AGENDA

CDBG Public Hearing

Thursday, July 9, 2026
2:00 PM
Temporary Village Hall, 1000 Woodfield Road, Schaumburg, Illinois. Conference Room 120

VILLAGE OF SCHAUMBURG
PROGRESS THROUGH THOUGHTFUL PLANNING

A G E N D A

I. CALL TO ORDER

II. NEW BUSINESS

A. 2026 CDBG Action Plan
The U.S Department of Housing & Urban Development (HUD) allocates CDBG funds to the Village on an annual basis. Funds are to be used to assist low- and moderate-income persons. The goals of the CDBG program are to provide decent housing, provide a suitable living environment and expand economic opportunities to benefit low and moderate-income individuals.

As the Village begins the second year of the current CDBG Five Year Consolidated Plan, the Community Development Department has prepared the Village's 2026 Action Plan, which complies with the established parameters of the CDBG program and the Five-Year Consolidated Plan. These parameters include serving low- and moderate-income individuals and satisfying established community needs. The Village expects to receive $396,919 from HUD to fund the 2026 Annual Action Plan. The Village does not expect to receive program income or reallocate prior-year funds.

The 2026 Annual Action Plan identifies the projects that are proposed to be undertaken in the next program year to address the housing and community development needs of Schaumburg in accordance with the approved Five-Year Consolidated Plan. The Action Plan identifies the available funds, the number of persons/households to be served and how the Village will take action to comply with the CDBG Program.

III. COMMENTS FROM THE PUBLIC

IV. ADJOURNMENT

In compliance with the Americans with Disabilities Act and other applicable Federal and State laws, the meeting will be accessible to individuals with disabilities. Persons requiring auxiliary aids and/or services should contact the Village Manager's Office at 847.923.4705, preferably no later than five days before the meeting.

2026 CDBG ACTION PLAN

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The Village receives Community Development Block Grant (CDBG) funds on an annual basis from the U.S. Department of Housing and Urban Development (HUD). Funds must be utilized to assist low- and moderate- income individuals. HUD requires the submission of an Action Plan to identify the actions to be undertaken during the CDBG Program Year.

As the Village begins the second year of the current Five-Year Consolidated Plan, the Community Development Department has prepared the Village's 2026 Action Plan, which complies with the established parameters of the CDBG program and the Five-Year Consolidated Plan, concentrates activities in eligible neighborhoods, and satisfies established community needs. The Village expects to receive $396,919 from the U.S. Department of Housing and Urban Development (HUD) to fund the 2026 Annual Action Plan. In addition to the annual entitlement, the Village expects to receive $0 in program income and anticipates $0 in prior year resources for a total amount of $396,919 in CDBG funds.

The Village will use funds for administration of the CDBG program, planning and capacity building, public service agencies, Residential Rehabilitation, Handy worker Program, Economic Development Assistance Programs, public facility improvements and public infrastructure improvements. Projects approved in previous action plans but that are not identified in the 2026 Action Plan will continue to move forward.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis, or the strategic plan.

The Annual Action Plan is submitted to the U.S. Department of Housing and Urban Development (HUD) annually and constitutes the Village's application to HUD for grants under the CDBG programs. The proposed activities address the needs and objectives described in the Strategic Plan, a component of the 2025-2029 Consolidated Plan. Every year the activities proposed to be funded by CDBG allocations to the Village of Schaumburg are described within the Annual Action Plan.

The activities in the Annual Action Plan relate to the goals, funding sources, the Village-identified needs, and the local objectives of the community, as described in the Strategic Plan. The priorities established in the Consolidated Plan include:

- Affordable Housing
- Public Services
- Homeless/Continuum of Care
- Special Needs (Populations that HUD considers to be CDBG eligible without verifying income, such as seniors, persons with disabilities, abused/neglected children, victims of domestic abuse)
- Other Public Services (Non-Homeless and Non-Special Needs
- Public Facilities
- Economic Development
- Planning & Administration

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Since the Village became an entitlement community, the Village has received over 12.9 million CDBG entitlement dollars to assist low- and moderate-income residents. Funds have been used for a variety of projects, including public infrastructure, public facility construction and improvements, public services, and economic development.

Additionally, the Village has funded housing programs, including the Residential Rehabilitation Program, the First Time Buyer's Program and Handy worker Program. Some of the housing programs have generated program income, which is the repayment of loans provided through these programs. Loans are typically repaid when the homeowner sells the home. Since administering the CDBG program, the Village has received approximately $1,315,218.23 in program income. Program income is reused towards CDBG-eligible projects.

