#### **Vision Statement**

Pursuing a brighter future for all.

#### **Mission Statement**

We are the regional agency that connects people, places, and innovative ideas by implementing solutions with our unique and diverse communities.

#### **Our Commitment to Equity**

We hold ourselves accountable to the communities we serve. We acknowledge we have much to learn and much to change; and we firmly uphold equity and inclusion for every person in the San Diego region. This includes historically underserved, systemically marginalized groups impacted by actions and inactions at all levels of our government and society.

We have an obligation to eliminate disparities and ensure that safe, healthy, accessible, and inclusive opportunities are available to everyone. In 2021, SANDAG will develop an equity action plan that will inform how we plan, prioritize, fund, and build projects and programs; frame how we work with our communities; define how we recruit and develop our employees; guide our efforts to conduct unbiased research and interpret data; and set expectations for companies and stakeholders that work with us.

We are committed to creating a San Diego region where every person who visits, works, and lives can thrive.

# 2021 Regional Plan Social Equity Working Group

August 5, 2021 Action: Approve

# July 22, 2021, Meeting Minutes

Chair Vivian Moreno (SANDAG Board Alternate) called the meeting of the 2021 Regional Plan Social Equity Working Group to order at 10:07 a.m.

#### 1. Welcome and Introductions

Chair Moreno welcomed the Working Group members.

#### 2. Public Comments/Communications/Member Comments

None.

There were no public comments for this item.

#### 3. Approval of Meeting Minutes (Approve)

Action: Upon a motion by Craig Jones (Alliance for Regional Solutions) and a second by Monica Hernandez (Casa Familiar), the Working Group approved the minutes from its June 7, 2021, and June 16, 2021, meetings.

The motion passed.

Yes: Craig Jones, Rose Ceballos (Bayside Community Clinic), Lisa Cuestas (Casa Familiar), Randy Torres-Van Vleeck (City Heights CDC), Brendaly Rodriguez (Chula Vista Community Collaborative), Carol Lewis (El Cajon Collaborative), Konane Martinez (National Latino Research Center), Elizabeth Lou (Nile Sisters Development Initiative), Fe Seligman (Samahan Health Centers), Brian "Barry" Pollard (Urban Collaborative Project), and Erica Leary (Vista Community Clinic).

No: None.

Abstain: None.

Absent: Olivewood Gardens.

#### **Chair's Report**

#### 4. Chair's Report (Information)

Chair Moreno provided an update to the Social Equity Working Group members on key programs, projects, and agency initiatives.

Ricardo Flores, member of the public, spoke about equity beyond transportation and how to subdivide communities.

Action: Information.

#### **Reports**

#### 5. 10 Transit Lifelines (Discussion/Possible Action)

Keara Piña, Randy Torres-Van Vleck, and Carolina Martinez; San Diego Transportation Equity Working Group, provided a presentation on the 10 Transit Lifelines. Identified by frontline communities through a community-driven process, the ten priorities reflect a vision that will advance the best transit process, the ten priorities reflect a vision that will advance the best transit solutions for all San Diegans. The presentation provided an opportunity for the 2021 Regional Plan Social Equity Working Group to understand each priority.

Maria Cortez, member of the public, spoke in support of transit lifelines.

<u>Action</u>: Upon a motion by Lisa Cuestas and a second by Fe Seligman (Nile Sisters Development Initiative), the Working Group was asked to recommend that the Board of Directors consider inclusion of the 10 Transit Lifelines in the 2021 Regional Plan with equitable timelines for implementation, acknowledging that these Lifelines are not the exclusive transportation system improvements recommended for the North and East County areas.

<u>Action</u>: Upon a substitute motion by Brian "Barry" Pollard and a second by Konane Martinez, the Working Group discussion for this item was tabled for the meeting of August 5, 2021.

The substitute motion passed.

Yes: Craig Jones, Rose Ceballos, Lisa Cuestas, Randy Torres-Van Vleck, Brendaly Rodriguez, Carol Lewis, Konane Martinez, Elizabeth Lou, Claire Groebner (Olivewood Gardens), Fe Seligman, Brian "Barry" Pollard, and Erica Leary.

No: None.

Abstain: None.

