### Memo

To: Mayor and City Council

From: Sandy Green, Finance Director

Date: December 3, 2025

Subject: Presentation of FY 2025 Financial Statement Audit – SB & Company, LLC

The purpose of this memorandum is to present the results of the City of Salisbury's Fiscal Year 2025 Financial Statement Audit, conducted by the City's independent auditors, SB & Company, LLC, and to request acceptance of the audit as presented.

SB & Company, LLC was engaged to perform the annual independent audit of the City's financial statements for the fiscal year ended June 30, 2025, in accordance with applicable professional auditing standards and auditing requirements for Maryland municipalities.

The audit included an examination of the City's financial statements, internal controls, and compliance with applicable laws, regulations, and grant requirements.

Based on their work, SB & Company, LLC issued an unmodified (clean) opinion on the City's FY 2025 financial statements, indicating that the financial statements present fairly, in all material respects, the financial position and results of operations of the City of Salisbury.

The auditors will provide an overview of:

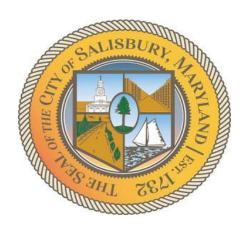

- The City's financial position and changes from the prior fiscal year
- Key financial highlights and trends
- Required communications to those charged with governance
- Any findings, recommendations, or management letter comments, if applicable

Management has reviewed the audit results and concurs with the auditors' conclusions.

There is no fiscal impact related to the acceptance of the FY 2025 audit. The cost of the audit was included in the FY 2025 adopted budget.

## REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS ON THE FINANCIAL STATEMENTS

To the Honorable Mayor, Members of the City Council and City Manager City of Salisbury, Maryland

### **Opinion**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Salisbury, Maryland (the City), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of the City's internal controls. Accordingly, no such
  opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls related matters that we identified during the audit.

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedule – general fund, schedule of the City's proportionate share of the net pension liability – employee plan, schedule of the City pension contributions – employee plan, schedule of the City's proportionate share of the net pension liability – LEOPS, schedule of the City pension contributions – LEOPS, and the schedule of the City's net OPEB liability and related ratios be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the

basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the basic financial statements that collectively comprise the City's basic financial statements. The general fund schedule of revenue- budget and actual, general fund schedule of expenditures compared with appropriations, combining balance sheet-nonmajor governmental funds, combining statement of revenues, expenditures, and changes in fund balances- nonmajor governmental funds, statement of revenues, expenditures, and changes in fund balance- grant fund, combining statement of net position-nonmajor proprietary funds, combining statement of revenues, expenses, and changes in net position- nonmajor proprietary funds, combining statement of cash flows- nonmajor proprietary funds, combining statement of revenues, expenses, and changes in net position – water and sewer fund, and schedules of revenues and expenses-budget and actual for the water department, sewer department, city marina, parking authority, and stormwater utility (collectively, the Supplementary Information), as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Supplementary Information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### Other Information

Management is responsible for the other information included in the report. The other information comprise the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

S& + Company, If C

Owings Mills, Maryland November 21, 2025

This section of the annual financial report of the City of Salisbury ("the City") presents our discussion and analysis of the City's financial performance during the fiscal year ended June 30, 2025. We encourage readers to consider the discussion and analysis along with the other information in this report, including the notes to the financial statements. In this section, we have provided an overview of the basic financial statements, selected condensed financial data and highlights, and analysis of the City's financial position and changes in financial position.

### FINANCIAL HIGHLIGHTS

- The City's total combined net position as of June 30, 2025 was \$109,816,634. Net position of our governmental activities increased by \$6,400,826 (or 30.7%) while net position of our business-type activities increased by \$3,880,494 (or 4.9%).
- The General Fund reported revenues other financing sources over expenditures and other financing uses resulting in a \$4,339,509 increase in fund balance, bringing its fund balance this year to \$26,071,353.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts — management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are entity-wide financial statements that provide both long-term and short-term information about the City's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the City's operations in more detail than the entity-wide statements.
- The governmental funds statements tell how general government services were financed in the short term as well as what remains for future spending.
- Proprietary fund statements offer short- and long-term financial information about the activities the government operates like businesses.
- Fiduciary fund statements provide information about the financial relationships in which the City acts solely as a trustee or custodian for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

Figure A-1, Required Components of the City's Annual Financial Report

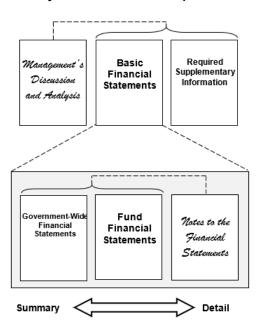

Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Figure A-2 summarizes the major features of the City's financial statements, including the portion of the City government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

### **Entity-wide Statements**

The entity-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, deferred outflows of resources. liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two entity-wide statements report the City's net position and how it has changed. Net position — the difference between the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources — is one way to measure the City's financial health.

- Over time, increases or decreases in the City's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City, one needs to consider additional nonfinancial factors such as changes in the City's tax base.

The entity-wide financial statements of the City include the *governmental activities*. Most of the City's basic services are included here, such as general government, public safety, highways and streets, sanitation, culture and recreation, and interest on long-term debt. Property taxes and charges for services fund most of these activities. In addition, the entity-wide financial statements include the City's *business-type activities*, which account for services for which the City charges customers.

### **Fund Financial Statements**

The fund financial statements provide more detailed information about the City's most significant *funds* — not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The City Council establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The City has the following kinds of funds:

- Governmental funds Most of the City's basic services are included in governmental funds, which focus
  on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the
  balances left at year end that are available for spending. Consequently, the governmental fund statements
  provide a detailed short-term view that helps the reader determine whether there are more or fewer financial
  resources that can be spent in the near future to finance the City's programs. Because this information
  does not encompass the additional long-term focus of the entity-wide statements, additional information is
  provided at the bottom of the governmental funds statement, or on the subsequent page, that explains the
  relationship (or differences) between them.
- Proprietary funds Proprietary funds generally are used to account for services for which the City charges customers either outside customers, or internal units or departments of the City. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges for customer services and include: water and sewer fees, septage treatment fees, and stormwater system maintenance fees. Operating expenses for enterprise funds include cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Proprietary funds provide the same type of information as shown in the entity-wide financial statements.

The City maintains the following types of enterprise funds to account for the operations of the City's business-type activities: water and sewer services and Mitchell Landing Apartments, both of which are considered to be major funds of the City, and several other nonmajor fee-supported activities.

Custodial funds — The City is the trustee, or fiduciary, for certain funds. It is also responsible for other assets that — because of a trust arrangement — can be used only for the trust beneficiaries. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. These activities are excluded from the City's entity-wide financial statements because the City cannot use these assets to finance its operations.

### FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The City's combined net position as of June 30, 2025 was \$109,816,634.

Net position of the City's governmental activities increased by 30.7% to \$27,234,816 due to increases in assets not offset by increases in liabilities. Net position of the City's business-type activities increased by 3.6% to \$82,581,819 due to increases in assets not offset by increases in liabilities.

The City's total revenues were \$91,600,313. A significant portion (42.0%) of the City's revenue comes from property and other taxes (See Figure A-3). A portion (40.5%) comes from charges for services, 13.5% is derived from operating grants, and -.50% is derived from capital grants and contributions. The remaining 4.5% comes from miscellaneous and investment earnings. The total cost of all programs and services was \$82,380,103.

| Total                          | \$<br>82,382 | \$      | 76,738 |          | \$            | 33,860  | \$     | 32,293  |  |  |  |  |  |

### **Governmental Activities**

Property and other tax revenues increased by approximately \$2.5 million due to improvements in economic conditions. The cost of all *governmental* activities this year was \$59.8 million. However, the amount that the City's taxpayers paid for these activities through taxes was only \$38.1 million. Some of the cost was paid by those who directly benefited from the programs, \$12.1 million, or by grants and contributions, \$12.4 million. The total cost of governmental activities increased by \$4.7 million, which can be attributed largely to increases in Public Safety and General Government.

### **Business-type Activities**

Revenues of the City's business-type activities were \$24.6 million in FY 2025, an increase from \$23.9 million in FY 2024 (see Table A-2), while expenses were \$22.6 million in FY 2025 versus \$21.7 million in FY 2024. The overall revenues increase is primarily due to more revenue related to charges for services earned by the City in FY 2025. Overall costs increased by \$.9 million due largely to an increase in operating cost in the Water and Sewer Fund.

### FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As of the end of FY 2025, the City's governmental funds reported a combined fund balance of \$43.4 million, a \$5.9 million increase from the previous year. At year end, the General Fund had a fund balance of \$26.1 million, and the Capital Improvements Fund had a fund balance of \$15.5 million. The fund balance for other governmental funds reported an ending in fund balance of \$1.9 million. Revenues and other financing sources collections were greater than expenditures and other financing uses by \$6.4 million for the year for all governmental funds. General Fund Revenue and other financing sources collections were greater than expenditures and other financing uses by \$4.3 million.