In 2009, the Village utilized approximately $93,000 towards energy retrofits on non-profit owned buildings that provide CDBG-eligible housing services. These CDBG funds (referred to as CDBG-R funds) were provided to the Village as part of the American Recovery and Reinvestment Act.

In 2020, HUD allocated the Village $929,915 in CDBG-CV funds through the Coronavirus Aid, Relief and Economic Security Act (CARES Act). Funds are required to be used to prevent, prepare for, and respond to the coronavirus pandemic. Funds were used for administration of the CDBG-CV funds, economic development to retain jobs and public service programs. The Village has approximately $73,620 remaining in CDBG-CV funds.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

Before adopting the 2026 Action Plan, the Village will make available information (including the amount of assistance anticipated, the various activities that will be undertaken, and the amount that will benefit persons of low- and moderate-income) to citizens, public agencies, and other interested parties.

The Village of Schaumburg will make the 2026 Annual Action Plan available for a 30-day public comment period. Publication of the comment period will occur on June 19, 2026, with comments accepted between June 19, 2026, and July 20, 2026.

During the public comment period, a public hearing will be held on July 9, 2026. Final approval of the 2026 Action Plan will be reviewed and approved by the Village Board on July 28, 2026, after review by the Health and Human Services Committee at their meeting on June 25, 2026. The Village Board will be notified of any comments received during the comment period. Any comments received would also be included in the final submittal to HUD.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Any comments received will be included here

6. Summary of comments or views not accepted and the reasons for not accepting them

Any comments not accepted will be stated here

7. Summary

The 2025-2029 CDBG Five-Year Consolidated Plan addresses the community development needs of the Village, outlines available programs, and resources, and establishes a strategy for prioritizing and addressing these needs. The Annual Action Plan identifies projects, programs, or activities that the Village of Schaumburg expects to accomplish over the next year to address the priorities listed within the Five-Year Consolidated Plan. The strategies identified largely address the expenditures of the Village's annual CDBG allocation; however, the success of this plan is largely dependent on the efforts and resources of other private and public agencies and organizations.

PR-05 Lead & Responsible Agencies - 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	SCHAUMBURG	Community Development Department

Table 1 – Responsible Agencies

Narrative

The Village of Schaumburg's Community Development Department will administer the CDBG Program. The Village is an entitlement community, which means that the Village annually receives CDBG funds from HUD. Additional departments may provide oversight of specific programs. For example, the Engineering & Public Works Department oversees public infrastructure improvements and some public facility projects, and the Economic Development Department manages economic development programs.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The Village consulted with several agencies that provide housing and public services. The Village also conducted public hearings for input and met with other governmental agencies.

As part of the development of the Five-Year Consolidated Plan, the Village consulted with various agencies and organizations, including public service agencies, local community organizations, business agencies, Government agencies, including neighboring municipalities, departments within the Village, and various departments of Cook County were also consulted for feedback.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health, and service agencies (91.215(l)).

The Housing Authority of Cook County (HACC) is the public housing provider for Schaumburg. The HACC currently assists 433 households (784 total individuals) in Schaumburg. This includes standard Housing Choice Vouchers as well as participants in the Veterans Affairs Supportive Housing (VASH), Family Unification Program (FUP-F and FUP-Y), and Emergency Housing Vouchers.

The Village's Community Development Department administers the CDBG program and has regular contact with housing providers and governmental health, mental health, and service agencies. The Village also has a Nursing and Senior Services Division and a Quality-of-Life Division, which provides family counseling, social work, nursing, and programs geared towards teens and the elderly.

Village Staff works closely with North West Housing Partnership to discuss housing needs and resources in the Village. Partnerships with these agencies help the Village to fill a gap in service. In some instances, residents may not meet the criteria of the Residential Rehabilitation Loan Program or Handy worker Program, and the village can make appropriate referrals to other entities.

