III. CITIZEN'S PRESENTATIONS/PETITIONS

Mark Dyck, representing Integrity Federal Services, requested a two-month deferral of the Sleepy Hollow rezoning application. The purpose of the deferral is to allow the applicant time to address environmental and traffic concerns raised by the Ranson City Council and the Ranson Planning Commission. Mr. Dyck stated that he would like the opportunity to respond to these issues before the application proceeds. Mr. Dyck informed the Mayor and Council the Sleepy Hollow development will connect to Leetown Road, Curry Road, and Mildred Street.

Colin Stein, a local farmer, emphasized the importance of water rights and the potential strain on Jefferson County's water supply.

Ryan Dager, representing the developer 4star, requested a postponement to address the council concerns and outlines their intension to build a community that respects the environment and provides safe access.

Chrissy Wimer, representing the Jefferson County Foundation, expressed her frustration that the agenda item was not postponed as previously communicated, noting that this affected attendees who stayed home and did not attend the meeting. Dr. Wimer highlighted concerns including the need for a larger buffer around the wetlands and issues related to transportation accessibility.

1. Legislative Update and Discussion – Delegate Joe Funkhouser

   Delegate Joe Funkhouser informed the Mayor and Council that it had been about a year since he last attended a council meeting and noted that concerns had arisen regarding Legislative Bill 26-60, "Lien Satisfaction," He stated that he has communicated Ranson's concerns about the bill. Delegate Funkhouser then asked the Mayor and Council if they had any additional concerns that he could help convey.

2. Charles Town Utility Board (CTUB) CIF Fee Presentation & Explanation

   John Maxy, Vice Chair of the Charlestown Utility Board, addressed concerns about utility guarantees and explained that the board's goal is to provide high-quality water and sewer services with the lowest cost while ensuring environmentally sound practices, He emphasized that growth must pay for growth. Mr. Maxy outlines that significant infrastructure is needed with an estimated cost of $135-150 million over six years, including ongoing maintenance of 45% of that cost.

   Ranson City Council discussed their concerns about how the methodology was used to determine sewer rates with a focus on rainwater impacts, System capacity and fee calculations. Sewer Fees are calculated at a higher rate than water. Mr. Maxy said there should be a Rate Hite, Councilor Colandrea ask what he meant by a Rate Hite. Mr. Maxy stated Staff has not had a pay raise with the inflation, their jobs are not easy and has to have extensive training for the job.

   Councilor Colandrea had concerns about future growth. There are two water plants, Tuscawilla and South George Street, in Charles Town. Mr. Maxy stated the new plant is being designed soon for future growth and adjustments for inflation, which was said to be 4.0 % compounded annually over five years.

Councilor Colandrea expressed concerns regarding the fairness of the Sewer Infrastructure Fees (SIF). He emphasized that Ranson residents receive sewer services exclusively through the Charles Town Utility Board (CTUB), which is the sole provider for both residents and businesses in Ranson.

Mr. Colandrea reiterated the City's focus on commercial growth and inquired whether fees could be waived for Ranson residents to match the waivers offered in Charles Town. Mr. Maxy stated that all related matters would be reviewed.

FREEHOLDERS' PETITION FOR ANNEXATION

Hon. Keith D. Pierson, Mayor
Mr. Todd Wilt, City Manager
City Council Members Anderson, Stroud, Suits, Custer, Colandrea, McDaniel
312 S. Mildred Street
Ranson WV, 25438

Introduction

The homeowners of the Briar Run Estates Homeowner's Association formally seek Voluntary Annexation into the City of Ranson.

History/Background

WHEREAS, Briar Run Estates, is the first three phases of the Briar Run housing development, constructed between 1997 and 2000, consisting of 134 homes on approximately 1/3 acre lots and is surrounded by other properties and roadways currently within the City of Ranson, all those having been annexed into City of Ranson within the last twenty years.

WHEREAS, Briar Run Estates is fully within the current City of Ranson Urban Growth Boundary, established in 2015.

WHEREAS, Briar Run Estates' road system consists of four main roads: Thumper Drive, Cottontail Drive, Briar Run Drive and Oak Lee Drive and nine cul-de-sacs. The main roads connect two entrances on Flowing Springs Road with the Potomac Marketplace, Route 9 and Fairfax Boulevard.

WHEREAS, Briar Run Estates' road system has, since 2006, been unfairly burdened by the traffic generated by the growth, commercial business and residential development choices made and approved by the City of Ranson through its Comprehensive Plan, Zoning Ordinance and Urban Growth Boundary.