### **General Fund Budgetary Highlights**

Over the course of the year, the City processed budget amendments which are used to update the revised budget. The ending revised budget for expenditures in the General Fund was \$59.0 million (including operating transfers), versus an original budget of \$56.3 million. The variance is largely due to a \$1.1 million carry forward of encumbrances from FY 2024 and \$1.6 million by other ordinances passed during the year. Actual expenditures including operating transfers were \$4.5 million below final budget amounts. All departments were under budget during the year.

### CAPITAL ASSETS AND DEBT ADMINISTRATION

### **Capital Assets**

At the end of 2025, the City had invested \$191.4 million, net of depreciation, in a broad range of capital assets (See Table A-5).

The City's governmental capital purchases for fiscal year 2025 included the purchase of an armored vehicle and nine additional police vehicles, radios for the Police and Fire Departments, Doverdale Park playground equipment, downtown parking garage security cameras, and other equipment and vehicles for the Zoo, Neighborhood Services, Field Operations, and other departments. The business-type activities additions to capital assets included a sewer truck, a dump truck, a boom lift, and three additional vehicles to be used in the water and sewer division. Projects completed included E Main Street Sewer/Water Valves, Park WTP Building Improvements, WWTP Filter Cloth Socks, Community Center Truitt Improvements, and Parking Automation. Continuing projects include Bicycle Master Plan, City Park Master Plan, Service Center, Naylor Mill Raw Water Line, and Paleo Well. More information about the City's capital assets is presented in the notes to the financial statements.

### **Long-term Debt**

At year end, the City had \$84.5 million in bonds, notes, and leases outstanding, a decrease of \$8.8 million over the previous year. No new bonds were issued by the City during fiscal year 2025.

The City is limited to a maximum general obligation bond limit of \$69.2 million. Debt in enterprise funds is not subject to the maximum bond limit, thus of the total bonds, notes, and leases outstanding of \$84.5 million only \$29.5 million of such debt would be subject to the bond limit. More detailed information about the City's long-term liabilities is presented in Note 6 to the financial statements.

## Table A-6 CITY'S LONG-TERM DEBT (in thousands of dollars)

|  | Governme  | ntal Activities | Business-ty | pe Activities | To        | Total %   |        |  |

| Total Bonds, Mortgages, and Notes Payable, net | \$ 29,484 | \$ 33,344       | \$ 54,975   | \$ 59,870     | \$ 84,459 | \$ 93,214 | -9%    |  |

### **ECONOMIC FACTORS**

- The City collected \$662,540 in building permit revenues for FY 2025 vs. \$429,793 for FY 2024.
- The City received \$2.7 million more in real estate property tax revenue in FY 2025. The total of other tax revenues was \$1.0 million more in FY 2025.
- The City's has a three-year reassessment cycle. The adjusted assessed value of all real properties in the City increased by \$242 million over the prior year.
- The local (Wicomico County) unemployment rate as of July 2025 was 3.8%, up from 3.6% a year ago. For July 2025, the State of Maryland and the U.S. had an unemployment rate of 3.4% and 4.2%, respectively.

### WATER SEWER FUND

The water and sewer fund adopted budget increased from \$21.6 million in FY 2024 to \$23.2 million in FY 2025.

The City has completed upgrading the Wastewater Treatment Plant ("WWTP"). The WWTP has been fully operational since September 25, 2019. The total construction cost is \$52 million and was funded with Biological Nutrient Removal and Enhanced Nutrient Removal (BNR/ENR) grants and a 0% interest State Revolving Fund loan.

### **CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City's Director of Finance in the Finance Division, 125 North Division Street, Room 103, Salisbury, MD 21801 or visit the City's website at www.salisbury.md.

## City of Salisbury, Maryland Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position As of June 30, 2025

| Fund balances of governmental funds   |  | \$<br>43,439,945 |
|---|--|------------------|
| Amounts reported for governmental activities in the statement of net position are different because:  |  |                  |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the fund financial statements but are reported in the governmental activities column of the statement of net position.   |  |                  |
|   |  | 65,702,323       |
| Certain revenues that do no provide current financial resources are reported a unavailable revenue in the fund financial statements but are reported as revenue in the governmental activities column of the statement of activities.   |  | 4,425,250        |
| Some liabilities are not due and payable in the current period and, therefore, are not reported in the fund financial statements but are reported in the governmental activities column statement of net position. Those liabilities consist of:  |  |                  |
| Bonds, notes and lease obligations Compensated absences Post-employment benefits Net pension liability Accrued interest on bonds  | \$ (29,484,269)<br>(2,692,633)<br>(4,042,068)<br>(46,109,691)<br>(307,885) | (82,636,546)     |
| Deferred inflows and outflows related to the City's net pension and OPEB liabilities are based on the differences between actuarially determined actual and expected investment returns, changes in assumptions, and pension and OPEB contributions made after the measurement date of the liabilities. These amounts will be amortized over the estimated remaining average service life of the employees. |  |                  |
| Deferred outflows - pension plan Deferred outflows - OPEB plan Deferred inflows - pension plan Deferred inflows - OPEB plan   | 16,633,940<br>1,639,874<br>(6,966,801)<br>(15,003,171)                     | <br>(3,696,158)  |

| Total other financing sources (uses)              |              | (453,491)  |                  | 443,180   |     | 1,131,109  |                | 86,000    |       | 1,206,798  |
| Net change in fund balances                       |              | 4,339,509  |                  | (34,122)  |     | 1,012,714  |                | 599,236   |       | 5,917,337  |
| Fund balances - beginning                         |              | 21,731,844 |                  | 276,140   |     | 14,474,054 |                | 1,040,570 |       | 37,522,608 |
| Fund balances - ending                            |              |            |                  |           |     | , ,        |                | <u> </u>  |       |            |

### Reconciliation of the Statement of Revenues, Expenditures, and Changes In Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2025

| Net change in fund balances - total government funds  |              | \$<br>5,917,337 |
|---|--------------|-----------------|
| Amounts reported for governmental activities in the statement of activities are different because:  |              |                 |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the fund financial statements but are reported in the governmental activities column of the statement of net position. |              | (630,683)       |
|   |              | (030,083)       |
| Because some revenues will not be collected for several months after the City's fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds. Unavailable                                |              |                 |
| revenues increases by this amount this year.  |              | 1,571,828       |
| Governmental funds report repayment of debt principal as an expenditure. In contract, the statement of net position treats such   |              | 2.572.477       |
| repayment as a reduction on long-term liabilities.  |              | 3,573,477       |
| Some items reported in statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. These activities consist of:                             |              |                 |
| Increase in compensated absences  | \$ (203,090) |                 |
| Increase in post-employment benefits  | (3,790,819)  |                 |
| Increase in accrued interest payable  | (37,226)     | <br>(4,031,135) |
| Change in net position of governmental activities   |              | \$<br>6,400,824 |

### **NOTES TO THE FINANCIAL STATEMENTS**

### NOTE 1 <u>DESCRIPTION OF THE CITY OF SALISBURY</u>

The City of Salisbury, Maryland ("the City") was established in 1732. The City is governed by a Mayor and a board of five Council Members elected by the voters of the City.

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to local government units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the City's accounting policies are described below.

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units. The decision of whether to include a potential component unit was made by applying the criteria set forth in the GASB standards related to component units. The basic - but not the only - criterion for including a potential component unit is the exercise of oversight responsibility by the City's elected officials. Based upon the application of these criteria, the accompanying statements include the financial transactions of the Salisbury Zoo Commission, Inc. ("the Zoo"). The operations of the Zoo are included in the general fund.

### Basis of Presentation

The City's basic financial statements consist of entity-wide statements, including a statement of net position and a statement of activities; and fund financial statements, which provide a more detailed level of financial information.

### **Entity-wide Financial Statements**

The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the City. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the City at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for business-type activities of the City. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program; grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions.

The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from general revenues of the City.

### **NOTES TO THE FINANCIAL STATEMENTS**

### NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

### **Fund Financial Statements**

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at a more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Custodial funds are reported by type.

### **Fund Accounting**

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary, and custodial.

### Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets, liabilities, and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

General Fund – The general fund is the general operating fund of the City. All general revenues and other receipts that are not allocated by law or contractual agreement to another fund and general operating expenditures are accounted for in this fund.

Capital Improvements Fund – The capital improvements fund is used to account for all financial transactions related to the acquisition or construction of major capital facilities for the governmental fund type activities.

### **Proprietary Funds**

Proprietary funds focus on the determination of changes in net position, financial position, and cash flows and are classified as enterprise funds.

### NOTES TO THE FINANCIAL STATEMENTS

### NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

### **Enterprise Funds**

Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The City's major enterprise funds are:

Water and Sewer Fund – The Water and Sewer Fund is used to account for all financial transactions, including the acquisition or construction of major capital facilities, related to the operations of the City's water and sewer services.

Mitchell Landing Fund – The Mitchell Landing Fund is used to account for all financial transactions related to the operations of the Mitchell Landing Apartments, a low-income housing project which operates under the guidelines of the Maryland Department of Housing and Community Development. During the year ended June 30, 2025, Mitchell Landing was transferred to a third party whereby the City transferred all assets to the third party and the third party assumed all liabilities.