In 2024, the village conducted a Health Services Needs assessment (HSNA) to enhance the village's understanding of health needs in Schaumburg and assess the existing services and infrastructure available to fulfill these needs. Based on these findings, the village and partner agencies drafted a Community Health Improvement Plan (CHIP) to prioritize these gaps and collaborate with partner agencies to address them. The Village will utilize CDBG funds to support CHIP initiatives and agencies.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

As part of the Five-Year Consolidated Plan development, the Village coordinated with the Alliance to End Homelessness in Suburban Cook County, which is the Continuum of Care provider for suburban Cook County. The Alliance's role is to articulate the best possible system to address homelessness, address weaknesses in the present system and marshal resources necessary to move towards collaborative goals. The Village received applications from public service agencies that are part of the Continuum.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Emergency Solutions Grant (ESG) funds may be used for street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance, HMIS, and administrative activities to administer these programs. The ESG program provides funding to:

- Engage homeless individuals and families living on the street;
- Improve the number and quality of emergency shelters for homeless individuals and families;
- Help operate shelters;
- Provide essential services to shelter residents;
- Rapidly re-house homeless individuals and families; and
- Prevent families and individuals from becoming homeless.

The Village of Schaumburg is not an ESG entitlement community. Cook County receives ESG funds for distribution throughout suburban Cook County. Cook County encourages input through their public participation process on how ESG funds are distributed.

The Alliance to End Homeless in Suburban Cook County is the Homeless Management Information System HMIS lead for suburban Cook County. The Alliance has an HMIS committee that reviews the HMIS policy manual annually and recommends changes, if needed, for adoption by the Alliance Board.

2. Agencies, groups, organizations, and others who participated in the process and consultations

Narrative

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal setting.

The Village of Schaumburg will make the 2026 Annual Action Plan available for a 30-day public comment period with comments accepted between June 19, 2026, and July 20, 2026, as required by HUD. Before adoption of the Annual Action Plan, the Village will hold a public hearing on July 9, 2026. This public hearing will be held in person at the Temporary Village Hall (1000 Woodfield Rd). Special accommodations will be made for those who want to participate in the hearing.

The Village published a combined notice for the public hearing and public comment period in the Daily Herald, and on the village's website on June 19, 2026. The public notice included the time, location, and sufficient information about the subject of the hearing to allow for informed public comment. Copies of the entire plan will be available for review at Village Hall and available on the Village webpage during the public comment period. In addition, the Village is prepared to provide free copies of the plan to residents and groups upon request.

The Village will consider any written or verbal comments received during the review period. A summary of these comments and a summary of any comments not accepted and the reasons for not accepting them will be incorporated into the final plan.

The Health and Human Services Committee is scheduled to review the plan on June 25, 2026. Final approval of the 2026 Action Plan will be reviewed and approved by the Village Board on July 28, 2026. Any comments received during the comment period will be included in the final submittal to HUD.

Table 4 – Citizen Participation Outreach

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c) (1,2)

Introduction

The primary funding source for the plan is the Village's CDBG allocation. For Program Year 2026, the Village's annual entitlement amount is $396, 919. The Village anticipates a total of $0 in uncommitted prior year resources, which will be utilized in Program Year 2026.

In addition to the annual allocation and uncommitted prior year funds, program income can also be used as a source of CDBG funding. Program income is generated from the repayment of loans issued through the Residential Rehabilitation Program. For the Residential Rehabilitation Program, the loan is repaid in 30 years, when the home is sold, when the home is no longer the participant's primary residence, or when there is a change of title, whichever occurs soonest. The first Residential Rehabilitation Loan was issued in 1997. The village has received repayment for majority of the loans for applications that were received in 1997. However, there are two outstanding loans that were issued in 1998 and will become due in 2028. The loans could be due sooner if a home is sold, there is change of title or the home is no longer the owner's primary residence.

In the past 5 years, the Village has received approximately $282,961 in program income (approximately $56,592 per year). Although this has been the standard, the Village cannot rely on program income as a regular source of funding. Program income is the repayment of loans typically through the Residential Rehabilitation Program. Loans will only be due for those individuals that sell their home, change title, or no longer use the home as a primary residence. Due to the inconsistency in receiving program income, the Village is not anticipating any program

income to be received. Once the Village receives $25,000 in program income, it must be reported to HUD and used for CDBG-eligible activities.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan $	Narrative Description
			Annual Allocation: $	Program Income: $	Prior Year Resources: $	Total: $		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public facility Improvements Public Services	$396,919	$0	$0	$396,919		The Village anticipates an annual allocation of $396,919 in Program Year 2026. This is Year 2 of the Five-Year Consolidated Plan.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state, and local funds), including a description of how matching requirements will be satisfied.

The CDBG Program does not require a match of funds. Schaumburg, like other public and private agencies, has limited resources to address the numerous needs identified in the Five-Year Plan. The Village uses its CDBG funds on an annual basis to address these stated needs. The Village does not qualify for formula allocations for Emergency Shelter Grant (ESG) funds or for Housing Opportunities for Persons with AIDS (HOPWA). HOPWA is administered by the City of Chicago for the metropolitan area. Since the Village has joined the Cook County HOME Consortium, there is potential for HOME funds to be used for additional housing activities in the Village.

