, etc.), and by facility to which it was delivered (specify which landfill or transfer station). Hauler will provide customer service levels and route lists. The Franchise Hauler will cooperate with County audits to verify reported origin of tonnage by making records and personnel available to the County and/or its auditors.

IN WITNESS WHEREOF, the parties have caused this Acknowledgment to be executed by their duly authorized officers or representatives as of_____day of_____, _____.

ORGANIC SERVICES AGREEMENT

Appendix 5

ORGANIC SERVICES AGREEMENT

Between

THE COUNTY OF ORANGE, CALIFORNIA

and

_____

Dated_____, 2025

County Authorization Date:

City Authorization Date:

County Notice Address:

Director
OC Waste & Recycling
601 N. Ross Street 5th Floor
Santa Ana, CA 92701

City Notice Address:

THE CITY WILL NOT BE EXERCISING THE ORGANIC SERVICES PORTION OF THE WISE AGREEMENT

ORGANIC SERVICES AGREEMENT

THIS ORGANIC SERVICES AGREEMENT ("Organics Agreement" or "OSA") is made and dated as of the date indicated on the cover page hereof between the County of Orange, a political subdivision of the State of California (the "County"), and the City designated on the cover page of this Agreement (the "City"). County and City may hereinafter be referred to singularly as "Party" or collectively as "Parties.".

RECITALS

The County owns, manages and operates a Waste Infrastructure System to manage municipal and solid waste generated within the County of Orange or imported from outside the County pursuant to contractual agreements. The Waste Infrastructure System collectively includes active Class III sanitary landfills ("County Landfills"), resource recovery, recycling and organics programs, infrastructure and operations, and regional household hazardous waste collection centers and other waste management related systems as may be deemed necessary by the County.

County Landfills are used for the management of municipal solid waste pursuant to legislation including but not limited to the California Integrated Waste Management Act of 1989 (Division 30 of the California Public Resources Code) (the "Act") and the Short-lived Climate Pollutants Reduction Act ("SB 1383"). County Landfills are also subject to other State and federal regulations designed to ensure that landfill operations minimize the impacts to public health and safety and the environment.

Pursuant to Resolution, the County established the Waste Management Enterprise Fund pursuant to Government Code §25261 to ensure that all costs associated with the operation and management of the Waste Infrastructure System are financed by charges imposed for services provided by the Department and are not funded by tax revenue or the County General Fund.

The City, in the exercise of its police power, its powers under the Act, and other Applicable Law, has entered into a franchise or other agreement with or issued permits or licenses to one or more private haulers for the collection, recycling, diversion and disposal of municipal solid waste generated within the City.

A significant portion of municipal solid waste generated within the City historically has been and currently is delivered by such hauler or haulers to the County for disposal in the Disposal System.

Since 1997, the City and the County have provided for the management of municipal solid waste through Waste Disposal Agreements ("WDAs"), wherein the County agreed to provide disposal capacity for waste generated in the City, and the City agreed to deliver or cause the delivery of waste generated in the City to the Disposal System, as more specifically set forth in, and subject to the terms and conditions of the WDAs.

Starting in approximately 2014, the Legislature of the State of California passed several pieces of legislation ("Organics Legislation") that require significant reductions in the disposal of Organic Waste. The purpose of the Organics Legislation is to mandate organics recycling and curtail the impacts of climate change by reducing greenhouse gas emissions such as methane. In this regard, the decomposition of organic material in the State's landfills was identified as a significant source of methane that could be reduced.

Prior to the passage of Organics Legislation, Processed Green Material ("PGM") could be utilized as Alternative Daily Cover ("ADC") for landfill operations and qualified for diversion credit. However, passage of Assembly Bill 1594 resulted in PGM used as ADC no longer being eligible for diversion credit starting on January 1, 2020.

In addition to the loss of diversion eligibility for PGM used as ADC, SB 1383 requires a 50% reduction in the disposal of Organic Waste by January 1, 2020 and a 75% reduction of Organic Waste by January 1, 2025. In addition, the law requires 20% of edible food waste be recovered by 2025.

On April 23, 2019, the Orange County Board of Supervisors passed Resolution 19-031 to respond to the State's increasing landfill diversion requirements and identified the need for additional organic processing infrastructure in the County and directed the Department to develop additional organics recycling infrastructure to

support the region in meeting State organic recycling mandates. (See Attachment 4)

To respond to Organics Legislation requirements, the County has developed an Organics Infrastructure that is comprised of organic processing facilities to receive and process Organic Waste to support the State's Organic Legislation goals, promote local recycling, assist local jurisdictions in meeting their organic diversion requirements and correspondingly conserve capacity in the Disposal System.

In their effort to continue the concepts and purposes outlined in the WDAs and respond to Organics Legislation, the City and the County desire to enter into this Organics Agreement, on the terms and conditions set forth herein.

With the exception of the terms and organic specific provisions found in this Organics Agreement, the Parties intend that the provisions of the currently operative WDA and the replacement WISE Agreement that is being negotiated between the County and City are anticipated to become operative on July 1, 2026, be applied to this OSA.

The City has determined that the execution of this Organics Agreement by the City will serve the public health, safety and welfare of the City by providing enhanced organics processing to assist in the City in meeting its Organics Legislation diversion requirements, and the continuation of sound environmental management.

The County has determined that the execution by the County of this Organics Agreement will serve the public health, safety and welfare by providing a stable, predictable and reliable supply of organic material and the resulting service payment revenue to the Organics Infrastructure, thereby enabling the County to plan, manage, operate and finance improvements to the Organics Infrastructure System on a prudent and sound long term, businesslike basis consistent with its legal and regulatory obligations to the State and Federal government.

Official action approving this Organics Agreement and determining it to be in the public interest and authorizing its execution and delivery was duly taken by the County on the County authorization date indicated on the cover page hereof.

Official action approving this Organics Agreement and determining it to be in the public interest and authorizing its execution and delivery was duly taken by the City on the City authorization date indicated on the cover page hereof.

It is, therefore, agreed as follows:

ARTICLE I
DEFINITIONS AND INTERPRETATION

SECTION 1.1 DEFINITIONS. The definitions provided in the WDA and yet to be executed WISE Agreement shall be incorporated into this Agreement. The following terms shall be added and have the meanings set forth below.

"Acceptable Organic Waste" means Residential Organic Waste that consists of Green Material/Wood Waste, Agricultural Material, Manure, Vegetative Food Material, Food Waste and other organic material as may be authorized under the County's Compostable Material Handling Permits.

"Attachment" means an attachment to this OSA, as the same may be amended or modified from time to time in accordance with the terms hereof.

"CalRecycle" means the California Department of Resources Recycling and Recovery, which is a branch of the California Environmental Protection Agency. CalRecycle oversees the State's waste management and waste reduction programs. CalRecycle was established in 2010 to replace the California Integrated Waste Management Board and is responsible for the enforcement of legislation and regulations and diversion requirements applicable to the Waste Infrastructure System.

"City Acceptable Organic Waste" means all Acceptable Organic Waste which was originally discarded by the first generator thereof within the geographical limits of the City and Residue Waste from the foregoing wherever produced, whether withing or outside the City.

"City Organic Tonnage Limit" the maximum amount of Controllable Organic Waste that County is committed to accept under the Organic Service Covenant as provided in Attachment 3.

"Commencement Date" means the date on which the obligations of the parties hereto commence.

"Contract Date" means the first date on which this OSA has been executed by both parties hereto.

"Controllable Organic Waste" means all City Acceptable Organic Waste with respect to which the City has the legal or contractual ability to determine the processing location and procurement requirements as they relate to the City's Organics Legislation compliance requirements.

"Consumer Price Index" or "CPI" means the Consumer Price Index published by the Bureau of Labor Statistics for Al Urban Consumers: Water and Sewer and Trash Collection Services in U.S. City Average (CUSR0000EHG). In the event the forgoing index is no longer published during the term of this Agreement, such other index identified by the Bureau of Labor Statistics as a replacement or otherwise generally accepted as a replacement shall be used for purposes of this Agreement; and, in the absence thereof, the County Board of Supervisors shall select an index that it determines most closely reflects the forgoing and best implements the intent of this Agreement.

"Initial Term" has the meaning specified in Section 5.1(A) hereof.

"Manure/Stable Bedding Program" means the programs used by the County to mix source separated uncontaminated horse manure and stable bedding into its Organic Infrastructure to create organic product. Current permit requirements set a maximum percentage of 20% manure/stable bedding ("Material") by weight of total incoming feedstock. County agreement to accept Material is subject to payment of the Organic Contract Rate, available capacity, and compliance with the terms found in Attachment 2.

"Organic Contract Rate" has the meaning specified in Section 4.2 hereof.

"Organic Diversion Credit" means credit provided to a local jurisdiction or entity for implementing the diversion of Organic Waste from landfilling through specific activities recognized by the Department of Resources Recycling and Recovery (CalRecycle) including composting, anaerobic digestion, or other methods to meet the State's waste diversion goals and statutes such as Assembly Bill 939, Assembly Bill 341, Assembly Bill 1594, Assembly Bill 1826, and SB 1383 through waste prevention, reuse, and recycling.

"Organic Infrastructure" means the County's organics processing facilities and programs used to recycle and promote the processing and diversion of Organic Waste into compost or other material that qualifies as diversion under Applicable Law as described in more detail in Attachment 1.

"Organics Legislation" means organics recycling legislation including Assembly Bill 1594, Assembly Bill 1826, SB1383 and any future legislation pertaining to the management and diversion of Organic Waste.

"Organic ROWP Procurement Credit" means credit provided to a jurisdiction to meet their Recovered Organic Waste Procurement Target under SB 1383 by procuring Recovered Organic Waste Products as permitted by CalRecycle.

"Organics Agreement" means this Organic Services Agreement ("OSA") between the County and the City as the same may be amended or modified from time to time in accordance herewith.

"Organic Take-Back Goal" means the programs that City and County will work toward to create City programs that have the goal of City taking back its Proportional Share of finished compost or other Recovered Organic Waste Product for local application.

"Organic Waste" means solid wastes containing material originated from living organisms and their metabolic waste products including, but not limited to, food, green material, landscape and pruning waste, organic textiles and carpets, lumber, wood, paper products, printing and writing paper, manure, biosolids, digestate, and sludges as defined in Title 14 of the California Code of Regulations, Section 18982(a)(46).

"Processed Green Material" ("PGM") as defined in Title 27, California Code of Regulations §20690(b)(3) means any plant material that is either separated at the point of generation, or separated at a centralized facility that employs methods to minimize contamination. Green material includes, but is not limited to, yard trimmings, untreated wood wastes, paper products, and natural fiber products. Green material does not include treated wood waste, mixed demolition or mixed construction debris, manure, or plant waste from the food processing industry, alone or blended with soil. Processed green material may include varying proportions of wood waste from urban and other sources and shall be ground, shredded, screened, source separated for grain size, or otherwise processed. This PGM standard is the standard that Controllable Organic Waste must meet in order to be accepted at County's Organic Infrastructure under the OSA.

"Proportional Share" means 60% of the weight of Controllable Organic Waste City delivered by City to County's Organics Infrastructure.

"Recovered Organic Waste Product" or "ROWP" means compost, mulch, renewable energy (transportation fuel, electricity, and gas for heating) from anaerobic digestion, and electricity from biomass conversion.

"Recycled City Organic Waste" means any otherwise Controllable Organic Waste which is separated from Acceptable Organic Waste by the generator thereof and composted by generator at home, community gardens or other processing and which is not placed in Franchise Hauler bin for collection.

"Renewal Term" has the meaning specified in Subsection 5.1(C) hereof.

"Residential Organic Waste" means Acceptable Organic Waste normally disposed of by or collected from residential (single family and multi-family) residences.

"Residual Waste" means any contaminants, inert materials, overs, or Acceptable Organic Waste that could not be processed at the Department's Organic Infrastructure that required to be dispose within the Disposal System.

"Waste Disposal Agreement" ("WDA") means the currently operative agreement between the Parties for the disposal of municipal solid waste that is currently set to expire on June 30, 2026. **With the exception of specific or conflicting provisions provided in this Organics Agreement, the Parties agree that the terms found in the WDA shall be applied to the interpretation of this OSA. For the purpose of interpretation of this OSA, the Parties also intend that the WDA be read to include terms such as Controllable Organic Waste, where appropriate.**

"Waste Infrastructure System" or "Disposal System" means active Class III sanitary landfills ("County Landfills"), closed landfills managed by the County, resource recovery operations, Organics Infrastructure, recycling and organics programs, infrastructure and operations, and regional household hazardous waste collection centers and other waste management related systems as may be deemed necessary by the County.

"Waste Infrastructure System Enterprise Agreement" or "WISE Agreement" means each of the agreement between the parties that is expected to replace the current WDA that is set to expire on June 30, 2026.

SECTION 1.2 INTERPRETATION. In this Agreement, unless the context otherwise requires:

References Hereto. The terms "hereby", "hereof", "herein", "hereunder", "herewith", and any similar terms refer to this Agreement, and the term "hereafter" means after, and the term "heretofore" means before, the Contract Date.

Gender and Plurality. Words of the masculine gender mean and include correlative words of the feminine and neuter genders and words importing the singular number mean and include the plural number and vice versa.

Persons. Words importing persons include firms, companies, associations, general partnerships, limited partnerships, trusts, business trusts, corporations and other legal entities, including public bodies, as well as individuals.

Headings. The table of contents and any headings preceding the text of the Articles, Sections and subsections of this Agreement shall be solely for convenience of reference and shall not constitute a part of this Agreement, nor shall they affect its meaning, construction or effect.

No Third Party Beneficiaries. Nothing in this Agreement is intended to confer on haulers or any other person other than the parties hereto and their respective permitted successors and assigns hereunder any rights or remedies under or by reason of this Agreement.

Counterparts. This Agreement may be executed in any number of original counterparts. All such counterparts shall constitute but one and the same Agreement.

Applicable Law and Venue. This Agreement has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Agreement, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the parties specifically agree to waive any and all rights to request that an action be transferred for adjudication to another county.

Severability. If any clause, provision, subsection, Section or Article of this Agreement shall be ruled invalid by any court of jurisdiction, then the parties shall: (1) promptly meet and negotiate a substitute for such clause, provision, subsection, Section or Article which shall, to the greatest extent legally permissible, effect the intent of the parties therein; (2) if necessary or desirable to accomplish item (1) above, apply to the court having declared such invalidity for a judicial construction of the invalidated portion of this Agreement; and (3) negotiate such changes in, substitutions for or additions to the remaining provisions of this Agreement as may be necessary in addition to and in conjunction with items (1) and (2) above to effect the intent of the parties in the invalid provision. The invalidity of such clause, provision, subsection, Section or Article shall not affect any of the remaining provisions hereof, and this Agreement shall be construed and enforced as if such invalid portion did not exist, unless such invalidity frustrates the underlying primary purpose of the Agreement.

ARTICLE II
REPRESENTATIONS AND WARRANTIES

SECTION 2.1 REPRESENTATIONS AND WARRANTIES OF THE CITY. The City represents and warrants that:

(A) Existence. The City is a general law or charter city or a Special District or Sanitary District validly existing under the Constitution and laws of the State.

(B) Due Authorization. The City has duly authorized the execution and delivery of this Organics Agreement, and this Organics Agreement has been duly executed and delivered by the City.

SECTION 2.2 REPRESENTATIONS AND WARRANTIES OF THE COUNTY. The County represents and warrants that:

(A) Existence. The County is a political subdivision of the State of California validly existing under the Constitution and laws of the State.

(B) Due Authorization. The County has duly authorized the execution and delivery of this OSA, and this OSA has been duly executed and delivered by the County.

ARTICLE III
DELIVERY AND ACCEPTANCE OF ORGANIC WASTE AND PROVISION OF ORGANIC PROCESSING SERVICES

SECTION 3.1 DELIVERY OF ORGANIC WASTE.

(A) Organic Waste Covenant. Subject to the occurrence of the Commencement Date and throughout the Term of this OSA, and subject to available Organic Infrastructure capacity, the City shall exercise all legal and contractual power and authority which it may possess from time to time to deliver or cause the delivery of

all Controllable Organic Waste (up to City's Organic Tonnage Limit as provided in Attachment 3) to the Waste Infrastructure System in accordance with the terms of this OSA.

(B) Recycled City Organic Waste.

1. Non-Mandatory Organic Waste City Programs: The parties hereto acknowledge the responsibility of the City to meet its own recycling and landfill diversion goals contained in the Act and Organics Legislation. Nothing in this Agreement is intended or shall be interpreted to prohibit or impair the ability of the City to meet such responsibilities, or to restrict the right of the residents, businesses or organizations in the City to practice source separation, recycling, composting or other materials recovery activities, or to restrict the right of the City to conduct, sponsor, encourage or require such activities in any form. No reduction in the amount of Controllable Organic Waste generated in the City and delivered to the Organic Infrastructure by or on behalf of the City which may result from any such source separation or recycling program shall cause the City any liability hereunder (other than potential adjustment to the Organic Contract Rate as may be negotiated by the Parties as authorized under this OSA, and shall not constitute a breach of this Agreement.)

2. Mandatory Organic Waste City Collection Programs: City shall provide data and information to County regarding City's mandatory Organic Waste collection programs including but not limited to the tonnage of organics collected by the City for diversion under this OSA. The information will be used to provide education and outreach for participation with the goal of minimizing contamination and increasing diversion.

(C) Organic Diversion Credit. City shall receive Organic Diversion Credit for City's Controllable Organic Waste minus any Residual Waste delivered by City and accepted by County and processed into Recovered Organic Waste Product at the County's Organic Infrastructure.

(D) Organic ROWP Procurement Credit. City shall receive Organic ROWP reports for finished recovered organics waste products procured from County that meets the procurement requirements of Title 14 of the California Code of Regulations, Section 18993.1 et seq. City shall receive Organic ROWP Procurement Credit as follows:

1. County will assist City in developing local City programs and opportunities designed to enable the City to meet its own ROWP requirements.

2. City shall be entitled to "take back" its Proportional Share of SB 1383 compliant, STA Certified compost, mulch or other ROWP products from County Organics Infrastructure and used as ROWP Procurement Credit.

3. County will provide reports and allocate credit associated with City resident ROWP pickup as well as commercial landscapers from City that collect ROWP from County Organic Infrastructure.

4. City will be eligible to receive ROWP Procurement Credit for excess Acceptable Recovered Organic Waste Product that County is able to market beyond that needed for the County unincorporated areas or that is not otherwise committed. (*County makes no guarantees that it will provide City with 100% ROWP Procurement Credit.)

(E) Organic Take-Back Goal. City is not required to "take back" its Proportional Share of STA Certified finished compost, mulch, or other ROWP from the County's Organic Infrastructure, however City and County will work toward creating City programs that have the goal of City taking back its Proportional Share of finished compost or other Recovered Organic Waste Product for local application ("Organic Take-Back Goal") to meet City's ROWP procurement requirements.

(F) Procurement of Additional ROWP. Pursuant to terms agreeable to both Parties, City may request to procure Recovered Organic Waste Product in addition to its Proportional Share within the same Contract Year.

(G) OSA Conditions. As a condition of participating in the County's Organics Infrastructure,

City agrees to the following terms:

1. All Controllable Organic Waste delivered to the County's Organics Infrastructure shall meet the standards as set forth in Attachment 2;
2. City or its Franchise Hauler shall pay the Organics Contract Rate for all Organic Waste delivered to the County's Organic Infrastructure for processing into Recovered Organic Waste Product;
3. City shall provide information to County on a quarterly basis that identifies where Controllable Organic Waste being delivered to the County's Organic Infrastructure originated and shall ensure that the organic material being delivered meets the definition of City Acceptable Organic Waste.
4. Bulk ROWP: City shall be entitled to arrange for the Take Back (at City cost) from County Organic Infrastructure compost, mulch and other Recovered Organic Waste Product in bulk form free of charge.
5. Non-Bulk ROWP: County may establish separate fees for provision of non-bulk material including but not limited to bagged material or compost wattles. City shall be entitled to arrange for the Take Back of Non-Bulk ROWP at City cost.
6. City's Proportional Share shall be calculated as 60% of the weight of Controllable Organic Waste City delivers to County's Organics Infrastructure by City.

(H) No Right of Organic Waste Substitution. Nothing in this Agreement shall authorize or entitle the City to deliver, or cause the delivery to the County's Organic Infrastructure, Acceptable Organic Waste originating from or generated outside the jurisdiction of the City, nor obligate the County to receive or dispose of any such Acceptable Organic Waste into the Waste Infrastructure System. The City shall not assign in whole or in part its right to deliver or cause to be delivered Controllable Organic Waste to the County hereunder, and shall not permit any Acceptable Organic Waste originating from or generated outside the jurisdiction of the City to be substituted for Controllable Organic Waste for any purpose hereunder.

SECTION 3.2 PROVISION OF ORGANIC PROCESSING SERVICES BY THE COUNTY.

(A) Organic Service Covenant. Commencing on the Commencement Date, the County shall provide or cause the provision of the service of receiving and processing of City's Controllable Organic Waste (up to the City Organic Tonnage Limit provided in Attachment 3) at the County's Organics Infrastructure as described in more detail in Attachment 1. The County shall exercise all reasonable efforts to minimize the costs incurred in complying with the Organic Service Covenant consistent with prudent solid waste management practice and environmental considerations and under Applicable Law.

(B) Receipt of Controllable Organic Waste. Upon acceptance of the Controllable Organic Waste that meets the PGM standards provided in Attachment 2, County shall process the Organic Waste into compost, mulch or other ROWP as specified in Title 14 of the California Code of Regulations Section 18993.1

(C) Education and Outreach. The Department will assist the City and its hauler in their efforts on Organic education and outreach with the goal of the City meeting its organic diversion and ROWP procurement requirements.

(D) Designated Facilities. County and City will coordinate in determining the primary organic processing facilities and tonnages (as reflected in Attachment 1) used for receiving and processing of Controllable Organic Waste. The Department shall immediately advise the City by telephone of any situation, event or circumstance which results in the partial or complete inability of the County to receive Controllable Organic Waste at any particular County Organics Infrastructure within the Waste Infrastructure System, its effect on the County's ability to perform its obligations hereunder, and the County's best estimate of the probable duration. The Department shall confirm such advice in writing within twenty four (24) hours of the occurrence of any such inability. The County shall use its best efforts to resume normal operation of the Organics Infrastructure primarily used by the City as soon as possible. In the event a situation, event or circumstance results in the partial or complete inability of the County to receive Controllable Organic Waste at any particular County Organics Infrastructure within the Waste Infrastructure System the County shall have the right to redirect Controllable Organic Waste to another landfill or County Organics Infrastructure within the Waste Infrastructure System for the duration of the situation, event or circumstance; In no event shall the County be required to accept Controlled Organic Waste if it does not have sufficient permitted organic processing capacity

within the Waste Infrastructure System.

(E) Compliance with Service Covenant Not Excused for any Reason. Commencing on the Commencement Date, and subject to the terms of this Agreement, the obligations of the County to duly observe and comply with the Organic Service Covenant, in accordance with Applicable Law, shall apply continuously and without interruption for the Term of this OSA. In the event that any Change in Law, situation, event or other Uncontrollable Circumstance impairs or precludes compliance with the Organic Service Covenant by the means or methods then being employed by the County, the County shall use best efforts to implement alternative or substitute means and methods to enable it to satisfy the terms and conditions of the Service Covenant. In the event that a Change in Law precludes the County from complying with such covenants with the means or methods then being employed and from utilizing any alternate or substitute means or methods of compliance, the County shall continuously use all reasonable efforts to effectuate executive, legislative or judicial change in or relief from the applicability of such law so as to enable the County lawfully to resume compliance with such covenants as soon as possible following the Change in Law.

County failure to duly observe and comply with the Organic Service Covenant due to its efforts to comply with Applicable Law, shall not constitute a breach under this Organics Agreement, and shall excuse County performance to the extent necessary to comply with Applicable Law.

If the alternative or substitute means and methods proposed for the County to observe and comply with the Organic Service Covenant are more costly than the previously used means and methods, the Parties shall negotiate a mutually agreeable new Organic Contract Rate. If the Parties are unable to agree on a new Organic Contract Rate, the Parties may terminate this agreement without penalty with ninety (90) days notice.

SECTION 3.3 COUNTY RIGHT TO REFUSE ORGANIC WASTE.

(A) Right of Refusal. Notwithstanding any other provision hereof, the County may refuse delivery of:

(1) Hazardous Waste;

(2) Acceptable Organic Waste delivered by City but originating from or generated outside the jurisdiction of the City;

(3) Acceptable Organic Waste delivered in excess of the City Organic Tonnage Limit listed in the Attachment 3;

(4) Acceptable Organic Waste in excess of permitted limits;

(5) Acceptable Organic Waste that would result in County violating Applicable Law;

(6) Controllable Organic Waste that does not meet the requirements found in Attachment 2;

SECTION 3.4 COUNTY PROVISION OF OTHER ORGANIC WASTE DIVERSION SERVICES.

(A) Food Waste Processing and Diversion. County is in the process of evaluating the options and feasibility of development of a Commercial Food Waste Processing Infrastructure. If developed, City will be provided an opportunity to participate in this service on terms separately agreed to by the Parties.

(B) Edible Food Recovery Programs. County is in the process of evaluating the options and feasibility of development of regional County-wide edible food recovery programs to assist Cities in meeting State mandated goals. The intent of Edible Food Recovery to address the food hierarchy and wasted food scale on a regional level through collaboration of all jurisdictions, key local, State and federal stakeholders, the non-profit sector and business sector. City agrees to cooperate with County efforts and collaborate on data analysis and reporting to provide jurisdictions reports for compliance under SB1383.

(C) Separate City -County Diversion Service Agreements. Nothing in this Agreement is intended to limit the right of the County to enter into a separate agreement with the City or any other person, jurisdiction, or entity to provide source reduction, materials recovery, recycling, composting or other waste diversion services.

ARTICLE IV
ORGANIC CONTRACT RATE

SECTION 4.1 CHARGING AND SECURING PAYMENT OF ORGANIC CONTRACT RATE.

The City acknowledges that the County shall have the right to charge and collect an Organic Contract Rate for the acceptance and processing of Controllable Organic Waste delivered to the Organic Infrastructure by City or its Franchise Hauler. City acknowledges that the County shall have the right to establish as part of the operating rules and regulations reasonable measures to secure the payment of all Organic Contract Rates.

SECTION 4.2 ORGANIC CONTRACT RATE.

(A) Establishment of Contract Rate. The Organic Contract Rate payable by each City or Franchise Hauler shall be **$67/Ton** up to the City Organic Tonnage Limit.

(B) Special Charges. Notwithstanding Section 4.2(A), the County shall have the right to impose special charges for items such as bagged material or compost wattles; new or expanded services; or receipt of hard to handle materials, such as bulky materials, construction and demolition debris, tree stumps, biosolids and sludge. Such special charges shall be calculated to reflect the reasonable incremental costs to the County of providing the new or expanded services or accepting such hard to handle materials.

(C) Escalation.

1. Annual CPI Adjustment: The Organics Contract Rate shall be adjusted each July 1, beginning 2027. The change will be equal to the percentage change in the Consumer Price Index - Consumer Price Index for Al Urban Consumers: Water and Sewer and Trash Collection Services in U.S. City Average (CUSR0000EHG) as measured from the October twenty one (21) months prior to the rate adjustment to the October immediately preceding the rate adjustment. In the event that the change in the change in CPI as described above is negative rather than positive, no rate adjustment will be made for that year.

Organic Contract Rate True-up: County will notify City prior to April 30, 2029 (and every three (3) years thereafter) and advise whether actual inflation rate since execution should be frozen for a period of time (in circumstances where Department revenues exceed Department Full Cost Recovery needs) or to determine whether the Organic Contract Rate should be increased beyond CPI as described above (in circumstances where Department costs exceed CPI) to ensure that Department revenues meet Full Cost Recovery.

2. Adjustment Resulting from Increased Fees: In addition to the other adjustments specified herein, the Organic Contract Rate shall be automatically adjusted to reflect the imposition of new fees or increases in existing fees relating to the County's processing of Controllable Organic Waste imposed by State, federal or other agencies. The County shall provide notice of any increase pursuant to this Section as soon as practicable after becoming aware of the imposition of any fees described above.

ARTICLE V
TERM

SECTION 5.1 EFFECTIVE DATE AND TERM.

(A) Initial Term. This Organic Services Agreement shall become effective, shall be in full force and effect and shall be legally binding upon the City and the County from the Contract Date and shall continue in full force and effect until June 30, 2036, unless earlier terminated in accordance with its terms, in which event the Term shall be deemed to have expired as of the date of such termination.

(B) Bi-Annual Opener. In light of the significant changes in law by the California Legislature to address climate change, the Parties agree to meet at least bi-annually or earlier at the request of County to review the Organic Contract Rate and discuss the need for additional investment into the Organic Infrastructure to respond to existing or new legislative requirements, diversion requirements, provision of new services, or other matters of mutual concern to the Parties.

(C) Option to Renew. This Agreement shall be subject to renewal by mutual agreement of the Parties, on or before June 30, 2036 for an additional term of 10 years (the "Renewal Term") on the same terms and conditions as are applicable during the Initial Term hereof or on amended terms as may be mutually agreed to by the Parties. The City shall give the County written notice of its election to renew this Agreement on or before June 30, 2034. If the parties do not execute a renewal of this Agreement prior to June 30, 2036 it shall expire.

ARTICLE VI
GENERAL PROVISIONS

SECTION 6.1 NOTICES. Any notice or communication required or permitted hereunder shall be in writing and sufficiently given if delivered in person or sent by certified or registered mail, postage prepaid, to the notice address of the respective Parties set forth on the cover page of this Agreement. Changes in the respective addresses to which such notices may be directed may be made from time to time by any Party by notice to the other Party.

SECTION 6.2 ATTORNEYS FEES. In any action or proceeding to enforce or interpret any provision of this Agreement, each Party shall bear their own attorney's fees, costs and expenses.

SECTION 6.3 RELATIONSHIP OF THE PARTIES. Neither party to this Agreement shall have any responsibility whatsoever with respect to services provided or contractual obligations or liabilities assumed by the other party hereto, whether accrued, absolute, contingent or otherwise, or whether due or to become due. The County is an independent contractor of the City and nothing in this Agreement shall be deemed to constitute either party a partner, agent or legal representative of the other party or to create any fiduciary relationship between the parties.

SECTION 6.4 NO CONSEQUENTIAL OR PUNITIVE DAMAGES. In no event shall either Party hereto be liable to the other or obligated in any manner to pay to the other any special, incidental, consequential, punitive or similar damages based upon claims arising out of or in connection with the performance or non- performance of its obligations or otherwise under this Agreement, or the material inaccuracy of any representation made in this Agreement, whether such claims are based upon contract, tort, negligence, warranty or other legal theory.

SECTION 6.5 AMENDMENTS. Neither this Agreement nor any provision hereof may be changed, modified, amended or waived except by written agreement duly authorized and executed by both Parties.

SECTION 6.7 NOTICE OF LITIGATION. Each Party shall deliver written notice to the other of any Legal Proceeding to which it is a party and which questions the validity or enforceability of this Agreement executed by the City or the County or any Legal Entitlement issued in connection herewith.

SECTION 6.8 FURTHER ASSURANCES. At any and all times the City and the County so far as may be authorized by law shall pass, make, do, execute, acknowledge and deliver any and every such further resolutions, acts, deeds, conveyances, instruments, assignments, transfers and assurances as may be necessary or reasonably requested by the other in order to give full effect to this Agreement.

SECTION 6.9 ASSIGNMENT OF AGREEMENT. Neither this Agreement nor any of the rights or obligations hereunder may be assigned by either Party hereto without the prior written consent of the other Party, which may be withheld in the other Party's sole discretion. Notwithstanding the foregoing, either Party may assign this Agreement to another public entity, subject to the reasonable consent of the other party. In such circumstances the Party not requesting the assignment shall have the right to demand assurances of the financial, technical and legal ability of the proposed assignee to undertake the responsibilities and obligations of the assigning Party.

SECTION 6.10 BINDING EFFECT. This Agreement shall bind and inure to the benefit of the Parties hereto and any successor or assignee acquiring an interest hereunder consistent with the provisions of Section 6.9 hereof.

Signature Page to Follow

IN WITNESS WHEREOF, COUNTY and CITY have caused this Agreement to be executed by their duly authorized officers or representatives as of the day and year first above written.

Attachment 1

COUNTY OF ORANGE ORGANIC INFRASTRUCTURE

Attachment 1

COUNTY OF ORANGE ORGANIC INFRASTRUCTURE

The County of Orange owns and operates a network of three commercial organic processing facilities co-located at each of the active landfills. Each of the organic processing facilities have the ability to receive organic material and to produce organic products for cities to meet their Take-Back requirements specified within this agreement. Products produced at the organic processing facilities meet CalRecycle's SB 1383 procurement requirement and are certified under the US Composting Council's Standard of Testing Assurance (STA) Program. Product offerings include compost and composted mulch. Additional products may be offered as determined by the County.

A summary of each of the organic processing facilities is listed below:

Valencia Greenery (Co-Located at Olinda Alpha Landfill)
1942 N. Valencia Avenue
Brea, CA 92823
Permitted Maximum Tonnage (Open Windrow): 94 tons per day
Proposed Permitted Maximum Tonnage (Covered Aerated Static Pile): 228 tons per day
Permitted Hours of Operation: Monday through Saturday 6:00 am to 4:00 pm
Ancillary Operation Hours: 24 hours per day/7 days a week

Bee Canyon Greenery (Co-Located at Frank R. Bowerman Landfill)
11002 Bee Canyon Access Road
Irvine, CA 92602
Permitted Maximum Tonnage (Open Windrow): 210 tons per day
Proposed Permitted Maximum Tonnage (Covered Aerated Static Pile): 876 tons per day
Permitted Hours of Operation: Monday through Saturday 7:00 am to 5:00 pm
Ancillary Operation Hours: 24 hours per day/7 days a week

Capistrano Greenery (Co-Located at Prima Deshecha Landfill)
32250 Avenida La Pata
San Juan Capistrano, CA 92675
Permitted Maximum Tonnage (Open Windrow): 204 tons per day
Proposed Permitted Maximum Tonnage (Covered Aerated Static Pile): 536 tons per day
Permitted Hours of Operation: Monday through Saturday 7:00 am to 5:00 pm
Ancillary Operation Hours: 24 hours per day/7 days a week

This list may be modified/expanded at the discretion of the County.

Attachment 2

SPECIFICATIONS FOR CONTROLLABLE ORGANIC WASTE AS PROCESSED GREEN WASTE MATERIAL (PGM) AT COUNTY ORGANIC INFRASTRUCTURE

Attachment 2

SPECIFICATIONS FOR CONTROLLABLE ORGANICE WASTE AS PROCESSED GREEN WASTE MATERIAL (PGM) AT COUNTY ORGANIC INFRASTRUCTURE

DESCRIPTION

Processed Green Material (PGM) consists of yard waste, grass clippings, leaves, tree trimmings and plant-based materials which have been sorted to remove contamination and processed by shredding or grinding. PGM should not contain manure, stable waste or pet waste, which can create odors.

Processed Green Material is defined as following (California Code of Regulations, Title 27, Division 2, Subdivision 1, Chapter 3, Subchapter 4, Section 20690 [b] [3]):

- **Processed Green Material** – means any plant material that is either separated at the point of generation or separated at a centralized facility that employs methods to minimize contamination. Green material includes, but is not limited to, yard trimmings, untreated wood wastes, paper products, and natural fiber products. Green material does not include treated wood waste, mixed demolition or mixed construction debris, manure, or plant waste from the food processing industry, alone or blended with soil. Processed green material may include varying proportions of wood waste from urban and other sources and shall be ground, shredded, screened, source separated for grain size, or otherwise processed.

CONTAMINANT DEBRIS

The PGM should be free from all contaminant debris (glass, plastic, film plastic, metals, etc.) as well as salt and deleterious material such as clods, coarse objects, rocks, inert debris, and Material Recovery Facility ("MRF") fines. County personnel visually inspect the PGM loads as they come in, making sure that the specifications are met and to determine if the loads are contaminated (i.e., mixed with paper, plastics and other trash.) If the loads appear to have unacceptable contamination in excess of 0.5% either by weight or volume, the PGM loads will not be allowed into the Organic Infrastructure and the City and/or hauler will be notified that contaminated PGM loads are unacceptable. The PGM will be deemed as municipal solid waste and the City and/or hauler will have the option to take the material to the landfill for disposal or be returned to the hauler's facility for additional processing. For material that is physically dumped at the unloading area and is deemed unacceptable by OC Waste & Recycling staff, the material will be re-loaded into the transfer vehicle for reprocessing at hauler's processing facility or sent to the landfill for disposal. Hauler will be charged the current "Hard-to-Handle" fee for re-loading services and disposal of unacceptable material.

SIZE

The particle size of the PGM acceptable is between ½-inch and 3 inches in length between ½-inch and 1 inch in width and between ½-inch and 1 inch in thickness. No particle should exceed 3 inches in any dimension.

MOISTURE CONTENT

The moisture content of the PGM should be in the range of 50-60 percent. If the PGM's moisture content is unacceptable and cannot be received for processing at the County's Organic Infrastructure Facilities, the material will be re-loaded into the transfer vehicle for reprocessing at hauler's processing facility or sent to the landfill for disposal. The hauler will be charged the current "Hard-to-Handle" fee for re-loading services and disposal of unacceptable material.

FOOD WASTE

Residential food waste mixed with PGM as part of a city organic collection program is acceptable provided that the food waste is free of contaminant debris (glass, plastic, food packaging, non-compostable silverware, soiled napkins,

etc.). No commercial or source-separated food waste will be accepted except for cases where the County has entered into an agreement with a City to accept specific source separated organic material as Additional Feedstock as described below.

SOURCE SEPARATED MANURE

Subject to available capacity, City and/or Hauler may bring non-residential, source separated manure and stable bedding pursuant to the following Manure/Stable Bedding Program requirements:

1. Material Quantity: manure/stable bedding must be uncontaminated which means free of any hazardous materials, food waste packaging, plastics, glass, and any large bulky items and inert materials that need to be further sized or removed for composting. ("Material")
2. Material Volume: County and City/Hauler will determine the anticipated volume of Material to ensure that the County's Organic Infrastructure has sufficient capacity to manage the proposed amount of Material.
3. Material will be load checked to determine if it meets the established quality standards. If contaminants exceed 0.5% (by weight or volume), the load is deemed contaminated and not meeting quality standard for use in the Manure/Stable Bedding Program.
4. Material that is deemed unacceptable will be subject to the fees established by OCWR for this material type. Material that does not meet the established quality standards will be charged as follows:
    a. If determined not to meet quality standards before Material is unloaded, standard disposal rates will apply.
    b. If determined not to meet quality standards after Material is unloaded (or partially unloaded), hard-to-handle disposal rates will apply.
5. Material Delivery:
    a. All Material deliveries will be scheduled and coordinated with OCWR prior to delivery. Any changes to material delivery quantities or days will be coordinated with OCWR prior to making the change.
    b. While OCWR will remain as flexible as possible on timing of deliveries, material deliveries will be limited to Monday through Friday between 8:00 am and 2:00 pm and subject to holiday schedules. Should the delivery times change, then OCWR shall give two (2) days prior notice of the delivery time change.
    c. Upon delivery, OCWR staff will record exact tonnage, name of hauler/transporter provider, and note distinguishing characteristics of feedstock and other pertinent information.
    d. Deliveries made without OCWR prior approval may be refused or charged at the established rate.
    e. OCWR reserves the right to deny a request to deliver for any reason. (i.e., OCWR does not guarantee that it will accept manure/stable bedding under this program. Instead, OCWR will accept Material based on its operational need and will make every effort to accommodate City's/hauler Material except when a reduction or stoppage is needed.)

ADDITIONAL FEEDSTOCK

The County at its discretion may accept additional material types such as food waste and manure based on availability and permitting conditions at each of the County's organic processing facilities. The County will work with City to identify the specifications for accepting the material types including scheduling of deliveries and quantities.

CHANGES TO SPECIFICATIONS

County reserves the right to modify the Specifications found in this Appendix due to a change in law or regulation or in consideration of operational or Organic Processing Infrastructure needs. County shall provide 90 days notice regarding changes to this Appendix.

Attachment 3

CITY ORGANIC TONNAGE LIMIT

Attachment 3

CITY ORGANIC TONNAGE LIMIT

The City Organic Tonnage Limit listed in the Attachment is the maximum amount of Controllable Organic Waste that County is committed to accept under the Organic Service Agreement.

Jurisdiction	Designated Greenery	City Organic Tonnage Limit		
		Daily Limit[1]	Monthly Limit[2]	Annual Limit
TBD		_____tons	_____ tons	_____ tons
TBD				
TBD				
TBD				

1. Daily Limit includes up to 20% by weight of source separated manure and stable bedding.
2. In the event City delivers less than their monthly limit, County may allocate unused City capacity at its discretion.

Attachment 4

ORGANIC INFRASTRUCTURE RESOLUTION

RESOLUTION NO. 19-19-031

RESOLUTION OF THE BOARD OF SUPERVISORS OF ORANGE COUNTY, CALIFORNIA DIRECTING OC WASTE & RECYCLING TO UTILIZE EXISTING COUNTY RESOURCES TO RESEARCH OPPORTUNITIES AND DEVELOP STRATEGIES TO ACHIEVE STATE IMPOSED ORGANICS RECYCLING MANDATES.

WHEREAS, In 1989 the State of California enacted AB 939 (Sher), The Integrated Waste Management Act, requiring jurisdictions to divert a minimum of 50% of waste then going to landfills;

WHEREAS, In 2014 the State of California enacted AB 1594 (Williams, Chapter 719, Statutes of 2014), mandating that as of January 1, 2020, the use of green material as alternative daily cover will no longer constitute diversion through recycling and will instead be considered disposal in terms of measuring a jurisdiction's annual 50% per capita disposal rate;

WHEREAS, In 2018, Orange County cities delivered approximately 513,000 tons of processed green material to Orange County landfills accepted for free to be used as alternative daily cover, saving the residents of Orange County more than $17,000,000 over the comparable cost of disposal;

WHEREAS, beginning in 2020, due to the new influx of previously diverted processed green material several Orange County cities will have difficulty meeting the mandated 50% diversion rate due to a lack of organics processing infrastructure within Orange County;

WHEREAS, In 2016 the State of California enacted SB 1383 (Lara, Chapter 395, Statues of 2016), establishing methane emissions reduction targets, to be achieved via even greater diversion of organics from landfills, in a statewide effort to reduce emissions of short-lived climate pollutants;

WHEREAS, the state continually increases the type and volume of organics that must be diverted from landfills and recycled;

WHEREAS, transportation is the most significant cost component to managing any waste stream, and the County Landfill system is well suited to receive and process organic material;

WHEREAS, the Orange County Board of Supervisors has considered the needs of Orange County and the need for additional organic recycling infrastructure;

WHEREAS, the Orange County Board of Supervisors supports protecting consumers via the creation of an organics recycling infrastructure within Orange County;

WHEREAS, the Orange County Board of Supervisors is committed to fulfilling its legal obligations to meet state mandates in a manner that is least burdensome to taxpayers;

NOW, THEREFORE BE IT RESOLVED, the Orange County Board of Supervisors acknowledges that the County has an interest in utilizing County resources to support the region in developing additional organics recycling infrastructure. The Board **HEREBY ORDERS** as follows:

SECTION 1. OC Waste & Recycling (OCWR) shall research opportunities and use available county resources to develop strategies and programs to achieve state-imposed organics recycling mandates for County unincorporated areas and where feasible leverage and extend similar opportunities to serve other public agencies and incorporated portions of Orange County.

SECTION 2. OCWR shall work transparently with all stakeholders to achieve the above-stated goals.

SECTION 3. Authorize OCWR to seek opportunities for organics recycling grants to help offset the costs of organics recycling research, program implementation and other related expenses. OCWR shall comply with County policies in applying for and accepting grants.

The foregoing was passed and adopted by the following vote of the Orange County Board of Supervisors, on April 23, 2019, to wit:

AYES:	Supervisors:	LISA A. BARTLETT, ANDREW DO, MICHELLE STEEL DONALD P. WAGNER, DOUG CHAFFEE

FRANCHISE HAULER ACKNOWLEDGMENT

THIS FRANCHISE HAULER ACKNOWLEDGMENT, dated as of April 21st, 2026 (the "Acknowledgment"), and between the CITY OF PLACENTIA (the "City") and REPUBLIC WASTE SERVICES OF SOUTHERN CALIFORNIA, LLC (the "Franchise Hauler").

WITNESSETH

WHEREAS, the City and the Franchise Hauler have heretofore entered into an agreement entitled Amended, Revised and Restated Agreement dated as of July 20th, 2010 (the "Franchise"); and

WHEREAS, the City has issued to the Franchise Hauler a permit, license, approval or other authorization the "Authorization") which allows the Franchise Hauler to provide solid waste collection services within the City; and

WHEREAS, the Franchise provides for the collection and disposal of certain municipal solid waste as described therein ("Franchise Waste") generated within the City; and

WHEREAS, the County of Orange (the "County") owns, manages and operates a Waste Infrastructure System that is permitted to accept or process Acceptable Waste for disposal or diversion; and

WHEREAS, the City and the County have heretofore entered into a Waste Infrastructure System Enterprise Agreement (the "WISE Agreement"), dated as of April 21st, 2026; and

WHEREAS, the WISE Agreement details responsibilities for disposal of municipal solid waste and may include processing of identified Organic Waste for diversion, generated within the boundaries of the City, and determine that the execution of the WISE Agreement will serve the public health, safety and welfare of the residents of the City and County, by maintaining public ownership and stewardship over the Waste Infrastructure System and providing disposal rate stability, predictable and reliable long-term disposal service, enhanced organics processing to assist the City in meeting its organics diversion requirements, and the continuation of sound environmental management; and

WHEREAS, under the WISE Agreement, the County has agreed to provide long-term disposal of all municipal solid waste generated within the City and may also provide for Organic Waste processing under an OSA and the City has agreed to exercise all legal, and contractual power which it possesses from time to time to deliver or cause the delivery of such waste to the Waste Infrastructure System; and

WHEREAS, the provisions of the WISE Agreement guarantee capacity for the long term disposal and processing of waste at specified rates generated in the City provide significant benefits to the Franchise Hauler;

WHEREAS, notwithstanding any Franchise provisions to the contrary, the Franchise Hauler explicitly acknowledges the aforementioned benefits to the City, the County and the Franchise Hauler in providing for the disposal of all Franchise Waste to the Waste Infrastructure System; and

WHEREAS, the City and the Franchise Hauler desire to enter into this Acknowledgment to assure that the City and the Franchise Hauler will be entitled to the benefits of the WISE Agreement and to assure conformity with the waste delivery obligations which have been agreed to by the City under the WISE Agreement through the delivery of waste by the Franchise Hauler to the Waste Infrastructure System; and

WHEREAS, the Franchise Hauler's agreement to deliver Franchise Waste to the Disposal System under this Acknowledgment is given in consideration of the Franchise Hauler's right to receive the Contract Rate for such disposal and processing as provided in the WISE Agreement.

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the

receipt and sufficiency of which is hereby acknowledged, the parties hereto, intending to be legally bound hereby, agree as follows:

1. Capitalized terms used and not otherwise defined herein are used as defined in the WISE Agreement.

2. The Franchise Hauler hereby waives any right which it may possess under applicable law to contest on any ground, constitutional, statutory, case law, administrative or otherwise, (a) the right, power or authority of the County or the City to enter into or perform their respective obligations under the WISE Agreement, (b) the enforceability against the County or the City of the WISE Agreement, or (c) the right, power or authority of the City to deliver or cause the delivery of all Controllable Waste to the Disposal System in accordance with this Acknowledgment.

3. The City and the Franchise Hauler each hereby represent that this Acknowledgment has been duly authorized by all necessary action of their respective governing bodies.

4. The Franchise Hauler shall deliver or cause to be delivered all Controllable Waste (including all Residue from the processing by any means, wherever conducted, of Controllable Waste), to the Designated Facility in the Waste Infrastructure System/Disposal System, and shall otherwise assist the City in complying with its obligations under the Waste Disposal Covenant in Section 3.1 of the WISE Agreement.

5. Unless expressly authorized by the Department, the Franchise Hauler shall only haul Controllable Waste to the Designated Facility.

6. The Franchise Hauler shall not haul Controllable Waste to any materials recovery facility, composting facility, intermediate processing facility, recycling center, transfer station or other waste handling or management facility unless the contract or other agreement or arrangement between the Franchise Hauler and the operator of such facility is sufficient in the opinion of the County to assure that the Residue from such facility constituting City Acceptable Waste (or Tonnage equivalencies) and the City Acceptable Waste transferred by such facility shall be delivered to the Disposal System in compliance with the Waste Disposal Covenant.

7. The Franchise Hauler shall pay the Contract Rate imposed by the County for the disposal of all Controllable Waste, which rate shall be subject to potential adjustment necessary to reflect the circumstances set forth in the Agreement.

8. Nothing in this Acknowledgment is intended to restrict any right or responsibility explicitly given the Franchise Hauler in any City Franchise Agreement to recycle City Acceptable Waste, except as provided in paragraph 5 above with respect to Residue from any such recycling operations.

9. The obligations of the Franchise Hauler under this Acknowledgment shall apply notwithstanding any provision of the Franchise which may conflict herewith.

10. This Acknowledgment may be enforced by the City by any available legal means. In any enforcement action by the City, the burden of proof shall be on the Franchise Hauler to demonstrate compliance herewith.

11. This Acknowledgment shall be in full force and effect and shall be legally binding upon the City and Franchise Hauler from the date hereof and shall continue in full force and effect until the earlier of (i) the end of the term of the Franchise or (ii) the end of the Term of the WISE Agreement.

12. The City and Franchise Hauler agree that the County shall be an express third-party beneficiary of this Acknowledgment, and shall be entitled to independently enforce the obligations of the Franchise Hauler hereunder. There shall be no additional third party beneficiaries under this Acknowledgement.

13. The Franchise Hauler agrees to assist the County in verifying tonnage collected by the Franchise

Hauler and providing information required by the County. The Franchise Hauler will provide upon request refuse tonnage collected within the County, and outside the County (if relevant to confirming tonnage origination), separated by jurisdiction, by load type (residential, commercial, roll-off box, etc.), and by facility to which it was delivered (specify which landfill or transfer station). Hauler will provide customer service levels and route lists. The Franchise Hauler will cooperate with County audits to verify reported origin of tonnage by making records and personnel available to the County and/or its auditors.

IN WITNESS WHEREOF, the parties have caused this Acknowledgment to be executed by their duly authorized officers or representatives as of this 21st day of April, 2026.

RESOLUTION NO. R-2026-33

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, APPROVING AN AMENDED AND RESTATED EXCLUSIVE FRANCHISE AGREEMENT FOR SOLID WASTE HANDLING SERVICES

A. Recitals.

(i) The Legislature of the State of California, by enactment of the California Integrated Waste Management Act of 1989 ("AB 939"), has declared that it is in the public interest to authorize and require local agencies to make adequate provision for the disposal of all solid waste within their jurisdictions.

(ii) Pursuant to California Public Resources Code §40059 (a)(1), the City Council of the City of Placentia ("City Council") has determined that the public health, safety, and welfare require that an exclusive franchise agreement be awarded to a qualified solid waste enterprise for solid waste handling services within the City of Placentia ("City").

(iii) The City previously entered into an Amended and Restated Agreement for Refuse Collection ("Current Agreement") with the predecessor in interest of Republic Waste Services of Southern California, LLC, a wholly owned subsidiary of Republic Services, Inc. a Delaware Limited Liability Company, doing business as Placentia Disposal ("Contractor") on or about February 7, 1989, which was amended on or about May 8, 1990, August 15, 1995 and July 20, 2010.

(iv) Senate Bill 1383 (2016) and implementing California Department of Resources Recycling and Recovery ("CalRecycle") regulations (collectively, "SB 1383") require jurisdictions to provide organic waste collection services to all solid waste generators, and, in connection therewith, meet processing facility requirements, conduct contamination monitoring, provide education, maintain records, submit reports, monitor compliance, conduct enforcement, and fulfill other mandates.

(v) Placentia Disposal represents and warrants to the City that it has the experience, responsibility, and qualification to perform services required by SB 1383.

(vi) The City and Placentia Disposal have negotiated in good faith an Amended and Restated Exclusive Franchise Agreement, a copy of which is attached to the staff report for this item and on file in the office of the City Clerk, that amends and restates the Current Agreement, and memorialized the rights and obligations of the City and Placentia Disposal in a single document that facilitates implementation of new programs mandated by SB 1383.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. In all respects as set forth in the Recitals, Part A., above.