### Fiduciary Funds

Custodial fund reporting focuses on net position and changes in net position. The City's custodial funds include the health care trust, police-confiscated asset, and bay restoration funds. These funds account for assets held by the City in a trustee capacity or as fiscal agent for individuals, private organizations, other governments, and/or other funds.

### **Measurement Focus**

Entity-wide financial statements – The entity-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the City are included on the statement of net position.

Fund financial statements – All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current liabilities, and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the entity-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the entity-wide statements and the statements for governmental funds.

### NOTES TO THE FINANCIAL STATEMENTS

### NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

Like the entity-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and liabilities associated with the operation of these funds are included on the statement of revenues, expenses, and changes in net position. The statement of changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

### **Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Entity-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and custodial funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned and unavailable revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions — Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means received within 60 days after year end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, primarily include grants. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursable basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: charges for services, fines and forfeitures, state-levied locally shared taxes (including gasoline tax and motor vehicle license tax), grants, interest, and rent.

Unavailable revenue – Unavailable revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

#### NOTES TO THE FINANCIAL STATEMENTS

### NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

On the governmental fund financial statements, receivables that were not collected within the available period have been reported as unavailable revenue.

Expenses/Expenditures – On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated items received during the year is reported in the operating statement as an expense with a like amount reported as donated revenue. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures generally are recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

### **Budgetary Data**

All funds, other than agency funds, are legally required to be budgeted and appropriated. The City Council adopts an annual budget as set forth in the City Charter. The budget is prepared on the budgetary basis of accounting consistent with GAAP, except that depreciation is not considered. The Mayor may transfer the balance of unencumbered appropriations between general classifications of expenditures within an office, department, or agency. At the Mayor's request, in the last three months of the budget year, the Council may, by resolution, transfer any unencumbered appropriation balance from one office, department, or agency to another. All appropriations lapse at year end.

### Cash Equivalents

For purposes of the statement of cash flows, the enterprise funds consider all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

### **Investments**

Investments are recorded at fair value.

In establishing the fair value of investments, the City uses the following hierarchy. The lowest level of valuation available is used for all investments.

Level 1 — Valuations based on quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access.

Level 2 — Valuations based on quoted prices of similar products in active markets or identical products in markets that are not active or for which all significant inputs are observable, directly or indirectly.

Level 3 — Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

### **NOTES TO THE FINANCIAL STATEMENTS**

### NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

### Allowance for Uncollectible Accounts

The City estimates an allowance for uncollectible accounts based upon an aging of the receivables and the City's historical collection rates experienced in prior years for each type of receivable. Real estate taxes that can be liened with Wicomico County for lack of payment are deemed to be fully collectible; other taxes, such as local personal taxes and ordinary business corporation taxes which cannot be liened, are not considered fully collectible and are recorded net of an allowance. In addition, the City may terminate service and lien a user's property for delinquent water and sewer bills and, therefore, considers water and sewer utility receivables to be fully collectible.

### **Property Taxes**

Property taxes attach as an enforceable lien as of July 1. Taxes are levied on July 1 and are recognized when levied. Taxes are due and payable on or before September 30, and all unpaid taxes become delinquent on October 1. Effective July 1, 2019, the City began billing and collecting real estate taxes; prior to that date, the real estate taxes were billed and collected by Wicomico County, Maryland on behalf of the City. Real property taxes uncollected as of 60 days after fiscal year end are considered unavailable to pay liabilities that are owed at the balance sheet date and, therefore, are included in deferred inflows of resources in the balance sheet – governmental funds. An allowance is established for delinquent personal property taxes to the extent that their collectability is improbable. As of June 30, 2025, all property taxes were deemed collectible, and there was no allowance.

### **Inventories**

Inventory is presented at the lower of cost or market on a first-in, first-out basis and is expensed when used.

### **Capital Assets**

General capital assets are those assets not specifically related to activities reported in proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the entity-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the entity-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical costs) and updated for additions and retirements during the year. Donated capital assets, received before June 15, 2015, are recorded at their fair market values as of the date received. Donated capital assets received after June 15, 2015, are recorded at acquisition value. The City maintains a capitalization threshold of \$10,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add value to the asset or materially extend an asset's life are not capitalized.

#### NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

All reported capital assets except land, art, and construction-in-progress are depreciated. Depreciation is computed using the straight-line method over the following useful lives:

| Land improvements           | 10 - 40 years |
|-----------------------------|---------------|
| Buildings and improvements  | 10 - 40 years |
| Improvements, non-buildings | 10 - 40 years |
| Machinery and equipment     | 5 - 15 years  |
| Zoo animals                 | 8 - 15 years  |

#### **Compensated Absences**

The City accrues a liability for vested compensated absences including vacation, sick leave, compensatory time, and holidays worked with various limitations on each type of compensated absence. All accrued compensated absences liabilities are recorded in the entity-wide financial statements.

#### **Accrued Liabilities and Long-term Obligations**

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide statements; and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

#### **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Maryland State Retirement and Pension System ("MSRPS"), and additions to/deductions from MSRPS's fiduciary net position have been determined on the same basis as they are reported by MSRPS.

#### Net Position (Deficit)

Net position represents the difference between assets, deferred outflows, liabilities, and deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by grantors, creditors, or laws or regulations of other governments. Amounts not meeting the definition of restricted or net investment in capital assets are reported as unrestricted.

#### **NOTES TO THE FINANCIAL STATEMENTS**

#### NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

#### Net Position (Deficit) (cont'd)

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

The deficit in the Mitchell Landing Fund (major enterprise fund) as of June 30, 2025 was \$766,880. This deficit is due to depreciation which cannot be recaptured through user charges.

#### **Fund Balance**

Fund balance will be displayed in the following classifications (if applicable) depicting the relative strength of the spending constraints placed on the purposes for which resources can be used:

*Nonspendable* – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by formal action of the City Council. The City Council is the highest level of decision-making authority for the City. Commitments may be established, modified, or rescinded only through resolutions approved by the City Council.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. City Council has designated the Director of Internal Services the authority to assign amounts for specific purposes.

*Unassigned* – all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds and, finally, unassigned funds, as needed, unless City Council or the Director of Finance has provided otherwise in its commitment or assignment actions.

#### NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

#### **Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water and sewer. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. Revenues not meeting these definitions are reported as nonoperating.

#### Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

#### NOTE 3 <u>CASH AND INVESTMENTS</u>

The City maintains a cash account and an investment pool that is available for use by all funds. Each fund reports its portion of this account and pool. Additional cash and investment accounts are also held separately by several of the City's funds.

The City follows the State of Maryland laws related to types of deposits and investments, selection of depositories, and collateral requirements.

#### Cash and Deposits

As of June 30, 2025, the carrying amount of the City's cash deposits was \$18,085,192 and the bank balance was \$18,702,524. Of the bank balance, \$1,238,608 was covered by federal depository insurance, and \$16,874,992 was exposed to custodial credit risk because, in accordance with Maryland State law, it was uninsured, and the collateral held by the depository's agent was not in the City's name.

#### **Investment Pool**

The City is a participant of the MLGIP, which provides all local government units of the State a safe investment vehicle for short-term investment of funds. The State Legislature created MLGIP with the passage of Article 95 22G of the Annotated Code of Maryland. The MLGIP, under the administrative control of the State Treasurer, has been managed by PNC Capital Advisors, LLC. An MLGIP Advisory Committee comprised of current participants was formed to review, on a quarterly basis, the activities of the fund and to provide suggestions to enhance the pool.

Although not registered with the Securities and Exchange Commission and not subject to regulatory oversight, MLGIP acts like a money market mutual fund in that its objective is to maintain a stable net asset value of \$1 per share, is rated by a nationally recognized statistical rating organization, and is subject to an independent annual audit. These external investment pools are considered 2a7-like pools and are recorded at amortized cost. The amortized cost, which approximates fair value of the pool, is determined by the pool's share price. As of June 30, 2025, MLGIP was rated AAA by a nationally recognized statistical rating organization. As of June 30, 2025, the City had \$49,372,914 invested in MLGIP.

#### **NOTES TO THE FINANCIAL STATEMENTS**

#### NOTE 3 <u>CASH AND INVESTMENTS</u> (cont'd)

#### **Restricted Cash**

Restricted cash in the governmental funds represents funds held in escrow by a local financial institution relating to the Public Improvement Bonds. Additional restricted cash in the enterprise funds represents a replacement reserve fund for the Mitchell Landing Fund and funds held in escrow for the Public Improvement Bonds.

#### Retiree Health Plan Trust

The investment policy of the City of Salisbury Health Care Trust requires that the funds be managed as a balanced account with approximately 60% equities, and 40% cash and equivalents and government and corporate bonds. The investments are held at State Street Bank in the City's name. The total investment balance in this fund as of June 30, 2025 was \$2,750,118.

The City did not have any individual investments that exceeded 5% of the total investment amount.