Since the Village does not have the resources to address all of the community's needs by itself, it depends on outside resources to help address those unmet needs. The Village will seek to leverage outside resources by using its CDBG funds as seed money where appropriate. The greatest resources are local social service agencies. These agencies provide much of the work and overhead to address many of the Village's housing and community development needs. While the Village, county, or state often supplies limited cash resources, it is the individual agencies that provide the coordination and networking to provide necessary public services.

The Village is contributing CDBG funds to 3 facility projects for public service agencies (Little City foundation, WINGS and Harbour House). The Village has funded public infrastructure projects to replace or improve public infrastructure in a census block group identified by HUD as CDBG eligible.

Additionally, the Village waives permit fees (up to $5,000) for CDBG-funded projects to help defray costs.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

The Village has used CDBG funds for public infrastructure projects, which may include street, sidewalk, or other improvements.

Discussion

The Village anticipates having $396,919.00 available during PY 2026.

Annual Goals and Objectives

Table 6 – Goals Summary

Goal Descriptions

1	**Goal Name**	Affordable Housing
	Goal Description	The Village will continue to provide a Residential Rehabilitation Program and Handy worker Program to assist low- and moderate-income residents with eligible home improvements and repairs. It is estimated that a minimum of 8 households will be assisted through the Handy Worker Program and minimum of 4 households will be assisted through the Residential Rehab Program. The Village will also continue to contract out the Residential Rehab Program to North West Housing Partnership.
2	**Goal Name**	Homeless/Continuum of Care Public Services
	Goal Description	The Village will fund public services to provide homeless and homeless prevention services, housing support and case management, transitional housing, and emergency housing.
3	**Goal Name**	Special Needs Public Services
	Goal Description	The Village will fund public services to provide supportive services for abused and neglected children, persons with disabilities, and victims of domestic violence.
4	**Goal Name**	Other Public Service (Non-Housing/Non-Special Need)
	Goal Description	The Village will fund other public services that do not provide homeless or special needs services, including subsidized healthcare
5	**Goal Name**	Public Service Facilities
	Goal Description	The Village will fund 3 public service facility projects. The 3 public facility projects include the Little City Foundation's Countryside Day Service Center (50 persons assisted), WINGS Transitional Home Renovation (7 persons assisted), and Harbour House Renovation (7 persons assisted).

6	**Goal Name**	Economic Development
	Goal Description	The Village will offer a Small Business Loan Program to assist businesses with job creation. The program has recently been expanded to provide assistance to Microenterprises. The Village will also offer a Microenterprise Grant Program in collaboration with the Roosevelt Incubator for Schaumburg Enterprises (RISE) Program. It is estimated that 2 full-time jobs will be created/retained and 4 businesses will be assisted.
7	**Goal Name**	Planning & Administration
	Goal Description	The Village will utilize funds for staff to administer the CDBG program. This includes salary, advertising, supplies, etc. needed to administer the CDBG program. The Village is also budgeting to spend $25,000 of Planning and Administration funds to conduct a Housing Study for the Village.

AP-35 Projects - 91.420, 91.220(d)

Introduction

The Village has identified the following eligible projects, which will address the proposed goals identified within the Strategic Plan.

#	Project Name
1	Planning & Administration
2	Residential Rehab Program
3	Handy Worker Program
4	Public Services
5	Economic Development Assistance
6	WINGS Transitional Home Renovation
7	Harbour Transitional Home Renovation
8	Litle City Countryside Center Renovation

Table 7 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs.

Schaumburg's Annual Action Plan works to further the goals and objectives of the Consolidated Plan. The 2026 Action Plan seeks to fund projects that are able to meet the needs of the homeless, low income, youth, elderly, disabled and underserved. HUD allows entitlement communities to utilize a maximum of 15% entitlement funds plus 15% of the previous year's program income for public service projects. The subrecipients provide invaluable services and activities for the low- and moderate-income residents of Schaumburg; therefore, the Village will continue to monitor sub-recipients to ensure that CDBG funds are used efficiently and that the underserved needs of Schaumburg are effectively being met.