Absent: None.

#### 6. Transit Equity Early Action Budget Amendment Update (Discussion)

Senior Regional Planner Brian Lane provided an update on SANDAG's commitment to promoting equity in its plans. Stakeholders advocating for equity have asked for immediate investment in public transit projects, policies, or programs that will benefit the most marginalized members of our region. An equity early action budget amendment will be going to the Transportation Committee and Board this fall. Members of the Social Equity Working Group were asked to discuss the potential pilot projects that will address equity concerns and serve as the foundation for future investments.

Brian "Barry" Pollard commented on transit pilot projects.

Craig Jones commented on this item and most vulnerable communities.

Bee Mittermiller, Transportation Working Committee Chair, spoke in support of the Transit Equity Early Action Plan, pilot projects, and shorten public transit commute time region wide.

Noah Harris, Climate Action Campaign, member of the public, spoke in support of the early action plan.

Mid-City, Ariana, member of the public, spoke in support of Appendix A and the Youth Opportunity Pass (YOP).

Maria Cortez, member of the public, spoke in support of the YOP region wide.

Shelah Oh, member of the public, spoke in support of pilot projects and equity budget amendment to fund YOP.

Cheyenne Martinez, member of the public, spoke in support to fund transit pilot programs, YOP free for students, and amend Appendix A of the Regional Plan.

Director of Regional Planning Coleen Clementson thanked Chair Moreno and members of the Working Group for their participation. Director Clementson commented on the importance of equity and inclusivity in the next steps and reprioritizing funding for immediate investment in public transit projects.

Action: Discussion

# 7. San Diego Forward: The 2021 Regional Plan: Transportation System Development with a Focus on Disadvantaged Communities (Discussion)

This item was postponed to a future meeting.

#### 8. Possible Topics for Next Meeting (Discussion/Possible Action)

Chair Moreno asked the Working Group to discuss possible topics for the next meeting.

Action: Discussion

#### 9. Upcoming Meetings (Information)

The next Working Group meeting is scheduled for Thursday, August 5, 2021, at 10 a.m.

#### 10. Adjournment

Chair Moreno adjourned the meeting at 12:08 p.m.

#### RE: San Diego's 10 Big Moves to Transportation Justice

Respected Chair Blakespear and Board Members,

The San Diego Transportation Equity Working Group (SDTEWG), a coalition of the undersigned community-based organizations and partners rooted in equity and environmental justices (EJ), ask that the 10 Big Moves to Transportation Justice be included in the 2021 Regional Transportation Plan (RTP). They represent the priorities that frontline communities have identified through a community-driven process and reflect a vision that will advance the best transit solutions for all San Diegans.

# The 10 Big Moves to Transportation Justice & Status Update Based on the 5/28/21 Draft RTP

1. An Environmental Justice Centered RTP: Ensure the projects included in the 2021 RTP prioritize environmental justice (EJ) communities as identified by CalEnviroScreen (CES) by listing the projects that will directly benefit EJ communities, outlining immediate benefits via projects that will be implemented by 2025 in EJ communities, and making all public communication easy to understand by the public in order to promote meaningful engagement.

**Status:** We ask that an equity specific project list be included in *Appendix A: Transportation Projects, Programs, and Phasing* document.

2. Improve the Bus System Now: Develop a bus system that is fast, frequent, reliable, and accessible by increasing frequency on popular lines, especially overcrowded ones. This should be done immediately as a way to introduce the public to a new transit era with short-term and long-term solutions. It should be done by providing MTS with the necessary financial support for implementation. EJ communities cannot afford to wait 10-20 years for solutions. We need immediate improvements while the big infrastructure projects are being planned.

**Status:** We request more clarity in *Appendix A: Transportation Projects, Programs, and Phasing* that provides a list of specific improvements to the bus system. Currently, the document only describes changes to bus frequency in planned key corridors. Bus improvements are one of the most affordable ways to immediately increase connectivity, reduce toxic air pollution and greenhouse gas (GHGs) emissions in the region.

