PUBLIC RELATIONS:
A scrivener's error correction to Ordinance No. 35-2025 [Accompany Rezone] was noted.

UNFINISHED BUSINESS:
Ordinance No. 38-2025 An Ordinance Vacating Portions Of CR N 100 W (Sponsored by Mayor) [No. of Readings 2 of 2]

Councilor Blanco read Ordinance No. 38-2025 by title only.

Councilor Blanco moved for passage of Ordinance No. 38-2025 on second reading, and that the vote be by roll call. The motion was seconded by Councilor Bellisario.

President Leverenz noted that a proposed amendment is on the agenda. Councilor Blanco moved to amend Ordinance No. 38-2025 by substitution. The motion was seconded by Councilor Bellisario and the motion passed by unanimous voice vote. President Leverenz announced that Ordinance No. 38-2025 has been amended.

Councilor Blanco moved to open a public hearing Ordinance No. 38-2025 (Amended). The motion was seconded by Councilor Bellisario and the motion passed by unanimous voice vote.

There were no comments from the public; however, Ryan Munden (Reiling Teder & Schrier, LLC), representing the petitioner, spoke about the project at this time.

Mr. Munden explained that the amendment was due to only a half-width of the right-of-way being included in the original filing while the amended version includes the full width. He displayed maps to the Council to help describe the area of the vacation, which is related to the Research Village, Phase 3 planned development. The Roundtable Drive

extension goes through the project. He noted that the County Commissioners also approved a vacation of a portion of the County Road and that one portion is being left in place to allow access to the Foust property. He also noted that there is a related petition for disannexation going to the Board of Public Works and Safety next week, and that will disannex a portion of Roundtable and the north half of the right-of-way. This is all some housekeeping to clean the area up for the Yeager Road and Roundtable extensions.

President Leverenz took the consent of the Council and closed the public hearing on Ordinance No. 38-2025.

There was no further discussion.

President Leverenz announced that Ordinance No. 38-2025 (Amended) has passed on second and final reading.

NEW BUSINESS:
Ordinance No. 39-2025 To Amend Certain Portions Of The Unified Zoning Ordinance Of Tippecanoe County, Indiana, Designating The Time When The Same Shall Take Effect. (Tomish Developers, LLC – Shane O'Malley) (The Sullivan PD) (R3W to PDMX) (Submitted by Area Plan Commission) [No. of Readings 1 of 1]

Councilor Blanco read Ordinance No. 39-2025 by title only.

Councilor Blanco moved for passage of Ordinance No. 39-2025 on first reading, and that the vote be by roll call. The motion was seconded by Councilor Bellisario.

Mr. Munden, representing the petitioner, stated that this proposed rezone is for a six-story project bounded by Fowler Avenue, Wiggins Street, Chauncey Avenue, and Vine Street. The project is called The Sullivan, which is a nod to Louis Sullivan as the architecture of the project was inspired by his work. The project consists of a maximum of 551 beds and 178 parking spaces in a partially below-grade garage with access off Vine, with an option for 7,000 square feet of commercial space on the ground floor. Amenities will include an improved streetscape with plantings and seedings as well as two courtyards inside the

building and rooftop amenity space. The property currently has nine residential structures with 133 beds and surface parking. Existing tenants have been notified, and no demolition or construction will commence until leases expire. The developer has also committed to exploring the purchase of trees and plantings from the City's nursery. In response to Councilor Lee, Mr. Munden stated that the parking ratio is 0.32, which is higher than some other recently approved projects.

Councilor Schenkel stated that he thinks we are digging ourselves into a hole on parking in the City, especially with developments like this. He appreciates that the developer followed all the rules, but as a Councilperson, especially representing District 1, he needs to express that parking is just not working well in the densely populated areas. He knows that a neighboring property owner is concerned that their parking will be affected by this development. That said, Councilor Schenkel also understands the need for more apartments in the community, especially in the densely populated areas, to receive both Purdue students and those from business expansions that are happening. He asked if Mr. Munden can speak at all about how the needs can be balanced for neighborhood parking and controlling developers' costs.

Mr. Munden stated that parking ratios are driven by need rather than costs. The developers see that a lot of students do not have cars, so there is a difference in the trend now than in the past. He added that the project includes 200 bicycle parking spaces, and with the proximity to campus there is not an expectation of a lot of vehicular traffic.

Councilor Schenkel added that he thinks it would be interesting for the City to do a study in cooperation with Purdue and other major universities to ask the question of how many students are bringing cars to campus versus how many were in the past. He has heard the argument many times while living here, yet he sees the increase in number of cars when Purdue is in session than when not in session.

Mr. Munden stated that the Board of Zoning Appeals (BZA) hears a lot of parking variances because the APC has studied parking in the County as a whole and found that we are extremely over parked. There is a balance of making sure parking is available but not having concrete jungles of empty parking lots and garages.

In response to questions from Councilor Blanco, Mr. Munden stated that no minimum bed count is set, and the current leases on the site end in May 2026. Councilor Blanco asked if Mr. Munden has a reasonable estimate for what the rent will be when the project is complete. Mr. Munden responded that the rent will be market driven but cannot provide a number because expenses such as property taxes and insurance are unknown years out. Councilor Blanco asked what rent would be if costs were given as current costs, and Mr. Munden responded it would be between $1,200.00 and $1,500.00. Mr. Munden indicated to Councilor Blanco that he is not aware of the rent of the current units.

Councilor Blanco confirmed with Fire Chief Need that the current buildings are from the 1980s and asked if the Fire Department has concerns about those buildings. Chief Need responded that older buildings do not have modern fire protection systems, including room construction built to hold fire in a room, alerting options, and sprinkler systems. From a fire and safety standpoint, the Fire Department prefers this new type of structure

over buildings that were built even 20 or 30 years ago. However, he has not had concerns brought to him about the structural safety of the current buildings.

Councilor Rajkarnikar asked about the projected build time and if there were traffic studies conducted. Mr. Munden responded that they are looking at a delivery date of fall 2028, and no traffic studies were done as part of the planned development.

Samantha King (128 Wiggins Street) stated that she is the McClure Cooperative Association Alumni Board President, located across from this project. The Association representatives attended the APC meeting, and they have concerns. Although they welcome development and the space Purdue needs, there are parking, traffic, and safety concerns. They deal with the parking problem consistently. Students do need to drive to go to a grocery store and other shopping. In her research, the parking ratio for this project is for a densely packed City such as New York City, and even with Purdue, West Lafayette is not considered a large urban environment. She would like to work with the developer to discuss increased parking. People who live in the area feel parking is very saturated, and it is going to push students to park north and cause complaints there. She asked where employees of the commercial space would park. The Association would like a traffic study to be done, including the street lighting for safety.

[Councilor Bellisario temporarily left the meeting at 6:58 p.m.]

Mr. Munden noted that parking ratios are established by the City, so this follows the rules as set. With respect to safety, the Police Department is involved in the meetings of the planned development process, and they requested access to link the security cameras inside and outside to the Department's IT infrastructure. As with other new projects, this one will be heavily monitored. Everyone will be on camera, for good or bad.

There was no further discussion.

Ordinance No. 40-2025 An Ordinance To Set The 2026 Salary Schedule For Elected Officials, Appointed Officers, Employees, Members Of The Police Department, Members Of The Fire Department, Wellness Center, And Wastewater Treatment Utility Of The City Of West Lafayette, Indiana (Presented by Controller) [No. of Readings 1 of 2]

Councilor Blanco read Ordinance No. 40-2025 by title only.

Councilor Blanco moved for passage of Ordinance No. 40-2025 on first reading, and that the vote be by roll call. The motion was seconded by Councilor Lee.

Controller Gray explained that this reflects the salaries in the 2026 budget. It includes a 3% salary increase for full-time and part-time regular employees. There is also a $1,500.00 increase on the longevity pay for sworn officers who have served West Lafayette for 20 or more years.

Councilor Schenkel stated that he is glad we are providing an increase to employees as they deserve as much as the budget can tolerate. Controller Gray noted that the increase was encouraged by Mayor Easter.

Zachary Baiel (124 Connolly Street) asked if anyone besides the Mayor, Clerk, and Wastewater Utility employees is receiving a portion of their salary from the Utility funds, as he knows this was the case in the past. He stated it would be nice to know the balance of how many employees are at the different levels of the salaries to analyze what the load is for each department and division. He would also like to see the percentage change year over year shown on the document.

Sean Sasser (112 Tamiami Trail) stated that he saw from an open government source that the Mayor's salary is $128,000.00 per year, and he asked if the Mayor also receives the 3% increase. He stated that she makes 113% more than the average City employee, and 105% more than the median City employee. The average salary for someone in West Lafayette, according to the Bureau of Labor Statistics is $55,560.00. While he understands and appreciates that the Mayor and senior individuals work very hard, he thinks the money would be better spent bringing some people on the lower end of the scale up to par. Controller Gray confirmed that the 3% increase includes elected officials.

Ordinance No. 41-2025 An Ordinance Setting The 2026 City Budget And Setting The 2026 Tax Levy On Property And Tax Rate (Prepared by Controller) [No. of Readings 1 of 2]

Councilor Blanco read Ordinance No. 41-2025 by title only.

Councilor Blanco moved for passage of Ordinance No. 41-2025 on first reading, and that the vote be by roll call. The motion was seconded by Councilor Lee.

Controller Gray stated that there will be a public hearing at the second reading of the budget, scheduled for October. He reviewed some of the changes and assumptions to the 2026 budget. According to estimates from the State, the revenue from the financial institution tax and the commercial vehicle excise tax will be $98,000.00 less in 2026. Also, the impact of the 2025 Senate Bill 1 (SB1), related to property taxes, will cause up to a $500,000.00 decline. The State estimates local income tax at a $1 million increase, which affects the General Fund, Economic Development Income Tax (EDIT) Fund, and the Public Safety Local Income Tax (LIT) Fund. Also, the City's portions of the gas and wheel taxes are projected to be up by around $100,000.00. General fund expenses are up approximately $1.8 million; $1.2 million is personnel. He noted that part of the personnel amount is due to an increase in the City's obligation to the State's retirement system for sworn officers, along with the salary increase and insurance cost increases. The Motor Vehicle Highway (MVH) and Local Roads and Streets budget is increased just under $3 million, mainly due to the Soldiers Home Road Project and the asset management plan. He explained that Soldiers Home Road is outside of the Tax Increment Financing (TIF) districts, so that project will unfortunately not get help from those dollars; the City has been saving for a few years to handle that project. The EDIT budget is also increased by about $600,000.00, partly due to contracting with Merchant McIntyre who has helped the City with receiving federal grants – it has been well worth the money. There is also an increase for AmeriCorps and for public relations to get more communication out. The Cumulative Capital Development (CCD) Fund is up by $400,000.00, some of which will help facilitate moving City-wide licensing to that fund and for maintenance on the outdoor pool. The total budget increase for all funds is 16.3%.

[Councilor Bellisario returned at 7:10 p.m.]

In response to Councilor Burr, Controller Gray stated that the 2026 budget does not increase staff at all; there are current vacancies that are still held in the 2026 budget. He noted that Mayor Easter thought it was more important to provide the 3% increase. Councilor Burr asked if there has been any benchmarking or exploration of other communities our size, and she asked if the City is running efficiently from a staffing

perspective. Controller Gray responded that the City is working with Baker Tilly on an extensive study to analyze how the City lines up with other entities and how we can meet expectations in areas where we may be behind.

Councilor Schenkel asked if Controller Gray agrees that SB1 has sent most local public entities in Indiana into a conflicted state by making next year very difficult to predict while the State works through the impact on budgeting. Controller Gray agreed, and he confirmed that the uncertain items he discussed are not unique to West Lafayette. Councilor Schenkel asked Controller Gray to speak about the budget areas that are higher than others, including the Controller's Office, Engineering, and Facilities. Controller Gray explained that the Controller's Office holds all the insurance for general liability and workers' compensation for the entire General Fund with increased expenses. The Engineering Department has a vacancy for an Assistant Engineer, and family insurance is budgeted for vacancies to ensure coverage for the employee's options when hired. Engineering also has an increase in contract services for a Professional Engineer to supplement the City's work. The new Facilities Manager is focusing on budgeting for preventative maintenance. Controller Gray also explained for Councilor Schenkel that money not spent goes back to the General Fund to use the following year.

Mr. Baiel stated that it was good to hear the assessed value information, but he would like a breakdown of where that is both numerically and geospatially to see where that value is in the City. He stated that the transparency portal that is available in the finance system would allow everyone, including Councilors, department heads, and the taxpaying public, to have accountability on funds to understand how the budget is being allocated and expensed. Mr. Baiel stated that he, and he believes others in the community, thinks that public safety money should be allocated and shared with the different township public safety units which assist and benefit everyone in the County. It was disappointing to know that Wabash Township has struggled with a variety of political and budgetary issues since the Public Safety Local Income Tax was implemented in 2019. The Wabash Township Fire Department regularly answers routine and emergency calls throughout the County. However, the County Council recently rejected the Township's formal request for some of those funds. Mr. Baiel knows that this Council can provide those funds, and he asked that the Council start discussions with the Township about how allocating those funds can support public safety in the County.

Councilor Blanco read Ordinance No. 42-2025 by title only.

Councilor Blanco moved for passage of Ordinance No. 42-2025 on first reading, and that the vote be by roll call. The motion was seconded by Councilor Bellisario.

Jenny Miller, PE (Christopher B. Burke Engineering), on behalf of the City's Engineering Department, explained that the right-of-way permitting system does not have a way to deal with emergency utility incidents. This will provide a process for the utilities to follow when there is an emergency, including notification to safety services, without getting the permit first. Within five days of the emergency, the utility company will need to get a retroactive permit so that work done, such as pavement repairs, can be inspected to ensure it was done properly.

Ordinance No. 43-2025 An Ordinance Amending Section 38-256 Of The City Of West Lafayette, Code Of Ordinances (Towing and Storage) (Sponsored by Mayor) [No. of Readings 1 of 2]

Councilor Blanco read Ordinance No. 43-2025 by title only.

Councilor Blanco moved for passage of Ordinance No. 43-2025 on first reading, and that the vote be by roll call. The motion was seconded by Councilor Bellisario.

Mayor Easter spoke about past concerns about towing, and there have also been changes at the State level that necessitate that we make updates. This change requires that towing companies provide a way for a vehicle to be retrieved 24 hours per day without a required wait in which they incur additional fees.

Councilor Blanco asked if the $68.00 fee is in addition to the regular towing fees. Mayor Easter responded it is the maximum fee to retrieve the vehicle outside of normal hours. Chief Ferguson confirmed that it is a fee above the normal towing service fee.

Councilor Schenkel stated that this appears to favor the consumer, and he wants to ensure there is not an opportunity for towing companies to add additional fees. Mayor Easter confirmed that that is the intent of the change.

Councilor Bellisario asked if regular operating hours are defined by the company or the City. Chief Ferguson responded it is defined by the company, although our agreement does include requests for certain availability so that they cannot randomly assign the $68.00 to every tow bill by being open for a short window of the day. Mayor Easter added that this change also defines what a day is – rather than starting at midnight, it is a 24-hour period from when the car is impounded.

Chief Ferguson stated for Councilor Burr that there are currently five towing services on the Department's rotation, and the Department makes sure that they all abide by our agreements with them. The Department is very aware of predatory towing tactics and the opportunities that might be taken to overcharge people, and we do not want to see that happen. He also explained that people find out where their car is by calling dispatch. They often report the car as being stolen, but the dispatchers are proficient at determining if the car has been towed. Chief Ferguson explained for Councilor Schenkel that a private property owner can incur towing fees themselves if they want to have a vehicle towed without involving the Police Department.

Councilor Blanco moved for passage of Resolution No. 17-2025 on first reading, and that the vote be by roll call. The motion was seconded by Councilor Bellisario.

Controller Gray stated that this is to transfer funds between categories without changing the total budget. He reviewed the items listed in the document. He requested approval of an amendment, as provided on the agenda.

Councilor Bellisario moved to amend Resolution No. 17-2025 by substitution. The motion was seconded by Councilor Lee, and the motion passed by unanimous voice vote.

President Leverenz announced that Resolution No. 17-2025 has been amended.

Councilor Parker asked about the budget showing only one fund for Court and asked where the Services category is listed. Controller Gray explained that there are not usually Services in that fund, but due to needing to pay a pro tempore judge, the Services category had to be added.

Councilor Sanders asked about the timeline of having a new regular judge for Court. Controller Gray explained that we are waiting on the governor to appoint one.

Resolution No. 18-2025 A Resolution To Participate In Opioid Settlement And Vote On Bankruptcy Plan (Purdue Pharma) (Sponsored by Mayor and Councilor Parker) [No. of Readings 1 of 1]

Councilor Blanco read Resolution No. 18-2025 by title only.

Councilor Blanco moved for passage of Resolution No. 18-2025 on first reading, and that the vote be by roll call. The motion was seconded by Councilor Bellisario.

Counsel Burns explained that this is similar to previous opioid settlement resolutions for a rolling process across the country of various opioid manufacturers reaching settlements. This one is the Sackler family, which is perhaps the most known. Outside counsel is working on the settlements for the City and they recommend this resolution as satisfactory. With it, the City agrees that the bankruptcy court should enter an order, and we will cast a ballot for the settlement on the terms laid out. This allows Mayor Easter and himself to sign the settlement document. The settlement provides an estimate of approximately $27,000.00. It is a very large number nationwide, but the City's amount is based on population.

Mayor Easter noted that some of the previous funds have gone to support our efforts through the Police Department for a Crisis Intervention and Social Services Specialist in collaboration with the County.

Susie Cheng (819 Pike Street) asked if the funds should not go back to the patients to support addiction. Counsel Burns responded that local units of government are allowed to determine how to best use the funds, and the City has also allocated funds to a wide range of services for people who have suffered from addiction. Although not a direct monetary check, it benefits people through those services. Councilor Parker added that Schedule E on the agenda includes a long list of programs that directly address opioid addiction that the restricted portion of funds must be allocated to. We have a committee that receives applications from local organizations and then determines funding after an interview process.

