CITY OF RIO RANCHO
COVER PAGE

Legislation Item: R24

AGENDA DATE:
April 9, 2026

DEPARTMENT:
Development Services

SUBJECT:
R24, Resolution Adopting the Orchard Park Master Plan

BACKGROUND AND ANALYSIS:

The Applicant, AMREP Southwest, Inc., through their agent, Tierra West, LLC., requests approval of the Orchard Park Master Plan. The proposed Orchard Park Master Plan is centrally bisected by Progress Blvd. NE, a future arterial road, which separates the northern and southern portions of the Master Plan.

The Master Plan is bounded by Yellowknife Dr. NE, a residential road, to the north; Wilpett Dr. NE, a major collector road, to the east; a railroad right-of-way easement and the Northern Meadows Unit 19 neighborhood to the south; and the Montoyas Arroyo to the west.

The subject Master Plan was scheduled to be heard at the February 24, 2026 Planning and Zoning Board meeting; however, the Applicant requested a postponement to the March 10, 2026 Planning and Zoning Board meeting to include a new outparcel the Applicant has acquired to the Master Plan Boundary.

At the March 10, 2026 Planning and Zoning Board meeting, the Planning and Zoning Board voted unanimously in a 6-0 vote to recommend approval of the Orchard Park Master Plan to the Governing Body.

Proposed Unit Count:

*278 Units (The submission of the Orchard Park Master Plan reviewed by the Planning & Zoning Board reflected a unit count of 273; however, the Applicant presented a unit count of 278 during the March 10, 2026 Planning and Zoning Board Meeting and has since revised the Master Plan document to reflect 278 units. As this is a deviation of 5 units, staff finds the updated unit count of 278 still meets the original intent of the application. The Applicant did not make any further changes to the Master Plan document).

New subject property to be included into the Orchard Park Master Plan:

- Rio Rancho Estates Unit 22, Block 115, Lot 2

The subject properties are proposed to be part of the Orchard Park Master Plan Area:

- Rio Rancho Estates Unit 22, Block 73, Lots 1, 7-8 & Tract D
- Rio Rancho Estates Unit 22, Block 113, Lots 1, 4-6 & 8-9
- Rio Rancho Estates Unit 22, Block 114, Lots 3-7 & Tract HH
- Rio Rancho Estates Unit 22, Block 115, Lots 1-21 & 25
- Rio Rancho Estates Unit 22, Block 116, Lots 1, 4-11 & 18-22

Per Ordinance No. 24, Enactment No. 98-025, adopted November 4, 1998 by the Governing Body, all the above subject properties are zoned TZ: Transitional Zoning District. The subject properties comprise a total of approximately 43.13 acres, comprising the entire acreage of the Master Plan. The previous version of the Master Plan reflected a total acreage of approximately 52 acres; however, this acreage included outparcels which had been removed from the boundary. The Applicant has provided a new property list with the most up-to-date acreages.

The subject Master Plan originally came before the Planning & Zoning Board on March 25, 2025; however, the Applicant made the decision to postpone the request indefinitely to further address staff comments and concerns.

Originally, the proposed Orchard Park Master Plan only included the lands south of Progress Blvd. NE. After subsequent revisions since the original postponement in 2025, the Applicant expanded the Master Plan boundary to include properties north of Progress Rd NE (Rio Rancho Estates Unit 22, Block 73, Lots 1, 7-8 & Tract D).

Appendix A of the Master Plan outlines the current property ownership of the above subject properties. The Applicant's original submittal for Orchard Park included a property ownership percentage of 64%. In the subject revised submittal, the Applicant has modified the proposed Master Plan boundaries to only include properties owned by the Applicant. The new ownership boundary for Orchard Park reflects 100% property ownership by the Applicant. If the Applicant was to include the lots not under their ownership onto the application they would have approximately only 70% which is under the threshold for the what is required by the DPM for a Master Plan.

REVIEW CRITERIA:

The Rio Rancho Comprehensive Plan defines a Master Plan as a detailed development plan often created by a developer, which may fit within a Specific Area Plan boundary or may provide sufficient planning detail that may be developed in unplanned areas and stand in place of a Specific Area Plan.

It states that, "The City will rely on the development of Specific Area Plans and Master Plans for identifying a specific land use at the parcel-level. Specific Area Plans and Master Plans are a part of the Land Use Element and are used as a statement of policy to guide land use decision making by the Governing Body."

The Orchard Park Master Plan details a conceptual lot layout, provides for private HOA pocket parks and open space, and provides for design standards and phasing. The Master Plan additionally includes provisions for conceptual drainage, utility planning, and conformance with the City's Comprehensive Plan. The Planning and Zoning Board recommends the Governing Body find that the proposed Master Plan conforms to the requirements for Master Plans outlined in the City Comprehensive Plan.

SITE ANALYSIS:

The subject properties comprise approximately 43.13 acres zoned TZ: Transitional Zoning District via Ordinance No. 24, Enactment No. 98-025, adopted November 4, 1998 by the Governing Body.

The proposed Orchard Park Master Plan is centrally bisected by Progress Blvd. NE, a future arterial road, which separates the northern and southern portions of the Master Plan. The Master Plan is bounded by Yellowknife Dr. NE, a residential road, to the north; Wilpett Dr. NE, a major collector road, to the east; a railroad right-of-way and the Northern Meadows Unit 19 neighborhood to the south; and the Montoyas Arroyo to the west.

The proposed Master Plan is bordered by TZ: Transitional Zoning District to the north, west, and east. SU: Special Use District for Single-Family Residential is to the south (Northern Meadows Unit 19 Subdivision), with SU: Special Use District for Utilities additionally to the east.

As the Applicant has amended the proposed Orchard Park Master Plan boundary to include only properties owned by them, all adjacent and abutting outparcels not owned by the Applicant shall not be included in the proposed Master Plan boundary. The Applicant has provided provisions for how these lots will be served, despite not being a part of the Master Plan. This includes, but not limited to: access preservation and curb and gutter installation on both sides of the street. Staff has additionally included a condition that sidewalks also be a part of infrastructure improvements for adjacent lots not part of the Master Plan.

LAND USE:
Per the Generalized Land Use Map (GLUM) The Orchard Park Master Plan's current land use is designated as future planning. The original Orchard Park submittal proposed development consisting of three (3) phases of single-family residential homes; this revised submittal now consists of four (4) phases, the fourth phase consisting of the properties north of Progress Blvd. NE and bounded by Vidal Rd NE and Yellowknife Dr. NE.

Should the proposed Master Plan be adopted, the Applicant will pursue a Zone Map Amendment to rezone all subject properties as R-4: Single-Family Residential District. The Applicant has revised previous incorrect notations reflecting Medium to High Density Residential Land Use within the document text to properly reflect Medium Density Residential Land Use. However, one notation of Medium to High Density Residential Land Use remains on Page 17 of the Master Plan; should the Master Plan be adopted, a condition of approval shall be to amend the incorrect Land Use density notation. The Applicant additionally resolved the unit count discrepancy on Page 13 of the Master Plan, which now consistently reflects the 278 proposed unit count.

GRADING & DRAINAGE:
The proposed Orchard Park Master Plan lies just north of Northern Meadows Unit 19, within the Northern Meadows Drainage Plan region. The existing report, "Northern Meadows Phase 2 Drainage Master Plan - Unit 22" completed in 1999, summarizes the overall intent of the drainage strategy in this sector.

The report identifies the development area of the subject properties proposed to comprise the Orchard Park Master Plan boundary as an offsite contributor to the Northern Meadows Unit 22 Master Drainage plan concept. With the proposed development of single-family residential lots, the hydrology will need to be reassessed to account for the additional stormwater discharge. A turnkey agreement with the Southern Sandoval County Arroyo Flood Control Authority (SSCAFCA) will be required for connection to the existing arroyo.

CIRCULATION:
Ingress and egress for the Master Plan will primarily come from Almond Rd NE via Wilpett Dr. NE. An additional ingress and egress point will be in the middle of the northern boundary of the Master Plan from Walnut Rd NE via Progress Blvd. NE. The portion of Orchard Park north of Progress Blvd. NE shall be accessed via Vidal Rd NE. A Trip Generation Study was completed for the development, and results are shown in Figures 6-2, 6-3, 6-4, & 6-5 (Pgs. 19-20 of Master Plan). A

Traffic Impact Analysis will be completed during the engineering review process to determine roadway improvements.

All new typical roadway sections will comply with City design standards. Proposed stub streets and hammerheads will additionally comply with International Fire Code 2021; any Variances required will be submitted during the Preliminary Plat approval phase.

As phases develop in the proposed Master Plan, conformance with approved fire access standards will also need to be followed. This may include grading roads to meet fire access standards prior to full construction of these roadways.

UTILITIES:
The Orchard Park Master Plan provides for water and sewer utilities to serve future development. An existing 14-inch C900 PVC waterline running along Wilpett Dr. NE will be extended north to a valve stub at the intersection of Wilpett Dr. NE and Almond Rd NE, which will provide future connection to service lots within the Master Plan area. An additional stub will be placed at Walnut Rd NE and Progress Blvd. NE for future expansion.

Orchard Park has two potential options for wastewater conveyance. The first option is to direct the flow to a new manhole at the intersection of Almond Rd NE and Wilpett Dr. NE, which would be connected via an 8-inch PVC gravity main to the southern intersection of Wilpett Dr. NE and Camino de Las Montoyas NE. The second option would be to direct the flow to a new manhole within U22, Block 116, Lot 5 at the southwestern edge of the Master Plan, which would be conveyed through an 8-inch PVC gravity main to the south through the open space between Units 22 and 19, and through an existing utility easement within a cul-de-sac of Desert Willow Dr. NE.