**3. Blue Line Express:** Fund the planning, environmental, engineering, and capital for the additional Blue Line track that allows express, 24-hour service, and additional frequency enhancements. Rail-grade separations should only move forward with the addition of a third track that eliminates conflict between the Blue Line and freight. The Blue Line is the

backbone of our transit system. It has the highest ridership and is one of the best-performing transit lines in the San Diego region. However, it is overcrowded, has limited frequency, delayed connectivity, and no 24-hour service.

**Status:** The information listed needs to be clarified. It is unclear if the double/third tracking included in *Appendix A* refers to an additional track that will provide express connectivity from the border to downtown San Diego.

**4. 24-Hour Service by 2025:** Provide 24-hour service on popular transit routes to connect late night and early morning workers to their jobs by 2025. Participants of the Elevate SD 2020 community engagement efforts ranked this as their highest priority.

**Status:** The information listed needs to be clarified. *Appendix A* includes local bus route enhanced frequencies to ten minutes in key corridors but does not state if that would result in 24-hour service. Simultaneously, Chapter 2 includes all-day services from 20-22 hours per day for rail and rapids, but it excludes local bus routes and a clear implementation schedule.

**5. Purple Line Serves Central City Heights:** Fund the planning, environmental, engineering, and capital for the Purple Line as a rail line that connects EJ communities in central City Heights and South Bay to Sorrento Valley.

**Status:** According to the SANDAG staff, the alignment includes central City Heights in the 2050 RTP with a 2035 implementation. However, it should be listed in the document, demonstrate that the project phasing prioritizes central City Heights and the South Bay region, and a 2035 project completion.

**6. Youth Opportunity Passes (YOP):** Provide no-cost transit passes for all youth 24 years old and under in order to ensure generations of lifelong transit riders and encourage significant mode shift. Connect youth to school, work, internships, and other early-career opportunities.

**Status:** We ask that it be accelerated for a 2023 implementation rather than the current delayed plan to implement in 2027.

**7. Electrify Bus Fleet by 2030:** Fund the implementation of California's Innovative Clean Transit rule to accelerate the electrification of the bus fleet ten years before mandated by the California Air Resources Board. We cannot afford to wait 20 years to reduce GHGs.

**Status:** We ask that the transition to zero-emission buses be accelerated for a 2030 completion with the support of recently approved state and federal funding sources. In addition, all the rapid bus route expansions listed should be implemented with ZEBs. According to Appendix A, the plan includes \$75 million for zero-emission buses and infrastructure by 2025 and \$250 million by 2035.

**8. Identify Anti-Displacement strategies:** Fund anti-displacement efforts to protect vulnerable communities living near transit corridors by developing an anti-displacement strategy that

includes affordable/low-income housing and preservation of naturally occurring existing affordable housing, community ownership, and tenant protections.

**Status:** SANDAG staff has expressed interest in an anti-displacement study. We request an update on the status of the anti-displacement study.

9. **Bathroom network:** Develop a bathroom access plan and provide MTS with funding for a clean and accessible bathroom network open at all major transit stations.

**Status:** It is unclear if a bathroom network is included in the capital operations budgets. The 2021 Regional Plan states that "mobility needs to be widely accessible, affordable, easy to use, and tailored to a person's individual needs. In short, *mobility* must be viewed as a basic human right". State-of-the-art bathrooms are *mobility* and key to a successful transit system.

**10. Emergency Ready Transit System:** Fund the planning and implementation of a transit emergency response strategy to provide safety particularly to EJ communities during community-wide emergencies. EJ residents are more likely to live in proximity to hazardous land uses that frequently result in fires and neighborhood emergencies. Simultaneously, frontline communities are also most vulnerable in the face of climate disasters.

Status: Not included in the RTP.

EJ communities are at the frontlines of toxic air pollution and the nearing climate disaster. The RTP is the region's biggest opportunity to dramatically address the course of climate change in the region. According to SANDAG, transportation represents 41% of the region's GHG emissions and only 7% of low-income residents have access to fast and frequent transit. Simultaneously, San Diego has the seventh-worst ozone pollution in the U.S, and EJ communities are disproportionately impacted. Inadequate investment in the mass transit system harms our most vulnerable communities' health and quality of life.