The City categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The City has the following recurring fair value measurements as of June 30, 2025:

| Investment Type          | Fair Value   | Level 1      | Level 2  |  |
|--------------------------|--------------|--------------|----------|--|
| Money markets            | \$ 29,407    | \$ 29,407    | \$ -     |  |
| Mutual funds             | 2,345,108    | 2,345,108    | -        |  |
| Exchange traded products | 375,603      | 375,603      |          |  |
| TOTAL                    | \$ 2,750,118 | \$ 2,750,118 | <u> </u> |  |

#### NOTE 4 INTERFUND RECEIVABLES AND PAYABLES

As a result of its operations, the City effects a variety of transactions between funds to finance operations and service debt. Accordingly, to the extent that certain interfund transactions have not been paid or received as of June 30, 2025, appropriate due from/to other funds have been established. The composition of interfund balances as of June 30, 2025 is as follows:

| Receivable By | Amount     | Payable From               | Amount     |
|---------------|------------|----------------------------|------------|
|               |            |                            |            |
| General Fund  | \$ 601,883 | Nonmajor Proprietary Funds | \$ 601,883 |

Interfund receivables/payables represent temporary borrowings between funds and general fund contributions to support certain enterprise activities.

# NOTES TO THE FINANCIAL STATEMENTS

# NOTE 4 <u>INTERFUND RECEIVABLES AND PAYABLES</u> (cont'd)

Interfund transfers for the year ended June 30, 2025 are as follows:

|  | Transfers In                         | Transfers Out                       |
|--|--------------------------------------|-------------------------------------|

The majority of the construction-in-progress relates to the Bicycle Master Plan, City Park Master Plan, Service Center, Alpine Rail Trail, and Andean Bear Exhibit for the governmental activities. Business-type projects included Paleo Well, Naylor Mill Raw Water Line, and Park Well Field. Refer to Note 11 for more information regarding the total project and completed amounts relating to these projects.

# NOTE 6 LONG-TERM DEBT

The City's Charter provides that total bonded or other indebtedness of the City payable from its general tax revenues shall at no time exceed the total of 2% of the assessed valuation of all real property and 5% of the assessed valuation of all personal and corporate property subject to taxation by the City. The legal debt limit permitted as of June 30, 2025 totaled \$69,170,262. After considering general obligations, including mortgages and notes outstanding of \$25,843,558, the available additional debt margin was \$43,326,704.

#### **Conduit Debt**

In the year ended June 30, 2007, the City issued Special Obligation Bonds (Villages at Aydelotte Farm Project), Series of 2007, in the amount of \$9,775,000, payable solely from and secured by a pledge of certain tax increment revenues and special tax revenues. These bonds are secured in the first instance by the proceeds of tax collections attributable to the increase in the assessed value of real property located in a prescribed development district over the original taxable value of such real property, as determined in accordance with the Maryland Tax Increment Financing Act. To the extent such tax increment revenues are insufficient, proceeds of special taxes levied on and collected from the taxable parcels within a prescribed special taxing district will be used to pay debt service. The full faith and credit and unlimited taxing power of the City have not been pledged to pay these bonds. These bonds are payable over 30 years, with semi-annual interest payments on each July 1 and January 1, starting on July 1, 2007; and principal payments on July 1 in the years 2012 to 2036, inclusive, with a final principal and interest payment on January 1, 2037. These bonds bear interest at the rate of 5.25% per annum and are not subject to the debt limit set forth in the City's Charter. These bonds were issued with the expectation that interest thereon shall be excludable from gross income of the holders thereof for federal income tax purposes.

In the year ended June 30, 2007, the City issued Special Obligation Bonds (Village at Salisbury Lake Project), Series of 2007, in the amount of \$15,000,000, payable solely from and secured by a pledge of certain tax increment revenues and special tax revenues. These bonds are secured in the first instance by the proceeds of tax collections attributable to the increase in the assessed value of real property located in a prescribed development district over the original taxable value of such property, as determined in accordance with the Maryland Tax Increment Financing Act. To the extent such tax increment revenues are insufficient, proceeds of special taxes levied on and collected from the taxable parcels within a prescribed special taxing district will be used to pay debt service. The full faith and credit and unlimited taxing power of the City have not been pledged to pay these bonds. These bonds are payable over 30 years, with semi-annual interest payments on July 1 and January 1, starting on July 1, 2012 (or such earlier date as the bonds are converted and remarketed); and principal payments on July 1 in the years 2013 to 2036, inclusive, with a final principal and interest payment on January 1, 2037. These bonds initially bear interest at the rate of 7.9% per annum and are not subject to the debt limit set forth in the City's Charter. These bonds were issued as drawdown bonds and sold to the then current owner of the property located in the prescribed development/special taxing district. These bonds are subject to conversion and reoffering if certain conditions set forth in the Indenture of Trust relating to such bonds are met. Until any such conversion and reoffering, the bond holder will advance proceeds of the bonds to pay project costs. Until any such conversion and reoffering (and, potentially, even thereafter), interest on such bonds will be includable in gross income of the holders thereof for federal income tax purposes.

#### **NOTES TO THE FINANCIAL STATEMENTS**

#### NOTE 6 LONG-TERM DEBT (cont'd)

#### **Lease Obligations**

The City has entered into leases for the acquisition of various machinery and equipment. Accordingly, the present value of future minimum lease payments and the related assets have been recorded in the appropriate fund.

The original cost of assets acquired under these leases for the general fund is \$2,868,723 with accumulated depreciation of \$1,471,456; for the water and sewer fund, the original cost is \$565,033 with accumulated depreciation of \$65,921; for the parking fund, the original cost is \$39,147 with accumulated depreciation of \$30,759; and for the storm water fund, the original cost is \$362,046 with accumulated depreciation of \$172,403 at June 30, 2025.

Following is a summary of total future minimum lease payments for all leases:

|                         | Principal  |    |          |       |          |    |        |           |         |

#### NOTE 7 PENSION PLAN

Generally, all regular employees of the City participate in the State of Maryland Employees Retirement and Pension Systems ("Employees' Systems"). Law enforcement officers and firemen employed by the City generally participate in the State of Maryland Law Enforcement Officers Pension Systems ("LEOPS"). Both the Employees' Systems and LEOPS (collectively, the Systems) are cost-sharing multiple-employer public retirement systems sponsored by the Maryland State Retirement and Pensions Systems and created by the Maryland General Assembly.

#### **Benefits Provided**

Participants in the Systems may retire with full benefits after 30 years of service regardless of age or at various ages with specified years of eligibility service for reduced benefits. Annual service retirement allowances are paid monthly to retired members in accordance with allowance options selected based on average final compensation. Participants terminating in the retirement system prior to specified retirement age are refunded their accumulated contributions plus earned interest or may defer receipt of accumulated contributions until age 60. Participants and their beneficiaries may also be eligible for disability and death benefits based on years of creditable service and average final compensation.

#### **NOTES TO THE FINANCIAL STATEMENTS**

#### NOTE 7 PENSION PLAN (cont'd)

#### **Member Contributions**

During fiscal year 2025, the State Personnel and Pensions Article required active members to contribute to the Systems at a rate of 7% for LEOPS and 6% for non-LEOPS personnel of each employee's covered salary.

#### **Employer Contributions**

The City's contractually required annual contribution is based on an actuarially determined amount that, when combined with the employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2024, the rate of the employer contribution varied depending on each pension plans' requirements. The City's contribution to the Systems for the year ended June 30, 2024 was \$5,159,876.

#### Pension Liability and Expense, and Deferred Outflows and Inflows of Resources

As of June 30, 2025, the City reported a liability of \$51,837,764 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2023 to June 30, 2024. The City's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. As of June 30, 2024, the City's proportion for the Employee plan was 0.0535%, a increase of 0.002% from the prior year, and the LEOPS plan was 0.1435%, a decrease of 0.065% from the prior year.

For the year ended June 30, 2025, the City recognized pension expense of \$5,957,389. As of June 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Employ               | ees Plan            | LEOPS                | Plan                | Tot                  | tal                 |

#### **NOTES TO THE FINANCIAL STATEMENTS**

#### NOTE 7 PENSION PLAN (cont'd)

An amount of \$6,038,735 is reported as deferred outflows of resources resulting from the City's contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ending June 30, 2026. Other amounts will be reported as deferred outflows of resources and deferred inflows of resources related to pensions, and will be recognized in pension expense as follows:

| Year(s) Ending June 30, |              |
|-------------------------|--------------|
| 2026                    | \$ 363,276   |
| 2027                    | 3,975,939    |
| 2028                    | 1,085,525    |
| 2029                    | 124,347      |
| 2030                    | (719,760)    |
|                         |              |
|                         | \$ 4,829,327 |

#### **Actuarial Assumptions**

The total pension liability as of June 30, 2024 for each of the defined benefit cost-sharing plans was determined by an actuarial valuation as of June 30, 2023.

- Actuarial cost method entry age normal, level percentage of pay
- Investment return 6.80%
- Salary increases 2.75%
- Inflation 2.25%
- Mortality rates were based on the RP-2014 Mortality Tables.

The actuarial assumptions used in the June 30, 2024 valuation were based on the experience study that was performed for the five-year period ended June 30, 2010. The assumptions derived from the experience study were adopted by the Board of Trustees for first use in the actuarial valuation as of June 30, 2012.