Resolution No. 19-2025 A Resolution Requesting A Comprehensive Analysis Of R1-Zoned Housing And Homestead Exemption Status Within The City Of West Lafayette, Indiana (Sponsored by Councilors Burr and Leverenz) [No. of Readings 1 of 1]

Councilor Blanco read Resolution No. 19-2025 by title only.

Councilor Blanco moved for passage of Resolution No.19-2025 on first reading, and that the vote be by roll call. The motion was seconded by Councilor Bellisario.

Councilor Burr spoke about the housing shortage that has been discussed for many years. This Council, Purdue, and developers working with the City's Development Department have done a lot to add resident halls and thousands of apartment units to try to alleviate the situation. This is to request an analysis of the R1 housing stock within West Lafayette to understand the current state and the state of change that the City is experiencing as it relates to single-family housing. This asks the Housing Director to work with colleagues in the City and County to pull together a comprehensive report of the status of the R1 zoned properties, including information on homestead exemptions and from the Rental Housing Inspection Program. She spoke about various issues that might be addressed by having this information.

Councilors, Counsel Burns, and Director Spitznagle discussed that the R1 data would include all the subtypes of R1 zoning. Councilors Schenkel and Burr discussed impacts of the homestead exemption, with Councilor Burr noting that it may be an educational component to help inform people who may or may not take advantage of that exemption. Councilor Burr confirmed for Councilor Schenkel that it is not meant to be punitive, but a correction of the exemption usage and also of registration under the Rental Housing program.

President Leverenz noted that we are not trying to get rid of rental houses in the City. This is just to get a picture of what is happening in the City.

Mr. Baiel stated that this sounds like a good community data project to proactively release the data to the public, providing additional perspectives and analysis to occur. The community would appreciate an amendment to include the proactive release of data and the inclusion of historical data. He would also like to see the number of occupants in each rental which can help show density, which is especially important to the New Chauncey Neighborhood where nearly all rentals are student rentals. He commented that it is fascinating how many first cousins live with each other at Purdue. He asked what tools the City would be willing to use to stop homestead credit fraud and the noncompliance with rental inspections. He expressed concern about a recent incident where an occupancy affidavit was not signed by the property owner.

Councilor Sanders expressed agreement with Mr. Baiel's points. He is not ready to make an amendment now but wonders about considering a postponement to the October meeting. Councilor Burr stated that this does not have to be a "one and done" initiative. If Director Spitznagle can come back in a couple months with an initial report, then the Council may have follow-up to it. She would rather start the analysis work and have the opportunity to build on it later. She noted that the Resolution does state that the report be given at a public meeting, so we do want to be transparent about the data. After further discussion, President Leverenz suggested this move forward in an informal way as Director Spitznagle has heard this discussion about what the report would include.

There was no further discussion.

Resolution No. 20-2025 Resolution Approving Interlocal Cooperation Agreement Concerning Redevelopment Of The John T. Myers Pedestrian Bridge (Sponsored by Mayor) [No. of Readings 1 of 1]

Councilor Blanco read Resolution No. 20-2025 by title only.

Councilor Blanco moved for passage of Resolution No. 20-2025 on first reading, and that the vote be by roll call. The motion was seconded by Councilor Bellisario.

Counsel Burns stated that his office filed this item a day after the deadline, and he requested approval of a late filing by suspension of the rules.

Councilor Blanco moved to suspend the rules and allow the late filing of Resolution No. 20-2025. The motion was seconded by Councilor Bellisario, and the motion passed by unanimous voice vote.

President Leverenz announced that the late filing of Resolution No. 20-2025 has been approved.

Mayor Easter explained that this interlocal agreement concerns the redevelopment of the John T. Myers Pedestrian Bridge. The funding for this substantial refurbishment will come from the RDC. Since there are two governmental entities working on the project together, it necessitates that the City of West Lafayette and the City of Lafayette jointly enter into an agreement. It includes each entity contributing $91,000.00 for engineering services.

Councilor Schenkel stated that as the representative for District 1, he believes this is an important and useful intergovernmental undertaking because the bridge is a wonderful connection between the two cities. He noted that he spoke with Counsel Burns to confirm that the requirements for appointees to the project's joint board require that both cities agree on any action before it is taken.

REPORT BY THE MAYOR

Mayor Erin Easter stated that over the last year, the City has gone through the process of evaluating the south reach of our Wabash Riverfront Plan in both West Lafayette and

Lafayette, which ties somewhat into the bridge redevelopment. The plan had originally contemplated what an enhanced riverfront would look like from West Lafayette's State Street bridge down to the US 231 bridge, including asking if we want to preserve it as-is or add amenities. During that process, we realized that a lot had changed in West Lafayette, and it is time to take another look at the central reach portion of that plan. We have had substantial growth along with a downtown plan and roadway plan that would help dictate what the built environment looks like relative to the riverfront. We want to ensure that what happens with the riverfront or the City is complementing each other rather than creating a barrier to enjoying the park or accessible housing in the area. There will be opportunities for public input in both cities for this plan. We hope the riverfront is something we can all be proud of and can work on a plan to ensure that it is accessible, welcoming, and clean. We want it to be a point of pride rather than reading stories about rowers on the Wabash getting sick.

COMMUNICATIONS

- Councilor Schenkel announced that there will be a book launch party on September 7th, celebrating the Tippecanoe County Historical Association's book, *200 Years of Tippecanoe County*, published by Purdue Press, with stories from community members. He also announced that David Hovde will be giving a talk on Purdue Tank Scraps on September 11th at the West Lafayette Public Library.

- Councilor Sanders stated that we do not need redistricting in this State at the behest of an authoritarian regime in Washington D.C. Our districts are already gerrymandered enough. To reconsider it on the flimsy basis that has been proposed is revolting. He also commented about the travesty of Make America Healthy Again (MAHA). He asked when precisely America was healthy so we can go back to that time. He stated that the assault on public health and science is a disgrace. This is the COVID revenge tour of the administration, and it is impacting us here and also impacting scientific research being undertaken at Purdue University. The science behind climate change is also under assault and that impacts what is going on at Purdue. He finds the silence from Purdue, in the face of immigration issues, the attack on science, the attack on health of Americans, and the attack on academic freedom – which is occurring at both the national and State levels – to be absolutely appalling.

CITIZEN COMMENTS

- A group of citizens each took turns reading parts of an open letter regarding the rezone related to SK hynix in May 2025, and it requests a reversal of that rezone. That letter read by the speakers and one related email are made a part of the electronic version of these minutes. After the reading of the letter, there were further questions and comments about the topic from other citizens. Those comments can be heard on the recording of the meeting on the City's website.

- Joseph Lopez (429 Littleton Street) and Sarathi Velmurugan (1196 Third Street), both Purdue students, spoke about the importance of collaboration and developing community between Purdue students and the City. Mr. Velmurugan is starting an organization that will allow students to help elderly citizens with technology.

- Mr. Baiel, in addition to speaking about the SK hynix topic, spoke about how Councilor Rajkarnikar has agreed to a meet and greet with District 2, and he encourages other districts to demand the same of their councilors. District 2 is working on a monthly Councilor and constituent meeting to provide opportunity to share insights, issues, and concerns, while allowing Councilors to represent their constituents and not simply their own ideas and interests. Topics that have been brought so far include losing neighborhood culture, accessory dwelling units (ADUs), transient guest houses, increased pollution, and taxes paid by the recent high-density student apartments. He expressed concern about rampant poison ivy in Happy Hollow Park, which he reported to the Parks Department. He would like to see Parks maintenance issues reported in the Department's monthly report. He expressed concern that the hours of testimony at the May 5, 2025, Council meeting was not transcribed in the minutes and stated that he hopes it will not be a standard practice going forward.

- Cheryl Kirkpatrick (801 Carrolton Boulevard) stated that she wants to explain to Councilor Rajkarnikar that the issue of ADUs is dead. It was voted down with only one person wanting to bring it back up. She stated that Councilor Rajkarnikar is her district representative, and she is not happy even hearing those alphabetical letters. A rezoning cannot be imposed on 44,000 residents so that maybe 12 people will have ADUs. She asked why people who are not happy with the situation in West Lafayette come here and want to change things and why not move someplace else.

- Laura Williams (848 Barlow Street) spoke about concerns with lack of transparency for health and safety of citizens, including the rocket fuel factory being placed behind a daycare without the public really knowing. She also spoke about an area that includes schools, a daycare, and her home being under a risk management program alert according to the Vulnerable Zone Indicator System of the Environmental Protection Agency (EPA).

ADJOURNMENT

There being no further business at this time, Councilor Blanco moved for adjournment, and President Leverenz adjourned the meeting the time being 8:55 p.m.

Trust Betrayed: How Purdue University & West Lafayette, Indiana City Council Sold Out Our Community

September 2, 2025

AN OPEN LETTER:

We, residents of West Lafayette, write this letter with deep concern and determination. The decision by the West Lafayette City Council during their May 5th, 2025 meeting, approving the Purdue Research Foundation's (PRF) petition to rezone "Site B" originally earmarked for residential use to heavy industrial use—for the proposed SK hynix advanced packaging facility—was far more than a controversial city planning choice. It was the outcome of a calculated complicity between PRF, influential Purdue faculty members and administrators, and some members of the City Government who misled the public through a disinformation campaign, blindsided everyone through a hastily put together proposal on the day of the vote, and undermined legitimate concerns about health, safety, and the environment. They prioritized protecting institutional narratives and pursuing financial gains from research funding, real estate ventures, and CHIPS Act recognition—at the direct expense of public trust, community safety, and environmental protection.

The actions of Councilor Iris Bellisario clearly illustrate the degree to which this vote was predetermined. Her prepared statement, delivered moments before voting, transformed seven hours of passionate public testimony—mostly from local residents overwhelmingly opposed to the rezoning and numerous Purdue faculty who were alarmed by the potential health costs—into a meaningless procedural show. She explicitly cited a letter signed by 23 Purdue faculty members (Exhibit A) confidently asserting, without presenting a single piece of peer-reviewed evidence, that the SK hynix plant would have "no adverse effects on health." She justified her vote by citing "the Chief Semiconductor Officer" and stating, "The experts have spoken," implicitly endorsing the misleading narrative these Purdue faculty members crafted.

Councilor Bellisario's instinct to trust experts is understandable. Tragically, she and five of her colleagues ignored the many genuine experts, many of whom are Purdue faculty themselves—those with decades of specialized experience in public health, toxicology, environmental science, and medicine—who voiced serious concerns both before and throughout the seven hour hearing.

As a result, we must highlight the following facts explicitly:

- None of the signatories of the Purdue faculty letter, other than Prof Linda Lee, are trained experts in toxicology, public health, environmental science, or industrial chemical safety. Additionally, Prof Lee did not respond when contacted by the community requesting further information about PFAS safety concerns and toxicity described in her peer-reviewed publications.

- No primary data, independent analysis, or regulatory documentation was provided supporting their sweeping claims of absolute safety, yet they represented themselves as authorities in these areas, violating basic principles of scientific integrity.
- Many do not live near the proposed site, some residing as far away as Indianapolis.

Among those who testified prominently in support of rezoning were Purdue professors Mark Lundstrom, Joerg Appenzeller, Zhihong Chen, and David Janes.

Mark Lundstrom, Purdue's Chief Semiconductor Officer, gave interviews to local press using his official Purdue title to promote the rezoning. At the Council meeting he cited personal anecdotes as scientific evidence, stating, "I spoke to a former student who lives four miles from the Intel fab," as proof of safety. This is not science!! Moreover, this proposed facility is within 0.2 miles of dense residential areas!!!

Zhihong Chen, Director of the Birck Nanotechnology Center, announced her Purdue administrative titles during her testimony without clarifying that she spoke solely in a personal capacity. Her failure to make this clear attributed Purdue's institutional authority to her personal assertions. Moreover, her comparisons between Purdue's small academic cleanroom facilities and SK hynix's massive industrial semiconductor operation were profoundly misleading. It's as absurd as suggesting that because Purdue safely operates a small teaching nuclear reactor, it's perfectly reasonable to construct a full-scale nuclear power plant beside residential neighborhoods—such comparisons are dangerously deceptive.

Together, they with a few others, persuaded the Council to ignore decades of peer-reviewed literature documenting increased risks of cancer, reproductive harm, birth defects, and chronic illnesses associated with semiconductor manufacturing. This is a Council who, by a majority, neglected their duty and broke the trust of those that voted them in. This is a Council who knew about the project for more than a year and a half but never demanded even a basic chemical inventory, despite SK hynix's troubling history of toxic leaks, worker fatalities, and regulatory violations in South Korea and China (See References). This is a Council who failed to question why a high-risk facility is being built adjacent to homes, schools, and senior living communities when safer sites exist. This is a Council who nonchalantly rejected the recommendations by the Area Plan Commission as non-binding, without considering the serious issues raised and discussed at that meeting. This is a Council who chose to confer undue legitimacy on a rezoning process riddled with serious omissions, intentional misdirection, and institutional pressure. It is also not lost on us that city council members may have been subject to nondisclosure agreements with SK hynix and/or PRF, thereby reducing our trust in their capacity to represent us with full transparency.

> [Correction 9/3/2025: A previous version of this letter included a definitive claim that city council members signed non-disclosure agreements. This was based on public statements made during the May 5, 2025 council meeting, and references in local media. Upon further review, we are not able to independently verify this specific claim, and we will continue to seek clarity on this matter. We apologize for any error.

The semiconductor industry has a long history of hazardous chemical use. Several major companies have faced lawsuits and regulatory action for groundwater contamination, illegal waste disposal, and toxic air emissions—notably the 23 Superfund sites in Silicon Valley, California. Workers and nearby residents' exposures continue to be of concern. In countries like South Korea and Taiwan, semiconductor workers have suffered cancers and other illnesses allegedly linked to facility conditions. These global cases challenge the narrative of a universally safe, well-regulated industry.

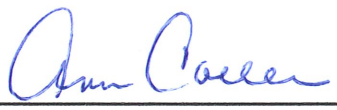

We demand an immediate halt to any further development at Site B until SK hynix publicly discloses a complete inventory of chemicals it intends to use, and until independent, rigorous risk assessments and environmental reviews—with genuine community involvement—are fully completed.

Additionally, we are deeply disturbed that Purdue administrators may have intimidated or threatened Purdue employees who voiced opposition to this rezoning, as suggested in Councilor David Sanders' comments at the May 5th City Council meeting.

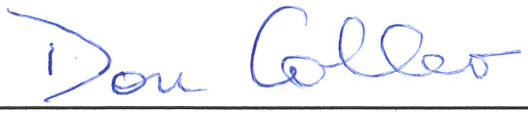

We will continue speaking truth to power. We refuse to be silenced or intimidated. We will amplify this betrayal of public trust through every available avenue. Those who endanger the community they claim to serve must and will be held accountable.

We urge City Council to please reverse the expansion of the I3 footprint in our community.

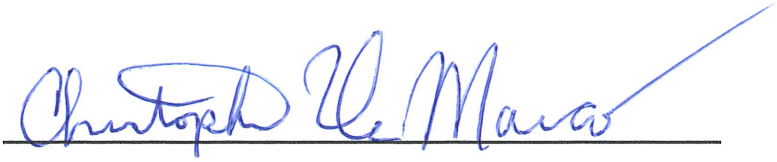

We know that City Council has the authority to do this, and that this is a matter of City Council's will to serve their constituents.

Statement of support for SK hynix rezoning request

To: Members of the West Lafayette City Council
From: Experts in semiconductor technology and sustainable manufacturing Subject: SK hynix rezoning request
Date: April 29, 2025

The undersigned offer the following statement in connection with the SK hynix rezoning request scheduled for May 5, 2025. We each offer this testimony in our individual capacity; these are our personal and professional views based on the extensive expertise and experience that we hold individually and collectively. Several of us began our careers in the semiconductor industry, and most of us currently work closely with colleagues in industry. The following are just some of the fields that we have expertise and experience in:

- Advanced packaging materials and manufacturing processes
- Semiconductor materials, devices, and manufacturing processes
- Environmentally responsible manufacturing

Advanced packaging – a technology that is at the core of SK hynix's plant – is a critically important piece of the AI chip supply chain. The company's plans to invest $3.87 billion in a manufacturing and R&D facility represents the single largest investment related to advanced packaging by any company under the CHIPS Act. Much larger semiconductor manufacturing facilities with operations similar to those proposed by SK hynix have been built in densely populated regions of the U.S. without resulting in adverse environmental or health impacts. On the contrary, in each case, these facilities have created an economically thriving community around the facility. In our collective view, this is a unique opportunity that will never be replicated if this moment passes us by.

The undersigned strongly encourage the City Council to support the rezoning request, because this development will best support the near-term and long-term success of SK hynix and the numerous benefits and opportunities that will accrue to our community, our state, and our nation. Based on the decades of experience that the semiconductor industry has had with manufacturing in the U.S. and in Korea, we believe that the facility will be operated safely, with no adverse effects on health, with minimal impact on the environment, and with positive effects on property values and the local economy.

Although we are members of the faculty of Purdue University, we are not representing Purdue University in this capacity or the institutional positions of Purdue University, our college, or our department on this subject. These are our personal and professional views.

It has now been four months since this City Council voted in favor of the rezoning presented by PRF that allows SK hynix to be placed near residential areas. Since that decision, we have seen increased activity to advance this heavy industrial development right next to our homes.

I want to stress that we now have a City Council that appears more closely aligned with PRF and Purdue University than with the people they represent. It is critical that this Council not ignore the voices and needs of residents.

A revealing comparison is the Rainbow Trout Solar Farm project, which faced strong opposition from elected officials. That contrast highlights how projects not tied to Purdue or PRF are treated differently. When PRF or Purdue's interests are involved, scrutiny fades and support becomes automatic.

