AGENDA TRANSMITTAL

MEETING DATE: April 4, 2023

CITY AGENDA ITEM: Council Adoption of Resolution No. 2023-___: A Resolution of the City Council of the City of Suisun City Appointing _____ to the Vacant Councilmember Seat for the Remainder of the Current Term.

FISCAL IMPACT: None

STRATEGIC PLAN: Provide Good Governance.

BACKGROUND: Councilmember Mike Hudson tendered his resignation effective February 21, 2023 resulting in a vacancy on the City Council, which must be filled. The term of the vacated office runs through the end of 2024.

Suisun Municipal Code Section 2.04.040 and Government Code Section 36512 govern the process by which vacancies in the elected offices of city council members are filled. Specifically, Section 36512 provides that a city council shall, within 60 days of the date of vacancy (i.e., no later than April 21, 2023), fill such vacancy by appointment, or call a special election to fill the vacancy for the remainder of the vacated term. Section 36512 does not provide any specific guidance on the manner in which the City Council selects an individual to fill a vacancy.

Section 2.3, Filling of a Council Vacancy, of the Suisun City Council Rules and Procedures, provides:

In the event of a vacancy of office or the death or resignation of any Council Member, the Mayor shall appoint a new Council Member, with the consent of the Council, within sixty (60) days after a vacancy or death or resignation becomes effective in compliance with the California Elections Code, unless the Council, by resolution, decides to instead call a special election. In the event of appointment, the Mayor, with the consent of the Council, shall determine by resolution the process for appointment prior to the application process and in accordance with State law.

At the February 21, 2023, City Council meeting, the Council was presented with options for a process to fill the council seat. The Council deliberated and agreed on an application and interview process and directed the City Attorney to return with appropriate documentation to appoint a candidate pursuant to Council direction.

The Mayor reviewed and considered all properly submitted applications and interviewed the following five applicants: Laura Cole-Rowe, Thomas D. Alder, Katrina Garcia, Jonathan Richardson, and Marlon Osum. Thomas Alder subsequently withdrew his name from the pool of applicants. The Mayor interviewed the remaining applicants and selected three applicants to move on to the March 21st meeting to be interviewed and considered for appointment by the whole Council.

STAFF REPORT: As described above, at the previous Council meeting on March 21, 2023, the Council deliberated and agreed to narrow the selection field down to two applicants, Jonathan Richardson and Marlon Osum.

After discussion and deliberation of applicants remaining by Mayor and Council and reaching a consensus, the Mayor shall select one applicant to appoint to the vacant councilmember seat. The individual appointed may be sworn in and take their seat on the dais immediately following the appointment.

The appointed councilmember will hold office for the unexpired balance of the vacated seat's term, as the vacancy occurred in the second half of the former incumbent's term.

STAFF RECOMMENDATION: It is recommended that the City Council adopt Resolution No. 2023-____: A Resolution of the City Council of the City of Suisun City Appointing _____ to the Vacant Councilmember Seat for the Remainder of the Current Term.

Effective governance is key to the success of any council. The obligation to listen and respond within reason with the perspective of the best interest of the city is foundationally important. As a communication major, it will be important to listen, hear and communicate effectively with our city. With approximately 30,000 residents, and our 4 mi(2) geographic area, we have a unique opportunity to make Suisun a phenomenal destination for businesses, travelers from abroad and a beautifully place we call home. As a noncommissioned officer and veteran of the United States Air Force, I will bring task critical perspectives and effective leadership principles to add to the diverse makeup of our new council. With the experience of overseeing a budget of approximately 300,000,000.00 annually, I will bring accountability, sound stewardship and creativity as we seek to blossom as a city within our geographical boundaries. As a member of the law enforcement community, the safety of our residents as well as the security of our businesses will always remain priority one. My experience in community policing in addition to extensive training in implicit bias helps me to listen and respond regarding matters that are important to us all.

1. Top 3 Priorities

Economic stability

Suisun has its geographical limitations that require creativity and strategy to overcome. Considering that the city is landlocked from the opportunity for organic expansion, the city council in collaboration with the community must be committed and dedicated to the process of re-imagining Suisun City. Our region has many examples of smaller thriving cities that attract visitors and that have experienced economic increases. I believe this reality remains true for our city and I am committed to doing work with the existing council to make dreams our reality.

Public Safety

We must continue to fund and support our public safety entities. Our police and fire departments are essential to our city infrastructure. Historically, the Suisun Fire Department carried a volunteer component. It is important that the city has a fully funded and staffed public safety agency to protect and serve our citizens.

Infrastructure Investments

Deferred maintenance reveals itself over time. It is important to make priorities to improve streets and areas of our city that lack the maintenance that our city deserves. Our public works department has done as much as possible with the resources provided. We must plan and act on improving the curb appearance of our city in the most fiscally responsible way possible.