2. The City Council finds that the public health, safety, and well-being require Solid Waste Services to be provided pursuant to an exclusive franchise agreement. The proposed Amended and Restated Exclusive Franchise Agreement with Placentia Disposal in substantially the form attached to the staff report for this item and on file in the office of the City Clerk, is approved. The Mayor is authorized to and shall execute the Amended and Restated Exclusive Franchise Agreement, subject to any clerical or otherwise nonsubstantive revision deemed necessary or appropriate by the City Attorney.

3. The City Administrator is authorized to do all things necessary and proper to implement this resolution.

4. The Mayor shall sign this Resolution, and the City Clerk shall attest and certify to the passage and adoption thereof.

APPROVED and ADOPTED this 16th day of June 2026

RESOLUTION NO. R-2026-34

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, APPROVING THE AMENDED FEE SCHEDULE FOR SOLID WASTE HANDLING SERVICES FOR FISCAL YEAR 2026-27

A. Recitals.

(i) The Legislature of the State of California, by enactment of the California Integrated Waste Management Act of 1989 ("AB 939"), has declared that it is in the public interest to authorize and require local agencies to make adequate provision for the disposal of all solid waste within their jurisdictions.

(ii) Pursuant to California Public Resources Code §40059 (a)(1), the City Council of the City of Placentia ("City Council") has determined that the public health, safety, and welfare require that an exclusive franchise agreement be awarded to a qualified solid waste enterprise for solid waste handling services within the City of Placentia ("City").

(iii) City and Contractor are mindful of the provisions of the laws governing the safe collection, transport, recycling, and disposal of solid waste, including AB 341, AB 939, AB 1826, AB 1594, SB 1383, the Resource Conservation and Recovery Act ("RCRA"), and the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), all as may be amended from time to time hereinafter

(iv) City desires, among other things, to ensure adequate landfill space remains available to meet the public's need for the safe handling and disposal of solid waste, and further desires to ensure its citizens do not incur undue costs in safely disposing of solid waste and has entered into that certain waste disposal agreement by and among various Orange County cities, including the City, and the County of Orange, relating to the use of County landfills for the disposal of solid waste. Contractor has proposed to provide such services and take such actions as are necessary or desirable to ensure the City complies with its obligations pursuant to the County Agreement, as the same may be amended from time to time hereinafter.

(v) On April 15, 2026, the City mailed the Notice to a total of 12,270 record property owners of parcels to which the proposed rates for solid waste collection services would apply, informing them of a June 2, 2026, public hearing. Due to the cancellation of the June 2, 2026 City Council meeting, the public hearing was continued to the June 16, 2026 City Council meeting.

(vi) On June 16, 2026, the City Council opened the public hearing and received two ("2") valid written protests prior to the closing of the public hearing.

(vii) The total number of valid written protests was two ("2"), which is less than

50 percent of the total number of valid written protests that could legally be presented.

(viii) After hearing public testimony, the City Council considered whether to establish potential rate increases for residential and commercial solid waste collection services.

(ix) Based upon the testimony provided at the public hearing, the City Council hereby establishes the solid waste handling service charges for residential and commercial services commencing on July 1, 2026, as set forth in "Exhibit A," attached hereto and incorporated by this reference as though fully set forth herein.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. In all respects as set forth in the Recitals, Part A., above.

2. Solid waste handling service charges for residential and commercial services commencing on July 1, 2026, as set forth in "Exhibit A," attached hereto and incorporated by this reference as though fully set forth herein.

The Mayor shall sign this Resolution, and the City Clerk shall attest and certify to the passage and adoption thereof.

APPROVED and ADOPTED this 16th day of June 2026

Chad P. Wanke, Mayor

RESOLUTION NO. R-2026-35

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, AUTHORIZING AND DETERMINING RESIDENTIAL SOLID WASTE HANDLING SERVICE CHARGES AND DIRECTING PLACEMENT THEREOF ON THE ORANGE COUNTY PROPERTY TAX ROLLS FOR FISCAL YEAR 2026-27

A. Recitals.

(i) Section 8.04.200 of the Placentia Municipal Code provides that the City Council may, by resolution, cause solid waste handling service charges to be collected with the Orange County Property Tax bills.

(ii) The City Council has received and analyzed the proposed refuse collection charges for residential services and has determined appropriate residential solid waste handling service charges to be set for the Fiscal Year 2026-27.

(iii) The City Council has determined that residential solid waste and handling service charges collected via the tax rolls affords the least costly mechanism for the residential taxpayers of the City of Placentia and users of the solid waste handling services.

(iv) All legal prerequisites to the adoption of this Resolution have occurred.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. In all respects as set forth in the Recitals, Part A., above.

2. Solid waste handling service charges for residential and commercial services are set forth in “Exhibit A,” attached hereto and incorporated by this reference as though fully set forth herein.

3. Solid waste handling service charges for residential services be placed on the Orange County Property Tax Rolls for the Fiscal Year 2026-27, and such charges be collected in the same manner as the Property Tax.

4. A copy of this Resolution shall forthwith be transmitted by the City Clerk to the Auditor-Controller of the County of Orange.

5. The Mayor shall sign this Resolution, and the City Clerk shall attest and certify to the passage and adoption thereof.

APPROVED and ADOPTED this 16th day of June 2026

City of Placentia
401 East Chapman Avenue
Placentia, CA 92870

CITY OF PLACENTIA
NOTICE OF PUBLIC HEARING REGARDING
PROPOSED SOLID WASTE COLLECTION RATES

Refuse and recycling collection services in the City of Placentia are provided by Republic Services under a franchise agreement with the City. The City regulates the rates that Republic Services can charge for service to locations within the City. The franchise agreement allows Republic to annually propose rate increases. These increases cannot exceed the amount calculated pursuant to provisions of the franchise. The City has received an increase request from Republic for Fiscal Year 2026-27 (beginning July 1, 2026). In order to comply with state law, the City also is currently considering an amendment to its agreement with Republic that would require Republic to provide additional services related to recycling of organic waste and make certain other changes to the services provided by Republic.

NOTICE IS HEREBY GIVEN that on **Tuesday, June 2, 2026 at 6:00 p.m.**, or as soon thereafter as the matter may be heard, the City Council of the City of Placentia will hold a Public Hearing in the Council Chambers of the Placentia City Hall located at 401 E. Chapman Avenue to consider proposed solid waste collection rates for Fiscal Year (FY) 2026-27, with a proposed effective date of July 1, 2026.

BASIS FOR RATE INCREASES
Two sets of rates will be considered at the public hearing:

(i) The proposed rates for Fiscal Year 2026-27 that have been requested by Republic Services based on its existing franchise agreement with the City. These proposed rates reflect changes in the Consumer Price Index (which increased by 5.2 percent), changes in tipping fees charged by the Orange County Landfill which increased by 53.11 percent), and certain other increased costs of providing services for which rate increases are allowed under the franchise agreement.

(ii) The proposed rates for Fiscal Year 2026-27 under the planned amendment to the franchise agreement. These rates reflect not only the cost-based adjustments set forth above, but also costs of providing additional services as required by the proposed amended franchise agreement.

SUMMARY OF PROPOSED RATES FOR FY 2026-27

Proposed Rates Under Existing Franchise Agreement

Proposed Residential Waste Rate Summary – FY 2026-27			
Residential Rate	**Current Rate**	**Proposed Rate**	**Rate Change**
Single-Family (Monthly)	$ 44.86	$ 50.57	$ 5.71/month
Single-Family (Annual)	$ 538.32	$ 606.84	$ 68.52/year

Note: Single-family residential services are billed as a special assessment on the property tax roll.

Proposed Commercial Waste Rates Summary – FY 2026-27			
Commercial Rate	**Current Rate**	**Proposed Rate**	**Rate Change**
3-Yard Trash Bin	$ 222.66	$ 245.74	$ 23.08/month
3-Yard Recycling Bin	$ 190.16	$ 195.82	$ 5.66/month
64-Gallon Organics Cart	$ 58.37	$ 60.12	$ 1.75/month

Note: Rates are for commercial services for a single bin serviced once a week, billed monthly

Proposed Rates Under Proposed Amended Franchise Agreement

Proposed Residential Waste Rate Summary – FY 2026-27			
Residential Rate	**Current Rate**	**Proposed Rate**	**Rate Change**
Single-Family (Monthly)	$ 44.86	$ 51.16	$ 6.30/month
Single-Family (Annual)	$ 538.32	$ 613.92	$ 75.60/year

Note: Single-family residential services are billed as a special assessment on the property tax roll.

Proposed Commercial Waste Rates Summary – FY 2026-27			
Commercial Rate	**Current Rate**	**Proposed Rate**	**Rate Change**
3-Yard Trash Bin	$ 222.66	$ 259.81	$ 37.15/month
3-Yard Recycling Bin	$ 190.16	$ 194.53	$ 4.37/month
64-Gallon Organics Cart	$ 58.37	$ 79.18	$ 20.81/month

Note: Rates are for commercial services for a single bin serviced once a week, billed monthly

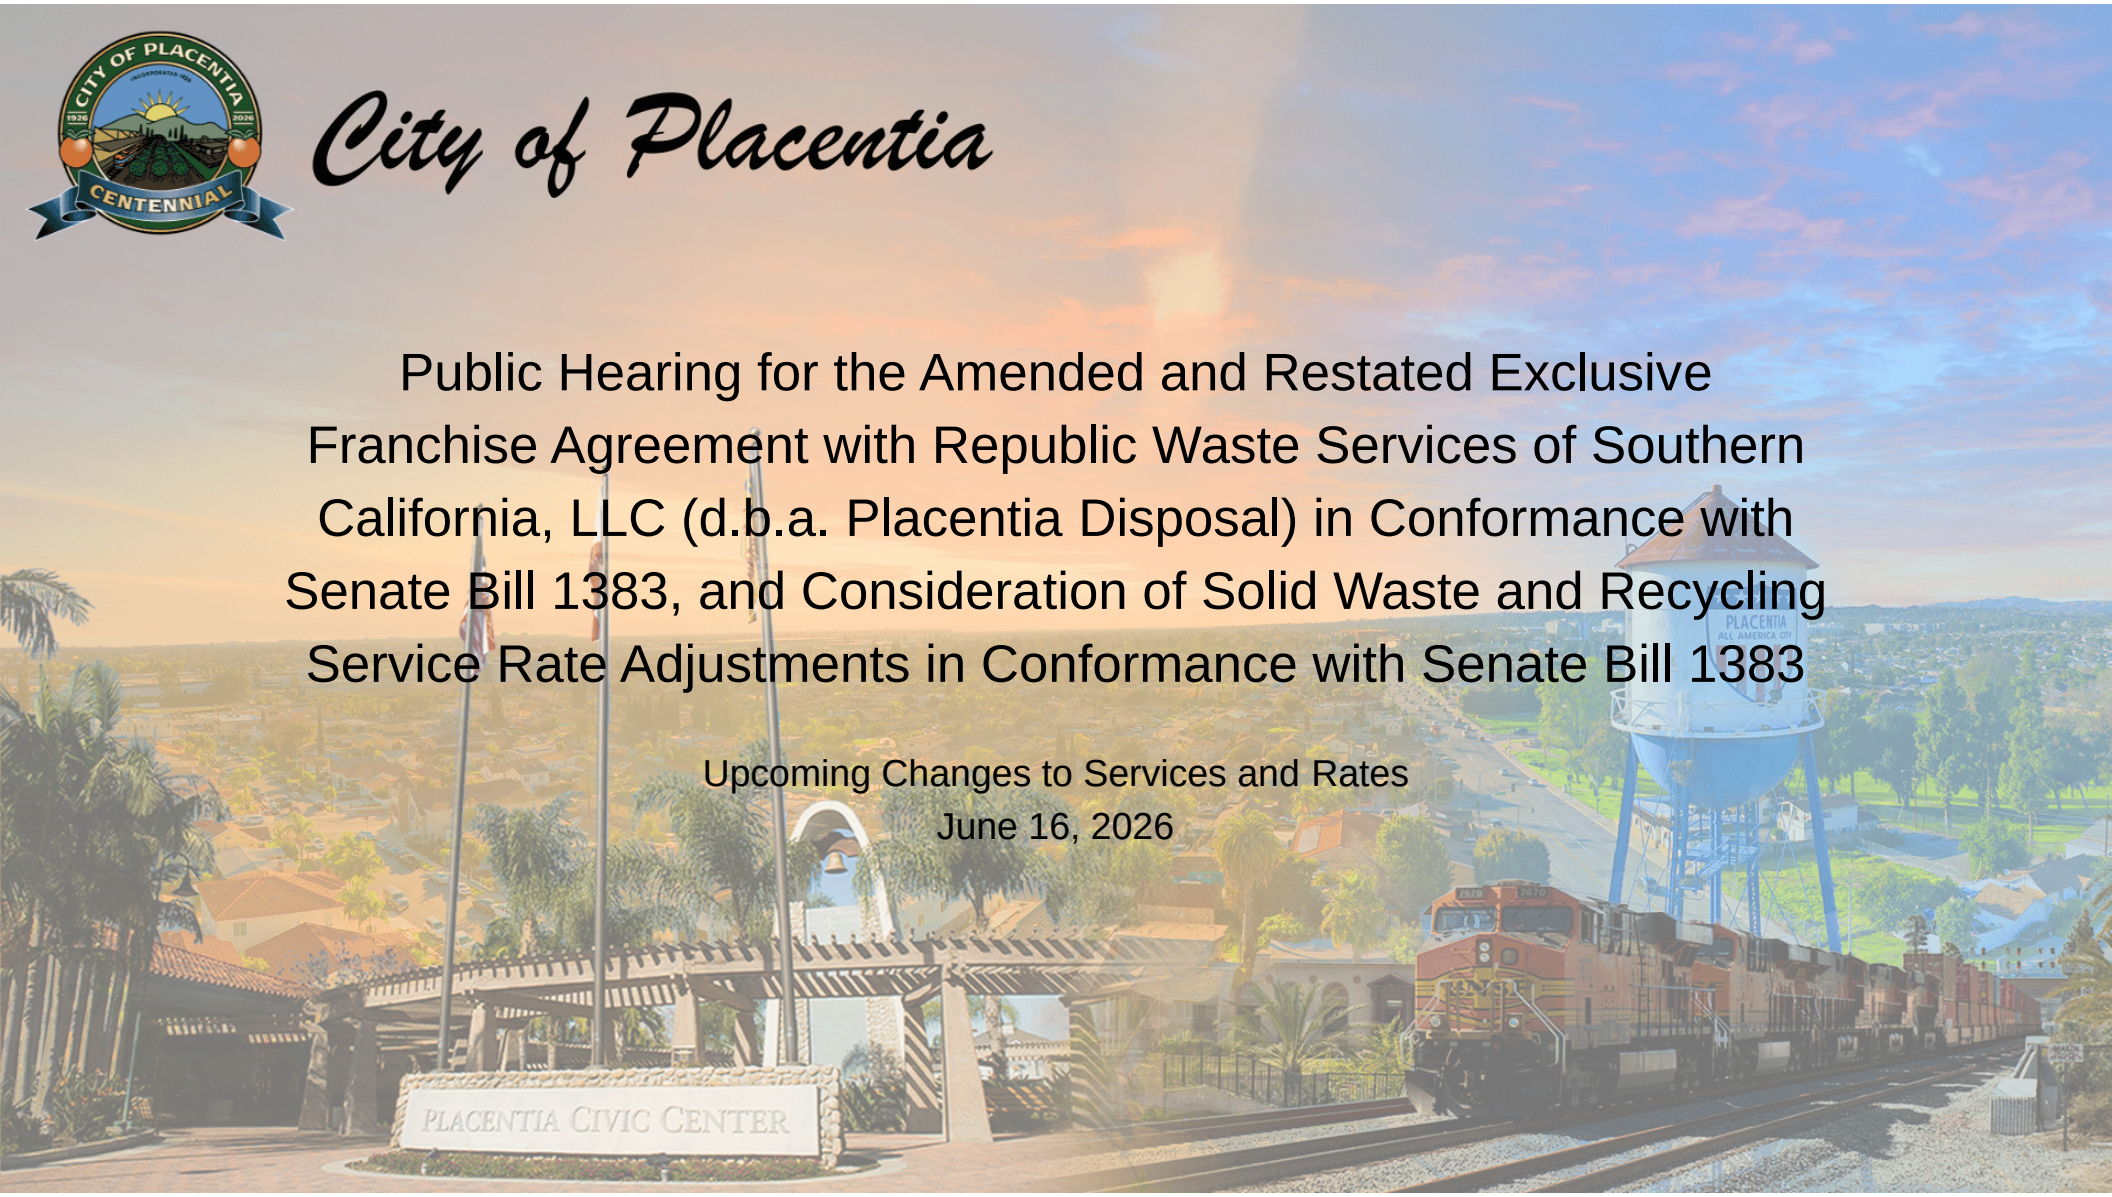
Additional information and the full proposed rate schedule can be viewed online at the City's website at: http://placentia.org/solidwasterates.

THE PUBLIC HEARING

The public hearing is your opportunity to provide written or oral testimony regarding the proposed rate increases. Written testimony can be delivered to the City Council at the hearing or can be mailed to the City Clerk's Office at 401 East Chapman Avenue, Placentia, CA 92870.

WRITTEN PROTESTS

Any property owner whose property will be subject to the imposition of the proposed solid waste service fees (including any tenant directly responsible for the payment of such fees (i.e., a customer of record)) may submit a written protest to the proposed changes. Written protests may be submitted by mail or in person to the **City Clerk's Office at 401 East Chapman Avenue, Placentia, CA 92870** or in person at the Public Hearing (date and time noted above). In order to be counted, the City must receive the protest prior to the close of the public comment portion of the public hearing. The City can only accept protests that are mailed or hand delivered in the manner described in this paragraph. The City cannot accept protests that are emailed, faxed, or otherwise electronically delivered.



Any written protest must (1) state that the property owner (or eligible tenant) is in opposition to the proposed solid waste service charges; (2) provide the location of the parcel (by assessor's parcel number, street address, or customer account); and (3) include the name and signature of the person submitting the protest, who must be either the property owner (or eligible tenant) or their legal representative.

If written protests against the proposed increases are not presented with respect to a majority of parcels receiving solid waste services pursuant to the franchise agreement, the City Council can adopt the proposed rates.

Unless a protest specifically states that it is protesting only the rates requested under the existing agreement or only the rates being considered for the proposed new agreement, the protest will be assumed to apply to both sets of rates.

The City Council meeting agenda and staff report for the Public Hearing will be available 72 hours prior to the regular meeting of Tuesday, June 2, 2026, on the City's website at: http://placentia.org/citycouncilagenda. If you have questions regarding this notice or how it may impact your property, please contact the Public Works Department at (714) 993-8148, Monday through Thursday from 7:30 a.m. to 6:00 p.m.

EN ESPAÑOL: Para recibir una copia de este aviso en español sobre cambios propuestos a las tarifas de la colección de basura, llame al (714) 993-8148, de lunes a jueves de 7:30 a.m. a 6:00 p.m.

City of Placentia
Public Hearing for the Amended and Restated Exclusive Franchise Agreement with Republic Waste Services of Southern California, LLC (d.b.a. Placentia Disposal) in Conformance with Senate Bill 1383, and Consideration of Solid Waste and Recycling Service Rate Adjustments in Conformance with Senate Bill 1383
Upcoming Changes to Services and Rates
June 16, 2026
PLACENTIA CIVIC CENTER

History of Current Agreement

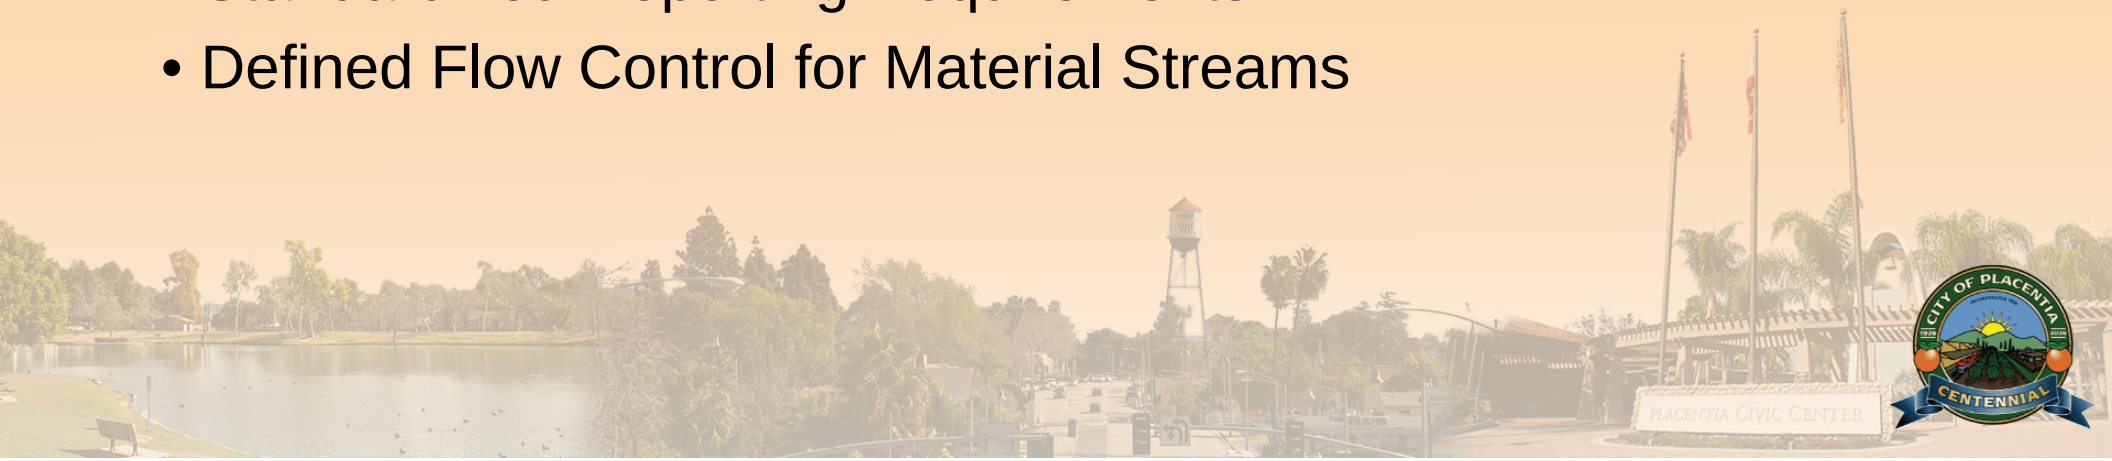
- Began July 20, 2010, initially with 20-year Automatic Extension
- Notice Provided to Wind Down Term Issued on July 19, 2017
- Term Ends on July 19, 2037
- Amended for Mandatory Commercial Recycling and Organics Programs
- Does Not Include Required SB 1383 Organics Programs

State Mandate SB 1383

SB 1383 Requirement	Proposed Republic Program(s)
Mandatory Residential Organic Waste Collection	Collect food with green waste and compost the material.
Commercial Organic Waste Collection	Collect food and green waste from commercial premises. Provide commercial customers (including multi-family) a 3-container collection program.
Container Contamination Monitoring	Notify and educate customers of contamination found in containers.
Inspection and Enforcement	Provide City required information to follow-up and City will issue notices of violation for noncompliance with mandates and City Municipal Code.
Edible Food Recovery	Provide education to businesses to inform them of local edible food donation opportunities and fund third party edible food contract.
Education and Outreach	Perform the required customer outreach and work with the City to create an annual outreach plan for City approval.
Procurement of Organic Waste Products	Upon City request, procure organic waste products on behalf of the City. Provide approximately 20 tons of compost annually for use at City facilities and giveaways.
Reporting	Provide all necessary reports for City to submit to CalRecycle.

Key Service Enhancements

- SB 1383 Compliant Collection Programs
- SB 1383 Software for Recordkeeping
- Route Reviews to Ensure Generator Compliance
- Mechanism for Residential Organics Facility Change
- Increase Residential Bulky Item from Three to Four Collections
- Provide Four Battery Collection Locations at City Facilities
- Extend Holiday Tree Collection Program by One Week



Key Service Enhancements Continued

- Recovered Organic Waste Procurement Support
- Edible Food Recovery Assistance Program
- Added Facility Exhibit for Material Monitoring

Key Contract Enhancements

- Additional Recycling Coordinator to Support City Customers
- Part-Time Route Auditor to Support City Compliance
- Performance Monitoring Metrics
- Labor Stoppage Contingency Plan
- Standardized Reporting Requirements
- Defined Flow Control for Material Streams

Rate Impacts Overview

Annual CPI and Disposal Adjustments plus:

- Residential SB 1383 3-Year Rate Phase-In:
  - July 1, 2026 - $1.89 (total adjustment $6.30)
  - July 1, 2027 - $1.89
  - July 1, 2028 - $1.89
- Commercial SB 1383 Solid Waste – One-time adjustment of 3.44% (inclusive of rate rebalancing related to AB 1826 amendment)
- Commercial Organics – 2-Year Rate Phase-In:
  - July 1, 2026 - 32.83%
  - July 1, 2027 - 32.83%
- Commercial Recycling – No Change to Current Rates

Example Monthly Rate Impacts

Service Description	7/1/2025 Rate	7/1/2026 Rate	Change	Percent Change
Residential Basic Service 3-Containers	$44.86	$51.16	$6.30	14.04%
Commercial Solid Waste Three Yard Bin	$222.66	$259.81	$37.15	16.68%
Commercial Recycle Three Yard Bin	$190.16	$194.53	$4.37	2.30%
Commercial Organics 64-Gallon Cart	$58.37	$79.18	$20.81	35.65%

Recommended Actions

1. Open the Public Hearing concerning the solid waste handling services Amended and Restated Exclusive Franchise Agreement, rate adjustment, and related resolutions for Fiscal Year 2026-27; and
2. Receive the staff report, consider all public testimony, and questions of staff; and
3. Close the Public Hearing and direct the City Clerk to tabulate the written protests and report the results of the tabulation to the City Council; and
4. Adopt Resolution No. R-2026-33, approving an Amended and Restated Exclusive Franchise Agreement for Solid Waste Handling Services; and
5. Adopt Resolution No. R-2026-34, approving the amended fee schedule for solid waste handling services for Fiscal Year 2026-27; and
6. Adopt Resolution No. R-2026-35, authorizing and determining residential solid waste handling service charges and directing placement thereof on the Orange County property tax rolls for Fiscal Year 2026-27; and
7. Authorize the City Administrator and/or her designee to execute all necessary documents, in a form approved by the City Attorney.

Agenda Item No: 2.b

PLACENTIA CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2026

Submitted by: Joe Lambert

From: Development Services

Subject:
INTRODUCTION AND FIRST READING OF ORDINANCE NO. O-2026-10, AMENDING CHAPTER 23.23 OF THE PLACENTIA MUNICIPAL CODE RELATING TO DENSITY BONUS IN ACCORDANCE WITH STATE LAW (ZONING CODE AMENDMENT NO. ZCA 2026-03)

Financial Impact:
None.

Summary:
Approval of Zoning Code Amendment No. 2026-03 and adoption of Ordinance No. O-2026-10 will amend development standards and regulatory requirements in Title 23 (“Zoning”) of the Placentia Municipal Code, Chapter 23.23 relating to Density Bonus in accordance with State law. Having local regulations consistent with State law is required and is also consistent with the City's adopted Strategic Goals.

The City’s existing Density Bonus Ordinance, codified in Chapter 23.23 of the Placentia Municipal Code, was adopted in 2002. Since then, the State Density Bonus Law has been amended multiple times, rendering the City’s Ordinance outdated and sometimes inconsistent with current State requirements. The proposed Ordinance brings the City Code consistent with State law and codifies that the City applies the most recent State Law in the review and approval of Density Bonus requests.

Recommended Action:
It is recommended that the City Council:

1. Open the Public Hearing concerning Zoning Code Amendment No. 2026-03 and Ordinance No. O-2026-10; and
2. Receive the Staff Report, consider all Public Testimony, ask any questions of staff; and
3. Close the Public Hearing; and
4. Find that approval of Zoning Code Amendment No. 2026-03 and adoption of Ordinance No. O-2026-10 is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3); and
5. Waive full reading, by title only, and introduce for first reading, Ordinance No. O-2026-10, an Ordinance of the City Council of the City of Placentia, California, amending Title 23, (Zoning) Chapter 23.23 (Density Bonus) of the Placentia Municipal Code in

accordance with State law.

Strategic Plan Statement:
This item is in alignment with Strategic Goal 5, Organizational Excellence. Adoption of local Density Bonus regulations that are consistent with State law fosters organizational excellence and creates transparency and accountability within the organization. It will also ensure the City is eligible for grants and other funding sources which require State-approved Density Bonus regulations.

Discussion:
The State of California enacted Government Code Section 65915 et seq., known as the State Density Bonus Law, to facilitate the development of affordable housing through the provision of density bonuses and related incentives. The City's existing Density Bonus Ordinance, codified in Chapter 23.23 of the Placentia Municipal Code, was adopted in 2002. Since then, the State Density Bonus law has been amended multiple times, rendering the City's Ordinance outdated and sometimes inconsistent with current State requirements. The proposed Ordinance brings the City Code consistent with State law and codifies that the City applies the most recent State Law in the review and approval of Density Bonus requests.

Updating Chapter 23.23 of the Placentia Municipal Code as it relates to Density Bonus regulations is identified as Program HE-1.11 in the City's State certified Housing Element, one of the required elements of the General Plan. Updating the Density Bonus Ordinance has been a goal of the City and is highly encouraged by the California Department of Housing and Community Development (HCD). To update the local regulations, the City needs to adopt a specific Ordinance for this purpose, which would override and supersede the current Density Bonus provisions of the Municipal Code. Failure to do so could place the City at risk of non-compliance with certain requirements of its Housing Element.

In response, the City has been actively working to achieve this goal utilizing REAP 2.0 funding via SCAG (Southern California Association of Governments). SCAG allocated REAP 2.0 funds to Placentia and hired WSP Consultants on behalf of the City. WSP has prepared a draft Density Bonus Ordinance as part of the REAP 2.0 scope of work.

The objectives of this Ordinance are to:
- Bring current local program in-line with today's California Government Code so the local regulations are easier to understand for applicants and staff
- Adopt local regulations that will incentivize the development of affordable housing in areas of the City that are appropriate and zoned for said development.

An updated, compliant Density Bonus Ordinance helps to:
- Implement the State-certified Housing Element
- Achieve Prohousing status, City Council has adopted Resolutions authorizing staff to apply for Prohousing status in the recent past.

California Density Bonus Law Increases development capacity, reduces development costs through incentives and flexibility, lowers parking requirements, drives affordable housing production through private development, and helps to implement the local Housing Element. A local Density Bonus Ordinance must be consistent with State Density Bonus Law and cannot provide fewer benefits or impose conflicting requirements. However, it may provide additional incentives or greater density beyond State law requirements.

The amended Ordinance adds new section 23.23.060 Special Geographic Areas: which specifies that an additional 10% Local Area Bonus applies to parcels located within the designated geographic areas:

- Old Town Placentia
- TOD Packing House District
- Chapman Corridor Specific Plan Area

In addition, the amended Ordinance incorporates related California State Government Code(s) for clarity, and provides percentage tables and other refinements to aid readability. This new chapter would explicitly reference Government Code Sections §§ 65915 et seq., providing a clear framework aligned with current State law. This approach minimizes the need for frequent municipal code updates due to legislative changes and offers clarity to both applicants and staff by ensuring that the most up-to-date State law governs the review and approval process for density bonus applications.

On May 12, 2026, the City of Placentia Planning Commission held a public hearing and recommended that the City Council adopt a CEQA Exemption for this item and recommended approval of ZCA 2026-03.

CEQA:
The proposed Zoning Code Amendment was reviewed by staff in accordance with the requirements of the California Environmental Quality Act ("CEQA"). The draft Ordinance was also evaluated by the Planning Commission. Based on that review, staff and the Planning Commission recommend that the City Council find that adoption of ZCA 2026-03 and Ordinance No. O-2026-10, is exempt from CEQA pursuant to the common sense exemption of CEQA Guidelines Section 15061(b)(3) which provides that CEQA does not apply where it can be seen with certainty that the project will not have any significant impacts on the environment.

CONCLUSION:
This Zoning Code Amendment updates the City's existing Density Bonus Ordinance as required by State law. Due to the fact that State Density Bonus Law has been amended multiple times since 2002 when the local Ordinance was effective, the City's Ordinance is outdated and inconsistent with current State requirements. The proposed Ordinance brings the City Code consistent with State law and codifies that the City applies the most recent State Law in the review and approval of Density Bonus requests.

Financial Summary:
No immediate impact.

ORDINANCE NO. O-2026-10

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, AMENDING TITLE 23 (ZONING) OF CHAPTER 23.23 (DENSITY BONUS) OF THE PLACENTIA MUNICIPAL CODE IN ACCORDANCE WITH STATE LAW

City Attorney's Summary

This Ordinance amends Title 23 (Zoning) Chapter 23.23 (Density Bonus) of the Placentia Municipal Code regarding density bonus regulations in accordance with state law.

WHEREAS, in 1992, the City Council added Chapter 23.23 to the Placentia Municipal Code adopting regulations in connection with density bonus; and

WHEREAS, Chapter 23.23 was revised in its entirety in 2002 by Ordinance No. O-2002-05; and

WHEREAS, since the adoption of Ordinance No. O-2002-05, the state has made numerous changes to density bonus laws and regulations; and

WHEREAS, this current revision to Chapter 23.23 is to update the City's provisions and to be in line with state law regulations relating to density bonus projects; and

WHEREAS, this Ordinance provides additional density bonus units over and above state law requirements for projects located in designated areas that are well-served by transit, infrastructure, and community amenities; and

WHEREAS, on May 12, 2026, the Planning Commission of the City of Placentia held a duly noticed public hearing at which time it considered all evidence presented, whether written or oral; and

WHEREAS, after the close of the public hearing the Planning Commission recommended that the City Council adopt this Ordinance; and

WHEREAS, on June 16, 2026, the City Council of the City of Placentia held a duly noticed public hearing at which time it considered all evidence presented, whether written or oral; and

WHEREAS, the City desires to amend its regulations to follow with state law and provide for additional incentives for density bonus projects located in designated areas that are well-served by transit, infrastructure, and community amenities.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. Title 23 (Zoning) Chapter 23.23 (Density Bonus) of the Placentia Municipal Code is hereby amended in its entirety and replaced with new Chapter 23.23 as set forth in Exhibit "A" attached hereto and incorporated herein by reference.

SECTION 2. CEQA. This Ordinance is exempt from CEQA under the common sense exemption of CEQA Guidelines section 15061(b)(3) which provides that CEQA does not apply where it can be seen with certainty that the project will not have any significant impacts on the environment. This Ordinance sets the framework for future projects involving density bonus, which will require separate CEQA analysis and as such, does not have a significant impact on the environment.

SECTION 3. Effective Date. This Ordinance shall take effect on the 31st day after adoption.

SECTION 4. Severability. If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this ordinance, or any part thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this ordinance or any part thereof. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more section, subsection, subdivision, paragraph, sentence, clause, or phrase be declared unconstitutional.

SECTION 5. Certification. The City Clerk shall certify the passage of this Ordinance and shall cause the same to be entered in the book of original ordinances of said City; shall make a minute passage and adoption thereof in the records of the meeting at which time the same is passed and adopted; and shall, within fifteen (15) days after the passage and adoption thereof, cause the same to be published as required by law, in a publication of general circulation.

INTRODUCED at a regular meeting of the City Council of the City of Placentia held on the 16th day of June 2026

PASSED, APPROVED AND ADOPTED this 7th day of July 2026.

_____
Chad P. Wanke, Mayor

Exhibit A: Chapter 23.23 (Density Bonus) Of The Placentia Municipal Code Is Hereby Amended In Its Entirety And Replaced With New Chapter 23.23

EXHIBIT A:

CHAPTER 23.23 (DENSITY BONUS) OF THE PLACENTIA MUNICIPAL CODE IS HEREBY AMENDED IN ITS ENTIRETY AND REPLACED WITH NEW CHAPTER 23.23:

Chapter 23.23

AFFORDABLE HOUSING DENSITY BONUS

Sections

23.23.010 Purpose.
23.23.020 Definitions.
23.23.030 Application requirements.
23.23.040 Eligibility.
23.23.050 Density bonus.
23.23.060 Special geographic areas.
23.23.070 Application review process.
23.23.080 Density bonus agreement.
23.23.090 Density bonus calculations.
23.23.100 Development standards.
23.23.110 Density bonus for commercial development.
23.23.120 Interpretation.

23.23.010. Purpose.

In accordance with California Government Code Sections 65915, et seq., this Chapter specifies how compliance with State Density Bonus Law will be implemented. Specifically, the purpose of this Chapter is to provide density bonuses, incentives, concessions, and waivers of development standards for the production of housing for very low-, low-, and moderate-income households, senior households, provision of daycare facilities, student housing, and donations of land, and for other housing types as provided by state law. In enacting this Chapter, it is also the intent of the City to implement the goals, objectives, and policies of the City's Housing Element of the General Plan.

23.23.020. Definitions.

The definitions found in California Government Code Section 65915, as amended from time to time, ("State Density Bonus Law") shall apply to the terms contained in this Chapter. "Incentives" include "concessions" as defined in State Density Bonus Law.

23.23.030. Application Requirements.

A. An applicant for a "housing development" as defined in State Density Bonus Law shall be eligible for a density bonus and other regulatory benefits that are provided by State Density Bonus Law when the applicant seeks and agrees to provide housing as specified in Section 23.23.040, or successor provisions. The density bonus calculations shall be made in accordance with Section 23.23.050.

B. The granting of a density bonus, incentive, or concession, pursuant to this Chapter, shall not be interpreted, in and of itself, to require a general plan amendment, development code amendment, zone change, other discretionary approval, or the waiver of a City ordinance or provisions of a City ordinance unrelated to development standards.

C. All requests for density bonuses, incentives, parking reductions, and waivers for a housing development shall be filed with and on a form provided by the Director of Development Services, or their designee, concurrently with the filing of the planning application for the first discretionary or ministerial permit required for the housing development, whichever permit is earliest. The applicant shall be informed whether the application is complete consistent with Government Code Section 65943.

D. The application shall include the required fee and the following minimum information:

1. For a requested density bonus.

a. Summary table showing the maximum number of dwelling units permitted by the zoning and general plan excluding any density bonus units, proposed affordable units by income level, proposed bonus percentage, number of density bonus units proposed, total number of dwelling units proposed on the site, and resulting density in units per acre.

b. Identification as to the which subparagraph of Government Code Section 65915(b)(1) the housing development qualifies for a density bonus and reasonable documentation demonstrating that the housing development is eligible for a bonus under that subparagraph. For housing developments that are located within the areas described in Section 23.23.060, the additional bonus in Section 23.23.060 applies.

c. Where the housing development is seeking an additional bonus, the subparagraph of Government Code Section 65915(v)(1) under which the housing development qualifies for an additional density bonus and reasonable documentation demonstrating that the housing development is eligible for the additional bonus under that subparagraph.

d. A tentative map or preliminary site plan, drawn to scale, showing the number and location of all proposed units, designating the location of proposed affordable units and density bonus units.

e. The zoning and general plan designations and assessor's parcel number(s) of the housing development site.

f. A description of all dwelling units existing on the site in the five-year period preceding the date of submittal of the application, including whether occupied, vacant or demolished. Identify if any of the units have been rented in the five-year period and if subject to any form of rent control through a public entity’s valid exercise of its police power, subject to a recorded covenant ordinance or law restricting rents to levels affordable to households of lower or very low income or occupied by lower or very low income households.

g. If dwelling units on the site are currently rented, income and household size of all residents of currently occupied units, if known, as well as the size and number of bedrooms for each of the units. If any dwelling units on the site were rented in the five-year period but are not currently rented, the income and household size of residents occupying the dwelling units when the site contained the maximum number of dwelling units, if known, as well as the size and number of bedrooms for each of the units.

h. The phasing of the construction of the affordable housing units in relation to the nonrestricted units in the housing development.

i. If a density bonus is requested for a land donation, the location of the land to be dedicated, proof of site control, and reasonable documentation that each of the requirements included in Government Code Section 65915 (g) can be met.

2. **Requested incentives/concessions.** Incentives or concessions are those defined by State Density Bonus Law. The number of incentives or concessions that may be requested shall be based upon the number the applicant is entitled to pursuant to State Density Bonus Law. The application shall include the following minimum information for each incentive or concession requested, shown on a site plan (if appropriate):

    a. The City's usual regulation and the requested regulatory incentive or concession.

    b. Except where mixed-use zoning is proposed as a concession or incentive, reasonable documentation to show that any requested incentive will result in identifiable and actual cost reductions to provide for affordable housing costs or rents.

    c. If approval of mixed-use zoning is proposed, reasonable documentation that nonresidential land uses will reduce the costs of the housing development, that the nonresidential land uses are compatible with the housing development and the existing or planned development in the area where the proposed housing development will be located, and that mixed-use zoning will provide for affordable housing costs and rents.

3. **Requested waivers.** For each waiver requested, the applicant shall include, shown on a site plan, and shown for each existing or proposed parcel (*if applicable*), the City's required development standard and the requested waiver of the specific development standard.

4. **Parking reductions.** If a housing development is eligible for a density bonus pursuant to State Density Bonus Law, the applicant may request an on-site vehicular parking ratio specified in Government Code Section 65915(p). An applicant may request this parking reduction in addition to the incentives and

waivers permitted by paragraphs (2) and (3) of this subsection. The application shall include a table showing parking required by the zoning regulations, parking proposed under State Density Bonus Law, paragraph under Government Code Section 65915(p) (or other statute) under which the project qualifies for the parking reduction, and reasonable documentation that the project is eligible for the requested parking reduction.

5. **Density bonus or incentive for a childcare facility in a housing development.** The application shall include reasonable documentation that all of the requirements included in Government Code Section 65915(h) can be met.

6. **Density bonus or incentive for a condominium conversion.** The application shall include reasonable documentation that all of the requirements included in Government Code Section 65915.5 can be met.

23.23.040. Eligibility.

A. Except as set forth in subsection B, a housing development project shall be eligible for a density bonus and additional incentives, concessions, waivers or reductions of development standards, and parking ratios as set forth in this Section.

1. The City will grant one density bonus, the amount of which shall be specified in Section 23.23.050, to the applicant of a housing development when the applicant seeks and agrees to construct a housing development project that will, excluding any units permitted by the density bonus awarded pursuant to this Chapter, contain at least any one of the conditions defined by Government Code Section 65915(b)(1).

2. Land Donations. An applicant for a tentative subdivision map, parcel map, or other residential development approval that donates land to the City in accordance with Government Code Section 65915(g) shall be eligible for a density bonus in accordance with the terms and conditions of Government Code Section 65915(g).

3. Housing Development with Childcare Facility. An applicant that proposes to construct a housing development that conforms to the requirements of subsection (A)(1) and that also includes a childcare facility that will be located on the premises of, as part of, or adjacent to the project shall be eligible for a density bonus in accordance with the terms and conditions of Government Code Section 65915(h).

B. Notwithstanding subsection A, an applicant that submits an application for housing development, including a planning entitlement or permit, shall be ineligible for a density bonus or any other incentive or concession under this Chapter if the housing development is proposed on a property that includes a parcel or parcels that contains: (1) rental dwelling units that are located, or, if the dwelling units have been vacated or demolished in the five-year period preceding the application, have been subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons or families of lower or very low income; (2) r subject to any other form of State or local rent or price control; or (3) units

occupied by lower or very low-income households, unless the proposed housing development replaces those units, and either of the following applies:

1. The proposed housing development, inclusive of the units replaced pursuant to this Section, contains affordable units at the percentages set forth in Section 23.23.050(B).

2. Each unit in the development, exclusive of manager's unit or units, is affordable to, and occupied by, either a lower or very low-income household.

C. For purposes of this Section, "replace" shall mean either of the following:

1. If any dwelling units described in this Section are occupied on the date of application, the proposed housing development shall provide at least the same number of units of equivalent size to be made available at affordable rent or affordable housing cost to, and occupied by, persons and families in the same or lower income category as those households in occupancy. If the income category of the household in occupancy is not known, it shall be rebuttably presumed that lower income renter households occupied these units in the same proportion of lower income renter households to all renter households within the jurisdiction, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database.

   For unoccupied dwelling units described in subsection B in a development with occupied units, the proposed housing development shall provide units of equivalent size to be made available at affordable rent or affordable housing cost to, and occupied by, persons and families in the same or lower income category as the last household in occupancy. If the income category of the last household in occupancy is not known, it shall be rebuttably presumed that lower income renter households occupied these units in the same proportion of lower income renter households to all renter households within the jurisdiction, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database.

   All replacement calculations resulting in fractional units shall be rounded up to the next whole number. If the replacement units will be rental dwelling units, the replacement units shall be subject to a recorded affordability restriction for at least 55 years in accordance with Government Code Section 65915(c)(1). If the proposed development is for-sale units, the units replaced shall be subject to Government Code Section 65915(c)(2).

2. If all dwelling units described in subsection B have been vacated or demolished within the five-year period preceding the application, the proposed housing development shall provide at least the same number of units of equivalent size as existed at the highpoint of those units in the five-year period preceding the

application to be made available at affordable rent or affordable housing cost to, and occupied by, persons and families in the same or lower income category as those persons and families in occupancy at that time, if known. If the incomes of the persons and families in occupancy at the highpoint is not known, it shall be rebuttably presumed that low-income and very low income renter households occupied these units in the same proportion of low-income and very low income renter households to all renter households within the jurisdiction, as determined by the most recently available data from the United States Department of Housing and Urban Development's Comprehensive Housing Affordability Strategy database. All replacement calculations resulting in fractional units shall be rounded up to the next whole number. If the replacement units will be rental, the replacement units shall be subject to a recorded affordability restriction for at least 55 years in accordance with Government Code Section 65915(c)(1). If the proposed development is for-sale units, the units replaced shall be subject to Government Code Section 65915(c)(2).

D. Notwithstanding paragraphs (1) and (2), for any dwelling unit described in subsection A that is or was, within the five-year period preceding the application, or a rental unit subject to any other form of State or local rent or price control, and that is or was occupied by persons or families above lower income, replacement units must be made available at affordable rent or affordable housing cost to, and occupied by, low-income persons or families. If the replacement units will be rental dwelling units, these units shall be subject to a recorded affordability restriction for at least 55 years. If the proposed development is for-sale units, the units shall be replaced subject to Government Code Section 65915(c)(2).

E. For purposes of this Section, "equivalent size" means that the replacement units contain at least the same total number of bedrooms as the units being replaced.

23.23.050. Density Bonus.

A. An eligible applicant under Section 23.23.040 may seek a density bonus in the amounts set forth in this Section and in accordance with the procedures set forth in Section 23.23.050. Applicants may request a lesser percentage of density increase than that which is available for housing development under this Section, including, but not limited to, no increase in density; however, the City shall not be required to similarly reduce the number of units required to be dedicated pursuant to this Section and Government Code Section 65915(b).

B. **Determining Density Bonus Percentage.** The number of density bonus units to be granted shall be determined as follows:

1. For housing developments that meet the criteria of Government Code Section 65915(b)(1)(A), the density bonus shall be calculated as follows:

Percentage Low-Income Units	Percentage Density Bonus
10	20

Percentage Low-Income Units	Percentage Density Bonus
11	21.5
12	23
13	24.5
14	26
15	27.5
16	29
17	30.5
18	32
19	33.5
20	35
21	38.75
22	42.5
23	46.25
24	50

2. For housing developments that meet the criteria of Government Code Section 65915(b)(1)(B), the density bonus shall be calculated as follows:

Percentage Very Low-Income Units	Percentage Density Bonus
5	20
6	22.5
7	25
8	27.5
9	30
10	32.5

Percentage Very Low-Income Units	Percentage Density Bonus
11	35
12	38.75
13	42.5
14	46.25
15	50

3. For housing developments that do not meet the criteria set forth in subsections 1 and 2, above, the density bonus shall be calculated as follows:

    a. For housing developments that meet the criteria of Government Code Section 65915(b)(1)(C), the density bonus shall be 20% of the number of senior housing units.

    b. For housing developments that meet the criteria of Government Code Section 65915(b)(1)(E), the density bonus shall be 20% of the number of the type of units giving rise to a density bonus under that paragraph.

    c. For housing developments that meet the criteria of Government Code Section 65915(b)(1)(F), the density bonus shall be calculated as follows:

Percentage Very Low-Income Units	Percentage Density Bonus
20	35
21	38.75
22	42.5
23	46.25
24	50

    d. For 100% Affordable Housing Projects or housing developments that meet the criteria of Government Code Section 65915(b)(1)(G), the following shall apply:

        i. Except as otherwise provided in clause (ii), the density bonus shall be 80% of the number of units for lower income households.

ii. If the housing development is located within one-half mile of a major transit stop or is located in a very low vehicle travel area in a designated county, there shall be no maximum control on density.

4. For housing developments that meet the criteria of Government Code Section 65915(b)(1)(D), the density bonus shall be calculated as follows:

Percentage Moderate-Income Units	**Percentage Density Bonus**
10	5
11	6
12	7
13	8
14	9
15	10
16	11
17	12
18	13
19	14
20	15
21	16
22	17
23	18
24	19
25	20
26	21
27	22
28	23
29	24

Percentage Moderate-Income Units	Percentage Density Bonus
30	25
31	26
32	27
33	28
34	29
35	30
36	31
37	32
38	33
39	34
40	35
41	38.75
42	42.5
43	46.25
44	50

5. Housing developments that meet the criteria of Government Code Section 65915(b)(1) are eligible for an additional density bonus as set forth in this subsection.

    a. To be eligible for an additional density bonus, a housing development shall meet the following requirements:

        i. The resulting housing development would not restrict more than 50% of the total units to moderate-income, lower income, or very low-income households;

        ii. The housing development includes additional rental or for-sale units affordable to very low-income households or moderate-income households, and meets any of the following requirements:

1. Conforms to the requirements of Government Code Section 65915(b)(1)(A) and provides 24% of the total units to lower income households.
2. Conforms to the requirements of Government Code Section 65915(b)(1)(B) and provides 15% of the total units to very low-income households.
3. Conforms to the requirements of Government Code Section 65915(b)(1)(D) and provides 44% of the total units to moderate-income households.

b. For housing developments that meet the criteria above, the additional density bonus shall be calculated using one of the following tables:

Additional Percentage Very Low-Income Units	Additional Percentage Density Bonus
5	20
6	23.75
7	27.5
8	31.25
9	35
10	38.75

Additional Percentage Moderate-Income Units	Additional Percentage Density Bonus
5	20
6	22.5
7	25
8	27.5
9	30
10	32.5
11	35
12	38.78

Additional Percentage Moderate-Income Units	Additional Percentage Density Bonus
13	42.5
14	46.25
15	50

b. The increase required by this subsection shall be in addition to any increase to density granted by Section 23.23.050(B)(1-4).

c. The additional density bonus granted under this subsection shall be calculated using the number of units excluding any density bonus awarded by this Chapter.

6. An applicant for a tentative subdivision map, parcel map, or other residential development approval that donates land to the City in accordance with Government Code Section 65915(g) shall be entitled to a density bonus as provided by Government Code Section 65915(g).

7. All density calculations resulting in fractional units shall be rounded up to the next whole number. The granting of a density bonus shall not require, or be interpreted, in and of itself, to require a general plan amendment, zoning change, or other discretionary approval.

C. Calculating Base Density

1. In residential districts, the maximum allowable residential or base density shall be determined using dwelling units per acre. All base density calculations resulting in fractional units will be rounded up to the next whole number.

2. Except as provided in subsection (3) below, in nonresidential districts which do not provide a dwelling-units-per-acre standard for density, the maximum allowable residential or base density shall be calculated by:

a. Estimating the realistic development capacity of the site based on the objective development standards applicable to the project, including, but not limited to, floor area ratio, site coverage, maximum building height and number of stories, building setbacks and stepbacks, public and private open space requirements, minimum percentage or square footage of any nonresidential component, and parking requirements, unless not required for the base project. Parking requirements shall include considerations regarding number of spaces, location, design, type, and circulation. Applicants may provide a base density study which the City shall accept, provided that it includes all applicable objective development standards.

b. Maintaining the same average unit size and other project details relevant to the base density study, except those development standards or requirements that may be modified by waiver or concession to accommodate the bonus units, in the proposed project as in the study.

c. All base density calculations resulting in fractional units will be rounded up to the next whole number.