AP-38 Project Summary

Project Summary Information

1	**Project Name**	Planning & Administration
	Target Area	
	Goals Supported	Planning & Administration
	Needs Addressed	Planning & Administration
	Funding	CDBG: $79,380
	Description	HUD allows entitlement communities a 20% administration cap. Schaumburg will receive an allocation of $396,919. Based on this amount, $79,380 is available for eligible CDBG administration and planning activities. The Village anticipates spending $79,380 of the CDBG entitlement towards administration costs, salaries and village wide Housing Study.
	Target Date	9/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	N/A
	Location Description	Administration of the program will occur at the Village Hall at 101 Schaumburg Court, Schaumburg, IL 60193.
	Planned Activities	Examples of administration costs include but are not limited to advertising, audit, postage, travel, meetings and training, dues and subscriptions, fair housing initiatives, office supplies, document destruction. The Village anticipates $44,000 for staff salaries who are involved in administration of the program. The Village is also budgeting to spend $25,000 of Planning and Administration funds to conduct a Housing Study for the Village.
2	**Project Name**	Residential Rehab Program
	Target Area	

	Goals Supported	Affordable Housing
	Needs Addressed	Maintain & Improve Owner Occupied Housing
	Funding	CDBG: $110,000
	Description	The Village will provide 0% interest loans to residents for code violation corrections, weatherization improvements, and to fix items in disrepair.
	Target Date	9/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	The Village anticipates assisting a minimum of 4 households with home improvements through the Residential Rehabilitation Program.
	Location Description	Assistance is available community wide. Homes must be located within the corporate boundaries of the Village of Schaumburg
	Planned Activities	The Residential Rehabilitation Program provides 0% interest loans to eligible applicants. Loans are due in 30 years or upon sale or change of title of the home, whichever occurs first. The maximum loan amount is $25,000 for a single-family detached home, and $15,000 for a multi-family unit. The Village will contract out with North West Housing Partnership to administer the program.
3	**Project Name**	Handy Worker Program
	Target Area	
	Goals Supported	Affordable Housing
	Needs Addressed	Maintain & Improve Owner Occupied Housing
	Funding	CDBG: $6,000

	Description	The Village provides grants for minor housing repairs for seniors and persons with disabilities. Examples of eligible projects include repair of light switches, outlets, light fixtures, caulking, repair of windows/doors, and installation of ADA grab bars and other accessibility improvements.
	Target Date	9/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	The program will assist seniors and persons with disabilities. It is anticipated that a minimum of 8 households will receive assistance.
	Location Description	Assistance is available community wide. Homes must be located within the corporate boundaries of the Village of Schaumburg.
	Planned Activities	Village Staff will administer the Handy worker Program, which provides a maximum grant of $750 to eligible homeowners. Minor repairs include ADA improvements, electrical improvements, and other eligible repairs of items.
4	**Project Name**	Public Services
	Target Area	
	Goals Supported	Homeless/Continuum of Care Public Services Special Needs Public Services Other Public Service (Non-Housing/Non-Special Need
	Needs Addressed	Support Homeless/Continuum of Care Public Services Support Special Needs Public Services Support Other Public (Non-Special Needs & Housing)
	Funding	CDBG: $66,500
	Description	The Village will contract with various public service agencies who provide services to Schaumburg. HUD allows entitlement communities to utilize a maximum of 15% entitlement funds plus 15% of the

		previous year's program income for public service projects. Funds will be used to support housing/homeless prevention programs, housing programs for persons with special needs, victims of domestic abuse, abused/neglected children, persons with disabilities, and other low- and moderate-income populations.
	Target Date	9/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	A total of 454 persons will receive assistance.
	Location Description	Locations vary depending on organization.
	Planned Activities	The Village will contract with various public service agencies to provide needed services to Schaumburg residents.
5	**Project Name**	Economic Development Assistance
	Target Area	
	Goals Supported	Economic Development
	Needs Addressed	Economic Development
	Funding	CDBG: $75,000
	Description	The Village will provide business assistance for microenterprises and for job creation and retention.
	Target Date	9/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	The Village will provide assistance to small businesses to create or retain jobs for low- and moderate-income persons. Funds will also be used to provide assistance to micro-enterprise businesses owned by low- and moderate-income persons. It is estimated that a total of 2 jobs will be created/retained, and 4 micro-enterprise businesses will be assisted.
	Location Description	Assistance is available to businesses located in the Village of Schaumburg.

