

Public Safety Committee Agenda

Friday, March 21, 2025

1 p.m.

Welcome to SANDAG. The Public Safety Committee meeting scheduled for Friday, March 21, 2025, will be held in person in the SANDAG Board Room. While Public Safety Committee members will attend in person, members of the public will have the option of participating either in person or virtually.

For public participation via Zoom webinar, click the link to join the meeting: <https://us02web.zoom.us/j/89331715468>

Webinar ID: 893 3171 5468

To participate via phone, dial a number based on your current location in the US:

+1 (669) 900-6833 +1 (929) 205-6099 International numbers available: <https://us02web.zoom.us/j/89331715468>

All in-person attendees at SANDAG public meetings other than Board of Directors, Policy Advisory Committee members, and SANDAG staff wearing proper identification are subject to screening by walk-through and handheld metal detectors to identify potential hazards and prevent restricted weapons or prohibited contraband from being brought into the meeting area consistent with section 171(b) of the California Penal Code. The SANDAG [Public Meeting Screening Policy](#) is posted on the [Meetings & Events](#) page of the SANDAG website.

Public Comments: Members of the public may speak to the Public Safety Committee on any item at the time the Public Safety Committee is considering the item. Public speakers are generally limited to three minutes or less per person.

Persons who wish to address the members on an item to be considered at this meeting, or on non-agendized issues, may email comments to the Clerk at clerkoftheboard@sandag.org (please reference Public Safety Committee meeting in your subject line and identify the item number(s) to which your comments pertain). Comments received by 4 p.m. the business day before the meeting will be provided to members prior to the meeting. All comments received prior to the close of the meeting will be made part of the meeting record.

If you desire to provide in-person verbal comment during the meeting, please fill out a speaker slip, which can be found in the lobby. If you have joined the Zoom meeting by computer or phone, please use the "Raise Hand" function to request to provide public comment. On a computer, the "Raise Hand" feature is on the Zoom toolbar. By phone, enter *9 to "Raise Hand" and *6 to unmute. Requests to provide live public comment must be made at the beginning of the relevant item, and no later than the end of any staff presentation on the item. The Clerk will call on members of the public who have timely requested to provide comment by name for those in person and joining via a computer, and by the last three digits of the phone number of those joining via telephone. Should you wish to display media in conjunction with your comments, please inform the Clerk when called upon. The Clerk will be prepared to have you promoted to a position where you will be able to share your media yourself during your allotted comment time. In-person media sharing must be conducted by joining the Zoom meeting on the personal device where the content resides. Please note that any available chat feature on the Zoom meeting platform should be used by panelists and attendees solely for procedural or other "housekeeping" matters as comments provided via the chat feature will not be retained as part of the meeting record. All comments to be provided for the record must be made in writing via email or speaker slip, or verbally per the instructions above.

In order to keep the public informed in an efficient manner and facilitate public participation, SANDAG provides access to all agenda and meeting materials online at sandag.org/meetings. Additionally, interested persons can sign up for email notifications at sandag.org/subscribe. A physical copy of this agenda may be viewed at the SANDAG Toll Operations Office, 1129 La Media Road, San Diego, CA 92154, at any time prior to the meeting.

To hear the verbatim discussion on any agenda item following the meeting, the [audio/video](#) recording of the meeting is accessible on the SANDAG website.

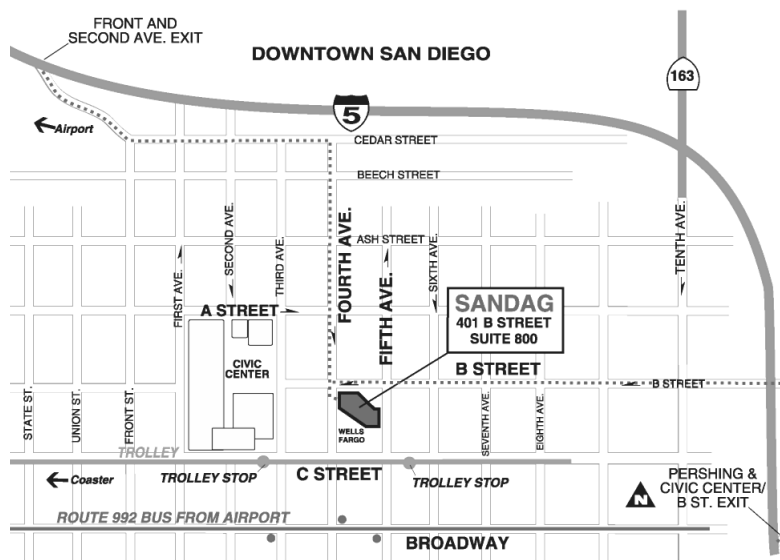

SANDAG agenda materials can be made available in alternative languages. To make a request, call (619) 699-1900 at least 72 hours in advance of the meeting.