2. Key Issues

Measure S – Sale Tax

We must gain support to continue the existing Measure S Sales Tax in addition to recommended increases to ensure that we avoid losing our city.

Funding Police / Fire

We must maintain a staff and equipped public safety force in our community. With the increases to crime across the county and our immediate annual threat to wildfires, it is important that we are prepared and ready to face any forms of adversity that threaten our city infrastructure and citizens.

3. 10 Year Vision

In the next 10 years, I believe that Suisun can be a vibrant and thriving city within our region. We have the ability to consider how we build and expand downtown in collaboration with businesses and companies to make our area and destination place for the Tri-City area and beyond.

4. Qualifications

As a former board member to the Fairfield-Suisun Unified School District, I have learned many fundamental principles of effective governance. The professional relationship between

members of a governing body is the first of many steps of making a positive impact for the city. As a member of the school board, I received Masters in Governance certification after attending multiple cohort sessions in areas to include Brown Act, human resource, budget and governance team relationships. It is with his experience that I bring a wealth of knowledge and perspectives to local governance and local control. As a communication major, I have learned and implemented tools and techniques that help to establish effective communication with my colleagues in addition to the community partners/stakeholders who will be impacted by each decision made from the dais. Conflict resolution in addition to knowledge regarding branding/marketing are additional skill sets that can add to the building resume of experience each member of the existing council brings as abilities.

5. Involvement

As a member of the education community, I served multiple years as a member of the Fairfield-Suisun Unified School District and the City of Suisun Joint Committee to discuss various developments in the city and school district and ways that each respective entity could collaborate to benefit families in the city. I have volunteered to support city co-sponsored events like Hop for Hope, car shows and community celebration events honoring our veterans and various events supporting our community at our premier waterfront.

6. Meetings

As an active member of the law enforcement community, I only need advance notification of meetings to make adequate adjustments to my schedule to be available for the various meeting and committees. It will remain my priority to support all things Suisun and be a visible representative of our city.

7. Commitment

I am aware of the time commitments and responsibilities associated with serving the citizens of Suisun City on council. I am prepared to serve without reservation.

QUESTIONNAIRE FOR THE CITY COUNCIL APPOINTMENT

1. What are your top 3 priorities for Suisun City? Why do you think these are most important?

The top three priorities for Suisun City and their importance:

- a. Good governance with Accountability. The residents look up to City officials and its employees to come up with a workable, realistic development plan that can be implemented with their support to improve the quality of life in Suisun City. Good governance with clear accountabilities will establish the trust and confidence among the constituents that will foster their engagement.
- b. Public Safety at home, in schools and other areas frequented by the public. A safe environment breeds contentment and encourages active participation of the public to the programs/projects and a stronger private/public partnership. High crime and the like leads to mass exodus of the population and capital flight which will degrade the economic conditions of the city.
- c. Economic Development that attracts more sustainable businesses, creates good paying jobs, generates sufficient revenues for city needs and raises the standard of living of the city's households.

2. What are the key issues you see facing our community? Why do you think these are the key issues and what might be the solutions?

a. The economic well-being of its residents from good paying jobs, housing and its affordability. With Inflation which has increased the price of everything, company closures, insecurity of Job tenure, limited high paying job options, unnecessary and tremendous pressure is put on every household to make ends meet.

b. Public Safety from crime, mass shootings, etc. and the impact of drugs in schools, homes and others sites especially Fentanyl with an alarming nationwide death rate that makes parents very worried about their personal and children's safety.

c. Disaster Preparedness. The weather has become so unpredictable that we have more stronger typhoons, unexpected drought and flooding, blizzard and other calamities. The Supply chain problem may bring about food shortage and or commodity prices beyond the consumers' reach.

Geologists keep talking about the "Big One" (earthquake) which is overdue in California. If this hits there will be catastrophic consequences influencing fear and anxiety over the community's capability to cope with the destruction and the appropriate disaster response.

3. What is your vision for Suisun City and how would you like the city to look in 10 years?

I would like to see Suisun City establish its distinct identity as an eco tourist spot with its own industry, a good investment option for business and housing and a city with residents who are engaged and concerned about its welfare and competitiveness and more importantly proud to be part of it.

4. Please describe how your qualifications, education, and/or work experience/training would be relevant in your role as a Councilmember.

I have good work habits, empathetic, with acute people and listening skills, a well-rounded knowledge of traditional and current critical business functions (Planning, Leading, Organizing and Control), Management, Business Development, Marketing, Finance and other areas complemented by developed skills from actual, hands-on work experience as an entrepreneur and a career professional.