DESIGN STANDARDS & COMMUNITY AMENITIES:
The Orchard Park Master Plan provides Design Standards for residential development within the subject boundaries. These Design Standards address the character of units, identifying allowances for colors, architectural details, and lot landscaping. The proposed Master Plan has been revised to include a Homeowner's Association (HOA) and private HOA pocket parks within both portions of Orchard Park to the north and south of Progress Blvd. NE.

The Master Plan notates the minimum necessary parkland of approximately 2.4 acres; however, the Table titled "Development of Phases 1-4" (Pg. 17 of the Master Plan) only allocates approximately 2.22 acres of parkland, to be located in Phases 2 & 4.

The provided 2.22 acres of allotted park land is within a 10% deviation (as allowed by the Subdivision Ordinance, Chapter 155 of City Code) of the required minimum of 2.4 acres of parkland, exclusive of open space acreage. The Table additionally allocates approximately 1.5 acres of open space, to be located in Phase 1.

PHASING AND FINANCING:
The Orchard Park Master Plan was originally proposed to develop in three (3) separate residential phases; however, the revised Master Plan increases the count to four (4) separate residential phases, to include the additional properties north of Progress Blvd. NE. Phasing is outlined in Figure 5-2 (Pg. 16 of Master Plan). The figure illustrates the first phase beginning along the southeast boundary of the Master Plan from Wilpett Dr. NE and Progress Blvd. NE, with the remaining two phases south of Progress Blvd. NE progressing westward across the entire Master Plan boundary. Phase 4 will include all subject properties north of Progress Blvd. NE.

CONFORMANCE WITH COMPREHENSIVE PLAN:
Under Section 4 of the proposed Master Plan, the Applicant identifies how Orchard Park will align with the policies, goals, and actions of the City Comprehensive Plan.

Natural Environment:

- Policy Con-12: Develop and protect a public open space network.
- Action Con-10: Utilize SCCAFCA's flood control and arroyo features as a part of the City's open space network.

Land Use:

- Policy L-1: Encourage the master planning of developments that establish a community character that considers circulation, landscaping, open space, storm drainage, utilities, and building location and design in this Master Plan.
- Policy L-3: Promote and support development that incorporates walkability.
- Policy L-4: Encourage adequate pedestrian connections to future transit facilities in all residential site development.

Population and Housing:

- Goal PH-3: Promote a variety of housing types to meet the needs of all members of the community.

Transportation:

- Goal TR-2: Transportation facilities designed and constructed in a manner to facilitate Rio Rancho's economic goals, enhance livability, and meet Federal, State, regional and local requirements.
- Policy TR-10: Support the design of streets and highways to respect surrounding land uses, natural features, and community amenities.

The Planning and Zoning Board recommends the Governing Body find that the proposed Master Plan furthers Policy L-1. The Orchard Park Master Plan has been revised to include private parkland and amenities, as well as allocated open space. The Planning and Zoning Board finds this revision provides the necessary character, which was lacking in previous iterations of the Master Plan document.

Given that the Applicant has revised the Master Plan boundary to reflect 100% property ownership by the Applicant, the Planning and Zoning Board finds that while community character may become somewhat disjointed, it still allows for access points and future development for all outparcels adjacent to the Master Plan. While it cannot be guaranteed that future development on adjacent outparcels will be completely compatible with the Orchard Park Master Plan, all outparcels are additionally zoned TZ: Transitional Zoning District under the same Ordinance as the subject Master Plan properties. As such, development would be restricted to only permissive uses outlined in R.O. 2003 Chapter 154.44 TZ: Transitional Zoning District, which are consistent with the permissive uses outlined for R-1: Single-Family Residential District Zoning (R.O. 2003 Chapter 154.08).

The Planning and Zoning Board recommends the Governing Body find that the Character of Units section within the Master Plan addresses both single- and two-story homes and provides for some flexibility of single-family design standards. Provision of private pocket parks and open space gives the proposed Master Plan a deeper sense of place. Current proposed amenities for the private pocket parks include trails, landscaping, benches, and a shade structure.

NOTIFICATIONS: Notice of pending development application was sent via first class mail to adjacent property owners. A legal ad was placed in the March 25, 2026 edition of the Albuquerque Journal. All legal notification requirements for this project have been met.

Tim,

Please see response to comments below and updated MP document attached.

- Please see updated Ownership list "Orchard Park Property List 02-16-2026" this updates the total acreage of the MP to be 43.13 acres.
  The 52 acres mentioned previously in the document included parcels that were N/A, this has been adjusted on page 3 of the MP document.

- All notations of Medium to High density were revised to Medium Density throughout the narrative, on Figure 2-3 and the Development of Phases 1-4 Table.

- Sidewalks were included as part of the improvements on page 13, section 5.1

- The conflicting number of residential lots on page 13 (253) has been corrected to the 273 as mentioned on page 17 and shown in the proposed lot layout.

- Page 17 now separates planned dedicated parkland vs open space in the narrative above the Development of Phases 1-4 Table.

- Regarding the previous park configuration and amenities comment: The referenced concerns relate to HOA-owned and HOA-maintained park spaces and therefore are not applicable to this Master Plan.

- The applicant is now under contract for the purchase of Unit 22, Block 115, Lot 2, see snip below.
  The addition of this lot will help considerably with the flow of the roadways through the subdivision and IFC standards.
  This lot is included in page 3 of the MP document and in the calculated acreage of the ownership list.

Appendix A: Ownership Information

1. Introduction

A new medium density single-family development to be known as Orchard Park will be located on approximately 43 - acres of vacant antiquated lots identified as Unit 22, Block 73, Lots 1, 7 and 8, Unit 22, Block 73, Tract D, Unit 22, Block 113, Lots 1, 2, 4, 5, 6, 8, 9; Block 114, Lots 3-7 and Tract HH; Block 115, Lots 1, 3-21, 25 and Block 116, Lots 1, 4-11, 18-22 (collectively, the "Property"). Ownership information for the lots described above is included in this report as Appendix A.

The Property is situated to the north of Northern Meadows Unit 19 in the area bound by Progress Boulevard and Yellow Knife Drive to the north, the Montoyas Arroyo to the west, Wilpett Drive to the east and an overhead electric transmission line easement to the south. This development is expected to provide high-quality affordable homes for community residents in the northwest portion of the City of Rio Rancho (the "City").

The general boundary of the Master Plan is presented in Figure 1-1. Site Vicinity Map, below.

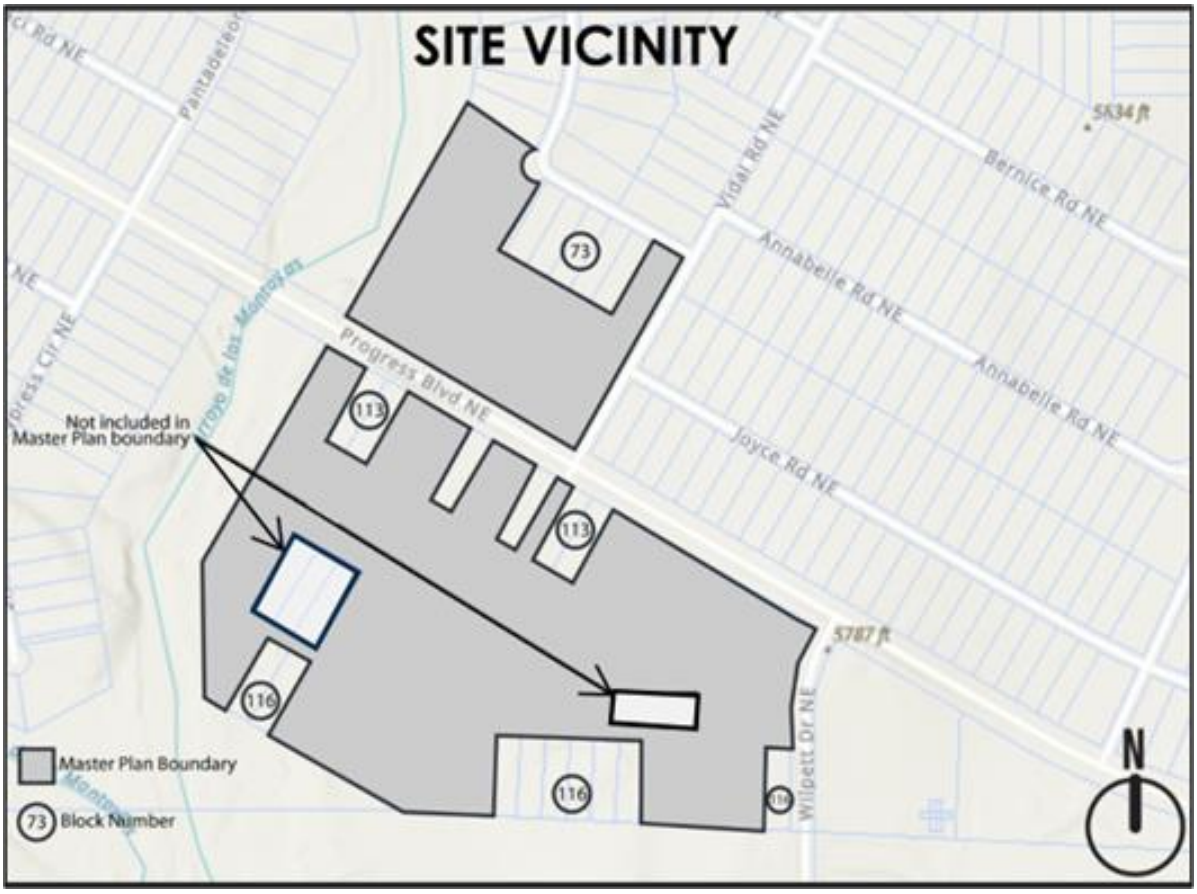

Figure 1-1: Site Vicinity Map

The Master Plan for the development of this property will serve as a comprehensive guide and aims to ensure a successful and well-coordinated development. Central to the plan is the establishment of appropriate zoning and land use designations, ensuring the development aligns with the city's vision and meets the needs

of both the future residents and the surrounding community. By considering the preferred uses for the land, the plan helps shape a development that contributes positively to the area's growth.