Vision Statement: *Pursuing a brighter future for all*

Mission Statement: *We are the regional agency that connects people, places, and innovative ideas by implementing solutions with our unique and diverse communities.*

Our Commitment to Equity: *We hold ourselves accountable to the communities we serve. We acknowledge we have much to learn and much to change; and we firmly uphold equity and inclusion for every person in the San Diego region. This includes historically underserved, systemically marginalized groups impacted by actions and inactions at all levels of our government and society.*

We have an obligation to eliminate disparities and ensure that safe, healthy, accessible, and inclusive opportunities are available to everyone. The SANDAG equity action plan will inform how we plan, prioritize, fund, and build projects and programs; frame how we work with our communities; define how we recruit and develop our employees; guide our efforts to conduct unbiased research and interpret data; and set expectations for companies and stakeholders that work with us.

We are committed to creating a San Diego region where every person who visits, works, and lives can thrive.

DRAFT

March 21, 2025

Regional Safety Planning Updates

Overview

On June 22, 2022, the Board of Directors adopted Resolution 2023-02 directing staff to seek funding and develop a Regional Vision Zero Action Plan (VZAP) to advance traffic safety goals for the San Diego region. This planning effort is included in the 2021 Regional Plan as a near-term implementation action and safety is a goal area for the 2025 Regional Plan.

Key Considerations

Developed in collaboration with local agency staff, the VZAP Technical Advisory Group¹, community-based organizations and the public, the VZAP identifies local traffic safety challenges and solutions that help the region achieve the goal of zero fatal and serious injuries by 2050. The plan identifies where the most fatal and serious injury crashes occur and provides resources to improve safety in those areas. The plan also details SANDAG's role in implementing safety solutions and how progress toward Vision Zero will be evaluated. With the completion of the VZAP, local agencies are eligible for Safe Streets and Roads for All implementation grants. The [final VZAP](#) and its [technical appendices](#) are available on SANDAG's [Vision Zero webpage](#).

The Regional VZAP includes implementation steps that are organized under seven focus areas: Coordinate, Advocate, Plan, Fund, Educate, Evaluate, and Implement. Multiple implementation efforts are currently in progress and SANDAG has recently launched three: including California Assembly Bill 43 (Friedman, 2021) technical support, local agency countermeasure tool development, and grant criteria updates².

- California Assembly Bill 43 (AB 43) establishes more flexible speed limit setting for municipalities. SANDAG is developing a Safety Corridor Network for each jurisdiction to identify portions of their roadway network that can be eligible for a 5-mph speed limit reduction.
- An online platform for local agencies is being developed to share safety data, resources, support safety project development, and countermeasure selection.
- Regional Active Transportation Program and Smart Growth Incentive Program evaluation criteria are being updated to further safety goals and leverage the Regional VZAP analyses.

The Regional VZAP also included the development of a [Traffic Safety Dashboard](#) for ongoing monitoring. On an annual basis SANDAG will obtain, clean, and review regional safety data. These will be evaluated for changes in performance. A parallel process will evaluate progress on implementation steps included in the Regional VZAP. Beginning in 2025 staff will develop a report summarizing the results from this process.

Action: Information

Staff will present the final Regional Vision Zero Action Plan, supporting safety tools, and regional safety statistics.

Fiscal Impact:

Completion of the Regional Vision Zero Action Plan (VZAP) establishes local agency eligibility for federal Safe Streets and Roads for All implementation grants. The Regional Safety Program is funded under Overall Work Program Project No. 3102700.

Schedule/Scope Impact:

The Regional VZAP was completed on November 15, 2024.

¹ The Technical Advisory Group (TAG) consists of multidisciplinary community members with diverse perspectives including local jurisdictions, transit agencies, tribal nations, community-based organizations, Vision Zero advocacy groups, first responders, health professionals, education professionals, and law enforcement.