My higher and relevant education (Bachelors and Masters' degrees) will allow me to optimize the use of up-to-date tools and technologies for Strategic Planning, Lead Generation, Score Card and Metrics for Monitoring, Marketing and others areas to effectively collaborate with the City Council in the formulation and implementation of programs/ projects to achieve its short and long-term goals.

5. What has your previous involvement with the City of Suisun City been? Please include any service organizations or community engagement specific to Suisun City you have participated in and what your role was.

I have been the representative of Suisun City to the Solano County Mosquito Abatement District Council Board of Directors, an Advocate for IHSS Recipients as Member of the IHSS Public Authority Advisory Committee and a regular Poll Worker with the Register of Voters in the previous local, State and National elections.

6. The City Council regularly meets on the 1st and 3rd Tuesdays of each month at 7:00 p.m., and may meet on any Tuesday as City business dictates, and periodically has additional special meetings and study sessions. Councilmembers also serve on a number of subcommittees, commissions, and outside agency boards. Please describe any time constraints or limitations/obligations that might limit your availability for regular meetings, special meetings, or community events.

There are no time constraints or limitations/obligations that might limit my availability to attend Regular/Special meetings or community events and other activities to fulfill my duties as City Council member.

7. Are you aware of the time commitment and the responsibilities associated with serving as a Councilmember and are you prepared to serve without reservation?

Yes, I am aware and prepared to serve without any reservation.

AGENDA TRANSMITTAL

MEETING DATE: April 4, 2023

CITY AGENDA ITEM: Council Adoption of Resolution No. 2023-___: Authorizing the Deputy City Manager to Accept Grant Funds from North Bay Regional Center’s Grants for Enhanced Community Integration for Children and Adolescents Program.

FISCAL IMPACT: Grant award of \$19,000.

STRATEGIC PLAN: Ensure Fiscal Solvency.

BACKGROUND: The American Rescue Plan Act of 2021 provided the California Department of Development Services (DDS) \$12.5 million for the Grants for Enhanced Community Integration for Children and Adolescents (Social Rec Grants) program. The intent of the grants is to fund projects that enhance and develop integrated and inclusive social and recreational programs for families, children, and adolescents with intellectual and developmental disabilities (I/DD) in underserved communities. The \$12.5 million was distributed across 21 regional centers, with North Bay Regional Center (NBRC) allocated \$297,600 for projects in Napa, Sonoma, and Solano counties.

In December 2022, the Recreation, Parks, and Marina (RPM) Department submitted a Social Rec Grant proposal to NBRC to provide a new program for area I/DD youth.

STAFF REPORT: In March 2023, the RPM Department was notified by NBRC that their grant proposal was accepted and approved for funding. The grant proposal centered on the purchase of supplies and materials towards a Suisun City ‘Club Chaos’ program in partnership with local organization Special Care Services. Club Chaos is an indoor/outdoor summer camp for I/DD youth. Club Chaos is based on a 1:1 camper-to-staff ratio and is aimed at I/DD youth with opportunities to socialize, participate in activities, make new friends, and to do so with ample support. There is no program specifically for I/DD youth in Suisun City.

The grant award will also cover staff trainings for after school program / youth camp staff on working with I/DD youth, as there has been an increase in I/DD youth attending Suisun City RPM programs. The trainings will cover techniques such as de-escalation, safety, providing inclusive programming for I/DD youth with neurotypical peers, and behavior intervention. The hope for the program is for it to be the starting point for the RPM Department to provide more I/DD inclusive programming to the Suisun City community.

STAFF RECOMMENDATION: It is recommended that the City Council adopt Resolution 2023-___: A Resolution of the City Council of the City of Suisun City Authorizing the Deputy City Manager to Accept Grant Funds from North Bay Regional Center’s Grants for Enhanced Community Integration for Children and Adolescents Program.

AGENDA TRANSMITTAL

MEETING DATE: April 4, 2023

CITY AGENDA ITEM: Council Adoption of Resolution No. 2023-___: Authorizing the City Manager, to submit a grant application to the Metropolitan Transportation Commission for \$200,000 to implement activity for the Suisun City Waterfront District Plan Planned Development Area (PDA).

FISCAL IMPACT: There is no funding match requirement for this grant. The only fiscal impact is for administrative staff time.

STRATEGIC PLAN: Provide Good Governance; Develop Sustainable Economy; Enhance the Environment.

BACKGROUND: In 2008, Suisun City established the Waterfront District Specific Plan PDA. In 2016, the City Council approved an update to the Waterfront District Specific Plan, which expanded the previous boundaries of the Specific Plan.

The Priority Development Area (PDA) Program is a voluntary partnership between local governments, the Metropolitan Transportation Commission (MTC) and the Association of Bay Area Governments (ABAG). Through the PDA program, local governments identify areas envisioned for future housing and job growth that are served by transit. Bay Area cities have nominated 218 PDAs since 2007.