WHEREAS, Briar Run Estates resident volunteers have conducted two traffic counts, exhibits attached, which demonstrate that on typical weekend and week days 2100 to 2200 vehicles pass through Briar Run Estates within a 10 hour period. This data conservatively extrapolates to well over 3,000 vehicles per day. Vehicle types include cars, vans, pickup trucks with trailers, box trucks, dump trucks, tractor-trailers and vehicles bearing the signage of the City of Ranson and the City of Charles Town. A subsequent City of Ranson traffic survey verified the Briar Run Estates data.

WHEREAS, External traffic has been imposed on Briar Run Estates' roads by land development decisions made by the City of Ranson in 2006 and following years without providing for an alternate roadway for county-level traffic.

March 18, 2025

FREEHOLDERS' PETITION FOR ANNEXATION

WHEREAS, No other subdivision roadways in Jefferson County are used as a short-cut road access to City of Ranson property, parks, and recreational field facilities.

WHEREAS, The external traffic has tended to exceed the 25 mph speed limit appropriate for residential roadways and consistently ignore stop signs at intersections. Briar Run Estates has had to fund the construction of 6 speed humps and signage in 2017 in order to lessen the speed of through vehicles, without the support of either the City of Ranson Police or Jefferson County Sheriff's Office to enforce speed limits and stop signs.

WHEREAS, Briar Run Estates private roads serve school buses which transport City of Ranson students to local schools.

WHEREAS, The City of Ranson has approved Presidents Pointe, which in its first two phases consists of over 350 residential units. Its roadway system is served by a single collector road, Presidents Pointe Avenue, which is intended to connect the traffic circle at Oak Lee Drive with Flowing Springs Road. The City of Ranson has allowed the developer to construct the roadway in phases, as it adds additional residential units. The result of this policy is to give the residents of Presidents Pointe' if they are traveling to destinations north and east in the county or Maryland, no alternative but to use the roadways of Briar Run Estates to connect to Flowing Springs Road. Currently, the schedule for the completion of Presidents Pointe Avenue is entirely up to the developer and the housing market. Neither the developer or the City know what year that will be.

WHEREAS, Additional residential development approved by Jefferson County at Aspen Green along Flowing Springs Road and Old Country Club Road will add hundreds of trips per day to traffic to and from Potomac Marketplace and through Briar Run Estates.

WHEREAS, Briar Run Estates has researched with Freedom of Information Act requests and with voluntary cooperation of City of Ranson staff and officials which suggest Briar Run Estates has literally been forgotten or overlooked.

WHEREAS, The City of Ranson in 2006 annexed the 66 units of Briar Run Phase 4, which has the same housing density and road structure as Briar Run Estates. In 2008, the City of Ranson developed one of the two storm water management areas of Briar Run Phase 4 into a city park and maintains both areas. In 2022, the City of Ranson repaved all of roadways of Briar Run Phase 4 including through roads and cul-de-sacs[1].

WHEREAS, The West Virginia Department of Highways cannot provide maintenance of the Briar Run Estates road system due to the expiration of the, so called, "Orphan Roads" legislation in 1999.

---

[1] Briar Run Phase 4 has 3,995 feet (.75 mi) of 25 feet wide roadway. Approximately two-thirds (65%) of that roadway connects to Briar Run Estates and serves through traffic similarly to Briar Run Estates. Briar Run Estates has approximately 7,714 feet (1.5 mi) of 25 feet wide roadway. More than half (55%) of that roadway serves through traffic.

The precise additional territory sought to be annexed to the City of Ranson is the territory shown on the attached map or plat and further described by courses and distances, as shown upon said plat as required by law.

We petition the City Council of the City of Ranson to proceed to annex the said territory – known as Briar Run Estates (BRE) in Jefferson County, West Virginia, in which there are 134 property owners -- and to take all acts required by law to effect such annexation under the provisions of Chapter 8, Article 6, Section 4 of the Code of West Virginia.

To this end, we propose the following conditions and understandings:

1. The City of Ranson will take ownership of the following common areas, including:
    a. all roads and rights-of-way, including through roads and cul-de-sacs, six (6) speed humps,
    b. All traffic control signage at intersections and roadsides,

2. The City of Ranson will maintain the above common areas, including:
    a. snow removal and ice treatment per City of Ranson standards of all through roads and cul-de-sacs,
    b. timely paving repair and repaving of all through roads and cul-de-sacs,
    c. preservation and restriping of stop lines at all intersections,

3. The City of Ranson will include the above roads and rights-of-way in the coverage of their liability insurance protection and hold the homeowners of Briar Run Estates harmless.

4. The City of Ranson will assume the lease agreement which Briar Run Estates has with Potomac Edison to provide light fixtures and illumination or provide equivalent street lighting at no additional charge to Briar Run Estates homeowners.