² Regional Active Transportation Program and Smart Growth Incentive Program evaluation criteria are being updated to further safety goals and leverage the regional VZAP analyses.

Next Steps

Annual updates on the plan's progress will be provided to SANDAG working groups and policy advisory committees. Completion of the VZAP makes SANDAG and local agencies eligible for federal safety grant funds. Additionally, the development of this plan will inform future planning efforts.

Draft FY 2026 ARJIS Budget Review

Overview

As part of the draft FY 2026 Program Budget, staff has proposed the Automated Regional Justice Information System (ARJIS) Budget that encompasses the priorities and expenses for the Automated Regional Justice Information System. The Chief's/Sheriff's Management Committee reviewed this draft at its March 5, 2025, meeting and upon their recommendation, the Public Safety Committee is asked to recommend that the Board of Directors accept the ARJIS Budget as part of the final FY 2026 Program Budget as proposed by staff.

Key Considerations

The ARJIS program has a combined budget of approximately \$8.6 million, that is an operating budget of approximately \$7.3 million and a grant budget of \$1.3 million. Funding is provided by a combination of federal, state, and local funds as well as membership contributions that are adjusted for inflation each year using the Consumer Price Index. Estimated FY 2026 expenditures and revenues for the specific work elements proposed in the ARJIS programs are shown in attachments 1 and 2.

ARJIS is nationally recognized for its collaboration, information sharing, and developing and implementing emerging technologies, resulting in enhanced public safety in the San Diego region. In FY 2026, the proposed ARJIS budget is approximately \$8.6 million. This funding comes from ARJIS member assessments, which include user and connectivity fees. ARJIS will also be receiving almost \$1.3 million in federal grants. These grants serve to enhance information sharing, expand crime reporting capabilities for member agencies, further the research and development of new technologies, and bolster cyber security measures to safeguard ARJIS data.

ARJIS develops and maintains a complex, multi-agency information network that allows real-time law enforcement data to be shared among 60+ local, state, and federal criminal justice agencies. The information, which is accessible from desktop PC's, mobile computers, and hand-held devices, is used for operations, investigations, regional reporting, and crime analysis. As the region's public safety information technology provider, ARJIS provides member agencies with secure, reliable technologies including tactical and investigative systems, a secure mobile program, and crime mapping. Providing real-time shared access to information increases collaboration among law enforcement jurisdictions, improves the regional criminal justice system's overall effectiveness, and helps address and anticipate public safety issues to improve the quality of life for residents of the San Diego region.

Next Steps

Upon recommendation by the Public Safety Committee, the FY 2026 ARJIS Budget will be included in the final FY 2026 Program Budget to be scheduled for action by the Board in May.

Action: **Recommend**

The Public Safety Committee is asked to recommend that the Board of Directors accept the ARJIS Budget as part of the FY 2026 Program Budget.

Fiscal Impact:

Include the approved ARJIS Budget of \$8.6 million to the FY 2026 Program Budget.

Schedule/Scope Impact:

SANDAG Bylaws require the Board of Directors to approve the final Program Budget by June 30.

Draft FY 2026 Criminal Justice Work Program and Budget

Overview

As part of the draft FY 2026 Program Budget, staff has proposed the Criminal Justice Research Division (CJRD) Work Program. The Public Safety Committee is asked to recommend that the Board of Directors accept the CJRD Work Program and Budget as part of the final FY 2026 Program Budget as proposed by staff.

Action: **Recommend**

The Public Safety Committee is asked to recommend that the Board of Directors accept the Criminal Justice Program and Budget as part of the FY 2026 Program Budget.

Key Considerations

The CJRD has a FY 2026 draft budget of approximately \$2.1 million, that includes federal, state, and local funds as well as membership contributions that are adjusted for inflation each year using the Consumer Price Index.

Attachment 1 contains the proposed objectives to be accomplished by CJRD for the next fiscal year. These objectives were determined by the goals and mission of SANDAG as a whole, the CJRD as well as the priorities and mandates established by each project, balanced against available funding. Estimated FY 2026 expenditures and revenues for the specific work elements proposed are shown in Attachments 2 and 3.

Fiscal Impact:

Include the approved Criminal Justice Budget of \$2.1 million to the FY 2026 Program Budget.