#### **Discount Rate**

The discount used to measure the total pension liability was 6.80%. The discount rate was based on the expected rate of return on the pension plan investments of 6.80%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on these assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 7 PENSION PLAN (cont'd)

#### Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability, calculated using the discount rate of 6.80%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.80%) or one percentage point higher (7.80%) than the current rate.

|  | 1%<br>Decrease<br>5.80%     | Current<br>Discount Rate<br>6.80% | 1%<br>Increase<br>7.80%    |

#### Pension Plan Fiduciary Net Position

Detailed information about the Systems' fiduciary net position is available in the Systems' Annual Comprehensive Financial Report, which may be obtained by writing to the Office of Legislative Audits, State Office Building, 301 West Preston Street, Baltimore, Maryland, 21201, or by visiting the Systems' website at www.sra.maryland.gov.

#### NOTE 8 POST-RETIREMENT HEALTH CARE BENEFITS

#### Plan Description

During the year ended June 30, 2007, Wicomico County and the Board of Education jointly set up the "Retiree Health Insurance Plan Trust of the Board of Education of Wicomico County and Wicomico County." A Board of Trustees ("the Board") oversees the trust. In June 2009, the City joined the trust, and the trust was renamed, "Amended Retiree Health Plan Trust for the Wicomico County Board of Education and Wicomico County and the City of Salisbury" ("the Trust").

The plan is an agent multiple-employer plan with combined administrative functions for efficiency, and each agent employer remains responsible for financing benefits of its own individual plan. Each agent employer also remains individually responsible for its own separate actuarial valuations, and expenses and obligations are measured like those of sole employers. The assets of the three entities are segregated within the Trust.

The assets of the Trust are managed by an investment manager, Croft-Leominster, Inc., under a formal investment policy. The Board meets quarterly to review investment performance. The investment manager provides a fiscal year performance report to the Board. Questions regarding performance should be directed to the plan administrator. The plan does not issue a stand-alone financial report.

#### **NOTES TO THE FINANCIAL STATEMENTS**

### NOTE 8 POST-RETIREMENT HEALTH CARE BENEFITS (cont'd)

#### **Benefits Provided**

A PPO and an EPO plan are available for participants under age 65. Both plans include medical, prescription, dental, and vision. The prescription plan covers both retail and mail order prescription drugs. Once a retiree turns 65, a Medicare supplemental plan is available. The supplemental plan also includes vision, dental, and prescription.

Employees retiring through ordinary disability must have worked for the City for a specified number of years prior to retirement, plus fulfill the State Retirement Agency's criteria for an immediate service retirement.

On February 27, 2017, the City Council approved changes to the OPEB plan. For future retirees, the annual subsidy is capped at \$3,500 for a retiree, \$7,000 for retirees with spouse coverage, and \$9,500 for retiree with family coverage. Future hires are also required to have 20 years of service to be eligible for these benefits.

#### **Employees Covered by Benefit Terms**

As of June 1, 2024, a total of 506 employees were covered by the benefit terms as follows:

Active employees 373
Retirees in pay status (pre-Medicare) 43
Retirees in pay status (post-Medicare) 90

The City has not established an irrevocable trust. The plan is funded on a pay-as-you-go basis from the City's general fund.

#### Net OPEB Liability

Accounting principles generally accepted in the United States of America require that the reported results must pertain to liability information within certain defined timeframes. For this report, the following timeframes are used:

Valuation date June 1, 2024 Measurement date June 30, 2025

Measurement period July 1, 2024 - June 30, 2025

#### **NOTES TO THE FINANCIAL STATEMENTS**

### NOTE 8 POST-RETIREMENT HEALTH CARE BENEFITS (cont'd)

#### **Actuarial Assumptions**

The net OPEB liability in the June 30, 2025 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement. The medical trend assumption was developed using the Society of Actuaries ("SOA") Long-Run Medical Cost Trend Model. The model was updated in 2016.

| Inflation                                       | 2.6%  |
|---|-------|
| Rate of growth in real income/GDP per year      | 1.4%  |
| Extra trend due to technology and other factors | 0.9%  |
| Expected health share of GDP in 2029            | 19.0% |
| Health share of GDP resistance point            | 17.0% |
| Year for limiting cost growth to GDP growth     | 2075  |

Mortality rates were based on the RP-2019 Total Dataset Mortality with Scale MP-2019 and RP-2019 Disabled Retiree Mortality with Scale MP-2019.

The following are the changes in assumptions for the plan; the discount rate changed to 3.69%, the medical trend rate was updated to the latest model released by the SOA and excludes the impact of the Cadillac Tax, and the mortality assumption was updated to the latest experience study on public sector employees and retirees released by the SOA.

#### **Discount Rate**

The discount rate of 6.25% was used to measure the total OPEB liability as of June 30, 2024.

#### **Sensitivity Analysis**

The following presents the net OPEB liability, calculated using the valuation discount rate of 3.97%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate.

|                        | 1%<br>Decrease<br>5.25% | Current<br>Discount Rate<br>6.25% | 1%<br>Increase<br>7.25% |
|------------------------|-------------------------|-----------------------------------|-------------------------|
| Total OPEB liability   | \$ 8,765,093            | \$ 7,802,703                      | \$ 6,999,512            |
| Fiduciary net position | 2,750,118               | 2,750,118                         | 2,750,118               |

|  |                |                       |                |  |

The amount of OPEB expense recognized by the City was \$(2,131,563) for the year ended June 30, 2025.

#### **NOTES TO THE FINANCIAL STATEMENTS**

#### NOTE 8 POST-RETIREMENT HEALTH CARE BENEFITS (cont'd)

As of June 30, 2024, the City reported deferred outflows of resources relating to OPEB from the following sources:

|  | Deferred<br>Outflows of<br>Resources | Deferred<br>Inflows of<br>Resources |
|--|--------------------------------------|-------------------------------------|
| Differences between expected and       |                                      |                                     |
| actual experience                      | \$ 416,637                           | \$13,470,122                        |
| Changes of assumptions                 | 1,633,206                            | 5,230,343                           |
| Difference between actual and expected |                                      |                                     |
| expected earnings                      |                                      | 53,499                              |
|  |                                      |                                     |
| Total                                  | \$ 2,049,843                         | \$18,753,964                        |

Deferred inflows of resources due to the change in assumptions will be recognized in pension expense as follows:

| Year(s) Ending June 30,                            |   |
|--|---|
| 2025<br>2026<br>2027<br>2028<br>2029<br>Thereafter | \$ (2,593,639)<br>(2,677,102)<br>(3,092,872)<br>(3,315,527)<br>(1,644,612)<br>(3,380,369) |
|  | \$ (16,704,121)   |

#### NOTE 9 DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all eligible City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The deferred amounts are invested in various annuity contracts.

All amounts of compensation deferred under the plan; all property and rights purchased with those amounts; and all income attributable to those amounts, property, or rights are held in trust for the exclusive benefit of plan participants and their beneficiaries and are not subject to the claims of the City's general creditors.

The City has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor.

#### **NOTES TO THE FINANCIAL STATEMENTS**

#### NOTE 10 SERVICE AWARD TRUST

The City has a Volunteer Firemen Service Award Trust, which was established to accumulate funds for the City Volunteer Firemen's Retirement. Members will receive a one-time stipend every time five years of benefit services have been completed. Stipends range from \$2,500 to \$5,000 based on service years completed. The transactions of the Service Award Trust have been reported as an expendable trust fund in the fiduciary fund types.

#### NOTE 11 COMMITMENTS AND CONTINGENT LIABILITIES

As of June 30, 2025, the City had infrastructure projects yet to be completed. The commitments and amounts completed are as follows:

|                               |              | Completed    |              |

In addition, the City has incurred costs totaling \$541,978 for business-type activities project costs that were not under a formal contract as of June 30, 2025.

#### NOTE 12 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other municipalities in the State to form the Local Government Insurance Trust ("LGIT"), a public entity risk pool currently operating as a common risk management and insurance program for member municipalities. The City pays an annual premium to LGIT for its building and contents, commercial general liability, environmental liability, business automobile, and excess liability coverage. The agreement for formation of the LGIT provides that it will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$500,000 for liability claims. The City continues to carry separate commercial insurance for its workers' compensation and health insurance coverage. Settled claims resulting from the above risks have not exceeded coverage in any of the past three fiscal years.

Under the terms of the agreement, LGIT deficits may be funded by additional assessments against participating municipalities, levied at the Trustees' discretion.

#### **NOTES TO THE FINANCIAL STATEMENTS**

#### NOTE 13 FUND BALANCES

As of June 30, 2025 fund balances are composed of the following:

#### NOTE 14 TAX ABATEMENT

#### **Enterprise Zone Credit**

The City offers Enterprise Zone credit for companies that are planning to relocate and already located within the Salisbury Enterprise Zone. A business is eligible if it makes a capital investment in its property (i.e., constructs or renovates a building, or expands an existing facility), or hires two or more new employees in the zone. The two basic benefits involve credits on property taxes and state income taxes. Commercial as well as industrial concerns are eligible.

This 10-year property tax credit is available to companies that locate, expand, or substantially improve business properties in the Enterprise Zone. The property tax credit is equal to 80% of the difference between the base year value of the property (the assessment in the year prior to new construction, expansion, or substantial improvement) and the assessed value of the property after the investment is made. The property tax credit is 80% for five years. During the last five years, the property tax credit declines 10% annually; the credit is 70%, 60%, 50%, 40%, and 30%, respectively.