3. Notwithstanding subsection (C)(2), for any housing development subject to tiered development standards, the maximum allowable residential density shall be based on the maximum number of units allowed for the selected tier in the zoning district. The maximum allowable residential or base density shall be calculated by:

a. Estimating the realistic development capacity of the site based on the objective development standards applicable to the project, including, but not limited to, floor area ratio, site coverage, maximum building height and number of stories, building setbacks and stepbacks, public and private open space requirements, minimum percentage or square footage of any nonresidential component, and parking requirements, unless not required for the base project. Parking requirements shall include considerations regarding number of spaces, location, design, type, and circulation. Applicants may provide a base density study which the City shall accept, provided that it includes all applicable objective development standards.

b. Maintaining the same average unit size and other project details relevant to the base density study, except those development standards or requirements that may be modified by waiver or concession to accommodate the bonus units, in the proposed project as in the study.

23.23.060. Special Geographic Areas.

A. **Purpose and Intent.** The purpose of this Section is to implement localized housing incentives that further the City's General Plan and Specific Plan objectives by granting an additional density bonus in designated areas that are well-served by transit, infrastructure, and community amenities. The additional bonus established herein is intended to supplement, and shall be calculated in addition to, the density bonuses available under Section 23.23.050 and Government Code § 65915 et seq.

B. **Applicability.**

1. Qualifying Areas. The additional density bonus established by this Section applies only to parcels located within the following designated geographic areas, as each is delineated on maps adopted by City Council resolution and maintained by the Development Services Department:

a. Old Town Placentia (Chapter 23.112);

b. Transit-Oriented Development (TOD) Packing House District (Chapter 23.111); and

c. Chapman Corridor Specific Plan Area (Chapter 23.113).

C. **Additional Local Density Bonus.**

1. Amount. In addition to any density bonus calculated pursuant to Section 23.23.050, a housing development on a site located wholly within a designated geographic area listed in Subsection B(1) shall be entitled to an additional ten percent (10%) increase in residential density ("Local Area Bonus").

2. Stackability and Order of Operations.

a. The Local Area Bonus shall be applied after the base (maximum allowable) residential density is established under State law and local zoning, and after the State Density Bonus is calculated pursuant to Section 23.23.050.

b. The Local Area Bonus is additive to the State Density Bonus but does not alter State-law thresholds for incentives/concessions, waivers, or parking ratios, which shall continue to be governed by Government Code Section 65915 and Section 23.23.030.

3. Rounding. Fractional units resulting from application of the Local Area Bonus shall be rounded up to the next whole number, consistent with the rounding method applied for the State Density Bonus under Section 23.23.050.

23.23.070. Application review process.

A. All requests under State Density Bonus Law shall be part of the planning application and shall be applied for, reviewed, and acted upon concurrently with the planning application by the approval body with authority to approve the development, within the timelines prescribed by California Government Code Section 65950 et seq. or other statute. Appeals of the planning application in accordance with the requirements of Section 23.93.050 shall include all requests under State Density Bonus Law if appeals are authorized for the discretionary or ministerial permit applied for.

B. To ensure that an application for a housing development conforms with the provisions of State Density Bonus Law, the staff report presented to the decision-making body shall state whether the application conforms to the following requirements of State Density Bonus Law, as applicable:

1. The housing development provides the housing required by State Density Bonus Law to be eligible for a density bonus and any incentives, parking reduction, or waivers requested, including housing required to replace units rented or formerly rented to very low- and low-income households as required by California Government Code Section 65915(c)(3).

2. If applicable, the housing development provides the housing required by State Density Bonus law to be eligible for an additional density bonus under Government Code Section 65915(v)(1).

3. If an incentive is requested, reasonable documentation has been presented showing that any requested incentive will result in identifiable and actual cost reductions to provide for affordable housing or costs or rents; except that, if a mixed-use development is requested, the application must instead meet all of the requirements of Government Code Section 65915(k)(2).

4. If a waiver is requested, the development standards for which a waiver is requested would have the effect of physically precluding the construction of the housing development at the densities or with the incentives permitted.

5. The housing development is eligible for any requested parking reductions under Government Code Section 65915(p) or other statute.

6. If the density bonus is based all or in part on donation of land, the requirements of Government Code Section 65915(g) have been met.

7. If the density bonus or incentive is based all or in part on the inclusion of a child care facility or condominium conversion, the requirements included in Government Code Section 65915(h) or 65915.5, as appropriate, have been met.

C. The decision-making body shall grant an incentive requested by the applicant unless it makes a written finding, based upon substantial evidence, of any of the following:

1. The proposed incentive does not result in identifiable and actual cost reductions to provide for affordable housing costs, as defined in Health and Safety Code Section 50052.5; or for affordable rents, as defined in Health and Safety Code Section 50053; or

2. The proposed incentive would be contrary to state or federal law; or

3. The proposed incentive would have a specific, adverse impact upon the public health or safety or on any real property that is listed in the California Register of Historic Resources, and there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the housing development unaffordable to low- and moderate-income households. For the purpose of this subsection, "specific, adverse impact" means a significant, quantifiable, direct and unavoidable impact, based on objective, identified, written public health or safety standards, policies, or conditions as they existed on the date that the application for the housing development was deemed complete as defined in Government Code Section 65589.5.

D. The decision-making body shall grant the waiver of development standards requested by the applicant unless it makes a written finding, based upon substantial evidence, of any of the following:

1. The proposed waiver would be contrary to state or federal law; or

2. The proposed waiver would have an adverse impact on any real property listed in the California Register of Historic Resources; or

3. The proposed waiver would have a specific, adverse impact upon the public health or safety, and there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the housing development unaffordable to low- and moderate-income households. For the purpose of this subsection, "specific, adverse impact" means a significant, quantifiable, direct and unavoidable impact, based on objective, identified, written public health or safety standards, policies, or conditions as they existed on the date that the application for the housing development was deemed complete as defined in Government Code Section 65589.5.

E. If a child care center complies with the requirements of Government Code Section 65915(h), the decision-making body may deny a density bonus or incentive that is based on the provision of child care facilities only if it makes a written finding, based on substantial evidence, that the City already has adequate child care facilities.

F. A request for minor modification of an approved density bonus housing plan may be granted by the Director of Development Services, or their designee, if the modification substantially complies with the original density bonus housing plan and conditions of approval. Other modifications to the density bonus housing plan shall be processed in the same manner as the original plan.

23.23.080. Density bonus housing agreement.

A. If a density bonus, incentive, parking reduction, or waiver is approved pursuant to this Chapter, the applicant shall enter into a binding affordable housing agreement or restrictive covenant, as described below, with the City, which sets forth the conditions and guidelines to be met in the implementation of State Density Bonus Law and that ensures compliance with all of the provisions of this Chapter and State Density Bonus Law. The agreement will also establish specific compliance standards and remedies available to the City upon failure by the applicant to comply with State Density Bonus Law, this Chapter, or the affordable housing agreement.

B. For rental projects, the applicant shall enter into an affordable housing agreement with the City, running with the land, in a form approved by the City Attorney, to be executed by the City Administrator, or their designee. The agreement shall require the continued affordability of all rental units that qualified the applicant for the receipt of the density bonus, incentive, waiver, or parking reduction for a minimum of fifty-five (55) years or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program; shall identify the type, size and location of each affordable unit; shall specify the eligible occupants; shall specify phasing of the affordable units in relation to the market-rate units; and shall contain other

relevant provisions approved by the City Attorney. Rents for the lower income density bonus units shall be set at an affordable rent as defined in State Density Bonus Law.

C. For for-sale projects, the applicant shall enter into an affordable housing agreement with the City, running with the land, in a form approved by the City Attorney, to be executed by the City Administrator, or their designee. The affordable housing agreement shall require that, the initial purchasers of those for-sale units that qualified the applicant for the receipt of the density bonus, incentive, waiver, or parking reduction are persons and families of very low, low or moderate income, as applicable. The agreement shall include an equity sharing agreement consistent with State Density Bonus Law, unless it is in conflict with the requirements of another public funding source or law. If any for-sale unit is not purchased by an income-qualified household within one-hundred eighty (180) days after the issuance of the certificate of occupancy, then the unit(s) must be sold pursuant to a contract that satisfies the requirements of Revenue and Taxation Code Section 402.1(a)(10) to a qualified non-profit housing corporation as defined in State Density Bonus Law and that the units are offered at an affordable housing cost, as that cost is defined in Health and Safety Code Section 50052.5. and shall contain other relevant provisions approved by the City Attorney.

D. Where a density bonus, waiver or parking reduction is provided for a market-rate senior housing development, the applicant shall enter into a restrictive covenant with the City, running with the land, in a form approved by the City Attorney, to be executed by the Director of Development Services, or their designee, to require the housing development to be operated as "housing for older persons" consistent with state and federal fair housing laws.

E. The executed affordable housing agreement shall be recorded against the housing development prior to final map approval, or, where a map is not being processed, prior to issuance of building permits for the housing development, whichever is earliest. The affordable housing agreement shall be binding on all future owners and successors in interest.

23.23.090. Density bonus calculations.

A. In determining the total number of units to be granted, each component of any density calculation, including base density and bonus density, resulting in fractional units shall be separately rounded up to the next whole number.

B. When calculating the number of affordable units needed to qualify for a given density bonus, any fractions of affordable dwelling units shall be rounded up to the next whole number.

C. Except where a housing development is eligible for an additional bonus pursuant to Government Code Section 65915(v), each housing development is entitled to only one density bonus. If a housing development qualifies for a density bonus under more than one

category, the applicant shall identify the category under which the density bonus is requested to be granted.

D. In determining the number of affordable units required to qualify a housing development for a density bonus pursuant to State Density Bonus Law, units added by a density bonus are not included in the calculations.

E. The applicant may elect to accept a lesser percentage of density bonus than the housing development is entitled to, or no density bonus, but no reduction will be permitted in the percentages of affordable units required by State Density Bonus Law. Regardless of the number of affordable units, no housing development shall be entitled to a density bonus greater than what is authorized under State Density Bonus Law.

F. Nothing in this Chapter requires the provision of direct financial incentives from the City for the housing development, including, but not limited to, the provision of financial subsidies, publicly owned land, fee waivers, or waiver of dedication requirements. The City, at its sole discretion, may choose to provide such direct financial incentives.

23.23.100. Development standards.

A. Building permits and final inspections or certificates of occupancy shall be issued concurrently for the market rate units and for any affordable units that qualified the project for a density bonus, incentive, waiver, or parking reduction, so that the affordable units comprise the required percentage of total units.

B. Affordable units shall be comparable in exterior appearance and overall quality of construction to market rate units in the same housing development. Interior finishes and amenities may differ from those provided in the market rate units, but neither the workmanship nor the products may be of substandard or inferior quality as determined by the City.

C. To comply with fair housing laws, the affordable units shall contain the same proportional mix of bedroom sizes as the market-rate units. In mixed-income buildings, the occupants of the affordable units shall have the same access to the common entrances and to the common areas, parking, and amenities of the project as the occupants of the market-rate housing units, and the affordable units shall be located throughout the building and not isolated on one floor or to an area on a specific floor.

23.23.110. Density bonus for commercial development.

A. The following definitions shall apply to this Section 23.23.110:

1. “Commercial development” means a development project for nonresidential and nonindustrial uses.

2. “Commercial development bonus” means modification of development standards mutually agreed upon by the City and a commercial developer and provided to a

commercial development eligible for such a bonus under subparagraph (C). Examples of a commercial development bonus include an increase in floor area ratio, increased building height, or reduced parking.

D. "Partnered housing agreement" means an agreement approved by the City between a commercial developer and a housing developer identifying how the commercial development will provide housing available at an affordable ownership cost or affordable rent. A partnered housing agreement may consist of the formation of a partnership, limited liability company, corporation, or other entity recognized by the state in which the commercial developer and the housing developer are each partners, members, shareholders, or other participants, or a contract between the commercial developer and the housing developer for the development of both the commercial developer and the housing development.

B. When an applicant proposes to construct a commercial development and has entered into a partnered housing agreement approved by the City, the City shall grant a commercial development bonus mutually agreed upon by the developer and the City. The commercial development bonus shall not include a reduction or waiver in fees imposed on the commercial development to provide for affordable housing.

C. The partnered housing agreement shall include all of the following provisions:

1. The housing development shall be located either: (i) on the site of the commercial development; or (ii) on a site within the City that is within one-half mile of a major transit stop, as defined in Public Resources Code Section 21155, and is in close proximity to public amenities, including schools and employment centers.

2. At least thirty percent (30%) of the total units in the housing development shall be made available at an affordable ownership cost or affordable rent to low-income households, or at least fifteen percent (15%) of the total units in the housing development shall be made available at an affordable ownership cost or affordable rent to very low-income households.

3. The commercial development must agree either to directly build the affordable housing units, donate a site consistent with the requirements of Government Code Section 65915(g) for the development of the affordable housing units, or make a cash payment to the housing developer for the development of the affordable housing units.

D. An approved partnered housing agreement shall be described in the City's Housing Element annual report as required by Government Code Section 65915.7(k).

23.23.120. Interpretation.

If any portion of this Chapter conflicts with State Density Bonus Law or other applicable state law, state law shall supersede this Chapter. Any ambiguities in this Chapter shall be interpreted to be

consistent with State Density Bonus Law. Statutory references in this ordinance include successor provisions.

Agenda Item No: 2.c

PLACENTIA CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2026

Submitted by: Matthew Di Mario

From: Public Works

Subject:

PUBLIC HEARING TO PROVIDE FOR THE ANNEXATION AND ANNUAL LEVY OF ASSESSMENT FOR THE CITY OF PLACENTIA STREET LIGHTING DISTRICT NO. 81-1 FOR FISCAL YEAR 2026-27

Financial Impact:

Annual Revenue:	$140,934	(SLD 81-1 Assessments)
	$ 56,311	(Proposed Transfer in from General Fund)
Annual Expense:	$197,245	(Proposed FY 26-27 Budget SLD 81-1 Fund No. 219)

Summary:

The City of Placentia administers Street Lighting District ("SLD") No. 81-1 ("District"). Property owners in the District pay an assessment on their property tax bill for the maintenance of 814 streetlights within the District. Each year, the City Council must order the preparation of an Engineer's Report, which determines the amount of the assessment to be levied and reconfirms the boundaries and composition of the District.

Based upon the Engineer's Report, the rate for Fiscal Year ("FY") 2026-27 for SLD 81-1 will remain the same at the maximum allowed by law for this District without a new vote of the property owners to approve a rate increase. This action recommends that the City Council conduct a public hearing to receive testimony, and upon conclusion of the public hearing, adopt a resolution approving the annexation of four (4) parcels into the District, and adopt a resolution approving the Engineer's Report and setting the annual levy of assessment for FY 2026-27.

Recommended Action:

It is recommended that the City Council:

1. Open the Public Hearing concerning the annexation, levy and collection of assessments within the Placentia Street Lighting District No. 81-1; and
2. Receive the Staff Report, consider all public testimony, ask questions of staff; and
3. Close the Public Hearing; and
4. Adopt Resolution No. R-2026-42, a Resolution of the City Council of the City of Placentia, California, ordering the annexation of territory to its Street Lighting District No. 81-1 (Annexation 2026-02) and approving the amended map for said District; and
5. Adopt Resolution No. R-2026-43, a Resolution of the City Council of the City of

Placentia, California, approving the Engineer's Report, confirming diagram and assessment, and ordering levy of continued assessments for Fiscal Year 2026-27 for Placentia Street Lighting District No. 81-1.

Strategic Plan Statement:
This item is consistent with Strategic Goal No. 1, Fiscal Sustainability. This action will generate revenue to cover street light maintenance expenses in the District. Assessments from specific properties will help provide dedicated revenues to pay for maintenance services in the District, with a reduced impact on the General Fund.

Discussion:
The Placentia SLD 81-1 ("District") was formed on June 2, 1981 by Resolution No. 81-R-133 of the City Council. The District incorporated the formerly City-run Santa Fe Street Lighting District as well as new areas of development in the City. The County of Orange ("County") operated street light assessment districts in Placentia prior to this action by the City Council. The Orange County Street Light Assessment Districts ("OCSLAD") were formed by ad valorem tax rate areas and new developments were annexed into the OCSLAD with the consent of the City Council. The formation of SLD 81-1 was driven by the County taking a position to not annex new territory into the OCSLAD from that point of time forward and to transfer the responsibility of managing these Districts to cities instead. Accordingly, all areas awaiting annexation and any new development in Placentia after that time were to be part of the City's newly formed District. Upon formation of SLD 81-1, no further territory was annexed into the County's street lighting assessment district. Since that time, the District has absorbed 814 new streetlights installed throughout the City as it continued to develop and annex new properties in the 1980's and 90's.

In 1992, the City administratively took over the areas served by OCSLAD and has since received the ad valorem tax revenue associated with those areas. The transfer of responsibility did not include conducting annual engineering assessments. Instead, a property tax negotiation occurred, and the property tax revenues generated in these old lighting districts are simply transferred to the City. These revenues are provided by properties included in these old districts which pay a higher percentage (approximately .03 percent) of the basic levy to the City versus to the County.

<u>Status of SLD 81-1 Fund</u>
SLD No. 81-1 is divided into five (5) assessment zones. Zone A is made up of residential parcels. Zone B consists of commercial and industrial parcels. Zone C, which includes parcels from the former Santa Fe Lighting District No. 1, no longer exists and has been folded into Zone B. Zone D includes parcels that have a recorded tentative or final map but are not yet developed or multifamily parcels. This zone is assessed at 30% of one assessment unit per parcel or proposed parcels based on the approved tract map, whichever is the greater of the two. Lastly, Zone E includes open space, streets, or landscaped parcels and is exempt from the assessment. The assessment rate charged varies by zone. The assessments are currently at the maximum allowable rate without a vote of property owners as required by Proposition 218. The current maximum rate per assessment unit established for the SLD 81-1 is summarized as follows:

Assessment Zone	Current Assessment Rate
Zone A: Single-Family Residential	$27.38 per parcel

Zone B: Commercial/Industrial	$164.28 per acre
Zone D: Undeveloped	$8.21 per parcel

Over the years, the District Fund has reported a deficit that has been subsidized by the City's General Fund. This deficit can be attributed to the fact that the City has not increased the rates charged by the District since its formation, and the continued increase in electricity costs over the past 45 years. This District is not subject to an annual escalation, unlike the City's community facilities districts. The assessment rates will remain the same. For FY 2026-27, the District has estimated expenditures of $197,245. The proposed assessment for FY 2026-27 will generate approximately $140,934 in revenue with a projected deficit of $56,311. Accordingly, this deficit will be subsidized by the General Fund to balance the District's fund. The City has seen a reduction in this structural deficit now that the City's streetlights have been upgraded to LED fixtures, which will yield reduced electric utility costs for the 814 streetlights that are part of the District.

Public Hearing Process

The Landscaping and Lighting Act of 1972 (Streets and Highways Code §§ 22500-22647) does require that the City undertake certain proceedings for any fiscal year during which assessments are to be levied and collected upon private property. These proceedings are usually accomplished at two (2) separate City Council meetings. On May 19, 2026, the City Council adopted Resolution No. R-2026-26 declaring its intention to provide for the Annual Levy of Assessments for SLD 81-1 and setting the time and date for a public hearing.

The Annual Levy of Assessments is for the purpose of providing District funds for street light maintenance and electricity costs, and a means of assessment for the same purposes as shown in the attachments. Each fiscal year, the City Council directs the preparation of an Engineer's Report, budgets and proposed assessments before the assessments can be levied.

SLD No. 81-1 is exempt from, and not subject to the procedures and approval processes set forth in Article XIII D, Section 4 of the California Constitution enacted by Proposition 218 on November 5, 1996. The reason SLD No. 81-1 is not subject to Proposition 218 can be attributed to the fact that Proposition 218 also enacted Article XIII D, Sections 5 and 5(b) which exempted assessment districts formed prior to November 6, 1996, and which were formed pursuant to a petition signed by those owning all the parcels subject to the assessment at the time the assessment was initially imposed. This exemption is contingent on there being no increase in the amount assessed on a property owner in a category from the prior year. Since SLD No. 81-1 was formed prior to November 6, 1996, pursuant to a petition signed by those owning all the parcels subject to the assessment at the time the assessment was initially imposed, the District is exempt from the procedures and approval process set forth by Proposition 218.

The Engineer's Report establishes the foundation and justification for the continued collection of the assessments for FY 2026-27. Documents to provide for the annual levy have been prepared and presented for City Council approval as follows:

1. Resolution confirming a Diagram and Assessment, providing for Annual Assessment Levy (Attachment 2)
2. Engineer's Report and Assessment Diagram (Attachment 1 - Exhibit C)

3. Assessment Roll (Attachment 3)

On April 21, 2026, the City Council approved Resolution No. R-2026-21, which annexed 230 properties into the SLD. Since April 21, 2026, four (4) additional properties have requested annexation. This brings the total number of parcels in the District to 3,910. Staff recommends that the City Council conduct the public hearing and adopt the attached Resolutions. Although verbal testimony may be taken, protests must be submitted in writing and filed with the City Clerk. The City Clerk will provide the City Council with copies of any written protests received subsequently.

Financial Summary:
SLD No. 81-1 has estimated expenditures of $197,245 for FY 2026-27. The proposed assessment for FY 2026-27 will generate approximately $140,934 in revenue, leaving a negative balance of $56,311, which is backfilled by the City's General Fund. SLD 81-1 has operated at a deficit for numerous years because of the limited ability to increase assessment rates to relieve the annual General Fund contribution to the District.

RESOLUTION NO. R-2026-42

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, ORDERING THE ANNEXATION OF TERRITORY TO ITS STREET LIGHTING DISTRICT NO. 81-1 (ANNEXATION 2026-02) AND APPROVING THE AMENDED MAP FOR SAID DISTRICT

A. Recitals.

(i) The City Council of the City of Placentia ("City Council"), by adoption of Resolution No. 81-R-133, established the City's Street Lighting District No. 81-1 ("District") pursuant to the Landscaping and Lighting of 1972 being Part 2 of Division 15 of the California Streets and Highways Code (commencing with Section 25000) ("Act").

(ii) The landowners of the property ("Parcels") sought to be annexed to the District are listed in Exhibit "A" attached hereto and incorporated herein by reference. The landowners of the Parcels have submitted to the City petitions unanimously requesting and approving annexation of those Parcels ("Annexation Parcels") to the District.

(iii) A boundary map entitled "Amended Map No. 2026-02 of Street Lighting District No. 81-1 of the City of Placentia, County of Orange, State of California", showing the extent of the proposed annexation, is attached hereto as Exhibit "B" to this Resolution and incorporated herein by reference ("Boundary Map").

(iv) The updated assessment being levied under the District are as set forth in the Engineer's Report of 2026-27, which assessments are to be approved by the City Council in Resolution No. R-2026-43. A copy of the Engineer's Report is attached hereto as Exhibit "C" and incorporated herein by reference.

(v) The City Council desires to annex the Annexation Parcels to the District.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. Recitals. The above recitals are all true and correct and are herein incorporated.

2. Special Election. A special election was held on June 16, 2026, and the landowners of the Annexation Parcels unanimously voted to be annexed to the District. The City Council hereby certifies the results of the special election. The City Council hereby finds and determines that all proceedings and actions taken by the City Council pursuant to the Act were and are valid and in conformity with the Act.

3. Annexation Ordered. The Annexation Parcels are hereby added to and part of the District with full legal effect. The Annexation Parcels are subject to the Special Tax levied in connection with the District. The updated tax is set forth in the Engineer's Report, attached hereto as Exhibit "C" and incorporated herein by reference.

4. Description of Services. The following is a general description of the services provided in the District: installation, maintenance, and servicing of street lighting improvements.

5. Amended Boundary Map. The Boundary Map attached hereto as Exhibit "B" is hereby approved. This map amends, and does not supersede, the existing maps of the District. The City Council directs that said map be filed with the Orange County Recorder pursuant to Section 3113 of the Streets and Highways Code.

6. Notice of Special Tax Lien. The City Council directs the City Clerk to prepare a notice of special tax lien and that it be recorded pursuant to Section 3117.5 of the Streets and Highways Code with respect to the Annexation Parcel associated with the Boundary Map.

7. Severability. Should any provision, section, paragraph, sentence or word of this Resolution be rendered or declared invalid by any final court action in a court of competent jurisdiction or by reason of any preemptive legislation, the remaining provisions, sections, paragraphs, sentences or words of this resolution as hereby adopted shall remain in full force and effect.

8. Effective Date. This Resolution shall be effective immediately upon adoption.

9. The Mayor shall sign this Resolution, and the City Clerk shall attest and certify to the passage and adoption thereof.

APPROVED and ADOPTED this 16th day of June 2026

Street Lighting District 81-1
For Fiscal Year 2026-27

City of Placentia,
County of Orange, State of California

This Report describes the City of Placentia Street Lighting District 81-1 and proposed changes or modifications related thereto including the improvements, budgets, parcels, and assessments to be levied for Fiscal Year 2026-27 pursuant to the City's Resolution of Intention. Reference is hereby made to the Orange County Assessor's maps for a detailed description of the lines and dimensions within District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 16th day of June 2026.

INTRODUCTION

The City of Placentia (the "City") serves and maintains streetlights and associated improvements (the "Improvements") in certain parts of the City. In order to fund the maintenance and operation (the "Services") of these projects and improvements, the City has formed Street Lighting District No. 81-1 ("District"). This Engineer's Report ("Report") was prepared to establish the budget for maintenance and operation of the Improvements (as described below) that will be funded by the 2026-27 assessments and other revenue, and to determine the general and special benefits received from the Improvements by property within the District and the method of assessment apportionment to lots and parcels. This Report and the assessments have been made pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "Act") and Article XIIID of the California Constitution (the "Article").

ENGINEER'S REPORT AND CONTINUATION OF ASSESSMENTS

The assessment has been continued for over 30 years. In each subsequent year for which the assessments will be continued, the Placentia City Council (the "Council") must direct the preparation of an Engineer's Report, budgets, and proposed assessments for the upcoming fiscal year. After the report is completed, the City Council may preliminarily approve the Engineer's Report and the continued assessments and establish the date for a public hearing on the continuation of the assessments. Accordingly, this Engineer's Report (the "Report") was prepared pursuant to the direction of the City Council.

As required by the Act, this Report includes plans and specifications, a diagram or map of the District, the benefits received by property from the Improvements within the District, and the method of assessment apportionment to lots and parcels within the District.

If the Council approves this Engineer's Report and the continuation of the Assessments by resolution, a notice of public hearing must be published in a local newspaper at least 10 days prior to the date of the public hearing. The resolution preliminarily approving the Engineer's Report and establishing the date for a public hearing is typically used for this notice.

Following the minimum 10-day period after publishing the notice, a public hearing is held for the purpose of allowing public testimony about the proposed continuation of the Assessments. This hearing is currently scheduled for June 16, 2026. At this hearing, the

Council will consider approval of a resolution confirming the continuation of the Assessments for Fiscal Year 2026-27. If so confirmed and approved, the Assessments would be submitted to the Orange County Auditor/Controller for inclusion on the property tax rolls for Fiscal Year 2026-27.

STREET LIGHTING DISTRICT BACKGROUND

Street Lighting District No. 81-1 was formed in 1981. Prior to that, the County of Orange had established and maintained street lighting assessment districts within the City of Placentia. After the passage of Proposition 13 in 1978, the County decided to cease annexations to its existing districts. In response to that, the City formed its own district (No. 81-1) to allow for future development to be included in an assessment district providing street lighting services.

The portions of the City previously included in the County's street light assessment remained under the County's jurisdiction until 1996, when the City took over management of those areas. However, they were not annexed into District No. 81-1, and continue to be funded and operated separately from the District. Therefore, those areas and the parcels therein are not included in this report or the assessment calculations herein.

LEGISLATIVE ANALYSIS

PROPOSITION 218

The Right to Vote on Taxes Act was approved by the voters of California on November 6, 1996, and is now Article XIIIC and XIIID of the California Constitution. Proposition 218 provides for benefit assessments to be levied to fund the cost of providing services and improvements, as well as maintenance and operation expenses to a public improvement which benefits the assessed property.

SILICON VALLEY TAXPAYERS ASSOCIATION, INC. V SANTA CLARA COUNTY OPEN SPACE AUTHORITY (2008) 44 CAL. 4TH 431

In July of 2008, the California Supreme Court issued its ruling on the Silicon Valley Taxpayers Association, Inc. v. Santa Clara County Open Space Authority ("SVTA"). This ruling is significant in that the Court clarified how Proposition 218 made changes to the determination of special benefit. The Court also found that:

- Benefit assessments are for special benefits to property, not general benefits.

- The services and/or improvements funded by assessments must be clearly defined.
- Assessment districts must be drawn to contain all parcels that receive a special benefit from a proposed public improvement.
- Assessments paid in each assessment district must be proportional to the special benefit received by each such parcel from the improvements and services funded by the assessment.

This Engineer's Report and the process used to establish the continuation of the assessments for Fiscal Year 2026-27 are consistent with the SVTA decision and with the requirements of Article XIIIC and XIIID of the California Constitution based on the following factors:

1. The District is drawn to include the entire City; although only parcels deriving special benefits are included in the assessment rolls. Thus, zones of benefit are not required and the assessment revenue derived from real property in the District is extended only on the Improvements in the District.

2. The Improvements which are constructed and maintained with assessment proceeds in the District are located in close proximity to the real property subject to the assessment. The Improvements provide illumination to streets and sidewalks enabling improved access to the residents of such assessed property. The proximity of the Improvements to the assessed parcels and the improved access and increased safety provided to of the residents of the assessed parcels by the Improvements provides a special benefit to the parcel being assessed pursuant to the factors outlined by the Supreme Court in that decision.

3. Due to their proximity to the assessed parcels, the Improvements financed with assessment revenues in the District benefit the properties in that District in a manner different in kind from the benefit that other parcels of real property in the City derive from such Improvements, and the benefits conferred on such property in the District are more extensive than a general increase in property values.

4. The assessments paid in the District are proportional to the special benefit that each parcel within that Assessment District receives from the Improvements because:
   a. The specific lighting Improvements and maintenance and utility costs thereof in the District and the costs thereof are specified in this Report; and

5. Such Improvement and maintenance costs in the District are allocated among different types of property located within the District, and equally among those properties which have similar characteristics, such as single-family residential parcels, multi-family residential parcels, commercial parcels, industrial parcels, etc.

DAHMS V. DOWNTOWN POMONA PROPERTY (2009) 174 CAL. APP. 4TH 708

On June 8, 2009, the 4th Court of Appeal amended its original opinion upholding a benefit assessment for property in the downtown area of the City of Pomona in Dahms v. Downtown Pomona Property ("Dahms"). On July 22, 2009, the California Supreme Court denied review. In Dahms the Court upheld an assessment that was 100% special benefit (i.e. 0% general benefit) on the rationale that the services and improvements funded by the assessments were directly provided to property in the assessment district. The Court also upheld discounts and exemptions from the assessment for certain properties.

BONANDER V. TOWN OF TIBURON (2009) 180 CAL. APP. 4TH 103

On December 31, 2009, in Bonander v. Town of Tiburon ("Bonander"), the 1st District Court of Appeal overturned a benefit assessment approved by property owners to pay for placing overhead utility lines underground in an area of the Town of Tiburon. The Court invalidated the assessments primarily on the grounds that the assessments had been apportioned to assessed property based in part on relative costs within sub-areas of the assessment district instead of the overall cost of the improvements and the overall proportional special benefits.

BEUTZ V. COUNTY OF RIVERSIDE (2010) 184 CAL. APP. 4TH 1516

On May 26, 2010 the 4th District Court of Appeals issued a decision in the Steven Beutz V. County of Riverside ("Beutz"). This decision overturned an assessment for park maintenance in Wildomar, California, primarily because the general benefits associated

with improvements and services was not explicitly calculated, quantified and separated from the special benefits.

GOLDEN HILL NEIGHBORHOOD ASSOCIATION V. CITY OF SAN DIEGO (2011) 199 CAL. APP. 4TH 416

On September 22, 2011, the San Diego Court of Appeal issued a decision on the Golden Hill Neighborhood Association v. City of San Diego appeal. This decision overturned an assessment for street and landscaping maintenance in the Greater Golden Hill neighborhood of San Diego, California. The court described two primary reasons for its decision. First, like in Beutz, the court found the general benefits associated with services were not explicitly calculated, quantified, and separated from the special benefits. Second, the court found that the City had failed to record the basis for the assessment on its own parcels.

COMPLIANCE WITH CURRENT LAW

This Engineer's Report is consistent with the requirements of Article XIIIC and XIIID of the California Constitution and with the SVTA decision because the Improvements to be funded are clearly defined; the Improvements are directly available to and will directly benefit property in the District; and the Improvements provide a direct advantage to property in the District that would not be received in absence of the Assessments.

This Engineer's Report is consistent with Beutz, Dahms and Greater Golden Hill because the Improvements will directly benefit property in the District and the general benefits have been explicitly calculated and quantified and excluded from the Assessments. The Engineer's Report is consistent with Bonander because the Assessments have been apportioned based on the overall cost of the Improvements and Services and proportional special benefit to each property, rather than the proportional cost to the District to provide the Improvements to specific properties.

PLANS & SPECIFICATIONS

The work and Improvements proposed to be undertaken by the City and the cost thereof paid from the levy of the annual assessment provide special benefit to Assessor Parcels within the District defined in the Method of Assessment herein. Consistent with the Landscaping and Lighting Act of 1972, (the "Act"), the Improvements are generally described as follows:

Facilities and Improvements

The facilities and improvements within the District are defined as street light standards, their appurtenances and energy and maintenance costs to operate them. Street lighting systems in the District consist of Edison-owned lights as of the date of this report, as shown below:

Table 1 – District Facilities

Type of Light	No. of Lights	Size of Lumens	Owner
Sodium Vapor	*31*	*5,800*	*S.C.E.*
Sodium Vapor	*43*	*9,500*	*S.C.E.*
Sodium Vapor	*222*	*16,000*	*S.C.E.*
Sodium Vapor	*518*	*22,000*	*S.C.E.*
Total	***814***		

Scope of Work

Southern California Edison company (S.C.E) shall be the supplier of electrical energy for all of the above listed streetlights as well as providing needed maintenance and replacements for those streetlights owned by S.C.E. Costs for electrical energy and maintenance of S.C.E-owned streetlights shall be billed to the City by S.C.E. The City shall disburse payments to S.C.E. from the Special Fund established for the District. Costs incurred by the City for: administration, engineering, operations and other related requirements shall be paid by the District's Special Fund for those costs.

Changes and Modifications to the District

Modifications to the District structure could include but are not limited to:

- Substantial changes or expansion of the improvements provided.
- Substantial changes in the service provided.
- Modifications or restructuring of the district including annexation or detachment of specific parcels.
- Revisions in the method of apportionment
- Proposed new or increased assessments.

FISCAL YEAR 2026-27 ESTIMATE OF COST AND BUDGET

BUDGET FOR FISCAL YEAR 2026-27

The 1972 Act provides that the total costs for providing the maintenance and servicing of the District Improvements and facilities can be recovered in the assessment spread including incidental expenses. The latter can include engineering fees, legal fees, printing, mailing, postage, publishing, and all other costs identified with the District proceedings.

An estimate of District costs for fiscal year 2026-27 for the maintenance and servicing of the Improvements is provided below.

Table 2 – FY 2026-27 Estimate of Costs

Expenditure Item	**Amount**
Electricity	$ 197,245
Estimated Expenditures	**$ 197,245**
Revenue Item	**Amount**
Direct Benefit Assessments	$ 140,934
General Fund Contribution	$ 56,311
Estimated Revenues	**$ 197,245**
Budget Allocation to Parcels	
Assessment per Assessment Unit (AU)	$ 27.38
Total Assessment Units (AUs)	5,147
Total Assessment Budget	$ 140,934

Notes to Estimate of Costs:

A. The Act requires that proceeds from the assessments must be deposited into a special fund that has been set up for the revenues and expenditures of the District. Moreover, funds raised by the assessment shall be used only for the purposes stated within this Report. Any balance remaining at the end of the Fiscal Year, June 30, must be carried over to the next Fiscal Year. The District may also establish a reserve fund for contingencies and special projects as well as a capital improvement fund for accumulating funds for larger capital improvement projects or capital renovation needs. Any remaining balance would either be placed in the reserve fund, the capital improvement fund, or would be used to reduce future years' assessments.

B. The rate shown here is for an Assessment Unit (single family home or its equivalent). For the definition of the term AU and rates for other types of property, see the section titled, "Method of Assessment" and the sections following it in this report.

METHOD OF ASSESSMENT APPORTIONMENT

This section of the Engineer's Report includes an explanation of the benefits to be derived from the installation, maintenance and servicing of the Improvements throughout the District and the Assessment methodology used to apportion the total Assessment to properties within the Assessment District.

The District consists of certain assessor parcels within the boundaries as defined by the Assessment Diagram referenced in this report and the parcels identified by the Assessor Parcel Numbers listed with the levy roll. The parcel list includes all privately and publicly owned parcels as shown. The method used for apportioning the Assessment is based on the proportional special benefits to be derived by the properties in the District over and above general benefits conferred on real property or to the public at large. The apportionment of special benefit is a two-step process: the first step is to identify the types of special benefit arising from the Improvements, and the second step is to allocate the Assessments to property based on the estimated relative special benefit for each type of property.

DISCUSSION OF BENEFIT

In summary, the Assessments can only be levied based on the special benefit to property. This benefit is received by property over and above any general benefits. With reference to the requirements for assessments, Section 22573 of the Landscaping and Lighting Act of 1972 states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be*

received by each such lot or parcel from the improvements."

Proposition 218, as codified in Article XIIID of the California Constitution, has confirmed that assessments must be based on the special benefit to property and that the value of the special benefits must exceed the cost of the assessment:

> *"No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."*

The following benefit categories summarize the types of special benefit to residential, commercial, industrial, and other lots and parcels resulting from the Improvements to be provided with the assessment proceeds. These types of special benefit are summarized as follows:

A. Creation of individual lots for residential and commercial use that, in absence of the Assessments, would not have been created.
B. Improved visibility and safety
C. Improved access
D. Improved community character and vitality

SPECIAL BENEFIT

The special benefits from the Improvements are further detailed below:

CREATION OF INDIVIDUAL LOTS FOR RESIDENTIAL AND COMMERCIAL USE THAT, IN ABSENCE OF THE ASSESSMENTS, WOULD NOT HAVE BEEN CREATED

In most of the District, the original owner/developer(s) of the property within the District agreed unanimously to the Assessments. The Assessments provide the necessary funding for public improvements that were required as a condition of development and subdivision approval. Therefore, such Assessments allowed the original property to be subdivided and for development of the parcels to occur. As parcels were sold, new owners were informed of the Assessments through the title reports, and in some cases, through Department of Real Estate "White Paper" reports that the parcels were subject to assessment. Purchase of property was also an "agreement" to pay the Assessment. Therefore, in absence of the Assessments, the lots within most of the District would not have been created. These parcels, and the improvements that were constructed on the parcels, receive direct advantage and special benefit from the Assessments.

IMPROVED VISIBILITY AND SAFETY

Well maintained, effective street lighting provides a special benefit to proximate parcels, within the range of the light, because it allows for safer and improved use of the property in the evenings and at night. Street lighting provides special benefits as it increases neighborhood safety and reduces the likelihood of crime on the proximate parcels. Over time, the Improvements continue to confer a particular and distinct special benefit upon parcels within the District because of the nature of the Improvements. The proper maintenance of the streetlights and appurtenant facilities reduces property-related crimes, especially vandalism, against assessed properties in the District.

IMPROVED ACCESS

Well maintained, effective street lighting enhances ingress, egress and accessibility of all forms to the assessed parcels in the evening and at night by increasing visibility. Improved visibility also helps prevent local and pedestrian traffic accidents related to the assessed parcels.

IMPROVED COMMUNITY CHARACTER AND VITALITY

Well maintained, effective street lighting promotes evening and nighttime social interaction of residents and customers of businesses and industry. This creates a positive atmosphere and enhances the community image in the evening and at night for the assessed parcels.

All of the above-mentioned items also contribute to a specific enhancement to each of the parcels within the District. The proximate streetlights clearly make each parcel safer, more visible, more accessible, more useful, more valuable, and more desirable; and this further strengthens the basis of these Assessments.

GENERAL VERSUS SPECIAL BENEFIT

The proceeds from the District are used to fund Improvements and increased levels of maintenance to the public facilities that serve and benefit the assessed properties in the District. In absence of the District, such Improvements would not be properly maintained. Therefore, the District's purpose is to ensure that the necessary and beneficial public facilities for property in the District are properly maintained and repaired over time. The assessments will ensure that street lighting and associated improvements within and adjacent to the District are functional, well maintained and safe. These public resources directly benefit the property in the District and will confer distinct and special benefits to the assessed properties within the District. Moreover, in absence of assessments, a condition of development would not be met and future construction in the District could be denied. The creation of individual lots, if any, and the approval for construction in the

District, is the overriding clear and distinct special benefit conferred exclusively on property in the District and not enjoyed by other properties outside the District. Therefore, the assessments solely provide special benefit to assessed property in the District over and above the general benefits conferred to the public at large or properties outside the District.

Although the Improvements maintained by the Services may be available to the general public at large, the Improvements and Services are specifically designed, located and created to provide additional and improved resources for property inside the District, and not the public at large. Other properties that are outside the District do not enjoy the unique proximity and other special benefit factors described previously. These Improvements and Services are of special benefit to properties located within the District because they provide a direct advantage to properties in the District that would not be provided in absence of the Assessments. Any general benefits to surrounding properties outside of the District, if any there were, are collateral and conferred concomitantly.

QUANTIFICATION OF GENERAL BENEFIT

Although the analysis used to support these assessments concludes that the benefits are solely special, as described above, consideration is made for the suggestion that a portion of the benefits are general. General benefits cannot be funded by these assessments – the funding must come from other sources.

The maintenance and servicing of these improvements is also partially funded, directly and indirectly from other sources including the City of Placentia, Orange County, and the State of California. This funding comes in the form of grants, development fees, special programs, and general funds, as well as direct maintenance and servicing of other co-located facilities (e.g., curbs, gutters, streets, drainage systems, etc.). This funding from other sources more than compensates for general benefits, if any, received by the properties within the District.

In the 2009 Dahms case, the court upheld an assessment that was 100% special benefit on the rationale that the services funded by the assessments were directly provided within the assessment district. It is also important to note that the improvements and services funded by the assessments in Pomona are similar to the improvements and services funded by the Assessments described in this Engineer's Report, and the Court found these improvements and services to be 100% special benefit. Also similar to the assessments in Pomona, the Assessments described in this Engineer's Report fund Improvements and Services directly provided within the District, and every benefiting property in the District enjoys proximity and access to the Improvements. Therefore, Dahms establishes a basis for minimal or zero general benefits from the Assessments

STEP 1 – CALCULATE THE GENERAL BENEFIT

The General Benefits from this assessment may be quantified as illustrated in the following table.

Benefit Factor	Relative Weight	General Benefit Contribution	Relative General Benefit
Creation of individual lots for development or approval of building permits	85	0%	**0**
Improved nighttime visibility and safety	5	25%	**1.25**
Improved Access	5	25%	**1.25**
Improved Community Character and Vitality	5	25%	**1.25**
Total	**100**	**Total Calculated General Benefit**	**3.75** **3.75%**

As a result, the City of Placentia will contribute at least 2.5% of the total budget from sources other than the assessment. This contribution offsets any general benefits from the Assessment Services.

STEP 2 – CALCULATE THE CURRENT GENERAL BENEFIT CONTRIBUTION FROM THE CITY

This general benefit contribution is the sum of the following components:

The City of Placentia owns, maintains, rehabilitates, and replaces curb and gutter along the border of the District improvements. This curb and gutter serve to support, contain, retain, manage irrigation flow and growth, and provide a boundary for the Improvements. The contribution from the City of Placentia towards general benefit from the maintenance, rehabilitation, and replacement of the curb and gutter is conservatively estimated to be 1%.

The City of Placentia owns and maintains a storm drainage system along the border of District Improvements. This system serves to prevent flooding and associated damage to the improvements and manage urban runoff including local pollutants loading from the Improvements. The contribution from the City of Placentia towards general benefit from

the maintenance and operation of the local storm drainage system is conservatively estimated to be 1%.

The City of Placentia owns and maintains local public streets along the border of the District Improvements. These public streets provide access to the Improvements for its enjoyment as well as efficient maintenance. The contribution from the City of Placentia towards general benefit from the maintenance of local public streets is conservatively estimated to be 1%.

The value of the construction of the improvements can be quantified and monetized as an annuity. Since this construction was performed and paid for by non-assessment funds, this "annuity" can be used to offset general benefit costs and is conservatively estimated to contribute 10%.

Therefore, the total General Benefit is conservatively quantified at 2.5% which is more than offset by the total non-assessment contribution towards general benefit of 13%.

METHOD OF APPORTIONMENT

The development of an Assessment methodology requires apportioning to determine the relative special benefit for each property. As the District was formed by a different engineer of record, the precise language from the most recent Engineer's Report is included below:

> *The methodology used fairly distributes the cost of the street lighting system in relation to the benefits received. For Fiscal Year 2024-25 there are 3,696 parcels of property in the District, grouped into one of three benefit zones for assessment purposes. The District was originally established with five benefit zones (A though E) to distinguish variations in benefit. However, Zone C is no longer applicable. The five benefit zones originally established for the District include the following:*
>
> > *Zone A: Single Family residential, whether detached or condominium.*
> >
> > *Zone B: Commercial, industrial, churches, apartments, etc., either developed or in process of development.*
> >
> > *Zone C: Parcels in the former Santa Fe Lighting District No. 1. This zone designation was originally established to distinguish specific non-residential*

parcels that were previously part of the Santa Fe Lighting District No. 1 and were annexed to this District. Originally, the assessments for these parcels included a temporary loan. The loan recoupment has been satisfied and these parcels are now included as part of Zone B.

Zone D: Parcels that have a recorded tentative or final map, but are not yet developed.

Zone E: Open Space, street areas, or landscape strip parcels are considered to receive no benefit. Parcels within this zone are exempt from assessment.

The basic methodology of apportionment developed for this District in 1981-82 is based on assessment unit. This methodology assigns each residential parcel in Zone A one assessment unit (AU). The relationship between residential parcels in Zone A and acreage parcels in Zone B was established at a six to one ratio based on general density figures for the City. Zone C originally designated parcels that were part of the former Santa Fe Street Lighting District No. 1. The assessments for parcels in Zone C originally included the conversion improvement costs associated with these parcels and were spread over a two-year period. These conversion costs have been satisfied and the Zone C parcels are now included in Zone B. Zone C has been eliminated. Zone D designates parcels where the final tract or parcel maps have been approved and recorded, however construction is not yet in progress. This zone is assessed at 30% of one assessment unit per parcel or proposed parcels based on the approved tract map, whichever is the greater of the two.[1]

[1] From the 2013-14 Engineer's Annual Levy Report, City of Placentia, Street Lighting District No. 81-1, dated June 4, 2013. Zone E was reported to have 33 parcels, but they were not identified in the accompanying data. Therefore those parcels are not included in the current data.

Because they are exempt from assessment, there is no effect on the assessment apportionment calculation

ANNUAL ASSESSMENT CALCULATION

For Fiscal Year 2026-27, the rate of Assessments for the District is not increased from prior years. The Calculations for maintenance, service and incidentals follows:

Table 3 – Assessment Calculation

Zone	Quantity		AU Ratio Factor		Assessment Units
A	3,517 parcels	x	1.00	=	3,517.00
B	261.021 acres	x	6.00	=	1,566.13
D	214 units	x	0.30	=	64.20
Total Assessment Units					**5,147.33**

AU Cost	**$ 140,933.90**	**/**	**5147.33**	**=**	**$ 27.38**

Zone Assessments				
Zone A	Single Family	Each parcel is assessed at one assessment unit:		
		$27.38 x 1.0		$27.38 /Parcel
Zone B	Comm, Industrial	Each Acre is assessed at 10 assessment units:		
		$27.38 x 6.00	=	$164.28 / Acre
Zone D	Multi-Family	Each Unit is assessed at 0.70 assessment units:		
		$27.38 x 0.30	=	$8.21 /Unit

DURATION OF ASSESSMENT

The District was formed or annexed in previous years. It is proposed that the Assessments be continued every year after their formation or annexation, so long as the public Improvements need to be maintained and improved, and the City requires funding from the Assessments for these Improvements in the Assessment Districts. As noted previously, the Assessment can continue to be levied annually after the City Council approves an annually updated Engineer's Report, budget for the Assessment, Improvements to be provided, and other specifics of the Assessment. In addition, the City Council must hold an annual public hearing to continue the Assessment.

APPEALS OF ASSESSMENTS LEVIED TO PROPERTY

Any property owner who feels that the Assessment levied on the subject property is in error as a result of incorrect information being used to apply the foregoing method of assessment may file a written appeal with the City of Placentia City Administrator or his or her designee. Any such appeal is limited to correction of an Assessment during the then-current Fiscal Year and applicable law. Upon the filing of any such appeal, the City Administrator or his or her designee will promptly review the appeal and any information provided by the property owner. If the City Administrator or his or her designee finds that the Assessment should be modified, the appropriate changes shall be made to the Assessment Roll. If any such changes are approved after the Assessment Roll has been filed with the County for collection, the City Administrator or his or her designee is authorized to refund to the property owner the amount of any approved reduction. Any dispute over the decision of the City Administrator or his or her designee shall be referred to the Placentia City Council, and the decision of the City Council shall be final.

ASSESSMENT STATEMENT

Whereas, the City of Placentia directed the undersigned engineer of Work to prepare and file a report presenting an estimate of costs, a Diagram for the District and an assessment of the estimated costs of the Improvements upon all assessable parcels within the District;

Now, Therefore, the undersigned, by virtue of the power vested in me under the Act, Article XIIID of the California Constitution, and the order of the Placentia City Council, hereby makes the following Assessment to cover the portion of the estimated cost of the Improvements, and the costs and expenses incidental thereto to be paid by the District.

The amount to be paid for said Improvements and the expense incidental thereto, to be paid by the District for the Fiscal Year 2026-27 is generally as follows:

Table 4 – FY 2026-27 Summary Cost Estimate

Operating Expenses	$	197,245
Total for Services	**$**	**197,245**
Less General Fund Contribution	$	140,934
Less Other Revenue	$	56,311
Net Amount of Assessments	**$**	**140,934**

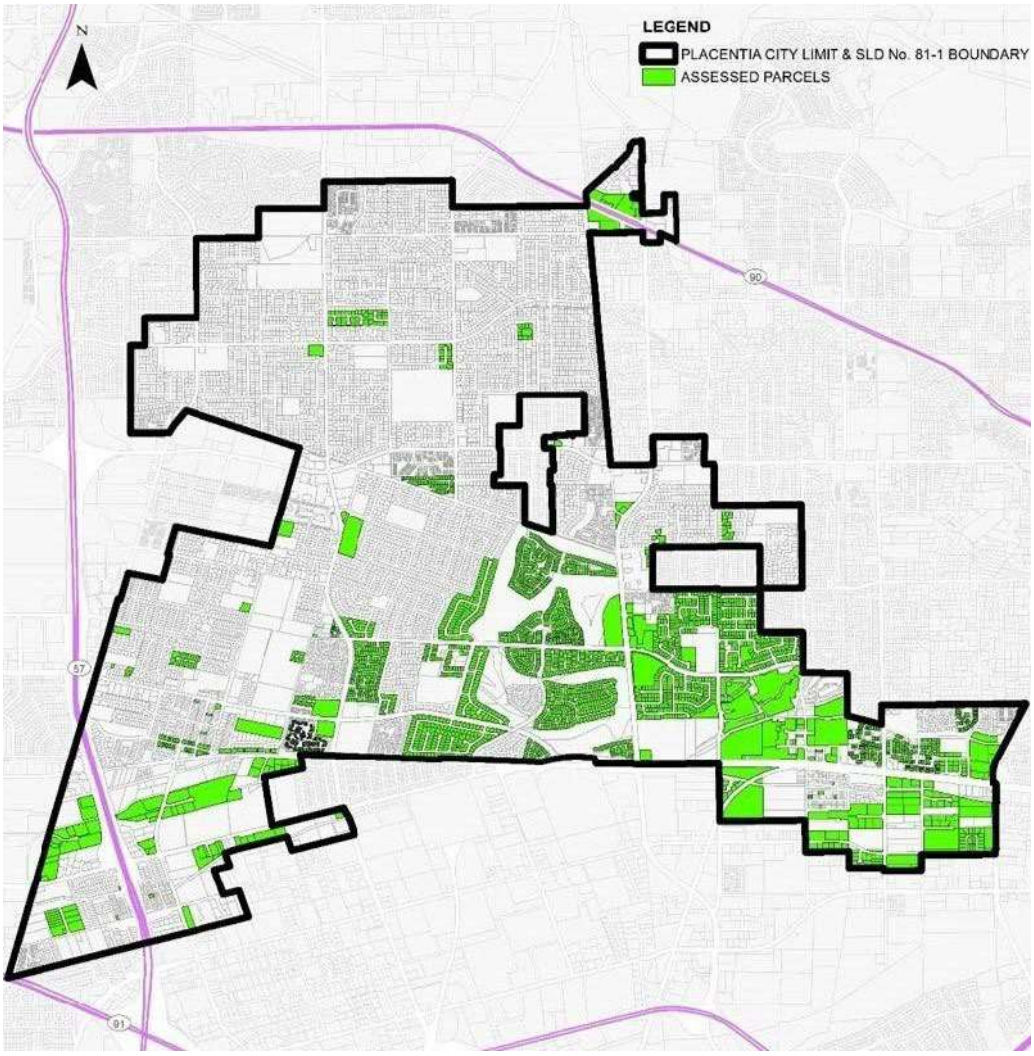
As required by the Act, an Assessment Diagram of the District is hereto attached and incorporated herein by reference. The distinctive number of each parcel or lot of land in the District is its Assessor Parcel Number appearing on the Assessment Roll.