Additionally, the Master Plan incorporates key goals and policies from the City of Rio Rancho's Comprehensive Plan and Municipal Code, ensuring that the project complies with regulations and supports broader objectives in the City of Rio Rancho. This alignment with Comprehensive Plan strategies ensures that the development is both responsible and forward-thinking and will serve the public good.

The plan discusses the proposed design for the subdivision itself and will detail the minimum lot sizes that will structure the development. Addressing infrastructure needs is a vital part of the Master Plan. It includes provisions for stormwater drainage and transportation, ensuring that these essential services are designed to handle the demands of the new development.

Finally, the plan presents a utility strategy that identifies connection points to existing water and sewer systems, facilitating the extension of services to the property. This ensures that future residents will have access to reliable utilities, supporting a high standard of living and further enabling the property's development in a practical and efficient manner.

This Master Plan and subsequent development provide an opportunity for efficient development and helps support the City of Rio Rancho's Comprehensive plan.

2. Existing Conditions

2.1 Zoning & Land Use

Per the City of Rio Rancho official zoning map, the Property is currently zoned Transitional (TZ). The adjacent Northern Meadows development to the south is currently zoned Special Use for Single Family Residential. To the east of Wilpett Drive NE, the property is zoned as Special Use for Utilities and currently contains a Public Service Company of New Mexico (PNM) electrical substation.

The local zone classifications are presented in Figure 2-1. Zone Classification Map.

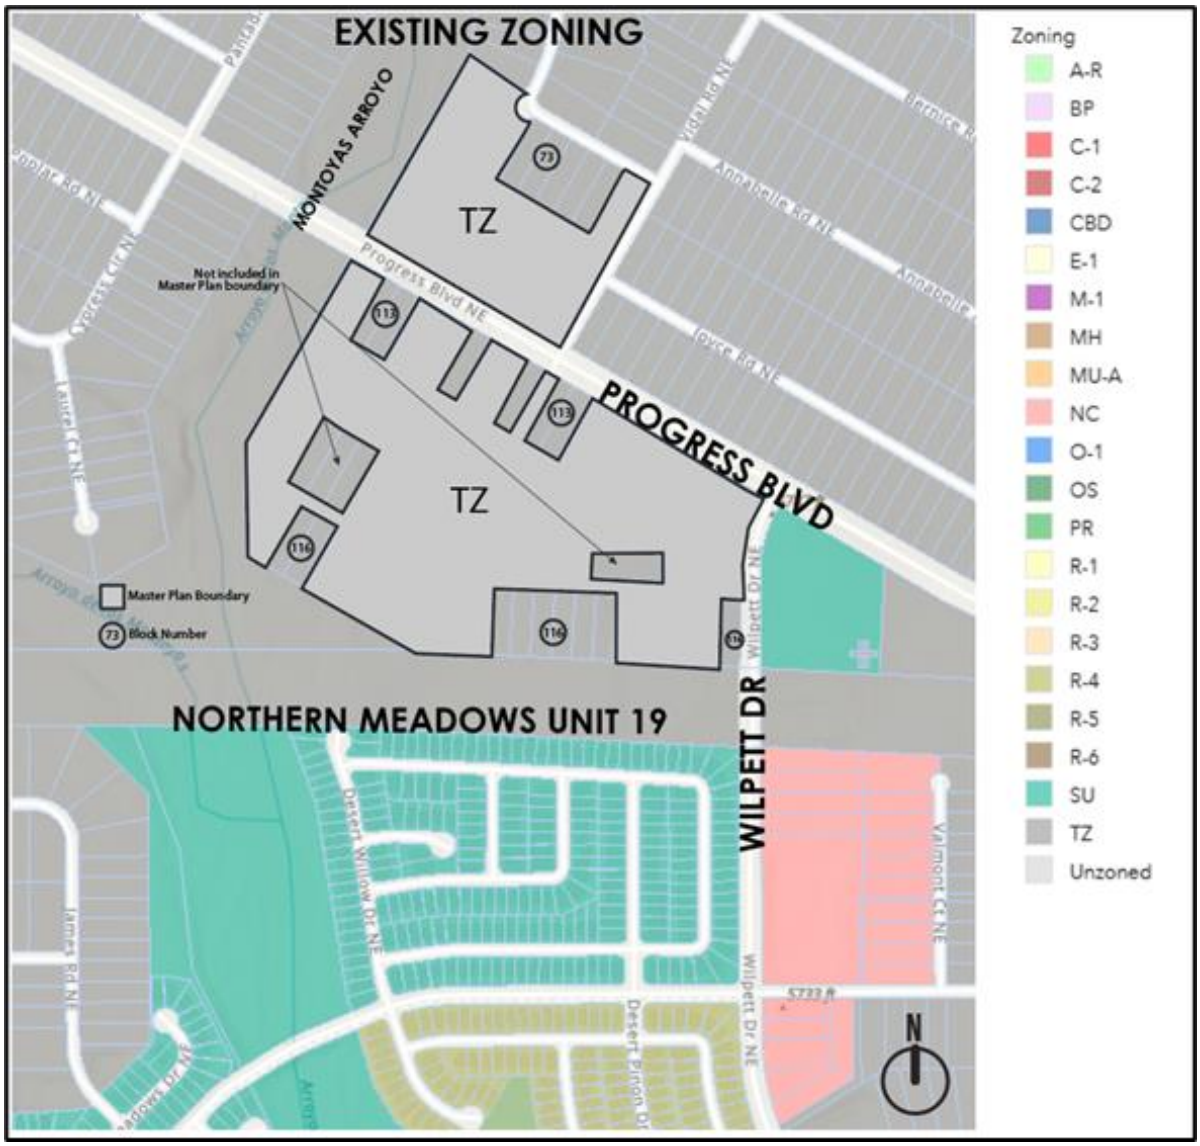

Figure 2-1: Zone Classification Map

The code of ordinances requires properties with Transitional (TZ) zoning to establish a master plan to identify a compatible use with surrounding established developments. Northern Meadows Unit 19 was zoned SU,

Special Use for Residential prior to the establishment of the City's current R-4 zoning classification, as seen in Figure 2-2. Existing Land Use Map. Upon development of individual parcels, it is recommended that the zoning classification be amended to R-4 by owner. Lots will remain zoned TZ until future owner re-zones.

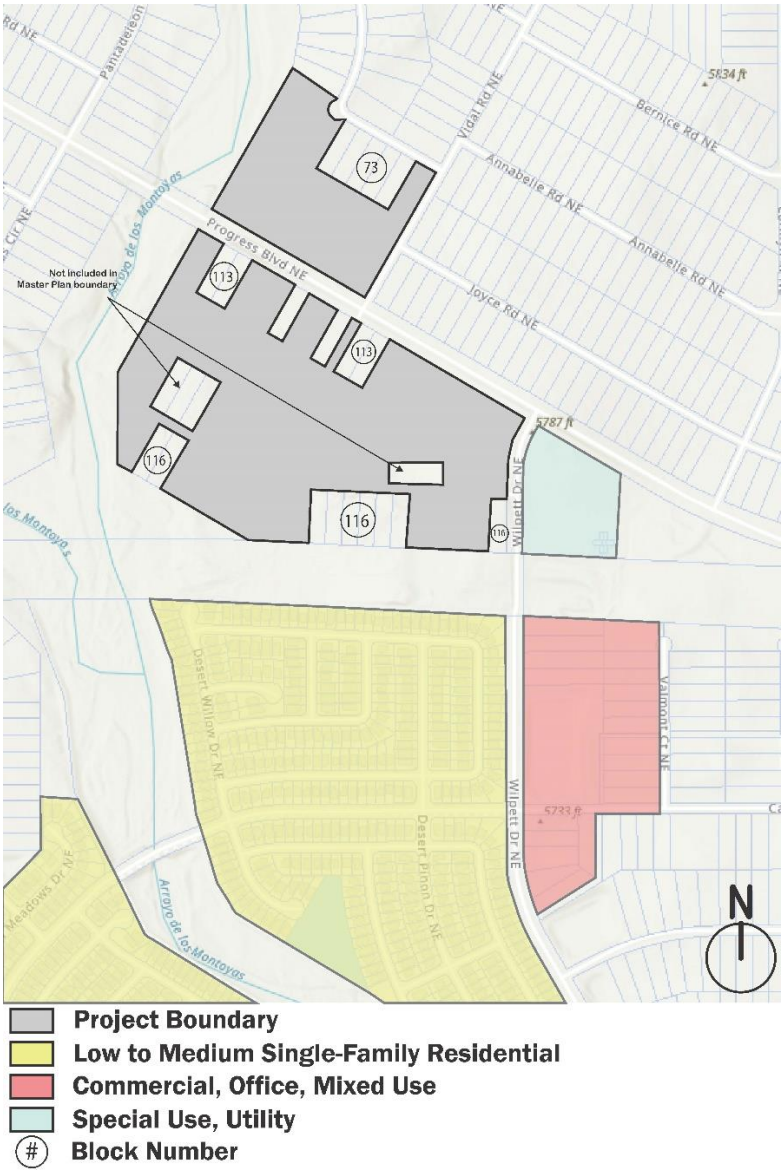

Figure 2-2: Existing Land Use Map

Northern Meadows Unit 19 was platted with lot sizes of 45 foot minimum width which would fall within the City's current R-4 zoning designation. This size of lot would be classified as medium density. The developer seeks to change the land use for the Property to the same medium density residential, with the addition of an open space zone in the southwest corner of the property as shown below in Figure 2-3. Proposed Land Use Map. The newly created open space will have various functions. The southwest corner will serve as a

storm water detention pond and will provide a landscaped walking trail around the proposed pond. The other open spaces to the north and east will function as parks.