We must also address the so-called "compromise" that was offered on the night of the rezoning vote. That promise has not materialized. Instead, we as neighbors are now surrounded by I3 zoning, with a footprint that is more than double the size of the original I3. What was presented as a balance between industry and neighborhood protection has proven to be nothing more than an expansion of heavy industrial presence in our community.

I also want to respond directly to the statement read by Council Member Bellisario on the night of the rezoning vote. She asked: "If I am not supposed to listen to the top semiconductor experts at our own University, then who has the expertise that I should be consulting?"

That framing is misleading. Dozens of independent academics and experts—many with backgrounds in environmental science, toxicology, and public health—came forward with evidence about the dangers of siting a semiconductor plant near homes. Their expertise was dismissed in favor of a letter signed by individuals with clear institutional and financial interests in advancing this project.

That choice does not reflect balanced deliberation. It reflects a troubling alignment between this Council, PRF, and Purdue University. Our community deserves decisions that prioritize health, safety, and residents' well-being—not just institutional interests.

We also have received a $2,000 donation from the Lafayette Noon Optimists Club and a $1,000 donation from one of the LNC volunteers. Thank you to all who have generously supported this activity. JOHN R. DENNIS WELLNESS CENTER:

Total Active Members	8,821	8,628	Data base Clean up
Total Insurance Based Members	1,363	1,383	Continues to grow

ACCOMPLISHMENTS:
Two new full-time staff have been hired and have either begun or are getting ready to begin their new roles. Natalie Smith was hired in August as the Assistant Youth Development Coordinator. Natalie had been working in the Clubhouse as a shift leader prior to taking her new role. Brandon McCombs has been hired as the Wellness Coordinator. Brandon has been with the Wellness Center since opening day, serving as a wellness coach and personal trainer. We're very excited to see both excel in their new roles.

CHALLENGES:
It's the time of year where we normally see a higher than usual turnover in membership. From students going back to college to snowbirds starting to make their trek south, August

and September have generally shown to have higher numbers of membership changes than other times of the year. The front desk staff does a great job of managing all of the changes, but while we welcome new members into the facility, it's always hard to say goodbye to old friends.

STAFF HIGHLIGHT:

While not paid members of the Wellness Center staff, there is a dedicated group of volunteers who help to make the programs at the Wellness Center successful. Whether it's volunteer coaches who help children learn and grow their interest and passion in different sports, a dedicated team of Purdue student volunteers who host the Pete's Pals program, or the several volunteers who help with custodial tasks, the building has a solid foundation of volunteerism. As we all know, volunteers build communities, and the volunteers at the Wellness Center certainly help the facility with its sense of community.

NOW HIRING:

Dennis Wellness Center continues to seek staff members to work part time in the following areas: Camp Counselors, Custodians, Lifeguards, Swim Instructors, Water Safety, Water Exercise, Group Exercise Instructors, Personal Trainers, Fitness Coaches, Front Desk, Housekeeping, Childcare and many more.

Apply online at: Employment opportunities (munisselfservice.com)

MUNICIPAL POOL:

Closed for the season

RIVERSIDE SKATING CENTER: Closed for the season. Preparing for the 2025-26 season opening the day after Thanksgiving weather permitting.

CASON FAMILY PARK:

Cason Family Park continues to be the “IN” place for West Lafayette parks. The Morris Schoolhouse averages between 50 – 60 visitors on the days it is open. We are actively seeking more volunteers to keep it open a few more days a week. Saturday and Sunday visitors can explore the classroom from 11:00 a.m. – 3:00 p.m. The Schoolhouse is also available for special meetings and field trips. Please contact Amanda Jeffries, Recreation Coordinator, at ajeffries@westlafayette.in.gov for more information.

September Monthly Training

Captain Eric Lamb presented the monthly medical training. The topic was Cardiac Response for our crews. The various parts of the heart, how they work, and the results of medications were covered.

There were several different fire trainings this month. In September, the West Lafayette Fire Department conducted joint training for the area. Crews from Lafayette Fire Department, West Lafayette Fire Department, Purdue University Fire Department, and Wabash Township Fire Department trained for three days, covering all three shifts. The topic for this training was back to the basics. Crews worked on Downed Firefighter CPR, High Rise Hose Advancement, and Vent Enter Isolate Search methods.

Captain Heater, Lieutenant Stevie Jenkinson, Firefighters Snider, Hegg, Flynn, and Leuck are all training to become Indiana Homeland Security Rope Technicians.

We had three firefighters who completed an Indiana Homeland Security Fire Investigators course. Firefighters Lewis, Turner, and Glover are now state-certified Fire Investigators.

Our A-shift crew trained with the Lafayette Fire Department, the Purdue University Fire Department, and the Wabash Township Fire Department on high-rise crane rescues.

We have reached the time of year again when the Ball State Certified Public Manager Course has started. Captain Lamb and Captain Birge are beginning their second year of the course. Captain Burton and Captain Heater have started their first year of the course.

Altogether, our members have completed a total of 861.25 hours of training.

Captain Birge

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF WEST LAFAYETTE, INDIANA, THAT ORDINANCE NO. 32-97 IS HEREBY AMENDED AS FOLLOWS:

Section 1: Change **UZO Section 3-2-8 PERMITTED USE TABLE, RETAIL TRADE** as follows:

SIC 554 "Gasoline service stations" shall be allowed by right only in NB, GB, and HB zones. They shall no longer be allowed by right in NBU or CB zones.

Section 2: Change **UZO Section 4-4-10 SETBACKS FOR GASOLINE SERVICE STATION CANOPIES** by eliminating the existing, "Whether attached or freestanding, the leading edge of a gasoline service station canopy shall be set at least 1O' back from the edge of any right-of-way" and replacing it with the following:

4-4-10 *GASOLINE SERVICE STATION* REQUIREMENTS:

All new ***gasoline service stations*** shall comply with the following:

(a) Whether attached or freestanding, the leading edge of a gasoline service station canopy, as well as the primary structure, must be setback at least 30' from the edge of any right-of-way. To reduce visual impact from public streets, fuel canopies and fuel pumps shall be located to the side of the primary structure. On corner lots, the placement and orientation of the canopy and fuel pumps may be determined at the discretion of the ***Administrative Officer,*** with consideration given to traffic circulation, visibility, and pedestrian safety.

(b) Gas stations may be permitted as an accessory building to a principal commercial or industrial use. In such cases, the setback and placement of the fuel pump canopy and pumps may be modified at the discretion of the ***Administrative Officer,*** provided that site design, safety, and compatibility with surrounding uses are maintained.

(c) Gas stations shall be prohibited within 5500' of a lot with an existing gas station, measured as the shortest distance between the two properties.

(d) Gas stations shall be prohibited within 500' of a residentially zoned or residentially used lot, measured as the shortest distance between the two properties.

(e) Gas station building materials shall consist of:

(1) A minimum of fifty percent (50%) of building fa9ades exclusive of windows, doors and loading berths, shall consist of masonry materials.

(2) A minimum of three building materials, excluding windows, doors and roofing materials, shall be used.

(3) No more than fifty percent (50%) of all other fa9ades, exclusive of windows, doors, and loading berths, may be covered with metal, fiber cement siding, polymeric cladding, E.I.F.S., or stucco exterior building materials.

(4) E.I.F.S. shall be prohibited within eight (8) feet of the ground.

(5) All façades shall be supplemented with the use of more than one color, texture (e.g. rough, smooth, striated), or the addition of architectural elements (e.g.

quoins, pilasters, soldier courses, lintels, friezes, cornices, dentils, architraves).

(6) All façades shall be constructed with the same building material quality and level of architectural detail.

(f) Building Elevations:

(1) Horizontal design: All building façades shall have a defined base or foundation, a middle or modulated wall, and a top formed by a pitched roof.

(2) Offsets: façades that face a right-of-way shall be designed with offsets (projecting or recessed) at intervals of not greater than forty (40) feet. Offsets shall extend the entire vertical plane of the façade and shall be a minimum of four (4) feet and a minimum aggregate length of twenty percent (20%) of the horizontal plane of the overall façade. This offset requirement may be satisfied by varying the setbacks of façade sections and/or by incorporating architectural elements (e.g. arcades, columns, ribs, piers, and pilasters) if such architectural elements meet the interval requirements of this standard.

(g) Roof Design:

(1) Material: Quality roof materials such as tile, slate, cedar shake with fire protection, 30-year asphalt shingles, dimensional asphalt or fiberglass shingles, high-quality standing seam metal roofing, or high-quality metal shingle roofing shall be used on all structures. Metal roofs shall have a low-gloss finish to reduce glare.

(2) Minimum pitch: The minimum roof pitch of the building's primary or main roof shall be 5:12. Elements such as porches, bays, walkways, etc., may be covered with a lower roof pitch.

(3) Roof form: The roof form and pitch design of a building shall include three (3) or more sloped roof planes.

(h) External Wall Protrusions: Gutters, downspouts, vents, wall-mounted mechanical equipment, and other external wall protrusions shall be visually integrated with the architectural style of the structure. The color shall be selected to complement or to be consistent with the building materials.

(i) Mechanical Screening: All roof or ground-mounted mechanical equipment shall be completely enclosed. Ground-mounted enclosures for mechanical equipment shall be landscaped or fenced on all sides not facing the building, to provide full screening.

U) Outdoor Storage Areas: All outdoor storage areas, including those used for items for sale or general storage, shall be fully screened so that stored items are not visible from any street. The screening method shall be subject to approval by the Administrative Officer.

(k) Gas Station Canopy Standards:

(1) Materials: The support structures for canopies shall be wrapped in masonry materials to complement the primary building. Canopy fascia and canopy roof materials shall match the color and texture of the primary building.

(2) Height: To reduce the visual impact of the canopy structure and corresponding lighting, the maximum height of the canopy clearance shall be sixteen (16) feet and the maximum top of the canopy shall be twenty-two (22) feet. The maximum width of the canopy fascia shall be thirty (30) inches.

(3) Roof Design: A canopy shall include a pitched or sloped roof between 5:12 and 10:12, and with a minimum roof height above the canopy fascia of two and one half (2.5) times the width of the canopy fascia.

Section 3: Change **UZO Section 4-11-19 FUELING CENTERS** as follows:

(a) All ***truck stops*** shall be separated from the nearest residential use or residential zone by 1000'; all ***fueling centers*** shall be separated from the nearest residential use or residential zone by 500' measured as the shortest distance between the two properties.

Section 4: Add **UZO Section 5-9 DECOMMISSIONING PLANS** as follows:

All ***gasoline service stations, fueling centers, truck stops,*** oil change businesses, and car washes must submit a decommissioning plan, approved by the ***Administrative Officer*** and recorded, prior to the issuance of an ***improvement location permit.*** (See Appendix N.)

Section 5: Add the following as **UZO APPENDIX N, Decommissioning Plan and Removal Requirements for *Gasoline Service Stations, Fueling Centers, Truck Stops,* Oil Change Businesses, and Carwashes:**

See attached page for Appendix N.

APPENDIX N

Decommissioning Plan & Removal Requirements for ***Gasoline Service Stations, Fueling Centers, Truck Stops,*** Oil Change Businesses and Carwashes

1. A decommissioning plan shall be approved by the ***Administrative Officer*** prior to the issuance of an ***improvement location permit.*** An approved decommissioning plan shall be recorded in the office of the Tippecanoe County Recorder.
2. The decommissioning plan shall include the removal of all above-ground structures and features that identify the property as a vehicle service use, including but not limited to canopies, service equipment, dispensers, signage, lighting fixtures specific to the use, payment kiosks, and any architectural or branding elements associated with the former operation. The intent is to return the property to a condition suitable for redevelopment consistent with the zoning district.
3. Underground storage tanks, fuel lines, and any materials or equipment regulated by the U.S. Environmental Protection Agency (EPA) or the Indiana Department of Environmental Management (IDEM) are excluded from local decommissioning requirements and shall be decommissioned in accordance with applicable federal and state laws.
4. A final decommissioning plan shall be certified by a Professional Engineer, a Registered Land Surveyor, or a Registered Architect.
5. An applicant or property owner shall submit an itemized cost estimate for decommissioning the improvements (excluding federally or state-regulated items) using a template provided by the ***Administrative Officer.*** This estimate shall be prepared by a Professional Engineer or other qualified professional with experience in site decommissioning and demolition. The cost estimate shall not include anticipated salvage or resale values.
6. A financial surety for the full estimated cost of decommissioning shall be provided in a form acceptable to the APC's legal counsel or the ***Administrative Officer.*** This surety must be approved prior to the issuance of an ***improvement location permit.***
7. The cost estimate shall include a mechanism to account for inflation. The estimate shall be updated every five (5) years, and the surety shall be adjusted accordingly. Failure to update the estimate and surety shall void any prior approvals.
8. A demolition permit must be obtained prior to beginning decommissioning.
9. Upon completion of the decommissioning, the applicant or property owner shall submit a final report verifying compliance with the approved plan. Upon acceptance of the report by the ***Administrative Officer,*** the financial surety shall be released.
10. Failure to comply with the approved decommissioning plan or abandonment of the ***gasoline service station, fueling center, truck stop,*** oil change station, or carwash may result in the ***Administrative Officer*** initiating default procedures on the surety to complete removal of the specified structures and improvements.

This ordinance shall be in full force and effect from and after its passage.

Enclosure: Staff Report and Ordinance

Unified Zoning Ordinance Amendment #122
AMENDING STANDARDS FOR VARIOUS AUTOMOBILE SERVICE USES IN LAFAYETTE

Staff Report
September 11, 2025

AMENDMENT:
This proposal has been drafted in response to Resolution 2025-05 passed by Lafayette City Council to address the rapid proliferation, and attendant over-saturation, of gas stations within city limits. The attached amendment creates several new standards for and restrictions on gas stations (SIC 554), setback requirements from residential properties for fueling centers (SIC 55), and decommissioning requirements for gas stations, fueling centers, truck stops (SIC 554), car washes (SIC 754), and oil change businesses (SIC 754). After many Administrative Officer (A.O.) meetings, three APC Ordinance Committee hearings, and much work by city staff, the following language has been drafted.

PROPOSED CHANGES TO THE UZO:

1. Gas stations are currently allowed in NB, NBU, GB, HB and CB by right. This amendment would allow them only in NB, GB and HB by right.
2. UZO Section 4-4-10 currently allows the leading edge of gas station canopies to be setback 10' from the right-of-way/property line. The amendment proposes a 30' setback between the right-of-way line and the leading edge of the canopy. Also, fuel canopies must be located to the side of the primary structure.

<u>New separation requirements</u>

1. Gas stations shall be prohibited within 5500' of a lot with an existing gas station, measured as the shortest distance between the two properties.
2. Gas stations shall be prohibited within 500' of a residentially zoned or residentially used lot, measured as the shortest distance between the two properties.
3. Fueling centers shall be prohibited within 500' of a residentially zoned or residentially used lot, measured as the shortest distance between the two properties.

<u>New Gas station building standards</u>
The amendment provides new guidelines for building materials, roof design, canopy design, mechanical screening, etc.

Outdoor Storage Areas
All outdoor storage areas, including those used for items for sale or general storage, shall be fully screened so that stored items are not visible from any street. The screening

method shall be subject to approval by the Administrative Officer.

Decommissioning plan requirements
All gasoline service stations, fueling centers, truck stops, oil change businesses, and car washes must submit a decommissioning plan, approved by the Administrative Officer and recorded, prior to the issuance of an improvement location permit.

STAFF COMMENTS:
This will create several noncomplying gas stations (those existing stations that don't meet these architectural standards or new setbacks) but will only create three legally nonconforming gas stations located in the CB and NBU zones. The City of Lafayette will be informing these businesses of this change to the UZO:

- 245 S. 4th Street, zoned CB
- 900 Ferry Street, zoned NBU
- 1901 Elmwood Avenue, zoned NBU

To aid these businesses in a path to conformance, Ordinance Committee has recommended waiving the $500 rezone fee should the owners want to apply for a rezone. APC will need to discuss and act on this recommended provision.

The proposal has been discussed with staff of both cities and the county via A.O.'s as well as additional review and discussion via email. The amendment, largely created by staff of the Lafayette City Attorney's Office and the Lafayette Department of Engineering and Public Works, would be sent to all jurisdictions.

Section 2: Change **UZO Section 4-4-10 SETBACKS FOR GASOLINE SERVICE STATION CANOPIES** by eliminating the existing, "Whether attached or freestanding, the leading edge of a gasoline service station canopy shall be set at least 10' back from the edge of any right-of-way." The BANs shall have all the qualities and incidents of negotiable instruments under the laws of the State of Indiana subject to the provisions for registration herein. Notwithstanding anything in this ordinance to the contrary, any series of BANs issued hereunder may bear interest that is taxable and included in the gross income of the owners thereof. If any such BANs are issued on a taxable basis, the designated name shall include the term "Taxable" in the designated name.

(c) The City shall issue the Bonds, in one or more series, in an aggregate principal amount not to exceed Eight Million One Hundred Thousand Dollars ($8,100,000) to be designated "[Junior] Sewage Works Revenue Bonds, Series 202_" (with such further or different series designation as may be necessary or appropriate), for the purpose of procuring funds to pay the cost of the Project and the refunding of the BANs, if issued, and the issuance costs of the Bonds or the BANs, if issued, as determined by the Controller, with the advice of the Municipal Advisor. The Bonds shall be issued in fully registered form in authorized denominations of $5,000 or any integral multiple in excess thereof (or $1.00 or any integral multiple thereof consistent with the requirements of the IFA Program). The Bonds shall be lettered and numbered consecutively from 202_R-1 and upward (with such blank to be filled in based on the year of issuance), originally dated the date of delivery, and shall bear interest at a rate or rates not exceeding seven percent (7.00%) per annum. Interest is payable semiannually on January 1 and July 1 in each year, commencing on the first January 1 or July 1 following the issuance of the Bonds, all as determined by the Controller, with the advice of the Municipal Advisor. The Bonds shall mature annually, or shall be subject to mandatory sinking fund redemption if term bonds are issued, on July 1 of each year, over a period ending no later than thirty-five (35) years after the date of issuance of the Bonds), and in such amounts as deemed appropriate by the Controller, with the advice of the Municipal Advisor; provided that if the Bonds are sold to the Indiana Finance Authority as part of the IFA Program, then in such amounts that will produce annual debt service that is as level as practicable, except as otherwise provided in the Financial Assistance Agreement. (f) If the Bonds authorized hereunder are issued in multiple series, each series of the Bonds shall rank on a parity basis with (or in the case of junior bonds, on parity with the junior bonds) any other series issued hereunder and the Prior Bonds for all purposes except as provided in subsection (g) below, including the pledge of Net Revenues under this Ordinance.