I do hereby assess and apportion the net amount of the cost and expenses of the Improvements, including the costs and expenses incident thereto, upon the parcels and lots of land within the District, in accordance with the special benefits to be received by each parcel or lot, from the Improvements, and more particularly set forth in the Estimate of Cost and Method of Assessment in the Report.

The Assessment is made upon the parcels or lots of land within the District in proportion to the special benefits to be received by the parcels or lots of land, from the Improvements.

Each parcel or lot of land is described in the Assessment Roll by reference to its parcel number as shown on the Assessor's Maps of the County of Orange for the Fiscal Year 2026-27. For a more particular description of the property, reference is hereby made to the deeds and maps on file and of record in the office of the County Recorder of the County.

I hereby will place opposite the Assessor Parcel Number for each parcel or lot within the Assessment Roll, the amount of the assessment for the Fiscal Year 2026-27 for each parcel or lot of land within the District.



Date: June 16, 2026

Chris Tanio

Director of Public Works
Christopher M. Tanio, PE

ASSESSMENT DIAGRAM

The District boundary is conterminous with the City Limits. The parcels to be assessed in Street Lighting District No. 81-1 are shown on the Assessment Diagram, which is on file with the City Clerk of the City of Placentia, and includes all those properties included in the original formation of the District and subsequent annexations. The following Assessment Diagram is for general location only and is not to be considered the official boundary map. The lines and dimensions of each lot or parcel within the District are those lines and dimensions as shown on the maps of the Assessor of the County of Orange, for Fiscal Year 2026-27, and are incorporated herein by reference, and made a part of this Diagram and this Report.

ASSESSMENT ROLL

An Assessment Roll (a listing of all parcels assessed within the District and the amount of the Assessment) will be filed with the City Clerk and is, by reference, made part of this Report and is available for public inspection during normal office hours at the City Hall at 401 East Chapman Avenue, Placentia, California 92870.

Each lot or parcel listed on the Assessment Roll is shown and illustrated on the latest County Assessor records and these records are, by reference, made part of this Report. These records shall govern all details concerning the description of the lots or parcels.

RESOLUTION NO. R-2026-43

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, APPROVING THE ENGINEER'S REPORT, CONFIRMING DIAGRAM AND ASSESSMENT, AND ORDERING LEVY OF CONTINUED ASSESSMENTS FOR FISCAL YEAR 2026-27 FOR PLACENTIA STREET LIGHTING DISTRICT NO. 81-1

A. Recitals.

(i) On June 2, 1981, by its Resolution No. 81-R-133, this Council ordered the formation of and levied the first assessment within the Placentia Street Lighting District No. 81-1 ("District") in accordance with the provisions of Article XIIID of the California Constitution, and the Landscaping and Lighting Act of 1972 (the "Act"), Part 2 of Division 15 of the California Streets and Highways Code (commencing with Section 22500 thereof).

(ii) The purpose of the District is for the installation, maintenance, and servicing of street lighting improvements, as described in the Engineer's Report.

(iii) By its Resolution No. R-2026-26, A Resolution Directing Preparation of Annual Report for the Street Lighting District No. 81-1 (the "Assessment District"), this Council designated the City Engineer as Engineer of Work and ordered said Engineer to make and file a report in writing in accordance with and pursuant to the Landscaping and Lighting Act of 1972.

(iv) The report was duly made and filed with the City Clerk and duly considered by this Council and found to be sufficient in every particular, whereupon it was determined that the report should stand as the Engineer's Report for all subsequent proceedings under and pursuant to the aforesaid resolution, and that June 16, 2026 at the hour of 6:00 p.m. in the Placentia City Council Chambers, 401 East Chapman Avenue, Placentia, California, were appointed as the time and place for a hearing by this Council on the question of the levy of the proposed continued assessments, notice of which hearing was given as required by law.

(v) At the appointed time and place the hearing was duly and regularly held, and all persons interested and desiring to be heard were given an opportunity to be heard, and all matters and things pertaining to the levy of the continued assessments were fully heard and considered by this Council, and all oral statements and all written protests or communications were duly heard, considered and overruled, and this Council thereby acquired jurisdiction to order the levy and the confirmation of the diagram and assessment prepared by and made a part of the Engineer's Report to pay the costs and expenses thereof.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. The facts set forth in the Recitals, Part A of this Resolution, are true and correct.

2. The public interest, convenience and necessity require that the levy be made.

3. The Assessment District benefited by the improvements and assessed to pay the costs and expenses thereof, and the exterior boundaries thereof, are as shown by a map thereof filed in the office of the City Clerk, which map is made a part hereof by reference thereto.

4. The Engineer's Report as a whole and each part thereof, to wit:

   a. The Engineer's estimate of the itemized and total costs and expenses of maintaining the improvements and of the incidental expenses in connection therewith;

   b. The diagram showing the assessment district, plans and specifications for the improvements to be maintained and the boundaries and dimensions of the respective lots and parcels of land within the Assessment District; and

   c. The assessment of the total amount of the cost and expenses of the proposed maintenance of the improvements upon the several lots and parcels of land in the Assessment District in proportion to the estimated special benefits to be received by such lots and parcels, respectively, from the maintenance, and of the expenses incidental thereto;

5. Final adoption and approval of the Engineer's Report as a whole, and of the plans and specifications, estimate of the costs and expenses, the diagram and the assessment, as contained in the report as hereinabove determined and ordered, is intended to and shall refer and apply to the report, or any portion thereof as amended, modified, or revised or corrected by, or pursuant to and in accordance with, any resolution or order, if any, heretofore duly adopted or made by this Council.

6. The assessment to pay the costs and expenses of the maintenance of the improvements for Fiscal Year 2026-27 is hereby levied. For further particulars pursuant to the provisions of the Landscaping and Lighting Act of 1972, reference is hereby made to the Resolution Directing Preparation of Engineer's Report.

7. Based on the oral and documentary evidence, including the Engineer's Report, offered and received at the hearing, this Council expressly finds and determines

(a) that each of the several lots and parcels of land will be specially benefited by the maintenance of the improvements at least in the amount if not more than the amount, of the assessment apportioned against the lots and parcels of land, respectively, and (b) that there is substantial evidence to support, and the weight of the evidence preponderates in favor of, the aforesaid finding and determination as to special benefits.

8. The City of Placentia City Council hereby certifies that the assessments to be placed on the 2026-27 property tax bills meet the requirements of Proposition 218 that added Articles XIIIC and XIIID to the California Constitution.

9. The assessments are levied without regard to property valuation.

10. Immediately upon the adoption of this resolution, but in no event later than August 10th following such adoption, the Engineer of Work shall file a certified copy of the diagram and assessment and a certified copy of this resolution with the Auditor of the County of Orange. Upon such filing, the County Auditor shall enter on the County assessment roll opposite each lot or parcel of land the amount of assessment thereupon as shown in the assessment. The assessments shall be collected at the same time and in the same manner as County taxes are collected and all laws providing for the collection and enforcement of County taxes shall apply to the collection and enforcement of the assessments. After collection by the County, the net amount of the assessments, after deduction of any compensation due the County for collection, shall be paid to the City of Placentia.

11. The moneys representing assessments collected by the County shall be deposited in the City Treasury to the credit of the improvement fund previously established under the distinctive designation of the Assessment District. Moneys in the improvement fund shall be expended only for maintenance, servicing, construction, or installation of the improvements.

12. The Mayor shall sign this Resolution, and the City Clerk shall attest and certify to the passage and adoption thereof.

APPROVED and ADOPTED this 16th day of June 2026

Agenda Item No: 2.d

PLACENTIA CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2026

Submitted by: Matthew Di Mario

From: Public Works

Subject:
PUBLIC HEARING TO PROVIDE FOR THE ANNEXATION AND ANNUAL LEVY OF ASSESSMENT FOR THE CITY OF PLACENTIA LANDSCAPE MAINTENANCE DISTRICT 92-1 FOR FISCAL YEAR 2026-27

Financial Impact:
Annual Revenue: $507,834 (LMD 92-1 Assessments)
Annual Expense: $443,105 (Proposed FY 26-27 Budget LMD 92-1 Fund No. 210)

Summary:
The City of Placentia administers Landscape Maintenance District ("LMD") 92-1 ("District"). Property owners in the District pay an assessment on their property tax bill for the maintenance of common area landscaping. Each year, the City Council must order the preparation of an Engineer's Report which determines the amount of the assessment to be levied and reconfirms the boundaries and composition of the district. Based on the Engineer's Report (Attachment 1 - Exhibit C), the assessment rates for Fiscal Year ("FY") 2026-27 for LMD 92-1 will remain the same at current levels, which is the maximum allowed by law for this district without a new vote of the property owners to approve a rate adjustment. This action requests that the City Council conduct a public hearing to receive public testimony, and upon conclusion of the public hearing, adopt a resolution annexing four (4) parcels into the District, adopt a resolution approving the Engineer's Report and setting the annual levy of assessment for FY 2026-27.

Recommended Action:
It is recommended that the City Council:

1. Open the Public Hearing concerning the annexation, levy and collection of assessments within the Landscape Maintenance District 92-1; and
2. Receive the Staff Report, consider all public testimony, ask questions of staff; and
3. Close the Public Hearing; and
4. Adopt Resolution No. R-2026-44, a Resolution of the City Council of the City of Placentia, California, ordering the annexation of territory to its Landscape Maintenance District No. 92-1 (Annexation 2026-02) and approving the amended map for said District; and
5. Adopt Resolution No. R-2026-45, a Resolution of the City Council of the City of Placentia, California, approving the Engineer's Report, confirming diagram and

assessment, and ordering levy of continued assessments for Fiscal Year 2026-27 for Placentia Landscape Maintenance District No. 92-1.

Strategic Plan Statement:
This item is consistent with Strategic Goal No. 1, Fiscal Sustainability. This action will generate revenue to cover landscape maintenance and related expenses in the District. Assessments from specific properties will help provide dedicated revenues to pay for maintenance services in the District.

Discussion:
On May, 1992, the City Council adopted Resolution No. 92-R-123, which initially formed the District. This District, utilizing benefit assessments, funds the cost to maintain and administer the landscape areas identified within LMD 92-1, which includes Placentia Champions Sports Complex ("Complex"). In 1996, the City Council transferred the financial responsibility for maintenance of the Complex from the District to the City's General Fund. At the time it was determined that since the Complex had grown operationally and hosted sport leagues from outside the City, the General Fund should instead fund the cost to maintain the Complex. However, in 2010, the City Council adopted Resolution No. R-2010-03, which returned the financial responsibility of maintaining the Complex back to the District. This was done due to the extensive financial difficulties the City was faced with at the time, and the City's General Fund could not support the cost of maintaining the Complex. The Complex, however, is still an assessed improvement within the District and is one of numerous improvements maintained by the District. By 2014, it had become apparent that the District no longer generates sufficient revenue to maintain all the improvements within the District even when excluding the cost to maintain the Complex. As part of the Fiscal Year ("FY") 2014-15 Operating Budget the maintenance cost for the Complex was informally transferred again to the City's General Fund to reduce the structural deficit within the District's fund.

In addition to landscape maintenance, the District's assessments cover irrigation and electrical costs, infrastructure maintenance and repair, and management of expenses. These costs have consistently risen over time. Including the Complex's maintenance costs in the District budget would create an annual deficit requiring a General Fund subsidy. Therefore, the Complex's maintenance costs are included in the City's General Fund and not budgeted in the District. It is important to note that the City collects user fees from sports groups using the Complex and fees for sports field lights, which contribute to General Fund revenues and help offset the maintenance costs for the Complex.

In 1996, the voters of California approved Proposition 218, which limits the ability of public agencies to increase assessments for such districts. The cost to maintain the Complex and all other District improvements will continue to grow, and despite removing the maintenance costs of the Complex from the District. The current maximum rate per assessment unit established for the LMD 92-1 is summarized as follows:

Land Use Type	Current Assessment Rate
Single-Family Residential	$154.87 per parcel
Commercial/Industrial	$1,547.70 per acre
Multi-Family Residential	$108.41 per unit
Undeveloped	$774.35 per parcel

Public Hearing Process

The Landscaping and Lighting Act of 1972 (Streets and Highways Code § 22500-22647) requires that the City undertake certain proceedings for any fiscal year during which assessments are to be levied and collected upon private property. These proceedings are accomplished at two (2) separate City Council meetings. On May 19, 2026, the City Council adopted Resolution No. 2026-28 declaring its intention to provide for the Annual Annexation and Levy of Assessments for LMD 92-1 and setting the time and date for a public hearing.

LMD 92-1 is exempt from, and not subject to the procedures and approval processes set forth in Article XIII D, Section 4 of the California Constitution enacted by Proposition 218 on November 5, 1996. The reason LMD 92-1 is not subject to Proposition 218 can be attributed to the fact that Proposition 218 also enacted Article XIII D, Sections 5 and 5(b) which exempted assessment districts formed prior to November 6, 1996, and which were formed pursuant to a petition signed by those owning all the parcels subject to the assessment at the time the assessment was initially imposed. This exemption is contingent on there being no increase in the amount assessed on a property owner in a category from the prior year. Since LMD 92-1 was formed prior to November 6, 1996, pursuant to a petition signed by those owning all the parcels subject to the assessment at the time the assessment was initially imposed, the District is exempt from the procedures and approval process set forth by Proposition 218.

The Annual Levy of Assessments is for the purpose of providing landscape maintenance and means of assessment for the same as shown in the attachments. Each fiscal year, the City Council directs the preparation of an Engineer's Report, budgets and proposed assessments before the assessments can be levied. The Engineer's Report establishes the foundation and justification for the continued collection of the assessments for FY 2026-27. Documents to provide for the annual levy are presented for City Council approval as follows:

1. Resolution confirming a Diagram and Assessment, providing for Annual Assessment Levy (Attachment 2)
2. Engineer's Report and Assessment Diagram (Attachment 1 - Exhibit C)
3. Assessment Roll (Attachment 3)

On April 21, 2026, the City Council approved Resolution No. R-2026-20, which annexed 230 properties into the LMD. Since April 21, 2026, four (4) additional properties have requested annexation. This brings the total number of parcels in the District to 2,652. Staff recommends that the City Council conduct the public hearing and adopt Resolutions Nos. R-2026-44 and R-2026-45. Although verbal testimony may be taken, protests to the annual levy must be submitted in writing and filed with the City Clerk. The City Clerk will provide City Council with copies of any written protests received subsequently.

Financial Summary:

For FY 2026-27, LMD No. 92-1 will have an estimated $443,105 (various GL accounts) in expenditures and projected assessment revenue of $507,834 (210-90000-4209). There is no impact on the General Fund associated with these recommended actions.

RESOLUTION NO. R-2026-44

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, ORDERING THE ANNEXATION OF TERRITORY TO ITS LANDSCAPE MAINTENANCE DISTRICT NO. 92-1 (ANNEXATION 2026-02) AND APPROVING THE AMENDED MAP FOR SAID DISTRICT

A. Recitals.

(i) The City Council of the City of Placentia ("City Council"), by adoption of Resolution No. 92-R-131, established the City's Landscape Maintenance District No. 92-1 ("District") pursuant to the Landscaping and Lighting of 1972 being Part 2 of Division 15 of the California Streets and Highways Code (commencing with Section 25000) ("Act").

(ii) The landowners of the property ("Parcels") sought to be annexed to the District are listed in Exhibit "A" attached hereto and incorporated herein by reference. The landowners of the Parcels have submitted to the City petitions unanimously requesting and approving annexation of those Parcels ("Annexation Parcels") to the District.

(iii) A boundary map entitled "Amended Map No. 2026-02 of Landscape Maintenance District No. 92-1 of the City of Placentia, County of Orange, State of California", showing the extent of the proposed annexation, is attached hereto as Exhibit "B" to this Resolution and incorporated herein by reference ("Boundary Map").

(iv) The updated assessment being levied under the District are as set forth in the Engineer's Report of 2026-27, which assessments are to be approved by the City Council in Resolution No. R-2026-45. A copy of the Engineer's Report is attached hereto as Exhibit "C" and incorporated herein by reference.

(v) The City Council desires to annex the Annexation Parcels to the District.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. Recitals. The above recitals are all true and correct and are herein incorporated.

2. Special Election. A special election was held on June 16, 2026, and the landowners of the Annexation Parcels unanimously voted to be annexed to the District. The City Council hereby certifies the results of the special election. The City Council hereby finds and determines that all proceedings and actions taken by the City Council pursuant to the Act were and are valid and in conformity with the Act.

3. Annexation Ordered. The Annexation Parcels are hereby added to and part of the District with full legal effect. The Annexation Parcels are subject to the Special Tax levied in connection with the District. The updated tax is set forth in the Engineer's Report, attached hereto as Exhibit "C" and incorporated herein by reference.

4. Description of Services. The following is a general description of the services provided in the District: installation, maintenance, and servicing of landscape improvements.

5. Amended Boundary Map. The Boundary Map attached hereto as Exhibit "B" is hereby approved. This map amends, and does not supersede, the existing maps of the District. The City Council directs that said map be filed with the Orange County Recorder pursuant to Section 3113 of the Streets and Highways Code.

6. Notice of Special Tax Lien. The City Council directs the City Clerk to prepare a notice of special tax lien and that it be recorded pursuant to Section 3117.5 of the Streets and Highways Code with respect to the Annexation Parcel associated with the Boundary Map.

7. Severability. Should any provision, section, paragraph, sentence or word of this Resolution be rendered or declared invalid by any final court action in a court of competent jurisdiction or by reason of any preemptive legislation, the remaining provisions, sections, paragraphs, sentences or words of this resolution as hereby adopted shall remain in full force and effect.

8. Effective Date. This Resolution shall be effective immediately upon adoption.

9. The Mayor shall sign this Resolution, and the City Clerk shall attest and certify to the passage and adoption thereof.

APPROVED and ADOPTED this 16th day of June 2026

City of Placentia
Landscape Maintenance District 92-1
For Fiscal Year 2026-27

City of Placentia,
County of Orange, State of California

This Report describes the City of Placentia Landscape Maintenance District 92-1 and proposed changes or modifications related thereto including the improvements, budgets, parcels, and assessments to be levied for Fiscal Year 2026-27 pursuant to the City's Resolution of Intention. Reference is hereby made to the Orange County Assessor's maps for a detailed description of the lines and dimensions within District. The undersigned respectfully submit the enclosed report as directed by the City Council.

Date this 16th day of June 2026.

INTRODUCTION

The City of Placentia (the "City") services and maintains perimeter and median landscaping, and other improvements ("Improvements") to various parts of the City. In order to fund the maintenance and operation (the "Services") of these projects and improvements, the City has formed Landscape Maintenance District No. 92-1 ("District"). This Engineer's Report ("Report") was prepared to establish the budget for the Improvements (as described below) that will be funded by the 2026-27 assessments and other revenue, and to determine the general and special benefits received from the Improvements by property within the District and the method of assessment apportionment to lots and parcels. This Report and the assessments have been made pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "Act") and Article XIIID of the California Constitution (the "Article").

ENGINEER'S REPORT AND CONTINUATION OF ASSESSMENTS

The assessment has been continued for over 20 years. In each subsequent year for which the assessments will be continued, the Placentia City Council (the "Council") must direct the preparation of an Engineer's Report, budgets, and proposed assessments for the upcoming fiscal year. After the report is completed, the City Council may preliminarily approve the Engineer's Report and the continued assessments and establish the date for a public hearing on the continuation of the assessments. Accordingly, this Engineer's Report (the "Report") was prepared pursuant to the direction of the City Council.

As required by the Act, this Report includes plans and specifications, a diagram or map of the District, the benefits received by property from the Improvements within the District, and the method of assessment apportionment to lots and parcels within the District.

If the Council approves this Engineer's Report and the continuation of the Assessments by resolution, a notice of public hearing must be published in a local newspaper at least 10 days prior to the date of the public hearing. The resolution preliminarily approving the Engineer's Report and establishing the date for a public hearing is typically used for this notice.

Following the minimum 10-day time period after publishing the notice, a public hearing is held for the purpose of allowing public testimony about the proposed continuation of the Assessments. This hearing is currently scheduled for June 16, 2026. At this hearing, the Council will consider approval of a resolution confirming the continuation of the Assessments for Fiscal Year 2026-27. If so confirmed and approved, the Assessments would be submitted to the Orange County Auditor/Controller for inclusion on the property tax rolls for Fiscal Year 2026-27.

LEGISLATIVE ANALYSIS

PROPOSITION 218

The Right to Vote on Taxes Act was approved by the voters of California on November 6, 1996, and is now Article XIIIC and XIIID of the California Constitution. Proposition 218 provides for benefit assessments to be levied to fund the cost of providing services and improvements, as well as maintenance and operation expenses to a public improvement which benefits the assessed property.

SILICON VALLEY TAXPAYERS ASSOCIATION, INC. V SANTA CLARA COUNTY OPEN SPACE AUTHORITY (2008) 44 CAL. 4TH 431

In July of 2008, the California Supreme Court issued its ruling on the Silicon Valley Taxpayers Association, Inc. v. Santa Clara County Open Space Authority ("SVTA"). This ruling is significant in that the Court clarified how Proposition 218 made changes to the determination of special benefit. The Court also found that:

- Benefit assessments are for special, not general, benefit
- The services and/or improvements funded by assessments must be clearly defined
- Special benefits are directly received by and provide a direct advantage to property in the Improvement District
- The assessment paid by property should be proportional to the special benefits it receives from the Improvements.

This Engineer's Report and the process used to establish the continuation of the assessments for Fiscal Year 2026-27 are consistent with the SVTA decision and with the requirements of Article XIIIC and XIIID of the California Constitution based on the following factors:

1. The District is drawn to include the entire City, although only parcels deriving special benefits are included in the assessment rolls. Thus, zones of benefit are not required, and the assessment revenue derived from real property in the District is expended only on the Improvements in the District.

2. The Improvements which are constructed and maintained with assessment proceeds in the District are located in close proximity to the real property subject to the assessment. The Improvements provide landscaping and other services to the residents of such assessed property. The proximity of the Improvements to the assessed parcels provides a special benefit to the parcel being assessed pursuant to the factors outlined by the Supreme Court in that decision.

3. Due to their proximity to the assessed parcels, the Improvements financed with assessment revenues in the District benefit the properties in that District in a manner different in kind from the benefit that other parcels of real property in the City derive from such Improvements, and the benefits conferred on such property in the District are more extensive than a general increase in property values.

4. The assessments paid in the District are proportional to the special benefit that each parcel within that Assessment District receives from the Improvements because:
    a. The specific landscaping Improvements and maintenance and utility costs thereof in the District are specified in this Report; and

5. Such Improvement and maintenance costs in the District are allocated among different types of property located within the District, and equally among those properties which have similar characteristics, such as single-family residential parcels, multi-family residential parcels, commercial parcels, industrial parcels, etc.

DAHMS V. DOWNTOWN POMONA PROPERTY (2009) 174 CAL. APP. 4TH 708

In Dahms v. Downtown Pomona Property ("Dahms") the Court upheld an assessment that was 100% special benefit (i.e. 0% general benefit) on the rationale that the services and improvements funded by the assessments were directly provided to property in the assessment district. The Court also upheld discounts and exemptions from the assessment for certain properties.

BONANDER V. TOWN OF TIBURON (2009) 180 CAL. APP. 4TH 103

Bonander v. Town of Tiburon ("Bonander"), the 1st District Court of Appeal overturned a benefit assessment approved by property owners to pay for placing overhead utility lines underground in an area of the Town of Tiburon. The Court invalidated the assessments primarily on the grounds that the assessments had been apportioned to assessed property based on the costs within sub-areas of the assessment district instead of the overall cost of the improvements and the overall proportional special benefits.

BEUTZ V. COUNTY OF RIVERSIDE (2010) 184 CAL. APP. 4TH 1516

Steven Beutz v. County of Riverside ("Beutz") the Court overturned an assessment for park maintenance in Wildomar, California, primarily because the general benefits associated with improvements and services were not explicitly calculated, quantified, and separated from the special benefits.

GOLDEN HILL NEIGHBORHOOD ASSOCIATION V. CITY OF SAN DIEGO (2011) 199 CAL. APP. 4TH 416

On September 22, 2011, the San Diego Court of Appeal issued a decision on the Golden Hill Neighborhood Association v. City of San Diego appeal. This decision overturned an assessment for street and landscaping maintenance in the Greater Golden Hill neighborhood of San Diego, California. The court described two primary reasons for its decision. First, like in Beutz, the court found the general benefits associated with services were not explicitly calculated, quantified and separated from the special benefits. Second, the court found that the City had failed to record the basis for the assessment on its own parcels.

COMPLIANCE WITH CURRENT LAW

This Engineer's Report is consistent with the SVTA decision and with the requirements of Article XIIIC and XIIID of the California Constitution because the Improvements to be funded are clearly defined; the benefiting property in the District enjoys close and unique proximity, access and views to the Improvements; the Improvements serve as an extension of usable land area for benefiting properties in the District and such special benefits provide a direct advantage to property in the District that is not enjoyed by the public at large or other property.

This Engineer's Report is consistent with Beutz, Dahms and Greater Golden Hill because the Improvements will directly benefit property in the District and the general benefits have been explicitly calculated and quantified and excluded from the Assessments. The Engineer's Report is consistent with Bonander because the Assessments have been apportioned based on the overall cost of the Improvements and Services proportional to the special benefit to each property, rather than the proportional cost to the District to provide the Improvements to specific properties.

PLANS & SPECIFICATIONS

The City maintains landscaping and other improvements in locations within the District's boundaries. The work and improvements to be undertaken by the Landscape Maintenance District No. 92-1 and the cost thereof paid from the levy of the annual Assessment provide special benefit to Assessor Parcels within the District as defined in the Method of Assessment herein. In addition to the definitions provided by the Landscaping and Lighting Act of 1972, (the "Act") the work and improvements are generally described as follows:

ENTRANCE SIGNS

The entrance signs with landscape improvements to be maintained are to be located at the following locations within the District:

- Central Avenue at Chapman Avenue (n/e corner)
- Central Avenue at Gordon Drive
- Central Avenue at Buck Place
- Buena Vista Street at Dressel Drive
- Buena Vista Street at Petry Drive
- Alta Vista Street at Chang Drive
- Alta Vista Street at Swail Drive
- Alta Vista Street at Tebay Drive

ISLANDS

The landscaped islands to be maintained by the District are located as follows:

- Kraemer Blvd. from Alta Vista Street to n/o City Hall
- Connecticut Way e/o Kraemer Blvd
- Rose Drive from Alta Vista Street to Buena Vista Street

PARKWAY VISTAS

The landscaped parkway vistas to be maintained by the District are located as follows:

- Kraemer Blvd. e/s (n/o City Hall to Connecticut Way)
- Kraemer Blvd. e/s (Connecticut Way to Alta Vista St.)
- Alta Vista Street n/s (from 900' w/o to 800' e/o Dunnavant Dr.)
- Alta Vista Street n/s (Rose Dr. to Jefferson St.)
- Alta Vista Street n/s (Jefferson St. to Van Buren St.)
- Alta Vista Street s/s (Kraemer Blvd. to All America Way)
- Alta Vista Street s/s (Central Ave. to Dunnavant Dr.)

- Alta Vista Street s/s (Dunnavant Dr. to Rose Dr.)
- Alta Vista Street s/s (Rose Dr. to Jefferson St.)
- Alta Vista Street s/s (Jefferson St. to Van Buren St.)
- Rose Drive w/s (Alta Vista St. to 500'+ n/o Orangethorpe Ave.)
- Rose Drive e/s (Alta Vista St. to north boundary of Shopping Center)
- Rose Drive e/s (Alta Vista St. to 200' s/o Castner Dr.)

UNOCAL/FIELDSTONE OIL WELL LOTS – RIGHT-OF-WAY SCREEN PLANTING

The landscaped screen planting areas to be maintained by the District are located as follows:

- Dressel Drive / Howard Place
- Mykannen Circle / Cisneros Lane
- Tidland Circle
- Nevin Lane / Tucker Place
- Nevin Lane / Evans Lane
- Gerhold Lane
- Hill Street / Granger Drive
- Larson Lane / Evans Lane

STREET RIGHT-OF-WAY LANDSCAPING

The street landscaping to be maintained by the District is located as follows:

- Jefferson Street e/s (Alta Vista St. to Garten Dr.)
- Buena Vista s/s (320'± w/o Petry Dr. to 500'± e/o Dressel Dr.)
- Van Buren Street w/s (750' n/o Alta Vista St. to Orchard Dr.)
- Chang Drive (Alta Vista St. to Evans Ln.)
- Dressel Drive (Buena Vista St. to Munoz Pl.)
- Central Avenue (Alta Vista St. to Chapman Ave.)
- Chapman Avenue (Central Ave. to 1130'± east)
- Chapman Avenue (Mission Way to All America Way)
- All America Way w/s (City Hall to Alta Vista St.)
- All America Way e/s (Chapman Ave. 100'± s/o Dartmouth Dr.)
- Van Buren Street e/s (Richfield Channel to 200' s/o Alta Vista St.)
- Dunnavant Drive (Alta Vista to 1300'± south) (does not include Lot "F", Tract 15139)
- Other minor areas that front non-contiguous assessed parcels

EASEMENTS – PUBLIC STORM DRAIN AND SEWER

Landscaped easements to be maintained by the District are located as follows:

- At various locations within TM 14161 (Fieldstone and Van Daele Tracts and TM 15699 Placentia Development Company)
- Does not include Lot "F," Tract 15139

PLACENTIA CHAMPIONS SPORTS COMPLEX

Maintenance and service may include (but is not limited to) the following[1]:

- Payments for electrical energy and water usage
- Repair, replacement or enhancement of community building, parking lots, fencing, signage, lighting and fixed recreational structures such as playgrounds, play fields, courts, walkways, dugouts, bleachers, scoreboards, restrooms, drinking fountains, picnic tables and shelters, and ancillary items such as storage and utility structures
- Irrigation, cultivation, pest control and replacement of plant material, trees, shrubs, ground cover, turf, supplies
- Personnel, utility, and equipment costs
- Contract services where applicable.

Installation, maintenance and servicing of Improvements, may include, but are not limited to, turf and play areas, landscaping, ground cover, shrubs and trees, irrigation systems, sidewalks, parking lots, drainage systems, lighting, fencing, entry monuments, basketball courts, tennis courts, other recreational facilities, graffiti removal and repainting, and labor, materials, supplies, utilities and equipment, as applicable, at each of the locations owned, operated or maintained by the District.

As applied herein, "Installation" means the construction of Improvements, including, but not limited to, land preparation (such as grading, leveling, cutting and filling), sod, landscaping, irrigation systems, walkways and drainage, lights, playground equipment, play courts, playing fields, recreational facilities and public restrooms.

"Maintenance" means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any improvement, including repair, removal or replacement of all or any part of any improvement; providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury; the removal of trimmings, rubbish, debris, and other solid waste, and the cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

[1] For Fiscal Year 2026-27, none of the expenditures shown in Table 1 are for the Placentia Champions Sports Complex. See Note "A" under Table 1 for more details.

"Servicing" means the furnishing of electric current, or energy, gas or other illuminating agent for any public lighting facilities or for the lighting or operation of any other improvements; or water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other improvements.

Incidental expenses include all of the following: (a) The costs of preparation of the report, including plans, specifications, estimates, diagram, and assessment; (b) the costs of printing, advertising, and the giving of published, posted, and mailed notices; (c) compensation payable to the County for collection of assessments; (d) compensation of any engineer or attorney employed to render services in proceedings pursuant to this part; (e) any other expenses incidental to the construction, installation, or maintenance and servicing of the Improvements; (f) any expenses incidental to the issuance of bonds or notes pursuant to Streets & Highways Code Section 22662.5; and (g) costs associated with any elections held for the approval of a new or increased assessment (Streets & Highways Code §22526).

Modifications to the District structure could include, but are not limited to, substantial changes or expansion of the Improvements provided, substantial changes in the service provided, modifications or restructuring of the District including annexation or detachment of specific parcels, revisions in the method of apportionment, or proposed new or increased assessments.

The assessment proceeds will be exclusively used for Improvements within the District plus incidental expenses.

FISCAL YEAR 2026-27 ESTIMATE OF COST AND BUDGET

BUDGET FOR FISCAL YEAR 2026-27

The 1972 Act provides that the total costs for providing the maintenance and servicing of the District Improvements and facilities can be recovered in the assessment spread including incidental expenses. The latter can include engineering fees, legal fees, printing, mailing, postage, publishing, and all other costs identified with the District proceedings.

An estimate of District costs for fiscal year 2026-27 for the maintenance and servicing of the Improvements is provided below.

Table 1 – FY 2026-27 Estimate of Costs

Expenditure Item		Amount
Salaries & Benefits	$	6,438
Landscaping	$	97,725
Telephone/Internet	$	12,424
Electricity	$	25,000
Water	$	301,518
Estimated Expenditures	**$**	**443,105**

Revenue Item		Amount
Direct Benefit Assessments	$	507,834
General Fund Contribution	$	-
Estimated Revenues	**$**	**507,834**

Budget Allocation to Parcels		
Assessment per Assessment Unit (AU)	$	154.87
Total Assessment Units (AUs)		3,279
Total Assessment Budget	$	507,834

Notes to Estimate of Costs:

A. The Act requires that proceeds from the assessments must be deposited into a special fund that has been set up for the revenues and expenditures of the District. Moreover, funds raised by the assessment shall be used only for the purposes stated within this Report. Any balance remaining at the end of the Fiscal Year, June 30, must be carried over to the next Fiscal Year. The District may also establish a reserve fund for contingencies and special projects as well as a capital improvement fund for accumulating funds for larger capital improvement projects or capital renovation needs. Any remaining balance would either be placed in the reserve fund, the capital improvement fund, or would be used to reduce future years' assessments.

B. The rate shown here is for an Assessment Unit (single family home or its equivalent). For the definition of the term AU and rates for other types of property, see the section titled, "Method of Assessment" and the sections following it in this report.

METHOD OF ASSESSMENT APPORTIONMENT

This section of the Engineer's Report explains the benefits to be derived from the Improvements and the methodology used to apportion the total assessment to properties within the District.

The District consists of certain assessor parcels within the boundaries as defined by the Assessment Diagram referenced in this report and the parcels identified by the Assessor Parcel Numbers listed with the levy roll. The parcel list includes all privately and publicly owned parcels as shown. The method used for apportioning the Assessment is based upon the relative special benefits to be derived by the properties in the District over and above general benefits conferred on real property or to the public at large. The Assessment is apportioned to lots and parcels in proportion to the relative special benefit from the Improvements. The apportionment of special benefit is a two-step process: the first step is to identify the types of special benefit arising from the Improvements and the second step is to allocate the Assessments to property based on the estimated relative special benefit for each type of property.

DISCUSSION OF BENEFIT

In summary, the Assessments can only be levied based on the special benefit to property. This benefit is received by property over and above any general benefits. With reference to the requirements for assessments, Section 22573 of the Landscaping and Lighting Act of 1972 states:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

Proposition 218, as codified in Article XIIID of the California Constitution, has confirmed that assessments must be based on the special benefit to property and that the value of the special benefits must exceed the cost of the assessment:

> *"No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."*

The following benefit categories summarize the types of special benefit to residential, commercial, industrial and other lots and parcels resulting from the Improvements to be provided with the assessment proceeds. These types of special benefit are summarized as follows:

A. Proximity to Improved Landscaped Areas and Other Public Improvements within the District.
B. Access to Improved landscaped areas and Other Public Improvements within the District.
C. Improved Views within the District.
D. Extension of a property's outdoor areas and green spaces for properties within close proximity to the Improvements.
E. Creation of individual lots for residential and commercial use that, in absence of the Assessments, would not have been created.

In this case, the recent SVTA v. SCCOSA decision provides enhanced clarity to the definitions of special benefits to properties from similar improvements in three distinct areas:

- Proximity
- Expanded or improved access
- Views

The SVTA v. SCCOSA decision also clarifies that a special benefit is a service or improvement that provides a direct advantage to a parcel and that indirect or derivative advantages resulting from the overall public benefits from a service or improvement are general benefits. The SVTA v. SCCOSA decision also provides specific guidance that park improvements are a direct advantage and special benefit to property that is proximate to a park that is improved by an assessment:

> *The characterization of a benefit may depend on whether the parcel receives a direct advantage from the improvement (e.g. proximity to a park) or receives an indirect, derivative advantage resulting from the overall public benefits of the improvement (e.g. general enhancement of the district's property values).*

Proximity, improved access and views, in addition to the other special benefits listed herein further strengthen the basis of these assessments.

Moreover, the Dahms decision further clarified that certain services and improvements funded by assessments, that are over and above what otherwise would be provided and that other property in general and the public do not share or receive are 100% special benefit. The assessment-funded services upheld by Dahms included streetscape maintenance and security services.

SPECIAL BENEFIT

The special benefits from the Improvements are further detailed below:

PROXIMITY TO IMPROVED LANDSCAPED AREAS WITHIN THE DISTRICT

Only the specific properties within close proximity to the Improvements are included in the District. The District has been narrowly drawn to include the properties that receive special benefits from the Improvements. Therefore, property in the District enjoys unique and valuable proximity and access to the Improvements that the public at large and property outside the District do not share.

In absence of the Assessments, the Improvements would not be provided and the public improvements funded in the District would be degraded due to insufficient funding for maintenance, upkeep and repair. Therefore, the Assessments provide Improvements that are over and above what otherwise would be provided. Improvements that are over and above what otherwise would be provided do not by themselves translate into special benefits but when combined with the unique proximity and access enjoyed by parcels in the District, they provide a direct advantage and special benefit to property in the District.

ACCESS TO IMPROVED LANDSCAPED AREAS WITHIN THE DISTRICT

Since the parcels in the District are nearly the only parcels that enjoy close access to the Improvements, they directly benefit from the unique close access to improved landscaping areas and other public improvements that are provided by the Assessments. This is a direct advantage and special benefit to property in the District.

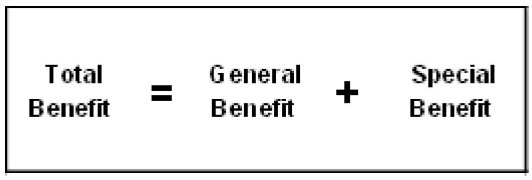
IMPROVED VIEWS WITHIN THE ASSESSMENT DISTRICTS

The City, by maintaining permanent public improvements funded by the Assessments in the District, provides improved views to properties in the District. The properties in the District enjoy close and unique proximity, access and views of the specific Improvements funded in the District; therefore, the improved and protected views provided by the Assessments are another direct and tangible advantage that is uniquely conferred upon property in the District.

EXTENSION OF A PROPERTY'S OUTDOOR AREAS AND GREEN SPACES FOR PROPERTIES WITHIN CLOSE PROXIMITY TO THE IMPROVEMENTS

In large part because it is cost prohibitive to provide large open land areas on property in the District, the residential, commercial and other benefiting properties in the District do not have large outdoor areas and green spaces. The Improvements within the District provide additional outdoor areas that serve as an effective extension of the land area for proximate properties because the Improvements are uniquely proximate and accessible to property in close proximity to the Improvements. The Improvements, therefore, provide

an important, valuable and desirable extension of usable land area for the direct advantage and special benefit of properties in the District because such properties have uniquely good and close proximity to the Improvements.



CREATION OF INDIVIDUAL LOTS FOR RESIDENTIAL AND COMMERCIAL USE THAT, IN ABSENCE OF THE ASSESSMENTS, WOULD NOT HAVE BEEN CREATED

In most of the District, the original owner/developer(s) of the property within the District agreed unanimously to the Assessments. The Assessments provide the necessary funding for public improvements that were required as a condition of development and subdivision approval. Therefore, such Assessments allowed the original property to be subdivided and for development of the parcels to occur. As parcels were sold, new owners were informed of the Assessments through the title reports, and in some cases, through Department of Real Estate "White Paper" reports that the parcels were subject to assessment. Purchase of property was also an "agreement" to pay the Assessment. Therefore, in absence of the Assessments, the lots within most of the District would not have been created. These parcels, and the improvements that were constructed on the parcels, receive direct advantage and special benefit from the Assessments.

GENERAL VERSUS SPECIAL BENEFIT

Article XIIIC of the California Constitution requires any local agency proposing to increase or impose a benefit assessment to "separate the general benefits from the special benefits conferred on a parcel." The rationale for separating special and general benefits is to ensure that property owners subject to the benefit assessment are not paying for general benefits. An assessment can fund special benefits but cannot fund general benefits. Accordingly, a separate estimate of the special and general benefit is given in this section.

In other words:

There is no widely accepted or statutory formula for general benefit. General benefits are benefits from improvements or services that are not special in nature, are not "particular and distinct" and are not "over and above" benefits received by other properties. SVTA vs. SCCOSA provides some clarification by indicating that general benefits provide "an indirect, derivative advantage" and are not necessarily proximate to the improvements.

In this Report, the general benefit is liberally estimated and described, and then budgeted so that it is funded by sources other than the Assessment.

The starting point for evaluating general and special benefits is the current, baseline level of service. The Assessment will fund Improvements "over and above" this general, baseline level and the general benefits estimated in this section are over and above the baseline.

A formula to estimate the general benefit is listed below:

General Benefit	=	Benefit to Real Property Outside the Assessment District	+	Benefit to Real Property Inside the Assessment District is Indirect and Derivative	+	Benefit to the Public that at Large

Special benefit, on the other hand, is defined in the state constitution as "a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large." The SVTA v. SCCOSA decision indicates that a special benefit is conferred to a property if it "receives a direct advantage from the improvement (e.g., proximity to a park)." In these Assessments, as noted, properties in the District have close and unique proximity, views and access to the Improvements and uniquely improved desirability from the Improvements and other properties and the public at large do not receive significant benefits because they do not have proximity, access or views of the Improvements. Therefore, the overwhelming proportion of the benefits conferred to property is special and is only minimally received by property outside the Districts or the public at large.

BENEFIT FINDING

The District contains the Placentia Champions Sports Complex, which is distinct from other landscape improvements in the District. Due to significantly different characteristics between the two types of improvements, benefits will be discussed and calculated separately under the categories of "Park Improvements" and "Landscaping Improvements."

PARK IMPROVEMENTS - QUANTIFICATION OF GENERAL BENEFIT

In this section, the general benefit from park Improvements is liberally estimated and described, and then budgeted so that it is funded by sources other than the Assessment. This Park section is focused on the Placentia Champions Sports Complex. Other District Improvements are discussed below in "Landscaping Improvements - Quantification of General Benefit."

BENEFIT TO PROPERTY OUTSIDE THE ASSESSMENT DISTRICTS

For the purposes of calculating benefit to properties outside the District, the Park will be considered as a neighborhood park insomuch as it provides amenities for nearby properties. While it functions as a community (or even regional) facility for organized sports such as baseball and soccer, the general benefit derived from those activities will be discussed under the "Benefit to the General Public" below.

Properties within the District receive much of the special benefits from the park Improvements because properties in the District enjoy unique close proximity and access to the park Improvements that is not necessarily enjoyed by other properties or the public at large. However, certain properties within the proximity/access radius of the park Improvements, but outside of the boundaries of the District, may receive some benefit from the park Improvements. Since this benefit is conferred to properties outside the District boundaries, it contributes to the overall general benefit calculation and will not be funded by the Assessments.

Since the properties outside the District but within the effective proximity radii are not assessed for their benefits because they are outside of the area that can be assessed by the District, this is a form of general benefit to other property. A 50% reduction factor is applied to these properties because they are all on only one side of the Improvements and properties in the District enjoy the advantage of over twice the average proximity to the park Improvements. The general benefit to property outside of the District is calculated as follows with the parcel and data analysis:

Assumptions:

- 651 parcels outside the District but within 0.5 miles of the Park
- 2,212 parcels in the District
- 50% relative benefit compared to property within the District.

Calculation:

General Benefit to property outside the District = 651/(651+2,212)*0.5 = 11.37%

BENEFIT TO PROPERTY INSIDE THE ASSESSMENT DISTRICTS THAT IS INDIRECT AND DERIVATIVE

The "indirect and derivative" benefit to property within the District is particularly difficult to calculate. A solid argument can be presented that all benefit within the District is special, because the Improvements are clearly "over and above" and "particular and distinct" when compared with the baseline level of service and the unique proximity, access and views of the Improvements enjoyed by benefiting properties in the District.

Nevertheless, the SVTA vs. SCCOSA decision indicates there may be general benefit "conferred on real property located in the district" A measure of the general benefits to property within the Assessment area is the percentage of land area within or directly abutting the District that is publicly owned and used for regional purposes such as major roads, rail lines and other regional facilities because such properties used for regional purposes could provide indirect benefits to the public at large. Approximately 2.91% of the land area in the District is used for such regional purposes, so this is a measure of the general benefits to property within the District.

BENEFIT TO THE PUBLIC AT LARGE

The general benefit to the public at large can be estimated by the proportionate amount of time that the District's parks facilities are used and enjoyed by individuals who are not residents, employees, customers or property owners in the District. In this District, there is only one park facility: Placentia Champions Sports Complex ("Complex"). The Complex serves the needs of many people in two primary ways: as a neighborhood park serving nearby residents for shorter and more frequent visits; and as a community or regional park serving people from all over Placentia and the surrounding areas as a destination for organized sports such as soccer and baseball league play. The general benefit of the former was discussed above; the general benefit of the latter is discussed here.

When the Complex functions as a community or regional park, it becomes a destination for longer and less frequent visits (for example, scheduled league play). Of the five ways benefits are conferred (proximity, access, views, extension of a property's green space, and creation of lots), the community or regional function confers benefits only in the "access" and "extension of a property's green space" categories (proximity does not apply as these trips are from outside the District; people do not come for the views; and the facility was not tied to the creation of faraway lots). Therefore, the general benefit is no more than 40%. That figure, however, is reduced by the percentage that the community or regional park benefits property owners within the district (special benefit). The City estimates that approximately 71% of participants in these organized sports are from the City of Placentia. However, only 15.11% of Placentia parcels lie inside the district, so it is estimated that (15% of 71% =) 10.73% of the users are from within the District. Conversely, 89.27% are from outside the District. Therefore (40% x 89.27% =) 35.71% of the benefits from the Parks Improvements are general benefits to the public at large.

TOTAL PARK IMPROVEMENTS GENERAL BENEFITS

Using a sum of these three measures of general benefit, we find that approximately 49.98% of the benefits conferred by the Improvements may be general in nature and should be funded by sources other than the assessment.

PARKS GENERAL BENEFIT CALCULATION		
	11.37%	(Outside the District)
+	2.91%	(Property within the District)
+	35.71%	(Public at Large)
=	49.99%	(Total General Benefit)

LANDSCAPING AND OTHER IMPROVEMENTS - QUANTIFICATION OF GENERAL BENEFIT

In this section, the general benefit from landscaping and other types of Improvements (other than park Improvements) is liberally estimated and described, and then budgeted so that it is funded by sources other than the Assessment.

BENEFIT TO PROPERTY OUTSIDE THE ASSESSMENT DISTRICTS

Properties within the District receive almost all of the special benefits from the other Improvements because properties in the District enjoy unique close proximity and access to the Improvements that is not enjoyed by other properties or the public at large. However, certain properties within the proximity/access radius of the Improvements, but outside of the boundaries of the District, may receive some benefit from the Improvements. Since this benefit is conferred to properties outside the District boundaries, it contributes to the overall general benefit calculation and will not be funded by the Assessments. The general benefit to property outside of the District is calculated with the parcel and data analysis.

Since the properties outside the District but with frontage abutting the Improvements cannot be assessed by the District, this is a form of general benefit to other property. The primary way that parcels outside the district benefit by the Improvements is from views. Therefore, parcels that abut the landscape areas and are not separated from the Improvements by a privacy fence are counted for this general benefit. The general benefit to property outside of the District is calculated as follows:

ASSUMPTIONS:

- 22 parcels outside the District
- 2,212 parcels in the District

CALCULATION:

General Benefit to property outside the District
=
22/(22+2,212) = 0.99%

BENEFIT TO PROPERTY INSIDE THE ASSESSMENT DISTRICTS THAT IS INDIRECT AND DERIVATIVE

The "indirect and derivative" benefit to property within the District is particularly difficult to calculate. A solid argument can be presented that all benefit within the District is special, because the other Improvements are clearly "over and above" and "particular and distinct" when compared with the baseline level of service and the unique proximity, access and views of the other Improvements enjoyed by benefiting properties in the District.

Nevertheless, the SVTA vs. SCCOSA decision indicates there may be general benefit "conferred on real property located in the district" A measure of the general benefits to property within the Assessment area is the percentage of land area within or directly abutting the District that is publicly owned and used for regional purposes such as major roads, rail lines and other regional facilities because such properties used for regional purposes could provide indirect benefits to the public at large. Approximately 2.91% of the land area in the District is used for such regional purposes, so this is a measure of the general benefits to property within the District.

BENEFIT TO THE PUBLIC AT LARGE

The general benefit to the public at large can be estimated by the proportionate amount of time that the District's other Improvements including landscaping are used and enjoyed by individuals who are not residents, employees, customers or property owners in the District. It should be noted that these other Improvements do not attract the public at large in the same way as park improvements – and they confer far less benefit to the public at large than do similar park improvements. In essence, the public does not visit an area to enjoy setback landscaping in the same way as they may visit a park.

One way to measure the special benefit to the general public is by the car trips through an area with Improvements. Of the five ways benefits are conferred (proximity, access, views, extension of a property's green space, and creation of lots), the only benefit that is conferred by way of pass-by car trips is views, which accounts for 10% of the total

benefits, since views are less critically important and are enjoyed much less often to the average non-resident driver than to a resident.

Next, the views factors are weighted by the relevant number of car trips. Using the lane miles as representative of pass-by traffic, an analysis shows that 90% of the lane miles are on arterial or collector streets where the general public has views of the landscaping. Therefore (90% of 10% =) 9.0% of the benefits from the other Improvements are general benefits to the public at large.

TOTAL OTHER IMPROVEMENTS GENERAL BENEFITS

Using a sum of these three measures of general benefit, we find that approximately 12.89% of the benefits conferred by the Improvements may be general in nature and should be funded by sources other than the assessment.

LANDSCAPING GENERAL BENEFIT CALCULATION		
	0.99%	(Outside the District)
+	2.91%	(Property within the District)
+	9.00%	(Public at Large)
=	12.90%	(Total General Benefit)

TOTAL COMBINED GENERAL BENEFITS

The total general benefit for Parks is 49.98% and for Landscaping and other Improvements is 12.89%. However, none of the District budget is for Parks – all of the budget is currently allocated for Landscaping and other Improvements. Therefore, using those proportions to calculate a weighted average of the general benefits for each type of Improvement, the resulting total combined general benefit is (0 x 49.98%) + (1.00 x 12.90%) = 12.90%.

Although this analysis finds that 12.90% of the assessment may provide general benefits from the Improvements, the Assessment Engineer establishes a requirement for a minimum contribution from sources other than the assessments of 13%. This minimum contribution above the measure of general benefits will serve to provide additional coverage for any other general benefits.