#### **NOTES TO THE FINANCIAL STATEMENTS**

### NOTE 14 <u>TAX ABATEMENT</u> (cont'd)

There are two types of income tax credits that could be applied to state income taxes. If the employee is economically disadvantaged (as determined by the Maryland Jobs Service), the business may be entitled to a credit up to \$3,000 of the employee's wages in the first year of employment. The credit is \$2,000 in the second year and \$1,000 in the third. If the employee is not economically disadvantaged, the business may take a \$1,000 credit in the first year.

For the fiscal year ended June 30, 2025, the City abated property taxes totaling \$101,150 under this program.

Notes to Schedule:

Benefit Changes: None

Changes of Assumptions Discount rate used was 3.62% for 2018, 3.13% for 2019, 2.45% for 2020, 1.92% for 2021, 3.69% for 2022, 3.86% for 2023, and 3.97% for 2024.

The medical trend was updated to the latest model released by the SOA and excludes the impact of the Cadillac Tax.

The mortality assumption was updated to the latest experience study on public sector employees and retirees released by the SOA.

In accordance with GASB Statement No. 75, this schedule has been prepared prospectively as the above information for the preceding years is not readily available. This schedule will accumulate each year until sufficient information to present a ten-year trend is available.

### Memo

To: Nick Rice, City Administrator

From: Muir Boda, Director of Housing & Community Development

Date: December 3, 2025

Subject: Budget Amendment Bless Our Children Donation for Santa's Winter Wonderland

The Housing and Community Development Department hosts an annual event that has evolved from Santa's Workshop at the Truitt Street Community Center to Santa's Winter Wonderland on the Downtown Plaza. Once again, Toys for Tots and Cloverland Dairy donated toys, milk, and books, which were distributed through this drive-thru Santa event on the Plaza. Last year, we had 185 cars, distributing over 430 gifts to children and over 400 books. We would also like to recognize the departments that assisted with the logistics of this event, including Field Operations, ABCD, and our team here at HCDD.

Once again, Draper Holdings Charitable Foundation has made a financial contribution to this event through its Bless Our Children Program. This year, we applied for and received a check for \$1,500, which will be placed into our Santa's Workshop multi-year fund account. This is an increase from last year, when we received \$1,000. This account is used to purchase gifts for the holiday event, and it also helps fund Santa and his Elves' operations at the North Pole. Thanks to this support, they were able to spread joy this past Christmas, and they're already hard at work preparing for next year's magical deliveries!

### Memo

To: Nick Rice, City Administrator From: Rob Frampton, Fire Chief

Date: December 5, 2025 Subject: <u>Grant Acceptance</u>

The department has been awarded a \$2,000.00 mini-grant from the Community Foundation of the Eastern Shore. This grant is intended for the use for covering transportation costs for patients of our SWIFT program who may not have the means for the transport to doctor's appointments and meetings. I am recommending that the City accept the grant funds and they be placed in the accounts listed below. If you have any questions, please do not hesitate to contact me.

Attachment(s): Grant Agreement.pdf Ordinance.pdf Memo.pdf PLEASE READ AND E-SIGN (BY TYPING YOUR NAME) THE FOLLOWING GRANT AGREEMENT. AFTER SAVING, PLEASE CLICK THE "ACCEPT" BUTTON ON

By accepting this grant, the Grantee agrees to the below listed terms:

### **GRANTEE PUBLICITY**

Grants approved by the Community Foundation of the Eastern Shore may be featured in Foundation publications, releases, and promotions to include but not Ilmited to print, video, digital, and to area media outlets. Grantees agree to;

- Abide by the publicity standards listed at https://www.cfes.org/grantee-publicity-kit
- Acknowledge funding support by the Community Foundation of the Eastern Shore (CFES)
- Grant permission to the Community Foundation of the Eastern Shore to publicize the grant in conjunction with the grantee's organization name.
- Indemnify and hold CFES harmless against any claims, damages, liabilities, losses, and expenses arising out of or in connection with the use of the
  granted funds.

### EXPENDITURE OF FUNDS

This grant is to be used only for the purpose described above and in accordance with the approved budget. The program is subject to modification only with the Foundation's prior written approval.

The grantee shall return to the Foundation any unexpended funds:

- 1. At the end of the grant period, or
- 2. If the Foundation determines that the grantee has not performed in accordance with this agreement and approved program/budget, or
- 3. If the grantee loses its exemption from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

No funds provided by the Foundation may be used for any political campaign, or to support attempts to influence legislation by any governmental body, other than through making available the results of nonpartisan analysis, study, and research.

All grants are made in accordance with current and applicable laws and pursuant to the Internat Revenue Code, as amended, and the regulations issued there under.

By accepting this grant, your organization certifies to the Community Foundation that no tangible benefit, goods, or services are received by any individual or entities connected with the Community Foundation.

Expenses charged against this grant may not be incurred prior to the effective date of the grant or subsequent to the termination date and may be incurred only as necessary to carry out the purposes and activities of the approved program.

The grantee organization is responsible for the expenditure of funds and for maintaining adequate supporting records consistent with generally accepted accounting practices.

No person in the United States shall, on the basis of actual or perceived race, color, religion, national origin, sex, gender identity (as defined in paragraph 249(c)(4) of title 18, United States Code), sexual orientation, marital or parental status, political affiliation, military service, physical or mental ability, or any other improper criterion be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available by the community foundation, and any other program or activity funded in whole or in part with funds appropriated for grants, cooperative agreements, and other assistance administered by the community foundation.

### REPORTS TO THE FOUNDATION

Completion of a Grantee Performance Report and a financial accounting expenditure of this money are required as a condition of this grant. An interim report may be required. Final reports are always required at the end of one year from the award date. The final report must include copies of receipts, invoices, payroll records, and/or contracts totaling the full amount of the grant. All documents should be combined into a single PDF file to upload into the report form. Report(s) will be due as noted on the application dashboards in e-Grants. For more detailed reporting requirements by grant program, refer to the reporting requirements document found in the grantee toolkit at www.cfes.org/granteetoolkit.

As part of the Foundation's ongoing efforts to ensure the most efficient and effective use of grant dollars, the Foundation reserves the right to request additional information on the status and success of the program. In addition to responding to such requests for written documentation, the Grantee also agrees to respond to Foundation requests for a follow-up site visit, if deemed appropriate by the Foundation, to assess the impact of the grant.

\*\*NOTE: Please see your award notification e-mail (sent via e-mail from admin@communityforce.com) for additional details and stipulations specific to individual awards!\*\*

| *Number of people this grant will serve:   | 50-100                          |
| *Project Focus (choose the community need closest to your<br>project/program focus): | Health/Behavioral Health        |
| *Primary Population Served:  | Low-income individuals/families |

#### **Project Proposal Narrative**

#### **Project Proposal Narrative**

Outline the overall project goals and specific objectives and strategies to achieve those goals. Include details such as methods, dates, data sources and who will be responsible for project evaluation.

In 200 words or less, describe the specific purpose and evidence of need for which this grant is requested:

The Salisbury-Wicomico Integrated Firstcare Team (SWIFT) is a mobile integrated community health partnership between the Salsibury Fire Department, Tidal Health Peninsula Regional Medical Center, and the Wicomico County Health Department. SWIFT was established in 2017, and since the inception of this program, transportation has been an ongoing problem for the vulnerable population the program was established to help. SWIFT has received grants from teh CFES for transportation assistance in the past. The program has provided numerous rides to medical and dialysis appointments with the funds we have received in the past. In addition to these medical appointments these funds will provide transportation to other community resources such as Social Services, COVID vaccination clinics, and grocery stores or food pantries. The current grant funds have been exhausted and we are hopeful for a favorable response to this request again this year. The CFES grant funds provided approximately 20 wheelchair van rides to appointments and 60 round trip bus rides to various medical and social appointments for our vulnerable population.

**Project Management Capacity**

To: Nick Rice, City Administrator

From Rob Frampton, Fire Chief

Re: Grant Acceptance

The department has been awarded a \$2,000.00 mini-grant from the Community Foundation of the Eastern Shore. This grant is intended for the use of covering transportation costs for patients of our SWIFT program who may not have the means for transport to doctor's appointments and meetings. I am recommending that the City accept the grants funds and they be placed in the accounts listed below. If you have any questions, please do not hesitate to contact me.

- Increase the CFES Revenue Account No. 10500-426100-XXXXX by \$2,000.00.
- Increase the SWIFT Operating Expense Account No 10500-546006-XXXXX by \$2,000.00.

#### Memo

To: Nick Rice, City Administrator

From: Betsy Jackson, City Planner - Nick Voitiuc, Director

Date: December 5, 2025

Subject: <u>Tidal Health Road Closures</u>

The Department of Infrastructure and Development received and reviewed a request to close Royal Street, that portion of West Vine Street between West Vine Street and Newton Street, and that portion of road known as Center Street between Mitchell Street and Newton Street, being shown on the resubdivision plat (Attachment B). Road closures require an Ordinance and are before you for your consideration.