Schedule/Scope Impact:

SANDAG Bylaws require the Board of Directors to approve the final Program Budget by June 30.

Criminal Justice Research Division

CJRD is nationally recognized for its evaluation research program, and with its clearinghouse function, it has an underlying goal of determining root causes of criminal activity so problem-solving techniques can be implemented to mitigate and prevent crime before it starts. In FY 2026, the proposed CJRD budget will be approximately \$2.1 million. Over a third of this budget (36%) consists of pass-through funds that SANDAG will disburse to other agencies and community-based organizations throughout the fiscal year. Most of the funding for the CJRD (81%) is self-generated from actively seeking federal, state, and local grants.

CJRD activities play a pivotal role in bolstering local criminal justice planning and policy formulation. We act as a central hub for regional public safety and criminal justice information through data gathering, analysis, and reporting. Moreover, by serving on relevant groups and commissions like the Juvenile Justice Commission, the Community Corrections Partnership, and the Substance Use and Overdose Prevention Task Force, we are able to take part in shaping impactful strategies to improve the criminal justice system and its processes.

Over the past year, Clearinghouse products and insights have been essential for public safety stakeholders. Our data-driven approach has helped quantify trends in criminal justice and public safety, which stakeholders have used in reports, meetings, forums, and planning sessions. This information supports decision-making, helps evaluate regional initiatives in drug and crime prevention, and guides future project priorities.

Key CJRD projects proposed for FY 2026 include:

- Continue to serve as a central hub for public safety and criminal justice information
- Focus on making data open and available
- Support the long-term sustainability of our division and specific projects
- Increase partnerships and look for more collaborative initiatives

Next Steps

Upon recommendation by the Public Safety Committee, the FY 2026 CJRD Work Program and Budget will be included in the final FY 2026 Program Budget scheduled for action by the Board

Draft FY 2026 Criminal Justice Objectives

Criminal Justice Research Division

- **2340000 Criminal Justice Clearinghouse**

Area of Emphasis: Use data and analytics to support innovation and inform decision-making

The objectives of this work element are to support local criminal justice (CJ) planning and policymaking by providing analysis of crime and other public safety data; maintaining current and historical information about crime and public safety strategies; developing research designs to evaluate the effectiveness of crime prevention and reduction strategies; and supporting the Public Safety Committee (PSC). Focus in FY26 will be to continue adapting processes and methodologies to the new NIBRS/CIBRS data and increase the criminal justice data availability in the Open Data Portal.

- **2340100 Substance Abuse Monitoring**

Area of Emphasis: Use data and analytics to support innovation and inform decision-making

The objective of this work element is to support practitioners and policymakers in tracking changes in drug trends over time to inform prevention, treatment, and other activities. Emphasis in FY26 will be on continuing to measure drug use and other behavior trends among arrested adults and juveniles and conducting interviews with adults booked into San Diego County detention facilities and juveniles booked into San Diego County Juvenile Hall and Achievement Centers on a semi-annual basis about their substance use history and other relevant issues.

- **2345000+ Adult Criminal Justice Projects**

Area of Emphasis: Use data and analytics to support innovation and inform decision-making

The objective of this work element is to provide quality research and evaluation in support of local law enforcement and public safety agencies. Emphasis in FY 2026 will be on compiling valid and reliable information from historical and original data sources to provide timely information to improve program delivery and objectively measure if program goals were achieved.

This overall work program (OWP) includes:

1. OWP Project No. 2347200, San Diego County Proposition 47 Evaluation Cohorts 3 and 4 (providing evaluation to County programs aimed to improve outcomes and reduce recidivism for persons exiting custody with behavioral health and housing stability issues);
2. OWP Project No. 2347300, Project Safe Neighborhoods 22 Southern District of California (fiscal agent and regional administration duties to ensure that this project is implemented correctly);
3. OWP Project No. 2347400, Project Safe Neighborhoods 22 Central District of California (fiscal agent and regional administration duties to ensure that this project is implemented correctly);
4. OWP Project No. 2347500, Project Safe Neighborhoods 22 Northern District of California (fiscal agent and regional administration duties to ensure that this project is implemented correctly);
5. OWP Project No. 2347600, REACH Coalition Evaluation FY24 (providing evaluation to REACH Coalition programs aimed to provide services to victims of human trafficking);
6. OWP Project No. 2347700, Project Safe Neighborhoods 23 Southern District of California (fiscal agent and regional administration duties to ensure that this project is implemented correctly);
7. OWP Project No. 2347800, Project Safe Neighborhoods 23 Central District of California (fiscal agent and regional administration duties to ensure that this project is implemented correctly);
8. OWP Project No. 2347900, Project Safe Neighborhoods 23 Northern District of California (fiscal agent and regional administration duties to ensure that this project is implemented correctly);
9. OWP Project No. 2348000, Organized Retail Theft Evaluation (assessing Chula Vista Police