FINAL STEP – CALCULATE THE CURRENT GENERAL BENEFIT CONTRIBUTION FROM THE CITY

This general benefit cannot be funded from the Assessments; it must be funded from other sources such as the City's General Fund or other non-District funds. These contributions can also be in the form of in-lieu contributions to the installation and

maintenance of the Improvements such as other City assets that support and protect the Improvements. The City of Placentia will contribute both monetary and in-lieu resources to ensure that the general benefits conferred by the proposed Improvements are not funded by the District's Assessments.

A summary and quantification of these other contributions from the City is discussed below:

The City of Placentia owns, maintains, rehabilitates, and replaces curb and gutter along the border of the District Improvements. This curb and gutter serve to support, contain, retain, manage irrigation flow and growth, and provide a boundary for the Improvements. The contribution from the City towards general benefit from the maintenance, rehabilitation, and replacement of the curb and gutter is conservatively estimated to be 5%.

The City owns and maintains a storm drainage system along the border of District Improvements. This system serves to prevent flooding and associated damage to the Improvements and manage urban runoff including local pollutants loading from the Improvements. The contribution from the City towards general benefit from the maintenance and operation of the local storm drainage system is conservatively estimated to be 5%.

The City owns and maintains local public streets along the border of the District Improvements. These public streets provide access to the Improvements for its enjoyment as well as efficient maintenance. The contribution from the City towards general benefit from the maintenance of local public streets is conservatively estimated to be 5%.

The value of the construction of the improvements can be quantified and monetized as an annuity. Since this construction was performed and paid for by non-assessment funds, this "annuity" can be used to offset general benefit costs and is conservatively estimated to contribute 10%.

The total General Benefit is liberally quantified at 13% which is entirely offset by the conservatively quantified total non-assessment contribution towards general benefit described above of 25%. Therefore, no additional General Benefit must be funded by the City.

METHOD OF APPORTIONMENT

The development of an Assessment methodology requires apportioning to determine the relative special benefit for each property. As the District was formed by a different

engineer of record, the precise language from the most recent Engineer's Report is included below:

> *It has been determined that the improvements provide a specific and special benefit to all assessed parcels of land in the development area. Landscaping and irrigation of street rights-of-way, entryways, islands, sewer and storm drain easements, areas surrounding existing oil wells and the parkway vistas aesthetically enhances the development areas. The landscaped pedestrian corridor along Alta Vista Street also provides pedestrian access throughout the development area. The aesthetic enhancement and use of the parkway vistas increases the desirability of the properties located within the boundaries of the District mainly because of the property's close proximity and accessibility to the improvements. Therefore, maintenance of these public improvements renders a special and direct benefit to the parcels located throughout the District and the levy of a special assessment for the maintenance of the improvements is deemed appropriate.*
>
> *The method of apportionment (Method of Assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.*
>
> *The assessment method used in spreading the annual landscape maintenance costs is based on an assessment unit (AU) factor as follows:*
>
> *Each* ***Single Family Detached Residential Unit*** *is considered to be one AU and is assessed the cost attributable to one AU.*
>
> ***Multi-Family Residential Units*** *are assessed 0.70 or 70% of an AU since they have a higher density than Single Family Detached Units (number of dwelling units/acres). The decrease in assessment is a direct result of the reduced amount of assessable acreage per Multi-Family Unit and the reduction in occupancy per unit.*
>
> *In converting* ***Developed Commercial, Industrial, Institutional and Other Non-Residential*** *properties to AUs, the factor used is based on the City of Placentia average single-family residential density of ten dwelling units per acre. Therefore, the parcels in this Class will be assessed 10 AU per acre or any portion thereof. These properties benefit from the maintenance of improvements because of the enhanced desirability resulting from well-kept landscape areas. Improved aesthetic appeal also increases the draw of businesses to purchase or lease property and the increased opportunity to draw clientele.*

Assessable Undeveloped Acreage *also benefits from the maintenance and service of landscape improvements. This benefit comes in the form of enhanced desirability due to the improved aesthetics of the area resulting from improvements. The enhanced aesthetics increases the desirability of the property to future homeowners and future commercial property owners or lessors. However, because the property is vacant, less use will be made of the improvements. It is reasonable to derive that vacant property, when compared to developed property, receives about half of the benefit of developed properties, therefore the Single-Family Residence acreage equivalent used for developed non- residential properties of 10 AU per acres is reduced to 5 AU per acre for undeveloped land.*[2]

Further clarification on the four benefit classes is provided below:

Class I - Single family detached residential, including condominium form of ownership of single-family detached dwellings.

Class II - Developed commercial, industrial, and institutional where a map or a building permit for construction has been issued as of March 15 of the prior Fiscal Year.

Class III – Multi-family residential and attached residential, approved project where a map has been recorded or a building permit for construction of dwelling units has been issued as of March 15 of the prior Fiscal Year.

Class IV – Undeveloped and all other properties that are not in Class I, II, or III regardless if they have been approved for future development or are in the process of securing development approval as of June 15 of the prior Fiscal Year[3]*.*

ANNUAL ASSESSMENT CALCULATION

For Fiscal Year 2026-27, the rate of Assessments for the District is not increased from prior years. The Calculations for maintenance, service and incidentals follows:

[2] From the 2013-14 Engineer's Annual Levy Report, City of Placentia, Landscape Maintenance District No. 92-1, dated June 4, 2013

[3] From the 2013-14 Engineer's Annual Levy Report, City of Placentia, Landscape Maintenance District No. 92-1, dated June 4, 2013

Table 2 - Assessment Calculation

Zone	Quantity		AU Ratio Factor		Assessment Units
I	2,239 parcels	x	1.00	=	2,239.00
II	75.17 acres	x	10.00	=	751.70
III	412 units	x	0.70	=	288.40
IV	0 acres	x	5.00	=	-
Total Assessment Units					**3,279.10**
AU Cost	**$ 507,834.22**	**/**	**3279.10**	**=**	**$ 154.87**

Class Assessments				
Class I	Single Family	Each parcel is assessed at one assessment unit:		
		$154.87 x 1.0	=	$154.87 /Parcel
Class II	Comm, Industrial	Each Acre is assessed at 10 assessment units:		
		$154.87 x 10.00	=	$1,548.70 / Acre
Class III	Multi-Family	Each Unit is assessed at 0.70 assessment units:		
		$154.87 x 0.70	=	$108.41 /Unit
Class IV	Undeveloped	Each Acre is assessed at 5 assessment units:		
		$154.87 x 5.00	=	$774.35 /Acre

DURATION OF ASSESSMENT

The District was formed or annexed in previous years. It is proposed that the Assessments be continued every year after their formation or annexation, so long as the public Improvements need to be maintained and improved, and the City requires funding from the Assessments for these Improvements in the District. As noted previously, the Assessment can continue to be levied annually after the City Council approves an annually updated Engineer's Report, budget for the Assessment, Improvements to be provided, and other specifics of the Assessment. In addition, the City Council must hold an annual public hearing to continue the Assessment.

APPEALS OF ASSESSMENTS LEVIED TO PROPERTY

Any property owner who feels that the Assessment levied on the subject property is in error as a result of incorrect information being used to apply the foregoing method of

assessment may file a written appeal with the City of Placentia City Administrator or his or her designee. Any such appeal is limited to correction of an Assessment during the then-current Fiscal Year and applicable law. Upon the filing of any such appeal, the City Administrator or his or her designee will promptly review the appeal and any information provided by the property owner. If the City Administrator or his or her designee finds that the Assessment should be modified, the appropriate changes shall be made to the Assessment Roll. If any such changes are approved after the Assessment Roll has been filed with the County for collection, the City Administrator or his or her designee is authorized to refund to the property owner the amount of any approved reduction. Any dispute over the decision of the City Administrator or his or her designee shall be referred to the Placentia City Council, and the decision of the City Council shall be final.

ASSESSMENT FUNDS MUST BE EXPENDED WITHIN THE DISTRICT AREA

The net available Assessment funds, after incidental, administrative, financing and other costs shall be expended exclusively for Improvements within the boundaries of the District or as described herein, and appropriate incidental and administrative costs as defined in the Plans and Specifications section.

ASSESSMENT

Whereas, the City of Placentia directed the undersigned engineer of Work to prepare and file a report presenting an estimate of costs, a Diagram for the District and an assessment of the estimated costs of the Improvements upon all assessable parcels within the District;

Now, Therefore, the undersigned, by virtue of the power vested in me under the Act, Article XIIID of the California Constitution, and the order of the Placentia City Council, hereby makes the following Assessment to cover the portion of the estimated cost of the Improvements, and the costs and expenses incidental thereto to be paid by the District.

The amount to be paid for said Improvements and the expense incidental thereto, to be paid by the District for the Fiscal Year 2026-27 is generally as follows:

Table 3 – FY 2026-27 Summary Cost Estimate

Salaries & Benefits	$	6,438
Operating Expenses	$	436,667
Total for Services	**$**	**443,105**
Less General Fund Contribution		0
Less Other Revenue		0
Net Amount of Assessments	**$**	**507,834**

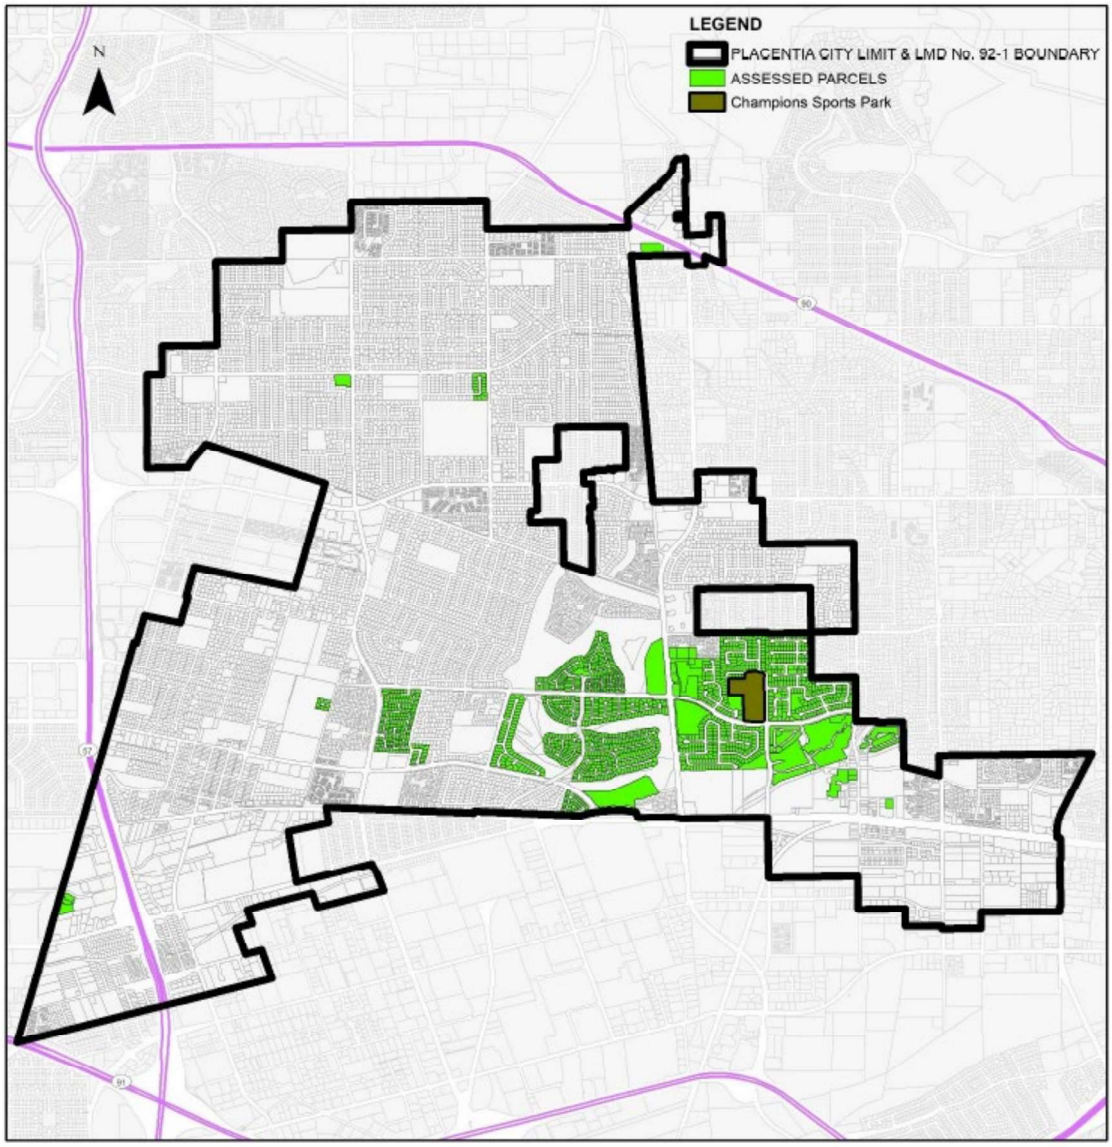
As required by the Act, an Assessment Diagram of the District is hereto attached and incorporated herein by reference. The distinctive number of each parcel or lot of land in the District is its Assessor Parcel Number, appearing on the Assessment Roll.

I do hereby assess and apportion the net amount of the cost and expenses of the Improvements, including the costs and expenses incident thereto, upon the parcels and lots of land within the District, in accordance with the special benefits to be received by each parcel or lot, from the Improvements, and more particularly set forth in the Estimate of Cost and Method of Assessment in the Report.

The Assessment is made upon the parcels or lots of land within the District in proportion to the special benefits to be received by the parcels or lots of land from the Improvements.

Each parcel or lot of land is described in the Assessment Roll by reference to its parcel number as shown on the Assessor's Maps of the County of Orange for the Fiscal Year 2026-27. For a more particular description of the property, reference is hereby made to the deeds and maps on file and of record in the office of the County Recorder of the County.

I hereby will place opposite the Assessor Parcel Number for each parcel or lot within the Assessment Roll, the amount of the assessment for the Fiscal Year 2026-27 for each parcel or lot of land within the District.



Date: June 16, 2026

Chris Tanio

Director of Public Works/City Engineer
Chris Tanio, PE

ASSESSMENT DIAGRAM

The District boundary is conterminous with the City Limits. The parcels to be assessed in Landscape Maintenance District No. 92-1 are shown on the Assessment Diagram, which is on file with the City Clerk of the City of Placentia and includes all those properties included in the original formation of the District and subsequent annexations. The following Assessment Diagram is for general location only and is not to be considered the official boundary map. The lines and dimensions of each lot or parcel within the District are those lines and dimensions as shown on the maps of the Assessor of the County of Orange, for Fiscal Year 2026-27, and are incorporated herein by reference, and made a part of this Diagram and this Report.

ASSESSMENT ROLL

An Assessment Roll (a listing of all parcels assessed within the District and the amount of the Assessment) will be filed with the City Clerk and is, by reference, made part of this Report and is available for public inspection during normal office hours at the City Hall at 401 East Chapman Avenue, Placentia, California 92870.

Each lot or parcel listed on the Assessment Roll is shown and illustrated on the latest County Assessor records and these records are, by reference, made part of this Report. These records shall govern all details concerning the description of the lots or parcels.

RESOLUTION NO. R-2026-45

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, APPROVING THE ENGINEER'S REPORT, CONFIRMING DIAGRAM AND ASSESSMENT, AND ORDERING LEVY OF CONTINUED ASSESSMENTS FOR FISCAL YEAR 2026-27 FOR PLACENTIA LANDSCAPE MAINTENANCE DISTRICT NO. 92-1

A. Recitals.

(i) On May 5, 1992, by its Resolution No. 92-R-123, this Council ordered the formation of and levied the first assessment within the Placentia Landscape Maintenance District No. 92-1 ("District") in accordance with the provisions of Article XIIID of the California Constitution, and the Landscaping and Lighting Act of 1972 (the "Act"), Part 2 of Division 15 of the California Streets and Highways Code (commencing with Section 22500 thereof).

(ii) The purpose of the District is for the installation, maintenance, and servicing of landscape improvements, as described in the Engineer's Report.

(iii) By its Resolution No. R-2026-28, A Resolution Directing Preparation of Annual Report for the Landscape Maintenance District No. 92-1 (the "Assessment District"), this Council designated the City Engineer as Engineer of Work and ordered said Engineer to make and file a report in writing in accordance with and pursuant to the Landscaping and Lighting Act of 1972.

(iv) The report was duly made and filed with the City Clerk and duly considered by this Council and found to be sufficient in every particular, whereupon it was determined that the report should stand as the Engineer's Report for all subsequent proceedings under and pursuant to the aforesaid resolution, and that June 16, 2026 at the hour of 6:00 p.m. in the Placentia City Council Chambers, 401 East Chapman Avenue, Placentia, California, were appointed as the time and place for a hearing by this Council on the question of the levy of the proposed continued assessments, notice of which hearing was given as required by law.

(v) At the appointed time and place the hearing was duly and regularly held, and all persons interested and desiring to be heard were given an opportunity to be heard, and all matters and things pertaining to the levy of the continued assessments were fully heard and considered by this Council, and all oral statements and all written protests or communications were duly heard, considered and overruled, and this Council thereby acquired jurisdiction to order the levy and the confirmation of the diagram and assessment prepared by and made a part of the Engineer's Report to pay the costs and expenses thereof.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. The facts set forth in the Recitals, Part A of this Resolution, are true and correct.

2. The public interest, convenience and necessity require that the levy be made.

3. The Assessment District benefited by the improvements and assessed to pay the costs and expenses thereof, and the exterior boundaries thereof, are as shown by a map thereof filed in the office of the City Clerk, which map is made a part hereof by reference thereto.

4. The Engineer's Report as a whole and each part thereof, to wit:

(a) The Engineer's estimate of the itemized and total costs and expenses of maintaining the improvements and of the incidental expenses in connection therewith;

(b) The diagram showing the assessment district, plans and specifications for the improvements to be maintained and the boundaries and dimensions of the respective lots and parcels of land within the Assessment District; and

(c) The assessment of the total amount of the cost and expenses of the proposed maintenance of the improvements upon the several lots and parcels of land in the Assessment District in proportion to the estimated special benefits to be received by such lots and parcels, respectively, from the maintenance, and of the expenses incidental thereto;

5. Final adoption and approval of the Engineer's Report as a whole, and of the plans and specifications, estimate of the costs and expenses, the diagram and the assessment, as contained in the report as hereinabove determined and ordered, is intended to and shall refer and apply to the report, or any portion thereof as amended, modified, or revised or corrected by, or pursuant to and in accordance with, any resolution or order, if any, heretofore duly adopted or made by this Council.

6. The assessment to pay the costs and expenses of the maintenance of the improvements for Fiscal Year 2026-27 is hereby levied. For further particulars pursuant to the provisions of the Landscaping and Lighting Act of 1972, reference is hereby made to the Resolution Directing Preparation of Engineer's Report.

7. Based on the oral and documentary evidence, including the Engineer's Report, offered and received at the hearing, this Council expressly finds and determines (a) that each of the several lots and parcels of land will be specially benefited by the

maintenance of the improvements at least in the amount if not more than the amount, of the assessment apportioned against the lots and parcels of land, respectively, and (b) that there is substantial evidence to support, and the weight of the evidence preponderates in favor of, the aforesaid finding and determination as to special benefits.

8. The City of Placentia City Council hereby certifies that the assessments to be placed on the 2026-27 property tax bills meet the requirements of Proposition 218 that added Articles XIIIC and XIIID to the California Constitution.

9. The assessments are levied without regard to property valuation.

10. Immediately upon the adoption of this resolution, but in no event later than August 10th following such adoption, the Engineer of Work shall file a certified copy of the diagram and assessment and a certified copy of this resolution with the Auditor of the County of Orange. Upon such filing, the County Auditor shall enter on the County assessment roll opposite each lot or parcel of land the amount of assessment thereupon as shown in the assessment. The assessments shall be collected at the same time and in the same manner as County taxes are collected and all laws providing for the collection and enforcement of County taxes shall apply to the collection and enforcement of the assessments. After collection by the County, the net amount of the assessments, after deduction of any compensation due the County for collection, shall be paid to the City of Placentia.

11. The moneys representing assessments collected by the County shall be deposited in the City Treasury to the credit of the improvement fund previously established under the distinctive designation of the Assessment District. Moneys in the improvement fund shall be expended only for maintenance, servicing, construction, or installation of the improvements.

12. The Mayor shall sign this Resolution, and the City Clerk shall attest and certify to the passage and adoption thereof.

APPROVED and ADOPTED this 16th day of June 2026

Agenda Item No: 2.e

PLACENTIA CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2026

Submitted by: Matthew Di Mario

From: Public Works

Subject:
PUBLIC HEARING TO PROVIDE FOR THE ANNEXATION AND SETTING THE ANNUAL SPECIAL TAX RATE FOR FISCAL YEAR 2026-27 FOR COMMUNITY FACILITIES DISTRICT NO. 2014-01 (PUBLIC SERVICES CFD)

Financial Impact:
Annual Revenue: $316,992.47 (CFD 2014-01 Assessments)

Summary:
On February 18, 2014, the City Council adopted Resolution No. R-2014-10, establishing Community Facilities District No. ("CFD") 2014-01 ("Public Services CFD") to provide an ongoing sustainable funding source paid for by new developments to help fund the cost of public safety services. On March 4, 2014, the City Council adopted Ordinance No. 2014-03, authorizing the City Council to determine, by resolution, on or before August 1st of each year, the specific special tax to be levied on each parcel of land within the CFD. At that time, the City Council also, in the adoption of the territory map, approved the area designated as future annexation to the CFD. Staff recommends that the City Council adopt a resolution annexing four (4) additional parcels to the CFD and adopt a resolution to levy a special tax to pay for public safety services for Fiscal Year (FY) 2026-27.

Recommended Action:
It is recommended that the City Council:

1. Open the Public Hearing concerning the annexation, levy and collection of assessments within the Placentia Community Facilities District No. 2014-01; and
2. Receive the Staff Report, consider all public testimony, ask questions of staff; and
3. Close the Public Hearing; and
4. Adopt Resolution No. R-2026-46, a Resolution of the City Council of the City of Placentia, California, ordering the annexation of territory to its Community Facilities District No. 2014-01 (Public Services) (Annexation 2026-02) and approving the amended map for said District; and
5. Adopt Resolution No. R-2026-47, a Resolution of the City Council of the City of Placentia, California, setting the levy of an Annual Special Tax for Community Facilities District No. 2014-01 (Public Services) for Fiscal Year 2026-27; and
6. Authorize inclusion of the Annual Special Tax for Community Facilities District No. 2014-01 (Public Services) for Fiscal Year 2026-27 on the Orange County Secured Property

Tax Roll.

Strategic Plan Statement:
This item is consistent with Strategic Goal No. 1, Fiscal Sustainability. This action will generate revenue to cover public safety-related expenses in the CFD. Assessments from specific properties will help provide a dedicated revenue source to assist in paying for public safety services.

Discussion:
In 1978, California voters enacted Proposition 13, which limited the ability of local public agencies to increase property taxes based on a property's assessed value. In 1982, the Mello-Roos Community Facilities Act of 1982 ("Act") was created to provide an alternate method of financing public infrastructure and services. Under the Act, a Community Facilities District ("CFD") may fund public improvements with a useful life of five (5) years or more, such as park and recreational facilities, streets, sewer systems, schools, libraries, childcare facilities, and other public infrastructure. CFDs may also fund the maintenance and servicing of public landscape areas, parks, streetlights, storm drain systems, and public safety services.

In 2014, the City Council created CFD 2014-01 to provide a new revenue stream paid for by new residential developments to be used to help fund the cost of public safety services. All new residential development projects are required to annex their properties into the Public Services CFD as a condition of approval for receiving their entitlements. The special tax that is currently being assessed on properties within the CFD is based upon a Fiscal Impact Analysis ("FIA") that was prepared for the initial formation of the CFD in 2014. Based on the FIA, the tax rate needed to support public safety services for new residential developments was established at $225.00 for each single-family residential unit per year. Therefore, the special tax rates for 2014-15 were $225.00 per residential unit for single-family residential property and $170.00 per residential unit for multi-family residential property. For the tax to be applied to a parcel, either construction must be completed or a building permit for the home needs to be issued by the City by June 1 of the preceding fiscal year.

FY 2026-27 Annexations to CFD
City Council Resolution No. R-2014-04 designated the entire territory of the City as a future annexation area for the District. This resolution also allows for voluntary annexation into the District. On April 21, 2026 the City Council approved Resolution No. R-2026-19, which annexed 229 parcels into the CFD. Since April 21, 2026, the City has received four (4) landowner petitions for annexations into the CFD as a result of new development.

FY 2026-27 Special Tax Rates
The CFD is subject to an Annual Escalation Factor beginning on July 1, 2015, which shall be the greater of five percent (5%) or the annual percentage increase, if any, of the Consumer Price Index for the twelve (12) months ending the preceding December 31. The index identified in the Rate and Method of Apportionment from 2014 was the All-Urban Consumers (CPI-U) for Los Angeles-Riverside-Orange County area. However, in January 2018, the Bureau of Labor and Statistics split the index geographically into a Los Angeles-Long Beach-Anaheim area and a Riverside-San Bernardino-Ontario area. The City has determined that the Los Angeles-Long Beach-Anaheim index is the most appropriate index as it includes both Los Angeles and Orange Counties. The CPI for the 12 months ending the preceding December 31, 2025 was 3.0%. Therefore, the special tax rates are being increased by 5% as allowed. The adjusted special tax rates for FY 2026-27 are summarized below:

Land Use Type	FY 2026-27 Special Tax Rate
Single-Family Residential Property	$410.22 per residential unit
Multi-Family Residential Property	$309.95 per residential unit

This item recommends that the City Council adopt Resolution Nos. R-2026-46 and R-2026-47 to annex properties into the CFD and set the levy of the annual special tax, respectively, for CFD 2014-01 for FY 2026-27.

Financial Summary:
There is no General Fund impact as a result of this special tax levy for public safety services. If the recommended actions are approved, a total of 471 parcels will be assessed at the adjusted special tax rates. The 471 assessed parcels will generate about $316,992 in assessment revenue. All revenue will be allocated to the Public Safety CFD 2014-01 Fund No. 216 (216-90000-4208).

RESOLUTION NO. R-2026-46

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, ORDERING THE ANNEXATION OF TERRITORY TO ITS COMMUNITY FACILITIES DISTRICT NO. 2014-01 (PUBLIC SERVICES) (ANNEXATION 2026-02) AND APPROVING THE AMENDED MAP FOR SAID DISTRICT

A. Recitals.

(i) The City Council of the City of Placentia ("City Council"), by adoption of Resolution No. 2014-10, established the City's Community Facilities District No. 2014-01 (Public Services) ("District") pursuant to the Mello-Roos Community Facilities Act of 1982 (Government Code Section 53311 *et seq*.) (the "Act").

(ii) The City Council, by adoption of Ordinance No. O-2014-03, levied an annual special tax against all non-exempt parcels of real property within the District ("Special Tax") to fund public safety services within the District.

(iii) The City Council, by adoption of Resolution No. 2014-04, designated all territory within the City of Placentia to be a Future Annexation Area for the District.

(iv) Pursuant to Resolution No. 2014-04, territory located within the Future Annexation Area may be annexed to the District upon the unanimous approval of the owner or owners of each parcel or parcels at the time that the parcel or parcels are annexed, without additional hearings.

(v) The landowners of the property ("Parcels") sought to be annexed to the District are listed in Exhibit "A" attached hereto and incorporated herein by reference. The landowners of the Parcels have submitted to the City petitions unanimously requesting and approving annexation of those Parcels ("Annexation Parcels") to the District.

(vi) A boundary map entitled "Amended Map No. 2026-02 of Community Facilities District No. 2014-01 of the City of Placentia, County of Orange, State of California", showing the extent of the proposed annexation, is attached hereto as Exhibit "B" to this Resolution and incorporated herein by reference ("Boundary Map").

(vii) The City Council desires to annex the Annexation Parcels to the District.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. Recitals. The above recitals are all true and correct and are herein incorporated.

2. Special Election. A special election was held on June 16, 2026, and the landowners of the Annexation Parcels unanimously voted to be annexed to the District. The City Council hereby certifies the results of the special election. The City Council hereby finds and determines that all proceedings and actions taken by the City Council pursuant to the Act were and are valid and in conformity with the Act.

3. Annexation Ordered. The Annexation Parcels are hereby added to and part of the District with full legal effect. The Annexation Parcels are subject to the Special Tax levied in connection with the District. For reference, a copy of the rate and method of apportionment for the Special Tax is attached hereto as Exhibit "C" and incorporated herein by reference.

4. Description of Services. The following is a general description of the services provided in the CFD:

> Public Safety Services: Police protection services and fire protection and suppression services, including but not limited to (i) the costs of contracting services, (ii) equipment, vehicles, ambulances and paramedics, fire apparatus, supplies, (iii) the salaries and benefits of City staff that directly provide police protection services and fire protection and suppression services and other services as defined herein, respectively, and (iv) City overhead costs associated with providing such services within the District.

5. Amended Boundary Map. The Boundary Map attached hereto as Exhibit "B" is hereby approved. This map amends, and does not supersede, the existing maps of the District. The City Council directs that said map be filed with the Orange County Recorder pursuant to Section 3113 of the Streets and Highways Code.

6. Notice of Special Tax Lien. The City Council directs the City Clerk to prepare a notice of special tax lien and that it be recorded pursuant to Section 3117.5 of the Streets and Highways Code with respect to the Annexation Parcel associated with the Boundary Map.

7. Severability. Should any provision, section, paragraph, sentence or word of this Resolution be rendered or declared invalid by any final court action in a court of competent jurisdiction or by reason of any preemptive legislation, the remaining provisions, sections, paragraphs, sentences or words of this resolution as hereby adopted shall remain in full force and effect.

8. Effective Date. This Resolution shall be effective immediately upon adoption.

9. The Mayor shall sign this Resolution, and the City Clerk shall attest and certify to the passage and adoption thereof.

APPROVED and ADOPTED this 16th day of June 2026

_____
Chad P. Wanke, Mayor

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

CITY OF PLACENTIA
COMMUNITY FACILITIES DISTRICT NO. 2014-01
(PUBLIC SERVICES)

A Special Tax as hereinafter defined shall be levied on all Assessor's Parcels within the City of Placentia Community Facilities District No. 2014-01 (Public Services), ("CFD No. 2014-01"), other than Assessor's Parcels classified as Exempt Property as defined herein, and collected each Fiscal Year commencing in Fiscal Year 2014-2015, in an amount determined by the CFD Administrator through the application of the procedures described below. All of the real property within CFD No. 2014-01, unless exempted by law or by the provisions hereof, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed to CFD No. 2014-01, unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The terms hereinafter set forth have the following meanings:

"Acre or Acreage" means the land area of an Assessor's Parcel, expressed in acres, as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable Final Subdivision Map, other final map, other parcel map, other condominium plan, or functionally equivalent map or instrument recorded in the Office of the Country Recorder. The square footage of an Assessor's Parcel is equal to the Acreage multiplied by 43,560.

"Act" means the Mello-Roos Communities Facilities Act of 1982 as amended, being Chapter 2.5, Part 1, Division 2 of Title 5 of the Government Code of the State of California.

"Administrative Expenses" means the following actual or reasonably estimated expenses related to the administration of CFD No. 2014-01: the costs of determining the amount of the levy of Special Taxes, the collection of Special Taxes, including the expenses of collecting delinquencies and pursuing foreclosures, the payment of a proportional share of salaries and benefits of any City employee and City overhead whose duties are directly related to the administration of CFD No. 2014-01, fees and expenses for counsel, audits, costs associated with responding to public inquiries regarding CFD No. 2014-01, and any and all other costs incurred in connection with the administration of CFD No. 2014-01.

"Annual Escalation Factor" means the greater of five percent (5%) or the annual percentage increase, if any, of the All Urban Consumers Consumer Price Index ("CPI"). The annual CPI used shall be for the area of Los Angeles – Riverside – Orange County, CA as determined by the Bureau of Labor Statistics for the twelve (12) months ending the preceding December 31.

"Assessor's Parcel" means a Condominium lot, Lot, or parcel shown in an Assessor's Parcel Map with an assigned assessor's parcel number.

"Assessor's Parcel Map" means an official map of the Assessor of the County designating parcels by assessor's parcel number.

"Base Year" means Fiscal Year beginning July 1, 2014 and ending June 30, 2015.

"Boundary Map" means the map of the boundaries of CFD No. 2014-01 recorded on January 21, 2014 in the Orange County Recorder's Office in Book 94, Pages 46, of Maps of Assessments and Community Facilities Districts (instrument number 2014-24969), as the same may be amended by annexation from time to time hereafter.

"Building Permit" means a permit issued for new construction of a residential dwelling. For purposes of this definition, "Building Permit" shall not include permits for construction or installation of retaining walls, grading, utility improvements, or other such improvements not intended for human habitation.

"CFD Administrator" means an official of the City, or designee thereof, responsible for determining the Special Tax Requirement for Services and providing for the levy and collection of the Special Taxes for CFD No. 2014-01.

"CFD No. 2014-01" means City of Placentia Community Facilities District No. 2014-01 (Public Services) established by the City Council under the Act.

"City" means the City of Placentia.

"City Council" means the Council of the city of Placentia, acting as the legislative body of CFD No. 2014-01.

"Condominium" means an estate in real property consisting of an undivided interest in common in a portion of a parcel of real property together with a separate interest in space in a residential, industrial or commercial building on such real property, such as an apartment, office or store. A condominium may include in addition a separate interest in other portions of such real property. Such estate may, with respect to the duration of its enjoyment, be either:

(1) An estate of inheritance or perpetual estate;
(2) An estate for life; or
(3) An estate for years, such as a leasehold or a sublease hold.

"County" means the County of Orange.

"Developed Property" means an Assessor's Parcel of Taxable Property for which a Building Permit was issued on or before **June 1** preceding the Fiscal Year for which Special Taxes are being levied.

"Developed Residential Property" means an Assessor's Parcel of Taxable Property for which a Building Permit was issued on or before **June 1** preceding the Fiscal Year for which Special Taxes are being levied and which Building Permit was issued for purposes of constructing one or more Residential Unit(s).

"Exempt Property" means all Assessor's Parcels within CFD No. 2014-01 that are exempt from the Special Taxes pursuant to law or Section F herein.

"Final Map" means an Assessor's Parcel Map, a Final Subdivision Map, condominium plan, lot line adjustment, or any other map functionally considered to be an equivalent development map that has been recorded in the Office of the County Recorder.

"Final Subdivision Map" means a subdivision of property creating single family residential buildable Lots by recordation of a final subdivision map or parcel map pursuant to the Subdivision Map Act (California Government Code § 66410, et seq.), or recordation of a condominium plan pursuant to California Civil Code § 1352, that creates individual Lots or condominium lots for which building permits may be issued without further subdivision and is recorded prior to **June 1** preceding the Fiscal Year in which the Special Tax is being levied.

"Fiscal Year" means the period commencing on July 1 of any year and ending the following June 30.

"Future Annexation Area" means the areas designated for potential future annexation to CFD No. 2014-01 as shown in the "Map of Proposed Boundaries of City of Placentia Future Annexation Area of Community Facilities District No. 2014-01 (Public Services)" recorded and on file with the Orange County Recorder's Office.

"Land Use Type" means any of the land use types listed in Table 1 below.

"Lot" means property within a Final Map identified by a lot number or condominium number for which a Building Permit has been issued or may be issued.

"Maximum Special Tax" means the maximum Special Tax determined in accordance with Section C, which may be levied in any Fiscal Year on an Assessor's Parcel of Taxable Property.

"Multi-Family Residential Property" or "MFR Property" means all Assessor's Parcels of Developed Property for which a Building Permit has been issued for purposes of constructing a residential structure consisting of five (5) or more residential units that share common walls, including, but not limited to, condominiums, and apartment units.

"Property Owner Association Property" means for each Fiscal Year any property within the boundaries of CFD 2014-01 that was owned by, or irrevocably dedicated as indicated in an instrument recorded with the County Recorder to, a property owner association, including any master or sub-association, as of **June 1.**

"Proportionately" means in a manner such that the ratio of the actual Special Tax levy to the Maximum Special Tax is equal for all Assessor's Parcels within each Land Use Type.

"Public Property" means any property that is owned by, dedicated or irrevocably dedicated to a city, the federal government, the State of California, the County, or any other public agency (each, a "Public Entity"); provided, however, that if any such property is leased by such a Public Entity to a private entity and is thereby subject to taxation pursuant to § 53340.1 of the Act, such leasehold estate shall be classified and taxed according to the use thereof.

"Residential Property" means all Assessor's Parcels of Developed Property within CFD No. 2014-01 for which a Building Permit has been issued for purposes of constructing one or more Residential Unit(s).

"Residential Unit" means any residence in which a person or persons may live, which is not considered to be used for non-residential purposes.

"Services" means those authorized services that may be funded by CFD No. 2014-01 pursuant to the Act, as amended, including, without limitation, those services authorized to be funded by CFD No. 2014-01 as set forth in the documents adopted by the City Council at the time CFD No. 2014-01 was formed.

"Single-Family Residential Property" or "SFR Property" means an Assessor's Parcel classified as Developed Property for which a Building Permit(s) has been issued for purposes of constructing one or more single-family residential dwelling units including residential structures or Condominium structures that consist of 4 or fewer units which share common walls.

"Special Tax" means the special tax authorized to be levied within CFD No. 2014-01 pursuant to the Act to fund the Special Tax Requirement.

"Special Tax Requirement" means the amount, as determined by the CFD Administrator, for any Fiscal Year to: (i) pay the costs of providing the Services during such Fiscal Year, (ii) pay Administrative Expenses associated with the Special Tax, (iii) establish or replenish any operational reserve fund established for Services, (iv) pay incidental expenses related to the Services as authorized pursuant to the Act, (v) fund an amount equal to a reasonable estimate

of delinquencies expected to occur in the Fiscal Year in which the Special Tax will be levied ("Estimated Special Tax Delinquency Amount") and (vi) fund the shortfall, if any, in the Special Tax revenues collected in the preceding Fiscal Year necessary to fund the Special Tax Requirement for Services for such Fiscal Year where such shortfall resulted from delinquencies in the payment of Special Taxes in such Fiscal Year that exceeded the Estimated Special Tax Delinquency Amount included in the Special Tax Requirement for Services for such Fiscal Year.

"Taxable Property" means all Assessor's Parcels that are not exempt from the Special Tax pursuant to law or Section F.

"Undeveloped Property" means an Assessor's Parcel of Taxable Property for which a Building Permit has not been issued on or before **June 1** preceding the Fiscal Year for which Special Taxes are being levied.

B. CLASSIFICATION OF ASSESSOR'S PARCELS

Each Fiscal Year, beginning with Fiscal Year 2014-2015, using the definitions above, each Assessor's Parcel within CFD 2014-01 shall be classified by the CFD Administrator as Taxable Property or Exempt Property. In addition, each such Fiscal Year, each Assessor's Parcel of Taxable Property shall be further classified by the CFD Administrator as Developed Property or Undeveloped Property. Developed Property shall be further classified as Single-Family Residential Property or Multi-Family Residential Property. Commencing with Fiscal Year 2014-2015 and for each subsequent Fiscal Year, Developed Residential Property shall be subject to the levy of Special Taxes pursuant to Section C below.

C. MAXIMUM ANNUAL SPECIAL TAXES

1. Developed Residential Property

Each Fiscal Year commencing in Fiscal Year 2014-2015, each Assessor's Parcel of Developed Residential Property shall be subject to the Special Tax. The Maximum Special Tax for Developed Residential Property for Fiscal Year 2014-2015 is shown below in Table 1.

TABLE 1
DEVELOPED RESIDENTIAL PROPERTY
MAXIMUM SPECIAL TAX RATES

Land Use Type	Maximum Special Tax
Residential	
SFR Property	$225 per Residential Unit
MFR Property	$170 per Residential Unit

For each subsequent Fiscal Year following the Base Year, the Maximum Special Tax rate shall be increased from the Maximum Special Tax rate in effect for the prior Fiscal Year by the Annual Escalation Factor.

2. Annexed Property

Each Fiscal Year commencing in Fiscal Year 2014-2015, each Assessor's Parcel of Developed Residential Property that has been annexed into CFD 2014-01 shall be subject to the prevailing Special Tax in effect during the then current Fiscal Year and as determined by Section C.1 above.

3. Undeveloped Property

Each Fiscal Year commencing in Fiscal Year 2014-2015, each Assessor's Parcel classified as Undeveloped Property shall be exempt from the levy of the Special Tax

4. Exempt Property

No Special Tax shall be levied on Exempt Property as defined in Section F.

For each Fiscal Year, if the use or ownership of an Assessor's Parcel or Exempt Property changes so that such Assessor's Parcel is no longer classified as one of the uses set forth in Section F, therefore making such Assessor's Parcel no longer eligible to be classified as Exempt Property, such Assessor's Parcel shall be deemed to be Taxable Property and shall be taxed pursuant to the provisions of Section C.

D. METHOD OF APPORTIONMENT OF SPECIAL TAX

Commencing in Fiscal Year 2014-2015 and for each subsequent Fiscal Year, the CFD Administrator shall levy the Special Tax on all Taxable Property of CFD No. 2014-01 until the total amount of Special Tax levied equals the Special Tax Requirement. The Special Tax shall be levied Proportionately on each Assessor's Parcel of Developed Property within CFD No. 2014-01 up to 100% of the applicable Maximum Special Tax to satisfy the Special Tax Requirement.

Notwithstanding any provision of this Section D to the contrary, under no circumstances will the Special Tax levied against any Assessor's Parcel of Developed Property that is classified as Residential Property be increased by more than ten percent (10%) per Fiscal Year as a consequence of delinquency or default in the payment of Special Taxes by the owner of any other Assessor's Parcel, excluding therefrom the increased amount levied pursuant to the Annual Escalation Factor.

E. PREPAYMENT OF SPECIAL TAX

The Special Tax shall be levied in perpetuity for the purpose of financing ongoing authorized services and therefore may not be prepaid.

F. EXEMPTIONS

The City Council shall classify as Exempt Property: (i) Public Property, (ii) Property Owner Association Property, (iii)Assessor's Parcels with public or utility easements making impractical their utilization for other than the purposes set forth in the easement, including but not limited to property designated for open space, trails, pathways, parks or park and recreation related facilities, (iv) property reasonably designated by the City or CFD Administrator as Exempt Property due to deed restrictions, conservation easement, or similar factors.

G. APPEALS

Any property owner claiming that the amount or application of the Special Tax is not correct may file a written notice of appeal with the CFD Administrator not later than twelve months after having paid the first installment of the Special Tax that is disputed. The CFD Administrator shall promptly review the appeal, and if necessary, meet with the property owner, consider written and oral evidence regarding the amount of the Special Tax, and rule on the appeal. If the decision of the CFD Administrator requires that the Special Tax for an Assessor's Parcel be modified or changed in favor of the property owner, a cash refund shall not be made but an adjustment shall be made to the Special Tax on that Assessor's Parcel in the subsequent Fiscal Year(s) to compensate for the overpayment of the Special Tax.

H. MANNER OF COLLECTION

The annual Special Taxes shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that the Special Taxes may be billed and collected at a different time or in a different manner if necessary to meet the financial obligations of CFD No. 2014-01.

RESOLUTION NO. R-2026-47

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, SETTING THE LEVY OF AN ANNUAL SPECIAL TAX FOR COMMUNITY FACILITIES DISTRICT NO. 2014-01 (PUBLIC SERVICES) FOR FISCAL YEAR 2026-27

A. Recitals.

(i) The City Council of the City of Placentia ("City Council"), has initiated proceedings, held a public hearing, conducted an election and received a favorable vote from qualified electors to authorize the levy of a special tax in a community facilities district, all as authorized pursuant to the terms and provisions of the "Mello-Roos Community Facilities Act of 1982", being Chapter 2.5, Part 1, Division 2, Title 5 of the California Government Code ("Act") denominated COMMUNITY FACILITIES DISTRICT NO. 2014-01 (Public Services) ("District).

(ii) The City Council, by adoption of Ordinance No. 2014-03 ("Ordinance") as authorized by § 53340 of the California Government Code, has authorized the levy of special taxes within the District to finance the authorized service in accordance with the Rate and Method of Apportionment of the Special Tax ("RMA") set forth in Exhibit "B" to the Resolution of Formation, which is on file in the office of the City Clerk and incorporated by reference herein.

(iii) California Government Code § 53340 provides that the City Council may provide, by resolution, for the levy of the special tax in the current tax year or future tax years at the same rate or at a lower rate than the rate provided by the Ordinance, if the resolution is adopted and a certified list of all parcels subject to the special tax levy including the amount of the tax to be levied on each parcel for the applicable tax year, is filed by the Clerk or other official designated by the legislative body with the county auditor on or before the 10th day of August of that tax year.

(iv) The RMA provides for an annual escalation factor of the greater of five percent (5%) or the annual percentage increase, if any, of the All Urban Consumers Consumer Price Index ("CPI") for the Los Angeles – Riverside – Orange County, CA area as determined by the Bureau of Labor Statistics for the twelve (12) months ending the preceding December 31, 2025.

(v) The All Urban Consumers Consumer Price Index ("CPI") for the Los Angeles–Long Beach-Anaheim, CA area (part of the former Los Angeles-Riverside-Orange County, CA area) as determined by the Bureau of Labor Statistics for the twelve (12) months ending the preceding December 31, 2025 was 3.0%.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

1. The facts set forth in the Recitals, Part A of this Resolution, are true and correct.

2. This City Council does hereby find and determine as follows:

A. The annual escalation for FY 2026-27 shall be 5%.

B. The City Council hereby levies a special tax within the District for Fiscal Year 2026-27 at the rate of $410.22 per residential unit for single-family residential property and $309.95 per residential unit for multi-family residential property.

C. The CFD Administrator herby is authorized and directed to file with the County Auditor on or before the 10th day of August a certified copy of this Resolution accompanied by a list of all parcels subject to the special tax levy with the taxes to be levied on each parcel based on the 2026-27 special tax rates set forth in Part B of this Resolution.

D. The special tax shall be collected in the same manner as ordinary ad valorem property taxes are collected and shall be subject to the same penalties and same procedure and sale in cases of any delinquency for ad valorem taxes, and the Tax Collector is hereby authorized to deduct reasonable administrative costs incurred in collecting any said special tax.

E. The County Auditor is hereby directed to enter in the next County assessment roll on which taxes will become due, opposite each lot or parcel of land affected, in a space marked “Public Services Special Tax” or by any other suitable designation, the installment of the special tax.

F. The County Auditor shall, at the close of the tax collection period, promptly render to the District a detailed report showing the amount and/or amounts of such special tax installments, interest, penalties, and percentages so collected and from what property collected, and also provide a statement of any percentages retained for the expense of making any such collection.

G. This Resolution shall become effective upon its adoption.

H. The Mayor shall sign this Resolution, and the City Clerk shall attest and certify to the passage and adoption thereof.

APPROVED and ADOPTED this 16th day of June 2026

Agenda Item No: 2.f

PLACENTIA CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2026

Submitted by: Jerry Griggs

From: Finance

Subject:

CITY OF PLACENTIA FISCAL YEAR 2026-27 ANNUAL OPERATING BUDGET, POSITION ALLOCATION PLAN, ANNUAL GANN APPROPRIATIONS, CAPITAL IMPROVEMENT PROGRAM, AND PLACENTIA PUBLIC FINANCING AUTHORITY ANNUAL BUDGET

Financial Impact:

FY 2026-27 Expenditures: $97,207,473
Revenue: $97,335,031

Recommended Action:

It is recommended that the City Council:

1. Open the Public Hearing concerning the City of Placentia Budget for Fiscal Year 2026-27 and Capital Improvement Program (CIP) for Fiscal Year 2026-27, consider all public testimony, ask questions of Staff, and close the public hearing; and
2. Adopt Resolution No. R-2026-39, a Resolution of the City Council of the City of Placentia, California, taking actions necessary to adopt the Fiscal Year 2026-27 Annual Budget; and taking actions necessary to adopt the Fiscal Year 2026-27 Capital Improvement Program (CIP) Budget with an appropriation of $10,147,629; and authorizing the Position Allocation Plan and Compensation Plan for Fiscal Year 2026-27; and
3. Authorize the City Administrator to release appropriation controls for the General Government Department and Risk Management fund outside of the normal quarterly process, as necessary; and
4. Approve the use of the County's population growth and California per capita income growth as determined by the State Department of Finance for the calculation of the Fiscal Year 2026-27 Annual Appropriation Limit; and
5. Adopt Resolution R-2026-40, a Resolution of the City Council of the City of Placentia, California, approving and adopting the Annual Appropriations Limit (GANN) for the Fiscal Year 2026-27 in the amount of $131,672,638.

It is recommended that the Placentia Public Financing Authority:

1. Conduct the Public Hearing concerning the Placentia Public Financing Authority Budget for Fiscal Year 2026-27; and
2. Adopt Resolution No. PPFA-2026-01, a Resolution of the Placentia Public Financing Authority (PPFA) Board of Directors of the City of Placentia, California, taking actions

necessary to adopt the PPFA's Fiscal Year 2026-27 Annual Budget.

Placentia City Council
AGENDA REPORT

TO: CITY COUNCIL

VIA: DIRECTOR OF FINANCE

FROM: CITY ADMINISTRATOR

DATE: June 16, 2026

SUBJECT: CITY OF PLACENTIA FISCAL YEAR 2026-27 ANNUAL OPERATING BUDGET, POSITION ALLOCATION PLAN, ANNUAL GANN APPROPRIATIONS, CAPITAL IMPROVEMENT PROGRAM, AND PLACENTIA PUBLIC FINANCING AUTHORITY ANNUAL BUDGET

FISCAL IMPACT: FY 2026-27 EXPENDITURES: $97,207,473
REVENUE: $97,335,031

SUMMARY:

In accordance with City Charter Section 1203, the City Administrator must present the Proposed General Fund Operating Budget to the City Council for consideration at least 35 days prior to the beginning of each fiscal year. This item being presented for the City Council's review and consideration is the Fiscal Year 2026-27 Proposed Operating Budget and Capital Improvement Program (CIP). Under the direction of the City Administrator, the Finance Department conducts the analysis and makes projections required to complete the budget document after receiving input from all City departments and specialized consultants.

Staff presented the Proposed FY 2026-27 budget to the City Council at a study session on May 19, 2026 and was directed to return with approximately $1.4 million in budget reductions, the value of the one-time monies used to balance the proposed budget.

RECOMMENDATION:

It is recommended that the City Council take the following actions:

1. Open the Public Hearing concerning the City of Placentia Budget for Fiscal Year 2026-27 and Capital Improvement Program (CIP) for Fiscal Year 2026-27, consider all public testimony, ask questions of Staff, and close the public hearing; and

2. Adopt Resolution No. R-2026-39, a Resolution of the City Council of the City of Placentia, California, taking actions necessary to adopt the Fiscal Year 2026-27 Annual Budget; and taking actions necessary to adopt the Fiscal Year 2026-27 Capital Improvement Program

(CIP) Budget with an appropriation of $10,147,629; and authorizing the Position Allocation Plan and Compensation Plan for Fiscal Year 2026-27; and

3. Authorize the City Administrator to release appropriation controls for the General Government Department and Risk Management fund outside of the normal quarterly process, as necessary; and

4. Approve the use of the County's population growth and California per capita income growth as determined by the State Department of Finance for the calculation of the Fiscal Year 2026-27 Annual Appropriation Limit; and

5. Adopt Resolution R-2026-40, a Resolution of the City Council of the City of Placentia, California, approving and adopting the Annual Appropriations Limit (GANN) for the Fiscal Year 2026-27 in the amount of $131,672,638.

It is recommended that the Placentia Public Financing Authority take the following actions:

1. Conduct the Public Hearing concerning the Placentia Public Financing Authority Budget for Fiscal Year 2026-27; and

2. Adopt Resolution No. PPFA-2026-01, a Resolution of the Placentia Public Financing Authority (PPFA) Board of Directors of the City of Placentia, California, taking actions necessary to adopt the PPFA's Fiscal Year 2026-27 Annual Budget.

