Approval of Minutes

- May 23, 2024 Minutes

5-23-24 Committee of the Whole.pdf

Motion made by Matt Riehl seconded by Jeremy McIntire to approve May 23, 2024 Minutes. Vote – Yeas: Matt Riehl, Mario Fiocca, Cyle Feldman, Kyle Herman, Kelly Coffey, John Baranek, Jeremy McIntire. Nays: None. Motion carried unanimously.

Law Director's Report

Mr. Reilly stated that he would have one item for Executive session. Mr. Feldman asked if Mike Jones, appointed City Engineer attend the Board of Control meetings. Mr. Wren stated that Mr. Jones' new position was effective July 1st.

Consideration of Business Items

- Discussion: Ord. 24-115 Amending Chapter 505 C.O.S.

Mr. McIntire provided a brief summary of the background for this legislation. He specifically received a complaint of the noise from roosters. Prior to the meeting, Mrs. Coffey sent an email (attached) to City Council from Lindsey Tournoux, Summit County Farm Bureau. She reported the information from Summit County Farm Bureau. Roosters are prohibited unless 2-5 acres. She supported legislation but would like a compromise for residents in her ward who have roosters. The compromise would state the number of acres permitted. Mr. Feldman was informed of free roaming roosters. Mr. McIntire noted that this issue has come up several

times. Mr. Fiocca asked Mr. Cowan for a recap regarding enforcement. Mr. Cowan stated that this would be a noise complaint which would be a general offence enforced by the Police Department. Mr. Film confirmed that it was complaint driven enforcement. Mr. McIntire stated that there are multiple communities that prohibit roosters. Mrs. Coffey understood but suggested if the roosters were kept in coop away from a dwelling. Mr. Reilly shared that Law Department had successfully prosecuted a rooster noise. Mrs. Coffey requested that the noise enforcement aligned with acreage which should be away from other residential neighbors. Mr. Herman agreed with Mrs. Coffey. He continued that there were not many farms in the City of Stow but supported allowing roosters with provisions. Mr. Riehl referred to Law Director regarding the prosecution for unlawful noise regarding roosters. Mr. Feldman commented that he supported the legislation and looked forward to a compromise. This Ordinance would be a 2nd reading on the Council agenda. Mr. Reilly cited the code, 55.098, that was used to prosecute a noise complaint which was in violation of the restricted hours. Mr. McIntire stated that there is currently a restriction for the noise complaint during restrictive hours. Mr. Reilly stated that "disturbing of the peace of the neighborhood" could be violated at any hours of the day and still be prosecuted. Mr. McIntire stated that Ordinance was complaint driven only.

Council Members,

In 2018, The City of Stow Police and Fire Departments united to form the First Responders Memorial Foundation to create a lasting monument that would honor first responders who have served the public and those who have bravely given their lives performing the duties of their profession. The proposed memorial would be located in front of the Stow Safety Center. In our pursuit of a meaningful memorial, the foundation consulted OHM Advisers, an architectural firm specializing in landscape design and the construction of such projects. The memorial that they designed and proposed is a beautiful and lasting tribute to those retired Police Officers, Firemen, and Dispatchers who have served a career faithfully performing their duties. Special honors will be given to those who have lost their lives as a result of line-of-duty deaths.

The new First Responder Memorial will be a beautiful memorial that will complement our Safety Center in a parklike atmosphere amongst a backdrop of towering Oak Trees. The memorial will be a circular shaped space, bordered by a curved brick sitting wall, topped with a limestone cap and Corten steel seatback with meaningful text stamped into it. The focal point in the center will be a circular sculpture of Corten steel arches with engraved text depicting the core values of first responders. Beneath the arch will be a granite cube foundation with bronze sculpture and plaques on it that reinforce the values of a first responder. The 9-11 memorial located in front of City Hall will be relocated and integrated into the First Responders Memorial, where we feel it will be given a more fitting and impactful setting. We intend to create a compelling and lasting tribute to honor the first responders who have dedicated their careers and even given their lives in service to the public. We believe this memorial will create a pleasant and special environment that our community, retired first responders, families, and the survivors of those lost, can come to appreciate and contemplate. We also hope the future generations that appreciate it, can be inspired to pursue the work and dedication of our first responders.

OHM Associates updated the cost estimation to complete the First Responders Memorial at \$228,151.20. The First Responders Memorial Fund has raised \$72,287.99 through contributions from the Fire and Police Unions and public and private donations. We recently applied and have been awarded \$95,863.21 through a One Time Strategic Community Investment Fund with the assistance and guidance of Senator Kristina Roegner and Councilman Matt Riehl. The legislation requests \$70,000.00 to complete the project which was submitted with the 2024 Capital Budget projects.

I ask for your support on this legislation. Please contact me with any additional questions.

Respectfully,

Chief Jeff Film