PDAs facilitate coordinated regional planning for future growth and transportation investment. In addition to shaping the location of anticipated growth and major transit investments, PDAs receive a dedicated share of funding for local planning and for transportation improvements such as complete streets, bikeways, and parking programs. This is reflected Plan Bay Area 2050, the region’s current long-range land use and transportation plan.

STAFF REPORT: In December 2022, MTC released a Call for Projects for PDA Planning Grants open to local governments with one or more PDA. To date, these grants have funded more than 80 plans and a wide range of technical assistance.

This grant application is under the Plan Implementation category. This category was chosen since Suisun City has an adopted plan, and implementation is the next logical step. This grant is intended to move sites to development, improve the pedestrian connection between Suisun City and Fairfield and related activities. The maximum grant under this category is \$200,000.

Plans funded through the PDA program must meet minimum requirements, such as MTC’s Transit-Oriented Communities Policy. MTC/ABAG staff will support City staff in ensuring minimum requirements are met and will offer technical resources and best practices.

The proposed grant proposes several work areas:

- Prepare a residential development strategy for publicly owned sites within the PDA, including looking at financial feasibility of for-sale and for-rent housing types, including affordable

housing.

- Determine the need to rezone the identified publicly owned sites to meet the Metropolitan Transportation Commission’s adopted “Transit Oriented Communities policies, such as a minimum density of 25 units per net acre (the current minimum density in residential high density is 24.1 units/net acre).
- Evaluate development constraints on the publicly owned sites and develop strategies to mitigate the development constraints.
- Develop strategies to promote the development of the identified publicly owned sites.
- Evaluate flooding potential both on-site and off-site and identify potential mitigation.
- Develop a strategy for the preservation of affordable housing within the PDA.
- Develop short-term concepts to enhance the current pedestrian connection between Suisun City and Fairfield to enhance walkability and sense of security.
- Implement a public engagement process to solicit input and recommendations.

The City of Fairfield submitted a very similar grant. If both are funded, it is envisioned that the City of Suisun City, City of Fairfield, Solano Transportation Authority and the Solano EDC will work together on the implementation of the grants.

STAFF RECOMMENDATION: It is recommended that the City Council adopt Resolution No. 2023-____: Authorizing the City Manager, to submit a grant application to the Metropolitan Transportation Commission for \$200,000 to implement activity for the Suisun City Waterfront District Plan Planned Development Area (PDA).

SUCCESSOR AGENCY AGENDA ITEM: Successor Agency to the Redevelopment Agency of Suisun City Adoption of the Resolutions Authorizing Deed Restrictions on Agency Owned Real Property as authorized by the Surplus Land Act.

- A. Adoption of Successor Agency to the Redevelopment Agency of Suisun City Resolution No. SA2023-___: Authorizing the Execution of a Restrictive Covenant for Certain Successor Agency-Owned Real Property Located at 1240 Kellogg Street in the City of Suisun City (APN: 0032-200-330) as Required by California Department of Housing Community Development

- B. Adoption of Successor Agency to the Redevelopment Agency of Suisun City Resolution No. SA2023-___: Authorizing the Execution of a Restrictive Covenant for Certain Successor Agency-Owned Real Property Located at 718 Main Street in the City of Suisun City (APN: 0032-141-130) as Required by California Department of Housing Community Development

FISCAL IMPACT: The sale of these properties will provide some proceeds to the Successor Agency although the proceeds will be relatively low.

STRATEGIC PLAN IMPACT: Develop Sustainable Economy; Provide Good Governance.

BACKGROUND: The Surplus Lands Act (“Act”), codified in state law as Government Code Section 54221 et seq., requires that before a local agency such as the Successor Agency to the Suisun City Redevelopment Agency takes any action to dispose of (sell or lease) property that it does not need for agency use, it must declare the property to be either “surplus land” or “exempt surplus land.”

On September 7, 2021, the Successor Agency adopted Resolution Number 2021-02, declaring Cal Marine Sports, that certain real property identified as Assessor’s Parcel Number 0032-200-330, consisting of approximately 0.85 acres of land, located at 1240 Kellogg Street (“Cal Marine”), and Lawler House, that certain real property identified as Assessor’s Parcel Number 0032-141-130, consisting of approximately 8,498 square feet, located at 718 Main Street (“Lawler House,” and collectively with Cal Marine, referred to as “Properties”), to be surplus, and authorizing staff to issue Notices of Availability on the Properties as required by the Act.

The entities required under the Act to be notified of the Properties’ availability include housing sponsors and certain public entities engaged in developing low- and moderate-income housing, park and recreation departments, state and regional park authorities, and school districts.