Small timber style fences along the hold out lots will be installed to detour trespassing.

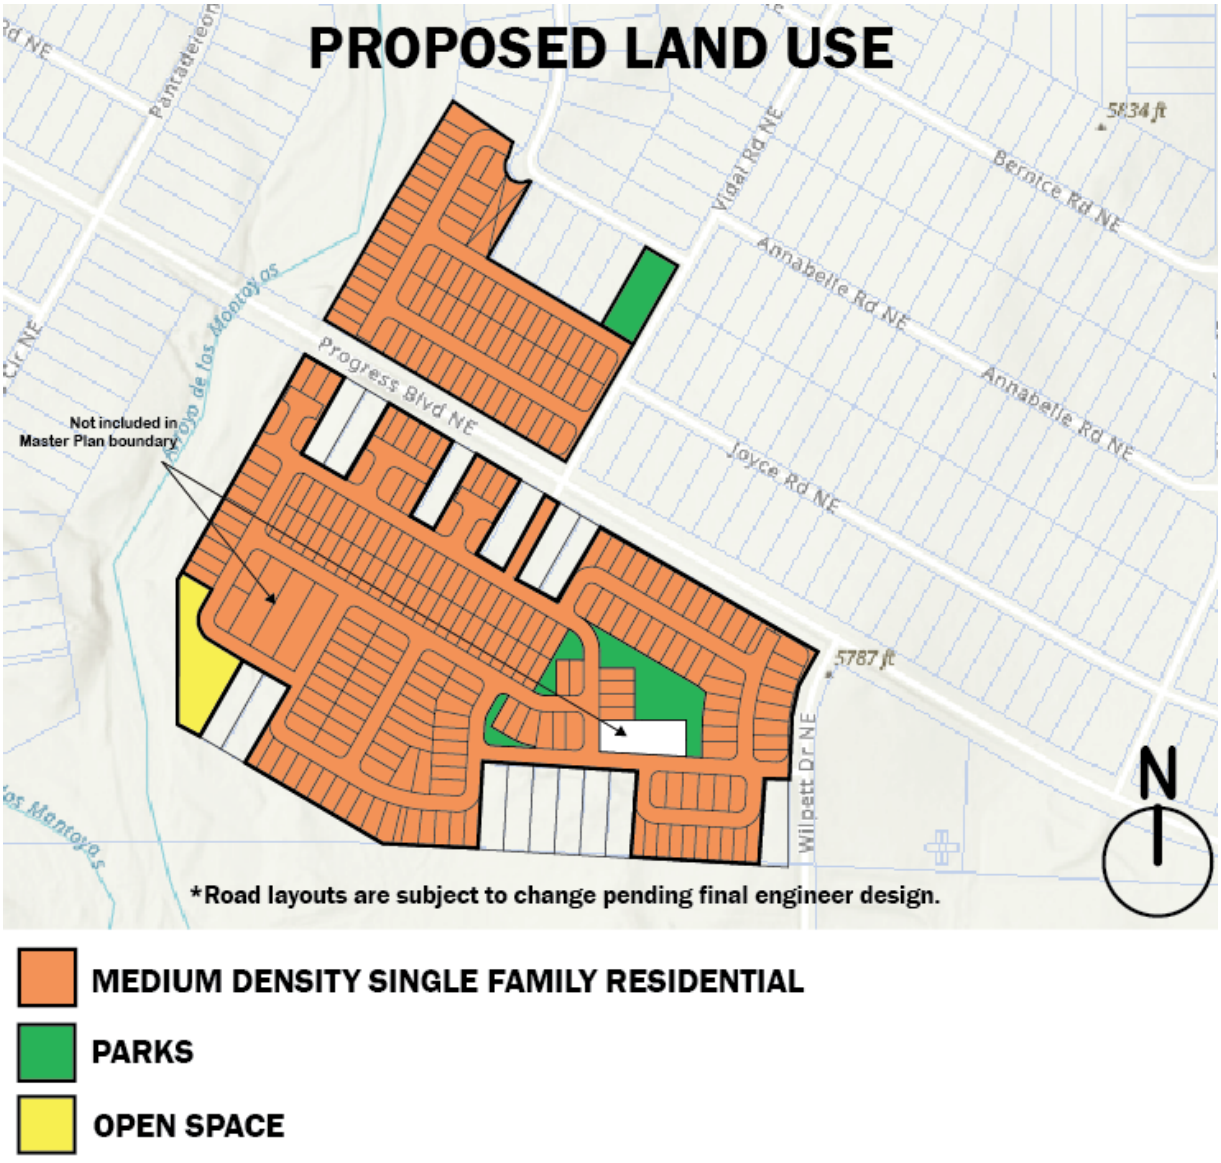

Figure 2-3: Proposed Land Use

2.2 Topography and Drainage

Storm water run-off across the Property generally flows from northeast to southwest. Upstream off-site drainage areas that contribute to pass through flows are minimal and will not warrant significant consideration during the drainage evaluation of the Property. Elevations across the Property range from 5782 feet at the northeast intersection of Progress Boulevard and Wilpett Drive to 5720 feet at the southwest corner of the Property along the Montoyas Arroyo.

The most prominent feature of the Property is a tributary of the Montoyas Arroyo which flows from north to south along the western boundary of the Property. Storm water generally runs through the Property from east to west with no discernable concentration of flows. The ideal position to collect developed flows would be in the southwestern corner of the Property at the lowest flowline elevation of the Montoyas Arroyo. A detention pond with the appropriate water quality volume would need to be constructed as part of the development. This pond would ideally be constructed somewhere in the vicinity of Block 116, Lot 1 of the Property.

The northern boundary of the Property is the Progress Boulevard ROW. The right of way has been maintained for years resulting in the driving surface now being below the surrounding property by several feet. This vertical difference will intercept offsite storm water flows and discharge them directly into the Montoyas Arroyo to the west.

A drainage plan will be developed as part of the entitlement process through the City. Street capacity, storm system sizing and detention pond volumes will be calculated to determine the most efficient way to handle storm water runoff generated by the development of the Property.

2.3 Soils & Vegetation

According to information referenced from the NRCS Web Soil Survey, an on-line data source, soils across the Property consist of Sheppard and Grieta-Sheppard loamy fine sand. These soils have a high to extremely high ability to transmit water (Ksat) and have a Hydrologic Soil Classification of Group A. See an image of typical soils and vegetation in Figure 2-4: Soils and Vegetation, below.

Figure 2-4: Soils and Vegetation

Vegetation across the Property remains in its natural undisturbed state and vegetation could be described as Desert Shrub (i.e., scrub pine, creosote, greasewood, native grasses) with less than 50% ground cover.

2.4 Infrastructure & Roadways

The Property lies just to the north of Northern Meadows Unit 19. Northern Meadows is a master planned development which was started in 1995 and completed construction around 2007 with the Unit 19 subdivision. Wilpett Drive has been completed to the northern boundary of Unit 19. This section of Wilpett Drive is a four-lane road with a raised curb median. Sidewalk has been constructed on the western side of Wilpett Drive up against Unit 19 homes. Access to the Property is primarily from Wilpett Drive via Almond Road.

An existing water main at the end of Wilpett Drive just north of the Northern Meadows Unit 19 subdivision can be extended to provide City water to the Property. Similarly, there are two prospective locations just south of the development area that lend themselves well towards a potential connection to the City sewer collection network. The Northern Meadows Unit 19 subdivision plat includes five-foot utility easements along all property lines and ten-foot easements along all public rights-of-way that the sewer utility installations will need to stay clear of. Coordination with the CORR utility department for water and sewer availability will inform the ultimate utility extension locations for this development.

3. Proposed Land Use

To the south of the Property is the fully developed Northern Meadows Unit 19 subdivision, characterized by low to medium density residential use, with lot widths ranging from 45 to 65 feet. The surrounding areas to the west, north, and east are currently vacant but zoned as either Transitional (TZ), Special Use (SU) or Neighborhood Commercial (NC). The Property itself is zoned TZ, which, like R-1 zoning, requires a minimum lot frontage of 60 feet. However, the proposed zoning for the Property is R-4, allowing for medium density residential development. Additionally, an open space zone is proposed for the southwest corner of the Property, as shown in Figure 2-3 Proposed Land Use Map.

4. Comprehensive Plan Integration

The Comprehensive Plan provides policy guidance on several planning elements that affect the development of the Property. These include policies addressing the natural environment, land use, population and housing, transportation, public facilities, parks and recreation, and urban design. The Master Plan furthers several goals and policies of the Comprehensive Plan as described below.