The RTP should include assertive and prompt policy solutions by 2025 because the climate emergency is here. The RTP is a visionary document by nature, however, it must outline immediate benefits to improve the region's economy, quality of life and sharply reduce air pollution and GHGs in EJ communities. Communities that suffer the brunt of environmental harm cannot wait any longer for prompt relief.

# San Diego Forward: The 2021 Regional Plan: Transportation System Development with a Focus on Disadvantaged Communities

#### Introduction

San Diego Forward: The Draft 2021 Regional Plan (Draft 2021 Regional Plan) reimagines a more resilient San Diego region with a faster, fairer, and cleaner transportation system that addresses congestion and safety on our roadways, meets state and federal mandates for air quality and greenhouse gas emission reductions, and, more importantly, improves social equity. Through a data-driven and informed process, SANDAG designed a system that offers a variety of transportation options people can choose from to get where they want to go and to meet the transportation needs of disadvantaged communities. On May 28, 2021, SANDAG released the Draft 2021 Regional Plan for public review and comment.

#### Discussion

For the last two years, the team has used cutting-edge data analytics, engaged community members from across the region and incorporated the latest transportation technologies to develop the Draft 2021 Regional Plan with a focus on social equity.

In order to plan a transportation system that serves the needs of the region's social equity focused populations<sup>1</sup>, SANDAG identified the location of disadvantaged communities using the California Communities Environmental Health Screening Tool (CalEnviroScreen 3.0) and transportation strategies to reduce pollution exposure for the region's disadvantaged communities, in accordance with California Assembly Bill 805 (Gonzalez, 2017). The analysis of projects, programs, and policies in the Draft 2021 Regional Plan that would reduce pollution emissions and exposure for disadvantaged communities is included as Attachment 1.

The Draft 2021 Regional Plan includes a phased transportation system through 2050. The phasing of the projects, programs, and policies is supported by the revenues anticipated to be available also through 2050. Staff considered various factors and inputs in both the development and phasing of the projects and programs included in the Plan which is further described in Attachment 2 (Appendix T of the Draft 2021 Regional Plan).

- **Project Readiness**: A review and understanding of project readiness helps to ensure that projects are ready for development and implementation as planned. This includes the evaluation of project construction duration by project type, which often varies by mode type. Timeframe observed on current or previous projects of similar type help to inform this component.
- **Project Connectivity**: Project connectivity is considered largely to ensure that projects are not phased in non-consecutive segments. Timelines of adjacent supporting projects are also relevant from a project connectivity standpoint, as is land use change.
- **Evaluation Criteria**: Evaluation criteria is a helpful tool to showcase the merits of projects or of groups of projects. For the 2021 Regional Plan, SANDAG applied a project "bundle" evaluation criteria approach to rank those corridors according to anticipated benefit. The criteria included prioritizing access to transit for the region's social equity focus populations.

<sup>1</sup> The three social equity focused populations include: (1) all minorities; (2) low-income populations; and (3) seniors.

• **Phased Revenues**: Anticipated revenues are essential in the determination both of what projects are included in the financially constrained plan and when those projects can be anticipated for both construction and, ultimately, operations. The type of funding available also is critical since, for example, some funding sources only can be used for capital or construction projects and other sources for transit operations or road maintenance.

The evaluation criteria scores were utilized to help phase the individual projects in the transportation system according to project type, which was particularly useful to help determine which commuter rail project could be advanced to earlier phases of the Plan. However, the project bundle evaluation information was not the only data considered. Also, early travel modeling results were utilized to consider ridership of individual routes to further clarify project phasing. This was helpful to understand which additional transit projects could be advanced based on the availability of revenues in earlier phases (particularly by 2035). An emphasis was placed on aligning flexible funding with transit projects and operational improvements given the need to meet federal and state mandates for air quality, greenhouse gas reductions, and social equity. The increased transit frequencies and hours of service being considered in the Regional Plan are included as Attachment 3.

#### **Next Steps**

The Draft 2021 Regional Plan is available for review and public comment through August 6, 2021. Comments are accepted through an online form, email, voicemail, fax, and written comments mailed to the SANDAG offices.

This summer, the draft Environmental Impact Report (EIR) is anticipated to be released for public review. In late 2021, the Board of Directors will be asked to consider adoption of the 2021 Regional Plan and certification of the final EIR.