	Planned Activities	The Village's Economic Development Department will administer small business and micro-enterprise assistance programs. Assistance may include but is not limited to assistance with lease/acquisition of tenant space, acquisition of inventory, building renovations, payment of salaries, marketing/advertising, financial management education, job training, and purchase of equipment. The Village will also offer micro enterprise assistance in collaboration with the Roosevelt Incubator for Schaumburg Enterprises (RISE) Program at Roosevelt University.
6	**Project Name**	WINGS Transitional Home Renovations
	Target Area	
	Goals Supported	Public Facilities
	Needs Addressed	Public Facilities
	Funding	CDBG: $14,000
	Description	The Village will assist WINGS with renovations to one of their Share Transitional Homes. WINGS provides case management, advocacy, assistance with employment and education resources and access to benefits for survivors of Domestic Violence. WINGS Schaumburg House accommodates two or three families in a single residence.
	Target Date	9/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	A total of 11 persons will have improved access to the facility.
	Location Description	The home is located within Schaumburg.
	Planned Activities	WINGS is requesting funding to install a privacy fence around its Shared Transitional Living Home in the Village of Schaumburg to provide additional safety and security for survivors of domestic violence residing at the home.

7	**Project Name**	Harbour Transitional Housing Renovation
	Target Area	
	Goals Supported	Public Facilities
	Needs Addressed	Public Facilities
	Funding	CDBG: $12,000
	Description	The Village will assist the Harbour Home with renovations. The Harbour uses the home for female youth ages 16-23 that are experiencing homelessness.
	Target Date	9/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	A total of 7 persons will have improved access to the facility.
	Location Description	The home is located within Schaumburg.
	Planned Activities	The Harbour proposes exterior alterations to address critical structural and safety concerns on the property. Improvements include repairing the chimney, replacing the front door sill, and repairing the surrounding brickwork to prevent further damage, water intrusion, and potential safety hazards.
8	**Project Name**	Little City Foundation: Countryside Center in Schaumburg
	Target Area	
	Goals Supported	Public Facilities
	Needs Addressed	Public Facilities
	Funding	CDBG: $34,000
	Description	The Village will assist the Little City Foundation with renovations to the Countryside Center Adult Day Service location in Schaumburg. This facility provides days services and programing to at least 50

		Schaumburg residents with severe intellectual and developmental disabilities, including profound autism.
	Target Date	9/30/2027
	Estimate the number and type of families that will benefit from the proposed activities	A total of 50 persons will have improved access to the facility.
	Location Description	The property is located in Schaumburg at 2360 Palmer Dr, Schaumburg IL 60173
	Planned Activities	Interior building alterations to the facility to better serve individuals with intellectual and developmental disabilities (IDD), including severe autism.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed.

For the most part, CDBG funds will be available Village-wide with a few exceptions noted below. The Village will continue to research the low- and moderate-income areas and areas of concentration to determine whether additional funding needs to be concentrated within those areas. The exceptions are as follows:

1. The Harbour Transitional Home is located in Schaumburg.
2. The WINGS Transitional Home is located in Schaumburg.
3. The Little City Foundation Countryside Center is located in Schaumburg.

Geographic Distribution

Target Area	Percentage of Funds
Schaumburg - City Wide	100
Low and Moderate Income Census Block Groups	0

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

There are no target areas identified within the Village per HUD's definition. Investment is based on applications received from public service agencies.

Discussion

CDBG funds will be available Village-wide with a few exceptions noted above. The Village will continue to research the low- and moderate-income areas and areas of concentration to determine whether additional funding needs to be concentrated within those areas.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The Village's plan identifies several activities that address affordable housing, including assistance to variety of public service agencies as well as Village-run programs, including the Residential Rehabilitation Program and Handy Worker Program.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

The village plans to conduct a Housing Study using part of the Planning and Administration funds from this Program Year. The Village will prepare a Housing Study that evaluates existing housing conditions and village demographics, identifies gaps and opportunities within the current housing stock, and provides actionable recommendations to guide future housing strategies and development. The village Comprehensive Plan includes a goal to provide a diverse range of quality housing options that allows the village to retain and attract residents. The study will increase knowledge of the community, market forces, real estate conditions, and broader trends so that the village can shape and refine community housing goals.

The Village of Schaumburg implemented its first property tax in 2009 and since then has reduced or maintained the levy each year. The 2025 proposed levy was kept exactly the same as 2024, which was 5% lower than 2018. Property taxes are used to pay a portion of day-to-day Public Safety operations such as Police, Fire, and Emergency Medical Services and Police and Fire Pension obligations. Previously, it was also used to pay Principal and Interest on bonds sold to fund infrastructure improvements and leverage federal grant funds available through the American Recovery and Reinvestment Act. However, the bonds were repaid in 2019 resulting in the 5% property tax levy reduction.