Natural Environment

The Master Plan seeks to preserve and enhance natural features whenever possible, especially regarding open space and natural drainage paths. The Plan furthers the following Comprehensive Plan goals and policies:

Policy Con-12: Develop and protect a public open space network.

Action Con-10: Utilize SSCAFCA flood control and arroyo features as a part of the City's open space network.

The open space along the Montoyas Arroyo will be protected through the controlled discharge and energy dissipation of the storm water from the site. The project site will utilize the natural drainage ways to safely discharge storm water at historic rates.

Land Use

The Land Use is currently Transitional (TZ) and one of the objectives of this Master Plan is to change the Land Use Classification to be consistent with the surrounding residential zoning classification with the intention of fulfilling the following Comprehensive Plan goals and policies:

Policy L-1: Encourage the master planning of developments that establish a community character that considers circulation, landscaping, open space, storm drainage, utilities, and building location and design in this Master Plan.

Policy L-3: Promote and support development that incorporates walkability.

Policy L-4: Encourage adequate pedestrian connections to future transit facilities in all residential site development.

An objective of this Master Plan is to change the existing land use from Transitional (TZ) to medium density residential (R-4) so that it's compatible with the surrounding area.

Population and Housing

This Plan supports several housing goals of the Comprehensive Plan including:

GOAL PH-3: Promote a variety of housing types to meet the needs of all members of the community.

Transportation

The transportation element of the Comprehensive Plan seeks to develop a multi-modal transportation system that enables safe travel for all users, while also mitigating congestion and supporting mass transit. The proposed transportation plan described in Chapter 7 supports many of the Comprehensive Plan's goals and policies including:

GOAL TR-2: Transportation facilities designed and constructed in a manner to facilitate Rio Rancho's economic goals, enhance livability, and meet Federal, State, regional and local requirements.

POLICY TR-10: Support the design of streets and highways to respect surrounding land uses, natural features, and community amenities.

Public Facilities

The Comprehensive Plan seeks to ensure that new development occurs in areas with existing public facilities and proximity to existing infrastructure (to minimize costs associated with infrastructure expansion). This Master Plan supports the following Comprehensive Plan goals and policies:

GOAL PF-2: Ensure non-city-operated utility facilities (e.g., Cable One, PNM, NM Gas, Centurylink) develop, in cooperation with the City of Rio Rancho, level-of-service (LOS), operating criteria, performance standards, or other forms of standardized measurement to ensure facilities like electrical and gas line, telecommunication lines and solid waste disposal are consistent with Rio Rancho's Strategic Plan and Comprehensive Plans.

Ensuring that non-city-operated utilities provide services that are essential to a community and its ability to grow in the future are essential to the health and safety and welfare of the community. Public facilities and utilities will be provided concurrently with a growing population to meet the safety, utility, transportation, educational, and cultural needs of the City of Rio Rancho's residents.

Parks and Recreation

The Comprehensive Plan identified improving the City's parks and recreation facilities as a clear need, especially in new master planned communities. This plan supports several Comprehensive Plan goals and policies to improve parks and recreation facilities including:

GOAL PR-3: Develop, operate, and maintain community spaces, recreation facilities and senior centers in a sustainable manner.

POLICY PR-5: Partner and collaborate with jurisdictions of government, schools, and other private and public entities to coordinate recreation/senior center and park planning, land acquisitions, and development with other city projects and programs that implement the Comprehensive Plan.

POLICY PR-6: Develop partnerships with Rio Rancho Public Schools, public agencies, and private groups to coordinate and co-locate facilities to meet the open space and recreation needs of the city.

The above goals that relate to community spaces, recreation, and open space planning are particularly important in ensuring that the area's high quality of life is sustained as communities grow. Providing and maintaining community spaces can provide passive and active recreational opportunities close to home for a diversity of residents and visitors. Community spaces provide recreation and open space benefits within walking distance of the residential community it serves.

5. Proposed Development

5.1 Subdivision

The proposed development of the Property will be considered as a medium density residential development that will create a total of approximately 278 residential lots. The development of the Property is intended to provide relief to the City's growing demand for single family residential housing needs.

The lots in this Master Plan proposal are held under single ownership, which are planned for subdivision into R-4 single-family residential lots. Each lot will have a minimum width of 40 feet and a minimum area of 4,000 square feet, consistent with R-4 zoning district requirements. Internal roadways will be designed to meet the City's local road standard dimensions. The proposed phasing is shown in Figure 5-2. Proposed Phasing Plan.

Proposed roadways will pass by existing lots not under ownership, maintaining an access point from the front of the lot or along the side yard as previously platted. Sidewalk, curb and gutter will be installed along the roadway section on both sides of the proposed streets, per City standard. There will be an HOA with landscaping, and park space based on dedication requirements. Utility easements within proposed lots will be maintained by the lot owners.

5.2 Character of Units

The homes in the proposed master plan showcase a modern design with a clear influence from Southwestern architecture. Clean lines and geometric shapes define the overall look, while neutral, earthy tones—such as white, beige, and taupe—allow the homes to blend naturally with the surrounding landscape.

Southwestern elements are present in the use of stucco finishes and natural stone accents around entryways and garages, adding texture and warmth to the design. These materials, along with the muted color palette, give the homes a strong connection to the regional landscape, emphasizing a sense of place and local heritage.

Dark trims around windows, doors, and garage areas create a subtle contrast, drawing attention to architectural details while maintaining the harmony of the overall design. Large windows allow ample natural light into the interiors, and the flat and slightly pitched roofs evoke traditional Southwestern structures, grounding the homes in the local aesthetic.

The landscaping complements the homes with xeriscape yards and drought-tolerant plants, reflecting the natural environment and promoting sustainability. Overall, the design strikes a balance between modernity and regional character, resulting in homes that are both contemporary and reflective of their Southwestern roots.

The proposed development outlined in this master plan features a variety of home types, offering both single-story and two-story designs to suit different lifestyle preferences and needs. The single-story homes

offer a more compact, easy-to-navigate layout, making them ideal for smaller families or individuals who prefer single-level living. These homes feature open floor plans with large windows that enhance the connection to outdoor spaces, while the front-facing garages and welcoming entryways maintain a cohesive and inviting look. The two-story homes provide additional living space, ideal for larger families or those who desire more separation between communal and private areas. These designs maximize square footage while maintaining a streamlined appearance, with clean rooflines and prominent stone accents that connect them to the Southwestern design language.

Both types of homes incorporate similar architectural elements, ensuring a harmonious aesthetic throughout the community, while offering a range of options to meet diverse resident needs. See Figure 5-1-Proposed Home Design below for one example of the homes to be developed in the proposed subidivision.

Figure 5-1: Proposed Home Design

5.3 Community Amenities

The subdivision is proposing to have an HOA with private parks based on the dedication requirements per R.O. Section 155.46(C). Parks for the Orchard Park community are proposed in the south-eastern section of Phase 2 as shown in Figure 2 3: Proposed Land Use above. The exact amount of park land dedicated shall be determined by the recommendations of the City Development Services and the Planning and Zoning

Board, though the dedication is generally based upon three acres per 1,000 residents and 2.83 residents per dwelling. See Figures 2-4 & 2-5: Park Renderings for details.

Figure 2-4: Park Rendering

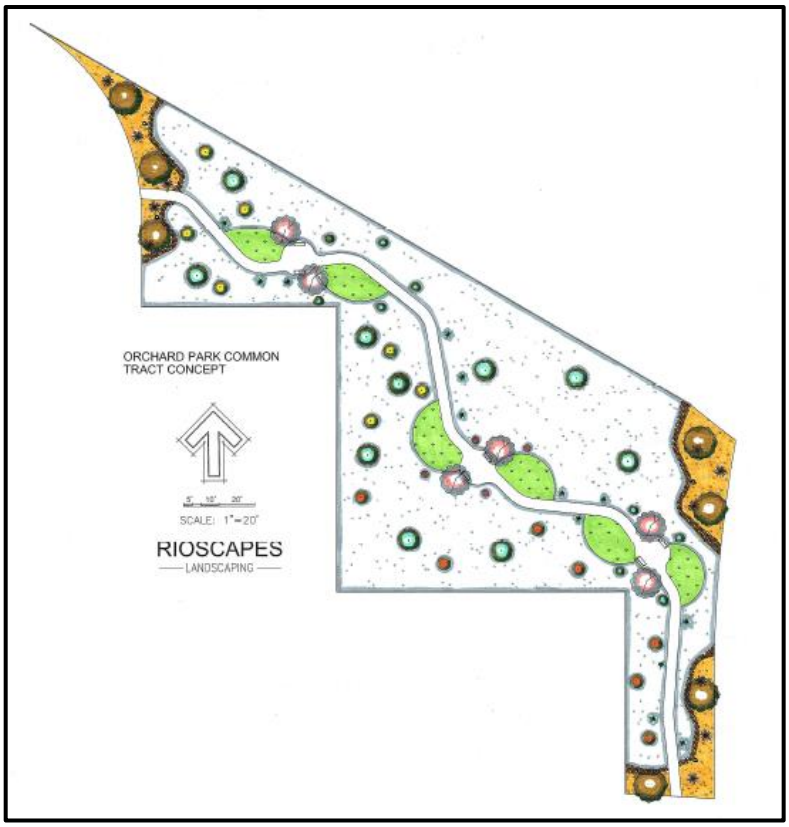

Figure 2-5: Park Rendering

The installation of sidewalks throughout the development will serve as a connection between the individual lots to the proposed park amenities. Sidewalks will be constructed as required per the typical residential roadway section detail adjacent to the existing lots that are not under the Applicant's ownership. These sidewalks will provide a continuous pedestrian walkway throughout the subdivision, eliminating any gaps in connectivity, as well as to integrate the project into the broader community.