DISCUSSION:

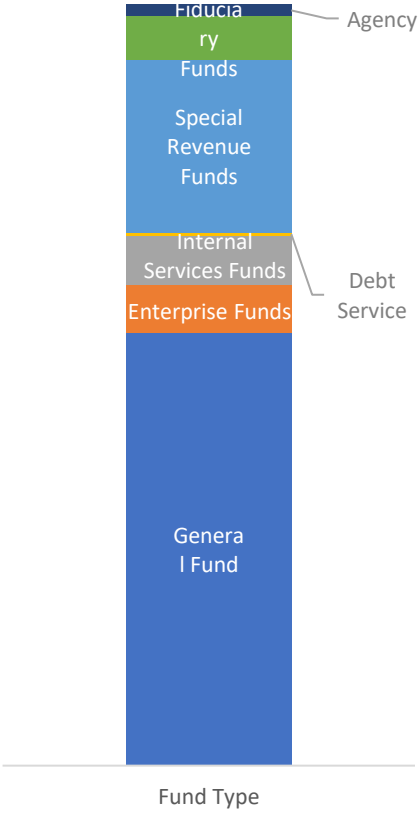
In compliance with City Charter Section 1203, it is my pleasure to present the City of Placentia's adopted Fiscal Year (FY) 2026-27 Operating Budget and Capital Improvement Program. The adopted budget provides a funding guide that reflects the City's priority to provide effective, high-quality public services that foster safety, quality of life, and economic prosperity throughout our community.

The proposed budget was developed with a focus on repositioning the City's financial position to one that's sustainable in both the short and long term; prioritizes economic development that will enhance the City's sales and transient occupancy tax base; enhances public safety; replenishes reserves; and allows flexibility to respond to changes in the economy outside our control such as tariffs, inflation and changes in consumer spending.

The City, like many other public agencies, is facing economic challenges that have necessitated a return to fundamentals wherein every program, contract, capital project and service offered by the City have been scrutinized with only the most vital included in the Proposed Budget. While challenging, this analysis enabled the City to focus its resources on providing the highest level of service in its core functions while pausing or reassessing auxiliary programs.

Centennial celebration has begun with events planned throughout the year to celebrate one hundred (100) years of the Placentia community! In addition, the City continues to improve the

city's infrastructure with a renewed emphasis on street improvements, renovations of parks and playgrounds and several new businesses recently opened or opening soon within the community such as Juan Pollo, Coldstone, Chai Society and a variety of coffee houses.



FY 2026-27 Budget Summary

The proposed FY 2026-27 Operating Budget is $97.4 million, an increase of 5.07% from the FY 2025-26 adopted budget. These expenses are supported by $97.6 million in revenue, an increase of 8.81% from the FY 2025-2026 adopted revenues. These total figures reflect revenues and expenses for all funds citywide including the General Fund, Enterprise Funds, Debt Service Funds and Special Revenue Funds.

Enterprise Funds are proprietary funds supported by user fees and charges that operate much like a private business. The rates charged to customers for these services cover the costs of operation, maintenance and capital and infrastructure improvements. The City maintains two Enterprise Funds, the Sewer Fund and Solid Water (Refuse) Fund. Budgeted expenditures for FY 2026-27 for these funds are $8.4 Million for both operating and capital expenses.

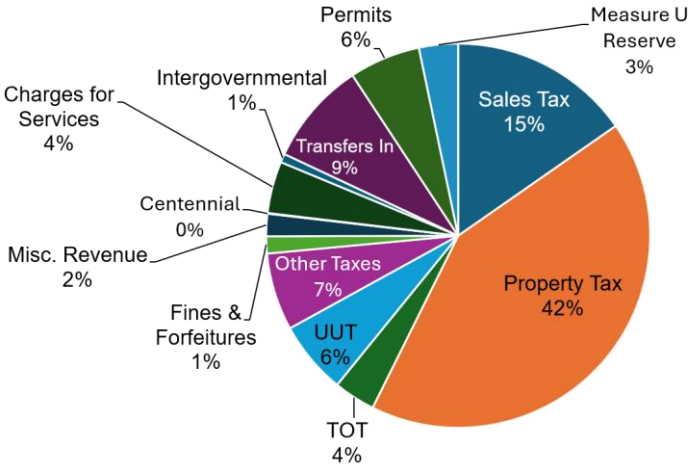
Internal Service Funds, including employee health and welfare, risk management, and equipment replacement account for activities provided to one City department by another City department. The proposed FY 2026-27 budget includes $6.2 million in funding for these funds.

Special Revenue Funds are funds legally restricted to a specific purpose. Examples of Special Revenue Funds include the Gas Tax Fund and the Community Development Block Grant (CDBG). In total, expenses in Special Revenue Funds are budgeted at $19.4 million for FY 2026-27 inclusive of Measure U.

Proposed revenues and expenses by fund type are outlined below:

Fund Type	Revenues & Transfers In	Expenditures & Transfers Out	Net Incr/ (Decr) to Fund Balance
General Fund	56,519,981	54,763,281	1,857,200
Special Revenue	18,911,442	20,377,146	(1,465,704)
Enterprise	8,562,679	8,439,058	123,621
Internal Service	6,172,000	6,250,500	(78,500)
Fiduciary	5,253,068	5,253,068	0
Agency	2,151,958	2,151,958	0
DIF	0	208,560	(208,560)
Totals	**$97,571,128**	**$97,443,570**	**$127,557**

General Fund



The General Fund is the primary operating fund of the City and supports fundamental services including police, fire and life safety, development services, community services and general administration. Revenue for this fund comes from general taxes such as property tax, sales tax, transfers from Measure U, transient occupancy taxes as well as a variety of user and permit fees and other smaller sources. The FY 26-27 proposed budget for the General Fund is $54.8 million in operating expenses, an increase of $2.3 million or 3.98% from the 2025-26 adopted Budget, supported by $56.5 million in operating revenue, an increase of $3.2 million or 5.61% from FY 2025-26 adopted revenues.

FY 2026-27 budget *does not* incorporate the use of the 20% reserve contribution from Measure U of $1.9 million outlined in Policy 460 to support day-to-day operations. Instead, these funds will be added to the General Fund Measure U Contingency Reserve to replenish reserve funds which have been decreased in recent years due primarily to the construction of the public safety building and Memoranda of Understanding (MOU) driven labor costs.

General Fund Revenue Highlights

Property Tax revenue in FY 2026-27 is projected to be $23.8 million, an increase of $940,488, or 4.40% more than FY 2025-26 adopted revenues. Increases in property tax are due to a combination of property turnover and resulting reassessments and the two percent (2%) per year inflation factor for property assessments allowable under Proposition 13. The City continues to maintain a high number of properties assessed at their pre-1978 value, with 12.7% of all citywide parcels and 10% of single-family residences still assessed well below market value. As these properties turn over and are assessed at market value, the City's property tax should continue to increase at a higher percentage than the 2% maximum CPI allowable under Proposition 13.

Sales Tax, excluding Measure U, is projected to be $8.6 million, 0.12% from FY 2025-26 projections. While an increase over the current fiscal year, the projected figure is still $90,000 lower than the amount of sales tax the City received three years ago in FY 2022-23. This trend is not unique to Placentia as sales tax is directly impacted by economic fluctuations due to inflation, tariffs, a potential recession and other influences such as minimum wage increases and store closures. The City's sales tax consultant is projecting an increase in sales tax of 2.2% statewide in FY 2026-27 for all retail categories with increases in fuel/ service stations (3.9%), restaurants/ hotels (1.9%), State and County pools (2.5%), building/ construction (1.3%) and food/ drugs (0.4%). Specific reasons behind their projections include:

- The expiration of federal electric vehicle tax credits in September 2025 caused a sharper-than-anticipated 4Q25 decline in auto sales as many consumers advanced purchases to take advantage of the incentive. Consequently, the current-year forecast is modestly revised downward. Additional uncertainty stems from the onset of conflict involving Iran, which contributed to higher fuel prices. This dynamic temporarily delayed vehicle purchases and may shift consumer preferences toward more affordable, fuel-efficient models.
- Fuel-related taxable sales entered 2026 with significant volatility following a weaker outcome in fourth quarter 2025. Geopolitical tensions involving Iran drove sharp swings in crude markets, with West Texas Intermediate (WTI) prices fluctuating between $80 and $120 per barrel in March. Structural supply pressures—including the closure of the Phillips 66 refinery in Los Angeles and the scheduled shutdown of Valero's Benicia refinery in April along with CARB regulations—are compounding upward price risks.
- Consumers remain highly value-conscious, and the restaurant industry continues to contend with elevated labor and operational costs. Several national chains are closing underperforming locations while reallocating resources toward higher-growth markets.
- Use tax pool collections exceeded expectations in the fourth quarter of 2025, driven largely by e-commerce marketplace sellers and retailers with a strong online presence. Additional one-time gains were observed in select counties from business-related segments such as energy-utilities and the Franchise Tax Board for self-reported sales activity.

Transient occupancy tax (TOT), otherwise known as the "bed tax" is a 10% tax paid by visitors staying overnight in one of our local hotels and/or short-term rentals operating within the City. The Proposed Budget assumes $2.0 million in revenue, 3.5% higher than the FY 2025-26 adopted TOT. This increase is due to a combination of growth in the travel industry, higher nightly hotel rates and a slightly higher number of short-term rentals operating within the City.

Fines & Forfeitures are projected to increase 20.10 % to $811,033 from the prior fiscal year due mainly to increases in parking citations.

Intergovernmental revenue is from outside government agencies including County, State and/or Federal sources and are usually related to grants and/or reimbursement for mandated training in the Police Department and capital projects. Revenues for FY 2026-27 are projected at $413,900, a decrease of $37,000 from FY 25-26 adopted revenues.

Revenue Type	FY 2025/26 Adopted Budget	FY 2026/27 Proposed Budget	Variance to FY25/26 Adopted Budget
Property Taxes	22,755,799	23,757,098	4.40%
Sales & Use Taxes	8,449,079	8,659,079	2.49%
Other Taxes	8,852,995	9,135,477	3.19%
Permits	3,484,117	3,387,834	(2.76)%
Fines & Forfeitures	675,300	811,033	20.10%
Intergovernmental	450,915	413,900	(8.21%)
Charges for Services	2,358,860	2,467,964	4.63%
Miscellaneous	1,122,500	1,066,000	(5.03%)
Total Operating Revenues	48,149,565	49,462,287	2.73%
Transfers In	677,100	1,219,997	80.18%

Measure U Reserve	888,600	1,857,200	109.00%
Total Transfers In	5,120,100	6,791,597	32.65%
Total Resources	**53,269,665**	**56,489,981**	**6.05%**

General Fund Expenditure Highlights

General Fund expenditures are broken into three distinct types- operating, debt service and capital. Operating expenses are those required to support the day-to-day operations of the City, including personnel expenses, professional services, maintenance expenses and training and are supported by revenue generated in the same fiscal year the expenses occur. Debt service supports the principal and interest payments on loans and bonds the City has used to finance capital projects and/or pension obligations. Capital expenses are one-time expenditures for large purchases such as vehicles, technology upgrades and other equipment that has a useful life exceeding one year and are typically funded with one-time funding sources such as reimbursements, development agreements, or the use of unassigned fund balance.

The Proposed FY 2026-27 General Fund budget includes $48.9 Million in department expenses and $5.8 million for debt service and transfers for a total of $54.7 million. This represents an increase of 6.02% for the General Fund from the FY 2025/26 adopted budget.

Proposed General Fund budgets for the respective departments are listed below:

Department	FY 2025/26 Adopted Budget	FY 2026/27 Proposed Budget	Variance to FY25/26 Adopted Budget
Legislative	1,006,073	944,342	(6.14%)
City Administrator	689,987	821,667	19.08%
Administrative Services	5,548,750	4,905,398	(11.60%)
Human Resources	880,400	869,138	(1.28%)
Community Services	3,830,886	3,131,228	(18.26)%
Development Services	1,627,540	1,588,761	(2.38)%
Finance	1,448,000	1,412,709	(2.44%)
Fire & Life Safety	5,402,550	5,932,606	9.81%
Police	14,584,486	16,209,312	11.14%
Public Works	4,610,350	5,678,973	23.18%
General Government	6,389,943	7,300,664	14.25%
Total Expenditures	**$46,079,965**	**$48,855,799**	**6.02%**

Significant Changes

In preparing this budget, staff initially projected a deficit due to the nominal increase in revenues compared with a significant increase in expenses, many of which were outside the City's control including:

- Increase in the required Unfunded Actuarial Liability (UAL) payment to CalPERS from $917,000 to $1.3 million because of their decrease in rate of return on investments in recent fiscal years. This UAL payment is in addition to the $4.1 million debt service payment for the 2020A lease revenue bonds that were issued to pay off the City's UAL in 2020.
- $2.1 million increase in personnel expenses per various memoranda of understandings and merit increases citywide.
- An increase of $525,000 for general liability and workers' compensation insurance citywide.
- Increased costs of utilities including gasoline, electricity and water.

Other Post-Employment Benefits (OPEB)- The City established a Section 115 trust to mitigate potential investment losses from CalPERS and pre-fund OPEB expenses. The City's most recent actuarial study showed a total OPEB liability of approximately $14.9 million, with the most recent Unfunded Actuarial Liability (UAL) measured at $12.9 million by CalPERS. In Fall 2022 the City Council directed staff to transfer $2.4 million from bond proceeds to the Section 115 trust and approved a Section 115 Trust funding policy aimed at reducing the OPEB liability.

By design, Section 115 trusts can only be used for pension and OPEB expenses such as the UAL payment to CalPERS, and retiree medical expenses. As part of the actions taken to reduce the initial budget deficit, the Proposed FY 2026-27 Budget includes funding for the *increase* in the

required CalPERS UAL payment ($333,686) and an additional one-time use of $348,768 for retiree health expenses. As of April 30, 2026, there is $2.65 million in the Section 115 trust.

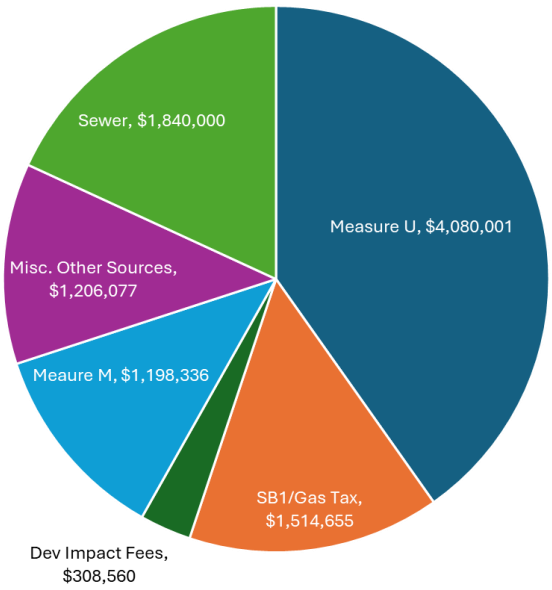
Policy 460 - Per Policy No. 460, which guides the allocation of funds received from Measure U, if the General Fund reserve level falls below twenty five percent (25%), the percentage allocated to infrastructure is supposed to decrease from fifty percent (50%) to forty percent (40%) with the reserve funding increasing from ten percent (10%) to twenty percent (20%). During the FY 2025-26 Mid-year Budget review, the projected reserve fell below 25% threshold triggering the reduction in Measure U funds dedicated to infrastructure.

The General Fund reserve is projected to be 20.63% at June 30, 2027.

Centennial Celebration – The City of Placentia's Centennial celebration has kicked off in 2026 with events scheduled throughout the year to celebrate the founding of the community one hundred years ago. The Centennial Committee is soliciting sponsorships to offset the costs of these events, however, to ensure there is sufficient funding, the budget includes $30,000 to support these events. Any sponsorship funds received will reduce the impact on the General Fund as those dollars will be spent first.

Position Allocation (Staffing)

The FY 2026-27 proposed budget includes 194 authorized full-time equivalent (FTE) positions, 7.0 elected officials as well as authorization for 4.0 FTE unfunded over hires in the Police and Public Safety Communication Departments. There are a few staffing changes included in the FY 2026-27 budget.



Staffing changes include:

1. Reclassification of one (1.0 FTE) vacant Facilities Maintenance Technician to Facilities Maintenance Technician II ($*10,000 annual costs*). This position leads the Facilities Maintenance team and is a point of contact for the public.

2. Proposal of one (1.0 FTE) Information Technology Specialist in the IT Department (*$0 increase in annual salaries offset by equal decrease in contract costs*). In FY 2025-26, the city eliminated the IT Sergeant position in the Police Department, reallocating some of the salary savings to contract IT support to evaluate the level of support needed citywide. IT staff has reviewed the types of IT services performed this past year, as well as future needs, and is proposing the addition of an Information Technology Specialist.

Capital Improvement Program

The City's Capital Improvement Program (CIP) identifies major public improvements to the City's infrastructure over the next several years and includes new projects, upgrades to existing facilities as well as rehabilitation of streets and roadways. Funding for projects scheduled for FY 2026-27 are included in the proposed budget, with the majority of the scheduled projects funded by Measure U, Gas Tax, Development Impact Fees (DIFs), bonds, grants and other reimbursements. The CIP for FY 2026-27 includes 19 new projects/capital purchases for a combined total of approximately $10.2 million.

In recent years, the City has commissioned several important studies including a Facility Needs and Condition Assessment of all city facilities, Information Technology Master Plan to assess and prioritize infrastructure needs as well as a citywide Americans with Disabilities Act (ADA) study. As expected, these studies revealed a significant backlog of capital needs with substantial investment recommended over the next decade. With limited financial resources available, staff prioritized proposed projects based upon urgency and/or adherence to ongoing City Council priorities and presented the proposed CIP to the City Council at a special study session in March, 2026.

Major projects scheduled include roadway rehabilitation, City Hall roof, PD women's locker room renovation, IT server and network upgrades, public safety IT modernization and cybersecurity upgrades, and the Los Vaqueros playground renovation.
Due to the scale and complexity of capital improvement projects, they often span two or more fiscal years. In addition to the 19 new projects proposed for FY 2026-27, previously approved projects that are in progress and are not yet complete will be carried over into FY 2026-27 after the close of FY 2025-26 by a separate City Council action. Despite the large number of new and ongoing projects, several needed capital projects remain unfunded this fiscal year, and future completion depends on identifying and securing additional funding.

RESOLUTION NO. R-2026-39

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, TAKING ACTIONS NECESSARY TO ADOPT THE FISCAL YEAR 2026-27 ANNUAL BUDGET; TAKING ACTIONS NECESSARY TO ADOPT THE FISCAL YEAR 2026-27 CAPITAL IMPROVEMENT PROGRAM (CIP) BUDGET WITH AN APPROPRIATION OF $10,147,629; AND AUTHORIZING THE POSITION ALLOCATION PLAN AND COMPENSATION PLAN FOR FISCAL YEAR 2026-27

A. Recitals

(i). The City Administrator, in accordance with Article XII, Sections 1202 and 1203 of the City Charter, has prepared and submitted a proposed annual budget for Fiscal Year 2025-26.

(ii). The City Council has reviewed the proposed budget and conducted a Public Hearing on said budget.

(iii). The Capital Improvement Program on file with the City Clerk incorporates the various anticipated revenues and expenditures of the City of Placentia for the Fiscal Year 2025-26 as known at this time, and the same would constitute a proper budget for the City for such period.

(iv). The Capital Improvement Program was presented to Planning Commission at the regularly scheduled meeting on May 12, 2026. Said Planning Commission found the Capital Improvement Program to be in conformance with the City's adopted General Plan.

(v). The City of Placentia Position Allocation Plan and Compensation Plan, effective July 1, 2026, for the PCEA, PPOA, PPMA, FIRE employees and unrepresented employees including the City Administrator, Executive Management, and Mid-Management employees; effective July 1, 2026, are components of the annual budget process.

(vi). The City Council desires to amend said Position Allocation Plan and Compensation Plan in accordance with the provisions of the Fiscal Year 2026-27 Budget, effective July 1, 2026, and reflects the following classification actions:

1. Approve classification of Facilities Maintenance Technician II
2. Approve classification of Information Technology Specialist

(vii). All legal prerequisites to the adoption of this Resolution have occurred.

B. Resolution

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA DOES HEREBY FIND, DETERMINE AND RESOLVE AS FOLLOWS:

1. In All respects as set forth in the Recitals, Part A., of this Resolution.

2. The City Council of the City of Placentia does hereby approve and adopt the Fiscal Year 2026-27 Budget, a full, true, and correct copy of which is on file in the Office of the City Clerk, hereby is adopted as such budget for such period.

3. The Capital Improvement Program for the City of Placentia for Fiscal Year 2026-27, including appropriations in the amount of $10,147,629 as set forth in the budget on file with the City Clerk and made a part hereof, is hereby adopted as such budget for such period.

4. The Position Allocation Plan and Compensation Plan are being updated to reflect approved changes by the City Council in the context of the Fiscal Year 2026-27 Annual Budget. When the City Council approves a new position or the City Administrator amends a position between updates of the Plan, such a change shall constitute a revision to the City's Position Allocation Plan that shall be reflected in the next update of the Resolution adopting the Plan. Compensation and benefits not specifically amended by this Resolution shall remain in full force and effect.

5. The proposed Position Allocation Plan for positions in City services for Fiscal Year 2026-27 is attached hereto as Appendix "A" (Position Allocation Plan) and the proposed Compensation Plan - Salary Schedule is attached hereto as Appendix "B" and hereby are approved.

APPROVED and ADOPTED this 16th day of June 2026

_____
Chad P. Wanke, Mayor

ATTEST:

_____
Robert S. McKinnell, City Clerk

STATE OF CALIFORNIA
COUNTY OF ORANGE

I, Robert S. McKinnell, City Clerk of the City of Placentia, do hereby certify that the foregoing Resolution was adopted at a regular meeting of the City Council of the City of Placentia held on the 16th day of June 2026, by the following vote:

AYES:	COUNCILMEMBERS:
NOES:	COUNCILMEMBERS:
ABSENT:	COUNCILMEMBERS:

RESOLUTION NO. R-2026-40

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA APPROVING AND ADOPTING THE ANNUAL APPROPRIATIONS LIMIT FOR THE FISCAL YEAR 2026-27 IN THE AMOUNT OF $131,672,638

A. Recitals.

(i) The voters of California on November 6, 1979, added Article XIIIB to the State Constitution placing various limitations on the appropriations of the State and local governments; and

(ii) Article XIIIB, as amended in 1990, provides that the appropriations limit for the Fiscal Year 2026-27 is calculated by adjusting the base year appropriations of Fiscal Year 1986-87 for changes in the cost of living and population; and

(iii) The City of Placentia has complied with all of the provisions of Article XIIIB in determining the appropriations limit for the Fiscal Year 2026-27.

B. Resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PLACENTIA DOES HEREBY FIND, DETERMINE AND RESOLVE AS FOLLOWS:

1. That the appropriations limit in Fiscal Year 2026-27 shall be based on the 2025-26 appropriation limit of $128,022,711 as established by Resolution No. R-2025-26, and adjusted based on Proposition 111 guidelines by the California Per Capita Personal Income change of +4.95% and the City population change of -0.02% as reported by the State Department of Finance during May 2026, thus creating a new appropriations limit for Fiscal Year 2026-27 in the amount of $131,672,638.

APPROVED and ADOPTED this 16th day of June 2026

Attachment: Exhibit A GANN Appropriations Limit FY 2026-2027

In November 1979 the voters of the State of California approved Proposition 4, commonly known as the "Gann Initiative" or "Gann Limit." The Proposition created Article XIIIB of the State Constitution placing limits on the amount of revenue which can be spent by all entities of government from the "proceeds of taxes." Proposition 4 became effective for the 1980-81 fiscal year, but the formula for calculating the limit was based on the 1978-79 "base year" revenues, with adjustments being made annually to reflect increases in population and cost of living.

Section 9710 of the California Government Code, added in 1980 by the State Legislature, provides that "each year, the governing body of each local jurisdiction shall, by resolution, establish its appropriations limit for the following year." In June of 1990 the California Voters approved Proposition 111. Among other things, Proposition 111 provided new adjustment formulas, which make the Appropriations Limit more responsive to local growth issues. Only tax proceeds are subject to the limit. Charges for services, regulatory fees, grants, loans, donations and other non-tax proceeds are not subject to the limit. Proposition 111 also established a requirement for an annual review of Limit calculations. Each year the City Council must adopt by resolution the City's appropriations limit for the following year. The following is the calculation for the City's Gann Appropriations Limit for FY2026-27.

The City of Placentia's annual appropriation limit has been determined in accordance with Article XIIIB of the California State Constitution and Section 7902 of the California Government Code. The City will be below its legal appropriations limit by $77,347,205 using the per capita personal income growth and county population growth factors.

GANN APPROPRIATIONS LIMIT CALCULATION FY 2026-27	
FY 2025-26 Appropriations Limit	$128,022,711
Population Growth (City or County) = -0.02%	0.9800
Cost of Living (Per Capita or Non-residential construction growth) = 4.95%	1.0495
FY 2025-26 Appropriations Limit ($128,022,711 x 0.9800 x 1.0495)	$131,672,638

City Directory

The City Council consists of five members elected by the district. Council terms are four years, with elections held every two years. Either two or three members are elected in any given election cycle. Every year, the current City Council Members, elect a Mayor and Mayor Pro Tempore who serve for one year. The City Council also serves as the governing body for the Successor Agency, Public Finance Authority and the Placentia Industrial Commercial Development Authority. City Council members may not serve more than three consecutive terms and are responsible for selecting and reviewing the City Administrator who is responsible for managing the day-to-day operations of the City and implementing the policies set by the City Council.

Distinguished Budget Presentation Award

PRESENTED TO

City of Placentia
California

For the Fiscal Year Beginning

July 01, 2025

Executive Director

OFFICE OF THE CITY ADMINISTRATOR

TO: HONORABLE MAYOR AND CITY COUNCIL

FROM: JENNIFER LAMPMAN, CITY ADMINISTRATOR

DATE: June 16, 2026

SUBJECT: FISCAL YEAR 2026-27 OPERATING BUDGET AND CAPITAL IMPROVEMENT PROJECT PROGRAM

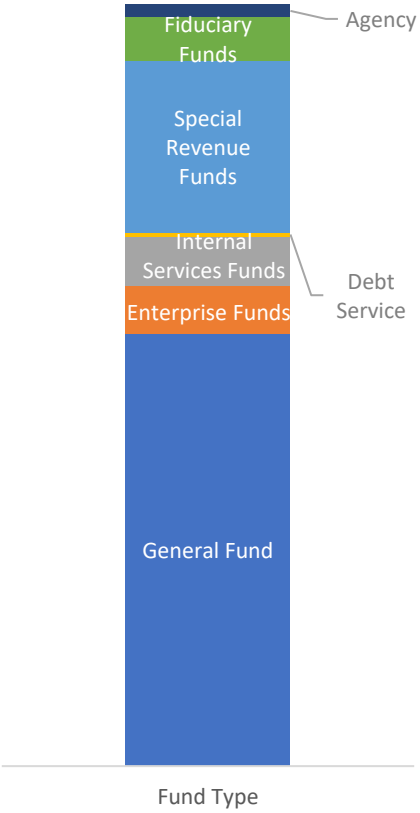
In compliance with City Charter Section 1203, it is my pleasure to present the City of Placentia's adopted Fiscal Year (FY) 2026-27 Operating Budget and Capital Improvement Program. The adopted budget provides a funding guide that reflects the City's priority to provide effective, high-quality public services that foster safety, quality of life, and economic prosperity throughout our community.

The proposed budget was developed with a focus on repositioning the City's financial position to one that's sustainable in both the short and long term; prioritizes economic development that will enhance the City's sales and transient occupancy tax base; enhances public safety; replenishes reserves; and allows flexibility to respond to changes in the economy outside our control such as tariffs, inflation and changes in consumer spending.

The City, like many other public agencies, is facing economic challenges that have necessitated a return to fundamentals wherein every program, contract, capital project and service offered by the City have been scrutinized with only the most vital included in the Proposed Budget. While challenging, this analysis enabled the City to focus its resources on providing the highest level of service in its core functions while pausing or reassessing auxiliary programs.

Centennial celebration has begun with events planned throughout the year to celebrate one hundred (100) years of the Placentia community! In addition, the City continues to improve the city's infrastructure with a renewed emphasis on street improvements, renovations of parks and playgrounds and several new businesses recently opened or opening soon within the community such as Juan Pollo, Coldstone, Chai Society and a variety of coffee houses.

FY 2026-27 Budget Summary



The proposed FY 2026-27 Operating Budget is $97.4 million, an increase of 5.07% from the FY 2025-26 adopted budget. These expenses are supported by $97.6 million in revenue, an increase of 8.81% from the FY 2025-2026 adopted revenues. These total figures reflect revenues and expenses for all funds citywide including the General Fund, Enterprise Funds, Debt Service Funds and Special Revenue Funds.

Enterprise Funds are proprietary funds supported by user fees and charges that operate much like a private business. The rates charged to customers for these services cover the costs of operation, maintenance and capital and infrastructure improvements. The City maintains two Enterprise Funds, the Sewer Fund and Solid Water (Refuse) Fund. Budgeted expenditures for FY 2026-27 for these funds are $8.4 Million for both operating and capital expenses.

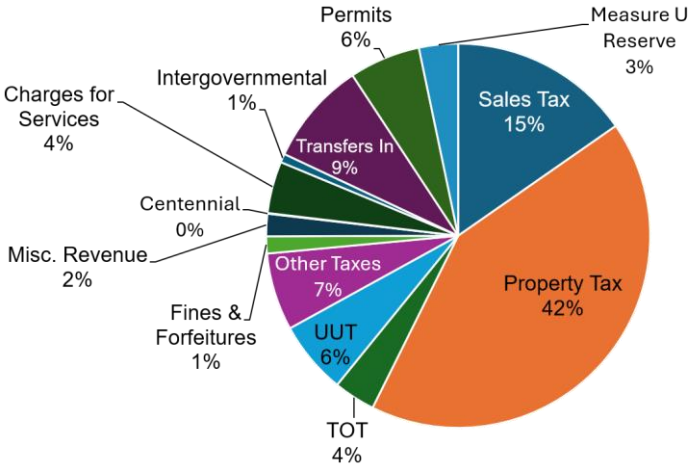
Internal Service Funds, including employee health and welfare, risk management, and equipment replacement account for activities provided to one City department by another City department. The proposed FY 2026-27 budget includes $6.2 million in funding for these funds.

Special Revenue Funds are funds legally restricted to a specific purpose. Examples of Special Revenue Funds include the Gas Tax Fund and the Community Development Block Grant (CDBG). In total, expenses in Special Revenue Funds are budgeted at $19.4 million for FY 2026-27 inclusive of Measure U.

Proposed revenues and expenses by fund type are outlined below:

Fund Type	Revenues & Transfers In	Expenditures & Transfers Out	Net Incr/ (Decr) to Fund Balance
General Fund	56,519,981	54,763,281	1,857,200
Special Revenue	18,911,442	20,377,146	(1,465,704)
Enterprise	8,562,679	8,439,058	123,621
Internal Service	6,172,000	6,250,500	(78,500)
Fiduciary	5,253,068	5,253,068	0
Agency	2,151,958	2,151,958	0
DIF	0	208,560	(208,560)
Totals	**$97,571,128**	**$97,443,570**	**$127,557**

General Fund



The General Fund is the primary operating fund of the City and supports fundamental services including police, fire and life safety, development services, community services and general administration. Revenue for this fund comes from general taxes such as property tax, sales tax, transfers from Measure U, transient occupancy taxes as well as a variety of user and permit fees and other smaller sources. The FY 26-27 proposed budget for the General Fund is $54.8 million in operating expenses, an increase of $2.3 million or 3.98% from the 2025-26 adopted Budget, supported by $56.5 million in operating revenue, an increase of $3.2 million or 5.61% from FY 2025-26 adopted revenues.

FY 2026-27 budget *does not* incorporate the use of the 20% reserve contribution from Measure U of $1.9 million outlined in Policy 460 to support day-to-day operations. Instead, these funds will be added to the General Fund Measure U Contingency Reserve to replenish reserve funds which have been decreased in recent years due primarily to the construction of the public safety building and Memoranda of Understanding (MOU) driven labor costs.

General Fund Revenue Highlights

Property Tax revenue in FY 2026-27 is projected to be $23.8 million, an increase of $940,488, or 4.40% more than FY 2025-26 adopted revenues. Increases in property tax are due to a combination of property turnover and resulting reassessments and the two percent (2%) per year inflation factor for property assessments allowable under Proposition 13. The City continues to maintain a high number of properties assessed at their pre-1978 value, with 12.7% of all citywide parcels and 10% of single-family residences still assessed well below market value. As these properties turn over and are assessed at market value, the City's property tax should continue to increase at a higher percentage than the 2% maximum CPI allowable under Proposition 13.

Sales Tax, excluding Measure U, is projected to be $8.6 million, 0.12% from FY 2025-26 projections. While an increase over the current fiscal year, the projected figure is still $90,000 lower than the amount of sales tax the City received three years ago in FY 2022-23. This trend is not unique to Placentia as sales tax is directly impacted by economic fluctuations due to inflation, tariffs, a potential recession and other influences such as minimum wage increases and store closures. The City's sales tax consultant is projecting an increase in sales tax of 2.2% statewide in FY 2026-27 for all retail categories with increases in fuel/ service stations (3.9%), restaurants/ hotels (1.9%), State and County pools (2.5%), building/ construction (1.3%) and food/ drugs (0.4%). Specific reasons behind their projections include:

- The expiration of federal electric vehicle tax credits in September 2025 caused a sharper-than-anticipated 4Q25 decline in auto sales as many consumers advanced purchases to take advantage of the incentive. Consequently, the current-year forecast is modestly revised downward. Additional uncertainty stems from the onset of conflict involving Iran, which contributed to higher fuel prices. This dynamic temporarily delayed vehicle purchases and may

shift consumer preferences toward more affordable, fuel-efficient models.

- Fuel-related taxable sales entered 2026 with significant volatility following a weaker outcome in fourth quarter 2025. Geopolitical tensions involving Iran drove sharp swings in crude markets, with West Texas Intermediate (WTI) prices fluctuating between $80 and $120 per barrel in March. Structural supply pressures—including the closure of the Phillips 66 refinery in Los Angeles and the scheduled shutdown of Valero's Benicia refinery in April along with CARB regulations—are compounding upward price risks.
- Consumers remain highly value-conscious, and the restaurant industry continues to contend with elevated labor and operational costs. Several national chains are closing underperforming locations while reallocating resources toward higher-growth markets.
- Use tax pool collections exceeded expectations in the fourth quarter of 2025, driven largely by e-commerce marketplace sellers and retailers with a strong online presence. Additional one-time gains were observed in select counties from business-related segments such as energy-utilities and the Franchise Tax Board for self-reported sales activity.

Transient occupancy tax (TOT), otherwise known as the "bed tax" is a 10% tax paid by visitors staying overnight in one of our local hotels and/or short-term rentals operating within the City. The Proposed Budget assumes $2.0 million in revenue, 3.5% higher than the FY 2025-26 adopted TOT. This increase is due to a combination of growth in the travel industry, higher nightly hotel rates and a slightly higher number of short-term rentals operating within the City.

Fines & Forfeitures are projected to increase 20.10 % to $811,033 from the prior fiscal year due mainly to increases in parking citations.

Intergovernmental revenue is from outside government agencies including County, State and/or Federal sources and are usually related to grants and/or reimbursement for mandated training in the Police Department and capital projects. Revenues for FY 2026-27 are projected at $413,900, a decrease of $37,000 from FY 25-26 adopted revenues.

Revenue Type	FY 2025/26 Adopted Budget	FY 2026/27 Proposed Budget	Variance to FY25/26 Adopted Budget
Property Taxes	22,755,799	23,757,098	4.40%

Total Transfers In	5,120,100	6,791,597	32.65%
Total Resources	**53,269,665**	**56,489,981**	**6.05%**

General Fund Expenditure Highlights

General Fund expenditures are broken into three distinct types- operating, debt service and capital. Operating expenses are those required to support the day-to-day operations of the City, including personnel expenses, professional services, maintenance expenses and training and are supported by revenue generated in the same fiscal year the expenses occur. Debt service supports the principal and interest payments on loans and bonds the City has used to finance capital projects and/or pension obligations. Capital expenses are one-time expenditures for large purchases such as vehicles, technology upgrades and other equipment that has a useful life exceeding one year and are typically funded with one-time funding sources such as reimbursements, development agreements, or the use of unassigned fund balance.

The Proposed FY 2026-27 General Fund budget includes $48.9 Million in department expenses and $5.8 million for debt service and transfers for a total of $54.7 million. This represents an increase of 6.02% for the General Fund from the FY 2025/26 adopted budget.

Proposed General Fund budgets for the respective departments are listed below:

Department	FY 2025/26 Adopted Budget	FY 2026/27 Proposed Budget	Variance to FY25/26 Adopted Budget
Legislative	1,006,073	944,342	(6.14%)
City Administrator	689,987	821,667	19.08%
Administrative Services	5,548,750	4,905,398	(11.60%)
Human Resources	880,400	869,138	(1.28%)
Community Services	3,830,886	3,131,228	(18.26)%
Development Services	1,627,540	1,588,761	(2.38)%
Finance	1,448,000	1,412,709	(2.44%)
Fire & Life Safety	5,402,550	5,932,606	9.81%
Police	14,584,486	16,209,312	11.14%
Public Works	4,610,350	5,678,973	23.18%
General Government	6,389,943	7,300,664	14.25%
Total Expenditures	**$46,079,965**	**$48,855,799**	**6.02%**

Significant Changes

In preparing this budget, staff initially projected a deficit due to the nominal increase in revenues compared with a significant increase in expenses, many of which were outside the City's control including:

- Increase in the required Unfunded Actuarial Liability (UAL) payment to CalPERS from $917,000 to $1.3 million because of their decrease in rate of return on investments in recent fiscal years. This UAL payment is in addition to the $4.1 million debt service payment for the 2020A lease revenue bonds that were issued to pay off the City's UAL in 2020.
- $2.1 million increase in personnel expenses per various memoranda of understandings and merit increases citywide.

- An increase of $525,000 for general liability and workers' compensation insurance citywide.

- Increased costs of utilities including gasoline, electricity and water.

Other Post-Employment Benefits (OPEB)- The City established a Section 115 trust to mitigate potential investment losses from CalPERS and pre-fund OPEB expenses. The City's most recent actuarial study showed a total OPEB liability of approximately $14.9 million, with the most recent Unfunded Actuarial Liability (UAL) measured at $12.9 million by CalPERS. In Fall 2022 the City Council directed staff to transfer $2.4 million from bond proceeds to the Section 115 trust and approved a Section 115 Trust funding policy aimed at reducing the OPEB liability.

By design, Section 115 trusts can only be used for pension and OPEB expenses such as the UAL payment to CalPERS, and retiree medical expenses. As part of the actions taken to reduce the initial budget deficit, the Proposed FY 2026-27 Budget includes funding for the *increase* in the required CalPERS UAL payment ($333,686) and an additional one-time use of $348,768 for retiree health expenses. As of April 30, 2026, there is $2.65 million in the Section 115 trust.

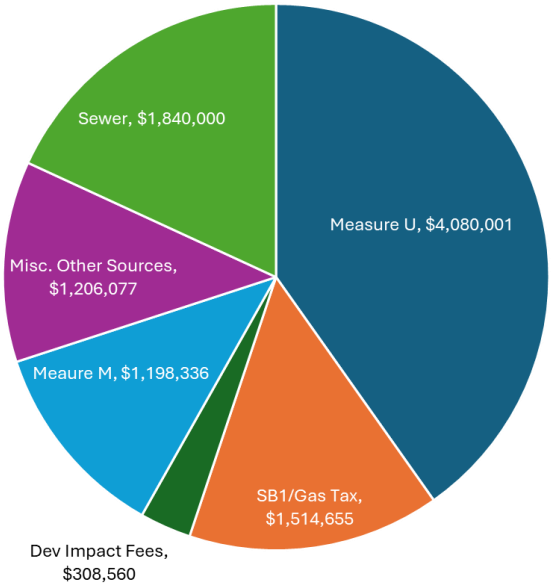
Policy 460 - Per Policy No. 460, which guides the allocation of funds received from Measure U, if the General Fund reserve level falls below twenty five percent (25%), the percentage allocated to infrastructure is supposed to decrease from fifty percent (50%) to forty percent (40%) with the reserve funding increasing from ten percent (10%) to twenty percent (20%). During the FY 2025-26 Mid-year Budget review, the projected reserve fell below 25% threshold triggering the reduction in Measure U funds dedicated to infrastructure.

The General Fund reserve is projected to be 20.63% at June 30, 2027.

Centennial Celebration – The City of Placentia's Centennial celebration has kicked off in 2026 with events scheduled throughout the year to celebrate the founding of the community one hundred years ago. The Centennial Committee is soliciting sponsorships to offset the costs of these events, however, to ensure there is sufficient funding, the budget includes $30,000 to support these events. Any sponsorship funds received will reduce the impact on the General Fund as those dollars will be spent first.

Position Allocation (Staffing)

The FY 2026-27 proposed budget includes 194 authorized full-time equivalent (FTE) positions, 7.0 elected officials as well as authorization for 4.0 FTE unfunded over hires in the Police and Public Safety Communication Departments. There are a few staffing changes included in the FY 2026-27 budget.



Staffing changes include:

1. Reclassification of one (1.0 FTE) vacant Facilities Maintenance Technician to Facilities Maintenance Technician II ($*10,000 annual costs*). This position leads the Facilities Maintenance team and is a point of contact for the public.

2. Proposal of one (1.0 FTE) Information Technology Specialist in the IT Department (*$0 increase in annual salaries offset by equal decrease in contract costs*). In FY 2025-26, the city eliminated the IT Sergeant position in the Police Department, reallocating some of the salary savings to contract IT support to evaluate the level of support needed citywide. IT staff has reviewed the types of IT services performed this past year, as well as future needs, and is proposing the addition of an Information Technology Specialist.

Capital Improvement Program

The City's Capital Improvement Program (CIP) identifies major public improvements to the City's infrastructure over the next several years and includes new projects, upgrades to existing facilities as well as rehabilitation of streets and roadways. Funding for projects scheduled for FY 2026-27 are included in the proposed budget, with the majority of the scheduled projects funded by Measure U, Gas Tax, Development Impact Fees (DIFs), bonds, grants and other reimbursements. The CIP for FY 2026-27 includes 19 new projects/capital purchases for a combined total of approximately $10.2 million.

In recent years, the City has commissioned several important studies including a Facility Needs and Condition Assessment of all city facilities, Information Technology Master Plan to assess and prioritize infrastructure needs as well as a citywide Americans with Disabilities Act (ADA) study. As expected, these studies revealed a significant backlog of capital needs with substantial investment recommended over the next decade. With limited financial resources available, staff prioritized proposed projects based upon urgency and/or adherence to ongoing City Council priorities and presented the proposed CIP to the City Council at a special study session in March, 2026.

Major projects scheduled include roadway rehabilitation, City Hall roof, PD women's locker room renovation, IT server and network upgrades, public safety IT modernization and cybersecurity upgrades, and the Los Vaqueros playground renovation.
Due to the scale and complexity of capital improvement projects, they often span two or more fiscal years. In addition to the 19 new projects proposed for FY 2026-27, previously approved projects that are in progress and are not yet complete will be carried over into FY 2026-27 after the close of FY 2025-26 by a separate City Council action. Despite the large number of new and ongoing projects, several needed capital projects remain unfunded this fiscal year, and future completion depends on identifying and securing additional funding.

Conclusion and Final Comments

In closing, I would like to express my sincere appreciation to City staff for their hard work and dedication to the community and for the collaborative effort demonstrated in the development of this budget and the capital improvement program. As our City and surrounding communities grapple with financial and economic challenges, our Staff continue to prioritize providing high quality customer service, public safety and improving infrastructure while remaining focused on long-term fiscal sustainability.

I want to also thank the City Council for its continued effective policy leadership and support, under which the City continues to be a leading example of resilience, excellence, and opportunity.

Respectfully submitted,

Jennifer Lampman
City Administrator

The City's Strategic Plan is comprised of the City's mission statement, goals and objectives, and an action plan. The Strategic Plan is reviewed and updated annually by the City Council and the City's executive management team at focused strategic planning sessions. Strategic Planning sessions are facilitator led, open to the public and result in measurable objectives for the upcoming year.

The most recent Strategic Planning session took place in 2025. Participants brainstormed the City's current strengths, weaknesses, challenges, and opportunities before developing new objectives in line with the established Strategic Goals. These new measurable objectives will be presented to the City Council by staff within the upcoming year.

The FY 2026-27 budget was constructed and developed specifically to support these goals and objectives and reinforce the commitment the City makes to prioritize its core values.

Mission Statement

The City Council is committed to keeping Placentia a pleasant place by providing a safe family atmosphere, superior public services and policies that promote the highest standards of community life.

Vision Statement

The City of Placentia will maintain an open, honest, responsive and innovative government that delivers quality services in a fair and equitable manner while optimizing available resources.

Strategic Plan Goals

Goal 1- Fiscal Sustainability

Goal 2- Public Safety

Goal 3- Infrastructure, Facilities, & Public Spaces

Goal 4- Economic Development

Goal 5- Organizational Excellence

GOAL 1: FISCAL SUSTAINABILITY

Obj. No.	Dept. Assigned	Objective Description	Completion Timeframe
1.1	Admin	Review and update Reserve Policy	1 Year
1.2	Admin	Continue efforts to seek and obtain new sources of state and federal grants, including Federal and State earmarks and Biden Infrastructure Package	1-3 Years
1.3	Finance	Update Fee Study/Cost Allocation Review	1-3 Years
1.4	Admin/Eco Dev	Protect and preserve existing economic development/property nodes throughout the City to maximize revenue opportunities.	1-3 Years
1.5	Admin/Finance	Continue seeking ways to diversify the City's revenue sources to prevent over-reliance on any one source (Measure U/Property Tax).	1-3 Years
1.6	Finance	Update the existing 10-Year Financial Plan	3+ Years
1.7	DS/Econ Dev	Identify ways to monetize the new Citywide fiber optic system	1-3 Years

GOAL 2: PUBLIC SAFETY

Obj. No.	Dept. Assigned	Objective Description	Completion Timeframe
2.1	Fire/Police	Consider sharing of services to other cities (Police and Fire)	1-3 Years
2.2	Fire/Police	Bolster ranks of police and fire personnel (fill all vacancies)	1-3 Years
2.3	Police/Fire/Emergency Communications	Improve communication and operational efficiency between Police, Fire and Communications	1-3 Years
2.5	Admin	Implement Community Paramedic Pilot Program	1-3 Years
2.6	Fire	Create Community Risk Assessment Standards of Cover Document	1-3 Years

GOAL 3: INFRASTRUCTURE, FACILITIES, & PUBLIC SPACES

Obj. No.	Dept. Assigned	Objective Description	Completion Timeframe	Status
3.1	CS/PW	Implement Placentia Senior/Community Center Project	1-3 Years	
3.2	CS/PW	Implement the Placentia Parks Initiative Plan	1-3 Years	
3.3	PW	Examine more multi-modal transportation options	1-3 Years	
3.4	PW/Finance	Update Vehicle and Major Equipment Replacement Policy	1 Year	
3.5	Police	Analyze security improvements at all public facilities	1 Year	
3.6	PW	Implement the 2022 Pavement Management Plan Report to prioritize streets and roads	1 Year	
3.7	PW	Complete the Civic Center Improvement Project (HVAC/Solar Battery/Roof/EV Charging)	1-3 Years	
3.8	PW/Finance	Establish a 5-7 Year CIP	1 Year	

GOAL 4: ECONOMIC DEVELOPMENT

Obj. No.	Dept. Assigned	Objective Description	Completion Timeframe	Status
4.1	Admin/PW	Develop a lobbying plan that will result in construction of a Metrolink Station and Parking Structure	1-3 Years	
4.2	DS/Econ Dev	Include promotion of Citywide fiber in City economic development recruitment and retention strategies	1-3 Years	
4.3	DS/Econ Dev	Continue to recruit and attract retail, hotel and other commercial businesses that complement adjacent City assets and attractions (Anaheim Resort District, Cal State Fullerton, OC Vibe and Angel Stadium Projects)	1-3 Years	
4.4	Admin/DS	Complete financing structure for Old Town EIFD	1 Year	
4.5	DS	Initiate the Chapman Corridor Specific Plan	1 Year	
4.6	DS	Create Design Review Guidelines and Procedures	1 Year	
4.7	DS	Establish Old Town Historic District	1-3 Years	
4.8	DS	Update Economic Development Strategic Plan	1-3 Years	

4.9	DS	Facilitate Affordable Housing along Baker Street	1-3 Years	
4.10	DS	Implementation of Housing Element Strategies	1 Year	
4.11	CS/DS	Secure funding to address homelessness	1-3 Years	
4.12	DS	Secure funding to address affordable housing	1-3 Years	

GOAL 5: ORGANIZATIONAL EXCELLENCE

Obj. No.	Dept. Assigned	Objective Description	Completion Timeframe	Status
5.1	Admin/HR	Update all rules and procedures to be consistent with MOUs and State/Federal regulations	1-3 Years	
5.2	Admin	Monitor Legislation, unfunded mandates and ballot measures from Sacramento	1 Year	
5.3	Admin	Initiate Council/City Administrator team building process	1 Year	
5.4	Admin	Update Administrative Policy Manual for Ad Hoc Committees	1 Year	
5.5	Admin	City Attorney coordination and evaluation	1 Year	
5.6	Admin	Update City Council Code of Conduct and Code of Ethics	1 Year

CAPITAL PROJECTS

General Fund Budget
FISCAL YEAR 2026-27

1777

The Capital Improvement Program (CIP) identifies major public improvements to the City's infrastructure over the next five years and includes new projects, upgrades to existing facilities as well as rehabilitation of streets and roadways.

Capital Projects

Each year as part of the budget process, the CIP is reviewed and updated to ensure the City's priorities and needs have not changed from the prior year, and to confirm there is sufficient revenue to support the projects planned.

Funding for capital projects is appropriated within the current fiscal year budget. For any multi-year projects that are not completed at fiscal year-end, a continuing appropriation for the unspent balance will be carried over into the following year's budget. In general, the CIP budget provides funding for infrastructure construction and rehabilitation, while the operating budget and other special funds provide funding for routine infrastructure maintenance.

In addition to capital projects identified in the Capital Improvement Program, the city is working towards developing a seven-year replacement or maintenance schedule for all city assets related to government buildings; equipment, tools, office furniture; information technology; and rolling fleet so it can forecast and plan for future funding needs. An annual review and update of the City's needs has been completed and the Fiscal Year 2026-27 budget includes funding for those capital replacement items that need to be purchased, with the limited resources available. Notable Capital Projects for Fiscal Year 2026-27 includes replacement of Police Patrol units, Radios for public safety and park amenities such as benches, trash cans and picnic tables, playground replacement, needed improvements of roof at City Hall, expansion of the Police woman's locker room, and Old Town Sewer Rehabilitation. The City will also continue to work on ongoing projects from the Fiscal year 2025-26

Included in Information technology will be the regular replacements of older computer workstations, and servers.

FY2026-27 Proposed Capital Projects

CITY OF PLACENTIA
CAPITAL IMPROVEMENT PROJECT INFORMATION

PROJECT TITLE: FY 26-27 Residential Roadway Rehabilitation Project

PROJECT #: 27-104

DEPARTMENT:
Public Works
DEPT. PROJECT MGR:
Gabriel Guerrero

PROJECT DESCRIPTION: Scope of work includes the placement of crack seal and slurry seal, grinding and overlaying the existing pavement section, full depth reconstruction, adjusting utilties to grade, striping, removing and replacing damaged sidewalk, curb and gutters.

PROJECT NEED: The residential streets located in the northwestern portion of the City have not received pavement treatment for approximatly 30+ years. These streets are in some of the poorest condition Citywide and require immediate rehabilitation

CITY OF PLACENTIA
CAPITAL IMPROVEMENT PROJECT INFORMATION

PROJECT TITLE: Rose Drive Rehabilitation from Alta Vista to Yorba Linda Boulevard

PROJECT #: 27-103

DEPARTMENT:
Public Works
DEPT. PROJECT MGR:
Gabriel Guerrero

PROJECT DESCRIPTION: This project would rehabilitate 0.9 miles of pavement along Rose Drive between Alta Vista Street and Yorba Linda Boulevard. The project include grinding the top two inches of pavement and resurfacing the road with two inches of asphalt. Striping would include the addition of a Class II bike lane.