Overall, residential permit fees are provided at a reduced rate when compared to commercial projects. The Village waives permit fees for non-profit agencies, and CDBG-funded projects up to $5,000.

The Village has also met with various agencies that are interested in affordable housing and has shared various locations and financial resources

that could be available.

Discussion

The Village has policies/programs in place to assist with affordable housing.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

This section discusses actions that the Village will take to address needs. In addition to the use of CDBG funds, the Village has several non-CDBG funded programs in place to help facilitate the needs of low- and moderate-income residents.

Actions planned to address obstacles to meeting underserved needs.

Schaumburg's Annual Action Plan works to further the goals and objectives of the Consolidated Plan. The 2026 Action Plan seeks to fund projects that are able to meet the needs of the homeless, low income, youth, disabled and underserved. HUD allows entitlement communities to utilize a maximum of 15% entitlement funds plus 15% of the previous year's program income for public service agencies. The subrecipients provide invaluable services and activities for the low- and moderate-income residents of Schaumburg; therefore, the Village will continue to monitor subrecipients to ensure that CDBG funds are used efficiently and that the underserved needs of Schaumburg are effectively being met.

The needs of the homeless and other special populations continue to be a concern in Schaumburg. The Annual Action Plan is designed to meet the needs of the homeless and other special populations through the continuum of care (outreach and assessment, emergency shelter, and transitional housing). In general, public service funds were spread among agencies providing outreach and assessment, emergency shelter, housing, and other special needs. Specifically, the Village is providing funds to Fellowship Housing Corporation, Journeys the Road Home, WINGS, and Northwest Compass.

By funding these agencies, the Village seeks to prevent and eliminate homelessness in Schaumburg. These different public service agencies provide services for the whole continuum of care allowing for a homeless person to make the transition to permanent housing and independent living as well as preventing those at risk of becoming homeless. The Village will continue to participate in forums and meetings such as the Alliance to End Homelessness. Schaumburg will also collaborate with others to address area concerns such as affordable housing, day care, transportation, and other issues identified within in the Consolidated Plan.

Another obstacle to meeting underserved needs is the limited amount of developable land, rental units, and affordable housing for low- and moderate-income residents, which limits the opportunities for new construction projects. The administration of the Residential Rehabilitation Program, and the Handy Worker Program assist eligible residents with necessary housing costs, but the Village must still be

proactive to identify barriers to affordable housing.

Actions planned to foster and maintain affordable housing.

The Village anticipates assisting a total of 241 people through public services to provide housing assistance, including services to homeless and non-homeless. A total of $33,000 is anticipated to be utilized.

Another program goal is to foster decent and affordable housing through the Residential Rehabilitation Program. Through the Residential Rehabilitation Program, the Village is able to foster and maintain affordable housing by reducing the cost burden for residents who would not be able to afford to rehabilitate or repair their homes without CDBG assistance. During program year 2026, the Village plans to rehabilitate a minimum of 4 homes through the Residential Rehabilitation Program. The Village will contract out with North West Housing Partnership to administer this program on the Village's behalf.

The Village also will continue the Handy worker Program to assist seniors and persons with disabilities with eligible minor repairs and ADA improvements. These minor repairs improve the quality of life for these applicants and allow for the repair of smaller items such as outlets, light switches, etc., that may not otherwise be repaired. The Village plans to assist a minimum of 8 households with minor repairs.

The Village is also allocating funds to Harbour for renovation of their transitional home located in Schaumburg. The Harbour proposes exterior alterations to address critical structural and safety concerns at the property. Improvements include repairing the chimney, replacing the front door sill, and repairing the surrounding brickwork to prevent further damage, water intrusion, and potential safety hazards.

The Village is also allocating funds to WINGS for a project at one of their transitional homes located in Schaumburg. Proposed work includes the installation of a privacy and perimeter fence to provide more safety and security to residents at the home.

Actions planned to reduce lead-based paint hazards

The Village of Schaumburg has implemented HUD's lead-based paint regulations for the Village-administered programs. Informational materials are handed out as part of the Residential Rehabilitation Program application to inform anyone requesting an application of the dangers of lead-based paint. Additionally, if the dwelling was built prior to 1978, then the dwelling is inspected and monitored to identify any hazards. Should any lead-based paint hazards be present in the dwelling, safe work practices or abatement may be necessary depending on the cost of assistance.