5. The City of Ranson will provide police protection, emergency response and traffic monitoring services. The City Council of the City of Ranson will formally resolve to patrol roads to enforce stop signs, a 25 mph speed limit and install a radar-equipped speed monitor on Cottontail Drive.

6. The City Council of the City of Ranson will formally resolve to request that the WVDOH include in land development north of Briar Run Estates a connecting roadway from the intersection of Flowing Springs Road and Old Country Club Road to the Potomac Marketplace; and that the roadway be designed for county-level traffic separate from residential curb cuts.

AGENDA ITEM VII.10

City Council Regular Meeting Request for Action

FROM: Darla Armstrong

ITEM TYPE: PRESENTATION

AGENDA SECTION: **COUNCIL BUSINESS**

SUBJECT: Nomination to the Jefferson County Commission for a Vacancy on Hagerstown-Eastern Panhandle Metropolitan Planning Organization (HEPMPO).

The Jefferson County Commission has requested that municipalities within the county submit nominations for the municipal representative to the Hagerstown/Eastern Panhandle Metropolitan Planning Organization (HEPMPO) Interstate Council (ISC). This seat represents all Jefferson County municipalities and carries a two-year term. The ISC typically meets quarterly.

The Interstate Council serves as the governing and decision-making body of HEPMPO. It consists of 17 members, 15 of whom hold voting privileges, including representatives from state departments of transportation, public transit agencies, and local elected officials. The ISC plays a vital role in overseeing regional transportation planning efforts.

HEPMPO provides a collaborative forum for short and long-term transportation planning that supports mobility, economic development, environmental stewardship, and multimodal connectivity across its metropolitan planning area, which includes Washington County (MD), and Berkeley and Jefferson Counties (WV), with a small portion extending into Frederick County (VA).

The City Council is asked to consider submitting a nomination for the Jefferson County municipal seat on the HEPMPO Interstate Council. In August of 2025 the City Council nominated Councilor Tommy Custer to this position. However, the vacancy was never filled and remains unfilled at this time. The Jefferson County Commission is continuing to accept nominations for this seat and intends to appoint this seat at its December 18 meeting.

To the Honorable Charles Town City Council and Members of the Charles Town Utility Board,

On behalf of the City of Ranson, I am writing regarding the proposed amendments to the Capacity Improvement Fees now before the Charles Town City Council. Ranson supports fiscally sound utility planning and recognizes the authority of municipal utilities to set rates and charges under West Virginia law. At the same time, we have an obligation to ensure that these fees are equitable and understandable to Ranson citizens, who comprise a significant portion of CTUB ratepayers.

To help our Council better understand the proposal and its potential impact, Ranson respectfully requests the following:

1. The analysis supporting the proposed water and sewer tariff amendments (Charles Town Ordinances 2025-1219 and 2025-1220), including the assumptions or calculations used to determine the recommended fee levels.
2. The current disposition and balance of Capacity Improvement Fee funds, along with any related analysis of how those funds have been applied or allocated to date.
3. The engineering or financial analysis from the 2025-2027 Strategic Sewer Plan as it relates specifically to the proposed fee revisions.

We appreciate your cooperation in providing this information and ask that it be shared at your earliest convenience to allow Ranson's Council to review and offer informed feedback before final action is taken by the Charles Town Council. Please feel free to contact me directly if any clarification would be helpful.

Respectfully,

Todd Wilt

To the Honorable Charles Town City Council and Members of the Charles Town Utility Board,

Thank you for your attention to our November 7 request. After additional discussion, I respectfully ask for two clarifications to complete our review of this issue:

1. **Consultant recommendations and related analyses**
   Please provide the original consultant recommendation and any analysis they, CTUB staff, or additional consultants delivered to CTUB in support of the fee proposal adopted by CTUB and now before the City Council. If those materials differ from what is currently proposed, please include any summaries that explain the basis for the differences.

2. **Effect of revised estimated average use on available plant capacity**
   We understand that a change in the estimated average use per customer, as under consideration by the City Council, may affect remaining available capacity at the wastewater treatment plant. We seek to confirm whether this change would impact not only future approvals but also capacity already reserved for approved projects that have not yet built out. To that end, please provide:
   - The analysis and professional opinions relied upon to support any change in the average use estimate;
   - The current accounting of plant capacity, including reserved commitments for approved developments; and
   - The plan to address any capacity shortfall or overcommitment that may result from the revised estimate.

We appreciate your cooperation and ask that these materials be shared at your earliest convenience so that Ranson's Council can provide informed feedback before final action is taken. I am available to discuss if clarification would be helpful.

Respectfully,

Todd Wilt