PROJECT NEED: Rose Drive is categorized as in "poor" condition with a PCI below 60. Improvements of roadway conditions before the PCI reaches "very poor" is crucial to success, as costs exponentially increase the worse the PCI is

CITY OF PLACENTIA
CAPITAL IMPROVEMENT PROJECT INFORMATION

PROJECT TITLE: Public Safety IT Infrastructure Project

PROJECT #: 27-603

DEPARTMENT:
Information Technology
DEPT. PROJECT MGR:
Daniel Chang

SCHEDULE:
Design Complete:
Construction Complete:
Project Delivery: FY 2026/27

PROJECT LOCATION

CITYWIDE

PROJECT DESCRIPTION: PD Network Segmentation from general City network. IP schema redesign, switch/firewall deployment, CJIS-compliant isolation from City network. Also includes domain .gov transition for compliance with California AB 1637. Required by state law for all local agencies by 2029

PROJECT NEED: Domain transition required by state law for all local agencies by 2029. Other improvements ensure complaince with criminal justice information services federal recommendations

PROJECT TITLE: Los Vaqueros Playground Renovation Project

PROJECT #: 27-701

DEPARTMENT:
Community Services
DEPT. PROJECT MGR:
Lydie Gutfeld

SCHEDULE:

Design Complete:	FY 2026/27
Construction Complete:	FY 2026/27
Project Delivery:	FY 2026/27

PROJECT LOCATION

PROJECT DESCRIPTION: Aging playground at Parque de los Vaqueros is in need of replacement. Proposed playground would be in a fort theme.

PROJECT NEED: Parque de los Vaqueros is in need of playground replacement. Survey results showed that community within walking distance wants an updated fort themed option and more ammenities for the neighborhood.

CITY OF PLACENTIA
CAPITAL IMPROVEMENT PROJECT INFORMATION

PROJECT TITLE: Police Vehicle Outfitting (4 vehicles)

PROJECT #: 27-801

DEPARTMENT:
Police
DEPT. PROJECT MGR:
Tom McKenzie/Teri Knutson

PROJECT DESCRIPTION: The lease of (4) Dodge Durangos and required outfitting.

PROJECT NEED: With the 24/7 type of operational schedule PD vehicles endure, they are recommended for replacement between 70-80k miles. Beyond that mileage maintenance costs and vehicle down time drastically increase

PROJECT TITLE: Fire Department Radio Replacement

PROJECT #: 27-802

DEPARTMENT:
Fire

DEPT. PROJECT MGR:
Api Weinert/Crystal Adams

PROJECT DESCRIPTION: Additional radios for Fire and Life Safety: (3) Replacement radios with comprehensive installation package, and additional batteries to replace the ones purchased in 2020.

PROJECT NEED: As the department increases in size, we begun utilizing the radios set for strike teams/reserves and reassigning them to our front line staff. We need additional radios to replace our reserve radios and replace frontline equipment (batteries, lapel mics, etc.) purchased in 2020.

In November 1979 the voters of the State of California approved Proposition 4, commonly known as the "Gann Initiative" or "Gann Limit." The Proposition created Article XIIIB of the State Constitution placing limits on the amount of revenue which can be spent by all entities of government from the "proceeds of taxes." Proposition 4 became effective for the 1980-81 fiscal year, but the formula for calculating the limit was based on the 1978-79 "base year" revenues, with adjustments being made annually to reflect increases in population and cost of living.

Section 9710 of the California Government Code, added in 1980 by the State Legislature, provides that "each year, the governing body of each local jurisdiction shall, by resolution, establish its appropriations limit for the following year." In June of 1990 the California Voters approved Proposition 111. Among other things, Proposition 111 provided new adjustment formulas, which make the Appropriations Limit more responsive to local growth issues. Only tax proceeds are subject to the limit. Charges for services, regulatory fees, grants, loans, donations and other non-tax proceeds are not subject to the limit. Proposition 111 also established a requirement for an annual review of Limit calculations. Each year the City Council must adopt by resolution the City's appropriations limit for the following year. The following is the calculation for the City's Gann Appropriations Limit for FY2026-27.

The City of Placentia's annual appropriation limit has been determined in accordance with Article XIIIB of the California State Constitution and Section 7902 of the California Government Code. The City will be below its legal appropriations limit by $77,347,205 using the per capita personal income growth and county population growth factors.

GANN APPROPRIATIONS LIMIT CALCULATION FY 2026-27	
FY 2025-26 Appropriations Limit	$128,022,711
Population Growth (City or County) = -0.02%	0.9800
Cost of Living (Per Capita or Non-residential construction growth) = 4.95%	1.0495
FY 2025-26 Appropriations Limit ($128,022,711 x 0.9800 x 1.0495)	$131,672,638

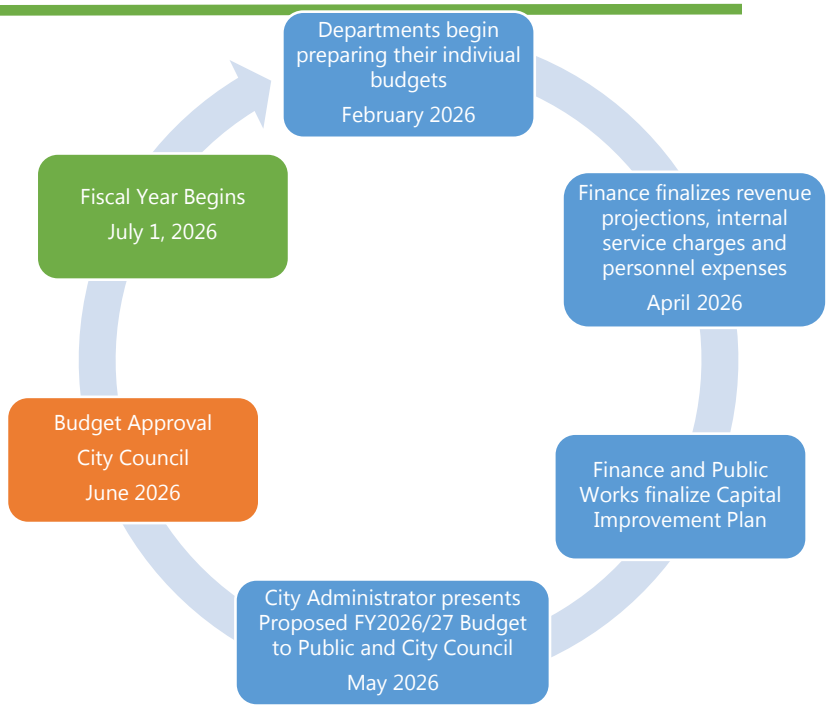
One of the chief responsibilities of the City of Placentia to its residents is the care of public funds. These budget and financial management policies are designed to ensure the fiscal stability of the City of Placentia and guide the development and administration of the annual operating and capital improvement budgets through wise and prudent management of municipal finances, while providing for the adequate funding of the services desired by the public and the maintenance of public facilities.

Objectives



The City's financial objectives address revenues, cash management, expenditures, debt and risk management, capital needs, budgeting and management. Specific objectives are:

- To protect the policy-making ability of the City Council by ensuring important policy decisions are not dictated by financial problems or emergencies.
- To assist City management by providing accurate and timely information on financial conditions.
- To provide sound principles to guide the fiscal decisions of the City Council and City management.
- To provide essential public and capital facilities and prevent their deterioration.
- To set forth operational principles that minimize the cost of government and financial risk, to the extent consistent with services desired by the public.
- To enhance the policy-making ability of the City Council by providing accurate information on program costs.
- To employ revenue policies that seek to prevent undue or unbalanced reliance on one or a relatively few revenue sources; and,
- To implement a system of internal controls that ensures the legal and appropriate use of all City funds

BUDGET POLICIES

The City develops an annual Operating Budget which:

- Establishes budgets for all funds of the City
- Is balanced as to resources and appropriations
- Does not exceed state constitutional limits
- Is adopted prior to the beginning of the fiscal

year in which they are to take effect
- Allows adjustments to the budget throughout the fiscal year with proper approvals
- Utilizes encumbrances of appropriations as a budgetary control technique
- Is adopted by resolution of the City Council
- Exercises budget controls at the department level

Balanced Budget

The City Administrator will present a balanced budget for adoption by the City Council prior to the beginning of the fiscal year. A balanced budget is defined as operating revenues equal to or greater than operating expenditures, including any debt service obligations. In some years, it is allowable for total expenditures to exceed revenues with the difference supported by unassigned fund balance, if necessary to fund capital improvements projects or other one-time, non-recurring expenditures.

Budget Process & Calendar

The City of Placentia operates on a fiscal year basis, starting July 1 and ending June 30. The budget is prepared by the Finance Department with the support of each operating department under the direct supervision of the City Administrator.

The Finance Department is responsible for coordinating all revenue estimates contained in the budget. Estimates are reached by analyzing revenue history; national and local economic trends and indices; and development patterns in our local economy. Revenue projections used in the context of the annual budget are based on conservative assumptions to assure the City has adequate financial resources to meet its obligations and complete all programs approved by the City Council within the course of the fiscal year. When appropriate, these assumptions and specific program allocations are adjusted during the fiscal year.

The Finance Department coordinates the development of the expenditure and internal service budgets with the support of each operating department and the City Administrator.

The proposed budget is then presented to the City Council and the community in public workshop meetings in May and June for review, public input, and deliberation. After providing opportunities for public review and discussion at City Council workshops and City Council meetings, the budget is adopted by the City Council prior to June 30 at either a regular or special City Council meeting. After adoption, the budget may be amended by the City Council.

Budget Structure:

The budget is prepared using Modified Accrual Basis, which recognizes revenues when they are measurable and available, and expenditures are recognized when the liability is incurred (except long term items like debt).

The General Fund budget, typically referred to as the operating budget, is the City's annual fiscal blueprint. The General Fund is a guide for the receipt and disbursement of funds used to provide daily, routine public services to the community. The General Fund outlines the many municipal services, programs and projects provided by the City during the fiscal year.

Special Funds are used to account for revenues and expenditures that are restricted by law or set aside for a special purpose. Each fund can be classified into one of six categories: Committed or Assigned General Fund Reserve, Special (Restricted), Capital Project, Debt Service, Enterprise, Internal Service, or Trust and Agency Funds.

The Capital Improvement Program (CIP) budget details the acquisition, construction or rehabilitation of major capital facilities and infrastructure within the current fiscal year. The CIP budget is used to account for the receipt and disbursement of funds for specific CIP projects. For many projects, revenue resources and expenditures may extend over several years and continuing appropriations will be a part of the annual budget to track multi-year capital projects. In addition, the City will update the seven-year Capital Improvement Plan each budget year. However, the adoption of the plan does not authorize the funding for projects beyond the current fiscal year.

Budget Administration

The Council may amend or supplement the budget at any time after its adoption by majority vote of the Council members. The City Administrator has the authority to make administrative adjustments to the budget as long as those changes will not have a significant policy impact nor affect authorized year-end fund balances.

Each operating department will be responsible for the bottom-line budget within each department/ fund. In addition, each department will ensure that adequate funds are available within each expenditure line item before a purchase is made. Departments are required to complete a budget transfer form and get approval to move budgeted money from one operating line item to another within the same fund. Only the City Administrator is authorized to transfer budgeted money from/to salaries, internal service or capital line items within the same fund.

Financial Reporting

On a regular basis, the Finance Department will evaluate financial performance relative to the adopted and adjusted budget, and prepare and present reports to the City Administrator, City Department Directors and Managers. The purpose of these reports is as follows:

- Provide an early warning of potential concerns and problems.
- Identify, investigate and correct accounting errors.
- Evaluate and explain significance of on-going variances.
- Give decision makers time to consider actions that may be needed if major deviations in budget-to-actual expenditures or revenues become evident.

General Fund Budgeting

The basic format of the budget shall identify programs within organizational structures. Programs are defined as specific services provided to the public, other departments, or other organizations. All assumptions, transfers and other relevant budget data shall be clearly stated.

The City will avoid budgetary procedures that balance current expenditures at the expense of meeting future years' expenses, such as postponing expenditures, accruing future years' revenues, or rolling over short-term debt. Where possible, the budget and subsequent status reports will integrate performance measurement and productivity indicators.

In instances where specific activities/purchases are authorized by the City Council in a certain fiscal year and remain incomplete and/or unexpended, revenues and/or fund balance may be carried forward, at City Council's discretion, into the next fiscal year to support such activities/purchases through the continuing appropriation authorization.

Provisions will be made for adequate maintenance of capital and equipment and for orderly rehabilitation and replacement within available revenue and budgetary limits. To show the true cost of services, revenues and expenditures will be budgeted and accounted for directly in the appropriate fund. Costs for services provided by Special Funds to General Fund activities will be budgeted as an expense in the General Fund and as revenue to the Special Fund.

Budgetary and accounting procedures will conform to Generally Accepted Accounting Principles (GAAP) for governmental agencies.

Special Fund Budgeting

The term "Special Funds" shall be used to identify all funds other than the General Fund, inclusive of the following fund types: General Reserve, Special Revenue, Capital Projects, Debt Service, Enterprise, and Internal Service Funds. Special Funds shall be created when legally required, requested by the City Council, or to facilitate internal accounting and financial reporting procedures.

The annual budget for each Special Fund shall be prepared in conjunction with the General Fund budget and shall be submitted to the City Council for adoption prior to the beginning of the fiscal year. Special Funds budgetary and accounting procedures will conform to GAAP.

Activities of the Special Funds shall be reported to the City Council on a regular basis consistent with General Fund reporting responsibilities. To show the true cost of services, revenues and expenditures will be budgeted and accounted for directly in the appropriate fund. Costs for services provided between funds will be budgeted as an expense in the fund receiving the services and as revenue to the fund providing the services.

REVENUE MANAGEMENT POLICIES

Sources of Revenue

The City will strive to maintain a diversified and stable revenue portfolio to provide protection from short-run fluctuations in any single revenue source to promote consistent service levels.

Intergovernmental assistance shall be used to finance only those capital improvements that are consistent with the capital improvement plan and local government priorities, and whose operation and maintenance costs have been included in Operating Budget forecasts.

Programs and services funded by restricted revenue will be clearly designated as such. Restricted revenue shall only be used for purposes legally permissible and in a fiscally responsible manner. Restricted revenues shall be used prior to unrestricted revenue as legally permissible.

The City shall develop and maintain methods of forecasting future revenues and expenditures. These methods shall project the City's future revenues and expenditures through a variety of methods including, but not limited to, forecasts of the economy and future development of the City.

Revenue Collection

The City shall strive to improve its tax collection rate through legislative initiative and advocacy at the state level and cooperative effort at the county level.

Revenue Projection

The City will estimate General Fund revenues using an objective and analytical process, as well as documenting and maintaining specific assumptions. In instances where there is uncertainty as to assumptions, conservative revenue projections shall be provided.

Fees and Cost Recovery

User fees and charges shall be established at a level related to the direct and indirect cost of providing the service, wherever possible. The City will recalculate the full cost of activities supported by user fees to identify the impact of inflation and other cost increases. Fees shall be adjusted where appropriate to reflect these increases.

Development process costs and related administrative expenses shall be totally offset by development fees, wherever possible.

In setting user fees and cost recovery levels, the following factors will be considered:

Community-Wide versus Special Benefit: The level of user fee cost recovery should consider the community-wide versus special service nature of the program or activity. The use of general-

purpose revenues is appropriate for community-wide services, while user fees are appropriate for services that are of special benefit to easily identified individuals or groups.

Service Recipient versus Service Driver: After considering community-wide versus special benefit of the service, the concept of service recipient versus service driver should also be considered. For example, it could be argued that the applicant is not the beneficiary of the City's development review efforts: the community is the primary beneficiary; however, the applicant is the driver of development review costs, and as such, cost recovery from the applicant is appropriate.

Effect of Pricing on the Demand for Services: The level of cost recovery and related pricing of services can significantly affect the demand and subsequent level of services provided. At full cost recovery, this has the specific advantage of ensuring that the City is providing services for which there is genuinely a market that is not overly-stimulated by artificially low prices.

Conversely, high levels of cost recovery will negatively impact the delivery of services to lower income groups. This negative feature is especially pronounced, and works against public policy, if the services are specifically targeted to low-income groups.

Feasibility of Collection and Recovery: Although it may be determined that a high level of cost recovery may be appropriate for specific services, it may be impractical or too costly to establish a system to identify and charge the user. Accordingly, the feasibility of assessing and collecting charges should also be considered in developing user fees, especially if significant program costs are intended to be financed from that source.

Grants and Federal Funds

The City shall aggressively pursue all grant opportunities; however, before accepting grants, the City will consider the current and future implications of both accepting and rejecting the monies, including:

- The amount of matching funds required.
- In-kind services needed to be provided.
- Requirements for reporting, earmarking and level of effort requirements.
- The related operating expenses; and
- Length of grant and consequential disposition of service (i.e. is the City obliged to continue the services after the grant has ended).

Gifts, Bequests and Donations to the City

Gifts and donations to the City will be evaluated to determine what, if any, obligations are to be placed upon the City. Gifts and bequests will be considered as "over and above" basic City appropriations and recorded in accordance with the Generally Accepted Accounting Principles.

Any gift, donation and/or bequest given shall solely be used for the purpose intended by the donor. Unrestricted gifts will be expended in a manner deemed best by the City Council and/ or appropriate board or commission.

EXPENDITURE POLICIES

The City will maintain a level of expenditures which will provide for the public well-being and safety of the residents of the community.

City Council approval is required before expending General Fund or contingency reserves.

Unexpended expenditures budgeted in one fiscal year are not automatically carried over into the next budget year. In instances where the purpose for which the expenditure was budgeted has not been completed by the end of the fiscal year, it may be reauthorized in the following fiscal year through the continuing appropriations process. Multi-year CIP projects that are under construction will be carried into the next fiscal year utilizing the continuing appropriations process.

Staffing

The annual Operating Budget will fully appropriate the resources needed for authorized regular staffing and will limit programs to the regular staffing authorized. The City Council will annually approve an Authorized Position Control Schedule. Operating expenditure budgets which have been changed solely as the result of City Council approved labor agreements need not be re-approved by the Council.

Overtime Management

Overtime should be used only when necessary and when other alternatives are not feasible or cost effective.

All overtime must be pre-authorized by a department head or designee unless it is assumed pre-approved by its nature. For example, overtime that results when an employee must respond to an emergency and/or overtime automatically created as a result of a memoranda of understanding.

Department operating budgets should reflect anticipated annual overtime costs and departments will regularly monitor overtime use and expenditures and will be held accountable for such expenditures.

When considering the addition of regular or temporary staffing, the use of overtime as an alternative will be considered. The department will take into account:

- The duration that additional staff resources may be needed.
- The cost of overtime versus the cost of additional staff.
- The skills and abilities of current staff.
- Training costs associated with hiring additional staff.

Overtime which is reimbursable from another government agency such as Fire Strike Teams or mutual aid is not subject to the above requirements. However, such expenses and the resulting reimbursements require City Council approval.

Measure U

The City of Placentia is committed to sound financial policies that maximize the highest level of City services for the people of Placentia. The City Council recognizes the need to protect the City's assets and to ensure long-term financial sustainability.

In November 2018, Placentia voters overwhelmingly approved Measure U, a 1% sales tax increase to help fund the cost of much-needed infrastructure repairs and maintenance as well as public safety and other critical services. To ensure the Measure U funds are spent accordingly, the Placentia City Council voted to update the Policy 460, a reserve policy including guidelines for appropriating new ongoing or one-time unrestricted revenues to be used for specific purposes.

The purpose of these funding allocations is to ensure that the new reserve areas are prioritized long-term and ultimately improve the City's fiscal health. To ensure that the policy is applied consistently by future City administrations and Councils, any modification to this policy requires a supermajority or 4/5ths vote of the City Council. The current allocations of Measure U monies are:

	Before GF Reserve (25%) met	After GF Reserve (25%) met
Infrastructure, Vehicles, and Equipment Reserve	40%	50%
Other Post-Employment Benefits (OPEB) Sustainability Reserve	10%	10%
Employee Recruitment and Retention Reserve (including additional staff)	30%	30%
General Fund Contingency Reserve	20%	10%

Lastly, Measure U also established an independent Citizens Oversight Committee. The Committee reviews and reports on all Measure U expenditure plans and financial reports to ensure spending is consistent with General Fund Reserve Policy No. 460, as outlined in the above table. The Citizens Oversight Committee will meet regularly at meetings that are open to the public.

ACCOUNTING POLICIES

Accounting and Annual Reporting Policies

The City's Annual Comprehensive Financial Report (ACFR) presents the government and its component units' (entities for which the government is considered to be financially accountable) financial and operating activities. The City's blended component units, although legally separate entities, are, in substance, part of the City's operations and financial data from these units are combined with data of the City. The City's financial statements and accounting records are maintained in accordance with the recommendations of the Governmental Accounting Standards Board (GASB).

The government-wide financial statements report information on all the non-fiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, normally supported by taxes and inter-governmental revenues, are reported separately from business-type activities that rely, to a significant extent, on fees and charges for support.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the providers have been met. As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Direct expenses have not been eliminated from the functional categories; indirect expenses and internal payments have been eliminated.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

Taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and are therefore recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered measurable and available only when the City receives cash.

The City reports the following governmental fund types:

- Special Revenue Funds account for proceeds of specific revenue sources that are legally restricted or otherwise designated for specific purposes.
- Debt Service Funds account for the accumulation of resources for and the payment of principal and interest on general long-term debt.
- Capital Projects Funds account for financial resources used for the acquisition or construction of infrastructure and major capital facilities.

The City reports the following proprietary funds:

- The Sewer Maintenance Fund accounts for the fees and services for sewer activities.
- The Refuse Fund accounts for the fees and services for trash disposal.

Additionally, the City reports the following fund types:

- Internal Service Funds account for operations that provide services to other departments of the City on a cost reimbursement basis. These services include self-insurance (liability/workers compensation); acquisition, replacement and maintenance of the City's vehicle fleet & equipment; Strategic IT technology equipment; and employee benefits.
- The Other Post-Employment Benefit (OPEB) Trust Fund accounts for the resources set-aside for pre-funding OPEB obligations.
- Agency Funds are used to account for various activities in which the City acts as an agent, not as a principal. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.
- Successor Agency activity is accounted for in a Private-Purpose Trust Fund.

Audit and Financial Reporting

Each year an audit will be conducted by an independent Certified Public Accountant Firm (CPA Firm). The selection of the independent CPA Firm shall be in conformance with the City's professional services bidding procedures. Generally, the City shall request bids for audit services no less frequently than every five years. The CPA Firm shall provide the City Council with an Audit Communication Letter addressing significant findings of the auditors in conjunction with their opinion on the City's Comprehensive Annual Financial Report. These reports shall be submitted to the City Council within sixty (60) days of receipt of the report.

During the annual budget process, the City will make available a preliminary year-end, unaudited, General Fund fund balance. It should be recognized, however, that the balance provided is subject to both unforeseen financial transactions of a material nature and subject to the findings of the independent audit. An audit verified year-end balance will be available by the end of December and will be included within the year-end financial analysis report.

The City will use generally accepted accounting principles in preparing its annual financial statements and will strive to meet the requirements of the GFOA's Award for Excellence.

INVESTMENT POLICIES

The City has adopted a formal Investment Policy that is reviewed annually and approved by the City Council. The City's Investment Policy is intended to provide specific criteria for the prudent investment of City funds with the goal of enhancing the economic status of the City while protecting pooled funds and meeting daily cash flow demands.

The Investment Policy is in conformance with all federal, state and local laws governing the investment of monies under the control of the City Treasurer and applies to the City's Pooled Investment Portfolio. The portfolio includes the General Fund, Capital Project funds, Debt Service funds, Trust & Agency, Proprietary funds, Special Revenue funds, Reserve funds and Other funds as created.

Financial assets held and invested by trustees or fiscal agents are subject to and governed according to the regulations established by the State of California pertaining to local agencies as well as any relative bond indentures or trust agreements.

Delegation of Authority

- The Placentia Municipal Code and the authority granted by City Council assign the responsibility of investing unexpended cash to the City Treasurer, an elected position.
- The City Treasurer may delegate daily investment activity, such as carrying out the treasurer's investment instructions, confirming treasury transactions and other routine activities.
- Investments with a maturity of greater than five years must be approved by the City Council.

Prudence

- The treasurer operates the City's pooled cash investment program under § 53600.3 of the California Government Code, applicable state laws, and a Prudent Investor Rule. This affords a broad spectrum of investment opportunities so long as the investment is deemed prudent and permissible by the State of California, various bond indentures and the City's Annual Investment Policy. The treasurer strives to invest 100% of idle funds.

Treasury Objectives

- The City will diversify use of investment instruments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions, or maturities.
- The Treasurer maintains a diversified portfolio to accomplish the primary objectives in the following order of priority: safety, liquidity, and yield.

Maximum Maturities

- Maturities of investments will be selected based on liquidity requirements to minimize interest rate risk and maximize earnings. Current and expected yield curve analysis will be monitored and the portfolio will be invested accordingly.
- The City will not invest in securities maturing more than five (5) years from the date of trade settlement, unless the City Council has by resolution granted authority to make such an investment.

Portfolio Reporting

On a quarterly basis, or as otherwise requested by the City Administrator, the City Treasurer shall provide the City Council a report indicating each of the City's investments. The report shall include a statement certifying the ability of the City to meet its expenditure requirements for the next six months or provide an explanation as to why sufficient money shall, or may not, be available. The investment portfolio report shall include market information for all investments.

Authorized Investments

The City is governed by the California Government Code, §§ 53600 et seq. Within the context of these limitations and based on the cost at time of purchase. A more detailed list of authorized investments is in the adopted Investment Policy.

FUND BALANCE POLICY

To maintain the City's credit rating and meet seasonal cash flow shortfalls, economic downturns or a local disaster, the budget shall provide for an anticipated fund balance for general government and enterprise fund types. Fund balance shall be exclusive of all restrictions, commitments, and assignments not available for use in emergencies and contingencies.

There are almost always important limitations on the purpose for which all or a portion of the resources of a governmental fund can be used. The forces of these limitations can vary significantly, depending upon their source. Therefore, the various components of fund balance are designed to indicate, "…the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the fund can be spent." Fund balance is categorized in five classifications, depicting the relative strength of the spending constraints placed on the purposes for which the resources can be used. The five classifications are:

Non-spendable: amounts not in spendable form or are required to be maintained intact (inventories, prepaid items, endowment)

Restricted: portions of fund balance that reflect resources subject to externally enforceable legal restrictions. Amounts constrained to specific purposes by their providers, through constitutional provisions, or by enabling legislation (bond proceeds, Pension Trust Fund assets, Measure M, creditors, grantors, restricted donations or contributions)

Committed: amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority (City Council), and remains binding unless removed in the same manner

Assigned: amounts a government intends to use for a specific purpose; intent can be expressed by the governing body, or by an official or body to which the governing body delegates the authority (year-end encumbrances, infrastructure and rehabilitation funding)

Unassigned: amounts available for any purpose; reported only in the General Fund

Internal Service Funds

Fleet Management: The City has established and maintains a Fleet Management Fund to provide for the timely replacement of vehicles and related equipment. The amount retained in this fund, coupled with the annual contributions received by it from any source, shall be adequate to fully fund the replacements approved in the seven-year Capital Improvement Plan Plan in any given year. The City is currently striving to meet this goal. The FY 2026-27 budget does not set aside funding for future capital needs.

Information Services Fund: The City has established an Information Services Fund to provide for the timely replacement of information technology, both hardware and software. The amount retained in this fund, coupled with annual contributions received by it from any source, shall be adequate to fully fund the improvements included in the seven-year Capital Improvement Plan in any given year. The City is currently striving to meet this goal. The FY 2026-27 budget does not set aside funding for future capital needs.

Employee Benefits: Reserves will be maintained at a level to cover the cost of ongoing employee benefits during each fiscal year.

Self-Insurance: Reserves will be maintained at a level which, together with purchased insurance policies, adequately protect the City.

CAPITAL IMPROVEMENT POLICIES

The City utilizes the following policies to govern its Capital Improvement Program and the use of special funds that address community capital project needs.

Seven-Year Capital Improvement Program

The City Administrator shall develop and maintain a seven-year projection of capital improvement projects based on the General Plan, Specific Plans, and City Council approved projects. The seven-year projection shall be presented as part of the proposed annual budget. The Capital

Improvement Program (CIP) should be tied to projected revenue and expenditure constraints. Future planning should consider periods of revenue surplus and shortfall and adjust projects and programs accordingly. The seven-year projection shall include new capital projects, rehabilitation needs and long-term maintenance.

Capital Improvement Program (CIP) -- Current Fiscal Year Appropriation

The current fiscal year CIP budget details the projected costs of acquisition, design, construction or rehabilitation of major capital facilities and infrastructure. The Measure U Fund and other special revenue funds are used to track the receipt and disbursement of funds for specific CIP projects. For many projects, revenue resources and expenditures may extend over several years and continuing appropriations will be a part of the annual budget to track multi-year capital projects.

Accordingly, project appropriations are generally made when contracts are awarded. If project costs at the time of bid award are less than the budgeted amount, the balance will be unappropriated and returned to fund balance or allocated to another project. If project costs at the time of bid award are greater than budget amounts, five basic options are available:

- Eliminate the project.
- Defer the project for consideration to the next Financial Plan period.
- Re-scope or change the phasing of the project to meet the existing budget.
- Transfer funding from another specified, lower priority project.
- Appropriate additional resources as necessary from fund balance.

The City's CIP projects are budgeted on an annual basis. As a result, monies are allocated to projects in the fiscal year the funding sources are identified, available and approved by Council. Annual appropriations for capital projects are contained in the appropriate special funds budget.

Seven-Year Capital Improvement Plan

The City will update the seven-year Capital Improvement Plan each budget year. However, the adoption of the seven-year plan does not authorize the funding of projects identified within the seven-year plan beyond the current fiscal year.

The City's capital improvement plan will recognize the borrowing limitation of not only the City but also the debt tolerance (direct and overlapping debt) of the City as a whole. The adopted annual budget shall contain a seven-year summary projection of revenues and expenditures, which specifies the revenue sources and anticipated allocation schedule for the seven-year CIP. This multi-year plan shall be updated on an annual basis. Individual capital improvement projects shall include a projected cost amount for City administration, whereby project estimates reflect the total cost of the project.

Capital Improvement Funding

Within the limitation of existing law, various funding sources may be utilized for capital improvements. Capital projects shall not be dictated by the nature of funding available except to the extent that the projects meet an initial test required to achieve City goals and to the extent that projects must be placed in priority to utilize outside funding. The City shall actively pursue outside funding sources for all capital improvement projects.

CIP Budget Carryover

Unexpended project balances shall be carried forward to future fiscal years to complete the intent of the original budget, contingent upon approval by the City Council. The annual budget shall identify an estimated "Continuing Appropriation" balance that will be carried over to complete each specific multi-year project. The City Council will adopt by resolution all continuing appropriations after the fiscal year is closed and final numbers are known.

Upon completion of each capital project, unspent funds shall be reported to the City Council through the year-end budget report. The City Administrator shall provide recommendations to redirect the use of unspent capital project funds in the year-end report and the annual budget.

CIP Funding Criteria

The City will use the following criteria to evaluate pay-as-you-go versus long-term financing (pay-as-you-use) in funding capital improvements:

Factors Favoring - Pay-As-You-Go Financing

- Current revenues and adequate fund balances are available, or project phasing can be accomplished.
- Existing debt levels adversely affect the City's credit rating.
- Market conditions are unstable or present difficulties in marketing.

Factors Favoring - Long Term Financing (Pay-As-You-Use)

- Revenues available for debt service are deemed sufficient and reliable so that long-term financings can be marketed with investment grade credit ratings.
- The project securing the financing is of the type which will support an investment grade credit rating.
- Market conditions present favorable interest rates and demand for City financings.
- A project is mandated by state or federal requirements, and resources are insufficient or unavailable.
- The project is immediately required to meet or relieve capacity needs and current resources are insufficient or unavailable.

- The life of the project or asset to be financed is ten (10) years or longer.
- Vehicle leasing when market conditions and operational circumstances present favorable opportunities.

In no case shall projects incur a funding deficit without the approval of the City Council.

ENTERPRISE FUND FEES AND RATE STRUCTURE

Water, Solid Waste and Sewer: The City will set fees and rates at levels which fully cover the total direct and indirect costs, including operations, capital outlay, and debt service—of the following enterprise programs: refuse and sewer maintenance.

Ongoing Rate Review: The City will review and adjust enterprise fees and rate structures as required to ensure that they remain appropriate and equitable.

City Services: In accordance with long-standing practices, the City will treat the refuse and sewer maintenance funds in the same manner as if they were privately owned and operated. This means assessing reasonable charges that are reimbursed to the City for the use of City owned facilities, equipment, vehicles and other related services to fully recover these costs.

Enterprise Fund Debt Capacity: The City will set enterprise fund rates at levels needed to fully cover debt service requirements as well as operations, maintenance, administration, and capital improvement costs. The ability to pay new debt for enterprise operations will be evaluated as an integral part of the City's rate review and setting process.

APPROPRIATIONS LIMIT

The Council will annually adopt a resolution establishing the City's appropriations limit calculated in accordance with Article XIII-B of the Constitution of the State of California, §7900 of the State of California Government Code, and any other voter approved amendments or state legislation that affect the City's appropriations limit.

The supporting documentation used in calculating the City's appropriations limit and projected appropriations subject to the limit will be available for public and Council review at least 10 days before Council consideration of a resolution to adopt an appropriations limit. The Council will generally consider this resolution in connection with final approval of the budget.

The City will strive to develop revenue sources, both new and existing, which are considered non-tax proceeds in calculating its appropriations subject to limitation.

The City will annually review user fees and charges and report to the Council the amount of program subsidy, if any, that is being provided by the General or Enterprise Funds.

The City will actively support legislation or initiatives sponsored or approved by League of California Cities which would modify Article XIII-B of the Constitution in a manner which would allow the City to retain projected tax revenues resulting from growth in the local economy for use as determined by the Council.

The City will seek voter approval to amend its appropriation limit at such a time that tax proceeds are in excess of allowable limits.

DEBT POLICIES

Debt Financing

Debt financing shall generally be limited to one-time capital improvement projects and only under the following circumstances:

- When the project's useful life will exceed the term of the financing;
- When project revenue or resources will be sufficient to service the debt; and
- When the project will benefit the residents of Placentia.

Debt financing shall not be considered appropriate for:

- Investment leveraging purposes,
- Current operating and maintenance expenses except for issuing short-term instruments such as revenue anticipation notes or tax anticipation notes; and
- Any recurring purpose (except as indicated above).

Debt Management

- The City will not obligate the General Fund to secure long-term financing except when marketability can be significantly enhanced.
- An internal feasibility analysis will be prepared for each long-term financing which analyzes the impact on current and future budgets for debt service and operations. This analysis will also address the reliability of revenues to support debt service.
- The City will generally conduct financing on a competitive basis. However, negotiated financing may be used due to market volatility or the use of an unusual or complex financing or security structure.
- The City will seek an investment grade rating (Baa/BBB or greater) on any direct debt and will seek credit enhancements such as letters of credit or insurance when necessary for marketing purposes, availability, and cost-effectiveness.
- The City will monitor all forms of debt annually, coincident with the City's Financial Plan preparation and review process and report concerns and remedies, if needed, to the Council.

- The City will diligently monitor its compliance with bond covenants and ensure its adherence to federal arbitrage regulations.
- The City will maintain good, ongoing communications with bond rating agencies about its financial condition. The City will follow a policy of full disclosure on every financial report and bond prospectus (Official Statement).

Debt Refinancing

General Guidelines: Periodic reviews of all outstanding debt will be undertaken to determine refinancing opportunities. Refinancing will be considered (within federal tax law constraints) under the following conditions:

- There is a net economic benefit.
- It is needed to modernize covenants that are adversely affecting the City's financial position or operations; and
- The City wants to reduce the principal outstanding in order to achieve future debt service savings, and it has available working capital to do so from other sources.

Standards for Economic Savings: In general, refinancing for economic savings will be undertaken whenever net present value savings of at least five percent (5%) of the refunded debt can be achieved.

- Refinancing that produces net present value savings of less than five percent will be considered on a case-by-case basis, provided that the present value savings are at least three percent (3%) of the refunded debt.
- Refinancing with savings of less than three percent (3%), or with negative savings, will not be considered unless there is a compelling public policy objective.

Legal Debt Margin

Under state law, the City has a legal debt limitation not to exceed 15% of the total adjusted assessed valuation of taxable property within City boundaries. In accordance with California Government Code § 43605, only the City's general obligation bonds are subject to that legal debt limit. The City has no outstanding general obligation bonds.

Legal Debt Limit Calculation (General Obligation Debt)	
Assessed Valuation, FY 2025-26*	$9,995,957,277
Adjusted Assessed Valuation (x25%)	$2,498,914,319
Legal Debt Limit- 15% of Adjusted Assessed Valuation	$374,837,148
Total Net Debt Applicable to Limitation: General Obligation Bonds	$0
Percentage of Debt Applicable to the Legal Limit:	0%

Interest	223,230	88,349	118,943	61,387	1,323,181	17,989,256	7,181,450

The City has issued debt to support large capital projects and initiatives such as the creation and start up of the Placentia Fire and Life Safety Department in 2020 as well as the public safety building that is currently under construction. Additionally, the City issued debt in 2020 to pay off the City's unfunded actuarial liability for pension debt with CalPERS. The City balances the need to issue debt for larger purchases with the impact the ongoing debt service commitments have on the City's operating budget.

CONTRACTING FOR SERVICES

General Policy Guidelines

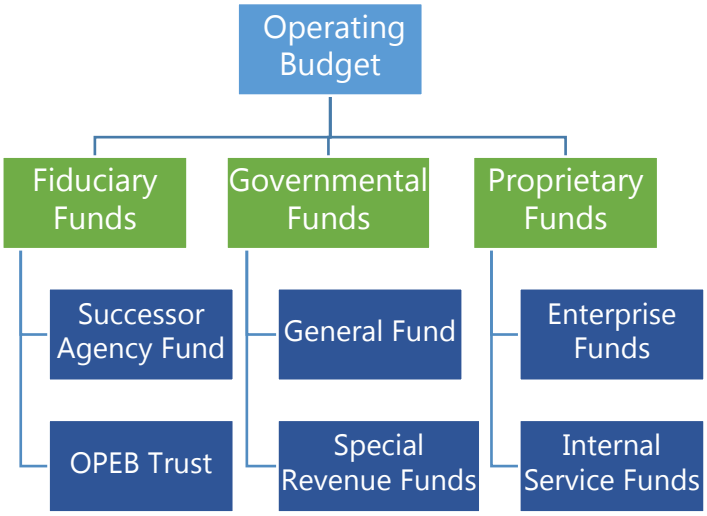
Contracting with the private sector for the delivery of services provides the City with a significant opportunity for cost containment and productivity enhancements. As such, the City is committed to using private sector resources in delivering municipal services as a key element in our continuing efforts to provide cost-effective programs.

Private sector contracting approaches under this policy include construction projects, professional services, outside employment agencies and ongoing operating and maintenance services.

In evaluating the costs of private sector contracts compared with in-house performance of the service, indirect, direct, and contract administration costs of the City will be identified and considered.

Whenever private sector providers are available and can meet established service levels, they will be seriously considered as viable service delivery alternatives using the evaluation criteria outlined below.

For programs and activities currently provided by City employees, conversions to contract services will generally be made through attrition, reassignment, or absorption by the contractor.



Evaluation Criteria

Within the general policy guidelines stated above, the cost-effectiveness of contract services in meeting established service levels will be determined on a case-by-case basis using the following criteria:

- Is a sufficient private sector market available to competitively deliver this service and assure a reasonable range of alternative service providers?
- Can the contract be effectively and efficiently administered?
- What are the consequences if the contractor fails to perform, and can the contract reasonably be written to compensate the City for any such damages?
- Can a private sector contractor better respond to expansions, contractions or special requirements of the service?
- Can the work scope be sufficiently defined to ensure that competing proposals can be fairly and fully evaluated, as well as the contractor's performance after bid award?
- Does the use of contract services provide us with an opportunity to redefine service levels?
- Will the contract limit our ability to deliver emergency or other high priority services?
- Overall, can the City successfully delegate the performance of the service and still retain accountability and responsibility for its delivery?

The City budget consists of a number of different funds. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, segregated for the purpose of carrying on specific activities, or complying with special regulations, restrictions, or limitations. The following provides a description of accounting funds used by the City of Placentia.

Each distinct fund contains program expenditures and revenues that relate to the purpose of the fund. The three types of fund categories are governmental funds, proprietary funds and fiduciary funds and are defined in detail below.

GOVERNMENTAL FUNDS

The measurement focus for governmental funds is on current spendable resources, and as such, the balance sheets for these types of funds include only current assets and current liabilities. Governmental funds are accounted for on a modified accrual basis, thus revenues are recognized when measurable and available, (60 days) and expenditures are recorded when the related liability is incurred.

GENERAL FUND

The General Fund is the City's single largest fund type and accounts for unrestricted revenues such as general taxes and intergovernmental revenue, user fees, fines, rents, and other miscellaneous general revenues. This fund supports basic services including Police, Fire & Life Safety, Development Services, Community Services, and general administration.

SPECIAL FUNDS (Restricted)

Special revenue funds are used to account for the proceeds from specific revenue sources that are legally or contractually restricted to expenditures for specific purposes.

AB2766 - Air Quality Management Fund

This fund accounts for the City's programs implementing Assembly Bill (AB) 2766, the California Clean Air Act of 1988. Under the provisions of AB 2766, 40% of the fees imposed by the South Coast Air Quality Management District (SCAQMD) are allocated to local jurisdictions to fund expenditures for the reduction of air pollution from motor vehicles. Past qualifying projects have

included the purchase of alternative fuel (CNG) vehicles, and various educational and outreach programs to encourage commuter use of transit and rail systems.

Criminal Diversion (Federal & State Asset Forfeiture / Other Public Safety Grants)

The Asset Forfeiture fund is the depository for equitable sharing payments received from the Departments of Justice and US Department of the Treasury for assistance in forfeiture cases. Under state and federal statutes, the City of Placentia receives an equitable share of seized drug funds and real property, along with reimbursement of related overtime expenses in exchange for participating in the program.

By law, these funds may only be spent for law enforcement purposes and are intended to supplement, not supplant, existing funds. Examples of uses of these funds include training, supplies, equipment, and ammunition. Due to the uncertain nature of the timing and amount of forfeitures, and in accordance with fund guidelines, revenues should not be budgeted until actually received.

Citizen Options for Public Safety (COPS/SLESF) - Supplemental Law Enforcement Services Funds Grant

Assembly Bill 3229, Chapter 134, Statue of 1996, established the Citizen's Option for Public Safety (COPS) Program. Per Government Code §§ 30061-30065, compliant cities are allocated a proportionate share of COPS funds by the State, for the exclusive purpose of funding supplemental front line law enforcement services. Proportionate shares are based on population estimates determined by the California Department of Finance. Under the standard grant program allocation, the City of Placentia is eligible to receive the minimum grant amount of $100,000 each year. Funds from this program cannot supplant existing funding and are to be used for one-time items including equipment.

Housing and Community Development (CDBG)

This fund was established to satisfy legal requirements that Community Development Block Grant (CDBG) funds be segregated from other funds. CDBG funds are used to provide a variety of public service programs throughout the community.

Gas Tax

The City receives Gas Tax funds per various sections of the Streets and Highways Code. State law requires these funds be utilized solely for street-related purposes such as new street construction, rehabilitation, and maintenance. Specific capital projects for street and traffic signal improvements and rehabilitation endeavors are identified in the Capital Improvement Program (CIP) budget.

Housing Successor Fund – (*Former Redevelopment)*

In June 2011, the Redevelopment Dissolution Act, AB1x26, was signed by the Governor and later upheld by the California Supreme Court on December 29, 2011. As a result of the Court's ruling on the Dissolution Act, all redevelopment agencies in California were dissolved effective February 1, 2012. This fund accounts for the residual balance of the former low- and moderate-income housing fund of the former Placentia Redevelopment Agency, and revenues and expenditures related to such housing projects and programs.

City Capital Projects Fund

Used to account for and report financial resources that are restricted, committed, or assigned for the acquisition or construction of major capital facilities within the boundaries of the City.

Measure M Fund

This fund accounts for the City's share of the Measure M2 one-half cent sales tax approved by Orange County voters and administered by the Orange County Transportation Authority. Funding is allocated to the City for streets, roads and transit projects. Measure M also provides funds for the City's Senior Mobility program.

Road Maintenance & Rehabilitation Program (SB1)

This fund was created to account for the City's share of proceeds from SB 1, the Road Repair and Accountability Act of 2017. Funds are restricted for maintenance, rehabilitation or improvement of streets, freeways, bridges and other transit related improvements.

Placentia Regional Navigation Center

This fund accounts for the receipts and expenditures related to the construction and operation of the Placentia Regional Navigation Center. Revenues include the Homeless Emergency Aid Program (HEAP) grand and SB2 funds. Future revenue sources will include reimbursements from the North Orange County Cities.

TOD Impact Fee Special Revenue Fund

This fund accounts for the receipts and expenditures of new development impact on the City's sewer collection system in the City's Transit-Oriented Development Zone (TOD). Funds are restricted within the TOD project area, including but not limited to acquisition, financing, construction and reconstruction of sanitary or sewer facilities and infrastructure in the TOD.

PROPRIETARY FUNDS

Proprietary funds account for operations that are financed and operated in a manner similar to private sector enterprises, in that goods and services are provided to the general public (external users) or other City department (internal users), and the costs are financed or recovered primarily through fees and service charges charged directly to the users of the goods and services.

ENTERPRISE FUNDS

Enterprise funds are used to report activities for which service charges or fees are charged to external users. Costs for providing the goods and services to the general public (Utility Customers) is paid through a user rate structure that is appropriate, fair and equitable based on the cost of the commodity.

Refuse Fund

The City contracts with Republic Services to provide residential and commercial waste collection, and recycling. The City utilizes the property tax assessment process to include the waste collection charges owed to Republic Services.

Sewer Maintenance Fund

This fund is used to account for the operations and maintenance of the sewer lines located in the City's sewer system, including administration and capital improvements. Fees are computed from water consumption amounts provided by local water companies. All residents and businesses connected to the City's sewer system are placed in billing categories based on a percentage of water consumption that is returned to the City sewer system.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to report activities for which service charges or fees are charged to internal users. These funds account for the financing of goods or services provided by one department to another on a cost reimbursement basis. These functions include risk management, employee health and welfare and equipment replacement.

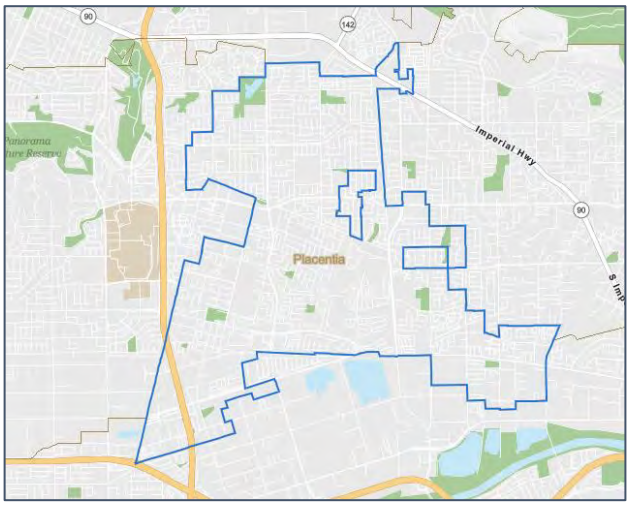
FIDUCIARY FUNDS

Funds that account for resource held in a trustee, custodial or agency capacity for others.

Successor Agency of the Redevelopment Agency of the City of Placentia

In June 2011, the Redevelopment Dissolution Act, AB1x26, was signed by the Governor and later upheld by the California Supreme Court on December 29, 2011. As a result of the Court's ruling on the Dissolution Act, all redevelopment agencies in California were dissolved effective February 1, 2012. On February 1, 2012, the City elected to become the Successor Agency to

the RDA to wind down its affairs. A new fund was created to account for the activities of the Successor Agency during the dissolution process.



Community Facilities District Fund

This fund accounts for the Community Facilities Districts No. 89-1 (East Placentia) and 2018-1 (Transit Oriented District) providing a special tax to pay for certain public facilities within such community facilities district, to levy such special tax and to provide non-General Fund and sustainable funding source to pay for the ongoing maintenance and repairs of the public streetscape improvements constructed within the Transit Oriented District. This fund also accounts for the service of $25,000,000 of Community Facilities District No. 89-1 (East Placentia) Special Tax Bonds issued to finance the construction of street and drainage infrastructure improvements and to fund development of a 13-acre park/recreation sports complex to benefit properties within the District.

Public Safety CFD 2014-01 Fund

This fund accounts for revenues and expenditures to provide public safety services associated with new development within Placentia including, but not limited to, police protection, fire protection, and ambulance and paramedic services. The services would be partially paid for through the levy of a Special Tax on real property.

Community Overview

The City of Placentia is located in the northern part of Orange County and encompasses just under seven square miles adjacent to the cities of Yorba Linda, Brea, Fullerton and Anaheim.

The City was incorporated in 1926 and became a charter city in 1967. It is governed by a five-member elected City Council. The city operates under the Council/Administrator form of city government whereby City Council members serve staggered, four-year terms, with a three consecutive term limit. The Mayor is selected by the City Council from among its membership and serves a one-year term. The City Administrator is appointed by the City Council to carry out the policies and direction of the City Council, oversee the day-to-day operations of the City, and appoint department directors.

Placentia is a full-service city that provides the following services: police, fire & life safety, street and park maintenance, recreation, traffic/transportation, public improvements, economic development, building and planning, zoning, and general administrative services.

History

Placentia's rich history began in 1837 when the governor of Mexico granted the Rancho San Juan Cajon De Santa Ana to Juan Ontiveros. This land grant included the area that today comprises Placentia, Anaheim, Brea, and Fullerton. Placentia was placed on the map in 1910 when A.S. Bradford persuaded the Santa Fe Railroad to re-route their track through this area, thus shortening the rail distance to Los Angeles. A station was built and packing houses were established for the town's growing citrus industry. Mr. Bradford and Richard Melrose laid out the main streets of the town and, in his honor, Bradford Avenue and Melrose Avenue retain their names today.

Placentia's climate and rich land attracted an ever-growing number of new residents. The area was well suited for raising citrus fruit, walnuts, avocados, and grapes. Placentia became the center of Valencia Orange Growing and Packing, and its 500 citizens voted to incorporate the City in 1926.

In 1960, Placentia's population had reached only 5,000; however, a phenomenal growth period was just beginning. By 1970, the population had increased five-fold to nearly 25,000. Today, Placentia is still a fast-growing community with over 50,000 residents, beautiful suburban homes, good schools, stately churches, and wholesome recreation.

Accrual Basis of Accounting	A method of accounting that recognizes the financial effect of transactions, events, and inter-fund activities when they occur, regardless of the timing of related cash flows.
Adjusted / Amended Budget	The adopted budget plus any modifications (increases, decreases and transfers) approved by the City Council during the fiscal year.
Air Quality Management District (AQMD)	The air pollution control agency for the four-county region including Los Angeles and Orange counties, as well as parts of Riverside and San Bernardino counties (www.aqmd.gov).
Air Quality Management Plan (AQMP)	A plan developed by the AQMD that serves as the blueprint for all the future rules necessary to bring the area into compliance with federal and state clean air standards.
Allocation of Funds	Setting aside funds for a specific purpose or program. An allocation of funds makes them available for expenditure.
Annual Comprehensive Financial Report (ACFR)	The summarization of the City's financial activity for the previous fiscal year which also includes a summarization of significant milestones that were accomplished during the year by department, fiscal policies, and statistical information. The ACFR is prepared by December of each year.
Appropriation	A specific amount of money authorized by the City Council for an approved work program.
Arterial Highway Financing Program (AHFP)	A Measure M funded program for pavement rehabilitation projects on arterial roadways in the county.
Assessed Property	The value set upon real estate or other property by the County Tax Assessor.
Assessed Valuation	A measure of the taxable value of property located within the City against which the tax rate is applied.
Assessed Valuation (Secured)	That part of the assessment roll containing state assessed property and property the taxes on which are a lien on real property sufficient to secure payment of taxes.
Assessed Valuation (Unsecured)	The remainder of the assessment roll that is not on the secured roll. The taxes on the unsecured roll are a personal liability of the assessed owner.