5.4 Phasing

The proposed phasing plan is shown below. The phasing is divided into four areas: the south portion being Phase 1, the middle east section as Phase 2, the midwest portion as Phase 3, and the portion north of Progress Boulevard as Phase 4. All properties not within the master plan will be access from their original road right-of-way. Properties within the Master Plan boundary will be laid out based on the best engineering practices based on grading, retaining wall and utility design. In Phase 4, Progress Blvd will be constructed, per the traffic studies recommendation to Vidal Road. Access to Phase 4 will be via Vidal Road providing required access and egress points to satisfy the fire safety requirements.
Financing of all developments for the Master Plan shall be at the developer's expense.

Figure 5-2: Proposed Phasing Plan

Orchard Park neighborhoods will be built out in phases to include Medium High Density Residential housing in the beginning phase, with the full build out to be an estimated 278 homes, slightly less than the calculated dwellings per acre. Given the average household size of 2.83 residents per dwelling, it is projected the R-4 areas will have approximately 806 residents. Following City standard requirements of 3 acres of parkland per 1,000 population (0.003 AC/Resident), a total of 2.4AC of Parkland is required and there will be a total of approximately 2.22 acres of park and 1.5 acres of open space in the Master Plan at completion (see Table below).

5.5 Signage

The proposed development will follow existing City of Rio Rancho sign standards found in Chapter 156 of the City's municipal code.

6. Transportation Plan

The roadways within the master plan area have been designed to create a safe, accessible, and multi-modal street network that connect the Master Plan Area to adjacent community. Major roads within the planning area include Progress Blvd. and Wilpett Drive. Progress Blvd. is proposed as an east-west Community Principal Arterial and will be required to provide 156 feet of right-of-way and is a City maintained dirt road that can be used by fire for emergency access. Wilpett Drive is the primary north/south collector roadway which provides access to the existing and planned subdivisions. The remaining streets in the planning area are local roads designed to serve the planned residential subdivision.

It is anticipated that all new typical roadway sections within the development will be two lane roads in accordance with the City design standard drawings.

All proposed stub street or hammerheads will comply with the International Fire Code (IFC) 2021 requirements for fire apparatus access, fire and life safety code any variances will be submitted during the preliminary plat approval phase. These plans will go through an engineering review in which stub streets lengths will be verified.

A traffic impact analysis will be completed during the engineering review process to determine the extent of roadway improvements within, adjacent to and surround the development. As shown in Figure 6-1 the project will pave Wilpett Dr. north from the existing pavement in the subdivision to the south to provide continuous paved access to the development.

Trip Generation Study

A trip generation study was prepared for the development of the Property and shows the amount of traffic to be minor. The site has two access points and as such has good movement into and out of the Property. The trip generation shows approximately [43] AM and [149] PM peak trips entering and, [129]AM and [87]PM peak trips exiting the Property during the respective peak hours. The trip generation analyses are presented in Figure 6-2 Trip Generation Calculations. Figure 6-3 shows the anticipated total weekday trips generated by the project. Figure 6-4 shows the AM peak hour trips, and Figure 6-5 shows the PM peak hour trips.

7. Conceptual Drainage Plan

The proposed development lies just north of Unit 19 within the Northern Meadows Master Drainage Plan region. The existing report, "Northern Meadows Phase 2 Drainage Master Plan – Unit 22" completed in 1999, summarizes the overall intent of the drainage strategy in this sector. The report identifies the proposed development area, Unit 22 Blocks 113 – Lots 1-10, Block 114 – Lots 1-8, Tract HH Block 115 – Lots 1-25 and Block 116 – Lots 1-24, as on offsite contributor to the Northern Meadows Unit 22 Master Drainage plan concept.

The topography of the proposed development naturally slopes from northeast to southwest towards the Panta De Leon Arroyo. Currently, on-site runoff is conveyed directly into this arroyo where it ultimately makes its way downstream into the Montoyas Arroyo. Off-site flows generated from undeveloped land to the north and east are captured along the northern and eastern boundaries of the property within the rights-of-way (ROW) of Progress Boulevard and Wilpett Drive. The existing flow patterns along these ROW's naturally divert the stormwater away from the site in the western and southern directions respectively. An existing LEE line along the western and southern boundaries of the site will need to be accommodated in accordance with the City of Rio Rancho Ordinance Chapter 153.

The stormwater flows associated with the proposed development were assumed for undeveloped conditions in the Northern Meadows Phase 2 Drainage Master Plan. As the land use is now proposing the development of single-family residential lots, the hydrology will need to be reassessed for this development to account for the additional stormwater discharge. The storm water drainage and water quality discharge generated will need to adhere to the requirements laid out in the City of Rio Rancho's Design Process Manual (DPM) Volume II Chapter II.2 and City Ordinance Chapter 153. The potential stormwater infrastructure needed to fulfill the requirements of the development are summarized in the following paragraph.

The developed site will incorporate strategically placed storm drain inlets to collect the anticipated surface runoff from various subbasins within the area. Storm drain piping will transfer the collected runoff from the inlets to storm drain manholes deliberately placed throughout the development to assist in flow routing. The stormwater will be conveyed downstream to a detention pond near the southwestern boundary of the site to collect and retain the "first-flush" volume as dictated by the DPM. The excess volume will be discharged into the Panta De Leon Arroyo, at or below the allowed discharge rate of 56 cfs identified in the "Northern Meadows Phase 2 Drainage Master Plan – Unit 22".

A turnkey agreement with the Southern Sandoval County Arroyo Flood Control Authority (SSCAFCA), will be required for connection to the existing arroyo.

Figure 7-1: Conceptual Drainage below identifies the proposed overall drainage patterns and detention pond location within the development.

Figure 7-1: Conceptual Drainage

8. Conceptual Utility Plan

The following discussion details the water and sewer utility infrastructure improvements required to sustain the proposed single-family residential development. These improvements will request to tie-in to infrastructure that exists just south of the project boundary within the City of Rio Rancho's (CORR) utility network. Figure 8-1 below depicts the potential tie-in locations for both the water and sewer systems accordingly.

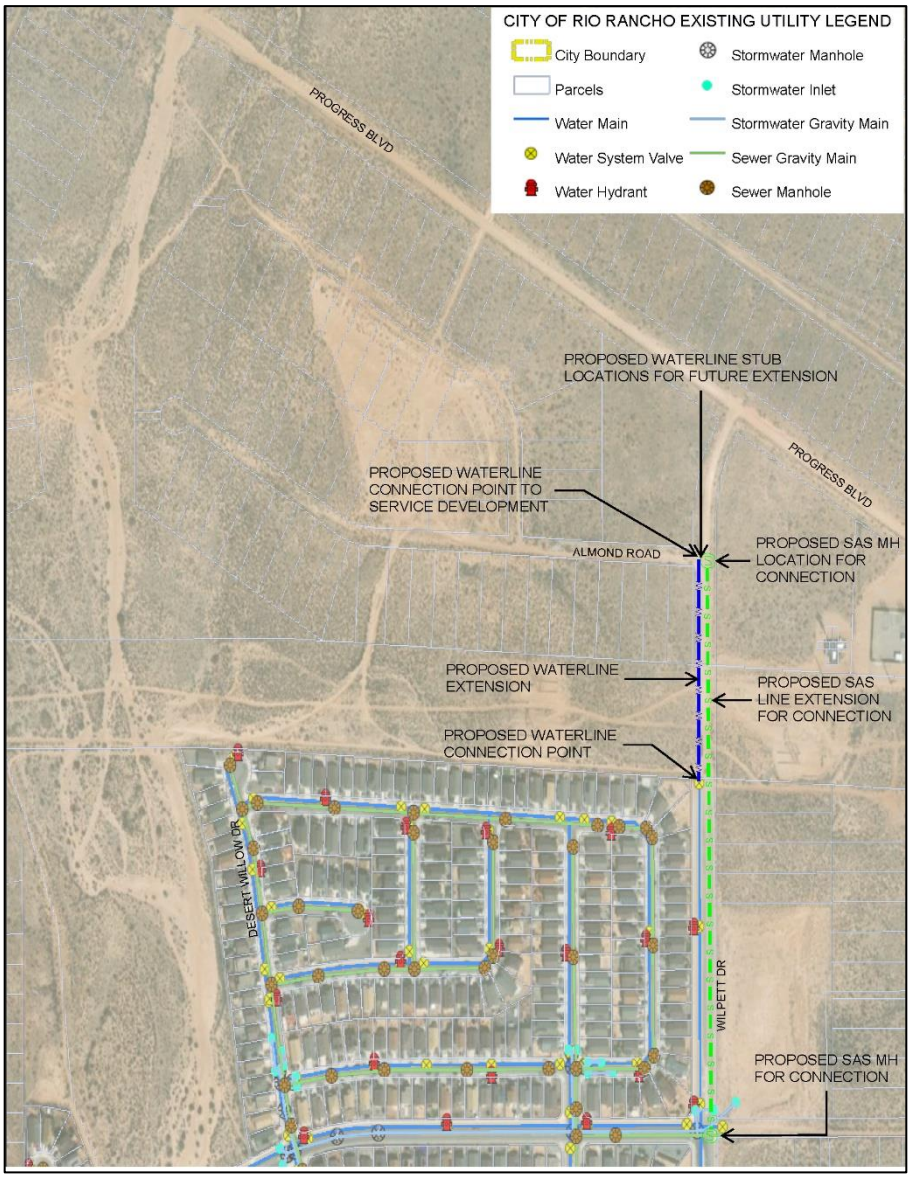

Figure 8-1: Conceptual Utility Plan

As portrayed in the exhibit above, there is an existing 14-inch C900 PVC waterline that runs along Wilpett Drive and stubs just south of the proposed development area. This waterline has potential to be extended north to the intersection of Wilpett Drive and Almond Road, where a valve and stub can be installed for

future extension/connection to the system. The waterline can be intercepted at the intersection of Wilpett Drive and Almond Road and loop through the residential development to provide individual service connections and water meters for the various residential lots. Additionally, isolation valves, combination air/vacuum valves, and fire hydrants will be strategically placed throughout the development in accordance with the CORR standards.