(g) Notwithstanding anything contained herein, the City may accept any other forms of financial assistance, as and if available, from the IFA Program (including without limitation any forgivable loans, grants or other assistance whether available as an alternative to any Bond or BAN related provision otherwise provided for herein or as a supplement or addition thereto). If required by the IFA Program to be eligible for such financial assistance, one or more of the series of the Bonds issued hereunder may be issued on a basis such that the payment of the principal of or interest on (or both) such series of Bonds is junior and subordinate to the payment of the principal of and interest on other series of Bonds issued hereunder (and/or any other revenue bonds secured by a pledge of Net Revenues, whether now outstanding or hereafter issued), all as provided by the terms of such series of Bonds as modified pursuant to this authorization. Such financial assistance, if any, shall be as provided in the Financial Assistance Agreement and the Bonds of each series of Bonds issued hereunder (including any modification made pursuant to the authorization in this paragraph to the form of Bond otherwise contained herein).

(h) Notwithstanding anything in this ordinance to the contrary, any series of Bonds issued hereunder, may bear interest that is taxable and included in the gross income of the owners thereof. If any such Bonds are issued on a taxable basis, the designated name shall include the term “Taxable” as the first word in the designated name.

SECTION 3. Registrar and Paying Agent; Book Entry Only Provisions. The Controller is authorized to select and appoint a qualified financial institution to serve as the Registrar and the Paying Agent for the BANs and the Bonds, which registrar is hereby charged with the responsibility of authenticating the BANs and the Bonds. The Controller is hereby authorized to enter into such agreements or understandings with such institution as will enable the institution to perform the services required of the Registrar and the Paying Agent for the BANs. The Controller is further authorized to pay such fees as the institution may charge for the services it provides as the Registrar and the Paying Agent, and such fees may be paid from the Bond and Interest Account, as hereinafter defined.

As to any purchaser of the BANs or the Bonds that does not object to such designation, the Controller shall serve as the Registrar and the Paying Agent and is hereby charged with the duties of the Registrar and the Paying Agent.

The principal of and interest on the BANs (if interest thereon is payable only at maturity) or the principal of the BANs (if interest thereon is not payable only at maturity), and the principal of the Bonds shall be payable at the principal office of the Paying Agent, and all payments of interest on the BANs (if interest thereon is not payable only at maturity) and the Bonds shall be paid by check mailed one business day prior to the interest payment date to the registered owners thereof, as of the fifteenth day of the month immediately preceding each interest payment date ("Record Date"), at the addresses of the registered owners as they appear on the registration books kept by the Registrar. If payment of principal or interest is made to a depository, payment shall be made by wire transfer on the payment date in same-day funds. If the BANs or the Bonds are registered in the name of the Indiana Finance Authority, the principal thereof and interest thereon shall be paid by wire transfer to such financial institution if and as directed by the Indiana Finance Authority on the due date of such payment or, if such due date is a day when financial institutions are not open for business, on the business day immediately after such due date. So long as the Indiana Finance Authority is the owner of the BANs or the Bonds, the BANs or the Bonds shall be presented for payment as directed by the Indiana Finance Authority. If the payment date occurs on a date when financial institutions are not open for business, the wire transfer shall be made on the next succeeding business day. All payments on the BANs and the Bonds shall be made in any coin or currency of the United States of America which, on the date of such payment, shall be legal tender for the payment of public and private debts.

Each BAN or Bond shall be transferable or exchangeable only upon the books of the City kept for that purpose at the principal office of the Registrar, by the registered owner thereof in person, or by its attorney duly authorized in writing, upon surrender of such BAN or Bond together with a written instrument of transfer or exchange satisfactory to the Registrar duly executed by the registered owner or its attorney duly authorized in writing, and thereupon a new fully registered BAN or BANs or Bond or Bonds in the same aggregate principal amount and of the same maturity shall be executed and delivered in the name of the transferee or transferees or the registered owner, as the case may be, in exchange therefor. The costs of such transfer or exchange shall be borne by the City; provided, however, that the Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. The City, the Registrar and the Paying Agent for the BANs or the Bonds may treat and consider the person in whose name the BANs or the Bonds are registered as the absolute owner thereof for all purposes, including for the purpose of receiving payment of, or on account of, the principal thereof, and the premium, if any, and interest due thereon.

The Registrar and Paying Agent may at any time resign as Registrar and Paying Agent upon giving thirty (30) days' notice in writing to the City and by first class mail to

each registered owner of the Bonds then outstanding, and such resignation will take effect at the end of such thirty (30) day period or upon the earlier appointment of a successor registrar and paying agent by the City. Any such notice to the City may be served personally or sent by registered mail. The Registrar and Paying Agent may be removed at any time as Registrar and Paying Agent by the City, in which event the City may appoint a Successor Registrar and Paying Agent. The City shall notify each registered owner of the Bonds then outstanding by first class mail of the removal of the Registrar and Paying Agent. Notices to the registered owners of the Bonds shall be deemed to be given when mailed by first class mail to the addresses of such registered owners as they appear on the registration books kept by the Registrar. Upon the appointment of any Successor Registrar and Paying Agent by the City, the Controller is authorized and directed to enter into such agreements and understandings with such Successor Registrar and Paying Agent as will enable the institution to perform the services required of a registrar and paying agent for the Bonds. The Controller is further authorized to pay such fees as the Successor Registrar and Paying Agent may charge for the services it provides as registrar and paying agent, and such fees may be paid from the Bond and Interest Account continued hereby. Any predecessor registrar and paying agent shall deliver all of the Bonds and any cash or investments in its possession with respect thereto, together with the registration books, to the Successor Registrar and Paying Agent.

Interest on the Bonds that are authenticated on or before the Record Date that precedes the first interest payment date shall be paid from their original issue date; provided that interest on the Bonds sold to the Indiana Finance Authority shall begin to accrue commencing from the dates of payment on the Bonds. Interest on the Bonds authenticated subsequent to the Record Date that precedes the first interest payment date thereon shall be paid from the interest payment date to which interest has been paid as of the date on which such Bonds are authenticated, unless a Bond is authenticated between the Record Date and the interest payment date, in which case the interest shall be paid from such interest payment date.

SECTION 4. Redemption of BANs and Bonds.

(a) The BANs are prepayable at the option of the City, in whole or in part, on any date on or after 180 days following the date of issuance thereof, upon not less than seven (7) days' notice to the owner of the BANs, without any premium, but with accrued interest to the date of prepayment.

(b) The Bonds are redeemable at the option of the City, but no sooner than ten (10) years after their date of delivery for any Bonds sold to the Indiana Finance Authority, on dates and with premiums as determined at the time of the sale of the Bonds as determined by the Controller with the advice of the Municipal Advisor on any date, on at least thirty (30) days' notice, in whole or in part, in any order of maturity (or in the case of any Bonds sold to the Indiana Finance Authority, in inverse order of maturity and on such dates as the Indiana Finance Authority shall approve, on at least sixty (60) days' notice) and by lot within a maturity selected by the City, at the par amount thereof, together with a premium not greater than 1% (or 2% if the Bonds are sold to the Indiana Finance Authority), plus, in each case, accrued interest, if any, to the date fixed for redemption;

provided, however, that if the Bonds are sold to, and registered in the name of, the Indiana Finance Authority, the Bonds shall not be redeemable at the option of the City unless and until consented to by the Indiana Finance Authority. The exact redemption dates and premiums shall be established by the Controller prior to the issuance of the Bonds, with the advice of the Municipal Advisor.

(c) If any Bond is issued as a term bond, the Paying Agent shall credit against the mandatory sinking fund requirement for the Bonds maturing as term bonds, and corresponding mandatory redemption obligation, in the order determined by the City, any Bonds maturing as term bonds maturing on the same date which have previously been redeemed (other than as a result of a previous mandatory redemption requirement) or delivered to the Registrar for cancellation or purchased for cancellation by the Paying Agent and not theretofore applied as a credit against any redemption obligation. Each Bond maturing as a term bond so delivered or canceled shall be credited by the Paying Agent at one hundred percent (100%) of the principal amount thereof against the mandatory sinking fund obligation on such mandatory sinking fund date, and any excess of such amount shall be credited on future redemption obligations, and the principal amount of the Bonds to be redeemed by operation of the mandatory sinking fund requirement shall be accordingly reduced; provided, however, the Paying Agent shall credit such Bonds maturing as term bonds only to the extent received on or before forty-five (45) days preceding the applicable mandatory redemption date.

(d) Each authorized denomination amount of Bonds shall be considered a separate bond for purposes of optional and mandatory redemption. If less than an entire maturity is called for redemption, the Bonds to be called for redemption shall be selected by lot by the Registrar. If the Bonds are to be redeemed by optional redemption and mandatory sinking fund redemption on the same date, the Registrar shall select the Bonds for mandatory sinking fund redemption before selecting the Bonds for optional redemption.

(e) Notice of redemption shall be given not less than thirty (30) days (or sixty (60) days, in the case of any Bonds sold to the Indiana Finance Authority) prior to the date fixed for redemption for Bonds, unless such redemption notice is waived by the owner of the Bond or Bonds to be redeemed. Such notice shall be mailed to the address of the registered owner as shown on the registration record of the City as of the date which is forty-five (45) days (or sixty-five (65) days, in the case of any Bonds sold to the Indiana Finance Authority) prior to such redemption date for the Bonds. The notice shall specify the date and place of redemption and sufficient identification of the Bonds called for redemption. The place of redemption may be determined by the City. Interest on the Bonds so called for redemption shall cease on the redemption date fixed in such notice if sufficient funds are available at the place of redemption to pay the redemption price on the date so named.

(f) The BANs and the Bonds shall be called for redemption in multiples of their minimum authorized denomination. The BANs and the Bonds in denominations of more than the minimum authorized denomination shall be treated as representing the number of BANs and Bonds, respectively, obtained by dividing the denomination of the BAN and

the Bond, respectively, by the minimum authorized denomination within a maturity. The BANs and the Bonds may be redeemed in part. In the event of redemption of BANs and Bonds in part, upon surrender of the BAN or the Bond to be redeemed, a new BAN or BANs or Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the BAN or the Bond surrendered shall be issued to the registered owner thereof.

SECTION 5. Execution and Authentication of the BANs and the Bonds; Pledge of Net Revenues to the Bonds. The BANs and the Bonds shall be executed in the name of the City by the manual or facsimile signature of the Mayor of the City (the "Mayor") and attested by the manual or facsimile signature of the Clerk, who shall affix the seal of the City, if any, to each of the BANs and the Bonds manually or shall have the seal, if any, imprinted or impressed thereon by facsimile. These officials, by the signing of a Signature and No Litigation Certificate, shall adopt as and for their own proper signatures their facsimile signatures appearing on the BANs and the Bonds. The BANs and the Bonds must be authenticated by an authorized officer of the Registrar or by the Controller if the Controller is acting as the Registrar. The Bonds, the Prior Bonds, and any additional bonds issued on a parity with the Bonds and the Prior Bonds in accordance with the restrictions imposed by this Ordinance (the "Future Parity Bonds"), as to both principal and interest, shall be payable from and secured by an irrevocable pledge of and shall constitute a first charge upon the Net Revenues of the Sewage Works. The City shall not be obligated to pay the principal of and interest on the Bonds, except from the Net Revenues of the Sewage Works (except to the extent payable from the proceeds of the Bonds), and the Bonds shall not constitute an indebtedness of the City within the meaning of the provisions and limitations of the constitution of the State of Indiana.

SECTION 6. Book-Entry Form. The BANs and Bonds may, in compliance with all applicable laws, be issued and held in book-entry form on the books of the central depository system, The Depository Trust Company, its successors, or any successor central depository system appointed by the City from time to time (the "Clearing Agency"). The City and Registrar may, in connection therewith, do or perform or cause to be done or performed any acts or things not adverse to the rights of the holders of the BANs or Bonds, as are necessary or appropriate to accomplish or recognize such book-entry form BANs or Bonds.

During any time that the BANs or Bonds are held in book-entry form on the books of a Clearing Agency, (1) any such BAN or Bond may be registered upon the books kept by the Registrar in the name of such Clearing Agency, or any nominee thereof, including CEDE & Co., as nominee of the Depository Trust Company; (2) the Clearing Agency in whose name such BAN or Bond is so registered shall be, and the City and the Registrar and Paying Agent may deem and treat such Clearing Agency as, the absolute owner and holder of such BAN or Bond for all purposes of this Ordinance, including, without limitation, the receiving of payment of the principal of, premium, if any, on and interest on such BAN or Bond, the receiving of notice and giving of consent; (3) neither the City nor the Registrar or Paying Agent shall have any responsibility or obligation hereunder to any direct or indirect participant, within the meaning of Section 17A of the Securities Exchange Act of 1934, as amended, of such Clearing Agency, or any person on behalf of which, or

otherwise in respect of which, any such participant holds any interest in any BAN or Bond, including, without limitation, any responsibility or obligation hereunder to maintain accurate records of any interest in any BAN or Bond or any responsibility or obligation hereunder with respect to the receiving of payment of principal, premium, if any, or interest on any BANs or Bonds, the receiving of notice or the giving of consent; (4) the Clearing Agency is not required to present any BAN or Bond called for partial redemption prior to receiving payment so long as the Registrar and Paying Agent and the Clearing Agency have agreed to the method for noting such partial redemption; and (5) notwithstanding anything in this Ordinance to the contrary, payment of the principal of and interest on the BANs and the Bonds may be made by wire transfer or other method acceptable to the Clearing Agency, as indicated in the Controller's Certificate.

If either (i) the City receives notice from the Clearing Agency which is currently the registered owner of the BANs or the Bonds to the effect that such Clearing Agency is unable or unwilling to discharge its responsibility as a Clearing Agency for the Bonds, or (ii) the City elects to discontinue its use of such Clearing Agency as a Clearing Agency for the BANs or Bonds, then the City and Registrar and Paying Agent each shall do or perform or cause to be done or performed all acts or things, not adverse to the rights of the holders of the BANs or the Bonds, as are necessary or appropriate to discontinue use of such Clearing Agency as a Clearing Agency for the BANs or Bonds and to transfer the ownership of each of the BANs or Bonds to such person or persons, including any other Clearing Agency, as the holder of the BANs or Bonds may direct in accordance with this Ordinance. Any expenses of such discontinuance and transfer, including expenses of printing new certificates to evidence the Bonds, shall be paid by the City.

During any time that the BANs or Bonds are held in book-entry form on the books of a Clearing Agency, the Registrar and Paying Agent shall be entitled to request and rely upon a certificate or other written representation from the Clearing Agency or any participant or indirect participant with respect to the identity of any beneficial owners of the BANs or Bonds as of a record date selected by the Registrar and Paying Agent. For purposes of determining whether the consent, advice, direction or demand of a Registered Owner of the Bond has been obtained, the Registrar or Paying Agent shall be entitled to treat the beneficial owners of the BANs or Bonds as the Bondholders.

During any time that the BANs or Bonds are held in book-entry form on the books of a Clearing Agency, each of the Mayor, the Clerk, or the Controller are authorized to enter into a Letter of Representations agreement on behalf of the City with the Clearing Agency, and the provisions of any such Letter of Representations or any successor agreement shall control on the matters set forth herein.

SECTION 7. Form of Bonds. The form and tenor of the Bonds shall be substantially as set forth in Exhibit B, with all blanks to be filled in properly and all necessary additions and deletions to be made prior to delivery thereof.

SECTION 8. Preparation and Sale of BANs and Bonds. The Controller is hereby authorized and directed to have the BANs and the Bonds prepared, and the Mayor and the Clerk are hereby authorized and directed to execute the BANs and the Bonds in the

form and manner herein provided. The Controller is hereby authorized and directed to deliver the BANs and the Bonds to the purchasers thereof after the sale made in accordance with the provisions of this Ordinance, provided that at the time of such delivery, the Controller shall collect the full amount which the purchasers have agreed to pay therefor, which amount shall not be less than the applicable minimum percentage of the par value of the BANs or the Bonds set forth in Section 2 of this Ordinance. The City may receive payment for the BANs and the Bonds in installments. The Bonds, as and to the extent paid for and delivered to the purchaser, shall be the binding special revenue obligations of the City, payable out of the Net Revenues of the Sewage Works to be set aside into the Sinking Fund as provided herein. The proceeds derived from the sale of the BANs and the Bonds and the investment income therefrom shall be and are hereby set aside and appropriated to pay the costs of the Project, the refunding of the BANs, if applicable, and the expenses necessarily incurred in connection with the issuance of the BANs and the Bonds. The proper officers of the City are hereby directed to draw all proper and necessary warrants, and to do whatever acts and things which may be necessary to carry out the provisions of this Ordinance.

SECTION 9. Bond Sale Notice; Official Statement.