The initial request (Attachment A) was sent by Brock Parker, Parker & Associates, on behalf of TidalHealth on August 19, 2025. All parcels affected by the closure are owned by TidalHealth. The City Surveyor and City Fire Marshal have reviewed the request and have no concerns with the road closures. A Quit Claim Deed (Attachment C) between the City of Salisbury and Tidal Health is attached.

#### Attachment(s):

ORDINANCE ROADCLOSURE WVINE ROYAL CENTER (002) CBM.ler.12.2.25 (1).pdf

Attachment A S2555-Road Closure Petition.pdf

Attachment B S2555-RESUB-ROAD CLOSURE.pdf

Attachment C S2555-QC Deed (Road) - TidalHealth - Final.pdf

1 ORDINANCE NO. 2 3 AN ORDINANCE OF THE COUNCIL OF THE CITY OF SALISBURY FOR THE CLOSING OF ROYAL STREET, CENTER STREET, AND A PORTION OF WEST 4 5 VINE STREET. 6 7 WHEREAS, SC11-2 of the Charter of the City of Salisbury (the "Charter") grants the City of Salisbury (the "City") exclusive authority over all public ways located within the municipal boundaries of 8 9 the City; and 10 WHEREAS, pursuant to the authority granted the City under SC11-2 of the Charter, the City deems it necessary and appropriate to close that certain portion of Royal Street, Center Street and West 11 Vine Street, located within the municipal boundaries of the City (collectively the "Roads"); and 12 13 WHEREAS, the Roads intended to be closed by the City pursuant to this Ordinance are more 14 particularly described in the Deed attached hereto and incorporated herein as Exhibit A and shown on the plat entitled "Resubdivision Plat, Parcel 122, as shown on, "Right of Way Dedication Plan" (15/854) and 15 Block 'D' & Block 'E', as shown on, "Lots of Graham Gunby, John K. Gunby, W.S. Gordy Jr. & S. Franklin 16 17 Woodcock" (124/488), for Peninsula Regional Medical Center" dated December 23, 2024 and attached hereto as Exhibit B; and 18 19 WHEREAS, the Salisbury Fire Department has no objection to the closure of the Roads; and 20 WHEREAS, the City's closure of the Roads will not affect any public access to public roadways; 21 and 22 WHEREAS, the Grantee identified on the attached Deed, TidalHealth Peninsula Regional, Inc. 23 ("Grantee"), owns all parcels abutting the Roads and desires that the attached Deed be executed, conveying the Roads to the Grantee. Grantee has requested closure of the Roads in connection with its plans to construct 24 an additional parking garage to be used by the hospital; and 25 26 WHEREAS, upon the adoption of this Ordinance, the City Department of Infrastructure and 27 Development will provide written notice to the Grantee informing it that, pursuant to the City's closure of 28 the Roads hereunder, the City shall not be responsible for any maintenance or costs associated with the Roads as of the date this Ordinance takes effect as set forth herein below. 29 30 NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF 31 **SALISBURY, MARYLAND**, as follows: Section 1. The Mayor is hereby authorized to execute, on behalf of the City of Salisbury, the Deed 32 33 attached hereto and incorporated herein as Exhibit A. 34 Section 2. It is the intention of the Mayor and Council of the City of Salisbury that each provision 35 of this Ordinance shall be deemed independent of all other provisions herein. 36 Section 3. It is further the intention of the Mayor and Council of the City of Salisbury that if any section, paragraph, subsection, clause or provision of this Ordinance shall be adjudged invalid, 37 unconstitutional or otherwise unenforceable under applicable Maryland or federal law, such adjudication 38 39 shall apply only to the section, paragraph, subsection, clause or provision so adjudged and all other 40 provisions of this Ordinance shall remain and shall be deemed valid and enforceable. Section 4. The recitals set forth hereinabove and accompanying exhibits are incorporated into this 41 section of the Ordinance as if such recitals and accompanying exhibits were specifically set forth at length 42 in this Section 4.

**Section 5.** This Ordinance shall take effect from and after the date of its final passage.

LAND SURVEYING CIVIL ENGINEERING • LAND PLANNING FORESTRY SERVICES

City of Salisbury
Department of Infrastructure & Development
City of Salisbury
125 N. Division Street
Salisbury, MD 21801

Attn: Nicholas Voitiuc, Director

Ref: Road Closure Petition, Tidal Health

Dear Nicholas.

Please accept this correspondence and the attached exhibit, a plat entitled, "Resubdivision Plat Parcel 122 as shown on, "Right of way dedication plan" (15/854) and Block 'D' & Block 'E' as shown on, "Lots of Graham Gunby, John K. Gunby, W. S. Gordy JR. & S. Franklin Woodcock" (124/448) For: Peninsula Regional Medical Center" as our formal petition for the closure of Royal, Center, & a portion of West Vine Street in the City of Salisbury; all three streets being located in an easterly direction of Newton Street, and located within the city limits. We request the previously stated road closures for the removal of existing gravel parking and the construction of a single 5-story parking garage providing a net increase of 678 parking spaces for the use of the nearby hospital. The main access will be off of West Vine Street. The current zoning of this property is Hospital District and General commercial. Construction and development on this project will be in accordance with the zoning code, as well as the City of Salisbury construction specifications. All sewer and water will be public entities, while trash collection will be private.

Our proposal is to close all three streets and transfer the area of the former roadbed of Royal Street to the proposed Lot 1, and to transfer the area of the former roadbeds of center street and a portion of West Vine Street to proposed Lot 3. Therefore, each lot retains frontage on the remaining portion of West Vine Street as well as Newton Street. As a requisite for the closure of the streets, we are proposing to reserve a 35 foot wide access and utility easement, located over the portion of West Vine Street to be abandoned as depicted on the attached plat. This will protect the ability to enter and maintain any utilities in said roadbed, as well as guarantee each lot continued access and the ability to connect to city water and sewer for perpetuity.

Given the fact that these three roads are encompassed in the lands of Tidal Health, and will replace the limited existing horizontal parking for Tidal Health with additional proposed vertical parking, as well as future access through the existing roadbed provided the easement, we are hoping the city would agree that the closure of the streets would be in the best interest of all parties involved. From a City perspective, it would remove any city liability and/or maintenance requirements for said streets. From a private side perspective, both proposed lot 1 & 3 would increase in size, as the area of former roadbed would be incorporated into their parcels. At the same time, all rights of access and utility connectivity of each parcel would be preserved via the proposed easement that we are establishing down the former roadbed. Also, the setbacks from these paper streets would be reduced to side setback distances as opposed to front setback distances.

I thank you for your time and your consideration of this matter. If I may be of any help to you in this endeavor in any way, please just let me know how. Furthermore, if you should need anything else to facilitate this process, please simply let me know. Otherwise, I will look forward to your response and the potential of moving this matter forward.