Assessment District (AD)	A separate unit of government that manages specific resources within defined boundaries. Through self-financing, it can raise predictable funds, such as taxes, user fees or bonds, directly from the people who benefit from the services.
Audit	Prepared by an independent certified public accountant (CPA), the primary objective of an audit is to determine if the City's financial statements fairly represent the City's financial position and results of operations in conformity with generally accepted accounting principles. In conjunction with performing an audit, independent auditors customarily issue a Management letter stating the adequacy of the City's internal controls as well as recommending improvements to the City's financial management practices.
Balanced Budget	A budget in which planned expenditures do not exceed planned revenues.
Bond Refinancing	The pay off and re-issuance of bonds to obtain better interest rates and/or bond conditions.
Bonds	A certificate of debt issued by an entity, guaranteeing payment of the original investments, plus interest.
Bradley Burns Uniform Local Sales & Use Tax	A 1% local sales tax is collected by the State of California as part of the larger sales and use tax levied on the total retail price of tangible personal property based on business location. Use Tax is the complement of sales tax and imposed on the purchaser, usually for goods purchased out-of-state for local use.
Budget Surplus	The difference between operating revenues and operating expenditures. The Budget Surplus may be used for ongoing expenses (as opposed to year-end balance, which may be used only for one-time expenses).
Budget Amendment	The Council has the sole responsibility for adopting the City's budget and may amend or supplement the budget at any time after adoption by majority vote. The City Administrator has the authority to approve transfers within funds.
California Environmental Quality Act (CEQA)	A state statute enacted in 1970 that requires state and local agencies to identify the significant environmental impacts of their actions and to avoid or mitigate those impacts, if feasible (ceres.ca.gov/ceqa).

California Transportation Commission (CTC)	The agency responsible for programming and allocating funds for the construction of highway, passenger rail and transit improvements throughout California (www.catc.ca.gov)
Capital Equipment	Equipment (fixed assets) with an initial individual cost of $2,500 or more and an expected useful life greater than two years, such as automobiles, microcomputers and furniture.
Capital Expenditure	Expenditure for tangible property with an initial individual cost of $25,000 or more and an expected useful life greater than two years per item.
Capital Improvement Program Budget (CIP)	A multi-year financial plan for construction of infrastructure, facilities, and rehabilitation such as buildings, streets, storm drains, and recreational facilities with an initial individual cost of at least $50,000 and an estimated useful life greater than two years.
Certificates of Participation (COPs)	Tax-exempt bonds issued by state entities usually secured with revenue from an equipment or facility lease. COPs enable governmental entities to finance capital projects without technically issuing long-term debt. This can be advantageous, as the issuance of long-term debt is commonly subject to voter approval and other state constitutional and statutory requirements. COPs have been used by municipalities to pay for prisons, office buildings, vehicles, and even parks.
City Council (CC)	Comprised of five City Councilmembers who are elected by district by registered voters of the City. Councilmembers each serve a four-year term. The mayor is selected by fellow councilmembers and serves a one-year term. The City Council adopts legislation, sets policy, adjudicates issues and establishes the budget of the City.
Community Development Block Grant (CDBG)	Provides eligible metropolitan cities and urban counties with annual direct grants to revitalize neighborhoods; expand affordable housing and economic opportunities; and/or improve community facilities and services, principally to benefit low- and moderate-income persons.
Community Facilities District (CFD)	A special district that can issue tax-exempt bonds as a mechanism by which public entities finance construction and/or acquisition of facilities and provide public services to the district.
Community Oriented Policing Services (COPS)	A grant program that provides partial funding of salaries for several front line law enforcement positions.

Conditional Use Permit (CUP)	Allows a city or county to consider special uses which may be essential or desirable to a particular community, but which are not allowed as a matter of right within a zoning district, through a public hearing process.
Congestion Management Plan (CMP)	Defines a network of state highways and arterials, level of service standards and related procedures.
Consumer Price Index (CPI)	A statistical description of price levels provided by the U.S. Department of Labor. The change in this index from year to year is used to measure the cost of living and economic inflation.
Contingency Reserve	The City has established a policy to set aside a percentage of its General Fund operating expenditures as a contingency reserve.
Cost Allocated	A method used to charge General Fund costs budgeted in one department to another department or another fund.
Debt Service	The payment of principal and interest on borrowed funds such as bonds.
Department, (Function) Division	Section Organizational units within the Operations Budget that group resources together to provide related types of services.
Discretionary Funding Opportunities	Pertains to funds, grants or other resources that are not restricted as to use.
Drug Abuse Resistance Program	DARE – a police officer-led series of classroom lessons that teaches children from kindergarten through 12th grade how to resist peer pressure and live productive drug- and violence-free lives (www.dare.com).
Encumbrance	An encumbrance is not an expenditure, but a reservation of funds to be expended at a future date. A commitment is usually made through a purchase order for the future payment of goods and services not yet received or paid for.
Enterprise Fund	This fund type is used to account for operations that are: (a) financed and operated in a manner similar to private sector enterprises and it is the City's intent that the costs (including depreciation) of providing goods or services to the general public be financed or recovered primarily through user charges.

Environmental Enhancement and Mitigation Program (EEMP)	A state funded grant program for projects related to environmental enhancement or design, particularly of transportation facilities.
Environmental Impact Report (EIR)	A public document used by governmental agencies to analyze the significant environmental effects of a proposed project, to identify alternatives and disclose possible ways to reduce or avoid potential environmental damage. The California Environmental Quality Act requires an EIR whenever the initial study or other evidence in the record has produced substantial evidence that the proposed project might produce significant environmental effects.
Expenditure	The outflow of funds paid or to be paid for an asset, goods or services regardless of when the invoice is actually paid. This term applies to all funds.
Fair Housing Council of Orange County (FHCOC)	A private non-profit organization which fosters diversity in housing through education and the enforcement of state and federal fair housing laws (www.fairhousingoc.org).
Fees	A general term used for any charge levied by government for providing a service or permitting an activity.
Fiscal Year (FY)	Any period of 12 consecutive months designated as the budget year. Placentia's budget year begins on July 1 and ends on June 30.
Fixed Asset	Assets that are long-term in nature such as land, buildings, machinery, furniture and other equipment. The City has defined such assets as those with an expected life in excess of one year and an acquisition cost in excess of $5,000.
Franchise Tax	Revenue generated from taxes paid by a business that gave an exclusive contractual agreement to operate and use the public right-of-way in the City Examples includes Southern California Edison, Cable Television, Southern California Gas and Republic Disposal.
Fringe Benefits	These include retirement/pension; health, life, and disability insurance; workers' compensation; and vacation, administrative, medical and special leave of absence time.

Full-Time Equivalent (FTE)	Refers to part-time hours converted to one full-time equivalent position, which equals 40 hours per week, 52 weeks per year. (2080 hours per year)
Fund	A self-balancing set of accounts to record revenues and expenditures associated with a specific purpose.
Fund Balance	Within a specific fund, the funds remaining when all current and prior year liabilities (expenditures) are subtracted from current and prior year assets (revenues).
Gas Tax	State tax received from gasoline sales utilized solely for street related purposes, such as new construction, rehabilitation or maintenance.
General Fund	The primary operating fund of the City (as opposed to all other City funds, which are designated as "Special Funds").
General Plan	A comprehensive, long-range, policy document required by state law. The document establishes the City's overall spatial and temporal development pattern.
Geographical Information System (GIS)	A computer system capable of assembling, storing, manipulating and displaying geographically referenced information.
Goal	A time/phased strategy that will implement a specific course of action or plan, typically, a long-term process.
Government Finance Officers Association (GFOA)	A professional association of state/provincial and local finance officers in the United States and Canada (www.gfoa.org).
Governmental Accounting Standards Board (GASB)	Organized in 1984 by the Financial Accounting Foundation to establish standards of financial accounting and reporting for state and local governmental entities (www.gasb.org).
Grants	Contributions of cash or other assets from another governmental agency to be used or expended for a specified purpose, activity or facility.
Gross Domestic Product (Real) (GDP)	The total of the goods and services produced by labor and property located in the United States.
Gross State Product (GSP)	The total of the goods and services produced by labor and property located in the State of California.

Growth Management Area (GMA)	Inter-jurisdictional planning regions within Orange County.
Growth Management Program (GMP)	A Measure M funded program intended to address the cumulative regional traffic impacts of development not addressed by specific project mitigation and existing system deficiencies.
Hotel Tax (TOT)	Also known as the Transient Occupancy Tax (TOT) or bed tax – a 10% tax added to the cost of renting a hotel room within the City.
Infrastructure	Inputs Includes the City's street, bridge, traffic signal, landscaping, and trail networks. To be capitalized as part of the City's infrastructure network, a related component must have an initial individual cost of at least $50,000 and an estimated useful life greater than two years. Resources (e.g. dollars, staff and other assets) required to accomplish a job or provide a service.
Inter-Fund Transfers	Payments from one fund to another fund, primarily for work or services provided
Landscape, Lighting, and Park Maintenance (LLPM)	An assessment district to provide funds for park and parkway landscaping, lighting and park maintenance.
Lease-Purchase Agreement	Contractual agreements which are termed leases, but whose lease amount is applied to the purchase.
Level of Effort	Generally used to identify the number of staff providing a particular service. Level of Services Generally used to define the existing or current services, programs and facilities provided by government.
Levy	To impose taxes, special assessments or service charges for the support of governmental activities.
Local Agency Formation Commission (LAFCO)	Reviews proposals for the formation of new local governmental agencies and changes of organization in existing agencies (www.oclafco.org).
Local Agency Investment Fund (LAIF)	A voluntary program created by statute in 1977 in which participating agencies (local governments and special districts) invest public funds.

Long-Term Debt	Debt with a maturity of more than one year after issuance.
Major Fund	A fund that comprises more than 10% of total citywide budgeted revenues and transfers-in and/or 10% of total budgeted appropriations and transfers-out. Please see the "Major Funds – Summary by Budget Category" tables presented in the Budget Summary chapter.
Measure M	County-wide sales tax measure used to fund a variety of transportation related projects.
Measure M - Growth Management Area (M-GMA)	A county grant program that provides funding for projects that benefit the greatest number of jurisdictions within a designated growth management area (GMA) in Orange County. The primary objective of this program is to address current traffic deficiencies and the cumulative regional traffic impacts of development not addressed by specific project mitigation and existing system deficiencies.
Measure M – Turnback	The non-competitive portion of the sales tax revenue generated through Measure M that is "turned back" to the City. Funds are restricted to circulation related projects (street, traffic signal, etc.) and are received quarterly.
Measure U	A 1% sales tax approved by the voters in November 2018 and effective April, 2019 to help fund much-needed infrastructure repairs and maintenance as well as public safety and other critical services.
Memorandum of Understanding (MOU)	An agreement outlining the terms of employment entered into between the City and employees of various bargaining units.
Modified Accrual	Basis of Accounting Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, or measurable, except for un-matured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.
National Pollutant Discharge Elimination System	NPDES – a permit program authorized by the Clean Water Act that controls water pollution by regulating point sources that discharge pollutants into waters of the United States.

Objective	Describes an outcome to be accomplished in specific, well-defined and measurable terms and is achievable within a specific timeframe; generally, programs have objectives.
Operating Budget	A budget for General Fund department service delivery expenditures such as salaries, utilities and supplies. The day-to-day costs of delivering essential City services.
Orange County Fire Authority (OCFA)	An agency that provides fire prevention/suppression and emergency services to 23 cities and all the unincorporated areas in Orange County (www.ocfa.org).
Orange County Investment Pool (OCIP)	A pooling of cash by the county, local agencies and school districts for investment purposes run by the Orange County Treasurer.
Orange County Transportation Authority (OCTA)	A regional transportation agency formed in 1991 to develop and implement unified transportation programs and services for Orange County (www.octa.net).
Ordinances	A formal legislative enactment by the governing board (i.e. City Council) of a municipality. If it is not in conflict with any higher form of law, it has the full force and effect of law within the boundaries of the municipality to which it applies.
Outputs	The general results expected from programs and functions.
Part I Crimes	The most serious criminal offenses, including murder, rape, robbery, aggravated assault, burglary, larceny/theft, auto theft and arson.
Part II Crimes **Pavement Management System**	All other criminal offenses not defined as Part I crimes. PMS – a computer-assisted decision-making process designed to help cities and counties prevent pavement problems through maintenance and repair in a timely, cost-effective manner.
Pavement Quality Index (PQI)	A scale from 1 to 10 that measures the structure, surface condition and riding comfort of the roadway.
Performance Budget	A budget wherein expenditures are tied to the measurable performance of activities and work programs.
Performance Measurements	Statistical measures that are collected to show the impact of dollars spent on City services.

Personnel Expenses	Salaries and fringe benefits, such as pensions and insurance, for full-time and part-time employees of the City.
Priority E	Calls Refers to the most serious calls for emergency response for serious emergencies, in-progress calls and potentially life-threatening incidents that require a Code 3 (use of lights and siren) response.
Priority I Calls	Refers to calls for emergency response for serious emergencies, in progress calls and potentially life-threatening incidents that do not require a Code 3 (use of lights and siren) response.
Program	Represents major areas or support functions that can be defined as a service provided to citizens, other departments or other agencies.
Program Budget	A budget wherein expenditures are displayed primarily on programs of work and secondarily by the character and object class of the expenditure.
Property Tax	A tax levied on the assessed value of real property; also known as ad valorem tax. In California, this tax is limited to 1% with the exception of pre-Proposition 13 approved bond debt service. Proposition 13 On June 6, 1978, the California electorate approved Proposition 13, the "People's Initiative to Limit Property Taxation," which limited the tax rate for real estate as follows: the maximum amount of any tax on real property shall not exceed 1% of the full cash value of such property. The City of Placentia receives $0.1340 cents per dollar of the Prop 13 tax.
Proposition 218	On November 5, 1996, the California electorate approved Proposition 218, the self-titled "Right to Vote on Taxes Act." Proposition 218 added articles XIIIC and XIIID to the California Constitution and made numerous changes to local government finance law. Public officials are required to conduct the public's business in compliance with Proposition 218.
Public Employees' Retirement System (PERS)	Provides retirement and health benefit services to members from the state, school districts and local public agencies (www.calpers.ca.gov).
Ralph M. Brown Act	The Brown Act is a California law that insures the public can attend and participate in meetings of local government.
Redevelopment Agency (RDA)	Formerly charged with the oversight for the redevelopment process for the City of Placentia. In June 2011, the Redevelopment Dissolution Act, AB1x26, was signed by the Governor and later upheld by the

	California Supreme Court. As a result, all redevelopment agencies in California were dissolved effective February 1, 2012.
Regional Surface Transportation Program (RSTP)	A federal and state funded grant program used for projects located on highway systems (classified higher than local roads or rural minor collectors), bridges on any public highway, and transit systems.
Reserve	A designated amount of funds set aside from a fund's balance which is legally restricted for a specific purpose and is therefore not available for general appropriations.
Resolution	A special or temporary order of a legislative body (e.g. City Council or Planning Commission) requiring less formality than an ordinance.
Resources	Units of dollars or physical input, such as work years or work hours, and other assets used to support and attain program objectives.
Revenue	Annual income received by the City.
Right of Way	ROW – a strip of land occupied or intended to be occupied by a street, crosswalk, railroad, electric transmission line, oil or gas pipeline, water main, sanitary or storm sewer main, shade trees, or special use.
Southern California Association of Governments (SCAG)	The Metropolitan Planning Organization for Los Angeles, Orange, San Bernardino, Riverside, Ventura and Imperial counties, that is mandated by the federal government to research and draw up plans for transportation, growth management, hazardous waste management and air quality (www.scag.ca.gov).
Special Funds	The City's accounts are broken into distinct funds, each earmarked for a different purpose, with the principle and interest of the funds tracked separately. The City's main operating fund is its General Fund, while other City funds are designated as Special Funds. These funds are legally restricted for a specific purpose and is therefore not available for general use.
Traffic Enforcement Index	The number of moving citations divided by the number of injury accidents.
Transaction Sales Tax (District Tax)	Similar to the Bradley Burns Sales Tax, a transactions and use sales tax is allocated to the district where the tangible goods are delivered or placed into use. Voter approved district taxes are levied within incorporated city limits. Placentia has a 1% transaction tax authorized in November 2018.

Transfers-In/Out	A transfer of resources between different City funds (see glossary definition of "Fund"). A transfer of cash from the City's General Fund to a City Special Fund, for example, would be designated as a transfer-out in the General Fund, and then a transfer-in in the receiving Special Fund.
Transient Occupancy Tax (TOT)	A 10% tax added to the cost of renting a hotel room within the City. Also known as the Hotel or Bed Tax.
Transportation Management Association (TMA)	An association comprised of employers and property owners that promotes the use of alternative forms of commuting to the single occupant vehicle. Traffic congestion relief and air quality benefits are the primary goals of TMA.
Transportation Management Plan (TMP)	A plan that promotes the reduction of single occupant vehicle use in order to improve air quality and relieve congestion. Transportation Subventions Funds from outside sources used to construct transportation improvements that must be used for specific projects.
Unencumbered Appropriation	That portion of an allocation not yet expended or committed to a specific purpose. Unexpended Appropriation is that portion of an allocation not yet actually paid.
Voice Over Internet Protocol (VoIP)	Used to manage the delivery of voice information over the Internet. Year-End Surplus Funds remaining at the end of a fiscal year that are available for allocation or for one-time purchases (not for on-going programs or services).

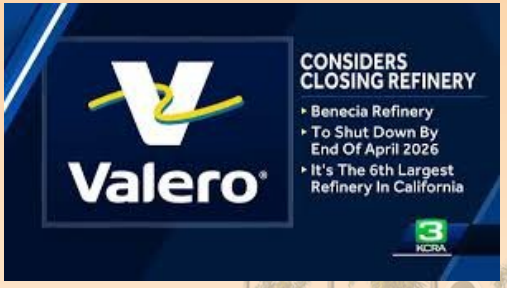
City of Placentia

Proposed Annual Operating Budget & CIP
Fiscal Year 2026-27

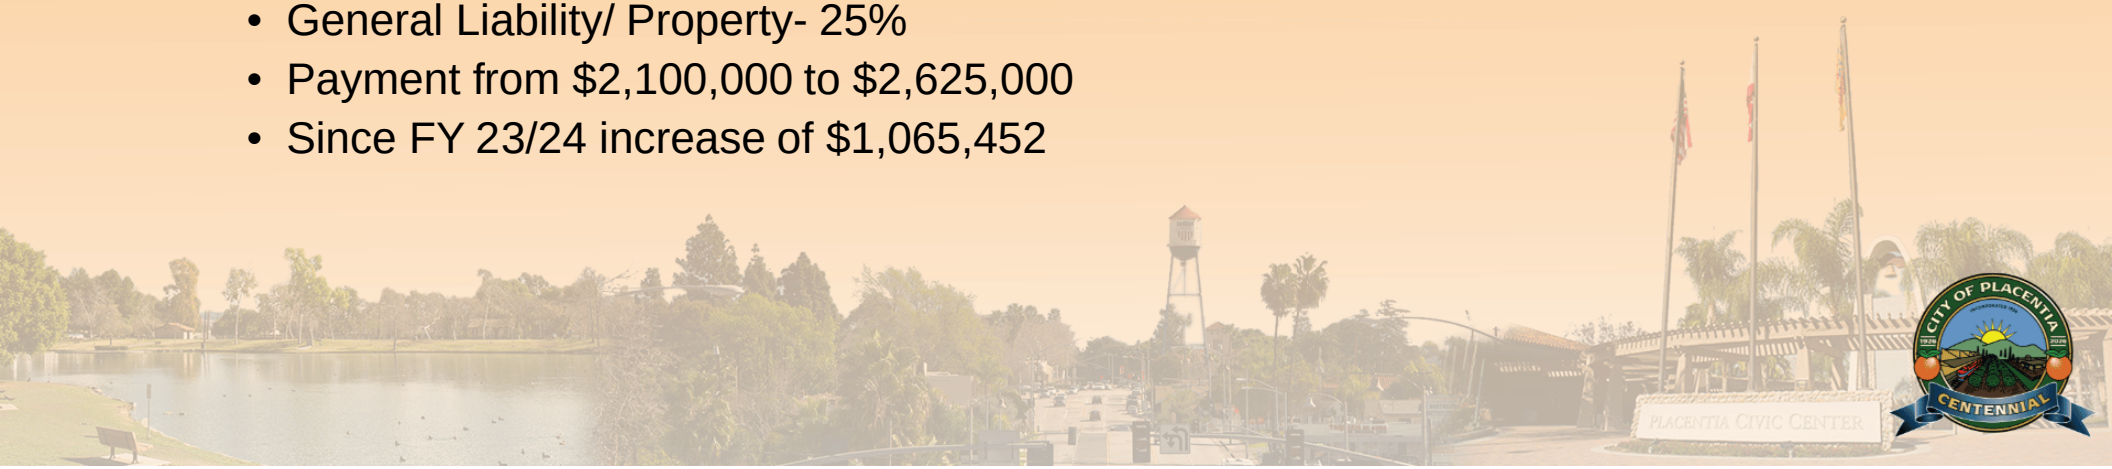
June 16, 2026

Economic Challenges

- Uncertainty in the market due to tariffs
- Low consumer confidence
- Impact of market volatility on CalPERS
- Lack of funding for capital projects
- Refineries closing in CA
- War in Iran



Economic Challenges



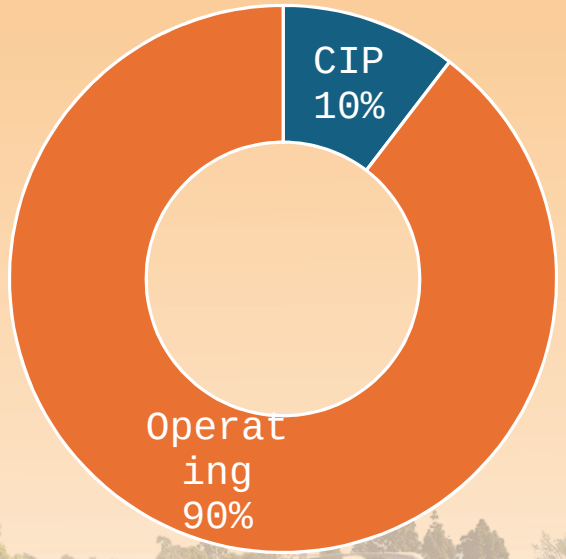
- Sales tax trending upward Statewide
  - Statewide sales tax projected to be up 2.2% in FY 2026-27
  - High interest rates and tariffs have negatively impacted purchase of new and used vehicles – Placentia's highest earning business type
  - Consumer spending patterns have changed as costs of utilities, restaurant prices and threat of recession
  - Significant increase in gas prices
    - 5 of the City's top 25 sales tax producers are gas stations
    - Gas prices are skyrocketing due to strict environmental regulations in California, two refineries shutting down and ongoing War in Iran

Economic Challenges- Specific to Placentia

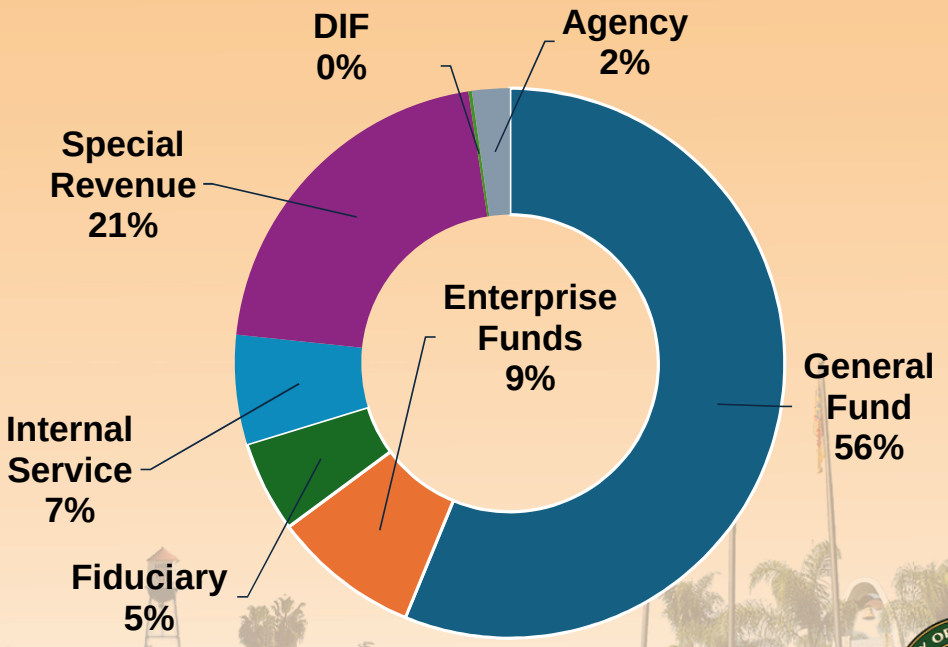
- Expense increases outside the City's control:
  - Increase of $333,686 in Unfunded Actuarial Liability (UAL)
  - Payment from $917,000 to $1,252,057 CalPERS required due to their recent rate of returns
    - Since FY 23/24 increase of $1,252,057
  - Increased insurance costs- $525,000
    - General Liability/ Property- 25%
    - Payment from $2,100,000 to $2,625,000
    - Since FY 23/24 increase of $1,065,452

Economic Challenges- Specific to Placentia

- Higher costs of goods and services citywide – software costs
- Unfunded capital needs identified in recently completed facility, ADA and IT assessments
- Increase of approx. $2.1 million in personnel expenses due to recent Memoranda of Understandings and merit increases



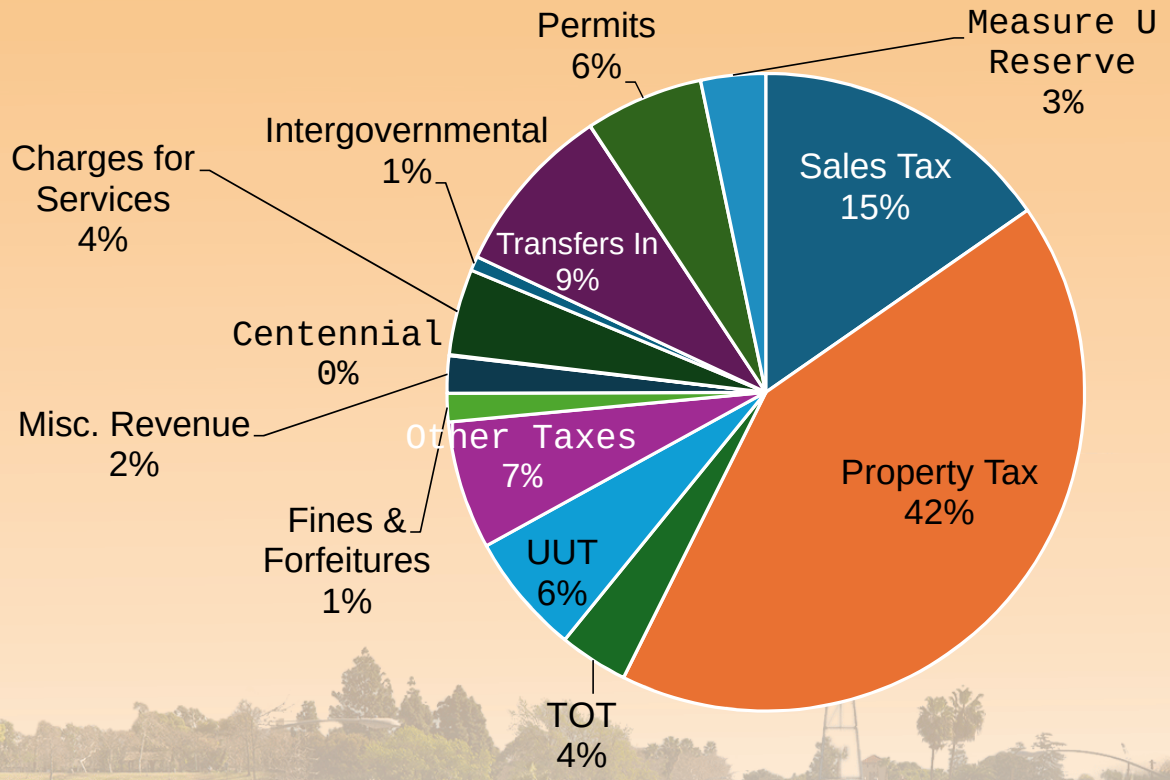
Response to Economic Challenges & Key Assumptions in Budget



- Preliminary deficit identified initially due largely to nominal revenue increases and increased expenses – personnel costs
- Department budgets held to current fiscal year's budget and/ or reduced wherever possible
- Use of $164,036 in Section 115 trust funds and $775,896 in one time revenue

Proposed FY 2026/27 Budget All Funds

Total Proposed Revenues- $97,571,128
Total Proposed Expenditures- $97,443,570



FY 2026/27 Proposed Budget Overview (All Funds)

Fund Type	Revenues & Transfers In	Expenditures & Transfers Out	Net Incr/ (Decr) to Fund Balance
General Fund	56,519,981	54,763,281	1,857,200

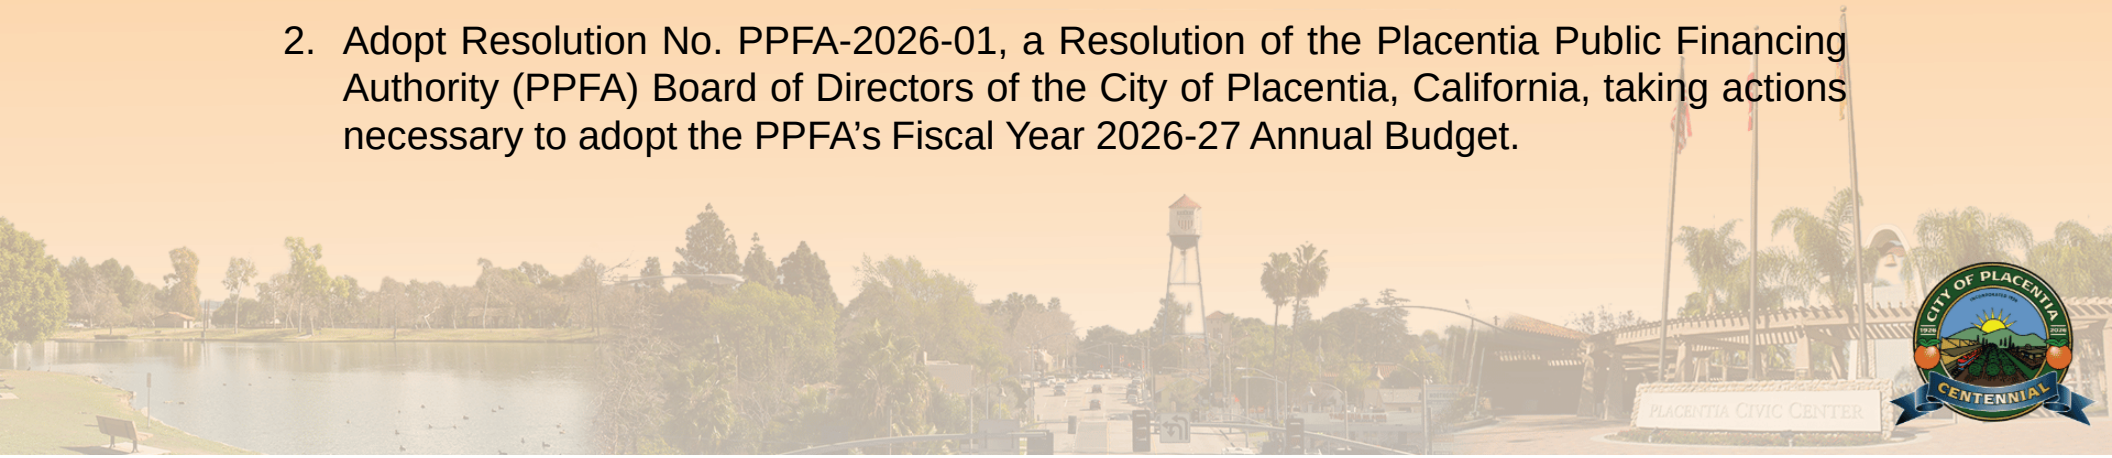
Recommendations

1. Open the Public Hearing concerning the City of Placentia Budget for Fiscal Year 2026-27 and Capital Improvement Program (CIP) for Fiscal Year 2026-27, consider all public testimony, ask questions of Staff, and close the public hearing; and

2. Adopt Resolution No. R-2026-39, a Resolution of the City Council of the City of Placentia, California, taking actions necessary to adopt the Fiscal Year 2026-27 Annual Budget; and taking actions necessary to adopt the Fiscal Year 2026-27 Capital Improvement Program (CIP) Budget with an appropriation of $10,147,629; and authorizing the Position Allocation Plan and Compensation Plan for Fiscal Year 2026-27; and

3. Authorize the City Administrator to release appropriation controls for the General Government Department and Risk Management fund outside of the normal quarterly process, as necessary; and

4. Approve the use of the County's population growth and California per capita income growth as determined by the State Department of Finance for the calculation of the Fiscal Year 2026-27 Annual Appropriation Limit; and



Recommendations

5. Adopt Resolution R-2026-40, a Resolution of the City Council of the City of Placentia, California, approving and adopting the Annual Appropriations Limit (GANN) for the Fiscal Year 2026-27 in the amount of $131,672,638.

It is recommended that the Placentia Public Financing Authority take the following actions:

1. Conduct the Public Hearing concerning the Placentia Public Financing Authority Budget for Fiscal Year 2026-27; and

2. Adopt Resolution No. PPFA-2026-01, a Resolution of the Placentia Public Financing Authority (PPFA) Board of Directors of the City of Placentia, California, taking actions necessary to adopt the PPFA's Fiscal Year 2026-27 Annual Budget.

Questions & Comments

Agenda Item No: 3.a

PLACENTIA CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2026

Submitted by: Brooke Lovell

From: City Clerk

Subject:
ADOPTION OF CITY COUNCIL POLICY NO. 136 - TECHNOLOGICAL DISRUPTION DURING CITY COUNCIL MEETINGS

Financial Impact:
None.

Summary:
Senate Bill 707 (2025) amended the Ralph M. Brown Act to require all eligible legislative bodies, including the Placentia City Council, to provide two-way remote public participation beginning July 1, 2026, and to adopt a formal policy describing how disruptions to telephonic or internet services will be handled during public meetings.

Proposed City Council Policy No. 136 establishes the procedures the City will follow in the event of a disruption to services preventing members of the public from listening, observing, or participating remotely in a City Council meeting. The policy outlines the steps taken by the Presiding Officer, City Clerk, and Staff when a disruption occurs; requires good-faith efforts to restore service; and clarifies how and when the City Council may recess, reconvene, or continue its meeting if remote access remains unavailable.

Adoption of Policy No. 136 ensures compliance with SB 707 and helps maintain transparency, operational consistency, and accessibility during technological interruptions.

Recommended Action:
It is recommended that the City Council:
Adopt City Council Policy No. 136 - Technological Disruption During City Council Meetings, effective July 1, 2026, in order to comply with SB 707.

Strategic Plan Statement:
This item supports Strategic Plan Goal No. 5: Organizational Excellence, by promoting transparent, consistent, and compliant public meeting procedures. The policy strengthens internal processes and ensures the City can maintain accessibility and continuity of government even during technological disruptions.

Discussion:
SB 707 requires the City Council to adopt a written policy describing how the City will respond

when a disruption in telephonic or internet service prevents the public from participating remotely. These requirements take effect July 1, 2026, and apply only to meetings of the City Council.

Policy No. 136 provides a clear response framework. When a disruption occurs, the Presiding Officer will announce the issue and recess the meeting while Staff works to restore service. The City Council may continue any properly noticed closed session during this period. Good-faith restoration efforts may include troubleshooting equipment or software, attempting alternative connections, contacting technical support, or using backup systems.

If service is restored within one hour, the meeting will resume as normal. If not, the Council may either adjourn or continue the meeting after adopting the required Brown Act finding that good-faith efforts were made and that continuing the meeting serves the public interest. The policy also directs the Clerk to record the disruption, restoration efforts, and City Council actions in the meeting minutes.

The policy aligns with current operational capabilities and maintains flexibility for Staff to use the most appropriate restoration methods based on the circumstances. It also reflects best practices observed in other jurisdictions preparing for SB 707 implementation.

Financial Summary:
None.

DRAFT - POLICY NO. 136 TECHNOLOGICAL DISRUPTION DURING CITY COUNCIL MEETINGS.docx

TECHNOLOGICAL DISRUPTION DURING CITY COUNCIL MEETINGS

Purpose

This policy establishes procedures for responding to a disruption in the telephonic or internet services that provide two-way remote public access to meetings of the City Council, as required by the Ralph M. Brown Act (Gov. Code § 54953.4).

Applicability

This policy applies only to meetings of the City Council at which two-way remote public participation is offered or required.

This policy does not apply to City boards, commissions or committees, nor does it apply to disruptions of one-way livestream or broadcast services. A meeting may continue if one-way services fail, provided two-way public access remains functional.

Definitions

"Disruption" means any failure, outage, or interruption of the City's telephonic or internet service that prevents the public from attending or observing a meeting through the City's two-way remote access services.

"Remote access services" means the two-way telephonic service and/or two-way audiovisual platform used to provide real time remote public attendance and observation of City Council meetings.

Response to a Disruption

If the Presiding Officer or City Clerk/ Deputy City Clerk becomes aware of a disruption to the City's remote access services:

- The disruption shall immediately be announced to the public.
- The Presiding Officer shall then call for a recess of the open session. A disruption does not preclude the City Council from meeting in a closed session that has been properly noticed and is consistent with the Ralph M. Brown Act.
- Staff shall begin efforts to identify and restore the disrupted service.
- The meeting shall remain in recess for at least one hour or until the service is restored, whichever occurs first. The recess may be extended while restoration efforts continue.

Efforts to Restore Service

The City shall make good-faith efforts to restore remote access services, which may include:

- Troubleshooting the teleconferencing platform or software

Printed on Recycled Paper

- Resetting or replacing audiovisual equipment
- Attempting alternative connection methods
- Contacting technical support staff or service providers
- Using available backup equipment or platforms

The technical staff shall document the restoration efforts undertaken.

Reconvening the Meeting

If Service Is Restored

If remote access service is restored before or at the time the meeting reconvenes, the meeting will continue as normal.

If Service Is Not Restored After One Hour

If service has not been restored after one hour, the City Council may reconvene to take one of the following actions:

1. Adjourn the meeting; or
2. Continue the meeting in open session by adopting, by roll-call vote, the following or a substantially similar finding:

   "The City has made good-faith efforts to restore telephonic or internet service in accordance with its adopted policy, and the public interest in continuing the meeting outweighs the public interest in remote public access." Upon adopting this finding, the City Council may resume open session even though remote access services have not been restored.

Recordkeeping

The City Clerk/ Deputy City Clerk shall document the disruption in the meeting minutes, including:

- The nature and time of the disruption
- The restoration efforts undertaken
- The time the meeting was reconvened (if applicable)
- Any finding adopted pursuant to this policy

Review and Updates

This policy may be amended by the City Council at a noticed public meeting in open session, not on the consent calendar.

Printed on Recycled Paper

Agenda Item No: 3.b

PLACENTIA CITY COUNCIL AGENDA REPORT

Meeting Date: June 16, 2026

Submitted by: Brooke Lovell

From: City Attorney's Office

Subject:
RESOLUTION SUBMITTING A HOTEL TAX MEASURE TO THE ELECTORATE AT THE NOVEMBER 3, 2026 GENERAL MUNICIPAL ELECTION AND REQUESTING THAT THE ELECTION BE CONSOLIDATED WITH OTHER ELECTIONS TO BE HELD ON THAT DATE

Financial Impact:
If enacted by voters, generates approximately $715,000 annually in new locally-controlled revenue. One time election-related costs of approximately $8.500.

Summary:
The Transient Occupancy Tax ("TOT") is a tax imposed on visitors who stay in hotels, short-term rentals, and similar lodging establishments within the City. Commonly referred to as a "hotel tax," the TOT has remained at a rate of ten percent (10%) for decades. The tax is paid by visitors occupying lodging accommodations within the City for periods of thirty (30) consecutive days or less. Revenue generated through TOT supports essential municipal services and helps offset the increased demand placed on City infrastructure, public safety, and other public services by visitors and hotel occupants. TOT revenue may be used to support a variety of municipal functions, including, but not limited to, neighborhood police patrols, fire protection, 911 response, and road repairs. Similar transient occupancy taxes are imposed by over 95% of cities throughout California.

Given increasing operational costs, inflationary pressures, and ongoing demands for municipal services, it is appropriate for the City to evaluate the feasibility of adjusting the TOT rate. Such an evaluation would help ensure that City revenues remain adequate to sustain current service levels, address future community needs, and support the City's long-term fiscal stability. Additionally, a potential adjustment to the TOT rate would help ensure that visitors and overnight guests contribute an equitable share toward the municipal services and infrastructure they utilize while staying in the City of Placentia.

Pursuant to California law, any increase to the City's TOT rate must be approved by the voters. The proposed action would adopt a Resolution placing before the voters, at the November 3, 2026 General Municipal Election, a ballot measure to increase the City's TOT rate by four percent (4%), increasing the rate from ten percent (10%) to fourteen percent (14%). The Resolution also directs the City Attorney to prepare an impartial analysis of the measure and authorizes the filing of ballot arguments and rebuttals in accordance with

applicable law.

Recommended Action:
It is recommended that the City Council:

1. Approve Resolution No. R-2026-49, a Resolution of the City Council of the City of Placentia, California Submitting a Hotel Tax Measure to the Electorate at the November 3, 2026 General Municipal Election and Reiterating its Request that the Election be Consolidated with Other Elections to be Held on that Date; and
2. Authorize the City Administrator, or designee, to execute all necessary documents and take all actions necessary to effectuate the intent of the Resolution, subject to approval as to form by the City Attorney.

Strategic Plan Statement:
This item is consistent with the City Council's adopted Strategic Goals to ensure the City's long-term financial stability through responsible fiscal management, strategic investment, and the maintenance of a balanced budget that supports high-quality municipal services.

If approved by the voters, the proposed TOT increase would provide an ongoing locally controlled revenue source to continue to support essential City services and programs, including but not limited to public safety, infrastructure maintenance and improvements, parks and recreational amenities, and community programs serving residents, seniors, and youth.

Discussion:
In March 2026, the City engaged William Berry and Embold Research to assist in evaluating the feasibility of placing a Transient Occupancy Tax increase before the voters. As part of this effort, community polling and outreach were conducted to obtain public input regarding their interest in a revenue measure that could appear on the November 3, 2026 General Municipal Election ballot.

The polling results indicated voter support for a proposed TOT increase at levels exceeding the simple majority threshold required for passage. In addition to public polling, the City developed an informational webpage and will be holding community engagement meetings to provide information regarding the proposed measure and solicit community feedback through surveys and public discussion. City staff has continued outreach efforts through existing City communication channels, including social media, email communications, and participation in community organizations and stakeholder meetings.
Based on the results of this outreach and community engagement process, staff has prepared a proposed ordinance that would increase the City's Transient Occupancy Tax rate by four percent (4%), from ten percent (10%) to fourteen percent (14%), subject to voter approval.

If approved by the voters, the measure is estimated to generate approximately $715,000 annually in additional revenue.

ANALYSIS:
The City of Placentia is committed to maintaining a high quality of life and providing reliable municipal services that support residents, businesses, and visitors. Maintaining these services requires ongoing investment in public safety, infrastructure, parks, and community programs.

If approved by the voters, the proposed TOT increase would diversify and strengthen the City's revenue base by generating additional locally controlled funding paid by visitors staying

in local lodging establishments. This increase would also ensure that out-of-town visitors pay their fair share of the local services they use when in Placentia.

The City currently imposes a ten percent (10%) TOT, which has remained unchanged since 1985. During that period, the City has experienced significant changes in tourism patterns, lodging accommodations, operational costs, and inflation. Additionally, the growth of short-term rental platforms has expanded the lodging market beyond traditional hotels and motels.

Compared to surrounding jurisdictions, the City's current TOT rate remains relatively modest. A four percent (4%) increase would align the City more closely with rates imposed by neighboring cities, such as Anaheim which is currently at 15%.

Based on the available lodging data for Placentia, the estimated average daily room rate is about $145 per night. A proposed increase in the TOT from 10% to 14% would add an extra 4% tax to the nightly rate. This increase is estimated to result in an additional cost of approximately $5.80 per night on average for hotel and short-term rental guests.

Following adoption of the Resolution, City staff will complete all actions necessary to place the measure before the voters at the November 3, 2026 General Municipal Election. These actions include publication requirements, coordination with the Orange County Registrar of Voters, preparation of the City Attorney's impartial analysis, and administration of the ballot argument and rebuttal process pursuant to applicable provisions of the California Elections Code.

Financial Summary:
If approved by the voters, the proposed four percent (4%) increase in the Transient Occupancy Tax is estimated to generate approximately $715,000 annually in additional General Fund revenue.

The estimated incremental cost associated with placing the measure on the November 3, 2026 General Municipal Election ballot is $8,500.

If approved by the electorate, the Ordinance would become operative on January 1, 2027.

RESOLUTION NO. R-2026-49

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLACENTIA, CALIFORNIA, SUBMITTING A HOTEL TAX MEASURE TO THE ELECTORATE AT THE NOVEMBER 3, 2026 GENERAL MUNICIPAL ELECTION AND REITERATING ITS REQUEST THAT THE ELECTION TO BE CONSOLIDATED WITH OTHER ELECTIONS TO BE HELD ON THAT DATE

A. Recitals

WHEREAS, pursuant to Chapter 3.20 of the Municipal Code, the City imposes a transient occupancy tax ("Hotel Tax"); and

WHEREAS, the Hotel Tax is paid by or on behalf of "transients" (hotel guests) and is collected by the operators of each hotel and remitted to the City; and

WHEREAS, pursuant to Section 5.08.500 of the Municipal Code, the current rate of the Hotel Tax is 10% of the rent paid by the hotel guest; and

WHEREAS, proceeds of the hotel tax are deposited in the general fund, available for any lawful municipal purpose, and used by the City to fund general services such as neighborhood police patrols, fire protection, 911 response, and road repairs; and

WHEREAS, by its Resolution No. R-2026-37 (the "Election Resolution"), the City Council has called a General Municipal Election for November 3, 2026 (the "Election") and has requested that the Election be consolidated with the statewide general election held on the same date and administered by the Orange County Registrar of Voters; and

WHEREAS, the City Council desires to give the voters the opportunity at the Election to vote to increase the rate of the Hotel Tax.

B. Resolution

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF PLACENTIA AS FOLLOWS:

Section 1. Recitals. The City Council hereby finds and determines that the foregoing recitals are correct.

Section 2. Ballot Measure Submitted. The City Council hereby orders, pursuant to Section 9222 of the Elections Code, that the ordinance attached hereto as Exhibit "A" and incorporated herein by reference, be submitted to the voters at the Election. Adoption of the ordinance requires a majority vote of those voting on the matter.

Section 3. Ballot Question. The question submitted by Section 2 of this Resolution shall appear on the ballot as follows:

PLACENTIA HOTEL TAX MEASURE. Shall the measure increasing the rate of the City of Placentia's existing transient occupancy tax (hotel tax), paid only by hotel guests, to 14%, funding city services such as police patrols, fire protection, 911 response, and road repairs; requiring citizen oversight and annual audits, generating about $715,000 annually, until ended by voters, be adopted?	**YES**	
	NO	

Section 4. Consolidation. Pursuant Section 10400 et seq. of the Elections Code, the City Council reiterates its request set forth in the Election Resolution that Board of Supervisors of Orange County consolidate the Election with any other elections held on the same day in the same territory or in the territory that is in part the same.

Section 5. Conduct of Election. Pursuant to Section 10002 of the Elections Code, the City Council reiterates its request that the Orange County Board of Supervisors permit the Orange County Registrar of Voters to render all services specified by Section 10418 of the Elections Code relating to the election, for which services the City agrees to reimburse the County, in accordance with current County pro-rations and allocation procedures. The Board of Supervisors is authorized to canvass the returns of the Election pursuant to Section 10411 of the Elections Code. In all matters, the Election shall be held as set forth in the Election Resolution.

Section 6. Filing with County. The City Clerk shall file a certified copy of this Resolution with the Board of Supervisors and the Orange County Registrar of Voters.

Section 7. Impartial Analysis. The City Attorney shall prepare an impartial analysis of the measure. The analysis shall be included with other ballot materials.

Section 8. Arguments. Any person may prepare an argument for or against the measure not exceeding 300 words in length. Rebuttal arguments shall be permitted as provided by state law. If more than one argument is submitted for or against the measure, or more than one rebuttal is submitted for or against the measure, for each, the City Clerk shall select the argument/rebuttal to be included with the ballot materials in the manner provided by state law.

Section 9. Effective Date. This Resolution shall be effective upon its adoption.

APPROVED and ADOPTED this 16th day of June 2026

Exhibit “A”

Tax Ordinance

AN ORDINANCE OF THE CITY OF PLACENTIA, CALIFORNIA, AMENDING SECTION 5.08.500 OF THE MUNICIPAL CODE TO CHANGE THE RATE OF THE TRANSIENT OCCUPANCY TAX AND ADDING SECTION 3.20.100 TO THE MUNICIPAL CODE TO REQUIRE CERTAIN ACCOUNTABILITY MEASURES

WHEREAS, Section 3.20.020 of the Placentia Municipal Code requires that, for the privilege of occupancy in any hotel, each transient is subject to and shall pay a transient occupancy tax at the rate set forth in Section 5.08.500 of the Municipal Code; and

WHEREAS, the transient occupancy tax is collected by the hotel operator from the transient and then remitted by the operator to the City; and

WHEREAS, the transient occupancy tax is governed by Chapter 3.20 of the Municipal Code; and

WHEREAS, Section 3.20.010 of the Municipal Code provides that "transient" means any person who exercises occupancy or is entitled to occupancy by reason of concession, permit, right of access, license or other agreement for a period of 30 consecutive calendar days or less, counting portions of calendar days as full days and that any such person so occupying space in a hotel shall be deemed to be a transient until the period of 30 days has expired unless there is an agreement in writing between the operator and the occupant providing for a longer period of occupancy; and

WHEREAS, Section 3.20.010 of the Municipal Code provides that "hotel" means any structure, or any portion of any structure, which is occupied or intended or designed for occupancy by transients for dwelling, lodging or sleeping purposes, and includes any hotel, inn, tourist home or house, motel, studio motel, bachelor hotel, lodging house, rooming house, apartment house, dormitory, public or private club, mobile home or house trailer at a fixed location, or other similar structure or portion thereof; and

WHEREAS, Section 3.20.010 of the Municipal Code provides that "rent" means the consideration charged, whether or not received, for the occupancy of space in a hotel valued in money, whether to be received in money, goods, labor or otherwise, including all receipts, cash, credits and property and services of any kind or nature, without any deduction therefrom whatsoever; and

WHEREAS, the rate of the Transient Occupancy Tax is currently 10%; and

WHEREAS, the People of the City of Placentia desire to increase the rate of the tax to 14%, and to adopt certain accountability measures.

NOW, THEREFORE, THE PEOPLE OF THE CITY OF PLACENTIA DO HEREBY ORDAIN AS FOLLOWS:

SECTION 1. Section 5.08.500 of Chapter 5.08 (Finance Department—Business Licenses) of the Municipal Code is hereby amended to read:

§ 5.08.500 Transient Occupancy Tax

The rate of the transient occupancy tax imposed by Section 3.20.020 of this Code is 14% of the rent charged by the operator.

SECTION 2. Section 3.20.100 is added to Chapter 3.20 (Transient Occupancy Tax) of the Municipal Code to read as follows:

§3.20.100 Accountability

A. The proceeds of the transient occupancy tax as well as the expenditure thereof, shall be audited annually by an independent accounting firm. Such independent audit may be a part of any other independent audit of municipal finances. The report of the audit shall be filed with the City Council and shall be a public record of the City.

B. The citizen's oversight committee established by Section 3.32.020 of this code shall, in addition to its other duties, review the expenditure of funds generated by the transient occupancy tax. It shall prepare an annual report on such expenditures which shall be presented to the city council and shall also be published on the city's webpage. Unless otherwise directed by resolution or ordinance of the city council, or by Chapter 3.32 or other provision of this code, the committee shall not have any function, power, or authority other than those expressly provided in this section. In no event shall a failure of the city council or the committee to meet, or to take any other action required by this section, invalidate any tax imposed or collected under this chapter; however, any court of competent jurisdiction may issue an order to the city compelling the city to comply with the requirements of this section.

C. The proceeds of the transient occupancy tax shall be deposited in the general fund of the city and may be used for any lawful municipal purpose. The tax is a general tax imposed for general government purposes.

SECTION 3. The City Council may, by ordinance, amend this Ordinance. However, the City Council shall not increase the rate of the tax imposed by this Ordinance above the rate set forth in this Ordinance without the approval of the increase by a vote of the Electorate.

SECTION 4. If any section, subsection, sentence, clause, or phrase of this Ordinance is held invalid, such decision shall not affect the validity of the remaining provisions of this Ordinance.

SECTION 5. This Ordinance shall take effect on January 1, 2027.

PASSED, APPROVED AND ADOPTED by the People of the City of Placentia at the General Municipal Election held on November 3, 2026.