(a) If the BANs or Bonds are to be sold at a competitive sale, the Controller shall cause to be published either (i) a notice of bond sale in the authorized newspaper(s) for the City, two (2) times, at least one week apart, with the first publication being made at least fifteen (15) days before the date of the sale and the second publication being made at least three days before the date of the sale or (ii) a notice of intent to sell bonds in the authorized newspaper(s) and the *Indianapolis Business Journal*, all in accordance with IC 5-1-11, as amended, and IC 5-3-1, as amended. The notice shall state the character, the amount and the authorized denominations of the Bonds, the maximum rate or rates of interest thereon, the terms and conditions upon which bids will be received and the sale made, and such other information as the Controller and the attorneys employed by the City shall deem advisable. Any summary notice may contain any information deemed so advisable. The notice shall provide, among other things, that winning bidder shall be required to submit to the City a certified or cashier's check payable to the order of the City, or a wire transfer, in an amount not to exceed one percent (1%) of the aggregate principal amount of the Bonds, as a guaranty of performance of said bid not later than 3:30 p.m. (City time) on the next business day following the award. In the event the successful bidder shall fail or refuse to accept delivery of the Bonds and pay for the same as soon as the Bonds are ready for delivery, or at the time fixed in the notice of sale, then such good faith deposit and the proceeds thereof shall be the property of the City and shall be considered as its liquidated damages on account of such default. Bidders for the Bonds will be required to name the rate or rates of interest which the Bonds are to bear, not exceeding the maximum rate hereinbefore fixed, and such interest rate or rates shall be in multiples of one-eighth (1/8) or one-one hundredth (1/100) of one percent (1%). No conditional bid or bid for less than the applicable minimum percentage of the par value of the Bonds set forth in Section 2 of this Ordinance will be considered. The opinion of Bond Counsel approving the legality of the Bonds will be furnished to the purchaser at the expense of the City.

(b) The Bonds shall be awarded by the Controller to the best bidder who has submitted its bid in accordance with the terms of this Ordinance, IC 5-1-11, as amended, and the notice. The best bidder will be the one who offers the lowest interest cost to the City, computed by determining the total interest on all of the Bonds to their maturities and deducting therefrom the premium bid, if any, or adding thereto the discount bid, if any. The right to reject any and all bids shall be reserved. If an acceptable bid is not received on the date of sale, the sale may be continued from day to day thereafter without further advertisement for a period of thirty (30) days, during which time no bid which provides a higher net interest cost to the City than the best bid received at the time of the advertised sale will be considered.

(c) Distribution of an Official Statement (preliminary and final) when and if prepared by the Municipal Advisor, on behalf of the City, is hereby authorized and approved, and the Mayor and Controller, or either of them, is authorized and directed to execute the Official Statement in a form consistent with this Ordinance. The Mayor and the Controller, or either of them, is authorized to deem the Preliminary Official Statement as "final" for purposes of Rule 15c2-12 promulgated by the Securities and Exchange Commission.

The Mayor and the Controller are hereby authorized to (i) submit an application to the Indiana Finance Authority through its IFA Program, (ii) execute one or more Financial Assistance Agreements (including any amendment thereof) with the Indiana Finance Authority with terms conforming to this Ordinance, and which Financial Assistance Agreement dated September 26, 2025 executed by the Mayor and attested by the Clerk is hereby approved and ratified; and (iii) sell one or more series of the Bonds and/or BANs upon such terms as are acceptable to the Mayor and the Controller consistent with the terms of this Ordinance. The Financial Assistance Agreement (including any amendment thereof) for one or more series of the Bonds and/or BANs and the Project shall be executed by the authorized officers of the City and the Indiana Finance Authority. The substantially final form of the Financial Assistance Agreement is attached hereto as Exhibit C and incorporated herein by reference and is hereby approved by the Common Council, and the Mayor and the Controller are hereby authorized to execute and deliver the same and to approve any changes in form or substance to the Financial Assistance Agreement, which are consistent with the terms of this Ordinance, and such approval shall be conclusively evidenced by its execution. The Mayor and the Controller are hereby authorized to execute and deliver an amended and restated Financial Assistance Agreement or a subsequent Financial Assistance Agreement if an earlier series of Bonds has been purchased by the Indiana Finance Authority and may approve any changes in form or substance, which are consistent with the terms of this Ordinance, to any attached Financial Assistance Agreement as they determined to be necessary or desirable in connection therewith, and such approval shall be conclusively evidenced by its execution.

SECTION 10. Use of Proceeds. (a) The accrued interest and the premium, if any, received at the time of the delivery of the Bonds shall be deposited in the Sewage Works Sinking Fund (as hereinafter defined). The remaining proceeds from the sale of

the Bonds, to the extent not used to refund BANs, and BAN proceeds, shall be deposited in a bank or banks which are legally designated depositories for the funds of the City, in a special account or accounts to be designated as "City of West Lafayette Sewage Works Construction Account" (the "Construction Account"). The funds in each of such special accounts shall be deposited, held, secured or invested in accordance with the laws of the State relating to the depositing, holding, securing or investing of public funds, including particularly IC 5-13, Chapters 1 through 4 of IC 5-1.2, IC 5-1.2-10, IC 5-1.2-11, IC 5-1.2-12, IC 5-1.2-14 and/or IC 5-1.2-14.5, and the acts amendatory thereof and supplemental thereto. The funds in such special account or accounts shall be expended only for the purpose of paying the costs of issuance of the BANs or the Bonds, the cost of the Project, refunding all or a portion of the BANs, if issued, or as otherwise required by the Act. The cost of obtaining the legal services of Bond Counsel shall be considered a part of the costs of issuance of the BANs and the Bonds.

(b) The City hereby declares that it reasonably expects to reimburse each of the City's advances to the Project from proceeds of the BANs or the Bonds, as anticipated by this Ordinance.

(c) Any balance or balances remaining unexpended in such special account or accounts after completion of the Project, which are not required to meet unpaid obligations incurred in connection with the Project, shall, subject to (d) below, either (1) be deposited in the Sinking Fund and used solely for the purposes of said Fund or (2) be used for the same purpose or type of project for which the BANs or the Bonds were originally issued, all in accordance with IC 5-1-13, as amended and supplemented.

(d) With respect to any series of BANs or Bonds sold to the Indiana Finance Authority, to the extent that (a) the total principal amount of the Bonds and/or BANs is not paid by the purchaser or drawn down by the City or (b) proceeds remain in the Construction Account and are not applied to the Project (or any modifications or additions thereto approved by the Indiana Finance Authority), the City shall reduce the principal amount of the Bond maturities to effect such reduction in a manner that will still achieve as level as annual debt service as practicable as described in Section 2(c) subject to and upon the terms forth in the Financial Assistance Agreement.

SECTION 11. Revenues. All income and revenues derived from the operation of the Sewage Works (including any System Development Charges) shall be deposited upon receipt in the Sewage Works Revenue Fund (the "Revenue Fund") hereby continued from the Prior Ordinances. The Revenue Fund shall be maintained separate and apart from all other accounts of the City. All moneys deposited in the Revenue Fund may be invested in accordance with IC 5-13-9, Chapters 1 through 4 of IC 5-1.2, IC 5-1.2-10, IC 5-1.2-11, IC 5-1.2-12, IC 5-1.2-14 and/or IC 5-1.2-14.5, as amended, and other applicable laws. Out of said Revenue Fund the proper and reasonable expenses of operation and maintenance of the works shall be paid, the principal and interest of all bonds and fiscal agency charges of registrars or paying agents shall be paid, the reserve fund shall be funded and the costs of replacements, extensions, additions and improvements to the Sewage Works shall be paid. No moneys derived

from the revenues of the Sewage Works shall be transferred to the general fund of the City for any purpose, or be used for any purpose not connected with the Sewage Works.

SECTION 12. Operation and Maintenance Fund. There shall be set apart and paid out of the gross revenues of the works into a cash operating fund which is hereby continued and designated as the Sewage Works Operation and Maintenance Fund ("Operation and Maintenance Fund"), on or before the last day of each calendar month, an amount necessary and sufficient to pay the monthly costs of operating, repairing and maintaining said Sewage Works for the then next succeeding two (2) calendar months. The moneys credited to the Operation and Maintenance Fund shall be used for the payment of the reasonable and proper operation, repair and maintenance expenses of the Sewage Works on a day-to-day basis, but none of the moneys in the Operation and Maintenance Fund shall be used for transfers for depreciation, replacements, improvements, or additions. Any balance in the Operation and Maintenance Fund in excess of the expected expenses of operation, repair and maintenance for the next succeeding two (2) calendar months may be transferred to the Sinking Fund if necessary to prevent a default in the payment of principal of or interest on the then outstanding bonds of the Sewage Works payable from Net Revenues.

SECTION 13. Sewage Works Sinking Fund. (a) General. The Sewage Works Sinking Fund ("Sinking Fund") is hereby continued and designated and constituted as the special fund for the payment of the principal of and interest on revenue bonds which by their terms are payable from the Net Revenues of the Sewage Works, and the payment of any fiscal agency charges in connection with the payment of the bonds and interest. The Sinking Fund is divided into two accounts hereby continued and designated as the Sewage Works Bond and Interest Account (the "Bond and Interest Account") and the Sewage Works Debt Service Reserve Account (the "Reserve Account"). Such payments shall continue until the balance in the Bond and Interest Account, plus the balance in the Reserve Account, equals the principal of and interest on all of the then outstanding bonds of the Sewage Works to the final maturity thereof.

(b) Bond and Interest Account. After making the credit to the Operation and Maintenance Fund, there shall be transferred on or before the last day of each calendar month from the Revenue Fund, and paid into the Bond and Interest Account of the Sinking Fund an amount equal to the sum of at least (i) one-sixth (1/6) of an amount required for interest on all then outstanding bonds payable on the then next succeeding interest payment date and (ii) one-twelfth (1/12) of an amount required for principal on all then outstanding bonds payable on the then next succeeding principal payment date, until the amount of interest and principal payable on the next succeeding interest and principal payment dates shall have been so credited; provided that such fractional amounts shall be appropriately increased, if necessary, to provide for the first interest and first principal payments on the Bonds. There shall similarly be credited to the Bond and Interest Account any amount necessary to pay the bank fiscal agency charges, if any, for paying the principal of and interest on outstanding bonds of the Sewage Works as the same become payable. The City shall, from the sums deposited in the Sewage Works Sinking Fund and credited to the Bond and Interest Account, remit promptly to the registered owners of the then outstanding bonds of the Sewage Works or to the bank fiscal agency sufficient

moneys to pay the principal and interest on the due dates thereof together with the amount of any bank fiscal agency charges.

(c) Reserve Account. On the date of delivery of the Bonds or any other bonds payable from the Reserve Account, funds on hand of the Sewage Works, proceeds of the Bonds or such other bonds or a combination thereof may be deposited into the Reserve Account. The balance to be maintained in the Reserve Account shall equal but not exceed an amount (the "Reserve Requirement") equal to the least of (i) maximum annual debt service on the Bonds, the Prior Bonds, and any Future Parity Bonds which are payable from the Net Revenues of the System, (ii) one hundred twenty-five percent (125%) of average annual debt service on the Bonds, the Prior Bonds, and any Future Parity Bonds payable from the Reserve Account, or (iii) ten percent (10%) of the proceeds of the Bonds, the Prior Bonds, and any Future Parity Bonds payable from the Reserve Account, plus if and to the extent the amount set forth above is less than maximum annual debt service on the Bonds and any other bonds payable from the Reserve Account, a minor portion of the proceeds thereof under Section 148(e) of the Code. If the initial deposit into the Reserve Account does not equal the Reserve Requirement, or if no deposit is made, the City shall deposit a sum of Net Revenues into the Reserve Account on the last day of each calendar month until the balance equals the Reserve Requirement. The monthly deposits of Net Revenues shall be equal in amount and sufficient to accumulate the Reserve Requirement within five (5) years of the date of delivery of the Bonds. The balance in the Debt Service Reserve Account, allocable to the Bonds, shall never exceed the Reserve Requirement.

The Reserve Account shall constitute the margin for safety and protection against default in the payment of principal of and interest on the Bonds, the Prior Bonds, and any Future Parity Bonds payable from the Reserve Account, and the moneys in the Reserve Account shall be used to pay the principal of and interest on the Bonds, the Prior Bonds and any Future Parity Bonds to the extent that moneys in the Bond and Interest Account are insufficient for that purpose. Any deficiency in the balance maintained in the Reserve Account shall be made up from the next available Net Revenues remaining after credits into the Bond and Interest Account. Any moneys in the Reserve Account in excess of the Reserve Requirement shall either be transferred to the Sewage Works Improvement Fund or be used for the purchase of outstanding bonds or installments of principal of fully registered bonds at a price not exceeding par and accrued interest, and redemption premium, if any.

In the event the Bonds are sold to the Indiana Finance Authority as part of the IFA Program, notwithstanding the foregoing, the Reserve Requirement shall be the combined maximum annual debt service on the Bonds, any Prior Bonds payable from the Reserve Account, and any Future Parity Bonds hereafter issued. In such event, on each January 2 subsequent to the delivery of the Bonds, beginning with the January 2 immediately succeeding completion of the Project, the Controller shall decrease, if necessary, the amount on deposit in the Reserve Account so that the remaining amount on deposit equals the Reserve Requirement, provided that the City shall provide to the Indiana Finance Authority fifteen (15) days prior written notice of any such intended transfer from the Reserve Account. In the event additional bonds payable from the Net Revenues of

the Sewage Works are hereafter issued on a parity with the Bonds, the Reserve Requirement shall be proportionately increased to equal maximum annual debt service on the Bonds, any Prior Bonds payable from the Reserve Account, and all Future Parity Bonds hereafter issued.

Notwithstanding the forgoing, the Controller, with the advice of the Municipal Advisor and Bond Counsel, may enable the City to satisfy all or any part of its obligation to maintain an amount in the Reserve Account equal to the Reserve Requirement with respect to the Bonds or any Future Parity Bonds by depositing a Reserve Fund Credit Facility in the Reserve Account, provided that such deposit does not adversely affect any then-existing rating on the Bonds and provided further that if any of the Bonds are sold to the Indiana Finance Authority pursuant to its IFA Program, then the Indiana Finance Authority shall consent to any such use of Reserve Fund Credit Facility. A Reserve Fund Credit Facility is hereby defined as a letter of credit, liquidity facility, insurance policy or comparable instrument furnished by a bank, insurance company, financial institution or other entity pursuant to a reimbursement agreement or similar instrument between such entity and the City, rated in the highest rating category at the time of such deposit by Standard & Poor's Corporation and Moody's Investors Service, for the purpose of satisfying in whole or in part the City's obligation to maintain the Reserve Requirement.

The Sinking Fund, (containing the Bond and Interest Account and the Reserve Account), or any portion thereof, and the Construction Account, may be held by one or more financial institutions acceptable to the Indiana Finance Authority as part of its IFA Program, pursuant to terms acceptable to the Indiana Finance Authority. If the Sinking Fund and the accounts therein, or any portion thereof, are so held in trust, the City shall transfer the monthly required amounts of Net Revenues to the Bond and Interest Account and the Reserve Account, and the financial institution holding such funds in trust shall be instructed to pay the required payments in accordance with the payment schedules applicable to the City's outstanding bonds. If the Construction Account is held in trust, the City shall deposit the proceeds of the Bonds therein until such proceeds are applied consistent with this Ordinance and the Financial Assistance Agreement. The Common Council hereby authorizes the Mayor and Clerk to execute and deliver an agreement with a financial institution to reflect this trust arrangement for the Sinking Fund and the Construction Account in the form of trust agreement as is consistent with the terms and provisions of this Ordinance. The financial institution selected to serve in this role may also serve as Registrar and Paying Agent for any outstanding bonds of the City.

SECTION 14. Improvement Fund. On the last day of each calendar month, any excess revenues of the Sewage Works available after making the deposits required by Sections 11, 12 and 13 may be set aside and paid into the special utility fund designated the Sewage Works Improvement Fund ("Improvement Fund"), hereby continued, and be used to pay the cost of improvements, replacements, additions and extensions to the Sewage Works or for any other lawful purpose that is related to the Sewage Works, including transfers to the cash reserve fund of the Utility. Moneys in the Sewage Works Improvement Fund shall be transferred to the Sewage Works Sinking Fund if necessary to prevent a default in the payment of principal and interest on the then outstanding bonds or if necessary to eliminate any deficiencies in credits to or minimum

balance in the Reserve Account of the Sewage Works Sinking Fund. Moneys in the Sewage Works Improvement Fund also may be transferred to the Operation and Maintenance Fund to meet unforeseen contingencies in the operation, repair and maintenance of the Sewage Works. If any BANs or Bonds are sold to the Indiana Finance Authority as part of the IFA Program, so long as any of the BANs or Bonds are outstanding, no monies derived from the revenues of the Sewage Works shall be transferred to the General Fund of the City or otherwise be used for any purposes not connected with the Sewage Works.

SECTION 15. Maintenance of Accounts: Investments. The Sinking Fund shall be deposited and maintained as a separate account or accounts from all other accounts of the City. The Operation and Maintenance Fund and the Improvement Fund may be maintained in a single account or separate accounts, but such account or accounts shall likewise be maintained separate and apart from all other accounts of the City (including, without limitation, any funds and accounts relative to any other utility of the City beyond the System) and apart from the Sinking Fund account or accounts. All moneys deposited in the funds and accounts continued and/or created by this Ordinance shall be deposited, held and secured as public funds in accordance with the public depository laws of the State; provided that moneys therein may be invested in obligations in accordance with applicable laws, including IC 5-13, Chapters 1 through 4 of IC 5-1.2, IC 5-1.2-10, IC 5-1.2-11, IC 5-1.2-12, IC 5-1.2-14 and/or IC 5-1.2-14.5, as amended or supplemented, and in the event of such investment, the income therefrom shall become a part of the funds invested and shall be used only as provided in this Ordinance. Nothing in this Section or elsewhere in this Ordinance shall be construed to require that separate bank accounts be established and maintained for the funds and accounts continued and/or created by this Ordinance except that (a) the Sinking Fund and Construction Account shall be maintained as a separate bank account from the other funds and accounts of the Sewage Works and (b) the other funds and accounts of the Sewage Works shall be maintained as a separate bank account from the other funds and accounts of the City, including, without limitation, any other funds and accounts for any other utility of the City beyond the System); provided, however, to the extent the City does not maintain separate accounts or subaccounts for the revenues and expenses of the Sewage Works, it covenants and agrees that it has adopted sufficient accounting and/or bookkeeping practices to accurately track all revenues and expenses of the Sewage Works.