Pursuant to the Act, if one of the public agencies or housing sponsors desires to purchase the property after having received notice, it must indicate its intent to do so in writing within 60 days

PREPARED BY:

Gina Chung, Deputy City Attorney

REVIEWED/APPROVED BY:

Greg Folsom, City Manager

of receiving the notice, and the local agency must enter into “good faith negotiations” with the interested public agency or housing sponsor for a period of 90 days. (Gov. Code § 54223.)

As required by the Act, on December 2, 2021, the City issued Notices of Availability on the Properties to various public agencies and housing sponsors. Cal Marine received no interest on the property. Lawler House received interest from one affordable housing developer in acquiring the property. However, the interested affordable housing developer did not submit a timely offer during the 90 day negotiation period on Lawler House.

Under the Act, in the event that none of the local agencies or housing sponsors offer to purchase the land, or if the local agency and an interested buyer are unable reach an agreement on the terms and conditions of purchase/sale, the local agency can ask the State of California Department of Housing and Community Development (“HCD”) for permission to sell the land on the open market. If HCD confirms that the local agency has complied with the Act, HCD should authorize the open market sale.

HCD has reviewed the City’s efforts to sell the Properties and, on April 19, 2022 and December 9, 2022, issued letters determining that the City has met all the requirements under the Act for disposing of Cal Marine and Lawler House, respectively, and can now offer the Properties for sale to the general public with one caveat. As required by the Act, before offering the Properties for sale to the public, the City must record a deed restriction, as approved by HCD, restricting 15% of any residential units built on the each Property to be affordable units if 10 or more residential units are built on the property.

Attached are draft deed restriction for each Property that has been reviewed and approved by HCD. Staff is requesting that the Successor Agency Board authorize the Chair to sign and staff to arrange for the recording of these deed restriction. Once this document has been recorded staff will forward a copy of the recorded deed restriction to HCD.

STAFF RECOMMENDATION: It is recommended that the Successor Agency Board authorize the Executive Director to sign the deed restrictions on the Cal Marine and Lawler House properties, as required by the Surplus Land Act, and direct staff to record the signed document.

AGENDA TRANSMITTAL

MEETING DATE: April 4, 2023

CITY AGENDA ITEM: Council Adoption of Resolution No. 2023-__: Opposing AB 480 and Authorizing the Mayor to send in letters of Opposition.

FISCAL IMPACT: There will be no fiscal impact from this action.

STRATEGIC PLAN: Provide Good Governance.

BACKGROUND: Several years ago the state amended the existing Surplus Land Act (SLA). The SLA is a “right of first refusal” law that requires all local agencies to offer surplus land for sale or lease to affordable home developers and certain other entities before selling or leasing the land to any other individual or entity. Any time a local agency disposes of land, it must follow the SLA unless the land qualifies as exempt surplus land. Dispositions include both sales and leases (unless the lease is less than five years or where no demolition or development will occur during the term of the lease).

STAFF REPORT: The implementation of the SLA, including recent guidelines by the Housing and Community Development Department, has created immense delays and difficulties for local government agencies dealing with the use of their properties to further housing and economic development goals in service of their residents. AB 480 undermines the ability of local agencies to conduct appropriate economic development activities on properties they acquire or otherwise own by expanding the scope of authority for Department of Housing and Community Development (HCD) to review “any action to dispose of land,” which would include properties retained for agency use, properties declared “exempt surplus,” and properties that local agencies are authorized by other laws to acquire and dispose of for economic development purposes.

The implementation of the Surplus Lands Act (SLA), including HCD’s recent guidelines, have created immense delays and difficulties for local government agencies dealing with the control and disposal of their local properties. Regrettably, AB 480 would compound those difficulties by expanding state reviews and delays affecting properties retained for agency use and declared exempt surplus.

Suisun City recently approved an updated housing element that does not rely on the sale of surplus city lands to provide affordable housing. In fact, in Suisun City there is one affordable housing project under development and another that is seeking financing. Suisun City supports the development of all levels of housing on appropriately zoned parcels. However, Suisun City is a city that is revenue challenged and needs to preserve the ability to develop commercial projects that can enhance its ability to provide necessary services to residents. The SLA in its current form has already caused Suisun City unnecessary delays and additional attorney and consultant costs that hurt the budget.

This bill is Opposed by Cal Cities and the California Association for Local Economic Development (CALED).

STAFF RECOMMENDATION: It is recommended that the City Council Adopt Resolution No. 2023-

OPPOSITION TO AB 480

Dear Assembly Member Ting,

The City of Suisun City regrets that it must **Oppose** your AB 480, which undermines the ability of local agencies to conduct appropriate economic development activities on properties they acquire or otherwise own, by expanding the scope of authority for Department of Housing and Community Development (HCD) to review *“any action to dispose of land,”* which would include properties retained for agency use, properties declared *“exempt surplus,”* and properties that local agencies are authorized by other laws to acquire and dispose of for economic development purposes.