Wastewater generated from the individual lots will be collected by 4-inch PVC service lines that ultimately connect to a gravity sewer collection network. This network may include a series of 8-inch PVC sewer mains and strategically placed manholes (MH) to convey the flow to the CORR's existing sewer collection system. Sewer availability will need to be verified with the city's utility department to ensure capacity at the receiving treatment plant. The existing sewer infrastructure in the area lends itself towards two potential connection points, just south of the development area that will need to be coordinated with the CORR for ultimate approval.

The first potential alignment option is to direct the flow towards a new MH at the intersection of Almond Road and Wilpett Drive near the eastern edge of the development. From this MH, an 8-inch PVC gravity main can be installed within the ROW of Wilpett Drive to the proposed connection point near the intersection of Wilpett Drive and Camino De Los Montoyas to the south. At this intersection, a MH can be installed to connect the existing 8-inch PVC gravity main to the new line coming from the development.

The second potential option shown in Figure 8-2: Conceptual Secondary Utility Plan would be to direct the flow towards a new MH that will reside within Block 116, Lot 5 near the southwestern edge of the development. From this MH, an 8-inch PVC gravity main will be installed in the southernly direction through the open space between Units 19 and 22 and then through an existing utility easement within a cul-de-sac of Desert Willow Drive. An existing MH (MH-J10-00117) located within this cul-de-sac will serve as the connection point to the existing collection network.

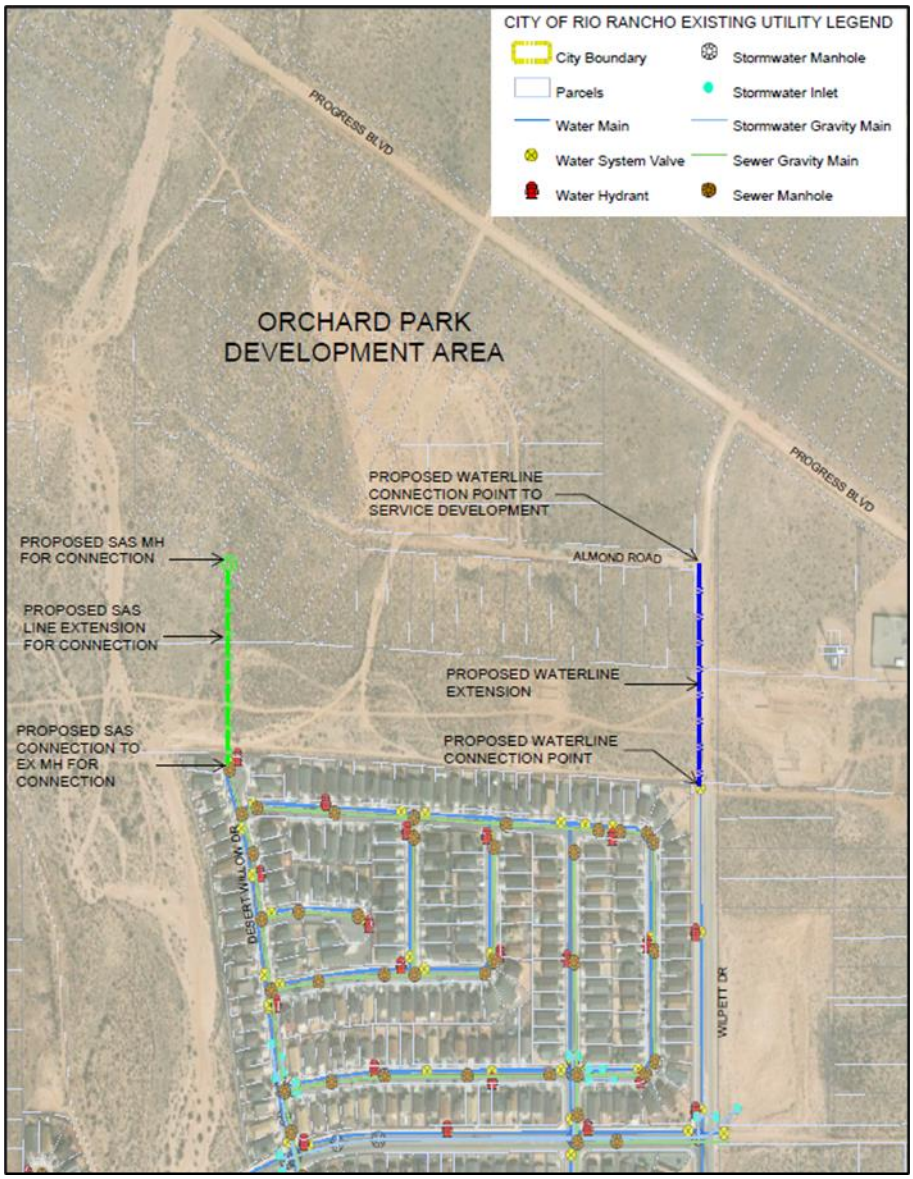

Figure 8-2: Conceptual Secondary Utility Plan

Connection to the existing utility infrastructure is dependent on the availability of water and sewer in the area. Availability statement to be coordinated at the time of development with the utility provider. All proposed infrastructure shall be in compliance with the Design Process Manual (DPM) Volume II Chapter II.4 and Title V of the City Ordinance.

CITY OF RIO RANCHO
GOVERNING BODY
AGENDA BRIEFING MEMORANDUM

RE: O-24

DEPARTMENT: City Development **AGENDA DATE: November 4, 1998**

SUBJECT: Zone Map Amendment Ordinance for 12,187 acres of Rio Rancho Estates

SYNOPSIS:

- The City of Rio Rancho has annexed 12,187 acres of Rio Rancho Estates and plans to rezone it T-Z: Transitional Zoning district on an interim basis until long term land use and development policies can be determined (see attached Zone Map Amendment Ordinance).

- On August 6, 1998, the New Mexico Municipal Boundary Commission held a public hearing on the amended annexation petition by the City of Rio Rancho to annex 12,187 acres of Rio Rancho Estates, and approved the annexation order to proceed (see attached Annexation Order).

- The New Mexico State Highway and Transportation Department agreed to the annexation of the state right of way along New Mexico State Highway 44, subject to the conditions specified in the letter of consent (see attached Letter of Consent).

- The transitional zoning (T-Z) district would provide interim zoning for the area before the permanent zoning is determined under the revised comprehensive plan. The T-Z district would allow single family residential uses, without permitting conditional uses or subdivisions, except for lot consolidations.

- The Planning and Zoning Commission (PZC) voted unanimously to recommend the zone map amendment to zone the annexation area as T-Z at its October 13th meeting (see attached Action Summary of October 13 PZC meeting)

- Notifications have been mailed out to property owners to inform them of the public hearing on the zoning of the annexation area that is scheduled for the November 4th meeting of the Governing Body (see attached Letter of Notification).

- An ordinance to revise the geographic boundaries of the City Council districts will be presented to the Governing Body in the near future to provide political representation for the residents of the newly annexed territory.

BACKGROUND AND ANALYSIS:

City Development has annexed 12,187 acres of Rio Rancho Estates into the City and plans to rezone it T-Z, or transitional zoning district (see attached Zone Map Amendment Ordinance). The purpose of this annexation is to extend planning and zoning controls over this largely vacant area and to establish contiguity to the large land parcels owned by the state and other entities for future development.

On August 6, 1998, the New Mexico Municipal Boundary Commission held a public hearing on the amended petition by the city to annex 12,187 acres of Rio Rancho Estates, and approved the annexation order to proceed (see attached Annexation Order). The New Mexico State Highway and Transportation Department agreed to the annexation of the state right of way along New Mexico State Highway 44, subject to the conditions specified in the letter of consent (see attached Letter of Consent).

According to New Mexico law, the City of Rio Rancho must zone this area upon annexation and inform the property owners of the zoning. The City wishes to zone the annexation area as a Transitional Zoning (T-Z) district, which is intended to provide an interim zone that would give the City time to determine the permanent

zoning for the annexation area. The T-Z district is designed to allow single family residential uses in the annexation area, without permitting conditional uses or lot subdivisions, except for lot consolidations.

The Planning and Zoning Commission (PZC) voted unanimously to recommend the zone map amendment to zone the annexation area as T-Z at its October 13th meeting (see attached Minutes of October 13th PZC meeting). Notifications were mailed out to property owners informing them of the public hearing on the proposed zoning of this area that is scheduled for the November 4th meeting of the Governing Body (see attached letter of Notification). Notifying the property owners of the public hearings gives them the opportunity to attend the public hearing or submit written comments on the proposed zoning.

An ordinance to revise the geographic boundaries of the City Council districts will be presented to the Governing Body in the near future to provide political representation for the residents of the newly annexed territory. Once the zoning and redistricting of the annexation area have been approved by the Governing Body, the process by which the annexation area is incorporated into the City will be complete.