SECTION 16. Maintenance of Books and Records. The City shall keep proper books of records and accounts, separate from all of its other records and accounts, in which complete and correct entries shall be made showing all revenues collected from the Sewage Works, all disbursements made on account of the Sewage Works and all other transactions relating to the Sewage Works. There shall be furnished, upon written request, to any owner of the Bonds, the most recent audit report of the System prepared by the State Board of Accounts. Copies of all such statements and reports shall be kept on file in the office of the Controller. If the BANs or the Bonds are sold to the Indiana Finance Authority, the City shall establish and maintain the books and other financial records of the Project (including the establishment of a separate account or subaccount for the Project) and the Sewage Works in accordance with (i) generally accepted

governmental accounting standards for utilities, on an accrual basis, as promulgated by the Governmental Accounting Standards Board, and (ii) the rules, regulations and guidance of the State Board of Accounts; provided, however, to the extent the City does not maintain separate accounts or subaccounts for the revenues and expenses of the Sewage Works, it covenants and agrees that it has adopted sufficient accounting and/or bookkeeping practices to accurately track all revenues and expenses of the Sewage Works.

SECTION 17. Rate Covenant. The City covenants and agrees that it will establish and maintain reasonable and just rates and charges for the use of and the service rendered by the Sewage Works, to be paid by the owner of each and every lot, parcel of real estate or building that is connected with and uses the Sewage Works, or that in any way uses or is served by the Sewage Works, at a level adequate to produce and maintain sufficient revenue (including user and other charges, fees, income or revenues available to the City), provided that System Development Charges shall be excluded, to the extent permitted by law, when determining if such rates and charges are sufficient so long as the Bonds are outstanding and owned by the Indiana Finance Authority as part of its IFA Program, to provide for Operation and Maintenance (as defined in the Financial Assistance Agreement) of the Sewage Works, to comply with and satisfy all covenants contained in this Ordinance and any Financial Assistance Agreement and all obligations of the Sewage Works and of the City with respect to the Sewage Works including the Prior Bonds, the Bonds to be issued pursuant to this Ordinance and any hereafter Future Parity Bonds. Such rates and charges shall, if necessary, be changed and readjusted from time to time so that the revenues therefrom shall always be sufficient to meet the expenses of Operation and Maintenance of the Sewage Works and the requirements of the Sinking Fund or any BANs. The rates and charges so established shall apply to any and all use of the Sewage Works by and service rendered to the City and shall be paid by the City as the charges accrue.

SECTION 18. Defeasance of Bonds. If: (i) any of the Bonds shall have become due and payable in accordance with their terms or shall have been duly called for redemption or irrevocable instructions to call the Bonds or any portion thereof for redemption shall have been given, and the whole amount of the principal, the premium, if any, and the interest, so due and payable upon all of the Bonds or any designated portion thereof then outstanding shall be paid; or (ii) the City shall cause to be held in trust for the purpose of paying when due the principal of, premium, if any, and interest on the Bonds or any designated portion thereof, money, together with direct obligations of (including obligations issued or held in book entry form on the books of) the Department of the Treasury of the United States of America, the principal of and the interest on which when due, will be sufficient, without reinvestment, to make such payments, and provision shall also be made for paying all fees and expenses for the redemption of such Bonds; then and in that case, such Bonds shall no longer be deemed outstanding or entitled to the pledge of the Net Revenues of the Sewage Works.

SECTION 19. Additional BANs and Bonds. The City reserves the right to authorize and issue additional BANs at any time ranking on parity with the BANs. The City reserves the right to authorize and issue Future Parity Bonds for the purpose of

financing the cost of future additions to, extensions of and improvements to the Sewage Works, or to refund obligations, subject to the following conditions:

(a) All required payments into the Sinking Fund shall have been made in accordance with the provisions of this Ordinance, and the interest on and principal of all bonds payable from the Net Revenues of the Sewage Works shall have been paid to date in accordance with the terms thereof.

(b) The Net Revenues of the Sewage Works in the fiscal year immediately preceding the issuance of any such bonds ranking on a parity with the Bonds authorized by this Ordinance shall be not less than one hundred twenty-five percent (125%) of the maximum annual interest and principal requirements of the then outstanding Bonds, any then outstanding Future Parity Bonds and the Future Parity Bonds proposed to be issued; or, prior to the issuance of said Future Parity Bonds, the sewage rates and charges shall be increased sufficiently so that said increased rates and charges applied to the previous fiscal year's operations would have produced Net Revenues for said year equal to not less than one hundred twenty-five percent (125%) of the maximum annual interest and principal requirements of the then outstanding Bonds, any then outstanding Future Parity Bonds and the Future Parity Bonds proposed to be issued. In addition, for purposes of this subsection, with respect to any Future Parity Bonds hereafter issued while the Bonds remain outstanding and owned by the Indiana Finance Authority as part of its IFA Program, Net Revenues may not include any revenues from the System Development Charges unless the Indiana Finance Authority provides its consent to include all or some portion of the System Development Charges as part of the Net Revenues or otherwise consents to the issuance of such Future Parity Bonds without satisfying this subsection (b). For purposes of this subsection, the records of the Sewage Works shall be analyzed and all showings shall be prepared by a certified public accountant or nationally recognized firm of professionals experienced at analyzing financial records of municipal utilities retained by the City for that purpose.

(c) The principal of, or mandatory sinking fund redemption dates for, the Future Parity Bonds shall be payable annually on and July 1 and interest on the Future Parity Bonds shall be payable semiannually on January 1 and July 1.

(d) The Reserve Requirement is proportionately increased in accordance with the provisions of Section 13(c) of this Ordinance and the City covenants to make equal monthly deposits into the Reserve Account over a sixty (60) month period sufficient to make the amount therein equal to the Reserve Requirement.

(e) If the Bonds are sold to the Indiana Finance Authority: (i) the City obtains the consent of the Indiana Finance Authority; (ii) the City has faithfully performed and is in compliance with each of its obligations, agreements and covenants contained in the Financial Assistance Agreement and this Ordinance; and (iii) the City is in compliance with its Sewage Works permits, except for noncompliance, the elimination of which is a purpose for which the Future Parity Bonds, including any refunding bonds, are issued, so long as such issuance constitutes part of an overall plan to eliminate such noncompliance.

(f) Future Parity Bonds may also be issued to refund less than all of the then outstanding bonds issued pursuant to this Ordinance or ranking on parity therewith, but any such refunding bonds shall be subject to the conditions in this section unless the bonds being refunded mature within three (3) months of the date of such refunding and no other funds are available to pay such maturing bonds. In computing the maximum annual interest and principal requirements pursuant to subsection (b), the interest on and principal of the refunding bonds shall be substituted for the interest on and principal of the bonds being refunded.

SECTION 20. Further Covenants. For the purpose of further safeguarding the interests of the owners of the BANs and the Bonds, it is specifically provided as follows:

(a) All contracts let by the City in connection with the construction of the Project shall be let after due advertisement as required by the laws of the State, and all contractors shall be required to furnish surety bonds in an amount equal to one hundred percent (100%) of the amount of such contracts, to insure the completion of such contracts in accordance with their terms, and such contractors shall also be required to carry such employer's liability and public liability insurance as are required under the laws of the State in the case of public contracts and shall be governed in all respects by the laws of the State relating to public contracts.

(b) The Project shall be constructed under the supervision and subject to the approval of the Engineer. All estimates for work done or material furnished shall first be checked by the Engineer and approved by the City.

(c) So long as any of the BANs or the Bonds are outstanding, the City shall at all times maintain the Sewage Works in good condition and operate the same in an efficient manner and at a reasonable cost.

(d) So long as any of the BANs or the Bonds are outstanding, the City shall acquire and maintain insurance on the insurable parts of the Sewage Works, of a kind and in an amount such as is usually carried by private corporations engaged in a similar type of business, and if the BANs or Bonds are sold to the Indiana Finance Authority, the City shall acquire and maintain insurance coverage acceptable to the Indiana Finance Authority. All insurance shall be placed with responsible insurance companies qualified to do business under the laws of the State. As an alternative to maintaining such insurance but only if the Bonds are not sold to the Indiana Finance Authority, the City may maintain a self-insurance program with catastrophic or similar coverage so long as such program meets the requirements of any applicable laws or regulations and is maintained in a manner consistent with programs maintained by similarly situated municipalities. All insurance or self-insurance proceeds or condemnation proceeds shall be used in replacing or restoring the Sewage Works or, if the Bonds are not sold to the Indiana Finance Authority, shall be deposited in the Sinking Fund.

(e) So long as any of the BANs or the Bonds are outstanding, the City shall not mortgage, pledge or otherwise encumber the property and plant of the Sewage Works or

any portion thereof or any interest therein, and if the BANs or the Bonds are sold to the Indiana Finance Authority, the City shall not do so, without the prior written consent of the Indiana Finance Authority. The City shall not sell, lease or otherwise dispose of any part of the Sewage Works, except for such machinery, equipment or other property as may be replaced or shall no longer be necessary for use in connection with the Sewage Works, and if the BANs or the Bonds are sold to the Indiana Finance Authority, the City shall not do so, without the prior written consent of the Indiana Finance Authority.

(f) Except as otherwise specifically provided in Section 19 hereof, so long as any of the BANs or the Bonds are outstanding, no additional bonds or other obligations pledging any portion of the revenues of the Sewage Works shall be authorized, executed, or issued by the City, except those as shall be made subordinate and junior in all respects to the Bonds herein authorized, unless the BANs and the Bonds are redeemed or defeased pursuant to Section 4 hereof coincidentally with the delivery of such additional bonds or other obligations.

(g) If the BANs or the Bonds are sold to the Indiana Finance Authority and, except as otherwise specifically provided in Section 19 hereof, the City shall not without the prior written consent of the Indiana Finance Authority (i) enter into any lease, contract or agreement or incur any other liabilities in connection with the Sewage Works other than for normal operating expenditures or (ii) borrow any money (including without limitation any loan from other utilities operated by the City).

(h) The provisions of this Ordinance shall constitute a contract by and between the City and the owners of the BANs and the Bonds, all the terms of which shall be enforceable by any holder of the BANs or the Bonds by any and all appropriate proceedings at law or in equity. After the issuance of the BANs or the Bonds, this Ordinance shall not be repealed, amended or modified in any respect which will adversely affect the rights or interests of the owners of the BANs or the Bonds, nor shall the Common Council or any other body of the City adopt any law, ordinance or resolution which in any way materially adversely affects the rights of such owners so long as any of the BANs or the Bonds remain outstanding. Except for the changes set forth in Section 24(a)(1)-(7) of this Ordinance, this Ordinance may be amended, however, without the consent of the BAN or the Bond owners, if the Common Council determines, in its sole discretion, that such amendment would not materially adversely affect the rights of any of the owners of the BANs or the Bonds; provided, however, that if the BANs or the Bonds are sold to the Indiana Finance Authority, the City shall obtain the prior written consent of the Indiana Finance Authority.

(i) The provisions of this Ordinance shall be construed to create a trust in the proceeds of the sale of the BANs and the Bonds for the uses and purposes set forth herein, and the owners of the BANs and the Bonds shall retain a lien on such proceeds until the same are applied in accordance with the provisions of this Ordinance and the Act. The provisions of this Ordinance shall also be construed to create a trust in the portion of the Net Revenues herein directed to be set apart and paid into the Sinking Fund or the Improvement Fund for the uses and purposes of such funds as set forth in this Ordinance. The owners of the BANs and the Bonds shall have all of the rights, remedies

and privileges set forth in the provisions of the Act, including the right to have a receiver appointed to administer the Sewage Works, in the event of default in the payment of the principal of or interest on any of the Bonds. Upon the appointment of such receiver, the receiver may: (i) charge and collect rates sufficient to provide for the payment of the expenses of the operation, repair and maintenance of the Sewage Works and debt service as provided in the next following clause (ii); (ii) pay the interest on the BANs or the principal of, premium, if any, and interest on any bonds payable from Net Revenues; and (iii) apply the revenues of the Sewage Works in conformity with the Act and this Ordinance. In addition, any owner of the BANs and the Bonds may, by civil action, protect and enforce rights granted by the Act or under this Ordinance in connection with any action or duty to be performed by the City, the Common Council or any officer of the City, including the making and collecting of reasonable and sufficient charges and rates for services provided by the Sewage Works.

(j) In addition, any owner of the BANs and the Bonds may, by civil action, protect and enforce rights granted by the Act or under this Ordinance in connection with any action or duty to be performed by the City, the Common Council or any officer of the City, including the making and collecting of reasonable and sufficient charges and rates for services provided by the Sewage Works as described in this Ordinance.

(k) None of the provisions of this Ordinance shall be construed as requiring the expenditure of any funds of the City derived from any source other than the proceeds of the BANs, the Bonds or the operations of the Sewage Works.

(l) The City shall take all actions or proceedings necessary and proper, to the extent permitted by law, to require connection of all property where liquid and solid waste, sewage, night soil or industrial waste is produced with available sanitary sewers. The City shall, insofar as possible, and to the extent permitted by law, cause all such sanitary sewers to be connected with said Sewage Works.

(m) For purpose this Section 20, the term “lease” shall include any lease, contract, or other instrument conferring a right upon the City to use property in exchange for a periodic payments made from the revenues of the Sewage Works, whether the City desires to cause such to be, or by its terms (or its intended effects) is to be, (i) payable as rent, (ii) booked as an expense or an expenditure, or (iii) classified for accounting or other purposes as a capital lease, financing lease, operating lease, non-appropriation leases, installment purchase agreement or lease, or otherwise (including any combination thereof).

SECTION 21. Investment of Funds.

(a) The Controller is hereby authorized pursuant to IC 5-1-14-3, as amended, to invest moneys pursuant to the provisions of this Ordinance (subject to applicable requirements of federal law to insure the yields on such investments are equal to the then current market rates) to the extent necessary or advisable to preserve the exclusion from gross income of interest on the BANs or the Bonds under federal law.

(b) The Controller shall keep full and accurate records of investment earnings and income from moneys held in the funds and accounts continued by this Ordinance. In order to comply with the provisions of the Ordinance, the Controller is hereby authorized and directed to employ consultants or attorneys from time to time to advise the City as to requirements of federal law to preserve the tax exclusion described above. The Controller may pay the fees of such consultants or attorneys as operation expenses of the Sewage Works.

SECTION 22. Tax Covenants. In order to preserve the exclusion of interest on the BANs and the Bonds from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as existing on the date of issuance of the BANs or the Bonds, as the case may be (the "Code"), and as an inducement to the purchasers of the BANs and the Bonds, the City represents, covenants and agrees that:

(a) The use of the Sewage Works will be based upon arrangements providing for use that is available to the general public on the basis of rates that are generally applicable and uniformly applied, and, to the extent so used, such use shall constitute general public use. No person or entity, other than the City or another state or local governmental unit, will use more than 10% of the proceeds of the BANs or the Bonds or the property financed by the BAN or Bond proceeds, other than in a manner constituting general public use. No person or entity, other than the City or another state or local governmental unit, will own property financed by the BAN or Bond proceeds or will have actual or beneficial use of such property pursuant to a lease, management, service or incentive payment contract, or any other type of arrangement that conveys other special legal entitlements and differentiates that person's or entity's use of such property from general public use, unless such uses in the aggregate relate to no more than 10% of the proceeds of the BANs or the Bonds, as the case may be. If the City enters into a management contract for all or a portion of the Sewage Works, the terms of the contract will comply with the Treasury Regulations issued by the United States Department of the Treasury (the "Regulations") and IRS Revenue Procedure 2017-13, and as such may hereafter be further amended, supplemented or superseded from time to time, so that the contract will not give rise to private business use under the Code and the Regulations, unless such use in the aggregate will not relate to more than ten percent (10%) of the proceeds of the BANs or the Bonds.

(b) No more than ten percent (10%) of the principal of or interest on the BANs or the Bonds is (under the terms of the BANs, the Bonds, this Ordinance or any underlying arrangement), directly or indirectly, secured by an interest in property used or to be used for private business use or payments in respect of such property, or to be derived from payments (whether or not to the City) in respect of property or borrowed money used or to be used for a private business use.

(c) No more than five percent (5%) of the BAN or Bond proceeds will be loaned to any person or entity other than another state or local governmental unit. No more than five percent (5%) of the BAN or Bond proceeds will be transferred, directly or indirectly, or deemed transferred to a nongovernmental person in any manner that would in substance constitute a loan of the BAN or Bond proceeds.

(d) The City reasonably expects, as of the date hereof, that the BANs and the Bonds will not meet either the private business use test described in paragraphs (a) and (b) above or the private loan test described in paragraph (c) above during the entire term of the BANs and the Bonds.

(e) No more than five percent (5%) of the proceeds of the BANs or the Bonds will be attributable to private business use as described in paragraph (a) above and private security or payments described in paragraph (b) above attributable to unrelated or disproportionate private business use. For this purpose, the private business use test is applied by taking into account only use that is not related to any government use of proceeds of the issues and use that is related but disproportionate to any governmental use of those proceeds.

(f) The City will not take any action or fail to take any action with respect to the BANs or the Bonds that would result in the loss of the exclusion from gross income for federal tax purposes of interest on the BANs or the Bonds pursuant to Section 103 of the Code, nor will the City act in any other manner which would adversely affect such exclusion.

(g) It shall not be an event of default under this Ordinance if the interest on any BANs or Bonds is not excludable from gross income for federal tax purposes or otherwise pursuant to any provision of the Code which is not currently in effect and in existence on the date of issuance of the BANs or the Bonds, as the case may be.