The implementation of the Surplus Lands Act (SLA), including HCD’s recent guidelines, have created immense delays and difficulties for local government agencies dealing with the control and disposal of their local properties. Regrettably, AB 480 would compound those difficulties by expanding state reviews and delays affecting properties retained for agency use and declared exempt surplus.

We have recently approved an updated housing element that does not rely on the sale of surplus city lands to provide affordable housing. In fact, we have one affordable housing project under development and another that we are attempting to assist in getting financing. We support the development of all levels of housing on appropriately zoned parcels. However, Suisun City is a city that is revenue challenged and we need to preserve our ability to develop commercial projects that can enhance our ability to provide necessary services to our residents. The SLA in its current form has already caused us unnecessary delays and additional attorney and consultant costs that hurt our budget.

Rather than expanding the scope of the SLA, the law instead requires significant reform. The Legislature should thoroughly evaluate the difficulties, bureaucratic delays and unintended consequences caused by implementation of the existing law on local agency activities, including addressing unresolved conflicts with other laws and state policy priorities the Legislature has enacted that affect the disposal of local agency property.

For these reasons, the City of Suisun City regrets that it must respectfully **Oppose** AB 480. Please feel free to contact me at 707-431-7300 if you would like more information about this.

SB 747 addresses these concerns through an array of helpful changes to the SLA, including clarifying that only leases of less than 35 years are subject to the SLA, providing exemptions to assist transit, transit oriented development, airports, ports and other important agency uses, and avoiding delays for affordable housing developments which comply with the SLA’s affordability requirements.

SUPPORT FOR SB 747

Dear Senator Caballero,

The City of Suisun City is pleased to **Support** your SB 747, which contains much needed clarifications and reforms to the Surplus Land Act (SLA) and reaffirms the role of existing Economic Opportunity Law that is used by local agencies to acquire and dispose of property to improve economic opportunities for local residents.

The implementation of the SLA, including recent guidelines by the Housing and Community Development Department, has created immense delays and difficulties for local government agencies dealing with the use of their properties to further housing and economic development goals in service of their residents. SB 747 addresses these concerns through an array of helpful changes to the SLA, including clarifying that only leases of less than 35 years are subject to the SLA, providing exemptions to assist transit, transit oriented development, airports, ports and other important agency uses, and avoiding delays for affordable housing developments which comply with the SLA's affordability requirements.

Thank you for your leadership in beginning to apply a sharper legislative focus on the application of the SLA to ensure that the administration of the law remains consistent with legislative intent and avoids unintended delays or conflicts with other laws and policy priorities the Legislature has enacted- including actions to support and further economic development.

For these reasons, City of Suisun City is pleased to **Support** SB 747. Please feel free to contact me if you have any questions on this matter.

George Guynn thanked staff for presentation; commented if someone has a criminal record and a misdemeanor is placed, they could lose their job which would make it impossible to pay fines; cars parked on public streets are more of an issue than cars in driveways.

Michelle Chavez asked if city is able to go back to enforcement of garbage cans visible from street; explore community partnerships with businesses; cars parked on grass, inoperable cars in driveways

Steve Olry commented Suisun is one of the most cluttered cities in Solano County due to lack of enforcement; there is not enough staff to do the enforcement and city needs to start with the small things of getting cars off the streets and lawns and see a positive impact.

Donna Le Blanc commented on big trucks parked on street at Blossom and Railroad Avenues; is it possible for the public to take pictures of the junk yard in that area and submit; are code violations public information; are disabled or elderly provided a list of services to help them with clean up; educate public on what is and is not a violation.

AGENDA TRANSMITTAL

MEETING DATE: April 4, 2023

CITY AGENDA ITEM: Discussion and Direction – Trash and Illegal Dumping.

FISCAL IMPACT: There may be an impact to the General Fund depending upon the direction of Council.

STRATEGIC PLAN: Provide Good Governance. Enhance Environment.

BACKGROUND: Council has asked that there be a discussion on ways to help address litter and illegal dumping. Council and staff receive complaints regularly about litter on Highway 12 and illegal dumping on sites throughout the city. Where there is dumping or litter from encampments on city-owned lands, staff is able to go in and clean as staffing allows. Public Works and the Police Department currently coordinate a monthly cleanup on one identified site per month. Public Works staff also cleans up illegal dumps on the side of the road within the City’s right-of-way as they are identified.