Through the Handy worker Program, each scope of work is reviewed individually on a case-by-case basis to determine whether the lead-based paint regulations apply. Paint is not normally disturbed through

the minor repairs completed, so the lead regulations typically do not apply. In instances where the home was constructed prior to 1978, Village Staff ensures that the scope of work does not disturb paint.

Additionally, lead-based paint testing may be necessary for public facility projects for properties constructed prior to 1978.

Actions planned to reduce the number of poverty-level families

The 2026 Action Plan is also designed to assist low- and moderate-income residents through the various programs funded by CDBG. Through the funding of the public service agencies, the homeless and poverty-level families are assisted by these organizations and their programs. The Village works to coordinate these activities so that a homeless continuum of care is available to every person in need no matter what stage of the homeless continuum they are in. By funding different agencies with unique programs, the residents are able to work their way from homelessness to self-sufficiency. In addition to providing housing and homeless assistance, the Village will also fund other agencies that provide services to Schaumburg's low- and moderate- income residents to provide services that can help reduce the number of persons below the poverty line.

Actions planned to develop institutional structure

The Village is involved in all aspects of providing community development services to Schaumburg residents. For CDBG-funded programs, there are several Divisions/Departments involved. The Residential Rehabilitation Program & Handy worker Program are directly administered by the Community Development Department's Planning Division; however, both the Code Enforcement Division and the Building Division are involved in conducting inspections of the homes that are being rehabilitated. Any construction permit fees up to $5,000 are waived for any CDBG-funded projects. The Engineering & Public Works Department manages public infrastructure projects, and the Economic Development Department manages economic development programs. The Finance Department assists with the handling of CDBG funds. The Village's Health and Human Services Committee and Village Board, which are comprised of Schaumburg residents, all have roles in reviewing the Action Plan.

The Village also provides direct services to persons in need without the use of CDBG funds:

The Police Department's Multi-Family Crime Free Housing Program is designed to assist tenants, owners, and managers of rental property in keeping drugs and other illegal activity away from their properties. Topics such as Housing Choice Vouchers and Fair Housing are included in the program. The benefits of the program allow for a stable, more satisfied tenant base, increased demand for rental units, lower maintenance and repair costs, increased property values, improved personal safety for tenants, landlords and managers, and peace of mind that comes when spending more time dedicated to

routine management and less time on crisis control.

The Village Social Workers assist the homeless, abused, elderly and other persons that need immediate help. Some of the valuable services provided by the Social Workers include transportation, legal assistance, or money for emergency assistance. The social workers manage the following programs:

- Community Assistance Fund: The Community Assistance Fund assists victims of domestic violence and other crimes, as well as other families in crisis situations that are referred from the police department. This fund provides critical services such as transportation, housing, help with legal fees, and other expenses that other agencies cannot provide.
- Neighbors Helping Neighbors: The Neighbors Helping Neighbors fund assists with residents who are at risk of having their water shut off.

The Village's Nursing Division provides a variety of services to promote the physical and emotional well-being of Village residents. Services include limited in-home care, blood pressure/heart rate, blood sugar tests, body composition analysis, medication review, nurse consultation, children's immunizations, and memory screening. The Division also provides blood drives, lending of medical equipment and disposal of medication, syringes and needles.

The Village of Schaumburg Barn houses the Teen Center and several senior programs including the Senior Meal Program, free health clinics, intergenerational programs with local youth, medical seminars, financial seminars, and social activities.

The Transportation Department administers the Senior and Disabled Taxi Program, which provides subsidies in cooperation with licensed taxi companies. Seniors aged 65 or older or persons with a medically certified disability who reside in Schaumburg may be eligible for this program. The Transportation Department also manages the Dial-A-Ride-Transportation Program, which offers curb to curb bus service Monday through Friday.

Actions planned to enhance coordination between public and private housing and social service agencies

There are several non-profit groups that provide housing and social services to Schaumburg residents. The Village plans to fund 9 public service agencies with public service assistance. Additionally, the Village will fund 3 public facility improvements.

Discussion

In addition to the use of CDBG funds, the Village has several non-CDBG funded programs in place to help

facilitate the needs of low- and moderate-income residents.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

The Village will comply with the CDBG Program specific requirements. It is anticipated that 100% of CDBG funds will be utilized for low- and moderate-income persons. All projects identified within the plan will be utilized for CDBG-eligible persons, households or areas.

Community Development Block Grant Program (CDBG)
Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	**0**

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

Discussion

The overall benefit from this Action Plan includes program year 2026.