DEPARTMENT RECOMMENDATION:

The City Development Department recommends approval of the Zone Map Amendment Ordinance for the Annexation Area.

Re: Letter of Notification to Property Owners of Annexation and Zoning

Dear Property Owner:

On August 6, 1998, the New Mexico Municipal Boundary Commission approved the annexation of over 12,187 acres of unincorporated territory in Rio Rancho Estates into the City of Rio Rancho, New Mexico. All property owners with property inside the annexation area or adjacent property that is located within one hundred (100) feet of the annexation area are being notified of the annexation and zoning. The annexation area consists of two parcels with the following legal descriptions:

> Parcel 1 contains all of Sections 15, 22, 23, 24, 25, and 26, and portions Sections 13, 20, 21, 27, 28, 29, 33, 34, and 35 in Township 13 North, Range 2 East, together with all of Sections 18 and 19 and portions of Sections 7, 8, 9, 17, 30, and 31 in Township 13 North, Range 3 East, and encompasses all of Unit Twenty-five and portions of Units Twenty-one and Twenty-two, comprising 10,588.9495 acres, more or less, within the boundaries of Rio Rancho Estates in Sandoval County, New Mexico. Parcel 2 contains a portion of projected Sections 1 and 2 in Township 12 North, Range 2 east, portions of projected Section 6 in Township 12 North, Range 3 East, portions of projected Section 36 in Township 13 North, Range 2 East, and portions of projected Section 31 in Township 13 North, Range 3 East, and encompasses a portion of Unit 13 in the Town of Alameda Grant, comprising 1,598.3636 acres, more or less, within the boundaries of Rio Rancho Estates in Sandoval County, New Mexico (see attached maps of annexation area).

The City of Rio Rancho is requesting approval of an ordinance to zone the annexation area as a Transitional Zoning District (T-Z). The T-Z district is applied to newly annexed areas on an interim basis until permanent zoning can be established that is consistent with the City's long term land use and development policies. The T-Z district permits single family residential uses, but it does not permit conditional uses or subdivision of property, except for lot consolidations. Adjacent property that is located within hundred (100) feet of the annexation area will not be included in the T-Z district, but the owners of the adjacent property are being notified of the zoning by this letter.

The City of Rio Rancho will hold a public hearing on the ordinance to zone the annexation area as a Transitional Zoning District at the meeting of the Governing Body on **November 4, 1998, at 7:00 pm** in the City Hall Council Chambers at 3900 Southern Blvd. If you would like to comment on this ordinance, we urge your participation at the public hearing, or you may submit written comments that will be presented to the Governing Body on your behalf if you cannot attend the hearings. Please do not hesitate to contact this office if you have any questions regarding this matter.

STATE OF NEW MEXICO
MUNICIPAL BOUNDARY COMMISSION

In re the Application of the City of Rio Rancho to Annex 12,187.3131 Acres of Land, More or Less

No. 98-01

ORDER OF ANNEXATION

This matter came to hearing before the Municipal Boundary Commission on August 6, 1998, at the South Conference Room, 3900 Southern Blvd. S.E., Rio Rancho. After considering all the evidence, the Commission **FINDS:**

1. On July 29, 1998, the City of Rio Rancho, by and through its mayor the Honorable John M. Jennings, filed an Amended Petition to annex 12,187.3131 acres of land, more or less, described as follows:

> Parcel 1 contains all of Sections 15, 22, 23, 24, 25, and 26, and portions Sections 13, 20, 21, 27, 28, 29, 33, 34, and 35 in Township 13 North, Range 2 East, together with all of Sections 18 and 19 and portions of Sections 7, 8, 9, 17, 30, and 31 in Township 13 North, Range 3 East, and encompasses all of Unit Twenty-five and portions of Units Twenty-one and Twenty-two, comprising 10, 588.9495 acres, more or less, within the boundaries of Rio Rancho Estates in Sandoval County, New Mexico. Parcel 2 contains a portion of projected Sections 1 and 2 in Township 12 North, Range 2 east, portions of projected Section 6 in Township 12 North, Range 3 East, portions of projected Section 36 in Township 13 North, Range 2 East, and portions of projected Section 31 in Township 13 North, Range 3 East, and encompasses a portion of Unit 13 in the Town of Alameda Grant, comprising 1,598.3636 acres, more or less, within the boundaries of Rio Rancho Estates in Sandoval County, New Mexico,

and is more fully described in the Amended Petition with references to metes and bounds.

2. The New Mexico Department of Finance and Administration Local Government Division published notice of the hearing in the Rio Rancho Observer once each week for four consecutive weeks.

62318

3. Petitioner caused to be posted the same notice in six conspicuous places within the City of Rio Rancho.

4. The property Petitioner seeks to annex abuts the current City limits of the City of Rio Rancho.

5. Petitioner provided satisfactory evidence that it will be able to provide utility and public safety services to the property Petitioner seeks to annex as the area is developed.

Further, the Commission **CONCLUDES:**

1. Pursuant to NMSA 1978, Section 3-7-1 and 3-7-14(B) (Repl. Pamp. 1995), the Municipal Boundary Commission has jurisdiction to consider this matter.

2. Pursuant to Section 3-7-14(C), venue of the hearing was properly in Rio Rancho, New Mexico.

3. The notice of the annexation hearing complied fully with Section 3-7-14(B) and substantially with NMSA 1978, Section 3-1-2(J) (Repl. Pamp. 1995), though the latter statute does not apply to this annexation.

4. There is a preponderance of evidence demonstrating that Petitioner has the capacity to provide municipal services to the area Petitioner seeks to annex.

Accordingly this Commission **ORDERS** that the City of Rio Rancho's Amended Petition to annex 12,187.3131 acres of land, more or less, described as follows:

> Parcel 1 contains all of Sections 15, 22, 23, 24, 25, and 26, and portions Sections 13, 20, 21, 27, 28, 29, 33, 34, and 35 in Township 13 North, Range 2 East, together with all of Sections 18 and 19 and portions of Sections 7, 8, 9, 17, 30, and 31 in Township 13 North, Range 3 East, and encompasses all of Unit Twenty-five and portions of Units Twenty-one and Twenty-two, comprising 10, 588.9495 acres, more or less, within the boundaries of Rio Rancho Estates in Sandoval County, New Mexico. Parcel 2 contains a portion of projected Sections 1 and 2 in Township 12 North, Range 2 east, portions of projected Section 6 in Township 12 North, Range 3 East, portions of projected Section 36 in Township 13 North, Range 2 East, and portions of projected Section 31 in Township 13 North, Range 3 East, and encompasses a portion of Unit 13 in the Town of Alameda Grant, comprising 1,598.3636 acres, more or less, within the boundaries of Rio Rancho Estates in Sandoval County, New Mexico,

and is more fully described in the Amended Petition with references to metes and bounds, should be, and hereby is, granted by unanimous vote of the Commission.

RE: Orchard Park Master Plan (2.16.26 REVISIONS): DSD #24-400-00003

The Applicant, AMREP Southwest, Inc., through their agent, Tierra West, LLC., requests approval of the proposed Orchard Park Master Plan. The proposed Master Plan is located on the southern side of Progress Blvd NE, bounded by Wilpett Dr NE to the east. The Master Plan boundary was previously revised to include properties north of Progress Blvd NE between Vidal Rd NE and Yellowknife Dr NE. This present revision adds an additional outparcel to the Master Plan boundary (U22, Block 115, Lot 2). The current parcels are zoned TZ: Transitional District and are proposed to be zoned R-4: Single-Family Residential District in a future Zone Map Amendment. The subject properties now comprise approximately 43.13 acres and are legally described as Unit 22, Block 73, Lots 1, 7-8 & Tract D; Block 113, Lots 1, 4-6, & 8-9; Block 114, Lots 3-7 & Tract HH; Block 115, Lots 1-21, & 25; and Block 116, Lots 1, 4-11 & 18-22.

PRCS does not approve or disapprove of the submission. While the previous DPM did not clearly identify the requirements for privately owned and maintained parkland, park/parkland/park and recreation spaces are expected to provide for active recreation per the prior DPM and Municipal Code. National, state and local building standards still require that park improvements (amenities) be ADA compliant – which includes pedestrian routes, tables, benches, trash cans, etc.. All indicated, proposed park land and park improvements will be permitted and inspected per municipal code. PRCS defers to DSD for any additional recommendations, requirements or approvals.

AGENDA DATE:

DEPARTMENT:
Financial Services

SUBJECT:
O5, Ordinance Amending Chapter 36 Finance and Revenue

BACKGROUND AND ANALYSIS:
First reading of an Ordinance. Two readings with approval required for adoption.

The City of Rio Rancho's Procurement Code governs the procurement of tangible personal property, services and construction. Existing exemptions to the code are listed in Section 36.24 of Municipal Code.

This Ordinance will add an exemption to the City's Procurement Code for employee insurance, benefits and supplement retirement programs. This exemption will allow more flexibility when soliciting these programs through the City's third-party benefits consultant to ensure the best value and opportunities.

Employee insurance, benefits and supplemental retirement services/programs pertain to sensitive, health-related information. Furthermore, providers of these services also require the most current data possible related to pricing proposals. As a result of these factors, standard procurement processes are restrictive and/or in conflict.

This change is being recommended by the City's third-party benefit consultant. The City of Albuquerque has a similar exemption.

IMPACT:
This exemption will allow more flexibility when soliciting employee insurance, benefits and supplemental retirement services/programs through the City's third-party insurance consultant to ensure the best value.