On October 18th, City Council had a discussion on trash and illegal dumping and asked staff to follow up on the following items for further discussion:

- Signage
- Video surveillance
- Fine structure
- Enforcement (#1 item)
- Lighting
- Fencing
- Locks on trash
- Keeping other agencies we work with accountable (Republic Services, Union Pacific, CalTrans)
- Address funding needs
- Education (how to help our community understand how to be active members in reporting)
- Ad Hoc (bring back to hear and identify if an Ad Hoc is appropriate)

Staff had several internal meetings to discuss these items with the following outcomes:

- Signage: The cost to install “No Littering” and/or “No Illegal Dumping” type signs on major roadways in Suisun City is approximately \$500 per sign. Staff is working with Caltrans to obtain approval to also install “No Littering” and/or garbage truck cover signs along Highway 12.
- Video Surveillance: The law does not allow just license plates as evidence of littering or illegal dumping and must also include recognizable video of the suspect’s face. Due to the minimal chance of video being admissible and the expense of video cameras, as well as the two year legally required digital storage of data from the cameras, staff does not recommend this option. “Game cameras” may be a less expensive option, but it will not likely provide admissible evidence.

- Fine Structure: Fines are imposed by the Court as allowed by the CA Penal Code or the CA Vehicle Code:
 - CA Penal Code 374.4 states: It is unlawful to litter or cause to be littered in or upon public or private property. A person, firm, or corporation violating this section is guilty of an infraction. A person, firm, or corporation convicted of a violation of this section shall be punished by a mandatory fine of not less than two hundred fifty dollars (\$250) nor more than one thousand dollars (\$1,000) upon a first conviction, by a mandatory fine of not less than five hundred dollars (\$500) nor more than one thousand five hundred dollars (\$1,500) upon a second conviction, and by a mandatory fine of not less than seven hundred fifty dollars (\$750) nor more than three thousand dollars (\$3,000) upon a third or subsequent conviction.
 - CA Vehicle Code 23115(a) states: No vehicle transporting garbage, swill, used cans or bottles, wastepapers, waste cardboard, ashes, refuse, trash, or rubbish, or any noisome, nauseous, or offensive matter, or anything being transported for disposal or recycling shall be driven or moved upon any highway unless the load is totally covered in a manner that will prevent the load or any part of the load from spilling or falling from the vehicle. The fixed penalty for this violation is \$202 for the first offense. Subsequent violations can be more expensive, but additional fines would be determined by the judge or commissioner presiding over any court proceedings related to a citation issued to the driver of a vehicle.
- Enforcement: Chief Roth has instructed his officers to be more diligent in enforcement of littering, trash flying out of vehicles, or illegal dumping. Chief Roth has also contacted the CHP and Sheriff's Office and requested that they also be alert to enforcement along Highway 12.
- Lighting: The cost estimate to design and install a streetlight along Railroad Ave just east of Sunset Ave is approximately \$45,000 to \$55,000 since there are power lines in the area.
- Fencing: Staff is looking into vacant property ordinances requiring fencing of vacant properties. The fencing ordinance would also have to be amended to allow chain link fencing in limited situations. Installing approximately 700 feet of K-rail or guardrail along Railroad Avenue east of Sunset to block off one of the most problematic illegal dumping sites could cost between \$50,000 to \$160,000.
- Locks on Trash: Staff is looking into amending the standards for garbage enclosures for commercial and multi-family properties to make sure that covers and locks are required.
- Keeping other agencies accountable: This is difficult as Suisun City has little to no authority over other agencies, especially Caltrans and the Railroad. We may just need to invoke the squeaky wheel strategy of continually bringing issues to their attention. We have some authority with Republic Services due to our Franchise Agreement, but specific instances of non-compliance will need to be determined and documented.
- Address funding needs: In order to significantly address trash, additional funding resources are needed to have the staffing to do so, or trash pick up will need to be prioritized with Public Works over the many other responsibilities they have, such as mowing and filling potholes.
- Education: Signage, enforcement, promoting our mobile app.

- Ad Hoc

STAFF REPORT: On November 29th, City Council had another Discussion and Direction regarding trash and illegal dumping. At this meeting an Ad Hoc was formed, consisting of two Council members to facilitate further possible solutions.

The Ad Hoc members met with the City Manager, Public Works Director, Police Department Chief, City Staff, and Development Service Director on January 25, February 1, and February 15, 2023, and discussed the following:

- Lighting and cameras.
 - In locations of high illegal dumping, the Omniflow Light system which is powered by wind and solar could be used. A camera can also be intergate into the Omniflow system however, the camera cannot be integreated into the Police Dispatch camera system. The cost to install an Omniflow Light System is approximately \$35,000.
- Enforcement & Abatement (See Attachement 2 for City Attorney’s findings and recommendations).

The City Attorney has provided their Findings and Recommendations which included as Attachment No. 2. Staff is looking for direction on the next steps to address trash and illegal dumping in Suisun City.

STAFF RECOMMENDATION: Discuss this item and provide direction to staff.