(h) The City represents that it will rebate any arbitrage profits to the United States of America to the extent required by the Code and the Regulations.

(i) These covenants are based solely on current law in effect and in existence on the date of delivery of the BANs or the Bonds, as the case may be.

(j) Notwithstanding any other provisions of this Ordinance, the covenants and authorizations contained in this Ordinance (the "Tax Sections"), which are designed to preserve the exclusion of interest on the BANs and the Bonds from gross income under federal law (the "Tax Exemption"), need not be complied with if the City receives an opinion of nationally recognized bond counsel that any Tax Section is unnecessary to preserve the Tax Exemption.

SECTION 23. Supplemental Ordinances. Without notice to or consent of the owners of the Bonds or BANs herein authorized, the City may, from time to time and at any time, adopt an ordinance or ordinances supplemental hereto (which supplemental ordinance or ordinances shall thereafter form a part hereof) for any of the following purposes; provided, however, that if the Bonds or BANs are sold to the Indiana Finance Authority, the City shall obtain the prior written consent of the Indiana Finance Authority before adopting any ordinance or ordinances supplemental hereto:

(i) To cure any ambiguity or formal defect or omission in this Ordinance or in any supplemental ordinance or to make any other change authorized herein;

(ii) To grant to or confer upon the owners of the Bonds and BANs any additional benefits, rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the owners of the Bonds and BANs or to make any change which, in the judgment of the City, is not to the prejudice of the owners of the Bonds or BANs;

(iii) To modify, amend or supplement this Ordinance to permit the qualification of the Bonds or BANs for sale under the securities laws of the United States of America or of any of the states of the United States of America or to obtain or maintain bond insurance or other credit enhancement with respect to payments of principal of and interest on Bonds or BANs;

(iv) To provide for the refunding or advance refunding of the Bonds;

(v) To procure a rating on the Bonds from a nationally recognized securities rating agency or agencies designated in such supplemental ordinance if such supplemental ordinance will not adversely affect the owners of the Bonds or any other bonds ranking on a parity with such Bonds; or

(vi) To accomplish any other purpose which, in the judgment of the City, does not adversely affect the interests of the owners of the Bonds or BANs.

SECTION 24. Amendments with Consent of Bondholders.

(a) Subject to the terms and provisions contained in this Section, and not otherwise, the owners of not less than a majority in aggregate principal amount of the BANs or the Bonds then outstanding shall have the right, from time to time, anything contained in this Ordinance to the contrary notwithstanding, to consent to and approve the adoption by the Common Council of such ordinance or ordinances supplemental hereto or amendatory hereof, as shall be deemed necessary or desirable by the City for the purpose of modifying, altering, amending, adding to or rescinding in any particular any of the terms or provisions contained in this Ordinance or any supplemental ordinance; provided, however, that if the BANs or Bonds are sold to the Indiana Finance Authority, the City shall obtain the prior written consent of the Indiana Finance Authority; and provided, further, that that nothing herein contained shall permit or be construed as permitting:

(1) An extension of the maturity of the principal of or the due date of interest on any BAN or Bond; or

(2) A reduction in the principal amount of any BAN or Bond or the redemption premium or the rate of interest thereon; or

(3) The creation of a lien upon or a pledge of the revenues or Net Revenues of the Sewage Works ranking prior to the pledge thereof created by this Ordinance; or

(4) A preference or priority of any BAN or BANs over any other BAN or BANs or of any Bond or Bonds over any other Bond or Bonds; or

(5) A reduction in the aggregate principal amount of the Bonds required for consent to such supplemental ordinance; or

(6) A reduction in the Reserve Requirement; or

(7) The extension of mandatory sinking fund redemption dates for the Bonds, if any.

(b) If the owners of not less than a majority in aggregate principal amount of the Bonds or BANs outstanding at the time of adoption of such supplemental ordinance shall have consented to and approved the adoption thereof by written instrument to be maintained on file in the office of the Clerk, no owner of any Bond or BAN shall have any right to object to the adoption of such supplemental ordinance or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the adoption thereof, or to enjoin or restrain the Common Council from adopting the same, or from taking any action pursuant to the provisions thereof. Upon the adoption of any supplemental ordinance pursuant to the provisions of this Section, this Ordinance shall be, and shall be deemed, modified and amended in accordance therewith, and the respective rights, duties and obligations under this Ordinance of the City and all owners of Bonds or BANs then outstanding, shall thereafter be determined, exercised and enforced in accordance with this Ordinance, subject in all respects to such modifications and amendments. Notwithstanding anything contained in the foregoing provisions of this Ordinance, the rights and obligations of the City and the owners of the Bonds or BANs, and the terms and provisions of the Bonds or BANs and this Ordinance, or any supplemental ordinance, may be modified or altered in any respect with the consent of the City and the owners of all the Bonds or BANs then outstanding.

SECTION 25. Issuance of BANs.

(a) The City, having satisfied all the statutory requirements for the issuance of the Bonds, may elect to issue the BAN or BANs to a financial institution, the Indiana Finance Authority, the Indiana Bond Bank, the State or any other purchaser (if then authorized by State law), pursuant to a Bond Anticipation Note Purchase Agreement (the "Bond Anticipation Note Agreement") to be entered into between the City and the purchaser of the BAN or BANs, but only if such Agreement is deemed necessary by Bond Counsel. If the BANs are sold to the Indiana Finance Authority through the IFA Program, the Financial Assistance Agreement shall serve as the Bond Anticipation Note Agreement. The Common Council hereby authorizes the issuance and execution of the BAN or BANs in lieu of initially issuing the Bonds to provide interim financing for the Project until permanent financing becomes available and, if deemed appropriate, to refund such BAN or BANs and to pay the costs of issuance of the BANs. It shall not be necessary for the City to repeat the procedures for the issuance of the Bonds, as the procedures followed before the issuance of the BAN or BANs are for all purposes sufficient to authorize the issuance of the Bonds and the use of the proceeds to repay the BAN or BANs.

(b) The Mayor and the Clerk are hereby authorized and directed to execute a Bond Anticipation Note Agreement or Financial Assistance Agreement, if any, in such form or substance as they shall approve, acting upon the advice of Bond Counsel. The Mayor, the Controller and the Clerk may take such other actions or execute and deliver such certificates as are necessary or desirable in connection with the issuance of the BANs or the Bonds and the other documents needed for the financing as any one of them deem necessary or desirable in connection therewith.

SECTION 26. Continuing Disclosure. If necessary in order for the purchaser of the BANs or the Bonds to comply with Rule 15c2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended (the "Rule"), the Mayor and the Clerk are hereby authorized to execute and deliver, in the name and on behalf of the City, (i) an agreement by the City to comply with the requirements for a continuing disclosure undertaking of the City pursuant to subsection (b)(5) or (d)(2) of the Rule, and (ii) amendments to such agreement from time to time in accordance with the terms of such agreement (the agreement and any amendments thereto are collectively referred to herein as the "Continuing Disclosure Agreement"). The City hereby covenants and agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Agreement. The remedies for any failure of the City to comply with and carry out the provisions of the Continuing Disclosure Agreement shall be as set forth therein.

SECTION 27. Other Actions. Each of the proper officers of the City is hereby authorized and directed, for and on behalf of the City, to execute and deliver any agreement, certificate or other instrument, including without limitation any financial assistance agreement, escrow agreement, continuing disclosure agreement, agreement with any Bond Insurer, agreement with any Rating Service, preliminary official statement or official statement, or take any other action which such officer determines to be necessary or desirable to carry out the transactions contemplated by this Ordinance, which determination shall be conclusively evidenced by such officer's having executed such agreement, certificate or other instrument or having taken such other action, and any such agreement, certificate or other instrument heretofore executed and delivered and any such other action heretofore taken are hereby ratified and approved.

SECTION 28. Severability. If any section, paragraph or provision of this Ordinance shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this Ordinance.

SECTION 29. Headings. The headings or titles of the several sections shall be solely for convenience of reference and shall not affect the meaning, construction or effect of this Ordinance.

SECTION 30. Conflicting Ordinances. All prior ordinances and parts of prior ordinances, except for the Prior Ordinances, insofar as they are in conflict herewith, are hereby repealed; provided, however, that this Ordinance shall not be deemed in any way

to repeal, amend, alter or modify any of the Prior Ordinances, nor be construed as adversely affecting the rights of any of the owners of the outstanding Prior Bonds.

SECTION 31. Effective Date. This Ordinance shall be in full force and effect from and after its passage and compliance with the procedures required by law.

The City of West Lafayette (the "City"), in West Lafayette County, State of Indiana, for value received, hereby promises to pay to the Registered Owner specified above or registered assigns, solely out of the special revenue fund hereinafter referred to, the Principal Sum specified above[, or so much thereof as may be advanced from time to time and be outstanding as evidenced by the records of the Registered Owner making payment for this Bond (as defined below), or its assigns,] on [the Maturity Date set forth above] or [(unless this Bond is subject to and shall have been duly called for redemption and payment as provided for herein)], and to pay interest hereon until the Principal Sum shall be fully paid at the Interest Rate per annum specified above from the interest payment date to which interest has been paid next preceding the Authentication Date of this Bond, unless this Bond is authenticated after the fifteenth day of the month immediately preceding an interest payment date and on or before such interest payment date, in which case it shall bear interest from such interest payment date, or unless this Bond is authenticated on or before _____ 15, 20__, in which case it shall bear interest from the Original Issue Date, which interest is payable semiannually on the first days of January 1 and July 1 of each year, beginning on _____ 1, 20__. Interest shall be calculated according to a 360-day calendar year containing twelve 30-day months.

[The principal of and premium, if any, on this Bond is payable at the designated office of _____ (the "Registrar" or the "Paying Agent"), in the _____ of _____ Indiana.] All payments of [principal of, premium, if any, and] interest on this Bond shall be paid by check mailed one business day prior to the interest payment date on the due date or, if such due date is a day when financial

institutions are not open for business, on the business day immediately after such due date to the Registered Owner hereof, as of the fifteenth day of the month immediately preceding such payment, at the address as it appears on the registration books kept by the [Controller of the City (the "Registrar" or the "Paying Agent") in the City] [Registrar]. [If payment of principal or interest is made to a depository, payment shall be made by wire transfer on the payment date in same-day funds. If the payment date occurs on a date when financial institutions are not open for business, the wire transfer shall be made on the next succeeding business day. The Paying Agent shall wire transfer payments so such payments are received at the depository by 2:30 p.m. (New York City time).] All payments on the City's [Junior] Sewage Works Revenue Bonds, Series 202_ (the "Bonds"), shall be made in any coin or currency of the United States of America, which on the dates of such payment, shall be legal tender for the payment of public and private debts.

This Bond shall not constitute an indebtedness of the City within the meaning of the provisions and limitations of the constitution of the State, and the City shall not be obligated to pay this Bond or the interest hereon except from the special fund provided from the Net Revenues (herein defined as the gross revenues of the Sewage Works (herein defined as the City's Sewage Works, including all real estate, equipment and appurtenances thereto used in connection therewith, and all extensions, additions and improvements thereto and replacements thereof, now or at any time hereafter constructed or acquired), inclusive of System Development Charges (as defined in the hereinafter defined Ordinance), remaining after the payment of the reasonable expense of operation, repair and maintenance of the Sewage Works) and shall be on parity with the Prior Bonds (as defined in the Ordinance).

This Bond is one of an authorized series of Bonds of like tenor and effect, except as to numbering, interest rates per annum and dates of maturity, in the total amount of _____ Dollars ($ _____) lettered and numbered consecutively from R-1 and upward, issued for the purpose of providing funds to pay the cost of the acquisition of, and the construction and installation of certain improvements to, the Sewage Works, including, without limitation, the acquisition and installation of necessary equipment therefor and the making of other site improvements related thereto (the "Project"), [to refund interim notes issued in anticipation of the Bonds (the "BANs")] and to pay the costs of issuance of the Bonds [and the BANs], as authorized by: an ordinance adopted by the Common Council of the City on _____, 2025, entitled "AN ORDINANCE AUTHORIZING THE ACQUISITION, CONSTRUCTION AND INSTALLATION OF CERTAIN IMPROVEMENTS FOR THE SEWAGE WORKS OF THE CITY OF WEST LAFAYETTE, INDIANA, THE ISSUANCE OF ADDITIONAL REVENUE BONDS TO PROVIDE THE COST THEREOF, THE COLLECTION, SEGREGATION AND DISTRIBUTION OF THE REVENUES OF SUCH SEWAGE WORKS, THE SAFEGUARDING OF THE INTERESTS OF THE OWNERS OF SUCH REVENUE BONDS AND OTHER MATTERS CONNECTED THEREWITH, INCLUDING THE ISSUANCE OF NOTES IN ANTICIPATION OF SUCH BONDS, AND ALL MATTERS RELATED THERETO" (the "Ordinance"), and in strict compliance with the provisions of

IC 36-9-23 as in effect on the issue date of this Bond (the "Act"). Capitalized terms not otherwise defined herein have the same meanings as ascribed to them in the Ordinance.

Pursuant to the provisions of the Ordinance and the Act, the principal of and interest on this Bond, the Prior Bonds (as defined in the Ordinance), all other Bonds, and any bonds hereafter issued ranking on parity therewith, are payable solely from a sinking fund continued by the Ordinance (the "Sinking Fund") to be funded from the Net Revenues of the Sewage Works, except to the extent payable from the proceeds of the Bonds.

The City irrevocably pledges the entire Net Revenues of the Sewage Works to the prompt payment of the principal of and interest on the Bonds and the Prior Bonds and covenants that it will cause to be fixed, maintained and collected such rates and charges for service rendered by the Sewage Works as are sufficient in each year for the payment of Operation and Maintenance (as defined in the Financial Assistance Agreement) of the Sewage Works and for the payment of the sums required to be paid into the Sinking Fund under the provisions of the Act and the Ordinance. The rates and charges shall be established, to the extent permitted by law, to produce Net Revenues sufficient to pay the annual debt service on all outstanding bonds. If the City or the proper officers of the City shall fail or refuse to so fix, maintain and collect such rates or charges, or if there shall be a default in the payment of the principal of or interest on the Bonds when due, the owner of this Bond shall have all of the rights and remedies provided for in the Act and the Ordinance, including the right to have a receiver appointed to administer the Sewage Works (but only in the event of a default in the payment of the principal of or the interest on the Bonds when due), and, by civil action, to protect and enforce rights granted by the Act or under the Ordinance in connection with any action or duty to be performed by the City, the Common Council or any officer of the City, including the making and collecting of reasonable and sufficient charges and rates for services provided by the Sewage Works.

The City further covenants that it will set aside and pay into the Sinking Fund a sufficient amount of the Net Revenues to pay: (a) the principal of and interest on all Bonds, as such principal and interest shall come due; (b) the necessary fiscal agency charges for paying the principal of and interest on the Bonds; and (c) an additional amount to create and maintain the debt service reserve required by the Ordinance. Such required payments shall constitute a first charge upon all the Net Revenues of the Sewage Works.

The Bonds of this issue maturing on _____ 1, 20___, and thereafter, are redeemable at the option of the City on _____ 1, 20___, or any date thereafter, on **[**sixty (60)**] [**thirty (30)**]**, in whole or in part, **[**in the order of maturity as determined by the City**] [**in inverse order of maturity**]** and by lot within a maturity, at face value together with the following premiums:

__% if redeemed on _____, 20___ or thereafter
on or before _____, 20___
__% if redeemed on _____, 20___ or thereafter
on or before _____, 20___

__% if redeemed on _____, 20___, or thereafter
prior to maturity;

plus in each case accrued interest to the date fixed for redemption; provided, however, if the Bonds are sold to the Indiana Finance Authority through its IFA Program and registered in the name of the Indiana Finance Authority, the Bond shall not be redeemable at the option of the City unless and until consented to by the Indiana Finance Authority.

[The Bonds maturing on _____, are subject to mandatory sinking fund redemption prior to maturity, at a redemption price equal to the principal amount thereof, plus accrued interest, on July 1 on the dates and in the amounts set forth below:

Year	Amount
*	

*Final Maturity.]

[In the event the Bonds are to be redeemed by optional redemption and mandatory sinking fund redemption on the same date, the Registrar shall select by lot the Bonds for mandatory sinking fund redemption before selecting the Bonds by lot for optional redemption.]

Notice of redemption shall be mailed to the address of the Registered Owner as shown on the registration record of the City, as of the date which is [forty-five (45)] [sixty-five (65)] days prior to such redemption date, not less than [thirty (30)] [sixty (60)] days prior to the date fixed for redemption. The notice shall specify the date and place of redemption and sufficient identification of the Bonds called for redemption. The place of redemption may be determined by the City. Interest on the Bonds so called for redemption shall cease on the redemption date fixed in such notice, if sufficient funds are available at the place of redemption to pay the redemption price on the date so named.

[The Bonds shall be called for redemption in multiples of $_____. The Bonds in denominations of more than $_____ shall be treated as representing the number of Bonds obtained by dividing the denomination of the Bond by $_____ within a maturity.] The Bonds may be redeemed in part. In the event of the redemption of the Bonds in part, upon surrender of the Bond to be redeemed, a Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Bond surrendered shall be issued to the Registered Owner.

If this Bond shall not be presented for payment or redemption on the date fixed therefor, and the City shall have deposited in trust with [the Paying Agent] [its depository bank], an amount sufficient to pay this Bond or the redemption price, as the case may be, then the Registered Owner shall thereafter look only to the funds so deposited in trust with [the Paying Agent] [such depository bank] for payment and the City shall have no further obligation or liability with respect thereto.