Department programs aimed to reduce auto theft by identifying organized retail theft and educating the community on vehicle theft prevention);

10. OWP Project No. 2353600 the Project Safe Neighborhoods Research Partner for the Southern District of California (regional research on gun and firearm usage to assist with regional violent crime reduction strategies);
11. OWP Project No. 2353800 Project Safe Neighborhoods Central District of California (fiscal agent and regional administration duties to ensure that this project is implemented correctly);
12. OWP Project No. 2354100, Bureau of Justice Assistance FY 21 Smart Policing Initiative (analysis of Chula Vista Police Department's mandatory state reporting to the Racial and Identity Profiling Act data program).

- **2350000+ Youth Evaluation Projects**

Area of Emphasis: Use data and analytics to support innovation and inform decision-making

The objective of this work element is to continue to partner with local jurisdictions to evaluate grant-funded programs, ranging from prevention to graduated sanctions for youth. SANDAG also has developed partnerships with other youth serving entities in the region to provide quality evaluations that support its funding and mission to provide innovative juvenile justice prevention and intervention services. Of particular note are evaluations that support the transformation of the local Juvenile Justice System. Focus in FY26 will be on compiling valid and reliable information from historical and original data sources to provide timely information to improve program delivery and objectively measure if program goals were achieved.

This overall work program (OWP) includes:

1. OWP Project No. 2350100, Juvenile Justice Crime Prevention Act Evaluation (evaluation of different programs from prevention to intervention services to reduce juvenile involvement in the justice system);
2. OWP Project No. 2354300, Chula Vista Violence Reduction Project (evaluation of implementation and effect of a CVPD and SBCS program).
3. OWP Project No. 2354400 FY23 Proposition 64 San Diego Evaluation (evaluating marijuana prevention and education programs in San Diego); and
4. OWP Project No. 2354500 FY23 Proposition 64 Chula Vista Evaluation (evaluating marijuana prevention and education programs in Chula Vista);

WHO ARE WE?

Advocating For ALL Communities

At AB Livewell, we are dedicated to promoting non-violence within communities. Our advocates work to empower communities to rise above difficult circumstances, assess community needs and provide suggestions for improvement. We focus on empowering individuals in communities most affected by violence, poverty, and other detrimental life circumstances to make positive changes in their lives. Together, we can create safer, healthier, and just communities for all

Our Mission & Vision

AB Livewell enhances and advocates for restorative practices, to ultimately shift mindsets, through credible messengers, government relationships, community relations and coalition building.

AB Livewell's goal is for society to realize that individuals with a criminal history, background or organized crime affiliations can transform their lives and be a contribution to society.

Solving Problems

Violence and trauma exposure among youth within high crime, low-income communities is a public health issue and some violence prevention models utilize punitive, police-based practices like allocating funding to incarceration or external community resources, which excludes those who are actually impacted by the violence.

Credible Messenger Program & Advocacy

Works with local leaders, organizations and credible messengers to develop or enhance programs through strategic planning, program management, contract development and being a liaison to all parties. Once contracts are secured, ABL will provide management for all aspects of the program including internal and external training on advocacy and empowerment.

Advocacy Curriculum

Works with local leaders, organizations, credible messengers and other populations in the community to develop advocacy sessions on a community-wide level. These sessions are designed to create suggestions for cities and community members on how to continuously mitigate violence.

Speaking Engagements

Removing Shame & Building Trust for the Criminally-Impacted: Violence in communities can be perpetuated by punitive measures, rather than restorative approaches. This talk emphasizes the importance of recognizing everyone's ability to contribute positively to society.

Bridging Grassroots & Systems Together: Sometimes there is a misconception that those in the field and those in systems are opposites. However, both are made up of human beings, and breaking down barriers and building trust is critical for effective programs and systems.