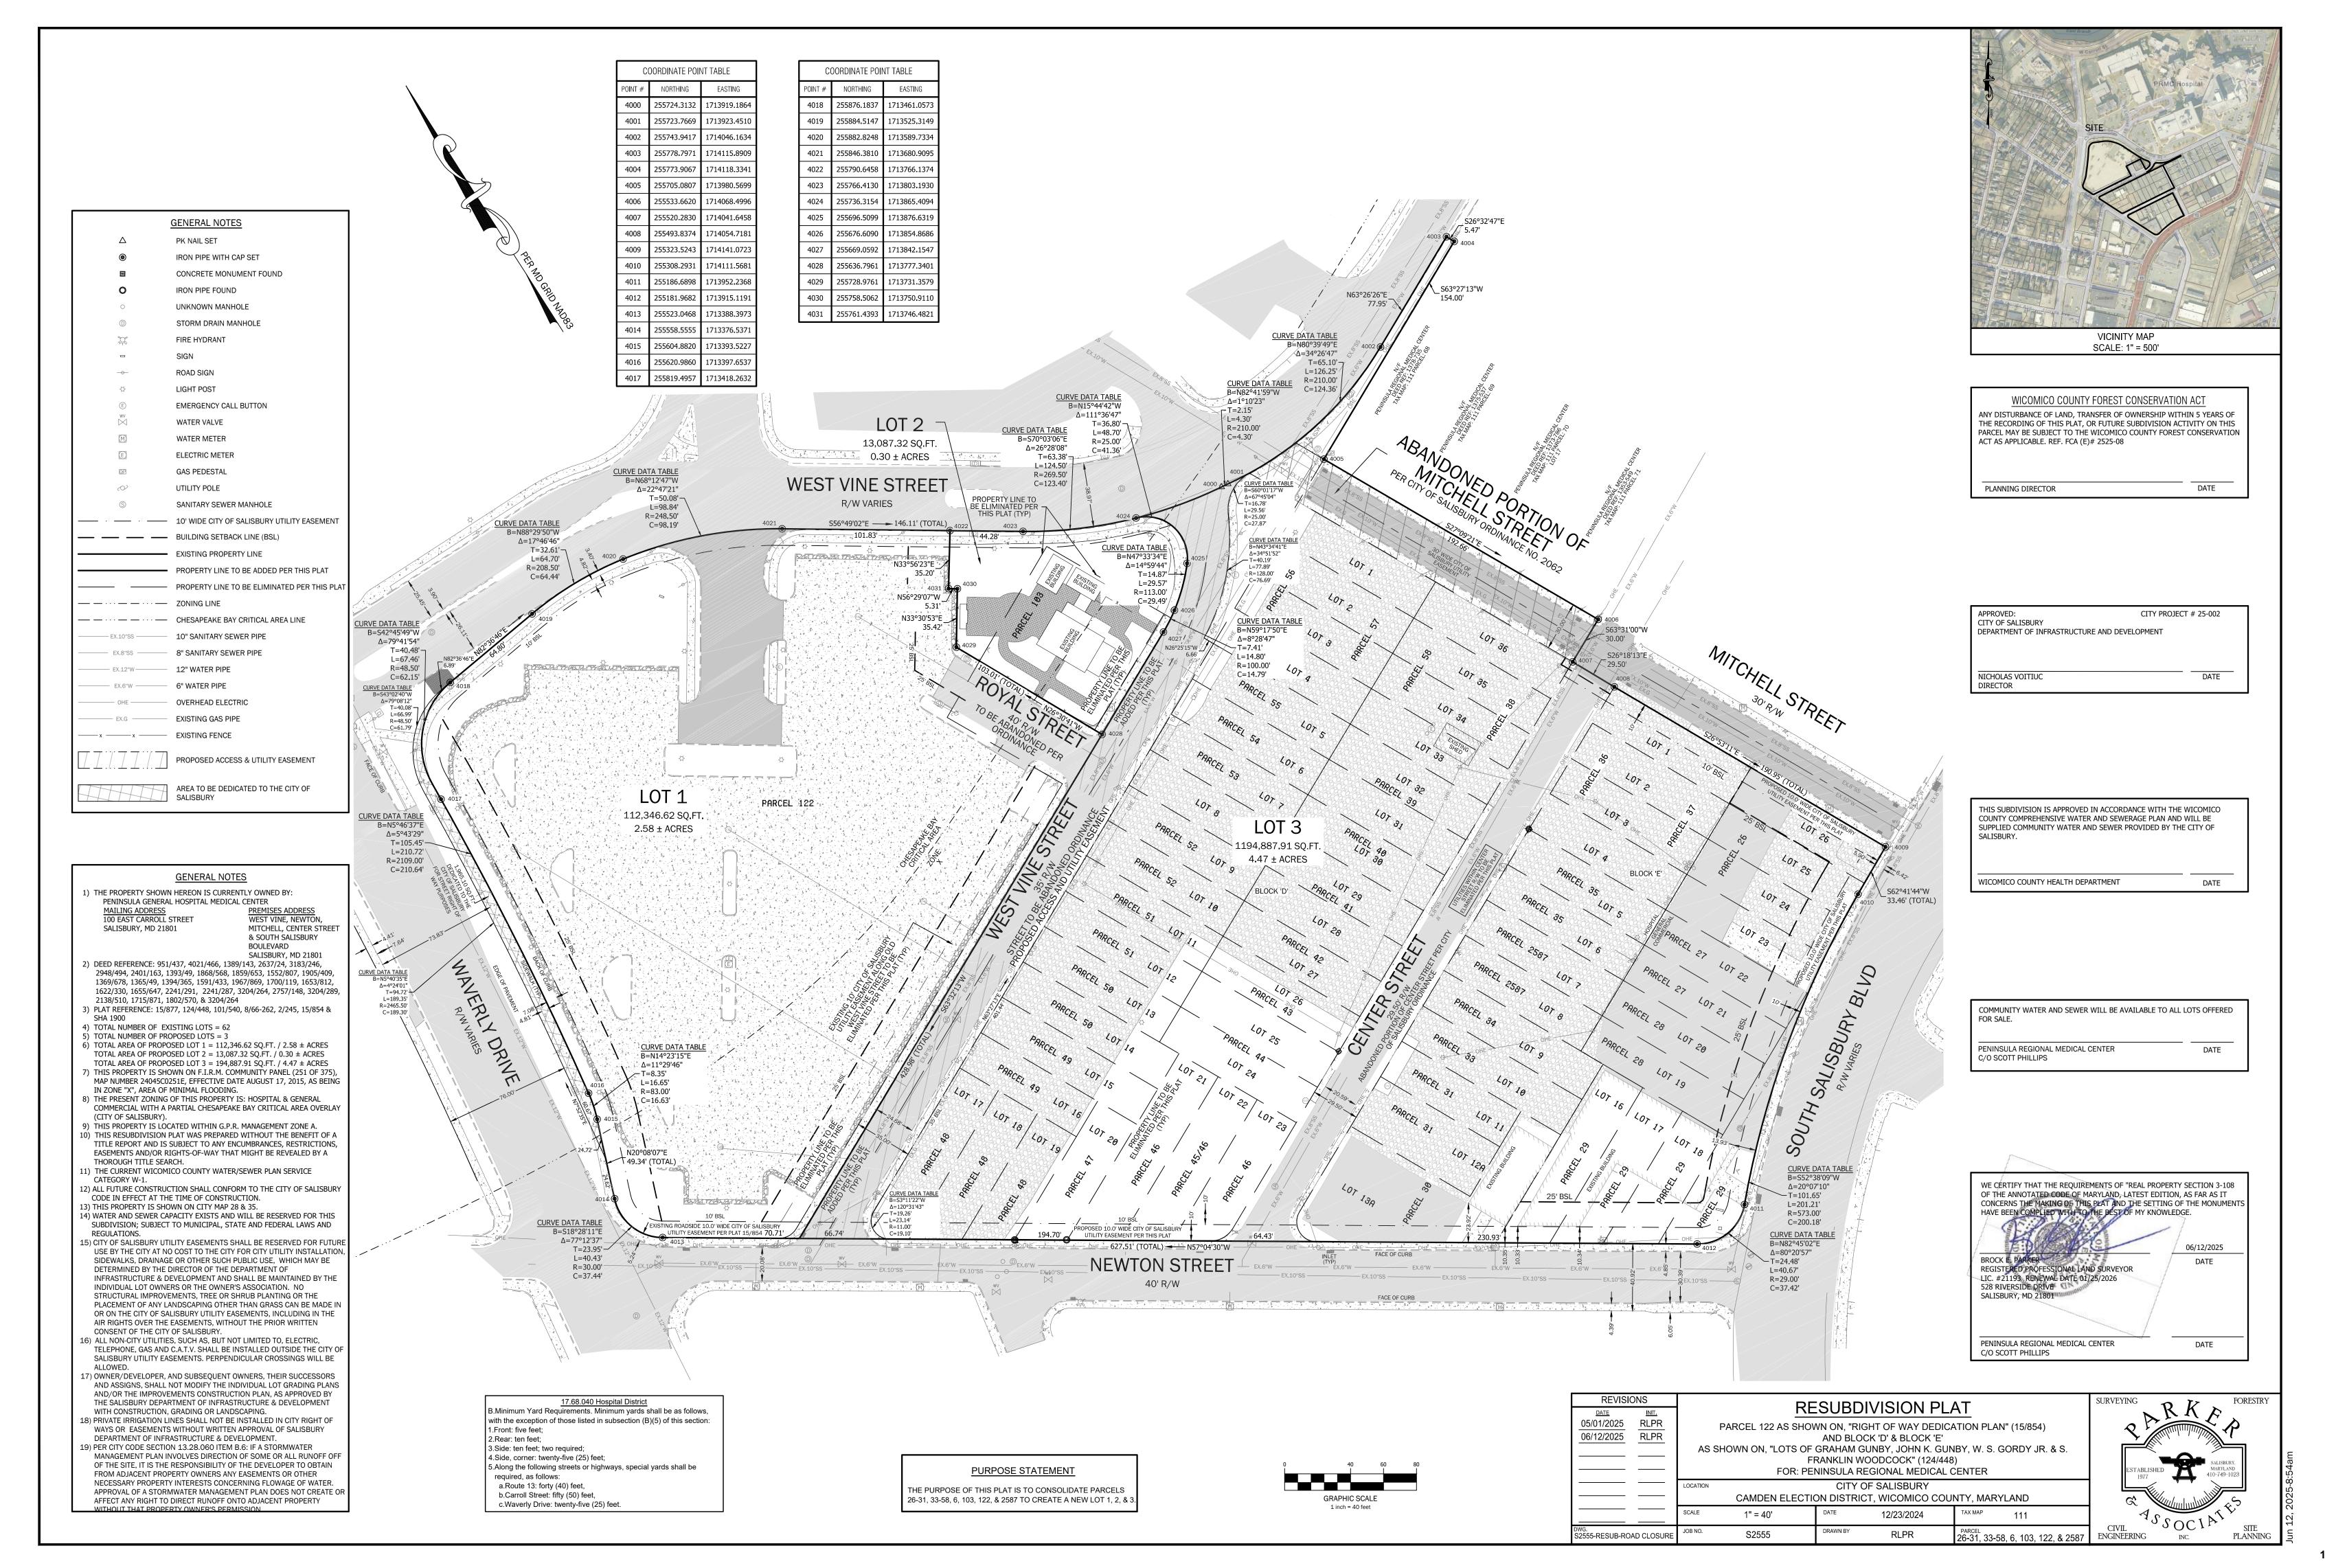

Sincrerely,

Brock E. Parker, PE, RLS, QP