This Bond is transferable or exchangeable only upon the books of the City kept for that purpose at the office of the Registrar, by the Registered Owner hereof in person, or by its attorney duly authorized in writing, upon surrender of this Bond, together with a written instrument of transfer or exchange satisfactory to the Registrar duly executed by the Registered Owner or its attorney duly authorized in writing, and thereupon a fully registered Bond or Bonds in the same aggregate principal amount and of the same maturity, shall be executed and delivered in the name of the transferee or transferees or to the Registered Owner, as the case may be, in exchange therefor. The City, the Registrar and the Paying Agent may treat and consider the person in whose name this Bond is registered as the absolute owner hereof for all purposes including for the purpose of receiving payment of, or on account of, the principal hereof, premium, if any, and interest due hereon.

The Bonds maturing in any one year are issuable only in fully registered form in the denomination of $_____ or any integral multiple thereof not exceeding the aggregate principal amount of the Bonds maturing in such year.

THE REGISTERED OWNER, BY THE ACCEPTANCE HEREOF, HEREBY AGREES TO ALL THE TERMS AND PROVISIONS CONTAINED IN THE ORDINANCE. This Bond is subject to defeasance prior to redemption or payment as provided in the Ordinance. The Ordinance may be amended without the consent of the owners of the Bonds as provided in the Ordinance if the City determines, in its sole discretion, that the amendment shall not materially adversely affect the rights of any of the owners of the Bonds.

[Reference is hereby made to the Financial Assistance Agreement, as amended from time to time, between the City and the Indiana Finance Authority as to certain terms and covenants pertaining to the Project and this Bond (the "Financial Assistance Agreement").]

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the preparation and completion of the execution, issuance and delivery of this Bond have been done and performed in regular and due form as provided by law.

This Bond shall not be valid or become obligatory for any purpose until the Certificate of Authentication hereon shall have been executed by [an authorized representative] of the Registrar.

IN WITNESS WHEREOF, the City has caused this Bond to be executed in its corporate name and on its behalf by the manual or facsimile signature of its Mayor, have its corporate seal affixed hereunto, imprinted or impressed by any means, and be attested manually or by facsimile by its Clerk.

(c) The form and other terms of the Bonds will be in conformity with the Authorizing Instrument.

(d) The additional terms contained in the attached Exhibit D are applicable to this Loan (as and to the extent set forth in Exhibit D) to the same effect as if such were set forth in this section.

(e) The Participant shall have undertaken all actions necessary to comply with and satisfy the conditions and requirements for a Loan secured with money made available from the Wastewater SRF Fund as set forth in federal and State statutes, rules and regulations, including I.C. 5-1.2-10, SRF Policy Guidelines, the Clean Water Act and 40 C.F.R. Part 35.

(f) Prior to making any Loan disbursement to pay any Construction costs, the Project shall have been approved by the State's Historical Preservation Officer

in a manner consistent with the policies and practices of the Wastewater SRF Program (the "Historical Preservation Approval"). Notwithstanding any provision of this Agreement to the contrary, in the event a Historical Preservation Approval has not been given within four (4) months after the date of this Agreement, the Finance Authority may, in its sole discretion, (i) reduce the aggregate amount of the Loan to the amount then disbursed and outstanding under this Agreement and (ii) if any amounts are held in the Construction Fund, require a Loan Reduction Payment pursuant to Section 2.06 herein as if it were a date that was three (3) years after the dated date of the Bonds. Upon giving notice to the Participant of such action, no further Loan disbursement (including from the Construction Fund) may be made under this Agreement unless consented to by the Finance Authority.

(g) In the event the Bonds are payable from rates and charges of the Treatment Works and if requested by the Finance Authority, the Participant shall provide evidence satisfactory to the Finance Authority demonstrating that such rates and charges are at a level adequate to produce and maintain sufficient net revenue after providing for the proper Operation and Maintenance of the Treatment Works, on a proforma basis consistent with SRF Policy Guidelines, to provide 1.25x coverage on all obligations of the Treatment Works (including the Bonds).

Section 2.04. Disbursement Procedures. Loan proceeds (including any held from time to time in the Construction Fund) shall be disbursed to the Participant by the Disbursement Agent for actual Eligible Costs incurred with respect to the Project. Any Loan proceeds in excess of the amount subject to retainage controlled by the Participant will be immediately remitted to the person or entity to whom payment is due, no later than three (3) Business Days after receipt or the date such Loan proceeds are no longer subject to retainage. The Finance Authority may, in its discretion, cause Loan disbursements to be made from time to time, in whole or in part, to the Participant's Construction Fund for disbursement consistent with this Agreement. Loan disbursements shall not be made more frequently than monthly and shall only be made following the submission of a Disbursement Request to the Finance Authority. Disbursement Requests shall be approved by the Director of Environmental Programs prior to submission to the Disbursement Agent for a Loan disbursement. Disbursement Requests shall be numbered sequentially, beginning with the number 1.

Section 2.05. Effect of Disbursements. Loan disbursements made to or for the benefit of the Participant shall be deemed to be a purchase of the Bonds in such amounts and with such maturities as achieves as level debt service as practicable, and with no maturity longer than the original maturity schedule; provided that any principal payments originally scheduled under Section 2.02 herein as being due prior to one year after Substantial Completion of Construction shall first be deemed to be a purchase of the Bonds in order of maturity. The deposit of Loan proceeds in the Construction Fund shall

be deemed to be a purchase of the Bonds. Interest on the Loan commences on disbursement of the Loan to or for the benefit of the Participant (including any amounts disbursed to the Construction Fund) by the Finance Authority and the Bonds shall be deemed to be purchased in the full amount thereof. Each disbursement (including any amounts disbursed from the Construction Fund) shall be made pursuant to a Disbursement Request. In the event any Loan disbursement (including any amounts disbursed from the Construction Fund) shall be made in excess of Eligible Costs, such excess disbursements shall be immediately paid by the Participant to the Disbursement Agent (and if made from any amounts held in the Construction Fund, shall be immediately deposited by the Participant into such Construction Fund) and thereafter may, subject to the terms and conditions set forth in this Agreement, be applied thereafter to pay Eligible Costs of the Project by the Participant.

(a) Within 30 days after any request by the Finance Authority from time to time, the Participant shall execute and deliver to the Finance Authority an acknowledgment in the form prescribed by the Finance Authority which acknowledges the outstanding principal of and interest on the Bonds. Unless the Finance Authority consents in writing, no Loan disbursement shall be made more than one year after Substantial Completion of Construction. After Substantial Completion of Construction, upon the request of the Finance Authority, the Participant shall replace, at its expense, the Bonds with substitutes issued pursuant to the Authorizing Instrument to evidence the outstanding principal under the Loan.

(b) In the event there remains a balance (inclusive of Loan proceeds and any earnings) in the Construction Fund on the date that is the earlier of (i) one year after Substantial Completion of Construction or (ii) three (3) years after the dated date of the Bonds (or in either such circumstance, such later date as the Finance Authority may approve in its discretion), the Participant agrees to make a Loan Reduction Payment, to the Finance Authority within 10 days after any Finance Authority written demand. Any Loan Reduction Payment shall be applied to pay principal in such amounts and with such maturities as achieves as level debt service as practicable consistent with methodology prescribed in the Authorizing Instrument and as originally applied to the Bonds, and with no maturity longer than the original maturity schedule; provided that any principal payments originally scheduled under Section 2.02 herein as being due prior to the Loan Reduction Payment shall be unaffected by such payment. If the Authorizing Instrument permits the Participant to apply Bond proceeds to pay interest accruing on or before Substantial Completion of Construction, the Participant may seek to reimburse itself for such interest costs it has paid pursuant to a Disbursement Request provided. If the Participant fails to make such Loan Reduction Payment by such date, the Finance Authority and Deposit Agreement Counterparty are authorized to cause any balance held in the Construction Fund to be so applied without further direction and authorization from the Participant. Notwithstanding the foregoing, if requested by the Finance Authority, in lieu of the Participant making a Loan Reduction Payment, the Finance Authority may in its discretion require the Participant to hold any remaining balance (inclusive of Loan proceeds and any earnings) in the Construction Fund until such amounts may be applied

on the first optional redemption date applicable to the Bonds, and upon any such request, the Participant agrees to cause such amounts to be so held and applied on such date.

Each of the foregoing representations and warranties will be deemed to have been made by the Participant as of the date of this Agreement and as of the date of any disbursement of Loan proceeds (including from the Construction Fund). Each of the foregoing representations and warranties shall survive the Loan disbursements regardless of any investigation or investigations the Finance Authority may have undertaken.

Section 3.04. Covenants Regarding Assignment. The Participant acknowledges that the Finance Authority may pledge, sell or assign the Bonds or cause the Bonds to be pledged, sold or assigned, and certain of its rights related thereto, as permitted pursuant to Section 5.02 herein. The Participant further covenants that it will not do any act or thing that would cause the Bonds to be “private activity bonds” within the meaning of Section 141 of the Code or “arbitrage bonds” within the meaning of Section 148 of the Code. In furtherance and not in limitation of the foregoing, the Participant shall take all action necessary and appropriate to comply with the arbitrage rebate requirements under Section 148 of the Code to the extent applicable to the Participant or the Bonds, including accounting for and making provision for the payment of any and all amounts that may be required to be paid to the United States of America from time to time pursuant to Section 148 of the Code.

Section 3.07. Non-Discrimination Covenant. (a) Pursuant to and with the force and effect set forth in I.C. 22-9-1-10, the Participant hereby covenants that the Participant, and its contractor and subcontractor for the Project, shall not discriminate against any

The Parties agree that a breach of this subparagraph is a material breach of this Agreement, including for purposes of I.C. 5-11-5.5-2, but nothing in this paragraph shall be construed to imply or establish an employment relationship between the Finance Authority and any applicant or employee of the Participant or any of its contractors or subcontractors for the Project.

The obligations of the Finance Authority hereunder do not create a debt or a liability of the Finance Authority or the State under the constitution of the State or a pledge of the faith or credit of the Finance Authority or the State and do not directly, indirectly or contingently, obligate the Finance Authority or the State to levy any form of taxation for the payment thereof or to make any appropriation for their payment. Neither the Finance Authority or the State, nor any agent, attorney, member or employee of the Finance Authority or the State shall in any event be liable for damages, if any, for the nonperformance of any obligation or agreement of any kind whatsoever set forth in this Agreement.

Exhibit D
Additional Terms

A. The following additional terms in this Paragraph A are [NOT] applicable to the Loan:

"Equivalency Project" shall mean a project designated by the Finance Authority as an "equivalency project" under the Clean Water Act related to the "US Environmental Protection Agency Capitalization Grant for Clean Water State Revolving Funds" for the federal fiscal year designated by the Finance Authority.

"A/E Services" shall mean professional services related to the Planning or Design of the Project including for program management, construction management, feasibility studies, preliminary engineering, design, engineering, surveying, mapping, or architectural related services.

"**BIL**" shall mean the Bipartisan Infrastructure Law (BIL) (P.L. 117-58), also known as the "Infrastructure Investment and Jobs Act of 2021" (IIJA), signed into law on November 15, 2021.

The Participant understands and acknowledges that the Project has been designated as an Equivalency Project and is required to meet the related applicable requirements of the Clean Water Act which among other requirements requires that for costs of Planning or Design (including costs for A/E Services) to be treated as Eligible Costs under this Agreement, such services (and the related contract) are required to be negotiated in the same manner as a contract for architectural and engineering services as negotiated under chapter 11 of title 40, United States Code (as amended). In connection with any request for disbursement of the Loan that is submitted by the Participant to the Finance Authority to provide for the payment of any costs of Planning or Design (including costs for A/E Services), the Participant represents and warrants that such costs relate only to services provided under a contract negotiated in the same manner as a contract for architectural and engineering services as negotiated under chapter 11 of title 40, United States Code (as amended).

The Participant further understands and agrees that it is required to comply with all terms of 2 CFR 200.216, Prohibition on certain telecommunication and video surveillance services or equipment, which among other requirements prohibits the use of Loan proceeds by the Participant to procure (by means of entering into, extending, or renewing contracts) or obtain equipment, systems or services that use "covered telecommunications equipment or services" identified in the regulation as a substantial or essential component of any Treatment Works, or as critical technology as part of any Treatment Works. Such prohibitions extend to the use of Loan proceeds by the Participant to enter into a contract with an entity that

“uses any equipment, system, or service that uses covered telecommunications equipment or services” as a substantial or essential component of any Treatment Works, or as critical technology as part of any Treatment Works. The Participant represents and warrants that it has not procured or obtained from Loan proceeds equipment, systems or services that use “covered telecommunications equipment or services” identified in the regulation as a substantial or essential component of any Treatment Works, or as critical technology as part of any Treatment Works.

The Participant further understands and agrees that it shall comply with all federal requirements applicable to the assistance received (including those imposed by BIL) which the Participant understands includes, but is not limited to, the following requirements: that all of the iron and steel, manufactured products, and construction materials used in the Project are to be produced in the United States ("Build America, Buy America Requirements") unless (i) the Participant has requested and obtained a waiver from the cognizant Agency pertaining to the Project or the Project is otherwise covered by a general applicability waiver; or (ii) all of the contributing Agencies have otherwise advised the Participant in writing that the Build America, Buy America Requirements are not applicable to the Project.

The Participant further understands and agrees that it shall comply with all record keeping and reporting requirements under all applicable legal authorities, including any reports required by the Finance Authority or the Agency, such as performance indicators of program deliverables, information on costs and progress of the Project. The Participant understands that (i) each contract and subcontract related to the Project is subject to audit by appropriate federal and state entities and (ii) failure to comply with the applicable legal requirements and this Agreement may result in a default hereunder that results in a repayment of the Loan in advance of the maturity of the Bonds, termination and/or repayment of grants, cooperative agreements, direct assistance or other types of financial assistance, and/or other remedial actions.

The Participant further understands and agrees that it shall comply with (i) Executive Order 14030, regarding Climate-Related Financial Risk, (ii) Executive Order 13690, regarding Flood Risk Management Standards and (iii) The Uniform Relocation and Real Property Acquisition Policies Act.

The Participant further understands that the Project is being financed, in whole or in part, with BIL funds, and therefore must meet the signage requirement as set forth in the United States Environmental Protection Agency’s June 2015 Guidelines for Enhancing Public Awareness of SRF Assistance Agreements.

B. The following additional terms in this Paragraph B (related to GPR Projects and the related defined terms) are [NOT] applicable to the Loan.

"GPR Projects" shall mean Project components that meet the requirement of the "Green Project Reserve (GPR) Sustainability Incentive Program" consistent with SRF Policy Guidelines including applicable requirements of the Wastewater SRF Act.

"GPR Projects Adjustment Fee" shall mean an amount which would equal the gross additional interest that would have accrued on the Bonds from the date of this Agreement through their scheduled final maturity, had such Bonds been issued at an interest rate determined under the Wastewater SRF Program's interest rate policies and practices using the final, actual GPR Projects Expenditures (rather than the GPR Projects Business Case Amount), all as determined by the Finance Authority.

"GPR Projects Business Case Amount" shall mean the amount referenced in the Participant's business case related to GPR Projects as was set in the Participant's Preliminary Engineering Report (or categorical exclusion) posted at www.srf.in.gov, uses of funds information submitted to the Finance Authority after the Project was bid or some other submitted information that was used by the Finance Authority prior to the date of this Agreement to set a special interest rate under the Wastewater SRF Program's interest rate policies and practices applicable to the Bonds.

"GPR Projects Expenditures" shall mean those costs and expenses incurred by the Participant that are part of the Project which are GPR Projects in nature (within the meaning of the Wastewater SRF Act) as determined by the Finance Authority, in order for the Bonds to receive special interest rate treatment under the Wastewater SRF Program's interest rate policies and practices.

The Participant understands and acknowledges that a special interest rate has been applied to the Bonds as a result of a portion of the Project having been identified by the Participant as being a GPR Projects project. In the event GPR Projects Expenditures are hereafter determined by the Finance Authority to be less than the GPR Projects Business Case Amount, then the Finance Authority may request and the Participant shall promptly pay (no later than thirty (30) days after any request), a GPR Projects Adjustment Fee in connection with the Loan. The Participant shall certify to the Finance Authority those Loan disbursements it represents to be its GPR Projects Expenditures when and as required by SRF Policy Guidelines. The Participant understands and acknowledges that it is required to submit a business case or categorical exclusion documenting the GPR

Projects and the GPR Projects Business Case Amount prior to loan closing or if a request is made pursuant to Section 3.02(f) of this Agreement.

C. The following additional terms in this Paragraph C (related to Non-point Source Projects and the related defined terms) are [NOT] applicable to the Loan:

"Non-point Source Adjustment Fee" shall mean an amount which would equal the gross additional interest that would have accrued on the Bonds from the date of this Agreement through their scheduled final maturity, had such Bonds been issued at an interest rate determined under the Wastewater SRF Program's interest rate policies and practices using the final, actual Non-point Source Expenditures (rather than the amount referenced in the Participant's post-bid and other documents submitted to the Finance Authority), all as determined by the Finance Authority.

"Non-point Source Expenditures" shall mean those costs and expenses incurred by the Participant that are Non-point Source Projects in order for the Bonds to receive special interest rate treatment under the Wastewater SRF Program's interest rate policies and practices.

"Non-point Source Projects Amount" shall mean the amount referenced in the Participant's post-bid and other documents submitted to the Finance Authority prior to the date of this Agreement to set a special interest rate under the Wastewater SRF Program's interest rate policies and practices applicable to the Bonds

"Non-point Source Projects" shall mean Project components that meet the requirement of SRF Policy Guidelines and the Wastewater SRF Act to be non-point source in nature as determined by the Finance Authority.

The Participant understands and acknowledges that a special interest rate has been applied to the Bonds as a result of a portion of the Project having been identified by the Participant as being a non-point source project. In the event Non-point Source Expenditures are hereafter determined by the Finance Authority to be less than the Non-point Source Projects Amount, then the Finance Authority may request and the Participant shall promptly pay (no later than thirty (30) days after any request), a Non-point Source Adjustment Fee in connection with the Loan. The Participant shall certify to the Finance Authority those Loan disbursements it represents to be its Non-point Source Expenditures when and as requested by SRF Policy Guidelines.