Council Discussion & Direction

- Staff requests direction from Council

City Attorney's Findings and Recommendations

On February 1, 2023, the Trash and Illegal Dumping Ad Hoc committee requested the City Attorney's Office provide an analysis of the City's codes to determine whether amendments are warranted to provide the City with the broadest authority to abate illegal dumping and trash, as well as ensuring the City's codes are consistent with current law and fully enforceable. What follows are the City Attorney's Office's recommendations.

I. Solid Wastes Ordinance (Chapter 8.08 of SCMC)

This chapter prohibits illegal dumping, trash accumulation outside of receptacles, transporting trash (except by the designated hauler). Enforcement of the chapter is limited to the City's health officer (undefined).

A. Recommendations to update Chapter 8.08

1. Amend the chapter to also make any violation a public nuisance, subject to the provisions of Chapter 8.12, and enforceable by peace officers and by the City Manager and their designee.
2. Amend the chapter to require that trash receptacles be secured and enclosed.
3. Review the Butte County Illegal Dumping Codes (Section 49-4) and zero tolerance programs/ordinances from other jurisdictions for additional enforcement tools.
4. Increase the amount of civil fines (see Section III, below).
5. Review definitions and prohibited conduct to ensure that language provides the City with the maximum enforcement flexibility.

II. Public Nuisances Abatement (Chapter 8.12 of SCMC)

This chapter sets forth the administrative process and fines to address abatement of public nuisances. The City Attorney is authorized to pursue all legal means to obtain a civil order to abate, and pursuant to state law, the City can recoup its costs, including attorneys' fees.

This chapter provides that uncollected costs and fines can be assessed against the property's tax roll. This is a much more effective tool than liens because (a) the costs attach to the following year's property tax bill and are collected in the same manner, and (b) a lien could end up behind other, higher priority liens, and never be paid, or may be paid decades from now when the property sells. The ordinance provides a court may order repeat offenders (within a 2 year period) to pay the City treble the cost of abatement.

Section 8.12.080 provides a list of conditions that are declared nuisances per se, which includes the accumulation of trash and debris, as well as abandoned or discarded furniture and

appliances. This is an important enforcement tool, because absent a declaration of nuisance per se, state law requires for public nuisance abatement that the petitioner establish (1) the existence of an injurious condition (2) that affects “at the same time an entire community or neighborhood, or any considerable number of persons.” Civ. Code §§ 3479, 3480. However, for any condition or violation that is declared a nuisance per se, the City need only establish the existence of the enumerated condition, without having to also provide evidence that the condition affects a large number of people.

Chapter 8.12 currently limits violations to infractions and provides for limited fines (civil or criminal) for violations.

A. Recommendations to update Chapter 8.12

1. Amend Chapter 8.12 to allow violations to be charged as misdemeanors and subject to the penalties provided in Chapters 1.08 and 1.20.
2. Increase the amounts of administrative fines for certain violations.
3. Eliminate the \$50 fee. All fees should be in the City’s fee schedule.
4. Delete the fine specifics, those are already included in Chapter 1.08.
5. Direct the City Attorney’s Office to conduct a thorough review of the chapter to ensure that any provisions that are not clear or that unnecessarily limit the City’s enforcement authority be updated. and to ensure enforceability of all listed remedies.
6. Add a provision in the municipal code that makes any violation of the municipal a public nuisance.

III. Administrative Citations (SCMC Chapter 1.20)

Authorized by Government Code Section 53069.4, Chapter 1.20 articulates the administrative citations process for violations of the municipal code. Administrative

A. Recommendations:

1. Update our fine schedule to include higher penalties for certain code violations, namely all the section in Chapters 8.08 and 8.12 that relate to trash and illegal dumping.
2. Collect unpaid fines either through lien or tax assessment after obtaining a court order.

IV. Administrative Compliance Orders (SCMC Chapter 1.16)

Provides a process in the alternative to criminal prosecution for violations that do not constitute an immediate threat to the health and safety. May be enforced by any department or

division head or their designee. Compliance orders provide an opportunity for a noticed hearing before a hearing board (not defined) to contest the finding of violation.

This chapter provides that the hearing board may assess administrative penalties, and includes a list of factors to be considered in the determination of the amount of the fines: the duration of the violation; the frequency, recurrence, and number of violations, related or unrelated, by the same violator; the seriousness of the violation; the good faith efforts of the violator to come into compliance; the economic impact of the violation on the community; such other factors as justice may require. Administrative costs may also be assessed against the violator.

Failure to comply with an administrative order may result in a personal financial obligation towards the City, a lien or assessment against the property, and misdemeanor prosecution. Judicial review may be requested pursuant to Section 53069.4 (the section that authorizes administrative citations).

A. Recommendations:

1. Repeal this chapter and fold relevant procedures into either Chapter 8.12 (Public Nuisances) or Chapter 1.20 (Administrative Citations). This chapter is atypical and does not provide a remedy that is not already available under other chapters.
